Require that Students Use the LockDown Browser for a Quiz

This document details how to make the Respondus LockDown required in order to take a quiz in Desire2Learn.

The LockDown browser is a potent tool, and is best used in a controlled environment where use can be monitored, and issues troubleshooted quickly. However, the LockDown browser can also be installed on Windows and Mac machines for quizzes distributed through Desire2Learn and intend for completion outside of a lab.

What your students will need

- Taking a quiz using the lockdown browser > (http://technology.gsu.edu/2014/02/05/taking-quiz-using-respondus-lockdown-browser/)
- Download and install Lockdown browser (if taking the quiz outside a lab): Instructions for Windows (http://technology.gsu.edu/2014/02/04/download-install-respondus-lockdown-browser-windows/) | Instructions for Mac (http://technology.gsu.edu/2014/02/04/download-install-respondus-lockdown-browser/)
