Digital Aquarium Facility

The Digital Aquarium is a high-end multimedia lab, located in the Student Center, that has the resources to take any creative idea and make it a reality. The open-access lab has these tools.

- Multimedia-editing workstations similar to those found in professional production studios
- Industry-standard, media creation software packages such as Final Cut Pro, the Adobe Creative Suite, ProTools and a library of stock audio and video
- Media production peripherals such as studio headphones, graphic tablets, a color printer, and a BlueRay Disc burner

Services
The Digital Aquarium's audio-recording suite featuring professional-quality production tools.
