Academic Records

Many of our services begin right here online, including ordering enrollment verifications and transcripts as well as applying to graduate. Browse the navigation to the left for the appropriate links for the process you need.

For immediate service, please visit the Enrollment Services Center in Sparks Hall or call 404-413-2600.

Records Access

PAWS is Georgia State's online system for the majority of your records and information needs. Including viewing financial aid status and awards; viewing statements and payments of tuition and fees; viewing registration information, unofficial transcripts and final grades; and ordering official transcripts and enrollment verifications.

Students may make all of their records and information accessible to parents or others by sharing their PAWS access information. To revoke the third party access, a student will need to change their PAWS access information (pin number).

For all other records and information that students may be given access to, based on FERPA policy, third parties may also be given access, upon the written consent of the student. This can be done by completing one of two forms:

1. For documents and information from the Office of the Registrar, Financial Aid, and Student
