These catalogs provide information regarding all of the undergraduate and graduate programs offered by Georgia State University during the 2012-2013 academic year. The statements made in this catalog are for informational purposes only and should not be construed as the basis of a contract between a student and this institution.

Although Georgia State University has made every reasonable effort to present the information contained in this catalog with factual accuracy, no responsibility is assumed by the university for editorial or clerical errors. At the time of production and posting to the website, the text of this catalog most accurately described the course offerings, programs, faculty listings, policies, procedures, regulations, and requirements of the university. While the provisions of this catalog will ordinarily be applied as stated, Georgia State University reserves the right to change any provision listed in this catalog, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available online in Catalog Addendums. Changes by colleges are also available in the Office of the Dean. It is the student’s individual responsibility to be aware of current graduation requirements for his or her particular degree program.

1000 University Information

Georgia State University is the embodiment of an idea: A great university is accessible, responsive, and relevant. This combination provides Georgia State students with many advantages.

**Accessibility** at Georgia State has many aspects. One is physical accessibility. The compact central campus in downtown Atlanta is within walking distance of thousands of offices and downtown living spaces and is but a short distance from major thoroughfares, interstates, and the many MARTA rapid-transit routes that feed the center of the city. The Georgia State MARTA station is adjacent to a campus at the very heart of the cultural, financial, legal, government, health-care, retail, and convention centers of Atlanta.

The downtown location provides a special advantage for students pursuing internships, which often lead to full-time careers upon graduation.

Georgia State is financially accessible. The university offers a first-rate education in a very broad spectrum of disciplines at very competitive fees, an excellent value in today’s educational marketplace. More than $320 million in scholarships, financial aid, and work-study programs is provided annually.

The university is responsive to students’ career goals, providing over 200 undergraduate and graduate degree programs in over 100 fields of study through its college-level units: the College of Arts and Sciences, the J. Mack Robinson College of Business, the College of Education, the College of Law, the Byrdine F. Lewis School of Nursing and Health Professions, the Andrew Young School of Policy Studies, the Institute of Public Health, and the Honors College. Each term, courses are taught day and evening, and students may study full or part time. Many programs may be entered any term of the year.

Georgia State’s degree programs are highly respected and well recognized for their quality. Furthermore, they are relevant to the practical needs of both the student and the community. Most were designed with the input of community and industry advisory groups: A Georgia State University education is authentic preparation for success in today’s world.

Georgia State — a premier urban research institution — is the second largest of Georgia’s 80 accredited institutions of higher learning and enrolls some 32,000 students each fall — 10 percent of all students in higher education in the state. Students come from nearly every county in Georgia, every state in the union, and over 150 other nations. Georgia State has a racially diverse student body with 41 percent being white, 36 percent black, 13 percent Asian, 4 percent mixed race, 0.3 percent American Indian, 0.1% native Hawaiian/Pacific Islander and 6% unreported. Seven percent of Georgia State students define their ethnicity as Hispanic.

1010 Mission Statement

As the only urban research university in Georgia, Georgia State University offers educational opportunities for traditional and nontraditional students at both the graduate and undergraduate levels by blending the best of theoretical and applied inquiry, scholarly and professional pursuits, and scientific and artistic expression. As an urban research university with strong disciplinary-based departments and a wide array of problem-oriented interdisciplinary programs, the goal of the university is to develop, transmit, and utilize
knowledge in order to provide access to quality education for diverse groups of students, to educate leaders for the State of Georgia and the nation, and to prepare citizens for lifelong learning in a global society.

1020 Accreditation

Georgia State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097) to award bachelors, masters, educational specialist, and doctoral degrees. Specialized accreditations for specific academic programs are listed in the college chapters of this catalog.

1040.10 Libraries

Georgia State University is served by two libraries: the University Library and the College of Law Library. The University Library occupies two buildings, North and South, bridged by a four-story glass link. Inside, a variety of technology services are provided and supported. Over 400 computers, plus wireless access, are available throughout the building. Laptops and netbooks are also available for check out. The building includes 55 group study rooms, a 5th floor quiet study area, and a variety of other comfortable study spaces. With the implementation of the Discover search service, students can access millions of resources instantly, including the University Library’s collection of books, databases, journals, periodicals, and government documents, with close to 300,000 e-books and 50,000 e-journals. Subject librarians are available to help students, faculty, and the community use the resources that are provided, with a librarian assigned to work with each of Georgia State’s academic departments, assisting with discipline-specific research. In addition, the University Library’s Special Collections and Archives preserve rare historical materials. A mobile version of the library’s website is also available, allowing students to easily check their library account, computer availability, the library catalog, and library hours. In addition, students can ask a librarian for help through the Live Assistance chat service. Students can also phone, email, or visit the library for assistance, including nights and weekends. For information about the University Library and its hours, visit www.library.gsu.edu/ or call 404/413-2820.

The College of Law Library is designed and equipped to meet the demanding research needs of students, faculty, and members of the legal community. With a collection of more than 164,000 hard-copy volumes and hundreds of online databases, the library provides legal research materials in various formats. For information about the Law Library and its hours, visit law.gsu.edu/library/.

1040.20 Information Systems and Technology

The Division of Information Systems and Technology (IS&T) provides and supports state-of-the-art technology resources for the Georgia State University community. Student technology resources include Windows and Macintosh computer labs with workstations that provide Internet access as well as a variety of software applications to help meet academic requirements. Students can access computers in many locations on campus, including University Library Learning Commons, Aderhold Learning Center, Digital Aquarium, Alpharetta Center and Brookhaven Center.

IS&T services for students include campus-wide wireless connectivity (CatChat2x), e-mail (PantherMail), online file storage (Lockerbox), and online training by Skillsoft and Lynda.com. IS&T also provides students with information security resources and anti-virus software. Visit http://technology.gsu.edu/ for a complete list of services and instructions on getting started. For technical assistance or more information, contact the IS&T Help Center at help@gsu.edu or 404/413-HELP (4357).

1040.30 Alpharetta and Brookhaven Centers

In addition to the downtown campus, Georgia State University provides instruction at the Alpharetta Center and the Brookhaven Center. At the Alpharetta Center, the university offers graduate business and
education credit classes, as well as non-degree programs for those living or working in the northern metropolitan area. At the Brookhaven Center, the J. Mack Robinson College of Business offers an MBA curriculum convenient to students in the vicinity of Buckhead and Brookhaven. The Alpharetta Center is located at 3705 Brookside Parkway, Alpharetta, Georgia. For Alpharetta Center information, call 404/413-2200. The Brookhaven Center is located at 4362 Peachtree Road, NE, Atlanta, Georgia. For Brookhaven Center information, call 404/413-5100.

The Robinson College of Business also offers the Executive MBA program as well as non-degree Executive Education at a Buckhead location, Tower Place 200, 3348 Peachtree Road, Suite 400, Atlanta, Georgia. For EMBA information, call 404/-413-7182. The Robinson College of Business also offers the Professional MBA program at a Henry County location, 125 Westridge Industrial Boulevard, McDonough, Georgia and at a Perimeter location, Palisades Building D, Suite 100, 5909 Peachtree-Dunwoody Road, NE, Atlanta, GA 30328. For information on the PMBA program, call 404-413-7050.

1040.40 The Welcome Center

The Welcome Center provides an official reception area and introduction to Georgia State University. Prospective students, visitors, alumni, faculty and staff can stop by for information about the university, its programs and activities.

The Welcome Center offers daily visit opportunities, Monday through Friday with 45-minute information sessions at 10:00 a.m. and 2:00 p.m., and 90-minute campus Atlanta tours at 10:45 a.m. and 2:45 p.m. Both will help familiarize you with our campus and downtown Atlanta.

The bus and walking tour highlights the advantages and excitement of going to school in Downtown Atlanta. Guests first ride in PantherExpress buses to view classroom buildings and housing facilities, while passing by popular Atlanta landmarks. The walking tour includes the Student Recreation Center and various administrative and academic buildings. Complimentary parking is provided to visitors who register in advance for any of these sessions. For more information, or to schedule an information session or Campus Atlanta tour, please visit the Welcome Center online at www.gsu.edu/campusvisits/. To schedule a special group tour for 10 to 50 people, please register online at webdb.gsu.edu/visit/visitForm/group_tours.cfm or call the Welcome Center at 404/413-2063. It is recommended that large groups have one adult chaperone for every 20 students, and dates are requested at least two weeks in advance of the desired visit.

The Welcome Center will relocate from Dahlberg Hall to 100 Auburn Avenue during the 2013 Fall Semester. You may contact the Welcome Center at 404/413-2063 or by e-mail to tourguide@gsu.edu.

1040.50 Alumni Association

The Georgia State University Alumni Association provides a wide variety of programs and services to keep alumni and students in touch, informed, involved, and invested in their Alma Mater. The Alumni Association provides networking opportunities through academic, professional, special interest, and regional alumni groups; leadership and volunteer opportunities in student recruitment and community service; the Student Alumni Association, which is a program that links current students to alumni; and
social activities for rekindling friendships and fostering new ones.

The Alumni Association invites graduates back to campus during the year for special celebrations and life-long learning and keeps graduates connected to Georgia State and to each other through the Georgia State University magazine and an electronic newsletter, Panther News.

In addition, the Alumni Association adds to the vitality of the university by annually awarding 25 student scholarships and honoring outstanding alumni and faculty through the Distinguished Faculty Awards and Distinguished Alumni Awards.

The Alumni Association also sponsors several programs for current students including the “Lunch and Learn” series of educational programs and the “Graduating Senior” series of informational seminars.

Anyone who has attended Georgia State is considered an alumnus or alumna. The Alumni Association is governed by a volunteer board of directors, and specific programs are carried out with the assistance of alumni volunteers and the Alumni Association staff. For more information, please call 404/413-2190 or 1-800-GSU-ALUM or visit the website at www.pantheralumni.com.

1040.60 Foundation

The Georgia State University Foundation is the primary destination for all gifts to the university. The foundation is an independent, nonprofit, tax-exempt organization incorporated under Section 501(c) (3) of the Internal Revenue Code. The foundation is classified as a public charity and contributions to the foundation qualify as charitable donations. Management of the foundation is vested in a self-perpetuating Board of Trustees, and the foundation receives an annual independent audit. Through its board and committee structure, the foundation gives alumni and other volunteers personal opportunities to help Georgia State accomplish its mission and goals.

The mission of the foundation is to raise, receive, manage, and disburse private gift funds for the benefit of Georgia State University. The majority of private support for scholarships, academic disciplines, endowments, and other programs from individuals and organizations is contributed through the foundation. Several facilities, including the 25 Park Place, the University Commons, the Rialto Center for the Arts, the Alpharetta Center, the Lofts, and the Student Recreation Center were acquired as a result of the efforts of the foundation.

1050 Policies and Disclosures

1050.10 Equal Opportunity Policy

Georgia State University is an equal opportunity educational institution. Faculty, staff, and students are admitted, employed, and treated without regard to race, sex, color, age, religion, national origin, sexual orientation, or disability. Georgia State University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, Sections 503/504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Vietnam Era Veterans
Readjustment Assistance Act, as well as other applicable federal, state and local laws. In compliance with these laws and regulations, Georgia State University has established the following specific policies:

**Civil Rights and Equal Employment Opportunities** — Georgia State provides equal employment and educational opportunities for all individuals without regard to race, sex, age, religion, color, national origin, sexual orientation, or disability. All Georgia State University educational and personnel actions will be governed by an affirmative action program developed in compliance with applicable federal and state law and regulations, and the policies of the Board of Regents of the University System of Georgia.

**Discriminatory and Sexual Harassment** — an effort to foster a community in which there can be a free and open development and discussion of ideas, Georgia State University is committed to maintaining a working and learning environment free of discriminatory and sexual harassment. Georgia State University has adopted policies and procedures concerning such forms of harassment that may be obtained from the Office of Opportunity Development/Diversity Education Planning, the Ombudsperson, or Dean of Students. In addition to the procedures outlined in these policies and procedures, a person alleging an instance of discriminatory or sexual harassment may file a complaint with the Office of Opportunity Development/Diversity Education Planning, the Ombudsperson, the Dean of Students, the respective college administrative unit, and the appropriate state or federal agencies. Students can file complaints of sex discrimination with the Title IX coordinator, Linda J. Nelson, Assistant Vice President for Opportunity Development/Diversity Education Planning, in person at 460 Ten Park Place, by e-mail at afaljn@langate.gsu.edu, by telephone at 404/413-3300 or by fax at 404/413-2560.

**Disabilities** — Georgia State University provides program accessibility and reasonable accommodations for persons with disabilities. Specifically, the university provides evaluation of individual needs, advisement, and appropriate support for academic programs for identified persons with disabilities. A student with a disability has the responsibility of contacting the Office of Disability Services for an intake interview to assess his or her needs prior to the first semester of enrollment at Georgia State University. Should any problems arise concerning his or her academic program, the student should contact the Office of Disability Services at 230 Student Center (404/413-1560) as soon as possible.

**1050.20 Disability Complaint Policy**

Georgia State University has a procedure by which students who believe they have been discriminated against by the University in violation of the Americans With Disabilities Act (ADA) or Section 504 of the Rehabilitation Act of 1973 may file complaints about the discrimination or denial by the University to provide a requested accommodation. The right to file a complaint pursuant to this disability complaint procedure may be forfeited unless exercised within 30 days of the alleged discriminatory act or denial of accommodation. All properly filed complaints will be heard by a subcommittee of the University ADA Committee and a final decision will be rendered by the Provost. Copies of the disability complaint procedure are available at the Office of Opportunity Development/Diversity Education Planning and the Office of Disability Services.

**1050.30 Disruptive Behavior Policy**

The University has a policy that addresses student behavior in the learning environment that disrupts the
educational process. In accordance with this policy, the University seeks resolution of disruptive conduct informally when possible. However, student conduct that disrupts the learning environment may result in sanctions up to and including withdrawal of the student from class. Students withdrawn from a course for disruptive behavior receive a grade of “W” or “WF”. The full text of the Disruptive Student Conduct Policy is available in the Office of the Dean of Students and at http://www.gsu.edu/studenthandbook/Student_Code_of_Conduct.html.

1050.40 University Code of Conduct

The University has established the policies and procedures that comprise the Student Code of Conduct to both promote the university mission and protect the rights of students, faculty and staff. The official University rules and regulations are contained in the Georgia State University General Catalog and the student handbook, On Campus. The most current version of the Student Code of Conduct may be found online at http://www.gsu.edu/studenthandbook/Student_Code_of_Conduct.html each semester. In the event of a conflict between the Student Code of Conduct and other University policies, the most current version of the Code governs.

1050.50 Federal and State Law Disclosure Requirements

Federal and state laws require all colleges and universities receiving federal funds to establish certain programs, policies, and procedures and to distribute an annual report describing the information and providing statistics regarding: graduation rates; drug, alcohol, and weapon violations; and certain crimes on campus, which include murder, robbery, aggravated assault, burglary, motor vehicle theft, and sex offenses. The Georgia State University annual report and information regarding these programs, policies, procedures, and statistics are available upon a written request directed to the Georgia State University Office of Public Information, 530 One Park Place South, Atlanta, Georgia 30303.

1050.60 Integrity in Research, Scholarly and Creative Activities

Georgia State University maintains high ethical standards in research and requires all faculty, staff, and students engaged in research to comply with those standards. Cases of misconduct in research present a serious threat to continued public confidence in the integrity of the research process and the stewardship of federal funds. Misconduct includes fabrication or falsification of data, research procedures, or data analysis; destruction of data for fraudulent purposes; plagiarism; abuse of confidentiality; omission in publication of conflicting or non-conforming observations; theft of research methods or data; false attribution of authorization or creation of the creative works of another; and other practices that seriously deviate from those that are commonly accepted within the scholarly community for proposing, conducting, or reporting research or creative works. Georgia State University will pursue allegations of misconduct to timely resolve all instances of alleged or apparent misconduct. To obtain a copy of the Research and Scholarly Misconduct Policy, the General Principles for Scholarly Integrity, and the Responsible Conduct of Research at Georgia State University publication, contact University Research Services and Administration, 217 Alumni Hall, 404/413-3500.

1050.70 Intellectual Property
In complying with the policies of the Board of Regents, Georgia State University has adopted an Intellectual Property Policy concerning the ownership and subsequent rights to intellectual property created by faculty, staff, and students. The Intellectual Property Policy pertains to any patentable inventions, biological materials, copyrightable materials, software, and trade secrets regardless of whether formal protection is sought. It is the responsibility of individual creators to disclose intellectual property to the University in a timely manner in accordance with the policy. To obtain a copy of the Intellectual Property Policy, contact University Research Services and Administration, 217 Alumni Hall, 404/413-3500.

1050.80 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

I. PURPOSE AND APPLICABILITY

Georgia State University seeks to maintain the highest standards of integrity and fairness in its relationships with students. The Undergraduate Catalog and the Graduate Catalog (both found at www.gsu.edu/es/catalogs_courses.html), and the Student Code of Conduct http://www.gsu.edu/studenthandbook/Student_Code_of_Conduct.html set forth policies and requirements for Georgia State students. Students are expected to know and comply with these policies. Students may, however, seek relief or resolution when they believe that:

A. The application of these policies and procedures will create undue hardship for them or will not recognize their extraordinary or extenuating circumstances; or
B. Specific actions, practices, or decisions on academic or non-academic matters have been made or carried out in an arbitrary, discriminatory, or inequitable manner.

The procedures set forth below cover complaints, petitions, and appeals related to University-wide and college-based policies. Individual colleges or departments may have additional or more specific procedures that may also apply to complaints, petitions, and appeals. Students are referred to the office of the dean of the particular college for information about additional or more specific procedures that apply. In case of conflict among policies, this University policy takes precedence over College and Departmental policies.

The following policies include their own complaint, petition and waiver procedures. This policy may not be used in lieu of these policies:

1. Any policy for anyone other than a student to make a complaint, file a grievance, or request a waiver, such as policies that govern faculty and staff.
2. All policies in the student code of conduct
3. Hardship withdrawal policy
4. Discriminatory and sexual harassment policies
5. Disability policies
6. College of Law Honor Code
7. Student parking policy

The procedures set forth below are applicable to undergraduate and graduate students of the University.

All appeals under these procedures will be made based only on the written record. A student’s appeal under
these procedures will be granted only if the student can prove by preponderance of evidence that a decision was arbitrary, discriminatory, or inequitable.

II. STUDENT COMPLAINTS ON ACADEMIC MATTERS

A. College-Level Academic Complaints

1. Final Course Grade Appeals

- Students are encouraged to discuss concerns and disputes over final course grades with the instructor prior to filing a formal grade appeal, in an effort to gain understanding about the basis of his/her grade. Instructors are encouraged to be available to students for such discussion regarding grades so that grade disputes, to the extent possible, are resolved informally. The Office of the Ombudsperson can provide assistance to students, instructors and administrators with resolving disputes informally through voluntary facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.

- In situations where such informal resolution does not occur or is not successful, the student may appeal the final course grade to the Department Chair. The appeal must be in writing and describe the precise reason for the appeal. Any pertinent information must be submitted with the appeal in order to be considered in this or subsequent appeals. The appeal must be submitted within 10 business days of the beginning of the academic term (fall, spring, and summer) that follows the term in which the final grade was submitted by the instructor. For example, if a student took an incomplete in a fall term course and completed the course works in the following spring semester, then an appeal of that grade must be submitted within 10 business days of the beginning of the summer term. The Department Chair will provide a decision in writing to the student, normally within 10 business days of the receipt of the complaint in the Department.

- The student may appeal the decision of the Department Chair, as described in section 2-c through 2-e below.

2. Other College-Level Academic Complaints

- Judgments on the suitability of academic decisions made within a college are most appropriately made by individuals with expertise in the particular academic discipline involved. For this reason, resolution of student complaints about college level academic decisions, actions, or practices is the responsibility of the department and college involved. Normally, such complaints can be resolved quickly and informally through discussion with the faculty member directly involved. The Office of the Ombudsperson can provide assistance to students, instructors and administrators with resolving disputes informally through voluntary facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.

- In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Chair of the appropriate academic department. The student’s complaint must be submitted in writing and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; (d) and why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted at the earliest possible time. Consideration will not be given to any complaint submitted later than
the end of the term immediately following the term in which the matter in question arose. The Department Chair will provide a decision in writing to the student, normally within 10 business days of the receipt of the complaint in the Department.

- The student may appeal the Department Chair’s decision within 10 business days of being notified of the Chair’s decision. Such appeal will be made, in writing, to the Dean of the College in which the Department is located. At the discretion of the Dean, an advisory panel may be appointed to review the written documentation and make a recommendation to the Dean. The Dean will issue a decision to the student in writing, normally within 10 business days of the receipt of the appeal.

- The student may appeal the Dean’s decision to the Provost, in writing, within 10 business days of being notified of the Dean’s decision. The Provost will issue a decision to the student, in writing within 20 business days of receiving the appeal.

- The student may appeal the Provost’s decision to the President, in writing, within 10 business days of being notified of the Provost’s decision. The President will issue a decision to the student in writing within 20 business days of receiving the appeal.

- The student may appeal the President’s decision to the Board of Regents, in writing, within 20 business days of being notified of the President’s decision. Decisions regarding grades may not be appealed to the Board of Regents (BOR Policy 407.01).

B. University-Level Academic Complaints

1. Judgments on the suitability of academic decisions made at the University level are most appropriately made by individuals with expertise in the particular area. Normally, such complaints can be resolved quickly through discussion with the Academic Administrator directly involved. (See the University Organizational Chart at http://www.gsu.edu/administrative_organization.htm.) Students can contact the Office of the Ombudsperson for assistance in preparing for discussion with academic administrators. The Office of the Ombudsperson can also provide assistance to students and academic administrators with resolving disputes informally through voluntary, facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.

2. In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Associate Provost for Academic Programs. The student’s complaint must be submitted in writing, and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; and (d) why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted as early as possible, but no later than the end of the term immediately following the term in which the matter arose. The Associate Provost for Academic Programs will normally issue a decision to the student in writing, within 10 business days of receiving the complaint.

3. The student may appeal the Associate Provost’s decision to the Provost within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.

4. The student may appeal the Provost’s decision to the President in writing within 10 business days of being notified of the Provost’s decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.

5. The student may appeal the President’s decision to the Board of Regents in writing within 20 business days of being notified of the President’s decision. Decisions regarding residency and the Guaranteed Tuition Plan may not be appealed to the Board of Regents (BOR Policy 25).
III. NON-ACADEMIC COMPLAINTS

1. Judgments on the suitability of non-academic decisions are most appropriately made by individuals with expertise in the particular area. Normally, such complaints can be resolved quickly through discussion with the Administrator in charge of the department making the decision. (See the University Organizational Chart at www.gsu.edu/administrative_organization.html.) Students can contact the Office of the Ombudsperson for assistance in preparing for discussion with non-academic administrators. The Office of the Ombudsperson can also provide assistance to students and non-academic administrators with resolving disputes informally through voluntary, facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.

2. In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Vice President or Associate Provost who oversees the area. The student’s complaint must be submitted in writing, and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; and (d) why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted as early as possible, but no later than the end of the term immediately following the term in which the matter arose. The Vice President or Associate Provost will provide a decision to the student in writing, normally within 10 business days of the receipt of the complaint.

3. The student may appeal the Vice President’s or Associate Provost’s decision to the Provost in writing within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.

4. The student may appeal the Provost’s decision to the President in writing within 10 business days of being notified of the Provost’s decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.

5. The student may appeal the President’s decision to the Board of Regents in writing within 20 business days of being notified of the President’s decision. Decisions regarding traffic citations may not be appealed to the Board of Regents (BOR Policy 407.01).

IV. STUDENT PETITIONS FOR ACADEMIC POLICY WAIVER or VARIANCE

A. College-Level Policy Waiver or Variance Petitions

1. Students may petition for a waiver or variance of a department-level or college-level policy. The appropriate College Office of Academic Assistance can provide the student with college policies and petition procedures.

2. The student must submit a petition, in writing, to the Office of Academic Assistance of the College which has made the policy in question. The petition must include the following: (a) the policy from which the student is seeking a waiver or variance, (b) the deviation being sought; and (c) the reason(s) why the exception should be granted. The Office of Academic Assistance representative will determine whether the petition needs to be addressed at the departmental or college level, and will forward the petition to the appropriate administrator who will notify the student of his or her decision.

3. The student may appeal the decision, in writing, following the procedures stated in Section II.A.2.c through f above, the College-Level Academic Complaint Policy and Procedures. If
the original decision was rendered by a Department Chair, the appeal should be initiated at the level of the Dean; if the original decision was rendered by the Dean (or his or her designate), the appeal should be initiated at the level of the Provost.

B. University-Level Policy Waiver or Variance Petitions

1. Students may request a waiver or variance of a policy established by the University or the Board of Regents (BOR).
2. All requests for waivers or variances from university and BOR level policies will be made based only on the written record.
3. All petitions must include the following:
   - The section number from the Catalog (or other official University document) of the policy or requirement from which the student is requesting a waiver
   - the deviation being sought;
   - the reason(s) why the exception should be granted
   - a current copy of the student’s academic evaluation record
   - a current copy of the student’s Georgia State University transcript (unless the petitioner is not yet a Georgia State student)
   - transcripts from all other colleges the student has attended (if the petitioner has attended other colleges).
4. Financial Aid Appeals (Appeals of Rules Currently in Section 1200 of the Catalog)
   - Appeals of financial aid rules will be made in the first instance by the Director of Financial Aid.
   - If the petition is denied, the student may appeal to the Financial Aid Appeals Committee, a committee appointed by the Associate Provost for Academic Programs. The student must appeal in writing and within 10 business days of being notified of the decision of the Director of Financial Aid.
5. Add, Drop and Withdraw Appeals (Appeals of Rules Currently in Section 1332 of the Catalog)
   - Appeals of the add, drop and withdrawal rules will be made in the first instance by the University Registrar.
   - If the petition is denied, the student may appeal to the Registration Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the University Registrar.
   - The Registrar will copy the Chair of the Registration Appeals Committee on all letters to students notifying them of results of their petitions. Every semester, the University Registrar will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.
   - This motion policy does not change the Hardship Withdrawal policy.
6. Course Load, Scholastic Discipline, Course Substitution in the Core, and Regents Test Appeals (Appeals of Rules Currently in Sections 1330.30, 1360, 1410, and 1420 of the Catalog)
   - Appeals of rules regarding course load, scholastic discipline, course substitution in the core, and Regents Test will be made in the first instance by the Director of the Student Advisement Center. However, appeals for waivers of Section 1330.30 (Course Load) will be considered by the student’s college if the student has declared a
college and will follow the procedure outlined in Section IV.A above.

- If the petition is denied by the Director of the Student Advisement Center, the student may appeal to the Academic Regulations Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the Director of the Student Advisement Center.

- The Director of the Student Advisement Center will copy the Chair of the Academic Regulations Appeals Committee on all letters to students notifying them of results of their 2 petitions. Every semester, the Director of the Student Advisement Center will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.

7. Academic Regulation and Graduation Requirement Appeals (Appeals of Rules currently in other parts of Sections 1300 and 1400 of the Catalog)

- Appeals of other university-level academic rules and graduation requirements will be made in the first instance by the Academic Director of Student Retention.

- If the petition is denied, the student may appeal to the Academic Regulations Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the Academic Director of Student Retention.

- The Academic Director of Student Retention will copy the Chair of the Academic Regulations Appeals Committee on all letters to students notifying them of results of their petitions. Every semester, the Academic Director of Student Retention will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.

8. Subsequent Appeals

- The student may appeal the decisions of the Admissions Appeal Committee, Financial Aid Appeals Committee, the Registration Appeals Committee, and the Academic Regulations Appeals Committee to the Associate Provost for Academic Programs in writing within 10 business days of being notified of the decision. The Associate Provost will respond in writing to the appeal within 20 business days of receiving the appeal.

- The student may appeal the Associate Provost’s decision to the Provost in writing within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.

- The student may appeal the Provost’s decision to the President in writing within 10 business days of being notified of the Provost’s decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.

- The student may appeal the President’s decision to the Board of Regents in writing within 20 business days of being notified of the President’s decision.

V. DEADLINES

A. The University strives to resolve complaints and petitions by the deadlines established in this Policy.
However, each situation is unique and may prevent the meeting of a deadline. Every effort will be made by the parties involved to minimize the delay and proceed through the processes outlined in this Procedure as close to the deadlines as possible.

B. All deadlines established in this Policy are stated in terms of business days. If a deadline falls on a weekend or scheduled holiday, the deadline will be the next scheduled workday of Georgia State University.

C. Students lose their right to continue to the next step of the procedures if they miss a stated or agreed-upon deadline.

VI. MEDIATION

Students who have filed formal complaints or petitions or those who have had formal complaints filed against them under Sections II A or B of this Policy (except for grade appeals) may request that the matter be submitted to mediation in an effort to achieve resolution. Mediation is a voluntary, confidential process whereby a neutral person facilitates discussion between the parties in a mutual attempt to reach resolution on the issues raised by the parties.

In the event mediation is agreed upon by both parties, the timelines under this policy shall be suspended until which time the mediation is completed. In the event that mediation results in agreement, the student’s complaint will be considered resolved. In the event that mediation does not result in resolution of the matter, the student may appeal to the next level of review under this policy.

Information derived from mediation discussion may not be used as the basis for higher levels of appeal, nor can the mediator be asked to provide information or make any decision at any level of the formal appeals process. Persons interested in mediation should contact the Office of the Ombudsperson.

GLOSSARY

POLICIES, PROCEDURES AND PRACTICES

Policy: A written statement (rule or principle) used to govern the actions of Georgia State University’s employees, faculty, students, visitors, and others who come in contact with Georgia State University. For the purposes of this document, academic policies are those pertaining to scholarly programs (e.g., program degree requirements), or the students’ progress through those programs (e.g., program prerequisites, financial aid, registration). Non-academic policies are those pertaining to functions that only indirectly support the students’ academic endeavors (such as housing, recreation, or parking).

University-Level Student Policies: Policies established under the authority of the university and applied to all students in all colleges. These policies are implemented and enforced by central academic or administrative offices (for example, the Registrar’s Office, the Student Financial Aid Office, or the University Library).

College-Level Student Policies: Policies established under the authority of a college and applied to all students enrolled in courses or programs offered by that college: Andrew Young School of Policy Studies; College of Arts and Sciences; College of Education; Lewis School of Nursing; School of Health Professions; Institute of Public Health; Robinson College of Business.
**Procedure:** A guideline that explains how policies are to be carried out or implemented; may or may not be in writing.

**Practice:** A commonly accepted way or pattern of doing things; typically not in writing.

**ARBITRARY, DISCRIMINATORY, INEQUITABLE**

**Arbitrary:** In an unreasonable or capricious manner, in disregard of facts, or without determining principle.

**Discriminatory:** In a manner that is unfair or denies privileges to persons because of their race, sex, color, age, religion, national origin, sexual orientation, or disability.

**Inequitable:** In a manner that fails to treat similarly situated persons the same way.

**COMPLAINTS, PETITIONS and APPEALS**

**Complaint:** An objection to a decision, action or practice with a request that it be changed or reversed; a claim seeking remedy, relief, or resolution. Complaints may be against a decision or action that was based on either University-level or College-level policy.

**Petition for Waiver or Variance:** A request for a suspension (waiver) or modification (variance) of a particular policy which, if applied normally, would cause undue hardship for the individual.

**Waiver:** An agreement that suspends a particular policy for an individual in a specific situation due to the special circumstances of that individual. (When a waiver (or suspension) of a policy is granted, the individual does not have to comply with some or all of the particular requirements set within that policy).

**Variance:** An agreement that modifies a particular policy for an individual in a specific situation due to the special circumstances of that individual. (When a variance (modification) of a policy is granted, the individual must comply only with the modified requirements.)

**Appeal:** A request that a decision on a complaint or petition be reconsidered at a higher level in the University.

**PEOPLE**

**Academic Administrator:** The head of a centralized university office or department that has responsibility for academic-related student processes (such as the Registrar's Office, the Office of Admissions, the Student Financial Aid Office, the Office of Student Accounts, the Student Advisement Center); typically reports through an Associate Provost.

**Administrator in Charge:** The head of a University office with responsibility for non-academic student processes (such as the Housing Office, the Office of Parking and Transportation, the Bookstore); typically reports through a Vice President.
Disclosure of criminal/disciplinary history is required on the Georgia State University admission application. Georgia State students have a continuing duty to report criminal/disciplinary events that occur after submission of their admission application. The criminal/disciplinary events that must be reported under this continuing duty are described below and reports must be made to the Office of the Dean of Students within 72 hours of student’s notice of the event. Failure to comply with this requirement may result in sanctions up to and including immediate withdrawal from the University.

- Conviction of a crime other than a minor traffic violation
- Criminal charges filed against the student
- Entering a plea of guilty, a plea of no contest, a plea of nolo contendere, an Alford plea, or a plea under any first offender act in response to charges filed against the student
- Disciplinary or academic misconduct charges initiated or sanctions imposed against the student from a high school, trade school or other college or university.

1055 Family Educational Rights and Privacy Act (FERPA)

I. Introduction

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA rights are provided only to University applicants upon actual acceptance to and subsequent enrollment for classes at the University. Under FERPA, students attending an institution of postsecondary education may:

A. Consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that such disclosures are authorized without consent as more fully described below in Paragraph IX (A);
B. Choose to suppress (i.e., keep from being disclosed) their directory information per the process identified below in Paragraph IX (B);
C. Inspect and review their education records;
D. Seek amendment of those education records believed to be inaccurate, misleading or otherwise in violation of their privacy rights; and
E. File complaints with the Department of Education about alleged failures by the University to comply with the requirements of FERPA.

II. Definitions

A. Student: any person who attends or has attended the University. For purposes of FERPA, Georgia State University considers an admitted student to be “in attendance” upon enrollment/registration for classes. Note: The definition of “student” set forth above is only for use in connection with this guidance. For the official University definition of “student”, please refer to the Georgia State University Student Code of Conduct.
B. Education Records: any records (in handwriting, print, tapes, film, computer or other medium) maintained by the University or an agent of the University which are directly related to a student
except:

1. A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record and is not used for purposes other than a memory or reference tool.

2. Records created and maintained by the Georgia State University Police Department for law enforcement purposes.

3. An employment record of an individual whose employment is not contingent on the fact that he or she is a student.

4. Records made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.

5. Alumni records which contain information about a student after he or she is no longer in attendance at the University and which do not relate to the person as a student.

C. Directory Information: information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Georgia State University has designated the following types of information to be directory information: student name, mailing addresses, telephone number, date and place of birth, major field of study, full or part-time status, participation in officially recognized activities and sports, degrees and awards applied for and/or received, dates of attendance, previous educational institutions attended by the student, photographs and other recorded images, and, with respect to members of athletic teams, height, weight, age, hometown, hobbies, and general items of interest.

III. Federal Student Records Law

Annually, Georgia State University informs students of the protections afforded by the Family Educational Rights and Privacy Act (FERPA) of 1974. (20 U.S.C. 1232g and 34 C.F.R., 99.1-99.67) This Act, with which the institution endeavors to fully comply, was designed to protect the privacy of educational records, and to establish the right of students to inspect and review their non-privileged educational records. The act also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the U.S. Department of Education Family Policy Compliance Office concerning alleged failures by the University to comply with the Act. An informal complaint may be filed within the University by contacting the Registrar. This guidance explains in detail the procedures to be used by the University for compliance with the provisions of the Act. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar or the Office of Legal Affairs.

IV. University-Maintained Student Records

The student records maintained by the University are classified as follows:

A. Official academic records are maintained in the Office of the Registrar. They include admission applications and associated documentation; the registration records for each semester in residence; the records of grades and credits received in courses at this University or accepted here from another institution; and other documents directly relating to academic progress and status. The dean of each college is the custodian of records for all college and departmental records regarding students not of the type maintained by the Registrar’s Office.
B. Disciplinary records are maintained by the Office of the Dean of Students. They include information about the investigation, adjudication and imposition of sanctions by the University against an individual student for breach of the University’s Code of Conduct or other written policies.

C. Financial records: Fee payment records are maintained by the Office of Student Accounts. Financial aid application records, including tax forms, are maintained by the Financial Aid Office.

D. Employment records of students receiving financial aid consist of work-study authorizations and are maintained by the Financial Aid Office. Non-work study employment records of students are maintained by the Office of Human Resources. Graduate student teaching and research appointment records are maintained by the involved College or department. Some employment records of students with graduate teaching and research appointments may also be maintained by the Office of Human Resources.

E. Medical, psychological and counseling records are maintained by the University department providing the involved health care (i.e., Health Clinic, University Counseling & Testing Center). They include records of examinations and treatments.

F. Career and job search records are maintained by University Career Services.

G. Housing records are maintained by University Housing. They include housing applications/agreements and related information.

H. PantherCard and parking records are maintained by Auxiliary and Support Services.

Student educational records maintained on Banner are covered by this guidance and should only be accessed by University employees with a legitimate educational interest or whose access is otherwise undertaken to comply with FERPA. Unauthorized access is a violation of federal law and University policy.

No record shall be kept of the political views of students or of student membership in any organization except for academic, honorary, professional and social organizations directly related to University life. Records maintained by student organizations are not considered University records. Student organizations are, however, expected to take reasonable steps to protect student information they maintain from unwarranted invasions of privacy and to permit students to access their records.

V. Student Access to Records

Access to a student’s official academic record, disciplinary record and financial aid record is guaranteed to him or her subject only to reasonable regulation as to time, place and supervision with the exceptions of those types of documents identified below:

- Any and all documents written or solicited prior to Jan. 1, 1975, on the presumption that they were intended to remain confidential and privileged.
- Any and all documents to which access has been waived by the student.
- Any and all records which are excluded from the FERPA definition of educational records.
- Any and all financial data and income tax forms submitted in confidence by a student’s parent(s) in connection with an application for or receipt of financial aid.
- Any and all records connected with an application to attend Georgia State University or a component unit of Georgia State University if that application was denied or, in the alternative, if the application was accepted but the applicant never enrolled (FERPA rights extend only to applicants upon actual acceptance and subsequent enrollment).
- Those records which contain information on more than one student to the extent that a requesting
student has the right to view only those portions of the record which pertain to his or her own educational records.

- Confidential recommendations and evaluations (Placement records maintained by the University Career Services may be inspected by the subject of the file with the exception of recommendations or evaluations to which the student has waived his or her access. Confidential recommendations and evaluations are only included in a student’s placement file if the student has voluntarily submitted a written waiver of access to the recommendations and evaluations. If a student has not waived access, then recommendations and evaluations submitted on condition of confidentiality are returned to the sender).

A. Inspection of records is granted only upon written request, presented in person with appropriate identification, and must be made in the presence of designated personnel of the office maintaining the records. All requests shall be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. When an original record is shown to the student, examination will be permitted only in the presence of a University employee and any other conditions deemed necessary to prevent the alteration, mutilation, or loss of such original records. Upon reasonable request by the student, verbal explanations and interpretations of education records will be promptly provided except where a verbal response is not practical or appropriate. Requests for written explanations/interpretations of education records must be made in writing. If an education record is not in a form readily reviewable by the student (e.g., records stored in microfilm or electronically), a true and correct copy of the record will be provided for the student’s inspection.

B. Copies of Records

1. Copies to students will be provided to students in good standing upon written request and payment of fees for copies (see the Request for Access to Student Record Form at http://www.gsu.edu/enrollment/images/Registrar/rrfatsr.pdf, with the exception of transcripts received from other educational institutions and any documents the student has waived his or her right to see. Copies of education records may be withheld by the University when the student is not in good standing as a result of such conditions as unmet financial obligations and violations of institutional regulations. Such records to be withheld may include, but are not limited to, grade reports, transcripts, and certifications of student achievement and performance. A transcript of a student’s official academic record contains information about his or her academic attainment and status exclusively. Only the Registrar is authorized to issue transcripts or to certify in any way the official academic record of a student. An official transcript is issued only when requested by the student in writing.

2. Copies to third parties will be provided upon receipt of the student’s written and signed consent for disclosure of the records. Such a written consent must:
   1. identify the records to be disclosed,
   2. identify the person or class of persons to whom the disclosure may be made,
   3. specify the time period during which consent is applicable, and*
   4. be signed and dated.

VI. Requests for Amendment and Challenge Hearings
If, upon inspection and review of his or her record, a student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she may request that the record be corrected. A request for correction must be submitted in writing and must specify the information being questioned, the revision requested, and the reasons the student has for disagreeing with the entry in question. Any supporting documentation should be attached to the request. Where possible, disagreements should be resolved informally. This provision does not apply to grade appeals, and students wishing to appeal the assignment of a grade should refer to the Policy and Procedures for Student Complaints, Petitions for Policy Waivers and Variances, and Appeals.

Only the Registrar, upon consultation with the respective dean, may authorize a correction in a record within the academic file of a student. Similar authority is held by the Vice President for Student Affairs, the Director of Admissions, the Director of Financial Aid, the respective College Dean and the Director of Personnel for the records which are maintained under the authority of these various University officials.

The University representative to whom a request for correction of a non-academic file is properly addressed will notify the student of his or her decision within 21 days after receipt of the written request. If the University decides that the information in a student’s education record is inaccurate, misleading or in violation of the student’s right of privacy, it will amend the record and notify the student, in writing, that the record has been amended. If the University decides that the challenged information is not inaccurate, misleading or in violation of the student’s right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it.

Should the University decide the challenged information is not inaccurate, misleading or in violation of the student’s right of privacy, then the student will also be advised of the right to appeal the University’s decision and challenge the information believed to be inaccurate, misleading or in violation of the student’s privacy rights. The appeal may extend only to the material in the respective University file. While it may extend to the correct recording of a grade, it may not include a challenge to the assignment by the instructor of the grade. The student has 20 days to appeal the decision in writing to the Provost and ask for a hearing. On behalf of the President of the University, the Provost shall refer the appeal to an existing committee or designate a hearing committee comprised of University officials who do not have a direct interest in the outcome of the hearing. Georgia State University will notify the student, reasonably in advance, of the date, place and time of the hearing. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student’s education records. The student may bring one individual to act as an advisor but the individual may not address the committee. The committee will prepare a written recommendation based solely on the evidence presented at the hearing and submit it to the Provost who will make a determination on the matter. The recommendation will include a brief summary of the evidence presented and the reasons for the decision. The decision of the Provost may be appealed in writing to the President within 20 days of the date of the decision. The appeal to the President shall be made on the record.

VII. University Career Services

The file of a student maintained in the University Career Services is assembled at the initiative of the student. The extent of disclosure to prospective employers, graduate schools, organizations awarding
fellowships and the like shall be made clear to the student when he or she requests that the file be assembled and shall be agreed to by him or her on a form specifically provided for that purpose.

The student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality, but the waiver must be made by the student without pressure or coercion. Any evaluation received under such condition of confidentiality without the student’s waiver of access or without the student’s knowledge shall not be incorporated in the file but shall be returned to the sender.

VIII. Addition to Records

No entry may be made on a student’s official records and no document or entry may be placed in such records without written notice to the student by the administrative officials responsible for the specific category of information, as identified in Paragraph IV. For purposes of this guidance, notification of grades, written communication to a student of school or departmental evaluation and announcement of honors shall constitute adequate notice. A document or entry supplied by or at the request of the student may be placed in the student’s record without additional notice to him or her. In the case of student records maintained in deans’ offices and departmental offices, additions other than those mentioned in the preceding paragraph require the permission of the Registrar, who in turn is responsible for notification of the student.

IX. Release of Student Information

A. Georgia State University will disclose information from a student’s education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

1. To school officials who have a legitimate educational interest in the records.
   - A school official is:
     - A person employed by the University (which, for purposes of this guidance includes persons employed by the Board of Regents of the University System of Georgia) in an administrative, supervisory, academic or research, or support staff position, including health or medical staff.
     - A person or entity employed by or under contract to the University to perform a special task, such as a University affiliated organization, attorney, auditor, or outside vendor.
     - A person who is employed by the Georgia State University law enforcement unit.
     - A student serving on an official committee, such as a disciplinary or grievance committee, or who is assisting another school official in performing his or her tasks.
     - A school official has a legitimate educational interest if the official is:
       - Performing a task that is specified in his or her position description or contract agreement.
       - Performing a task on behalf of the University/Board of Regents in connection with his or her job responsibilities.
       - Performing a task related to a student’s education.
       - Performing a task related to the discipline of a student.
       - Providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.
       - Maintaining the safety and security of the campus.
The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case-by-case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.

2. Upon request of officials of another school at which a student seeks or intends to enroll, the University will attempt to notify the student of the disclosure unless the student initiated the disclosure.

3. Information the University has designated as “directory information,” unless the student has made a written request to suppress (i.e., to refuse to allow disclosure of) their directory information as more fully described below in Paragraph IX (B).

4. To school officials or lending institutions, in connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to:
   - Determine eligibility for the aid;
   - Determine the amount of the aid;
   - Determine the conditions for the aid; or
   - Enforce the terms and conditions of the aid.

5. To parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1954. The parents must provide a copy of their most recent federal income tax return establishing the student’s dependency. Full rights under the act shall be given to either parent, unless the institution has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights. Georgia State University does not have an obligation to disclose any financial information about one parent to another. If a parent claims a student as a dependent and does not want his or her financial information disclosed to his or her spouse or former spouse, the parent may make that request to the institution.

6. In connection with an emergency, to appropriate persons if the knowledge of such information is believed necessary to protect the health or safety of the student or others.

7. To comply with a judicial order or lawfully issued subpoena, provided the University makes a reasonable effort to notify the student of the order or subpoena in advance of compliance. Notification may be prohibited if the University receives a federal grand jury subpoena or any other subpoena which states that the student should not be notified. The University will comply with such process only upon the advice of counsel. All subpoenas received by the University should be immediately forwarded in person or by facsimile (404-413-0518) to the Office of Legal Affairs to evaluate the validity of the subpoena. In the case of a subpoena which can be disclosed to a student, the Office of Legal Affairs will inform the student of the subpoena and give the student an opportunity to file an objection to the subpoena before responding on behalf of the University.

8. To an alleged victim of any crime of violence, as that term is defined in Section 16 of Title 18, United States Code, or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by the University against the alleged perpetrator of that crime or offense with respect to that crime or offense. For the purpose of disclosure under this paragraph, the final results of any disciplinary proceeding shall include only the name of the student, the violation committed and any sanction imposed by the institution on that student and may include the name of any other student, such as a victim or witness, only with the written consent of that other student. The Office of Legal Affairs shall be consulted prior to
release of the record.

9. Subject to the conditions set forth in 34 CFR 99.35 authorized representatives of the Comptroller General of the United States, the Secretary of the U.S. Department of Education, authorized representatives of the Attorney General for law enforcement purposes (investigation or enforcement of federal legal requirements of federally supported education programs), or state and local educational authorities.

10. To state and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to Nov. 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system’s ability to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.

11. To organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.

12. To accrediting organizations in order to carry out their accrediting functions.

13. To Department of Veterans Affairs Officials pursuant to 38 USC 3690©.

14. To the court those records that are necessary to defend the institution when a student initiates legal action against the institution.

B. Choosing to Suppress Directory Information – Directory Information is treated as public information. Students may choose to keep their directory information from being disclosed (“suppressed”) by submitting a written request to the University’s Registrar at any time. However, to keep the directory information from being included in various printed University publications, such requests should be made before the end of the drop/add period for Fall Semester. Information cannot be deleted after printed publications have gone to press and information previously-released in printed publications cannot be recalled. Information contained in electronic publications may generally be changed upon 48 hours notice. Students having opted to suppress their directory information may change their position at a later date by notifying the Office of the Registrar in writing. Please note: refusing to permit the release of directory information means that a student’s history at Georgia State will be suppressed in full, preventing the verification by future employers and others of degrees earned and dates of enrollment. Exception to Directory Suppression: Due to system constraints, final graduation lists and official programs will include all students who are graduating, regardless of Directory Suppression, unless otherwise stated on the Graduation Application.

C. Records of Deceased Students will be made available to the parents of the deceased student and other authorized parties upon written request. The request must include the need for the records and must identify the requestor’s relationship to the deceased student. An official copy of the death certificate must accompany the request, if the University does not have prior notice of the student’s death.

D. The University has the discretion to disclose to any parent or legal guardian of a student under the age of 21 information about a violation of any federal, state or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance if the institution
determines that the student has committed a disciplinary violation with respect to such use or possession.

X. Recordkeeping Requirements

Georgia State University will maintain a record of requests for and/or disclosures of information from a student’s education records which record may be reviewed by the student. The record will indicate the name of the party making the request and what records, if any, were received, as well as the interest in the records. Such recordkeeping is not required if the request was from, or the disclosure was to:

1. The student;
2. A school official determined to have a legitimate educational interest;
3. A party with written consent from the student;
4. A party seeking directory information; or
5. A federal grand jury or law enforcement agency pursuant to a subpoena that by its terms requires nondisclosure.

Recognition is given to The Catholic University of America upon whose FERPA Policy Georgia State University’s FERPA Policy was modeled.

This FERPA policy was approved by the Administrative Council on March 5, 2008.

1060 Access to Student Records

To file a request for suppression of directory information, a student should fill out a Suppress Directory Information Form, available at http://www.gsu.edu/enrollment/images/Registrar/rrfsisf.pdf, and turn it in to the One Stop Shop, 227 Sparks Hall.

Inquiries about students or former students should be directed to the Office of the Registrar. Georgia State’s written policy on “Access to Student Records” complies with the provisions of the Act. Students also have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, Washington, D.C. 20202-4605, regarding alleged violations of the Act.

1115 General Admission Policy

Georgia State University welcomes applications from all qualified individuals regardless of race, color, sex, religion, creed, age, sexual orientation, gender, disability, or national origin. Admission is based on a number of factors, depending upon level of entry and previous educational experience. Admission and placement decisions are made by the Office of Undergraduate Admissions using criteria approved by the University Senate and developed in accordance with policies of the Board of Regents of the University System of Georgia. Admission decisions are based on factors such as, but not limited to, an applicant’s academic record, test scores, circumstances, good conduct and character. Applications are reviewed and considered in the context of the overall applicant pool for the respective term. Admission is a competitive, selective process and meeting minimum requirements does not guarantee acceptance.

Applications received after the deadline for the term of application or received without a designated term will be processed for the next available term. The application fee is non-refundable. Completed applications submitted to the university are valid for 3 terms (the next available term plus the 2 consecutive terms that follow). To be considered during the second or third consecutive term after submitting an application, applicants need only submit a reactivation form, together with any required credentials, by the application deadline date for that particular term. An offer of admission by the university is valid only for the term specified by the university at the time of acceptance and does not constitute approval for any term not so specified.

Applicants with a criminal and/or disciplinary history who are determined to be otherwise admissible for a respective term based on their academic record and other credentials are required to complete a disciplinary/criminal review process before an admission decision is made by the university.* Instructions for completing that review process are communicated to the applicant after the university has determined that the applicant is otherwise admissible for that term.

Absent extenuating circumstances, good disciplinary standing at previously attended colleges and universities is a condition of admission for all applicants. For purposes of admission, good disciplinary standing means that the applicant has no pending disciplinary charges, outstanding disciplinary sanctions or disciplinary issues that would prevent the applicant from re-enrolling at the previously attended institution.
Omissions or misrepresentations on an application for admission are grounds for automatically invalidating consideration by, acceptance to and continuation at Georgia State. Applicants have a duty to update their application with Georgia State when information changes after application submission.

All materials submitted as part of an application for admission become and remain the property of the university and will not be returned to the applicant, duplicated, or transferred to another institution.

Admission to Georgia State University or reentry approval does not imply admission to a specific major or professional program.

*Applicants are required to answer the following background questions on the Georgia State University admissions application: (1) Are you ineligible to enroll at any previously attended institution? (2) Are you currently on or have you even been placed on academic probation, suspension, exclusion or any other type of academic warning at any previously attended institution? (3) Are you currently charged with, or have been found guilty of, any violation of academic honesty, honor code, or conduct regulations of a previously attended institution? (4) Have you left a previous institution while there were pending charges of any violation of academic honest, honor code, or conduct regulation? (5) Are you currently charged with, or have been found guilty of, any violation of a federal, state, or municipal law, regulation or ordinance other than minor traffic violations, including offenses for which any type of first offender status have been granted? (6) Have you ever entered a plea of guilty, no contest, nolo contendere, an Alford plea, or otherwise accepted responsibility for the commission of a crime? and (7) Have you received any type of discharge from military service other than an honorable discharge?

Any changes in a student’s record prior to enrollment will necessitate a new review of the application. Any omissions or misrepresentations on a student’s application for admission will automatically invalidate consideration by, acceptance to and continuation at Georgia State.

All credentials submitted with the application for admission become and remain the property of the university and will not be returned to the student, duplicated, or transferred to another institution.

In accordance with the Board of Regents policy (see Policy Manual 4.1.6) and starting Fall 2011, a person who is not lawfully present in the United States is not eligible for admission to Georgia State University. All applicants must provide documentation of their legal presence in the US. Applicants will be required to submit a copy one of the following documents: Georgia driver’s license, Georgia identification card, U.S. passport, Certified U.S. Birth Certificate (must be submitted in person), Military ID (must be verified in person) or permanent residence card.

Admission to Georgia State University or reentry approval does not imply admission to a specific major or professional program.

- Students who wish to take 3000 or 4000 level teacher education courses (designated by a “TE” in the course description) or who wish to enter one of the teacher education programs must be approved by the College of Education or the College of Arts and Sciences, depending on the student’s teaching field major (see Section 1605).
- Prospective applicants who are interested in the Lewis School of Nursing or the School of Health Professions and who have completed preparation to enter the professional or clinical program of their major should contact that school for information on additional departmental application
procedures, requirements, and deadlines.

- Students who wish to apply for admission to the School of Music should contact the School of Music office to request separate application materials and to make an appointment for an audition.

### 1120 Freshman Applicants

#### Definition

Those applicants who have never enrolled in a regionally-accredited college or university (unless jointly enrolled while completing high school) are freshman applicants.

#### Freshman Deadlines

An application for admission and the nonrefundable application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/admissions/apply.html. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission.

#### Fall Semester Applicants Only

The Office of Undergraduate Admissions offers four deadlines for Fall application to the University, including Early Action, Scholarship Consideration, Priority Decision, and Regular Decision. Application submission deadlines are as follows:

- **Early Action Deadline**: November 15
- **Scholarship Deadline**: January 3rd
- **Regular Decision Deadline**: March 1st

First-time freshmen applying for fall semester entry will be considered for admission beginning in November and decisions will continue to be made throughout the academic year until enrollment goals have been met. It is recommended that applicants apply as early as possible to be considered for admission, university housing, scholarship funding, and need-based financial aid.

#### Early Action Deadline

Qualified freshmen applicants for whom Georgia State University is a top choice are encouraged to apply for admission on or before November 15 of their senior year to receive an admission decision no later than January 8. Only those applicants with completed admission files, including test scores, transcripts, fee, and any requested additional documentation will be notified by this date. All others will be deferred to the Regular Decision process. Primary consideration under the Early Action plan will be focused on demonstrated academic achievement, including core academic course grades through the junior year, rigor of curriculum, and performance on the SAT and/or ACT with writing assessment. The Early Action plan is non-binding and provides applicants an early decision with no obligation to enroll; this option is only open to freshmen who apply for the fall entry term to Georgia State. An Early Action applicant must submit the required application, fee and transcripts along with official SAT/ACT scores sent online from the
appropriate testing agency no later than December 1. Early Action applicants will receive notification of their admission decision in January, and may be offered admission for fall, deferred to the Regular Decision process for further consideration, or denied admission to Georgia State University. Applicants who are offered admission under Georgia State’s Early Action plan are not bound to accept the offer of admission and are given until May 1 to submit their confirmation intent to enroll and attend Georgia State. If an applicant wishes for November or December test scores or mid-year senior grades to be considered in the admissions decision, he or she would be better advised to apply under the Regular Decision plan and deadline.

Early Action Applicants deferred to the Regular Decision plan will be strongly encouraged to submit mid-year senior grades and improved SAT and/or ACT scores that show improvement. All deferred Early Action candidates with complete applications will be notified of a final admission decision no later than May 1.

Scholarship Consideration Deadline

If you wish to be considered for a Georgia State University scholarship based on competitive test scores and academic achievement, be sure to submit your completed application and required admission documents no later than January 3. Only applicants with completed admission files, including submission of all required admission documents and fee will be considered for possible scholarships. If you are considered for specific scholarships, you may be contacted by the Honors Program for additional information.

Regular Decision Deadline

Freshmen applicants choosing this plan must submit their application and all supporting documentation no later than March 1 of their senior year. Those applicants with completed admission files, including test scores, transcripts, fee, and any requested additional documentation will be notified no later than April 1. Primary consideration under the Regular Decision plan will also be focused on demonstrated academic achievement (grades in core academic courses, rigor of curriculum, and performance on the SAT or ACT with writing assessment), with secondary consideration given to a combination of the following factors: intellectual pursuits, creative endeavors, and intercultural experiences; public service, co-curricular activities, community involvement, leadership, and family commitments; and integrity and personal maturity. Both Regular Decision and Deferred Early Action candidates will be notified of acceptance, waitlisted or denied admission to Georgia State University no later than May 1.

Spring and Summer Deadlines

An application for admission and the nonrefundable application fee must be submitted or postmarked by the established deadlines. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission. Applications are processed in the order in which they are complete and ready for a decision.

Minimum Freshman Admission Requirements

Admission to Georgia State University is a selective process and meeting minimum admission requirements does not guarantee acceptance. All of the following minimum requirements must be met in order for an applicant to receive consideration as a freshman:

- Be a graduate of and have completed the high school curriculum requirements for the University System of Georgia from a high school accredited by a regional accrediting association (such as the Southern Association of Colleges and Schools), a high school accredited by the Georgia Accrediting Commission, or a public high school regulated by a school system and state Department of Education. A Certificate of Attendance does not qualify an applicant for admission consideration.
- Have completed the University System of Georgia Board of Regents’ College Preparatory Curriculum. Seventeen curriculum course units required as follows:
  1. English (4 units): emphasis in grammar and usage; literature (American, English, and World); and advanced composition skills.
  2. Mathematics (4 units): algebra I, algebra II, geometry, and one additional mathematics course with these units as prerequisites.
  3. Science (4 units): at least one laboratory course from the life sciences and one laboratory course from the physical sciences. (Applicants graduating in 2012 or later must have 4 units.)
  4. Social Science (3 units): at least one course focusing on United States studies and one course focusing on world studies.
  5. Foreign language (2 units in the same language): emphasis in speaking, listening, reading, and writing.
- Have a minimum 2.80 high school grade point average calculated on the 17 courses listed above.
- Submit electronic SAT scores (including the writing section) with a minimum combined score of 900 (verbal/critical reading + mathematics) with at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) with a minimum composite score of 19 with at least 17 English and 17 mathematics.
- Permanent residents, educated in the United States, whose native language is not English are encouraged to take the TOEFL. If the TOEFL is not taken, applicants from local areas will be required to take the Georgia State Test of English Proficiency (GSTEP) to determine appropriate admission.
- Have a freshman index (FI) of 2500 or higher. The FI is based on a combination of SAT/ACT scores and high school grade point average (HSGPA) in college preparatory courses only. The FI formula using SAT scores is: SAT FI = (500 x HSGPA) + SAT V + SAT M. The FI formula using ACT scores is: ACT FI = (500 x HSGPA) + (ACT composite x 42) + 88. In calculating the HSGPA for FI purposes, the applicant’s transcript is calculated upon only 17 of the academic (college preparatory) courses taken such as English, mathematics, science, social studies, and foreign language.

High-Ability CPC-Deficient Freshman

Certain high-ability applicants are eligible for admission to Georgia State even if they have not fully completed the College Preparatory Curriculum (CPC). Applicants who have graduated from high school and have:
Applicants admitted with CPC deficiencies must complete the CPC requirements by taking the Georgia State courses in the sciences, social sciences or foreign languages (depending on the area of their CPC deficiencies). These courses will be selected by the Student Advisement Center. Credits earned in courses taken to meet CPC deficiencies do not count towards graduation requirements. Students must earn a grade of C or better in those courses they take to meet CPC deficiencies. Students must complete all CPC-required courses before they earn 30 hours and in their first three semesters of enrollment. Otherwise, they may not register for any courses except CPC courses until all CPC requirements are complete.

Home-Schooled Students

Applicants for freshman admission who have been home-schooled or graduated from non-accredited high schools may be considered for admission by meeting one of the following two criteria:

Option One: Portfolio Admission

Applicants who wish to apply for admission under the portfolio review option must:

1. Demonstrate a combined SAT test score (or an ACT equivalent) that is at or exceeds the average SAT for those enrolled as first time freshmen for the previous fall term. The current score is 1090 (SAT) or 24 (ACT).
2. Submit electronic SAT scores (including the writing section) of at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) of at least 17 English and 17 mathematics.
3. Submit a portfolio that demonstrates satisfactory completion of the 16 College Preparatory Courses (CPC) required for admission to a University System of Georgia research institution. This portfolio must include information about the course of study leading to satisfactory completion of each CPC unit, including a list of all educational resources (books and other materials), course outline and appropriate outcomes assessment. Georgia State University reserves the right to request any further information that it feels necessary to evaluate the completion of the CPC requirements.

Option Two: SAT Subject Test Admission

Applicants who wish to apply for admission under the SAT Subject Test option must:

1. Submit electronic SAT scores (including the writing section) with a minimum combined score of 900 with at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) with a minimum composite score of 19 with at least 17 English and 17
mathematics.
2. Submit acceptable scores on six SAT Subject Tests and demonstrate proficiency in a foreign language at the level of two years of high school study. Minimum acceptable scores on the prescribed SAT Subject Tests are:
   - 520 on the English Writing test (now a required part of the SAT or ACT)
   - 530 on the Literature test
   - 500 on the Mathematics Level 1 test or a score of 570 on the Mathematics Level 2 test
   - 520 on the Biology test
   - 540 on the Chemistry test or 590 on the Physics test
   - 560 on the U.S. History test, and
   - 540 on the World History test

The appropriate level of competency in a foreign language will be evaluated by the Georgia State University Department of Modern and Classical Languages, utilizing methods including both oral and written components.

1125 Transfer Applicants

Definition

Those applicants who have previously attended a regionally-accredited college or university (except for students jointly enrolled while completing high school) are transfer applicants.

Transfer Deadlines

An application for admission and the nonrefundable application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/admissions/transfer.html. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission. Applications are processed in the order in which they are complete and ready for a decision. Students wishing to be considered for a subsequent term must submit a reactivation form at the following website (www.gsu.edu/admissions/reactivation.html), and any additional credentials that may be necessary by the appropriate deadline. Applicants interested in early registration dates and orientation, university housing, and/or financial aid are urged to apply and complete their applications by the Priority Deadline Dates listed below.

Note: All deadlines are subject to change.

For international student application deadline dates, please see Section 1165.
The professional and clinical programs in the College of Health and Human Sciences may have earlier deadlines. Please contact the Office of Academic Assistance, College of Health and Human Sciences, 404/651-3064, for information on procedures and deadline dates.

Admission Requirements

All of the following minimum requirements must be met in order for an applicant to receive consideration as a transfer, but meeting them does not guarantee admission. An applicant must:

- have a minimum cumulative 2.5 grade point average in college-level courses (excluding developmental/remedial courses) from all accredited institutions attended.
- be eligible to re-enroll at the last institution attended.
- have completed all college preparatory curriculum and learning support coursework required by any unit of the University System of Georgia (USG).
- in addition, those students who have completed fewer than 30 semester hours or 45 quarter hours of college-level academic coursework attempted at one or more regionally accredited institutions must meet all freshman admission requirements (see Section 1120.30).
- arrange for all transcripts to be received directly by the Office of Undergraduate Admissions or provide them in sealed envelopes directly from the institution. Student copies of transcripts, official transcripts opened by the student, and fax copies are not acceptable.

Transfer students should be aware of the Board of Regents’ requirements in reading, writing, history, and constitution (see Sections 1420 and 1425).

Transfer Credit Policy

When an applicant is accepted for undergraduate transfer admission, courses that parallel the curriculum of Georgia State University will be accepted for transfer credit. Credit must have been earned at institutions of higher education with full accreditation by one of the following accreditors:

- Middle States Association of Colleges and Schools
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Commission on Colleges and Universities
- Western Association of Schools and Colleges
- Southern Association of Colleges and Schools

Courses completed at a two-year college will be granted lower-division credit.

The total number of hours that may be earned toward a degree by extension or correspondence courses may not exceed 30 semester hours.

In general, transfer credit will not be awarded for a course that a student has previously attempted at Georgia State (including attempts which resulted in a withdrawal). However, individual departments may waive this rule for their courses.

Because the university has a minimum academic residence requirement, the amount of transfer credit
applicable to a degree program may be limited (See Section 1430). In addition, Colleges and Departments have their own transfer credit policies and this may also limit the amount of transfer credit applicable to a degree program. All such policies are stated in this Catalog in the following sections:

- 2020.10 Andrew Young School of Policy Studies
- 3020 College of Arts and Sciences
- 4050 College of Education
- 5030.20 Byrdine F Lewis School of Nursing and Health Professions
- 7020.10 Robison College of Business

Georgia State maintains a web site, www.gsu.edu/success/equivalency_charts.html, which indicates courses at other institutions that will be accepted as transfer credit (subject to the restrictions noted in this section). If a course at another institution is not on this list, students should consult the Student Advisement Center.

Georgia State University will allow no more than 12 semester hours of D grades to apply toward degree requirements of a baccalaureate program of study. This 12 semester hours includes both credit completed at Georgia State (resident credit) and transfer credit. Certain degree programs may designate a lesser number of D grades as acceptable. Consult your college’s chapter of this catalog for stricter requirements.

A student who takes a course at another institution will not receive transfer credit for that course until the end of the semester following the semester in which the course was taken. Therefore, students may not take courses for degree credit at another institution during the semester they graduate from Georgia State.

Transfer Credit for Core Courses

1. Students will be granted credit for all of Areas A-E of the core if they hold one of the following:
   a. a baccalaureate degree from U.S. institution of higher education accredited by one of the six accreditors listed above
   b. for those who have graduated from a non-U.S. institution, the equivalent of a baccalaureate degree from a U.S. institution of higher education accredited by one of the six accreditors listed above as certified by Georgia State or a Georgia State-approved agency such as Joseph Silny and Associates, Inc.
   c. an associate’s degree designed to transfer to a baccalaureate program from a University System of Georgia (USG) institution

2. However, there are two exceptions to the policy stated in 1 above.
   a. Students seeking a baccalaureate degree in biology, chemistry, computer science, geology, mathematics, physics, science education, or math education who do not hold a baccalaureate degree in one of these fields will only be granted credit for all of Areas B, C, and E. They will be granted credit in Areas A and D on a course-by-course basis.
   b. Students seeking a baccalaureate degree in nursing, nutrition or respiratory therapy will only be granted credit for all of Areas A, B, C, and E. They will be granted credit in Area D on a course-by-course basis.

3. Students who hold any other associate’s degree, such as an associate’s degree from a non-USG institution or an associate’s degree not designed to transfer to a baccalaureate program, will be granted transfer credit for core courses on a course-by-course basis.
1130 Postbaccalaureate Applicants

Definition

Those applicants who have received a bachelor’s degree and who wish to take undergraduate courses without being admitted to a second undergraduate degree program are postbaccalaureate applicants. An applicant wishing to seek a second baccalaureate degree should refer to Section 1125. Georgia State University graduates should refer to Section 1170.

For international student application deadline dates, please see Section 1165.

After the Regular Deadline Dates, only postbaccalaureate applications that are complete at the time of submission (application, nonrefundable application fee, and all required documents) will be processed and only if space is available and time permits.

An applicant wishing to seek a second bachelor’s degree in a professional or clinical program in the Byrdine F Lewis School of Nursing and Health Professions should apply to the university as a transfer student. Once a student has been admitted to the university, there is a second application process for those interested in majors in the School of Nursing and Health Professions. Please contact the Office of Academic Assistance, BFL School of Nursing and Health Professions, for information on procedures and deadline dates.

Admission Requirements

Postbaccalaureate applicants must hold a baccalaureate degree or the equivalent from an institution of postsecondary education with full accreditation by a regional association of colleges and schools and, where appropriate, the Commission on Colleges.

The postbaccalaureate status is not available for applicants seeking teacher certification in any area other than music education and art education (see Section 1605).

In order to be considered for admission as a postbaccalaureate student, an applicant must complete an application for undergraduate admission (including the nonrefundable fee) and submit an official transcript from the degree-granting institution by the appropriate deadline. If a student wishes to change to a degree-seeking status after enrolling at Georgia State University as a postbaccalaureate student, conditions for acceptance as a transfer student must be met. An application for admission, the nonrefundable application fee and required transcripts must be filed with the Office of Undergraduate Admissions located in 200 Sparks Hall by the established application deadline for the intended semester of entry.
All scholastic discipline policies and all course prerequisite policies are applicable to Postbaccalaureate students. Postbaccalaureates may not attend another institution as transient students from Georgia State. Transient status is only for degree-seeking students. Postbaccalaureate students wishing to attend another institution must apply directly to the other school.

1135 Transient Applicants

Definition

Students who are currently enrolled in a transferable degree program at another accredited college or university in the United States who wish to register at Georgia State University for the purpose of completing work to transfer back to the home institution are transient applicants. Transient students may attend for only one fall or one spring semester. However, attendance as a transient student in summer semesters is unlimited.

For international student application deadline dates, please see Section 1165.

After the Regular Deadline Dates, only transient applications that are complete at the time of submission (application, nonrefundable application fee, and all required documents) will be processed and only if space is available and time permits.

Admission Requirements

In order to be eligible for admission as a transient, a student must submit an application for undergraduate admission (including the nonrefundable fee) and request an official statement granting permission to enroll as a transient student from the home institution. The appropriate academic official at the home institution must send this statement directly to Georgia State University. The application will be valid for 3 terms (the initial term plus 2 additional terms). Students who do not enroll the semester for which they were accepted and wish to register later must either reactivate their application or submit a new application by the application deadline and arrange for a current official statement updated for the new semester to be sent.

International students who are attending school on another institution’s immigration document (F-1/I-20, J-1/IAP-66) will not be issued any additional documents, but must also submit a statement of permission from the International/Foreign Student Adviser at the home institution.

The following regulations are applicable to transient students:
• They should seek academic advisement at their home institution to determine if courses taken at Georgia State are acceptable to their degree program.
• All scholastic discipline policies and all course prerequisite policies are applicable to transient students.
• Transcripts for courses completed at Georgia State as a visiting student must be requested from the Office of the Registrar at www.gsu.edu/es/office_of_the_registrar.html to be sent to the home institution.
• Transient students are admitted to and register through the college or school selected on their application. If the applicant does not indicate a college, and if a transient approval letter has been received, placement will be determined from the courses indicated in the letter.
• In order to continue for an additional summer semester as a transient, a student must file a reentry application and arrange for all necessary supporting documentation to be received in the Office of Undergraduate Admissions by the established deadlines (see Section 1170). With the exception of summer semesters, registration as a transient student is limited to one semester. If a student wishes to become a transfer student, the student must file a new application for undergraduate admission (including the nonrefundable application fee) and arrange for all transcripts to be received by the Office of Undergraduate Admissions by the appropriate deadline. Student copies of transcripts or official transcripts opened by the student are not acceptable (see Section 1125).

1145 Nontraditional Applicants

Definition

Non-traditional applicants are defined as individuals who meet all of the following criteria:

• Have been out of high school at least five years or whose high school class graduated at least five years ago.
• Hold a high school diploma from an accredited high school as specified under Section 1120.30 or have satisfactorily completed the GED.
• Have not attended college within the past five years.
• Have earned fewer than 30 transferable semester (45 transferable quarter) credit hours.

Deadlines

A non-traditional applicant must follow the freshman deadlines (see Section 1120.20) for submitting an application, nonrefundable application fee and transcripts. Applicants are encouraged to apply online at www.gsu.edu/admissions.

Admission Requirements

Applicants must take the COMPASS assessment to be admitted to the university. The Office of Undergraduate Admissions notifies applicants of test date, time, and location. Applicants must earn the following scores on the COMPASS to be eligible for admission: reading = 74, writing = 60, and mathematics (COMPASS algebra test) = 37. If the file is not completed in time for testing to be scheduled prior to registration, it may become necessary to update the application to a future semester. If an applicant does not earn a required score(s) on the first attempt, that part(s) of the COMPASS may be retaken but the
second attempt must be at least ninety (90) days after the first attempt. Applicants who do not earn all three of the required scores after two attempts may not reapply to Georgia State as nontraditional applicants for five years.

1150 Joint Enrollment (Accel Program)

Definition

Joint enrollment (Accel Program) is an opportunity for the academically outstanding high school student to enroll as a special undergraduate student. This program is designed to allow superior high school students to utilize university resources to provide extra enrichment and challenge to their junior or senior year. All schedules are subject to the approval of the appropriate high school official and Georgia State University.

Deadlines

Applicants must submit the application, nonrefundable application fee, and required documents by the appropriate deadline.

Note: All deadlines are subject to change.

Admission Requirements

Students must demonstrate a high degree of academic potential and maturity to be considered for Joint Enrollment (Program for Excellence/PFE). Joint enrollment is open to high school juniors and seniors meeting our application requirements. To be considered for admission, a student must meet the following minimum requirements:

- Completion of all CPC requirements, with the exception of the units of high school English, mathematics, and/or social science which may be fulfilled through the satisfactory completion of approved Georgia State courses.
- A minimum high school GPA of 3.0 in college prep (CPC) courses.
- A minimum SAT verbal/critical reading score of 530, or minimum ACT English score of 23.
- A minimum SAT math score of 530, or minimum ACT math score of 22.
- A minimum freshman index (FI) of 2600 for seniors and 2700 for juniors

Students admitted to the program are subject to the same fees, rules, and regulations as other Georgia State University students. A student enrolled simultaneously at the university and the high school is also subject to any rules and regulations imposed by that high school. All students are required to earn a high school college preparatory diploma on or before their original graduation date using the college-level coursework, as appropriate.
1154 Early College

Definition

Early College is a program that allows students from selected high schools to enroll at Georgia State. Early College students enrolled in a participating high school may earn a high school diploma with the potential to earn an Associate’s degree or two years of college credit towards a Bachelor’s degree. Unlike Move on When Ready (MOWR) and Joint Enrollment (JE), Early College enrollment is open only to students enrolled at an Early College high school that has partnered with GSU.

Deadlines

Applicants must submit the application and required documents by the appropriate deadline. Early College deadlines are set by joint agreement of the GSU Office of Admissions and the Early College high school. Students should consult their Early College liaison for applicable deadlines. Early College students do not pay an application fee.

Admission Requirements

Because of the demanding nature of college-level course work at a research institution, Early College students must have a high degree of academic potential and maturity. To be considered for admission, a student must meet the following minimum requirements:

- Have spent the entire year prior to enrollment at an Early College high school in Georgia.
- Be currently enrolled at an Early College high school that has partnered with GSU.
- Be high school sophomore (to apply to be an Early College student as a second semester sophomore or as a junior) or a high school junior (to apply to be an Early College student as a senior).
- Obtain the recommendation of the student’s high school guidance counselor.
- Obtain the approval of the student’s parents or legal guardians.
- Be on track to complete all CPC requirements.
- Achieve a minimum high school GPA of 2.75 in college prep (CPC) courses. (Note: In 2012 when Georgia high schools go to a single diploma, CPC (College Prep Curriculum) courses will be renamed “Required High School Curriculum (RHSC)” courses.)

In addition, the admission decision will also consider:

- A personal essay to be reviewed by the high school guidance counselor making the recommendation.
- The student’s attendance record in high school. Normally, a minimum attendance rate of 90% is required to be permitted to take classes at Georgia State.

Students must also provide a copy of their most recent high school transcript showing all grades completed to date.

Admission to Georgia State under Early College does not imply admission to any other status. Early College students who later wish to enroll at GSU outside the Early College program must reapply.

Academic Regulations
Early College students must follow the following academic regulations in addition to all the other academic regulations of GSU.

- They may not attend classes during the summer semester except by special permission of the GSU Student Advisement Center.
- They may attend for a maximum of five semesters. (However, students should be aware that the ACCEL program will only pay for four semesters. See Financial Regulations below.)
- The courses in which they are enrolled must be part of GSU’s core curriculum and must count towards their high school graduation requirements.
- They must pass any placement exams required for the courses they wish to take.
- They may not take any courses at any other institution of higher education while enrolled in the program.
- They may not live on campus but may participate in some student clubs and other student life activities with the advance permission of the Office of the Dean of Education.
- Early College students may only enroll in GSU courses approved by their high school guidance counselor and GSU Student Advisement Center.
- If they earn a GSU cumulative GPA below 2.0, in next semester students must either attend a USG 2-year institution (that is a GSU Early College partner) or attend only high school. They may return to GSU only after taking at least six hours at the 2-year institution and earning a GPA of 3.0 (or better) or earning a high school semester GPA of 3.25 (or better).
- Students must participate in the Early Alert program. Faculty who have Early College students in their courses must participate in the Early Alert program.
- College credits earned while in the Early College program are transferable to other USG institutions.

Early College students should be aware that they must meet all state high school graduation testing requirements, including End of Course Tests and the Georgia High School Graduation Tests. GSU courses are not designed to prepare students for these tests.

### 1155 GSU-62 Program

#### Definition

Applicants who meet the criteria listed below may apply for GSU-62 waivers of tuition and fees. The regulations listed also apply to the GSU-62 student who wishes to audit classes instead of taking courses for credit. Audit registration is completed by the One Stop Shop and requires permission from the instructor prior to registration.

#### Deadlines

Applicants must submit the application and required documents by the appropriate deadline.

Note: All deadlines are subject to change.

The following minimum requirements must be met in order for a student to receive a GSU-62 waiver.

- Must meet all applicable admission requirements for their program of study.
- Must be 62 years of age or older at the time of registration. (Submit a birth certificate or other comparable written documentation, such as a passport, verifying proof of your age.)
- Must be classified as a Georgia resident in accordance with the Regents’ Requirements for Resident Status.

GSU-62 students will register on a space available basis during late registration. No tuition and fees will be assessed except for certain classes which require supplies or laboratory fees. All usual student and institutional records will be maintained.

This status can include graduate studies with the exception of the College of Law. Contact the appropriate graduate office in the university for application information. GSU-62 students must be admitted to graduate study to be eligible to enroll for graduate courses (those numbered 5000 and higher).

1165 International Students, Students with Non-U.S. Credentials, and Non-native Speakers of English

Georgia State University encourages the enrollment of students from other countries. After reading this section, if you need additional information or have questions, please contact: Georgia State University, Office of Undergraduate Admissions, P.O. Box 4009, Atlanta, GA 30302-4009 or in person at 200 Sparks Hall, (fax) 404/413-2002, (e-mail) admissions@gsu.edu, or www.gsu.edu/admissions/international.html

Definition

The following definitions apply:

- International applicants and students are individuals who are not U.S. citizens, permanent residents, asylees, refugees, or holders of the A, E, I, G, H, K or L visa status.
- Applicants and students with non-U.S. academic credentials are individuals who received their secondary school diploma, and/or any college credit through an institution outside the U.S.
- Non-native speakers of English are students whose native language, as reported on the admission application, is a language other than English.

Note: An individual may fall into one, two or all three of the above categories. Applicants and students who fall into more than one category must follow the procedures and meet at least the minimum requirements for all categories in which they fall.

Deadlines
Applications for admission, including the nonrefundable application fee, as well as all required academic credentials, test scores, and financial documentation must be received by the established deadlines. Applications and reactivations received after the deadline dates will be processed for the following semester. Applicants are encouraged to apply online at www.gsu.edu/admissions/.

Admission Requirements

International Applicants

In addition to meeting all other applicable requirements for admission, international applicants who will need a student visa status (F or J) must demonstrate the ability to meet the estimated financial obligations of tuition, fees and living expenses by submitting the Foreign Student Financial Statement and the required documentation of financial support.

Applicants with Non-U.S. Credentials

In addition to meeting all other applicable requirements for admission, freshman applicants and transfer applicants with less than 30 semester hours of transferable credit must demonstrate academic preparation equivalent to graduation with a U.S. secondary college preparatory curriculum and have a GPA of 3.0 based on only academic courses. Applicants who have completed non-U.S. university level coursework must have earned satisfactory grades on all such work attempted and be in good academic standing. The applicant does not need to meet the Freshman Index or minimum CPC requirements of those graduating from a U.S. high school.

Applicants must present official secondary (high school) or postsecondary (college or university) credentials, certificates, or diplomas. Official documents must bear authoritative signatures, seals and/or stamps. These should be sent by the institution responsible for issuing such documents. In cases where it is impossible for these credentials to be sent from the institution, or only one set of originals is available to students, applicants should forward an attested copy of the original. A proper institution official or the Ministry of Education in the home country must do the attestation. A certified original translation must accompany all documents not printed in English.

Georgia State University requires that all international academic documents (transcripts, mark sheets, certificates, leaving examination results, etc.) be formally evaluated by an independent evaluation service. Applicants should submit an application to Josef Silny and Associates, Inc., along with the appropriate fee for the document-by-document evaluation and grade point average equivalent (required for first time university students) or the fee for the course-by-course evaluation (required for students with previous university attendance). Fees from overseas must be in the form of an International Money Order. Applicants must also submit to Josef Silny and Associates, Inc., official transcripts, diplomas, and certified English translations. Josef Silny and Associates, Inc., will return original documents to the applicant if a
self-addressed, stamped envelope is included with the application for evaluation.

Applicants with detailed questions about this evaluation process should contact Josef Silny and Associates, Inc., at 305/273-1616, 7101 SW 102 Avenue, Miami, FL 33173, or online at www.jsilny.com.

Although the university recommends Josef Silny and Associates, Inc., evaluations will be accepted from the following services: Educational Credential Evaluators, Inc., P.O. Box 514070, Milwaukee, Wisconsin 53203-3470 or World Education Services, Bowling Green Station, P.O. Box 5087, New York, NY 10274-5087.

Applicants who have completed university-level studies overseas should submit catalogs or official course descriptions from the schools attended to Georgia State University in order to have credit considered for application to a degree program. All information must be translated into English and verified by the proper authorities.

**Applicants Who are Non-Native Speakers of English**

In addition to meeting all other applicable requirements for admission, non-native speakers of English must demonstrate sufficient English language proficiency. This can be demonstrated by submitting any one of the following: an SAT verbal/critical reading score of at least 430, an ACT English subtest score of at least 17, a TOEFL score of 550 (paper test) or 79-80 (internet-based test), a GSTEP score of 6, an International English Language Testing System (IELTS) score of 6.5, or by successfully completing Georgia State University’s Intensive English Program.

TOEFL bulletins (including registration forms) can be obtained at United States embassies and consulates, bi-national centers, or by writing to: Test of English as a Foreign Language, P.O. Box 6154, Princeton, N.J. 08541-6154, U.S.A. (www.toefl.org).

Information concerning IELTSTest dates and test sites may be obtained at www.ielts.org.

To register for the GSTEP, please contact the Department of Applied Linguistics and English as a Second Language at 404/413-5200 (www.gsu.edu/gstep).

F-1 Visa applicants who are non-native speakers of English and who meet all admission requirements except the English language proficiency requirement may be granted conditional admission. To be eligible for conditional admission, applicants must have a TOEFL score of 480 (paper test) or 54-55 (internet-based test). Students granted conditional admission will be required to take certain courses in the Intensive English Program (IEP) before taking other courses. A student may remain on conditional admission status for no more than three semesters. For more information about the IEP, see www.gsu.edu/iep.

**1170 Reentry Applicants**

**Definition**

An undergraduate reentry applicant is a student who previously enrolled at Georgia State University and who wishes to reenroll at Georgia State in one of the following ways:
• Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate degree-seeking student after an absence of three or more semesters.
• Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate postbaccalaureate student after an absence of three or more semesters.
• Previously enrolled as an undergraduate postbaccalaureate student wishing to return as an undergraduate postbaccalaureate student after an absence of three or more semesters.
• Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate transient student after an absence of three or more semesters.
• Previously enrolled as an undergraduate transient student wishing to return as an undergraduate transient student for any term. Note: Students are only permitted to attend one spring or one fall semester as an undergraduate transient student, but may apply for unlimited summer semesters.

The reentry application cannot be used in the following situations:

• Transient and postbaccalaureate students cannot apply for reentry to update to degree-seeking (transfer) status. Transients and postbaccalaureate students wishing to become transfer students should complete a new application for admission, submit the appropriate application fee and all transcripts to the Office of Undergraduate Admissions. Students should refer to Section 1125 for deadlines, admission requirements and other policies related to transfer admission.
• Students that have only attended Georgia State University at the graduate level cannot apply for reentry to enroll at the undergraduate level. Graduate students wishing to enroll at the undergraduate level should complete a new application for undergraduate admission, submit the appropriate application fee and all transcripts to the Office of Undergraduate Admissions. Students should refer to the appropriate area of Section 1100 for deadlines, admission requirements and other policies related to transfer, transient, and postbaccalaureate admission.

**Deadlines**

Applications for reentry admission and the **nonrefundable** reentry application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/admissions/re-entry.html . Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the reentry application. Reentry applications are processed in the order that they are complete and ready for a decision. Students wishing to be considered for a subsequent term must submit a reactivation form at the following website (www.gsu.edu/admissions/reactivation.html), and any additional credentials that may be necessary by the appropriate deadline. The reentry application is valid for 3 terms (the initial term plus 2 additional terms).

Applicants interested in early registration dates, university housing and financial aid are urged to apply and complete their applications by the Priority Deadline Dates listed below. Any reentry application received after the regular deadline for the term indicated on the reentry application will be processed for the next available term and the application fee will not be refunded.

Admission Requirements

**Degree-seeking Reentries.** Applicants who previously attended Georgia State as degree-seeking and wish to return as degree-seeking must meet the following requirements:

- Students that have attended other institution(s) since their last enrollment at Georgia State University must submit official transcripts from the institution(s). Student copies of transcripts, official transcripts opened by the student, and fax copies are not acceptable. Reentry applicants must be eligible to return to their last institution of attendance for the term of desired reenrollment at Georgia State in order to be granted admission as a reentry student.
- Students that last attended Georgia State University in the Learning Support Program (formerly the Department of Academic Foundations and Developmental Studies), have COMPASS scores below those currently required to exit LSP, and have not fulfilled their LSP requirements must either:
  1. Retake the appropriate COMPASS tests and earn the minimum reading score currently required to exit LSP (74), the minimum writing score currently required to exit LSP (60), and the minimum math score currently required to exit LSP (37) or
  2. Complete their LSP courses at another USG institution (for example, Georgia Perimeter College) and then reapply for reentry.
- Undergraduate students reentering on supervision or probation are required to participate in the Academic Improvement Program (see Section 1360.20).
- Students that were placed on exclusion at the conclusion of their last term at Georgia State University must submit an application for academic renewal to the Student Advisement Center. Approval for academic renewal must be granted before students previously excluded can be approved to reenter the University. Students should refer to section 1360.30 for policies and procedures related to academic renewal prior to submitting an application for reentry.

**Transient Reentries.** Students wishing to apply for reentry as a transient student must submit an official transient letter from their home institution. Unofficial transient letters, transient letters opened by the student, and fax copies are not acceptable. The transient letter must indicate that the student has permission to attend Georgia State University for the desired term of enrollment. Transient students must be eligible to return to their home institution for the desired term of enrollment. A new reentry application and a new transient letter are required for each subsequent term of enrollment at Georgia State. Note: students are only permitted to attend one spring or one fall semester as an undergraduate transient student, but unlimited summer semesters.

**Degree-seeking to Postbaccalaureate Reentries.** Previous degree-seeking students wishing to reenroll as a postbaccalaureate student must submit a transcript from the institution awarding the baccalaureate degree. Student copies of transcripts, official transcripts opened by the student, and fax copies are not acceptable. For those students that were previously awarded their undergraduate degree by Georgia State University, a Georgia State University transcript is not needed.

**Postbaccalaureate to Postbaccalaureate Reentries.** Previous postbaccalaureate students wishing to return to Georgia State University as a postbaccalaureate are not required to submit any additional transcripts.
1175 Academic Regulations that Apply to Various Admission Categories

1175.10 Transient Students

Transient students may attend for only one fall or one spring semester. However, attendance as a transient student in summer semesters is unlimited. In order to continue for an additional summer semester(s) as a transient, a student must file a reentry form and arrange for all necessary supporting documentation to be received in the Office of Undergraduate Admissions by the established deadlines. To continue attending, transient students must be in good academic standing at Georgia State University. Transient students who wish to become transfer students must apply to the Office of Undergraduate Admissions to be admitted as a transfer student. All scholastic discipline policies and all course prerequisites are applicable to a transient student. Transcripts for courses completed at Georgia State as a transient must be requested from the Office of the Registrar to be sent to the home institution. Transient students are admitted to and register through the college or school selected on their application. If the applicant does not indicate a college, and if a transient approval has been received, placement will be determined from the courses indicated in the letter. Transient students who seek reentry must complete a new reentry form for the semester that they wish to attend.

1175.20 Postbaccalaureate Students

The postbaccalaureate status is not available for students seeking teacher certification in any area other than music education and art education. Postbaccalaureates may not attend another institution as a transient student while the postbaccalaureate is a student at Georgia State University.

1175.30 International Students

International students with student visas are required to carry a full course load (12 semester hours). International students with student visas who wish to reenter must complete a new reentry form for the semester that they wish to attend.

1180 Undergraduate Admissions Appeals

The Director of Undergraduate Admissions and the Associate Provost for Academic Programs are the President’s designees for purposes of hearing Undergraduate Admissions Appeals.

Applicants for undergraduate admission who are denied due to academic ineligibility may appeal the denial to the Director of Undergraduate Admissions within twenty (20) calendar days of the date of the denial letter. The decision of the Director of Undergraduate Admissions is final.

Applicants for undergraduate admission who are denied for reasons related to disciplinary/criminal history or falsification of application may appeal the denial to the Associate Provost for Academic Programs within
twenty (20) calendar days of the date of the denial letter. The decision of the Associate Provost for Academic Programs is final.
1200 Financial Information

The Office of Student Accounts, 100 Sparks Hall, www.gsu.edu/studentaccounts, is responsible for assessing tuition and fees and processing payments. The Office of Student Financial Aid, 102 Sparks Hall, www.gsu.edu/financialaid.html provides financial assistance to students who, without such help, would be unable to attend Georgia State University. These offices work closely together to serve students.

It is the responsibility of the student to be informed of, and to observe, all regulations and procedures regarding tuition, fees, payments, refunds and financial aid. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of it by an adviser or other authority. Verbal misinformation is not grounds for a waiver of a regulation.

1210 Tuition and Fees

Tuition and fees are set by the Board of the Regents of the University System of Georgia. They are usually approved in April or May, after this catalog has gone to press. Tuition and fees usually increase every year and are subject to change without notice. Current tuition and fee rates are available at www.gsu.edu/studentaccounts. For information about resident status, see Section 1220.

Georgia State University charges other fees that are not discussed in this section. For more information about other fees see the following websites:

- Application fee – www.gsu.edu/gastate_apply_online.html
- Graduation fee – www.gsu.edu/registrar/graduation.html
- Late registration fee - http://www.gsu.edu/studentaccounts/tuition_and_fees.html
- Housing fees - www.gsu.edu/housing/Rates_Payment_Plans.html

1210.10 Waivers of Tuition and Fees

All requests for waivers of tuition and fees are due no later than two weeks before the end of regular registration. Requests made after that date will be considered for the subsequent semester.

January 28, 2013 Amendment: This is a sample amendment.

Waivers of All Tuition

All tuition is waived for students who fall into one of the following categories:

- GSU 62 students who register during late registration. See section 1155.
- Employee tuition remission students who take no more than 8 hours and register during late registration.

Waivers of the Difference between Resident and Nonresident Tuition
The Board of Regents specifies that certain non-residents are granted waivers of the difference between resident and nonresident tuition. (See section 1220 for residency status rules.) These waivers are restricted to small classes of students. For more information, see www.usg.edu/regents/policymanual/700.phtml.

In addition to the Board of Regents authorized waivers, non-resident students who are enrolled only in courses which meet more than 50 miles from GSU and are part of an official GSU off-campus study program pay in-state tuition plus $250.

To apply for a waiver of the difference between resident and nonresident tuition, go to the Residency Section of the Office of the Registrar, www.gsu.edu/es/residency.html

Waivers of All Fees

All fees are waived for students who fall into one of the following categories:

- GSU 62 students. See section 1155.10.
- Employee tuition remission students who take no more than 8 hours and register during late registration.

Waivers of All but Technology Fee

Enrollment fees are reduced to only the technology fee for students who fall into the categories below.

- Students enrolled only in courses offered under a tuition agreement between Georgia State University and a corporation, organization, educational institution or other legal entity if the tuition agreement specifies that fees will be waived.
- Students enrolled only in courses which meet more than 50 miles from Georgia State University if taking those courses at that location is required by their program of study. Such courses may include: practicum, student teaching, internship, directed reading, independent study, thesis research, or dissertation research. If the program of study allows (but does not require) that the courses be taken more than 50 miles from campus, then the students will not be granted a fee waiver.
- Students enrolled only in courses that meet more than 50 miles from Georgia State University if those courses are part of an official Georgia State University off-campus study program. Such programs may include field study programs and study abroad programs.
- Students enrolled in a faculty led study abroad program will have all fees waived, except for the Board of Regents Institution Fee and Technology Fee. For more information see the Study Abroad website: http://www.gsu.edu/studyabroad/40110.html.

Students who have paid fees at other institutions do not receive a waiver of Georgia State University fees. To apply for a fee waiver, go to the Dean of Students website, www2.gsu.edu/~wwdos/waiverrequest.html and complete the Fee Waiver Request Form.

1210.20 Payment of Tuition and Fees

Georgia State University reserves the right at any time during the semester to drop any student from classes for failure to pay tuition and fees. Students who cease to attend but do not formally drop their
classes using PAWS at paws.gsu.edu will suffer financial and academic consequences. A student who attends a class without being formally registered or continues to attend a class after being dropped due to nonpayment will be held liable for the tuition and/or fees due plus any service fees assessed, applicable collection costs, court costs, and legal fees. A hold will be placed on the records of any student who has a financial obligation to the university. Until all financial obligations are met, a student is not permitted to register for further course work, receive grades for current course work, or access transcripts. If a student’s account is sent to a collection agency, the student is responsible for the amount owed to the university as well as any collection costs and legal fees.

Payment Deadline

All tuition and fees must be paid by the dates published each semester in the online Student Accounts calendar at www.gsu.edu/studentaccounts/calendar.html. Failure to meet payment deadlines will have financial and academic consequences.

Payment by Credit Card

Georgia State University accepts MasterCard, Discover and American Express for payment of tuition and fees. Students choosing this option may register and pay fees by going to the Georgia State University PAWS student registration website at paws.gsu.edu. A service fee of 2.75% (or $3 minimum) is assessed by the payment processor for each credit card transaction. Credit card payments must be made on PAWS and are not accepted via telephone or in person at the cashier windows.

Payment by Check

Georgia State University offers the option of paying online from a bank checking or savings account. Students choosing this option may register and pay fees by going to the Georgia State University PAWS student registration website at paws.gsu.edu. No service fee is assessed when paying online via check. Checks must be payable in United States currency and drawn on a financial institution located in the United States of America. The university reserves the right to determine the acceptability of all checks.

Checks are also accepted at the cashier windows located on the first floor of Sparks Hall or placed in the drop box beside the cashier windows or may be mailed to Georgia State University, Cashier’s Office, P.O. Box 4029, Atlanta, GA 30302-4029. Checks must be made payable to Georgia State University and have an encoded checking account number on the face of the check. All checks not drawn in this manner will be returned. To ensure proper credit, the student’s Panther ID should be included on all checks. To avoid cancelation of classes, payment by check must be received, not post marked, by 5:00 p.m. on fee deadline dates.

If a check given in payment of a student’s fees is not paid upon presentation to the banking institution, a hold is placed on the student’s records. All returned checks are assessed a returned check fee of $35.00. Georgia State University reserves the right to place a student on “cash only” status for issuing a check that is not honored upon presentation to the bank.

Payment in Cash

Cash payments may be made at the Cashier’s Office located on the first floor of Sparks Hall. Window hours
are 8:30 a.m. to 5:15 p.m. Monday through Friday, except university holidays. It is unadvisable to send cash payments through the mail or to place them in the cashier’s drop box.

1210.30 Refund of Tuition and Fees

Students who formally withdraw or who are formally withdrawn from a class or classes (see Section 1332.10) will be subject to the refund policy for tuition and other fees. This policy decreases the amount of refund available at regular intervals during the term. **Students must withdraw from all classes to be eligible for a refund.** After a time during the term, no refund will be available. Complete information about the refund policy throughout the term is available in each term’s online Registration Guide www.gsu.edu/es/registration_guide.html.

Placing a stop payment on a check with the banking institution from which the check is drawn does not constitute a formal withdrawal from courses. Students must withdraw using the procedures outlined in the Registration Guide.

A student is not entitled to any refund of tuition or fees paid if the student leaves the university when disciplinary action is pending, or does not formally withdraw from the class or classes in which he or she is enrolled, or if other restrictions apply. See the online Registration Guide.

Student Account refunds are paid by electronic transfer to student’s Money Network enabled PantherCard, direct deposit into the student’s bank account or by check mailed to the student. The refund for a student who received financial aid will be audited to determine the amounts to be returned to financial aid programs, and the student will receive any remaining balance. Students can take advantage of the PantherCard refund option (www.gsu.edu/studentaccounts/panthercard_refunds.html) to receive their refund in less time than waiting for a check or direct deposit. Students who sign up for direct deposit receive their refunds faster, and in a more secure manner, than students whose refunds are mailed. Mailing addresses must be kept current by going to the Georgia State University PAWS student website at paws.gsu.edu to ensure proper mailing of refund checks.

For more information, contact University Housing at 250 Student
1220 Georgia Resident Status

Residents of Georgia pay lower tuition rates than those who are not residents of Georgia. Establishing residency for tuition purposes as defined by the Board of Regents is different than residency for purposes such as voting, obtaining a Georgia driver’s license/tag, etc., and requires more than establishing eligibility to vote, securing a driver’s license, and/or paying taxes. Georgia residency status is also distinct from the academic residency requirement for graduation. (See Section 1430.)

A person may be a Georgia resident for tuition purposes if, and only if, either one of the following two criteria are met.

Criterion 1

A person may be a Georgia resident for tuition purposes if that person, that person’s parents, or (if the person is a minor) that person’s court-appointed guardian meets all of the following conditions:

- The person has always resided in Georgia or can demonstrate that they currently reside in Georgia and residency in any other state or country has been abandoned. Maintenance of ties with another state or country will contribute to a non-resident decision including: financial support from a person who is a resident of another state or country, payment of income taxes to another state, and payment of property taxes. Registering a vehicle or securing a driver’s license in that state or country may be considered.
- The person has lived in Georgia for the 12 consecutive months immediately preceding the start date for the term and their 12-month durational requirement has not included time attending any educational institution in Georgia.
- The person can demonstrate that they moved to Georgia for purposes other than attending any educational institution in the State of Georgia.
- The person can demonstrate economic self-sufficiency and has contributed to the state by paying meaningful taxes.
- The person is a U.S. citizen, Resident Alien or is in a visa status permitting indefinite or permanent residence in the United States.

Criterion 2

A person may be a Georgia resident for tuition purposes if that person meets all of the following conditions:

- The person is a U.S. citizen, Resident Alien or is in a visa status permitting indefinite permanent residence in the United States and
• The person can demonstrate that she or he previously held residency status in Georgia but moved from the state and returned within the last 12 months.

If a parent or legal guardian of a student is a Georgia resident and then changes his or her legal residence to another state, the student may retain his or her classification as a resident student as long as he or she remains continuously enrolled at an institution in the University System of Georgia.

Please note that these regulations are subject to change by the Board of Regents. The most current regulations can be found on the Board of Regents’ website at www.usg.edu/regents/policymanual/400.phtml.

1220.10 Petitioning for Georgia Residency for Fee Payment Purposes

Prospective students and accepted applicants who have questions regarding their residence status should contact the Office of Undergraduate Admissions.

Students classified as out-of-state shall retain that status until officially reclassified as in-state. A student classified as out-of-state who can subsequently provide clear and convincing evidence that he/she meets the requirements for in-state classification can be reclassified as in-state. The burden to support the contention that he/she qualifies for in-state tuition classification under University System of Georgia policy and applicable laws always rests with the student. The petition form for Georgia tuition classification is located at http://www.gsu.edu/enrollment/images/Registrar/GSUTCP.pdf

Deadlines for Petitions

To ensure timely processing, petitions and all required documents must be submitted to the Registration and Compliance department within the Office of the Registrar, 225 Sparks Hall, no later than the deadlines listed below. Final determination of Georgia tuition classification prior to the deadline date for fee payment cannot be guaranteed for petitions received after the priority date. Petitions filed after the final deadline will be considered for the subsequent semester.

If a petition is approved, classification will not be retroactive to prior semesters. A student wishing to appeal the decision resulting from his or her Petition for Georgia Tuition Classification may request a review of that decision by the University Committee on Residency and must submit such request in writing to the Office of the Registrar within 5 days of the decision.

1230 Financial Aid

Financial aid is any scholarship, grant, loan, or part-time employment offered for the purpose of helping a student meet their educational expenses. Aid is usually provided by federal, state, institutional or private
agencies. In order to apply, a student must complete the Free Application for Federal Student Aid (FAFSA) or the Renewal Application. Students are encouraged to apply online at www.fafsa.ed.gov.

Recipients are selected on the basis of demonstrated financial need and/or academic achievement. Information concerning application for financial assistance is available from the Office of Student Financial Aid. Application packets for the next school year are available after January 1. Students are urged to apply early for optimum financial aid benefits at www.fafsa.ed.gov. April 1 is the priority date for submission of completed financial aid applications to the Office of Student Financial Aid. The Office of Student Financial Aid cannot guarantee that applications made after April 1 will be processed before the beginning of the fall semester.

In order for a Georgia State University student to continue to receive financial aid from federal or state financial assistance programs, the student must exhibit satisfactory academic progress. Copies of Georgia State University’s policy for determining satisfactory academic progress are available in the Office of Student Financial Aid and also on the Financial Aid website at www.gsu.edu/financialaid/SAP.html.

Some programs offering financial assistance to students are administered by offices or organizations other than the Office of Student Financial Aid. Contact information concerning a particular program or group of programs appears with each listing.

Audited, orientation, and certificate courses are not covered by financial aid. Students are not eligible to receive financial aid for a course attempted more than three times.

For more information on financial aid see www.gsu.edu/financialaid/.

1230.10 Scholarships

A scholarship is financial assistance which does not have to be repaid and is awarded to students based on academic excellence, civic achievements, course of study, or other specific criteria developed by the sponsor. For further details about scholarships available at Georgia State University, see the website for the student’s college. Additionally, students may check the reference section in the Georgia State University Library for more sources of private scholarships.

HOPE Scholarship/Zell Miller Scholarship

Students who are considered Georgia residents and are enrolled in an undergraduate degree program may be eligible for the HOPE /Zell Scholarship. The Hope award covers a percentage of tuition to be determined annually. The Zell Miller Scholarship covers 100% of tuition.

HOPE Scholarship recipients must have a cumulative 3.0 GPA at the end of each spring semester in order to continue their eligibility. In addition to these requirements traditional and nontraditional students must have a 3.0 cumulative HOPE GPA after the 30th, 60th, and 90th attempted hour. If the student does not meet the HOPE GPA requirements at 90 hours, he/she cannot regain his/her eligibility.

Zell Miller Scholarship
Students who graduated from an eligible high school in 2011 or beyond:

Must have at least a 3.7 High School GPA and a 1200 on the Math and Reading portions of the SAT or a 26 composite on the ACT OR graduate as the Valedictorian or the Salutatorian from an eligible high school OR graduate from an ineligible high school with a 1200 on the Math and Reading portions of the SAT or a 26 composite on the ACT AND achieve at least a 3.3 HOPE GPA at the 30 semester hour check-point in college. For more information on the HOPE/ZELL Scholarship, or to view the regulations, please contact the Georgia Student Finance Commission (GSFC): 770-724-9000 or 800-505-GSFC (4732) or www.gacollege411.org

1230.15 Grants

Eligibility for federal student aid grants are based on high financial need. Award amounts for these grants vary but do not have to be repaid. All recipients must be in a degree-seeking program working toward a first baccalaureate degree; be a US citizen or an eligible non-citizen; be making satisfactory academic progress; cannot be in default or owe a repayment on a previous financial aid award; and must register with Selective Service if required to do so.

Pell Grant

Available almost exclusively to undergraduates; in some cases, however, you might receive a Pell Grant if you’re enrolled in a post baccalaureate teacher certificate program; all eligible students will receive the Federal Pell Grant amount they qualify for.

Federal Supplemental Educational Opportunity Grant (FSEOG)

For undergraduates with exceptional financial need; priority is given to Federal Pell Grant recipients; funds depend on availability at school.

Teach Grant

The TEACH Grant Program provides up to $4000 per year ($16,000 total for an undergraduate program; $8000 total for graduate studies) in grants to full time students who plan to teach full time in high-need subject areas at schools serving students from low income families. Students attending less than full time will have the grant reduced (three-quarter time students may receive up to $3000; and half-time students may receive up to $2000.

1230.20 Student Loans

A loan is a form of financial assistance which must be repaid. While Georgia State University does not encourage borrowing, loans are frequently necessary to meet educational costs not covered by the student’s income, the family’s contribution, or grant and scholarship awards. When student loans are necessary, Georgia State University advises borrowing conservatively.

Undergraduate students with demonstrated financial need may borrow through the Federal Direct
Subsidized Student Loan program. Independent undergraduate students may borrow additional funds through the Federal Direct Unsubsidized Student Loan program, and parents of dependent undergraduates may borrow through the Parent Loan for Undergraduate Students Loan program. The Office of Student Financial Aid will determine loan eligibility by year in school, prior indebtedness, and academic standing.

All recipients must be enrolled at least half-time in a degree seeking program, be a United States citizen or an eligible non-citizen; be making satisfactory academic progress; cannot be in default or owe a repayment on a previous financial aid award; and must register with the Selective Service if required to do so. Upon acceptance of a loan, a first-time borrower must complete entrance loan counseling at StudentLoans.gov. The student must also complete a Master Promissory Note (MPN) at StudentLoans.gov, the student is required to use the FAFSA pin to complete the MPN.

Federal Direct Loan borrowers who are leaving school, dropping below half-time enrollment, or graduating must complete exit counseling at StudentLoans.gov. Exit counseling provides you with information about repayment and your rights and responsibilities.

Perkins Loan

Federal funds are provided to the university for the purpose of making low interest, long-term loans available to students who have a need for assistance. Applicants must be United States citizens or eligible non-citizens and enrolled at least half-time. These loans bear no interest until nine months after a student graduates or drops to less than half-time enrollment for a specified length of time. A portion of the loan may be canceled for service as a teacher of handicapped children or for teaching in schools that have a special designation from the Commissioner of Education. Under special conditions, service in the Armed Forces may cancel a portion of the loan. Students who serve as law enforcement officers or corrections officers after graduation may be able to have up to 100 percent of their loan canceled. Eligible students with complete applications for student financial aid will be considered. Students must complete a master promissory note before the Perkins Loan can be disbursed.

Private Loans

Private loans, also known as alternative or commercial loans, help bridge the gap between the actual cost of education and the limited amount the government allows a student to borrow from its programs. Private loans are offered by many lending institutions. Terms and conditions can vary significantly from one institution to another.

1230.30 Work-Study and Employment

Working part time while attending school is another way students may help pay for college expenses such as tuition, books, transportation, and meals. It can also provide valuable experience for resumes.

Federal Work Study Program

The purpose of the Federal Work Study Program is to provide jobs for students who need financial aid. Applicants must demonstrate need. Eligible students will be placed in offices on campus. Eligible students
with complete applications for student financial aid will be considered.

On-campus Employment

Students may apply for part-time or full-time employment on campus while pursuing their academic programs. Temporary and regular classified staff positions are posted on the bulletin board in the Employment Office of Human Resources. A listing of employment opportunities is also available at www.gsu.edu/jobs. For further information, contact the Office Employment, 340 One Park Place, 404/413-3270 or jobs@gsu.edu. Students may also use Panther Career Net (www.gsu.edu/career) to search on-campus student employee positions.

Off-campus Employment

University Career Services offers career services to students from freshman year through one year after graduation. Students may also use Panther Career Net (www.gsu.edu/career) to search off-campus student employee positions. For additional information, see section 1536.

1230.40 Other Sources of Financial Assistance

Veterans Benefits

The Office of the Registrar offers services to certify and assist students who are eligible for veterans educational benefits. Any veteran who wishes to attend Georgia State University under any of the veterans educational benefit programs provided by public law must apply to the Georgia State University Office of Admissions in the normal manner. It is advisable for a veteran who has not previously used any educational benefits to apply to the Department of Veterans Affairs for those benefits. For a veteran who will be transferring to Georgia State University from another institution where educational benefits were received, a veteran must submit a Request for Change of Program or Place of Training form (VA Form 22-1995 for veterans and VA Form 22-5495 for family members) with the Department of Veterans Affairs concurrently with his or her application to Georgia State. As soon as the Georgia State University Office of Undergraduate Admissions notifies the applicant of his or her acceptance, the applicant should contact the Office of the Registrar at www.gsu.edu/registrar/veterans.html.

Continuing students who wish to receive benefits must complete the Online Veterans’ Enrollment Verification Form located on University’s web site, gsu.edu, under the Registrar’s page each academic term. Students are certified on a term-by-term basis. Students whose attendance was interrupted must renew their certifications at the beginning of the next academic term of attendance in which they wish to receive benefits. Those students who are certified on a term by term basis will routinely experience a break in benefit payments between academic terms and should contact the Veterans Administration Regional Office to determine the amount and schedule of their benefit payments at www.gibill.va.gov.

Vocational Rehabilitation

Certain physically or mentally disabled individuals enrolled at Georgia State University may qualify to receive financial aid through the State Vocational Rehabilitation Program. Students who think they may qualify under this program should contact one of the area vocational rehabilitation centers.
1230.50 International Students, Students with Non-U.S. Academic Credentials, and Non-Native Speakers of English

International Students

Only United States citizens or eligible non-citizens may receive federal financial aid or State of Georgia financial aid. Permanent residents, asylees, and refugees are eligible non-citizens. Holders of A, B, E, F, G, H, I, J, K, L or M visas are not eligible non-citizens.

An individual who has applied for permanent resident status is not eligible until that status is approved. An individual may have resident status in the State of Georgia but not be considered a United States citizen or eligible non-citizen. An individual is not eligible on the basis of the status of family members, for example a parent or a spouse.

All students that are not confirmed as U.S. citizens or eligible non-citizens by United States Citizenship and Immigration Services (CIS) on their initial application for financial aid are required to submit appropriate documentation to the Office of Financial Aid. The Office of Financial Aid is required to submit this documentation to CIS for secondary confirmation. Until secondary confirmation is received, an individual cannot be approved to receive financial aid.

Students with Non-United States Academic Credentials

There are no special financial aid rules for students with non-United States academic credentials.

Non-Native Speakers of English

There are no special financial aid rules for students who are non-native speakers of English.

1300 University Academic Regulations

This chapter describes academic regulations that apply to all undergraduate students. See subsections within this chapter for specific policies and procedures.

1302 General Information

1302.10 University Academic Policies

All students at Georgia State University are responsible for learning and observing all regulations and procedures required by the University and by the college and program or status in which they are enrolled. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of a specific requirement by an advisor or other university authority. This chapter contains the academic regulations of the University. See the other parts of this catalog for information on the academic regulations of the various colleges and departments.

All students must become especially familiar with (1) this chapter, (2) the following chapter on university degree requirements and graduation, (3) their college’s chapter of this catalog, (4) the offerings and requirements of their major, and (5) the enrollment process found by accessing PAWS (Panther Access to Web Services) at paws.gsu.edu and found on the University’s web site gsu.edu, particularly under the Registrars, Student Accounts and Financial Aid pages, which contain more detailed information on the enrollment process.

While the provisions of this catalog will ordinarily be applied as stated, Georgia State reserves the right to change any provision listed in this catalog, including, but not limited to, academic requirements for graduation, without actual notice to individual students. The University will make every effort to keep students advised of any such changes. Students must note their responsibility to keep apprised of current graduation requirements for their particular degree programs.

1302.20 Student Computer Access Requirement

Each student enrolled at Georgia State University must have access to a computer, and any course offered at the University may require computer-based work. Further, the student’s computer must provide access to e-mail accounts, the World Wide Web using a current browser, and spreadsheet and word processing software. Departments and other units may establish minimum machine capability and software requirements, including the requirement that a student in a certain degree program must own a computer. It is the responsibility of each student to ensure his or her access to a computer. Computers are available in the open-access computer laboratories on campus that provide the basic level of computer capabilities, but these laboratories are heavily used and cannot guarantee a student access to a computer at a particular time.

1302.25 Georgia State University E-mail

Every student is assigned an official Georgia State University e-mail address at the time of acceptance. It is
essential that students regularly check this e-mail account. Academic departments and student service units across campus use the University assigned e-mail as a means of communicating with students about official university business, and students are held responsible for this information. Email from Georgia State will be sent to the student’s official Georgia State e-mail address. It will not be sent to any other address (such as a Hotmail or Yahoo account). However, students may configure their Georgia State account to forward to another address.

1302.30 Academic Calendar

Georgia State University is on a semester system, and academic credit is awarded in semester hours. The fall and spring semesters are approximately 14 weeks each. Summer semester is composed of three-week classes in May as well as six-week and seven-week classes beginning in June. Enrollment in the three-week classes, six-week classes, or seven-week classes counts as having been enrolled in summer semester.

1310 Academic Advisement and Development

Academic advisement is an essential component of an education at Georgia State University, and the University is committed to providing the individual advice and assistance that students need at every step of their degree programs. All new freshmen (by admission category) are required to attend a new student academic orientation (i.e., Incept or the International Student Orientation). The Director of the University Advisement Center is authorized to waive this requirement, however, those freshmen who do not attend orientation are required to take GSU 1010 or enroll in a Freshman Learning Community during their first semester in attendance. Transfer students are strongly encouraged to attend a Transfer Incept session. All transfer students as well as transient students, and post baccalaureate students are required to complete the appropriate student online pre-orientation at webdb.gsu.edu/preorientation/login.cfm prior to registering for classes.

1310.10 Incept: New Student Orientation

New Student Orientation and Parent Relations
Student Center, Suite 265
www.gsu.edu/incept

Incept: New Student Orientation is the official Georgia State University undergraduate student orientation program administered by New Student Orientation and Parent Relations in the Division of Student Affairs.

At Incept, students will be introduced to numerous areas of Georgia State, which will assist in a successful transition into the University community. From Enrollment Services to Student Life and Auxiliary Services to University Police, students will learn information from different departments and divisions from across the University. Students will hear from: financial aid, one-stop-shop, registrar, bookstore, undergraduate studies, intercultural relations, student clubs and organizations, student advisement, and more. Students will also meet university faculty and staff and receive a tour of Georgia State’s unique urban campus in downtown Atlanta. Additional benefits of attending Incept are the connections made with
fellow classmates as well as seasoned student leaders who will be assisting students throughout the Incept experience. At the end of the Incept day, students will receive academic advisement and register for classes.

Incept: New Student Orientation is mandatory for all new freshmen and strongly encouraged for all new transfer students. There are several formats for the Incept: New Student Orientation program designed to meet the specific needs of new students. Incept offers one-day and two-day orientation programs for new freshmen students and one-day and ½-day orientation programs for new transfer students. There is also a special parent and guest orientation program that runs concurrently with all student orientation programs. New Student Orientation and Parent Relations is located in Suite 265 of the Student Center. For more information, please call 404/413-1570 or visit www.gsu.edu/incept.

1310.20 Placement Testing

Math

A math placement test is recommended for all students who do not have credit for an Area A math course and is required for students who wish to take (or are required to take) Math 1111, College Algebra, or higher. Students may not register for a math course higher than that indicated by their placement test score. See Section 1410.10 for information about math course requirements for different majors.

Depending upon your status, new student, currently enrolled student, or returning student, see the following information that applies:

New Student--(first semester at GSU)

All new students who wish to take (or are required to take) Math 1111 or higher should sign up for this exam on an available date and time as shown on their PAWS accounts. This is usually done prior to or in conjunction with Incept.

Currently--(enrolled student that is presently taking classes at GSU)

Students who have enrolled at Georgia State during previous semesters will find test information at the Testing Center website (www.gsu.edu/counseling/testing_center.html) where testing is available for first-time as well as for re-test ($50 fee applies) purposes on a walk-in basis.

Returning student--(returning to GSU after a semester or more absence)

Testing for returning students is conducted during scheduled times in the University’s Testing Center. See www.gsu.edu/counseling/testing_center.html and click on Tests, then Math Placement for these dates and times.

Chemistry

A diagnostic chemistry test is required in order to register for Chemistry 1211, which is the prerequisite for BIOL 1103 and CHEM 1151. The test is administered by the Chemistry Department on campus at selected times. Students with AP Chemistry scores of 2 or better, SAT subject scores of 600 or better, or
those who have completed college level chemistry courses may be exempt from taking the test. See chemistry.gsu.edu/Student/1211/regtest.php for additional information.

Foreign Languages

Placement exams in French, German, and Spanish are available to help students determine the course most appropriate for their abilities in French, German, or Spanish. All students with any prior experience in these languages are strongly encouraged to take the placement exam before registering for any language classes. Prerequisites in these courses are enforced. (See Section 9000, Course Descriptions, for the prerequisites of French, German, and Spanish courses.) Students may satisfy a prerequisite either by taking the indicated prerequisite course or by taking the French, German or Spanish placement exam and earning a satisfactory score. Students may take the WebCAPE exam from any computer with internet access and a browser. (Go to www.gsu.edu/languages and click on the tab for the WebCAPE placement exam. The user name is “gsu user” and the password is “panthers1″.) The WebCAPE takes approximately 20 minutes to complete, and students are given their score and class level at which they have been placed. As placement is strictly enforced, it is paramount that students take this test without any outside help or study aids. It is recommended that students print a copy of the email regarding their scores to keep for their records and academic advisement. Students who score between 200 and 399 points will be cleared automatically within 1 business day; e-mail notifications will be sent to those with scores of 400 or higher. Only the first WebCAPE score within a 365 day period counts toward placement. Note: This exam is not part of Incept: New Student Orientation, so new students should take the exam prior to attending orientation or attempting to register for a French, German, or Spanish course. Also, the WebCAPE exam does not grant credit and is for placement purposes only; if a student scores above 400 they may consider taking the CLEP Exam (see Section 1320.40) in order to obtain up to 6 credit hours for language classes at the 2001 and 2002 level. For placement in languages other than German, Spanish and French and for further information, students should contact the Department of Modern and Classical Languages at www.gsu.edu/languages or e-mail at mclinfo@gsu.edu . For assessment and/or placement in any other languages taught by the Department of Modern and Classical Languages, students are asked to contact the department directly.

1310.30 University Advisement Center

25 Park Place
Suites 1300 and 1400

www.gsu.edu/ advisement

All freshman, sophomore and junior students are advised in the University Advisement Center until they have completed 89 semester hours of credit. Upon completion of 89 credit hours, students are transferred to the Office of Academic Assistance in the college of their majors for future advisement.

Advisors in the Center can assist students in the following ways:

- Evaluate transfer work and apply it to Georgia State University degree programs
- Explain catalog regulations
- Provide academic counseling
- Explain academic standing policies
- Discuss goals
- Assist with degree and major choices for undecided students
- Help students who are experiencing academic difficulties
- Provide direction to campus resources for further assistance

Students may schedule advisement appointments by calling or visiting the Center at (404) 413-2300. Walk-in advisement for 10-minute consultations and brief questions is also provided daily.

1310.40 Undergraduate Studies

Office of Undergraduate Studies
224 Sparks Hall
www.gsu.edu/success/

The Office of Undergraduate Studies provides leadership and administrative direction for programs designed to enhance the academic skills and engagement of Georgia State University undergraduate students. Programs coordinated by the Office of Undergraduate Studies include: Atlanta-Based Learning (ABL), the First-Year Book Program, Freshmen Learning Communities (FLC), Latino Services and Outreach, Supplemental Instruction (SI), Academic Coaching, the Early Alert Program, Virtual Interactive Peer mentoring, GSU 1010 New Student Orientation, the Scholarship Resource Center and college-wide offerings for the Perspectives courses.

Atlanta-Based Learning (ABL). Atlanta-Based Learning promotes academic and civic engagement and service learning within the greater Atlanta community. As an urban research institution in Atlanta, Georgia State University offers an opportunity for students to understand the context in which they are developing as learners. While engaged in “Campus Atlanta,” students experience the advantages of attending an institution directly linked to its urban environs. Atlanta-Based Learning activities generate connections between the academic curriculum and the urban Atlanta environment.

First-Year Book Program. The First-Year Book Program at Georgia State University aims to provide all incoming freshmen with a common intellectual experience to stimulate discussion, to promote critical thinking, and to develop a sense of community among first-year students, faculty, and staff. All incoming freshmen will receive a copy of the first-year book selection during the Summer Incept orientation. Students are expected to read the book before the start of their first semester at Georgia State. Throughout the fall, programs and events related to the book will be offered. The book will also be covered in ENG 1101, English Composition, as well as the GSU 1010, New Student Orientation classes.

Freshmen Learning Communities (FLC). The Freshmen Learning Community (FLC) program is strategically aligned with university initiatives to provide quality undergraduate programs and to increase student success and retention. Learning communities provide first-semester college students with a formative, integrative academic experience on which to build lifelong strengths and perspectives as well as immediate connections to the Georgia State campus and its resources. FLCs are designed around five linked freshmen-level courses tailored to a specific theme. Students who share the same interest enroll in a learning community for one semester, taking their FLC courses together. Students and faculty in each FLC form a small, friendly community within the large research university. Every student in the FLC program
is assigned a peer mentor who serves as a resource to them as they transition from high school. During their second semester, FLC students may remain together for one course in addition to scheduling other courses of their choice.

**GSU 1010 New Student Orientation Course.** The Office of Undergraduate Studies coordinates and administers the teaching of GSU 1010, the Georgia State new student orientation course. GSU 1010 is taught in small classes of 25 to 30 students and assists new students in their academic and social transition to Georgia State University.

**Graduation Counselors and Transition Advisors.** Graduation Counselors and Transition Advisors are available in the Office of Undergraduate Studies to assist students in making timely progress toward their degrees. Transition Advisors are available to meet with students to help them evaluate whether to change majors and to decide whether a major is an appropriate choice consistent with their interests, aptitude and previous coursework. Graduation Counselors are available to help ensure students who are nearing graduation address any remaining requirements. Graduation Counselors and Transition Advisors work as a complement to the Offices of Academic Assistance and to the University Advisement Center. The services they offer are not intended to substitute for regular academic advisement within established units.

**Latino Services and Outreach.** The Latino Services and Outreach program provides a “one stop shop” for information regarding financial aid, scholarships, internships, academic advisement, and career counseling. The main goal of the program is to provide a comprehensive support system necessary for students to be successful in college. The office seeks to be a central resource for Latinos on campus and in the community to support and encourage Latino student persistence at and graduation from Georgia State.

**Perspectives Courses.** Perspectives Courses are an important part of the core curriculum at Georgia State. These university level courses encourage an interdisciplinary or international perspectives on contemporary issues. The Office of Undergraduate Studies coordinates the scheduling and administration of these classes. Perspectives Courses are designed to provide students with a better understanding of the comparative world through the study of different cultures and points of view as well as help students incorporate scientific approaches to issues such as the environment, public health, and technology.

**Student Success Workshops.** The Office of Undergraduate Studies sponsors a series of academic success workshops. These workshops are designed to enhance student academic skills and cover topics such as time management, note-taking, test-taking, increasing memory and concentration, and other related subjects. Each 50-minute workshop is oriented toward helping students develop the tools necessary to do well in their courses. The workshops are free and open to all students.

**Supplemental Instruction (SI).** Supplemental Instruction (SI) is a proven academic support program sponsored by the Office of Undergraduate Studies and specific departments across campus. It is based on the national model from the University of Missouri-Kansas City. It offers free, out-of-class, group study sessions for traditionally difficult courses. Sessions are led by students who have successfully completed the target course and have been selected to be SI leaders. These leaders attend class along with the students and are available to meet with students outside of class at specific times. The number and selection of SI supported courses varies each semester. Attendance at SI sessions is voluntary.

**Academic Coaching.** Academic Coaching allows students to enhance their basic academic skills by working with “coaches” to develop individualized action plans for how they can reach their academic and scholastic goals. Through the Academic Coaching program students have an on campus resource to assist
them in identifying and implementing strategies to overcome obstacles to their academic success.

**iCare: Early Alert Program.** The iCare: Early Alert program assists first-year students who have been identified by their professors as doing unsatisfactory work before the mid-point of the semester. The goal of the program is to contact students who are having difficulties early in the semester to ensure that they are aware of the academic resources available to assist them with their courses. Students who are identified as doing unsatisfactory work in more than 2 classes are considered at risk for retention. A hold will be placed on the next semester registration of these students and they will not be able to register until they meet with an academic professional in the Office of Undergraduate Studies. Staff in the Office of Undergraduate Studies will remove the student hold once a meeting to assist the student in addressing their academic challenges has been conducted.

**Virtual Interactive Peer Mentoring.** The Virtual Interactive Peer Group Mentoring program provides an integrated online academic curriculum as part of the 1st year experience for freshmen students at Georgia State University. The curriculum is designed to help students develop academic skills and identify resources that are available to help them succeed. Through academically-based online interaction with an upperclassman, new students are supported and engaged through one-on-one connections. This program serves students who are not part of the Honors or FLC programs.

**Scholarship Resource Center.** The Scholarship Resource Center assists students by helping them identify and apply for scholarships while enrolled at Georgia State University. The Resource Center maintains databases and other materials to aid students in finding external scholarships for which they may be eligible. Georgia State University also offers several hundred internal scholarships to help deserving students finance their educational dreams. The Resource Center helps students search for these scholarships and provides information to them on how to successfully complete the application process.

**1310.50 Learning Support Program**

The Learning Support Program (LSP) is for undergraduate students admitted on an exceptions basis who need remedial assistance in the areas of math, reading, and/or writing in order to be ready to take courses in the Core Curriculum.

**Entering LSP**

Students are placed into the LSP if they meet any of the following conditions:

- An SAT-Verbal score below 430 or an ACT-Verbal score below 17.
- An SAT-Mathematics below 400 or an ACT-Mathematics below 17.
- Failure to meet the College Preparatory Curriculum requirements in English or mathematics.

However, students who have exited an area of Learning Support at any institution in the University System of Georgia are not required to re-enter that area upon transfer to Georgia State.

**While in LSP**

It is very important that LSP students meet each term with an academic advisor for advice regarding course
selection. For this reason, an advisement hold is placed on each LSP student’s record each term. The hold is lifted after the student has seen an advisor. Here are the LSP courses and their placement criteria:

- **Academic Reading EdRd 0071** COMPASS reading < 74
- **Academic Writing Engl 0081** COMPASS writing < 60
- **Elementary Algebra Math 0098** COMPASS math < 19
- **Intermediate Algebra Math 0099** COMPASS math < 37

LSP courses do not count towards degree requirements or a student’s GPA at Georgia State University. They are, however, used to calculate a GPA for HOPE, Pell and other financial aid awards, and the courses and grades earned appear on a university transcript. LSP courses are graded using the same system as other Georgia State courses.

Students must register for required LSP courses before registering for other courses. Until LSP requirements have been satisfied, students may not take credit courses which require the content or the skills of the LSP courses.

Students who have not completed their LSP requirements in reading may not take courses in Area A1, Area C1, or Area E. In Area D, students may only take Math and Computer Science courses.

Students who have not completed their LSP requirements in writing may not take courses in Area A1 or Area C1.

Students who have not completed their LSP requirements in mathematics may not take courses in Area A2. In Area D, students may only take Astronomy, Biology, Geography, Geology, Computer Science and Psychology courses.

Students who have accumulated 30 semester hours of college-level credit at Georgia State and have not successfully completed required Learning Support courses may enroll only in Learning Support courses until all LSP requirements are successfully completed.

Students with LSP requirements who are enrolled in both LSP courses and other courses may not drop or withdraw from the required LSP courses unless they also drop or withdraw from all other courses. Any student experiencing difficulty and/or considering dropping or withdrawing from an LSP course must first meet with an advisor. The advisor will inform the student of the program’s drop and withdrawal policies, including the right to apply for hardship withdrawal if an emergency situation exists.

Students are allowed a maximum of two attempts to exit reading and writing and a maximum of three attempts to exit mathematics. Students must pass all required courses and pass the exit exam. Any grade other than a W counts as an attempt. If a student does not complete the requirements for reading or writing in two attempts and mathematics in three attempts, the student will be suspended from the university until they have completed their LSP requirements. According to BOR policy, no appeals for attempts will be granted.

**Exiting LSP**

Students exit an LSP area by earning a grade of “C” or better in the exit level Learning Support course in
the area and earning a passing score on the COMPASS test for the area. The passing COMPASS scores are:

- Reading, 74
- Writing, 60
- Math, 37 (on the COMPASS Algebra test)

Students who fail the exit test but have earned a grade of “C” or better in the relevant course, may retake the test one time.

Students who have passed an LSP course but not passed the COMPASS must re-enroll in the relevant LSP course. Students who have passed the COMPASS but not earned a grade of “C” in the relevant course must re-enroll in the relevant course.

Requests for waivers to any of the above regulations should be submitted to the Director of the University Advisement Center.

1310.55 College Preparatory Curriculum Requirements

The Board of Regents of the University System of Georgia requires all students to have completed sufficient English, math, science, social science and language courses in high school as preparation for college-level coursework. Students admitted to Georgia State with a deficiency in one or more of these areas must make up the deficiency by taking Georgia State core classes (science, social science, or language) or passing the COMPASS proficiency test (English or math). The University Advisement Center will advise students about which courses they can choose from to complete a CPC requirement. Credits earned in courses taken to meet CPC requirements do not count toward graduation requirements. A grade of C or higher is required, and grades earned in these courses are counted in the student’s GPA. Students must complete all CPC-required courses before they earn 30 hours and in their first three semesters of enrollment. Otherwise they may not register for any courses except CPC courses until all requirements are complete.

Some transfer students are admitted with CPC requirements that were satisfied at a previous college or university. In this case, transfer courses used to satisfy CPC requirements may not be used toward graduation requirements at Georgia State.

1310.70 University Career Services

260 University Center
www.gsu.edu/career

The central office for University Career Services (UCS) houses the comprehensive career center for the campus with programs, services, information, and counseling to assist students with career decisions, as well as preparation for and implementation of successful job and graduate/professional school searches. The central UCS office works with undergraduate and graduate students from the first year on campus through the one year anniversary of their graduation. Alumni beyond a year of graduation may enroll
in Alumni Career Services, a program also housed within the office (Note: an Alumni Career Services fee is associated with some services). Students from all majors and areas of study, from all class levels, and from all colleges, are served.

Career Development services are available by appointment. Individual and group sessions are offered, always with the goal of helping students and alumni connect their passion and purpose with career opportunities. The career counselors also provide career assessments, which aid students in exploring career possibilities based on values, interests, and personality.

Workshops, information and career counselors are available to help students and alumni with their career exploration and assess their individual talents, skills, and interests, and to set career goals. Programs and materials, employer panels, employer information sessions, and career fairs provide up-to-date information for use in exploring careers and researching employers.

Through the Employer Relations team, University Career Services has programs and services that connect students, alumni, and employers for internship and career opportunities, as well as employment to meet expenses while attending school. Regular workshops, employer events such as mock interviews and résumé critique days, and online information help students prepare résumés, and develop interviewing and other job search skills.

The Graduate and Professional School Planning program assists students exploring advanced degree opportunities, either here at Georgia State University or at another campus within the United States or abroad. This program has materials to assist students in researching programs as well as support in making application. This program also sponsors the fall Graduate and Professional School Fair, which brings graduate school recruiters from across the country to meet interested GSU students.

The Career Resource Center (CRC) is the central point of contact for students and contains workstations with access to online career guidance, job postings, graduate/professional school information, and employer research databases. The CRC also houses career-oriented books and multimedia materials for researching career and advanced degree opportunities.

Résumania is the walk-in résumé and c.v. review service, available Monday through Friday, 9am to 3pm. No appointment is needed. Résumania takes place in the CRC, Room 260 University Center.

All Georgia State University students have an account on Panther Career Net, a web-based career management system utilized by students, employers and the career services staff. Panther Career Net is free to all enrolled students. Activation of the account (completing a profile and uploading a résumé if seeking employment) provides 24/7 on and off-campus access to many of the Career Resource Center’s online resources, as well as easy application to jobs, and information about career events and employers. Activation requires use of one’s campus ID and password and can be done remotely.

University Career Services at Georgia State University is a consortium of student-focused departments within the Division of Student Affairs, offering to all GSU students, graduate and undergraduate, a wide range of highly supportive personal and professional development opportunities and services. University Career Services is comprised of the Office of Civic Engagement, Leadership Development, Employer Relations, Graduate and Professional School Planning, Career Development, and the Georgia Career Information Center.
For more information on career counseling, career assessment, career exploration, graduate and professional school planning, internship and career opportunities, and job search support, visit the central office of University Career Services in 260 University Center or call 404/413-1820 or visit the website at www.gsu.edu/career.

1310.80 International Student and Scholar Services

252 Sparks Hall
www.gsu.edu/isss

International Student & Scholar Services (ISSS) provides support for Georgia State University’s non-immigrant international student, faculty, and researcher population, their dependents, and any foreign-born citizens and permanent residents of the United States who may need services. Services include orientations, immigration advisement, international student and scholar insurance support, student advocacy, and other personal assistance in adjusting to and joining the university community. The office staff serves as a liaison with all academic departments, the diplomatic corps, and a variety of international agencies and publishes a newsletter focusing on issues of interest to international students. International Services also offers assistance to academic departments wishing to invite foreign scholars or hire foreign faculty. Information concerning programs and services is available in 252 Sparks Hall, by calling 404/413-2070 or online at www.gsu.edu/isss.

Students on nonimmigrant visas who are in temporary financial difficulties should contact ISSS for information about possible assistance including: application process for out-of-state tuition waivers, small emergency loans for non-tuition expenses (through the Eva Whetstone International Student Emergency Loan program), and possible hold on classes if tuition is delayed for legitimate international reasons.

International Student Orientation - Prior to the beginning of each semester, an orientation program is offered to provide assistance to new students on nonimmigrant status. Students receive information and advice concerning federal immigration, the academic system in the United States, academic advisement and registration, the Atlanta community, and the mandatory health and accident insurance.

International Student Associations - Georgia State University has approximately twenty international student organizations that focus on celebrating the many countries and cultures represented on campus. They provide assistance for new and continuing international students, present cultural activities and events, and seek ways to share their culture with the campus. Information about the various associations and their umbrella group, the International Student Association Council, is available in the International Services office, and online at www.gsu.edu/isss.

International Student Health Insurance - Health insurance is mandatory for all international students and scholars in F and J status enrolled at Georgia State, and is optional for other nonimmigrant status students. A special international student health and accident insurance policy is made available each academic year, and payment of the insurance premiums is collected along with tuition during the process of registration. Individuals who may already be covered by a policy are required to request a waiver with the insurance company the semester before enrollment. More information is available online at www.studentinsurance.com or through Student Accounts.
1320 Course Credit

This section describes the various ways students may earn credit for Georgia State University courses without actually taking those courses at Georgia State.

1320.10 Transfer Credit Policy

When an applicant is accepted for undergraduate transfer admission, courses that parallel the curriculum of Georgia State University will be accepted for transfer credit. Credit must have been earned at institutions of higher education with full accreditation by one of the following accreditors:

- Middle States Association of Colleges and Schools
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Commission on Colleges and Universities
- Western Association of Schools and Colleges
- Southern Association of Colleges and Schools

Courses completed at a two-year college will be granted lower-division credit.

The total number of hours that may be earned toward a degree by extension or correspondence courses may not exceed 30 semester hours.

In general, transfer credit will not be awarded for a course that a student has previously attempted at Georgia State (including attempts which resulted in a withdrawal). However, individual departments may waive this rule for their courses.

Because the university has a minimum academic residence requirement, the amount of transfer credit applicable to a degree program may be limited. (See Section 1430.) In addition, Colleges and Departments have their own transfer credit policies and this may also limit the amount of transfer credit applicable to a degree program. All such policies are stated in this Catalog in the following sections:

- 2020.10 Andrew Young School of Policy Studies
- 3020 College of Arts and Sciences
- 4050 College of Education
- 5020 College of Health and Human Sciences
- 7020.10 Robison College of Business

Georgia State maintains a web site, www.gsu.edu/success/equivalency_charts.html, which indicates courses at other institutions that will be accepted as transfer credit (subject to the restrictions noted in this section). If a course at another institution is not on this list, students should consult with the University Advisement Center.

The D Credit Grade Restriction applies to both resident and transfer credit. (See Section 1450.)

A student who takes a course at another institution will not receive transfer credit for that course until the
end of the semester following the semester in which the course was taken. Therefore, students may not take courses for degree credit at another institution during the semester they plan to graduate from Georgia State.

Transfer Credit for Core Courses

1. Students will be granted credit for all of Areas A-E of the core and the Regents’ Test if they hold one of the following:
   a. a baccalaureate degree from U.S. institution of higher education accredited by one of the six accreditors listed above
   b. for those who have graduated from a non-U.S. institution, the equivalent of a baccalaureate degree from a U.S. institution of higher education accredited by one of the six accreditors listed above as certified by Georgia State or a Georgia State-approved agency such as Joseph Silny and Associates, Inc.
   c. an associate’s degree designed to transfer to a baccalaureate program from a University System of Georgia (USG) institution

2. However, there are two exceptions to the policy stated in 1 above.
   a. Students seeking a baccalaureate degree in biology, chemistry, computer science, geology, mathematics, physics, science education, or math education who do not hold a baccalaureate degree in one of these fields will only be granted credit for all of Areas B, C, and E. They will be granted credit in Areas A and D on a course-by-course basis.
   b. Students seeking a baccalaureate degree in nursing, nutrition or respiratory therapy will only be granted credit for all of Areas A, B, C, and E. They will be granted credit in Area D on a course-by-course basis.

3. Students who hold any other associate’s degree, such as an associate’s degree from a non-USG institution or an associate’s degree not designed to transfer to a baccalaureate program, will be granted transfer credit for core courses on a course-by-course basis.

1320.20 Credit Transfer for Transient Students

Transient students are Georgia State University degree-seeking undergraduates who enroll temporarily at another institution with the intention of returning to Georgia State. Georgia State remains the student’s home institution. Terms other than transient (such as visiting student, unclassified student, or special student) may be used at other institutions.

These regulations do not apply to credit earned through cross registration, which is considered resident credit.

A degree-seeking undergraduate student who wishes to be a transient student must obtain a transient letter from the Office of the Registrar. A transient letter is a type of letter of certification that offers information regarding a student’s academic standing and is an official recommendation from Georgia State University that a student be admitted to another institution for a visiting term. Students request this letter of certification via the web. Students request this letter of certification by completing a transient form available in all academic offices.

A student may not take courses for degree credit at another institution during the semester he or she
expects to graduate from Georgia State.

It is vital that students considering transient status review the rules regarding transfer credit (Section 1320.10), the rules regarding academic residency (Section 1440), the rules regarding credit for grades of D (Section 1450), and individual college policies on the number of course attempts. The rules in these sections specify limits on the credits taken as a transient that will transfer to Georgia State as well as limits on the credits that will count towards the Georgia State degree requirements. Students are encouraged to check with their advisor and the transfer equivalency charts prior to enrolling in the course. See www.gsu.edu/success/equivalency_charts.html

It is the student’s responsibility to comply with application procedures and any other requirements that the other institution may have regarding establishing status as a transient student there.

After completing the course, it is the student’s responsibility to promptly request that an official transcript be sent from the other institution to: Georgia State University, Office of Undergraduate Admissions, P.O. Box 4009, Atlanta, GA 30302-4009. Questions about transfer credit for courses taken as a transient should be addressed to the University Advisement Center.

1320.30 Credit for Correspondence or Extension Programs

Students may apply no more than 30 semester hours of work earned through correspondence or extension programs of other institutions toward the requirements for an undergraduate degree. Students are cautioned to consult with their academic advisor for additional college regulations on correspondence or extension work. Students must obtain the permission of the dean of their college, or the designated college representative, prior to taking correspondence courses to be applied toward the completion of the degree program.

1320.40 Credit by Examination

Georgia State University recognizes that learning can take place in various modes and places other than the traditional college classroom. Knowledge gained through experiential learning and other means is evaluated for possible college credit through examination. The Advanced Placement Program (AP), the College Level Examination Program (CLEP), and the International Baccalaureate Program (IB) are the most commonly used tests for this purpose. These are standardized examinations administered nationally each year. For information on CLEP, contact the University Testing Office, www.gsu.edu/testing. For information on AP and IB, contact your high school guidance counselor.

Other standardized exams or special departmental examinations may be approved for credit. For further information, contact the appropriate college.

Georgia State University serves as a DANTES (DSST) test center; however GSU does not accept DSST credit.

For information on approved examinations, course equivalents, and credit award policies and requirements, please review the section below.
1320.50 College Board Advanced Placement (AP) Examination

Official test scores should be mailed directly from the College Board to the Georgia State University Office of Undergraduate Admissions for review. Questions regarding credit awards should be directed to the Office of Undergraduate Admissions at www.gsu.edu/admissions. High school counselors can provide information concerning the time and place for testing. Credit will be awarded for approved AP examinations as follows:

Exam: (Score for Georgia State Course Credit) = equivalent course prefix and number or explanation

- History of Art: (3, 4, 5) = AH 1700
- Studio Art: Drawing/General Portfolio: (3, 4, 5) = ART 1010
- Art 2D Design: (3, 4, 5) = ART 1020
- Art 3D Design: (3, 4, 5) = ART 1030
- General Biology: (3) = BIOL 1103K, 1104K These courses make up the non-majors biology series and are not recommended for Biology majors.
- General Chemistry: (3) = CHEM 1211K; (4) = CHEM 1211K and exempt CHEM 1212K if passed above median grade on ACS exit exam; (5) = CHEM 1211K, 1212K

1320.60 College-Level Examination Program (CLEP)

Georgia State University awards credit for some College-Level Examination Program (CLEP) subject exams, Tests should not be scheduled during the last semester before graduation because the limited time remaining may not be sufficient to allow for course validation and the awarding of credit. For credit to be granted, the examination score must be at least 50 or higher regardless of the ACE recommendation. Credit will be as follows:

**Exam = Georgia State Course Credit**

- American Government = Pols 1101
- American Literature (w/essay) = Engl 2130
- Analyzing and Interpreting Literature (w/essay) = Engl 2140
- Biology = Biol 1103K
- Calculus = Math 2211
- Chemistry = Chem 1099 (elective credit only)
- College Algebra = Math 1111
- College Composition with Essay = Engl 1101
- College Mathematics = Math 1101

- Western Civilization II: 1648 to the Present = Hist 1099 (elective credit only)

Additional CLEP Information:
• The essay portion of all English exams is required in addition to the objective. Essay exams are reviewed by three readers, and the student must receive a grade of “Pass” from at least two readers.
• Foreign language credit awards are as follows:
  1. Spanish scores of 50-53 earn 3 semester hours of credit for SPAN 2001; Spanish scores of 54 and higher earn a total of 6 semester hours of credit for SPAN 2001 and 2002.
  2. German scores of 50-62 earn 3 semester hours of credit for GRMN 2001; German scores of 63 and higher earn a total of 6 semester hours of credit for GRMN 2001 and 2002.
  3. French scores of 50-51 earn 3 semester hours of credit for FREN 2001; French scores of 52 and higher earn a total of 6 semester hours of credit for FREN 2001 and 2002.
• If a student scores 50 or higher for American History I AND American History II, three semester hours will be granted for HIST 2110.
• Exams may be scheduled by contacting Georgia State University’s Testing Center www.gsu.edu/counseling/testing_center.html.

1320.70 International Baccalaureate (IB) Examinations

The amount of credit that may be granted for IB courses is limited to 24. Credit for standard level exams will only be granted to students who hold the IB diploma. Students who have only IB certificates will not be granted credit for standard level exams. Within these limits, departments have the authority to determine how much course credit will be awarded for International Baccalaureate examinations.

The following is the list of credit for IB exams:

SL = Standard Level
HL = Higher Level

Anthropology:

• SL 5 = ANTH 1102
• SL 6-7 = ANTH 1102, 2020
• HL 4 = ANTH 1102
• HL 5 = ANTH 1102, 2020
• HL 6-7 = ANTH 1102, 2020, and a 3000-level course to be determined by the Department

Art:

• SL 5 = ART 1010
• SL 6-7 = ART 1010, 1020
• HL 4 = ART 1010
• HL 5 = ART 1010, 1020
• HL 6-7 = ART 1010, 1020, and a 3000-level course to be determined by the Department

Arabic:

• SL 5 = ARBC 2001
• SL 6-7 = ARBC 2001, 2002
• HL 4 = ARBC 2001
• HL 5 = ARBC 2001, 2002
• HL 6-7 = ARBC 2001, 2002, and a 3000-level course to be determined by the Department

Biology:
• SL 5 = BIOL 1103K
• SL 6-7 = BIOL 1103K, 1104K
• HL 4 = BIOL 1103K
• HL 5 = BIOL 1103K, 1104K
• HL 6-7 = BIOL 1103K, 1104K, and a 3000-level course to be determined by the Department

Chemistry:
• SL 5 = CHEM 1211K
• SL 6-7 = CHEM 1211K, 1212K
• HL 4 = CHEM 1211K
• HL 5 = CHEM 1211K, 1212K
• HL 6-7 = CHEM 1211K, 1212K, and a 3000-level course to be determined by the Department

Chinese:
• SL 5 = CHIN 2001
• SL 6-7 = CHIN 2001, 2002
• HL 4 = CHIN 2001
• HL 5 = CHIN 2001, CHIN 2002
• HL 6-7 = CHIN 2001, 2002, and a 3000-level course to be determined by the Department

Computer Science:
• SL 5 = CSC 1310
• SL 6-7 = CSC1310, 2010
• HL 4 = CSC 1310
• HL 5 = CSC 1310, 2010
• HL 6-7 = CSC 1310, 2010, and a 3000-level course to be determined by the Department

Economics:
• SL 5 = ECON 2100
• SL 6-7 = ECON 2105, Econ 2106
• HL 4 = ECON 2100
• HL 5 = ECON 2105, 2106
• HL 6-7 = ECON2105, 2106, and a 3000-level course to be determined by the Department

English:
• SL 5 = ENGL1101
- SL 6-7 = ENGL 1101, 1102
- HL 4 = ENGL 1101
- HL 5 = ENGL 1101, 1102
- HL 6-7 = ENGL 1101, 1102, and a 3000-level course to be determined by the Department

French:
- SL 5 = FREN 2001
- SL 6-7 = FREN 2001, 2002
- HL 4 = FREN2001
- HL 5 = FREN 2001, 2002
- HL 6-7 = FREN 2001, 2002, and a 3000-level course to be determined by the Department

Geography:
- SL 5 = GEOG 1101
- SL 6-7 = GEOG1101, 1113
- HL 4 = GEOG 1101
- HL 5 = GEOG 1101, 1113
- HL 6-7 = GEOG 1101, 1113 and a 3000-level course to be determined by the Department

German:
- SL 5 = GRMN 2001
- SL 6-7 = GRMN 2001, 2002
- HL 4 = GRMN 2001
- HL 5 = GRMN 2001, GRMN 2002
- HL 6-7 =GRMN 2001, 2002, and a 3000-level course to be determined by the Department

U.S. History:
- SL 5 = HIST 2110
- SL 6-7 = HIST 2110, 3200
- HL 4 = HIST 2110
- HL 5 = HIST 2110, 3200
- HL 6-7 = HIST 2110, 3200 and a 3000-level course to be determined by the Department

European History:

Credit for other languages will be granted following the pattern set in the languages above.
1320.80 Credit for End of High School Examinations from Countries Other than the United States

Georgia State will consider awarding college credit for subject examinations taken at the end of the high school in countries other than the US. To be eligible for consideration, the examinations must be given nationally and must report scores by subject (not merely a total score). Students who wish for the University to consider awarding college for subject examinations taken at the end of the high school in countries should contact the Office of Admissions for more information.

Section 1320.90, Credit for Massive Open Online Courses (MOOCs)

At Georgia State University, the granting of credit for MOOCs taken at other institutions is governed by the rules for transfer credit and credit by examination. If a MOOC was taken and transcripted at an accredited institution of higher education, decisions about credit for the MOOC are made according to the rules for transfer credit. (See Section 1320.10.) In some cases, credit for MOOCs may be earned according to the rules for credit by examination. (See Section 1320.40.)

1330 Registering for Classes

1330.05 Office of the Registrar

2nd Floor Sparks Hall, Enrollment Services Center
www.gsu.edu/onestopshop

1330.10 Registration Procedures

Students may not attend a course unless they have registered and paid for that course. Each semester students should go online for detailed information concerning the enrollment and registration process. Registration information can be found on the University’s web site, gsu.edu, under the Registrars page and by accessing PAWS (Panther Access to Web Services) at paws.gsu.edu.

Students are urged to become knowledgeable about the entire enrollment process, which includes ensuring financial aid eligibility for the term and ensuring paying of tuition and fees by the payment deadline for that particular term. Information on payment deadlines can be found on gsu.edu under Student Accounts.

Where Registration Takes Place

Registration for courses takes place on PAWS where a list of courses offered for the semester can be found, as well as time ticket information, the registration agreement and student holds that need to be addressed to permit registration for the term.

Preparing and Registering for Classes – Enrollment Process
Registering students should prepare a registration worksheet and ensure they meet all course prerequisites. Unless approved by the department chair, a student may only register for one section of a given course in a given session/term. **All transactions can be completed on PAWS.**

**Step 1:** Run a Program Evaluation to Review Remaining Course Requirements and Schedule Advisor Appointments as Necessary

**Step 2:** Register for Classes

**Step 3:** Check Financial Aid Requirements for Eligibility and Accept Aid

**Step 4:** View and Pay Charges on Panther Pay

**Step 5:** Print your Course Schedule

**Step 6:** Print the Semester Academic Calendar on the Registrar’s page

Any deviation from the prescribed procedure may result in unnecessary delays in registration or errors in the resulting schedule. The Office of the Registrar cannot be held responsible for errors resulting from the student’s failure to follow the prescribed registration, schedule adjustment and payment procedures. Any problems experienced with registration should be reported to the Enrollment Services Center in person, at 227 Sparks Hall or by e-mail to onestopshop@gsu.edu within 24 hours of the occurrence.

**1330.12 Registration Notifications When Returning to GSU**

All students must notify the Office of Undergraduate Admissions prior to registering if the student has attended another school since last attending Georgia State. The student must have an official transcript of credits sent from the school he or she attended. The student must be eligible to reenroll at the last school attended before he or she returns to Georgia State. Failure to submit this transcript by the midpoint of the first term after returning to Georgia State could result in the placing of a registration hold on the student’s record.

**1330.15 Registration Time-Ticket Assignments**

Students who are eligible to register will be given a registration time-ticket assignment approximately two weeks before registration begins. Students can find their registration time-ticket assignments by accessing PAWS at paws.gsu.edu. Students will also receive an email referring them to PAWS where they can view their registration time-ticket assignments.

A student’s time-ticket assignment is valid beginning at the student’s assigned time and continues through the last day of registration. Time-tickets are assigned with priority to students scheduled to graduate during the upcoming term and then to continuing students according to the total credit hours earned. Once a student is allowed access, the student can adjust his or her schedule on a first-come, first-served basis.
during the remaining registration period. Many classes fill up quickly. It is to the student’s advantage to attempt to register as soon as he or she is allowed access to the registration system.

1330.18 Late Registration

Registrations are considered late once the semester has begun. During late registration, access is on a first-come, first-served basis. It is important that students register prior to the semester beginning in order to have the best opportunity to enroll in courses needed for degree completion. If a student’s first attempt to register is during late registration, a $50 non-refundable late fee will be charged. This $50 fee will also be charged if a student is dropped for nonpayment of fees and attempts to re-register during late registration.

If a student appeal to add a class after late registration has ended, after the 1st Friday of the term, is approved, the student will be charged a $37.50 manual schedule adjustment fee. This fee is charged for each appeal approved. Appeals should be directed to the department that teaches the course the student wishes to add. If a student decides not to attend the course once the appeal has been approved and added to the student’s schedule, the student must officially withdraw from the course on PAWS, prior to the semester midpoint.

1330.20 Immunizations

Immunization Office
141 Piedmont Avenue, Suite D
www.gsu.edu/health/immunizations.html

All new students attending regularly scheduled classes on campus or receiving resident credit are required to submit a certificate of immunization prior to registering for and attending such classes.

The immunizations required are Measles, Mumps & Rubella (MMR), Tetanus/Diphtheria (Td), Varicella (chickenpox), and Hepatitis B. In addition, the Meningitis Law requires students residing in university housing to have the Meningococcal vaccine. For more information, see the GSU Clinic website updates at www.gsu.edu/health.

Every student attending classes on campus must complete the immunization requirements of the University System of Georgia. The requirement varies according to the age of the student as follows:

- Students 18 years or younger at the beginning of the term must show proof of immunity to Hepatitis B, MMR, Tetanus/diphtheria, and Varicella (chickenpox).
- Students 19 years and older at the beginning of the term are strongly recommended to be immunized for Hepatitis B, but they are not required to show proof of immunity to Hepatitis B. They are required to show proof of immunity to MMR, Tetanus/diphtheria and Varicella.
- Students born outside the United States on or before 12/31/1956 must show proof of immunity to Tetanus/Diphtheria and Varicella only.
- Students born in the United States on or before 12/31/1956 are required to show proof of Tetanus/diphtheria only.
- Students born in the United States on or before 12/31/1980 are exempt from showing proof of the
Varicella vaccine. They are required to submit proof of immunity for MMR, Tetanus/diphtheria.

- Students born 12/31/1980 or later must submit proof of MMR, Varicella and Tetanus/Diphtheria
- Students born outside the United States 01/01/1957 or later must provide proof of MMR, Tetanus/diphtheria, and Varicella.

The Immunization Office must receive these records two weeks before the last day of late registration. It will take two to three business days to enter the data into the system. Immunization holds will be placed on student accounts to prevent registration and drop/add until the requirement is satisfied.

Students seeking exemption for religious reasons must submit a completed Georgia State University Certificate of Immunization form to the Immunization Office indicating their religious exemption request. Students with medical reasons for exemption must submit a doctor’s letter indicating if this is a permanent or temporary exemption, and, if temporary, the date of expiration. When the temporary exemption expires, the student must complete all immunization requirements. In the event of an epidemic or a threatened epidemic of any disease preventable by immunization, and when an emergency has been declared by appropriate health authorities, additional steps will be undertaken to protect the health of the University community. In the event of a declared public health emergency, persons who do not have proof of immunization on file will not be allowed to participate in classes or other activities on campus.

Additional information and copies of the immunization certification form may be obtained by contacting the Immunization Office located in 141 Piedmont Avenue, Ste. D, or by telephone at 404/413-1940, or online at www.gsu.edu/health/immunizations.html.

**Meningitis**: Georgia law requires that students residing in campus housing be provided information on meningococcal disease and vaccination. After reviewing information about the risks for the disease and the benefits of prevention by the meningitis vaccine, students 18 years and older are required to sign a form kept on file in the Housing Office. Students less than 18 years of age must show their parent or guardian’s signature on the form. This “Meningococcal Disease Notification” form documents that the information was reviewed and the option of the vaccine was provided, and/or date the vaccination was elicited. Compliance with the state law is a requirement for residing in campus housing and is part of the housing contract. Forms and further information are available from the Housing Office at 404/413-1800 or by email at housing@gsu.edu.

**1330.25 Audit Status**

Enrolled students who wish to audit a course must get approval from the course instructor. Registration for an audit is done in the Office of the Registrar, 225 Sparks Hall. Students should not pre-register for courses they wish to audit. Any fees for auditing a class are assessed just as they are for courses taken for credit. Any requirements for prerequisites must be satisfied before registering to audit a course. No academic credit is earned in this status. Audit status is not covered by financial aid, and audit hours do not apply toward full-time enrollment. Students may not transfer from audit to credit status or vice-versa after the last day to register for courses.

**1330.30 Course Load**
**Full-time Course Load:** To be certified as full-time students, students must carry a minimum of 12 semester hours. However, a course load of 30 semester hours per year is required in order to complete an undergraduate degree program in four years.

A student who is enrolled in less than a full-time course of study at Georgia State may be in jeopardy of the following:

- Losing insurance coverage under his or her parent/guardian’s insurance policy;
- Being placed on a loan repayment schedule by a lender or guarantor if the student is the recipient of federal financial aid; and/or
- Losing a scholarship if the guidelines for receiving the scholarship require full-time enrollment.

**Half-time Course Load:** Half-time enrollment is 6 to 11 semester hours for students.

**Increased Course Load:** A student may schedule as many as 18 semester hours without special permission. Requests for exceptions to the maximum course load of 18 semester hours will be considered by the University Advisement Center or the Office of Academic Assistance of a student’s college if the student has completed a course load of 15 semester hours in some previous semester at Georgia State University with a grade point average of at least 3.00 for the semester and if either of the following conditions is met:

- The student attained the President’s List designation during his or her most recent enrollment at Georgia State and, if a reentering student, has achieved a grade of A for all credit hours earned elsewhere since the most recent enrollment at Georgia State; or
- The student has earned 60 semester hours of credit and has a cumulative grade point average of at least 3.00 for the preceding two semesters of residence.

**International Students:** International students in the student visa status of F and J are required to carry a full-time course load as defined by the Department of Homeland Security (currently 12 credit hours per semester for undergraduate students). An international student who is enrolled on a student visa may be in jeopardy of being out of compliance with the Department of Homeland Security if enrolled in less than a full-time course of study. Additionally, those F and J international students enrolling for the first time in summer school must carry six credit hours to be considered full-time for immigration purposes.

**1330.33 Registration Restrictions**

Registration in some courses in some majors is restricted. See the following sections of this Catalog for more information.

1330.35 Taking a Course More Than Once

Colleges may limit the number of times a student can take a course for a grade. Colleges may place this limit on some courses but not others, and different courses may have different limits. All limits are stated in the catalog. For purposes of this policy, a student takes a course for a grade when they receive a grade notation included in the grade point average calculation. For example, a student who earns an A or a WF has taken the course for a grade, but a student who earns an S or W has not. If a student takes a course multiple times at another institution or at Georgia State, the grade earned in the final attempt will determine the applicability of the course to the degree requirements. A student who wishes to take a course more times than authorized by the college must enroll as an auditor.

1330.40 Cross Registration

Georgia State University students may enroll in courses offered by member institutions of the Atlanta Regional Consortium for Higher Education (ARCHE) under a cross registration agreement. Students who wish to cross register must meet all eligibility requirements under the ARCHE agreement and the University. Courses taken through cross registration are considered resident credit. Students may learn more about cross registration or obtain an ARCHE Cross Registration Application at http://www.gsu.edu/registrar/cross-registration.html.

Cross Registration Application Deadlines

- Fall Semester: July 26
- Spring Semester: December 1
- Summer Semester: May 1

Eligibility Criteria

- Students must be in good standing and have a minimum Georgia State University cumulative GPA of 2.0 and the required GPA to enroll in the Georgia State course which is most similar to the course the student wishes cross register
- Students must be concurrently enrolled in at least one Georgia State course.
- Students must meet prerequisites for requested course(s) as defined by Georgia State University and the host institution.
- Students must meet the host institution’s immunization and health requirements.
- First-semester freshmen may not cross register (unless cross registering in courses for purposes of ROTC training or marching band).

Course Restrictions

Students may not cross register for a course if
The course is offered at GSU that semester.
The course has been previously attempted at Georgia State (including attempts which resulted in a withdrawal or an unsatisfactory grade).
The course or an appropriate substitute is routinely available at Georgia State (that is, offered each semester or on a specified regular basis, such as every fall). Determination of whether the course is routinely available is made by the advisement office in consultation with the chair or director of the academic unit that offers the course.
The College and/or degree program has restrictions or departmental requirements for the specific course.
The student expects to graduate from GSU during the semester the student wishes to cross register a course.

Students are limited to two cross-registered courses per semester, and the combined course load at Georgia State University and the host institution may not exceed 18 credit hours.

Procedures

Students who wish to cross register must complete and submit an ARCHE Cross Registration Application to the Office of the Registrar, room 225, Sparks Hall. Cross Registration Applications are available online: http://www.gsu.edu/registrar/cross-registration.html.

Students who wish to take academic courses at an ARCHE institution must obtain written approval in advance from the University Advisement Center or the Office of Academic Assistance in the student’s college. Course outlines (syllabi) and catalog information may be required so content can be evaluated before approval is granted by the Office of Academic Assistance.

Students are not allowed to pre-register in courses they wish to cross register. Once all approvals have been obtained, the host institution’s Cross Registration Coordinator will register students for the approved course(s) on a space-available basis after the host institution’s regularly enrolled or continuing students have had first priority for registration. The host institution’s Cross Registration Coordinator will inform the student of approval and registration status.

Georgia State University’s students will pay Georgia State University’s tuition and fee rates via PAWS. However, special fees (lab fees, parking and equipment lease) and security deposits must be paid to the host institution.

Students must abide by all host institutions’ policies and schedules regarding immunization requirements, grades, exam dates, absences, and add/drop/withdrawal deadlines. To withdraw from a course, both Georgia State University and the host institution’s withdrawal procedures must be followed. Changes in registration must be approved by Georgia State University and the host institution’s Cross Registration Coordinators.

Upon completion of the course, the host institution’s Cross Registration Coordinator will send a final transcript to Georgia State University. Students who receive a grade of Incomplete at a host institution should recognize that the time limit for removal of a grade of Incomplete must not exceed Georgia State University’s deadline for removal of a grade of incomplete (see section1350.30 Changes in Grade). It is the student’s responsibility to request an official transcript from the host institution once the grade of
Incomplete has been satisfied and a final grade has been assigned.

Students must complete a new ARCHE Cross Registration Application for any subsequent term.

Cross registration is available in the summer on a limited basis. Consult the Office of the Registrar for more information. The participating ARCHE member institutions are: Agnes Scott College, Atlanta College of Art, Brenau University, Clark Atlanta University, Clayton State University, Columbia Theological Seminary, Emory University, Georgia Gwinnett College, Georgia Institute of Technology, Interdenominational Theological Center, Kennesaw State University, Mercer University Atlanta Campus, Morehouse College, Morehouse School of Medicine, Oglethorpe University, Savannah College of Art and Design – Atlanta, Southern Polytechnic State University, Spelman College, State University of West Georgia, and University of Georgia.

Cross registration credits count as resident credit and all grade requirements apply. (See Sections 1440, 1450, 1460, and 1480.)

1330.55 Off-Campus Courses

Many courses are offered to Georgia State University students at satellite locations. Students taking these courses must meet the same academic requirements and deadlines as students attending classes at the downtown campus. Each semester a list of off-campus courses can be found by accessing the online registration system in PAWS at paws.gsu.edu.

1332 Revision of Class Schedules (Add/Drop/Withdraw)

Students who wish to revise their class schedules must follow the procedure appropriate for the period of time in the semester (see section 1332.10 below). During the published registration periods for each semester, students may revise their schedules by accessing PAWS. Schedule revisions are defined as any changes to a student’s schedule and include dropping and/or adding classes.

To remove a course from a class schedule during the published registration period is referred to by the University community as “dropping” a course. Dropped courses do not appear on the student’s official record. After the last day to add/drop a course, students may “withdraw” from a course when they decide to stop attending. Withdrawn courses appear on the student’s official record. Withdrawing from a course prior to the midpoint of the term makes the student eligible for a grade of W if the withdrawal limit has not been exceeded. This grade is reflected on the student’s official record. After midpoint, the student will receive the grade the instructor assigns.

All schedule adjustments must be completed by the official last day to register for courses as published in the online Semester Calendars at paws.gsu.edu. Printable calendars can also be found on gsu.edu under the Registrar’s page. If an institutional error has occurred, and a student wishes to be allowed to register for a course after the deadline, the student should contact the department offering the course.
1332.10 Dropping Classes and Voluntary Withdrawal

Students are responsible for formally dropping or withdrawing from courses using the online registration system, PAWS at paws.gsu.edu. Students should not simply stop attending. Students should be aware of the financial and academic consequences of dropping and withdrawing from courses by consulting with an academic advisor and referring to information concerning the tuition refund schedule found on the Office of Student Accounts’ web page and by referring to information on the Office of Financial Aid’s web page, which are located on the gsu.edu website.

Georgia State University reserves the right, at any time during the semester, to drop any student from classes for failure to pay tuition and fees. However, students should not assume that Georgia State will drop them from classes for failure to pay tuition and fees.

A. Registration Time Periods

1. Adding/Dropping Time Period: When registration opens for the term up until 5 p.m. the first Friday of the term, students may:
   - Add courses on PAWS
   - Drop courses on PAWS to no longer appear on the student’s official transcript. Note: Students will no longer be charged tuition for courses that are dropped at this time unless an equal credit hour course is added as well. (Refer to the tuition refund schedule on the Student Account web page at gsu.edu. Note: dropping courses and lowering your credit hours for the term may have consequences academically and for financial aid eligibility)
   - After this time, students will not be able to add or drop courses on their own.

2. Schedule Adjustment – After the first week of classes up until the Midterm
   - Students may withdraw from a class or classes on PAWS.
   - Students will receive a grade of W or WF for any class withdrawn during this period depending on whether or not they have exceeded their limit of withdrawals with a grade of W.
   - Specifically, students will automatically be awarded a W if they have not exceeded their limit and a WF if they have. Grades of W and WF appear on the student’s transcript. (Note: A grade of WF is treated as an F for GPA calculation purposes.)
   - Note: The last day for a student to add a class in PAWS is the first Friday of the term at 5 p.m.
   - As of the second week of classes, faculty have the discretion to request to add or drop students from classes if an administrative academic error has occurred. Factors such as space availability and health and safety regulations may apply to such requests. During the second week of classes, faculty have until Friday at 5 p.m. to submit a request to add or drop students from classes.

3. After the midpoint of the term: During this period, voluntary withdrawals are not allowed via PAWS.
   - Students can no longer voluntary withdrawal from classes
   - Grades will be posted based on those assigned by instructors.
   - Students are responsible for consulting the course syllabus for specific instructor policies regarding such matters as penalties for missing the first class, an exam, an assignment or a project. These may include, among the other things, being dropped
B. Limits on Withdrawals with a Grade of W

1. Students are allowed to withdraw with a grade of W a maximum of six times in their undergraduate careers at Georgia State.

2. The limit on withdrawals does not apply if a student withdraws from all classes during a term before the midpoint. However, students are only allowed to withdraw from all classes prior to the midpoint twice without having their withdrawals count against the limit. Students who withdraw from all classes a third or subsequent time will automatically receive a grade of WF in their classes if they have reached their limit of Ws.

3. It is possible that a student will withdraw from more than one class in a particular semester and not have enough Ws left to use a W in all those classes. In that case, classes will be awarded a W based on the date and time the student initiated the withdrawal from that class. For example, if a student had taken five Ws in their career at Georgia State and then withdrew from three of the four classes in which the student is enrolled, the student’s sixth W allowed would be assigned to the class from which the student withdrew first. The student would receive a WF in the other two classes. In these cases, students may make an appeal to the University Advisement Center or the student’s Office of Academic Advisement to shift the W from one class to another. Such requests must be made no later than the end of the subsequent semester in which the student withdrew from the classes. (Whether a student is enrolled in the semester after the semester in which the student withdrew from the classes does not change this time limit.) Students may not shift Ws between semesters.

4. The following types of withdrawals do not count against the limit on withdrawals with a grade of W:
   - Emergency withdrawals (see Section 1332.40).
   - Grades of WF (withdrawal failing).
   - Grade of WM (withdrawal military).
   - Withdrawals taken in semesters before Fall Semester 2006.
   - Withdrawals taken at other institutions.

5. This policy applies to all degree-seeking undergraduate students. It does not apply to non-degree students (such as post baccalaureate and transient students).

Students formally withdrawing from all classes may be entitled to a partial refund of their fees (see Section 1240).

In an emergency situation that precludes personal action to withdraw from classes, a student may communicate with the Office of the Dean of Students, www.gsu.edu/deanofstudents.

1332.20 Withdrawals and Drops from Off-Campus Courses and Cancelled Courses

In general, if a student voluntarily withdraws from an off-campus course, then the normal withdrawal policy applies (see section 1332.10). If the off-campus course’s schedule does not match a Georgia State University term, then the mid-point of the course will be the mid-point of the period from the first off-campus meeting of the course to the last meeting of the course.

If a course is cancelled by Georgia State after the first week of classes, then the student may choose between the following options:
• They may have the course dropped from their schedule (even if the course is cancelled after the end of Late Registration), or
• They may take a W in the course, or
• In coordination with the course instructor and the department chair, the student may develop an academically appropriate plan to complete the course. These plans must be approved by the instructor and the department chair.

1332.30 Involuntary Withdrawal

Students are expected to observe all policies governing the class. Faculty must clearly state these policies in the course syllabus. When a faculty member determines that a student is in violation of one of the class policies (for example, has missed a required assignment or has excessive absences), that faculty member may withdraw the student from the course. Students involuntarily withdrawn prior to the midpoint of the course will be assigned a grade of W unless they have exceeded their maximum number of withdrawals allowed (see Section 1332.10). Students involuntarily withdrawn after the midpoint of the course will be assigned a grade of WF. Note that a WF is treated as an F for GPA calculation purposes. Using the official Georgia State University email system, the instructor will notify a student who is involuntarily withdrawn, and within ten days of this notification, the student may petition to the department chair for reinstatement in the course.

Students involuntarily withdrawn from all classes may be entitled to a partial refund of their fees (see Section 1210).

1332.40 Emergency Withdrawal

Students may request an emergency withdrawal when a non-academic emergency situation occurs that prevents them from completing their course work (e.g., severe medical problems, traumatic events) and when the timing or nature of the emergency prevents them from voluntarily withdrawing from their classes. (See Section 1332.10.) Emergency withdrawals are subject to the following restrictions:

• Students must initiate an application for an emergency withdrawal no later than two academic years after the semester in which the courses were taken.
• Students may request emergency withdrawals in a maximum of two semesters of their enrollment at GSU.
• Students may not request an emergency withdrawal after degree conferral.

Emergency withdrawals normally apply to all the courses a student took in a semester. In exceptional cases, emergency withdrawals may be granted for some of a student’s courses. Students requesting an emergency withdrawal in some but not all of their courses must provide documentation to justify a partial withdrawal.

If a student is granted an emergency withdrawal, W grades will automatically be awarded. W grades awarded as a result of the emergency withdrawal process do not count against the student’s voluntary withdrawal limits. (See Section 1332.10.)

For further information on emergency withdrawals, contact the Office of the Dean of Students at
1332.45 Military Withdrawal

A student who is on active duty or is a military reservist (including members of the National Guard and United States Army Reserve) may withdraw from the University if called for active duty or reassignment. The student must officially withdraw and submit Official Orders to Active Duty to the Enrollment Services Center, 227 Sparks Hall. The student is not eligible for a military withdrawal in any course in which the student has completed the course requirements (for example, taking the final exam or submitting the final paper) and/or a grade has been assigned. Elective fees are to be prorated according to the date on which the student officially withdraws. Students who withdraw and receive a full tuition refund will receive a grade of “WM” (military withdrawal) for all courses from which the student has withdrawn.

1332.50 Non-Academic Withdrawal

In the judgment of the Dean of Students, a student may be withdrawn from the university for non-academic reasons when it is determined that the student has demonstrated behavior that: (a) poses a significant danger or threat of physical harm to self or to the person or property of others; or (b) interferes with the rights of other members of the university community or with the exercise of any proper activities or functions of the university or its personnel. Except in situations where the student is believed to be an imminent threat to self or others, as determined at the sole discretion of the University, a student shall, upon request, be accorded an appropriate hearing prior to the final decision concerning his or her continued enrollment at the university. In situations involving an imminent threat, the student will be provided a hearing as soon as possible after the withdrawal occurs. The instructor will assign students who are non-academically withdrawn a grade of W or WF (depending on whether they have exceeded their maximum number of withdrawals allowed) if they are withdrawn before the semester midpoint and a WF if they are withdrawn after the semester midpoint.

1334 Class Attendance

The resources of the University are provided for the intellectual growth and development of its students. The University expects each student to take full responsibility for his or her academic work and academic progress. Students are expected to attend classes in order to gain command of the concepts and materials of their courses of study. As such, the University does not mandate the number or percentage of absences that are acceptable but suggests a guideline of 15 percent for determining an excessive level of absence. The specific class attendance policies for each class are at the discretion of the instructor, in accordance with the policies of the department and college.

All matters related to student absences, including making up work missed, are to be arranged between the student and the instructor before the semester begins or on the first week of classes. All instructors will, at the beginning of each semester, make a clear statement in the course syllabus for each of their classes, describing their policies for handling absences. Students are obligated to adhere to the requirements of each course and of each instructor. Instructors are encouraged to provide avenues for students to make up examinations and other work missed due to an excused absence.
Excused absences are recognized in the following cases:

1. University-Sponsored Events

Absences due to activities approved by the Office of the Provost, in which a student is an official representative of the University will be recognized as excused when the student informs the instructor in writing during the first week of the semester of his or her participation in an activity that may generate excused absences and the dates of planned absences for the semester. If requested, the appropriate university official will provide a memo stating the official nature of the university business in advance of the activity. Absences due to similar events, which could not have been anticipated earlier in the semester, will be recognized as excused absences upon advance notification of the instructor by an appropriate faculty advisor or administrator.

2. Legal Obligations

Absences due to legal obligations (for example, jury duty, military orders) will be recognized as excused absences. The student must provide the instructor with written documentation of such absences at the earliest possible date.

3. Religious Observances

Students wishing to have an excused absence due to the observation of a religious holiday of special importance must provide advance written request to each instructor by the end of the first week of classes.

Class Attendance by Veterans

The Department of Veterans Affairs requires that institutions of higher learning immediately report to them when a student discontinues attendance for any reason. Instructors must report to the Registrar's Office the absence of a veteran student as soon as it is known that the veteran student will not be returning to class. Generally, this should be reported after one week of absences and no later than two weeks of nonattendance by a veteran student.

In addition, it is suggested that the faculty give due consideration to absences relating to the following events: death or major illness in student’s immediate family, illness of a dependent family member, illness that is too severe or contagious for students to attend class.

1336 Final Examinations

A student shall not be required to take more than two examinations within one 24-hour period during the published final examination period. More than two examinations within 24 hours are referred to as clustered examinations. A student who discovers an exam scheduling conflict should notify his or her professor at least 14 days prior to the final exam period beginning.

A student is considered to have an inappropriate clustering of final examinations when more than two examinations fall within 24 hours (for example, examinations at 8:30 a.m., 11:30 a.m., and 6:00 p.m. on the same day, or examinations at 6 p.m. on one day, and at 8:30 a.m. and 2:30 p.m. on the following day); the
student is not considered to have an inappropriate clustering of examinations if the third examination in sequence begins at the same time on the subsequent day as the first examination (for example, 6:00 p.m. on one day, and 2:30 p.m. and 6:00 p.m. on the following day).

Students who have three or more clustered examinations may request of one professor that the examination be rescheduled according to the following procedure:

- If a final examination was rescheduled and thereby created a “cluster,” the instructor of the rescheduled examination will provide a special administration for the adversely affected student.
- If one or more of the clustered examinations is a “common examination” with an established conflict resolution time, the student may request to resolve the conflict by taking one of the common examinations in the conflict resolution time. If two or more of the examinations are “common examinations,” the student may choose which “common examination(s)” is to be rescheduled.
- If one of the clustered examinations is not a common examination or the result of rescheduling, the instructor of the middle examination(s) will provide a special administration for the adversely affected student.

Students must inform the instructor, in writing and at least 14 days before the beginning of the final exam period, that a clustered examination situation exists with respect to that instructor’s course and that the student will need to take the final examination as a special administration. If a student fails to inform the instructor, in writing and at least 14 days before the beginning of the final exam period, the instructor is not required to provide a special administration of the final examination.

Once a student has taken an examination, he or she cannot request a reexamination on the basis of this policy.

1340 Classification of Students and Courses

1340.10 Class Standing

Students are classified on the basis of total earned hours of academic credit as follows:

<table>
<thead>
<tr>
<th>Student Status</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-29</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more</td>
</tr>
</tbody>
</table>

The classification under which a student registers at the beginning of any semester will continue through that semester.

1340.20 Change of Catalog Edition

Students must normally satisfy the degree requirements of the catalog in effect at the time they enter
Georgia State University. However, in some circumstances, revisions may be required to provide more effective programs. The term “degree requirements” refers to the courses and grades required to earn the degree. Changes in academic regulations affect all students, regardless of the catalog edition; examples include the scholastic discipline policy, procedures for removing incomplete grades, and appeals procedures.

There are several instances when a student will be required to change catalog editions and satisfy the curricular degree requirements of the catalog in effect at the time he or she:

- Officially changes colleges within the university;
- Officially changes their degree;
- Officially changes majors within a college;
- Officially changes from post baccalaureate status to any degree-seeking status;
- Reenters the university after a period of two or more consecutive years during which time he or she did not earn academic credit at Georgia State;
- Reenrolls at Georgia State after attending another institution as a transient student with the intention of transferring credits earned at the other institution to Georgia State without having followed protocol as outlined on the Registrar’s Transient Request Form. This regulation applies to any length of absence from the university. In such cases, students are considered to be transfer students;
- Reenrolls at Georgia State after attending another institution as a transfer student. This regulation applies to any length of absence from the university; and
- Has not graduated by the time his or her catalog edition is ten years old.

Students may choose to satisfy the degree requirements of a later catalog, but, if they choose to do this, they must meet all the requirements of the later catalog. Degree requirements of more than one catalog edition cannot be combined. Students who choose to satisfy requirements of a later catalog must notify the University Advisement Center or the Office of Academic Assistance of their college.

Any requests for exceptions to the “change of catalog edition” policy must be submitted as an appeal of academic regulations and graduation requirements and processed as a University level petition.

1340.30 Declaration of Major

All applicants other than freshman must declare a degree and major at application. All freshmen must declare a degree and major one calendar year after their first enrollment at Georgia State. Students are encouraged to declare a major as early as possible. This is especially true for students following a track in natural sciences, health sciences, or mathematics. Colleges and departments may require students to declare a degree and major earlier than indicated above. The Director of the University Advisement Center is authorized to grant exemptions to this policy.

1340.35 Change of Degree Major and College

Students may request to change majors within one college at Georgia State University or change to another college. If the request is approved, students will transfer their academic standings (good, warning,
supervision, or probation). Some programs have special requirements for admission, so students should contact the University Advisement Center or the Office of Academic Assistance of the desired college to determine if special criteria apply.

To request a change of degree, major, or college, students should contact the University Advisement Center or the Office of Academic Assistance of the college in which they are currently enrolled. Students who change degree, majors or colleges will be required to satisfy the degree requirements in effect at the time the change is officially recorded. Students who have applied to graduate must declare their degree, major, and minor/concentration (if applicable) with their advisement office prior to their final semester to avoid a possible delay in graduating.

1340.40 Double Major

A double major consists of two separate majors in the same baccalaureate degree (for example, B.S. with majors in Criminal Justice and Psychology), regardless of the college or colleges in which that degree is awarded. A double major is earned when the student completes all requirements for each of the majors and all requirements for the degree. The minimum residence requirement of 39 semester hours at Georgia State University in courses numbered 3000 or above must be met for the first major. If the second major is completed concurrently with the first major, or within five calendar years of the first major, this requirement shall be deemed to have been satisfied for both majors.

After five years from the date of the awarding of the first major, credit that was used to satisfy the university’s academic residence requirement cannot be applied toward the university’s residence requirement for the second major. Regardless of when the second major is completed.

At least one-half of the courses comprising both majors must be taken at Georgia State.

Whether in one degree or two, a student may not graduate with more than two majors. (For example, a student may not earn a B.S. with a double major in Economics and Psychology and also a B.A. in English. This would constitute three majors and would not be permissible.)

Students who wish to earn double majors should consult with the University Advisement Center or the Office of Academic Assistance of their current college and, if the second major is offered by another college in the university, with the Office of Academic Assistance of the relevant college for information on procedures to follow.

The Dean of the Honors College may, in exceptional circumstances, allow a student in the honors program to complete three majors in one or two degrees.

1340.45 Dual Degrees

Dual degrees are earned when a student satisfies all requirements for two different baccalaureate degrees (for example, B.A. and B.S.) within one or more colleges of Georgia State University. The minimum residence requirement of 39 semester hours at Georgia State University in courses numbered 3000 or above must be met for the first degree. If the second degree is completed concurrently with the first degree, or
within five calendar years of the first degree, this requirement shall be deemed to have been satisfied for both degrees. After five years from the date of the award of the first degree, credit that has been used to satisfy the university’s academic residence requirement for this degree cannot be applied toward the university’s minimum academic residence requirement for the second degree. Regardless of when the second degree is completed, both degrees require that at least one-half of the courses comprising the major must be taken at Georgia State. If a department offers more than one degree, it may prohibit a student from earning more than one degree in that department. This restriction will appear in the Program Degree Requirements section of the description of the major.

Students who wish to earn dual degrees should consult with the University Advisement Center or the Office of Academic Assistance of their current college and, if the second degree is offered by another college of this university, with the Office of Academic Assistance of the relevant college for information on procedures to follow.

1340.50 Dual Undergraduate/Graduate Degree Programs

Georgia State offers a number of dual undergraduate/graduate degree programs where select, high caliber students can complete both the bachelor’s degree and one of several prestigious graduate degrees in up to a year’s less time than it would take to pursue the two degrees consecutively. A list of the specific dual degree programs offered and information regarding admission qualifications can be found at www.gsu.edu/enrollment/dual_degree_programs.html.

1340.60 Classification of Courses

1350 The Grading System

1350.10 Grades

The following grades are used to specify level of performance in academic courses:

A: Excellent
B: Good
C: Average  
(Minimum grade required for certain courses, as specified elsewhere in this catalog.)

D: Poor  
A grade of D, while earning credit hours, will not apply toward the degree in courses requiring a grade of C or higher. Georgia State University will allow no more than 12 semester hours of D grades to apply toward degree requirements. Certain programs limit this further. See Section 1450 for more details.

F: Failure  
This grade indicates failure. No credit toward graduation is given for a course in which a grade of F was received.

WF: Withdrawal while Failing  
This grade indicates failure. No credit toward graduation is given for a course in which a grade of WF was received. A WF and F are treated the same for GPA calculation purposes.

The grades listed below are approved for use in the cases indicated but will not be included in the determination of a student’s cumulative grade point average:

W: Withdrawal  
This symbol indicates that a student was permitted to withdraw from the course without penalty. (See “WF: Withdrawal While Failing” above, and Section 1332)

WM: Military Withdrawal  
This symbol indicates that active duty military personnel and military reservists (including members of the National Guard) received emergency orders to active duty or reassignment during the term (see Military Withdrawal, Section 1332.45).

I: Incomplete  
The notation of I may be given to a student who, for nonacademic reasons beyond his or her control, is unable to meet the full requirements of a course. In order to qualify for an “I”, a student must:

- Have completed most of the major assignments of the course (generally all but one); and
- Be earning a passing grade in the course (aside from the assignments not completed) in the judgment of the instructor.

When a student has a nonacademic reason for not completing one or more of the assignments for a course, including examinations, and wishes to receive an incomplete for the course, it is the responsibility of the student to inform the instructor in person or in writing of the reason. A grade of incomplete is awarded at the discretion of the instructor and is not the prerogative of the student. Conditions to be met for removing a grade of incomplete are established by the instructor. Registering in a subsequent semester for a course in which a grade of incomplete has been received will not remove the grade of incomplete. (See Section 1350.30, paragraph 2.) No student may graduate with an “I” on his or her record for that degree program. If the requirements to remove a grade of incomplete are not met prior to the deadline, the grade of I will convert to a grade of F.

IP: In Progress  
This symbol indicates that credit has not been given in courses that require a continuation of work beyond the term for which the student registered for the course. The use of this symbol is approved for dissertation, thesis, study abroad and project courses (such as student teaching, clinical practice
and internships). The IP notation may be replaced with an appropriate grade by the instructor. This symbol cannot be substituted for an “I.” This grade is used in the Learning Support Program (LSP) to indicate that a student has demonstrated academic growth in the course; however, the level of achievement is not sufficient to meet all of the course requirements. In LSP, the grade of IP is a permanent grade and does not meet the minimum exit criteria for any course in the program.

S: Satisfactory
This symbol indicates that credit has been given for completion of degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. This symbol is also used in a Regents’ Test Preparation Course when the Regents’ Test was passed.

U: Unsatisfactory
This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work. No credit will be given. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. This symbol is also used in a Regents’ Test Preparation Course when the Regents’ Test was not passed.

V: Audit
This notation is used when a student has audited a course. Students do not earn academic credit for such courses. See Section 1330.25.

K: Credit-by-examination
This symbol indicates that a student was given credit for a course based on successful performance on an examination approved for this purpose.

NR: Not Reported
This symbol indicates that a student’s grade was not reported to the Registrar’s Office by the deadline for reporting grades for the term as published in the on-line Registration Guide. The grade will be updated as soon as the instructor reports the grade.

GP: Grade Pending
This symbol indicates a grade will be assigned pending the outcome of an academic honesty case. See Section 1380.

1350.20 Cumulative Grade Point Average (GPA)

Georgia State University has three cumulative grade point averages that are used to determine academic progress and appear on student’s permanent records.

Institutional GPA – Based on courses taken at Georgia State University

This cumulative grade point average is calculated by dividing all hours attempted at Georgia State University into total quality points earned. Quality points are calculated by multiplying hours earned for each course by the numerical value of the grade earned. (See the following table for numerical equivalents of letter grades.) Credits earned in other institutions, credit by examination, credits which carry S/U grades, CLEP credit, IB credit, AP credit, remedial courses and courses specifically excluded by University policy are not used in computing the grade point average.

The institutional grade point average is used in determining your academic standing, and determines your
eligibility for graduation. (A 2.00 is required for undergraduate students for graduation.)

**Overall Grade Point Average:** – Based on courses taken at Georgia State University and transfer grades.

The overall grade point average is calculated by dividing all hours attempted at Georgia State University and those transferred into total quality points earned. Quality points are calculated by multiplying hours earned for each course by the numerical value of the grade earned. (See the following table for numerical equivalents of letter grades.) Credit by examination, credits which carry S/U grades, CLEP credit, IB credit, AP credit, remedial courses, and courses specifically excluded by University policy are not used in computing the grade point average.

This GPA is used by some departments that require admission to a major. See specific admission requirements within the program descriptions.

**HOPE Grade Point Average:** The HOPE grade point average is calculated by dividing all hours attempted since high school graduation. This will include credits attempted for remedial courses. The calculation of this GPA does not include plus or minus attributes. For example, both a B+ and B- will be treated as the equivalent of a B. All grades from previous institutions attended are calculated in this grade point average.

This GPA is used to determine eligibility for the HOPE scholarship.

All grade point averages are rounded to the hundredth place. For example, 2.676 is rounded to 2.68.

All attempts at all academic courses taken are included in these calculations, based on the definitions listed above, of total number of grade points earned and the total number of semester hours attempted.

The numerical value (grade point) for academic letter grades are as follows:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>

The symbols I (Incomplete), IP (In Progress), W (Withdrawal), S (Satisfactory), U (Unsatisfactory), V (Audit), K (Credit-by-examination), and NR (Not Reported) do not have numerical equivalents and are not used in calculating grade point averages. The Department of Veterans Affairs defines the U and V as
non-punitive grades; however, veteran students should notify the veterans’ counselor immediately upon receiving a grade of U or V.

1350.25 Repeat to Replace Policy

Under the conditions outlined below, undergraduate students who have retaken courses and earned a higher grade may request to have the first grade excluded from their institutional GPA. If the request is approved, the Office of the Registrar will make appropriate notations next to the original course and the retaken course on the student’s official transcript. Grades for all attempts at the course will appear on the student’s official transcript regardless of whether or not the grade has been excluded from the student’s GPA. This policy has no effect on any GPA requirements set by state or federal laws/regulations (such as the GPA requirements set by the HOPE scholarship program). A copy of the request and approval will become part of the student’s permanent record file. The attempt to repeat must be made in Fall 2011 or thereafter. Students who have repeated courses prior to this date will not be allowed to delete earlier attempts from their GPA calculation. Units may prohibit students from repeating certain courses.

An undergraduate student may request to have a grade excluded from GPA computation under the following conditions:

- Before requesting to apply the repeat-to-replace policy, a student must have retaken the same undergraduate course (or the renumbered substitute for that course) in the same department at GSU and earned a higher grade in the course retaken.
- No more than a total of four course grades (from four different courses) may be replaced and excluded from the student’s GPA.
- Requests must be submitted before the beginning of the term of graduation.
- Once a request has been approved the request cannot be revoked or reversed.
- This policy applies only to the first recorded grade in a course that a student has repeated. For example, suppose that a student took a course three times. The student may use the second or third grade to replace the first grade. The student may not use the third grade to replace the second grade.
- Only grades that are part of a student’s GPA may be replaced. For example, Ws, Ss, and Us cannot be replaced.
- This policy does not apply if the original grade was assigned as a result of a violation of the Academic Honesty policy. (The University maintains internal records of violations of the Academic Honesty policy. In addition, in some cases, violations of the Academic Honesty policy are noted on the transcript. Whether the violation is recorded internally or on the transcript, a student may not replace a grade that was awarded as a result of a violation of the Academic Honesty policy.)
- The Repeat-to-Replace applies only to degree-seeking students pursuing their first undergraduate degree at GSU.
- Students may not use this policy to replace grades awarded prior to semester conversion (for example, quarter courses).

1350.30 Changes in Grade

A course grade that has been reported by the instructor to the Office of the Registrar and recorded on the student’s academic record cannot be changed except in the following circumstances:
• **Error in grade.** If a student believes that there is an error in a grade, the student should discuss the situation with the instructor. A request for a change of grade assigned by an instructor who has left the University should be addressed to the chair of the department.

• **Removal of an Incomplete.** A student receiving a grade of I (incomplete) is expected to consult with the instructor within the prescribed time limit and to complete all necessary work. The period of time given to a student to remove a grade of I is established by the instructor, subject only to the maximum time limit set by the University. The University requires that a grade of I be removed no later than the end of the second academic term after the grade of I was assigned (whether or not the student was enrolled during these two terms). The Office of the Registrar will assign a grade of F at the end of the second academic term unless the Office of the Registrar receives an approved grade adjustment request from the instructor. (If the student enrolled for S/U grading, a U will be assigned.) Using the grade adjustment form, instructors may or may not change this F/U to an authorized academic grade (i.e., A, B, C, D, S or WF) but may not change it back to an I. Instructors may not change an I to a W unless a Hardship Withdrawal is awarded. In exceptional cases, departments may authorize students to have an I grade for more than two semesters. Such authorizations must be approved by the department chair. The authorization to extend the I beyond two semesters must be renewed each semester. Registering in a subsequent semester for a course in which a grade of incomplete has been received will not remove the grade of incomplete. (See Section 1350.30, paragraph 2.) No student may graduate with an “I” on his or her record for that degree program. If the requirements to remove a grade of incomplete are not met prior to the deadline, the grade of I will convert to a grade of F.

### 1350.40 Posthumous Grades

When a student passes away before completing all assignments in a course, that student will be awarded a grade of W in the course. However, if the student has completed more than half the work required for the course and earned a grade of A or B in that work, the instructor may award the student an A or a B.

See section 1490.40 concerning requests for a posthumous degree.

### 1352 Academic Recognitions

**President’s List:** Degree-seeking students with a minimum Georgia State University cumulative grade point average (GPA) of 2.00 who complete at least nine semester hours of academic credit in fall or spring term (or six semester hours in summer term) with no Incompletes for the semester and who earn a 4.00 GPA will be placed on the President’s List for the semester.

**Dean’s List:** Degree-seeking students with a minimum Georgia State cumulative grade point average (GPA) of 2.00 who complete at least nine semester hours of academic credit in fall or spring term (or six semester hours in summer term) with no Incompletes for the semester and who earn a GPA of at least 3.50 shall be placed on the appropriate Dean’s List for the semester.

President’s and Dean’s Lists are posted on the university website three to four weeks in the subsequent semester.
1352.20 Signature Experiences

A signature experience is an experience in which learning comes alive and students are encouraged to be active in their own education. Specifically, in a signature experience students:

(1) Go outside the classroom to apply what they are learning

(2) Engage in an experience over a sustained period of time

(3) Learn through experiences that are not typically encountered in the standard classroom and

(4) Produce a final product that is evaluated by a faculty member.

The central learning outcome of a signature experience is the ability to apply knowledge/skills outside of a standard classroom context. Final products include (but are not limited to) research papers, conference presentations, presentation of works of art, case studies, and reflection papers. Signature experiences are offered as part of courses that earn course credit. Signature experiences can be listed by departments as stand-alone signature experiences courses or they may be offered as in conjunction with a non-signature-experience course as a course with a “signature experience dimension.” (In other words, it may be that all students in a course are completing a signature experience or it may be that a course has multiple cross-listed sections and only some of those sections are signature experience sections.) Every major offers at least one signature experience.

There are six categories of signature experiences:

- Students have an Arts Signature Experience when they participate in the production or presentation of creative works.
- Students have a City Signature Experience when they participate in activities that are related to the unique challenges of urban environments.
- Students have a Global Signature Experience when they participate in activities that offer them the opportunity to learn and engage as global citizens.
- Students have a Professional Signature Experience when they participate in work-related experiences.
- Students have a Research Signature Experience when they work on a research project.
- Students have a Service Signature Experience when they integrate service and learning activities to address a community need.

Units may place appropriate prerequisites on admission to their signature experience programs. They may also limit the number of students who may enter a signature experience program and set up appropriate admissions processes to determine who is allowed admission to a signature experience program.

1352.30 Global Scholars

At graduation, students who who earn a B or better in five 3000-4000 courses with a global perspectives designation will be recognized as Global Scholars.
To be eligible to be a Global Scholar, students must have an overall GPA of 3.0 when they become juniors. (Students who are juniors when they first enroll at GSU must have a transfer GPA of 3.0.) In addition, Global Scholar must have an overall GPA of 3.0 at graduation.

At least two of these five courses must be outside the discipline of the student’s major. However, in cases, where a major gives credit for 3000-4000 courses outside its discipline, those courses count as being outside the discipline of the student’s major. For example, the pre-education concentration of the major in African-American Studies (AAS) allows students to meet some of the requirements of the AAS major with courses other than those with the AAS prefix. Courses with HIST, POLS, GEOG, ECON, and EDUC prefixes count towards the AAS major. For the purposes the Global Scholars program, the courses with HIST, POLS, GEOG, ECON, and EDUC prefixes are outside the discipline of the student’s major.

Global competence is defined as “the skills, knowledge, and awareness that enhance the ability to function in a global environment.” Each of these aspects of global competence can be further subdivided as follows:

**Skills**

- Foreign language skills: the ability to communicate in a language other than English
- Communication skills: the ability to communicate with diverse audiences and with people from different backgrounds and learning styles
- Analytical skills: the ability to analyze and synthesize comparative and cross-cultural information with sound judgment

**Knowledge**

- Comparative grasp of political systems, histories, religions, cultures, literatures, economies, etc.
- Recognition of global interconnectedness and conflict
- Ability to think critically about the U.S. and see it in a global context

**Awareness**

- Openness to different thoughts, ideas, and perspectives; curiosity; adaptability; flexibility in ambiguous or unfamiliar situations as well as in international or intercultural environments
- Willingness to stay abreast of international current events and seek out new intercultural opportunities at home or abroad
- Appreciation of and respect for difference and diversity and a highly developed sense of empathy, awareness, and concern

**1352.40 City Scholars**

At graduation, students who earn a B or better in five 3000-4000 courses with a cities perspectives designation will be recognized as City Scholars.

To be eligible to be a City Scholar, students must have an overall GPA of 3.0 when they become juniors. (Students who are juniors when they first enroll at GSU must have a transfer GPA of 3.0.) In addition, City Scholars must have an overall GPA of 3.0 at graduation.
At least two of these five courses must be outside the discipline of the student’s major. However, in cases, where a major gives credit for 3000-4000 courses outside its discipline, those courses count as being outside the discipline of the student’s major. For example, the pre-law concentration of the major in philosophy (PHIL) allows students to meet some of the requirements of the PHIL major with courses other than those with the PHIL prefix. For example some courses with HIST or POLS prefixes count towards the PHIL major. For the purposes the City Scholars program, the courses with HIST and POLS prefixes are outside the discipline of the student’s major.

Courses are designed to help students develop competence in urban issues and thus help them to become leaders in understanding the complex challenges of cities and in developing effective solutions to those challenges.

City courses at GSU are ones that meet one or more of the following criteria:

1. Have as a substantial focus the historical, geographical, social, cultural, economic, environmental, political, policy & planning, and/or design dimensions of city life.
2. Provide students with hands-on experience in addressing or investigating problems or opportunities inherent in city life.

Competence in urban issues is defined as “the skills, knowledge, and awareness that enhance the ability to understand and address the problems and possibilities of cities.”

Skills

- Analytical skills: the ability to analyze and synthesize comparative and diverse information about cities with sound judgment
- Communication skills: the ability to communicate with diverse audiences and with people from different backgrounds and learning styles
- Organizational skills: the ability to recognize diverse contributing partners and find ways to integrate other disciplines toward a constructive end

Knowledge

- Recognition of the complex interconnectedness of cities in urban systems
- Ability to think critically about the complex challenges posed by the city as a creative force in society

Awareness

- Interest in new and different thoughts, ideas, and perspectives; curiosity; adaptability; flexibility in ambiguous or unique situations
- Appreciation of and respect for differences and diversity, coupled with a developed sense of openness, empathy, and concern
- Advocacy for effective solutions that contribute to livable communities and sustainable cities

1360 Academic Support
1360.10 Scholastic Discipline

There are four levels of scholastic discipline for all students regardless of status or program: warning, supervision, probation, and exclusion. A student who is eligible to enroll in courses is in good standing.

Students are placed on:

- **Warning** when their cumulative Georgia State University GPA is below 2.0 and they were not on supervision or probation the previous semester in attendance.
- **Supervision** when their cumulative Georgia State GPA is below 2.0 and they were on warning the previous semester in attendance. However, students on warning who attempt 6 or more semester hours in the subsequent semester and earn a Georgia State term GPA of 2.3 or better will remain on warning.
- **Probation** when their cumulative Georgia State GPA is below 2.0 and they were on supervision the previous semester in attendance. However, students on supervision who attempt 6 or more semester hours and earn a Georgia State term GPA of 2.3 or better will remain on supervision.
- **Exclusion** when their cumulative Georgia State GPA is below 2.0 and they were on probation the previous semester in attendance. However, students on probation who attempt 6 or more semester hours and earn a Georgia State term GPA of 2.3 or better will remain on probation.

Students on warning, supervision or probation may be allowed to enroll with specific restrictions (see Section 1360.20). Students on exclusion are not eligible to enroll in any undergraduate program or under any status at Georgia State. **No transfer credit will be accepted for courses taken at other institutions while on exclusion.**

Students on warning, supervision, or probation should refer to Section 1360.20 and consult with an advisor in the University Advisement Center for additional information about scholastic discipline.

1360.20 Academic Improvement Program (AIP)

The Academic Improvement Program (AIP) is intended to assist students in extricating themselves from scholastic discipline and to meet the graduation requirement of a cumulative Georgia State University GPA of 2.0 or higher. The elements of AIP are registration approvals by an advisor, course load limits, and survival skills instruction. For further information about AIP, please contact the University Advisement Center at www.gsu.edu/success/advisement.html.

Students on **warning or supervision** are required to participate in AIP as follows: (a) have their registration approved by an academic advisor; (b) register for no more than 13 semester hours; (c) and take any other steps required by the academic advisor (for example, seeing their major advisor, participating in an assessment by the Counseling Center, etc.). Students on supervision for a second or subsequent semester must continue to participate in AIP until their cumulative Georgia State GPA is 2.0 or higher.

A college may, at its option, require students on **probation** not to enroll at Georgia State for one semester. If students on probation are allowed to enroll, they are required to participate in AIP as follows: (a) have
their registration approved by an academic advisor; (b) register for no more than 13 semester hours; and (c) take any other steps required by the academic advisor (for example, seeing their major advisor, participating in an assessment by the Counseling Center, etc.). Students enrolling while on probation must continue to participate in AIP until their cumulative Georgia State GPA is 2.0 or higher.

Students participating in AIP may be assigned to GSU 1050, Survival Skills for College. GSU 1050 may be taken only once and does not count toward credit hour requirements for graduation. Credit hours enrolled in GSU 1050 count toward the 13 semester hour course load limit for students participating in AIP. Grades received for GSU 1050 are used to calculate the cumulative GPA and the term GPA.

Students on exclusion are not eligible to enroll in any undergraduate program or under any status at Georgia State and may not participate in AIP.

Appeals for exemption from some or all of the requirements of AIP should be submitted to the director of the University Advisement Center. Appeals of decisions by the director of the University Advisement Center may be filed in accordance with the procedure for petition of university regulations. Information about AIP and appeals of AIP requirements is available from the University Advisement Center.

1360.30 Academic Renewal

Under certain conditions, Georgia State University allows its former undergraduate students to apply for academic renewal. This provision is intended to allow Georgia State degree-seeking students who have experienced academic difficulty to make a fresh start and to give them a final opportunity to earn a bachelor's degree. It can apply to individuals on scholastic exclusion. These are the provisions of academic renewal:

Eligibility for Academic Renewal

- A minimum of five calendar years must have passed since last enrollment at Georgia State University.
- Former Department of Academic Foundations (formerly Division of Learning Support Programs and Developmental Studies) students may apply for academic renewal only if they completed all learning support programs requirements prior to the five-year absence.
- A student can be granted academic renewal only one time.
- A student who was excluded from Georgia State and has attended another college or university during the absence from Georgia State is not eligible for academic renewal.
- A student who was not excluded from Georgia State but attended another college or university during an absence of five or more years may choose one of these options, but not both:
  1. Return to Georgia State, having attended another accredited institution, subject to all relevant transfer and reentry policies. The student will not be eligible for academic renewal but transfer credit will be granted for applicable courses taken during the absence and previously earned Georgia State credit is retained.
  2. Apply for academic renewal. If academic renewal is approved, no transfer credit will be granted for coursework completed during the absence.

Effects of Academic Renewal

A cumulative GPA that reflects all attempts at all courses taken at Georgia State continues to be recorded on the student's official transcript. A new renewal institutional GPA is begun when the student has been approved for academic renewal and is also recorded on the student's official transcript. The renewal institutional GPA will be used for determining academic standing and eligibility for graduation.

- Academic credit for previously completed course work including transfer course work will be retained only for courses in which an A, B, or C grade has been earned.
- The grades for Georgia State academic credit that are retained are not calculated in the renewal institutional GPA. The courses are applied toward degree requirements are applicable. This credit, therefore, is placed in the same category as transfer credit, credit by examination, and courses with grades of S (not part of the calculated institutional GPA).
- Courses for which academic credit is not retained (those with grades of D or lower) must be repeated at Georgia State if they are required in the student's degree program. All remaining degree requirements must be completed at Georgia State. No transient or transfer credit will be accepted.
- Whether the retained academic credit is still applicable for degree credit will depend on the degree requirements currently in effect at the time the student returns to Georgia State and on specific program regulations.
- All courses taken at Georgia State remain on the student's official Georgia State transcript. At the time academic renewal is approved, this approval is noted on the student's transcript. Any Georgia State course work for which credit can be retained is listed below the academic renewal notation.
- Reentry into a program that has specific admission requirements is not automatic. Academic renewal students who wish admission to such a program must apply directly to the program.
- **Students must meet the academic residence requirement (see section 1440) using only course credit earned after academic renewal.**
- To be eligible for honors at graduation, students must earn at least 60 hours of credit after academic renewal.

**Applying for Academic Renewal**

To apply for academic renewal, the student must obtain approval both from the Office of Undergraduate Admissions and from the University Advisement Center.

1. File an application for reentry to the university with the Office of Undergraduate Admissions, 200 Sparks Hall, www.gsu.edu/admissions/re-entry.html.
2. File an application for academic renewal with the University Advisement Center. The deadlines for applying for academic renewal in order to enroll for a semester are:
   - **To return in** 
     - Fall: July 1
     - Spring: December 1
     - Summer: May 1

Application for Academic Renewal before the prescribed deadlines will aid in the timely return of a decision. Those students whose return to Georgia State University is dependent on approval for academic renewal should be especially diligent in their timely submission of their application.

If a student does not apply for academic renewal at the time of enrollment, it can be requested after
reenrollment if the application is filed within one calendar year.

- A student whose application for academic renewal is not approved will be notified by letter from the University Advisement Center. Unless specific information to the contrary is given in the letter, the student may reapply for academic renewal after one year has passed.
- Evaluation of a student’s application for academic renewal will be based on the student’s:
  1. Previous academic record;
  2. Previous student discipline record; and
  3. Current commitment to academic work.

1380 Academic Honesty

I. Introduction

As members of the academic community, students are expected to recognize and uphold standards of intellectual and academic integrity. The university assumes as a basic and minimum standard of conduct in academic matters that students be honest and that they submit for credit only the products of their own efforts. Both the ideals of scholarship and the need for fairness require that all dishonest work be rejected as a basis for academic credit. They also require that students refrain from any and all forms of dishonorable or unethical conduct related to their academic work.

The university’s policy on academic honesty is published in the Faculty Affairs Handbook and On Campus: The Student Handbook and is available to all members of the university community. The policy represents a core value of the university and all members of the university community are responsible for abiding by its tenets. Lack of knowledge of this policy is not an acceptable defense to any charge of academic dishonesty. All members of the academic community — students, faculty, and staff — are expected to report violations of these standards of academic conduct to the appropriate authorities. The procedures for such reporting are on file in the offices of the deans of each college, the office of the dean of students, and the office of the provost.

In an effort to foster an environment of academic integrity and to prevent academic dishonesty, students are expected to discuss with faculty the expectations regarding course assignments and standards of conduct. Students are encouraged to discuss freely with faculty, academic advisors, and other members of the university community any questions pertaining to the provisions of this policy. In addition, students are encouraged to avail themselves of programs in establishing personal standards and ethics offered through the university’s Counseling Center.

II. Definitions and Examples

The examples and definitions given below are intended to clarify the standards by which academic honesty and academically honorable conduct are to be judged. The list is merely illustrative of the kinds of infractions that may occur, and it is not intended to be exhaustive. Moreover, the definitions and examples suggest conditions under which unacceptable behavior of the indicated types normally occurs; however, there may be unusual cases that fall outside these conditions that also will be judged unacceptable by the academic community.
Plagiarism: Plagiarism is presenting another person’s work as one’s own. Plagiarism includes any paraphrasing or summarizing of the works of another person without acknowledgment, including the submitting of another student’s work as one’s own. Plagiarism frequently involves a failure to acknowledge in the text, notes, or footnotes the quotation of the paragraphs, sentences, or even a few phrases written or spoken by someone else. The submission of research or completed papers or projects by someone else is plagiarism, as is the unacknowledged use of research sources gathered by someone else when that use is specifically forbidden by the faculty member. Failure to indicate the extent and nature of one’s reliance on other sources is also a form of plagiarism. Any work, in whole or in part, taken from the Internet or other computer-based resource without properly referencing the source (for example, the URL) is considered plagiarism. A complete reference is required in order that all parties may locate and view the original source. Finally, there may be forms of plagiarism that are unique to an individual discipline or course, examples of which should be provided in advance by the faculty member. The student is responsible for understanding the legitimate use of sources, the appropriate ways of acknowledging academic, scholarly, or creative indebtedness, and the consequences of violating this responsibility.

Cheating on Examinations: Cheating on examinations involves giving or receiving unauthorized help before, during, or after an examination. Examples of unauthorized help include the use of notes, computer-based resources, texts, or “crib sheets” during an examination (unless specifically approved by the faculty member), or sharing information with another student during an examination (unless specifically approved by the faculty member). Other examples include intentionally allowing another student to view one’s own examination and collaboration before or after an examination if such collaboration is specifically forbidden by the faculty member.

Unauthorized Collaboration: Submission for academic credit of a work product, or a part thereof, represented as its being one’s own effort, which has been developed in substantial collaboration with another person or source or with a computer-based resource is a violation of academic honesty. It is also a violation of academic honesty knowingly to provide such assistance. Collaborative work specifically authorized by a faculty member is allowed.

Falsification: It is a violation of academic honesty to misrepresent material or fabricate information in an academic exercise, assignment, or proceeding (for example, false or misleading citation of sources, the falsification of the results of experiments or of computer data, false or misleading information in an academic context in order to gain an unfair advantage).

Multiple Submissions: It is a violation of academic honesty to submit substantial portions of the same work for credit more than once without the explicit consent of the faculty member(s) to whom the material is submitted for additional credit. In cases in which there is a natural development of research or knowledge in a sequence of courses, use of prior work may be desirable, even required; however, the student is responsible for indicating in writing, as a part of such use, that the current work submitted for credit is cumulative in nature.

III. Evidence and Burden of Proof

In determining whether or not academic dishonesty has occurred, the standard that should be used is that guilt must be proven by a preponderance of the evidence. This means that if the evidence indicating that academic dishonesty occurred produces a stronger impression and is more convincing as to its truth when
weighed against opposing evidence, then academic dishonesty has been proved. In other words, the
evidence does not have to be enough to free the mind from a reasonable doubt but must be sufficient to
incline a reasonable and impartial mind to one side of the issue rather than to the other. Evidence as used in
this statement can be any observation, admission, statement, or document that would either directly or
circumstantially indicate that academic dishonesty has occurred.

IV. Procedures for Resolving Matters of Academic Dishonesty

The following procedure is the only approved means for resolving matters of academic dishonesty, except
for matters arising in the College of Law which has its own Honor Code for handling such matters. It is
available to all members of the academic community who wish to pursue an action against a student for
academic dishonesty.

1. **Initiation:** If a member of the academic community believes that a student has engaged in academic
dishonesty in a course, on a test, or as a part of an academic program, that individual is responsible
for initiating action against the student or bringing the matter to the attention of an individual who
may initiate action against the student. In allegations of academic dishonesty involving course
requirements, the course faculty member is generally responsible for initiating the action. If the
alleged violation involves a departmental program requirement (for example, comprehensive
examination or language competency examination) or an institutionally-required test (for example,
test of Georgia/United States history or Georgia/United States constitutions), or if the individual
who discovers the incident is not a faculty member, the individual should bring the matter to the
attention of the faculty member and administrator who has responsibility of overseeing the activity
(for example, departmental chair, director of the Testing Office). If that administrator decides to
bring charges of academic dishonesty against the student, then that administrator becomes the
initiator. (Test proctors, laboratory assistants, and other individuals who are not course faculty
members should bring any instances of alleged academic dishonesty to the attention of the course
faculty member or their administrative superior. That individual, after weighing the evidence, may
become the initiator by formally charging the student with academic dishonesty.) The channel of
review, recommendation, and decision-making follows the administrative lines associated with the
course or program requirement involved. In any instance, however, when the alleged incident does
not occur within the context of a course and when it is unclear which college should have
jurisdiction in review and decision-making, any unit may initiate the case. For the sake of brevity the
following processing procedures are written from an “academic unit/college” perspective.
Nonacademic units (i.e., Testing Center) would substitute appropriate supervisory personnel at the
respective levels. Herein the “initiator” will be referred to as “faculty member” and the
“administrative unit head” will be referred to as “chair,” designating the departmental chair.
“Dean” will refer to appropriate administrative supervisory personnel at the overall college or
division level. When an allegation of academic honesty is made, the relevant dean will inform the
Office of the Registrar to place a grade of GP (grade pending) for the student in the course involved.
Withdrawal from a course does not preclude the imposition of penalties for academic dishonesty.
While the matter of academic dishonesty is pending, the student will be allowed to continue in the
course and register for upcoming semesters.

2. **Penalties to be Imposed:** Penalties to be imposed in incidents of academic dishonesty are classified
as “academic” or “disciplinary.” Academic penalties include such sanctions as assignment of a
failing grade for a particular course requirement, or for the course itself, or for other tests or
program assignments. Academic penalties are set by the faculty member. Disciplinary sanctions can be sought in addition to those considered academic and could include, but are not limited to, the following penalties: suspension, expulsion, transcript annotations (temporary for a period of five years or permanent, as designated). Course credit earned at other institutions while on suspension may not be transferred to GSU. Disciplinary penalties can be requested by the faculty member in consultation with the department chair or director, must be reviewed by the University Senate Committee on Student Discipline, and are set by the provost.

This policy applies to all incidents of academic dishonesty, including those that occur before a student graduates but are not discovered until after the degree is conferred. In such cases, it is possible that the application of this policy will lead to a failure to meet degree completion requirements and therefore the revocation of a student’s degree.

3. **Action at Administrative Unit (Department Level):** As soon as possible after the alleged incident, the faculty member should discuss the matter with the student. This discussion should be conducted in a manner that protects the rights and confidentiality of students. If the faculty member believes that academic dishonesty has occurred, the faculty member (with the advice of the chair if necessary) will determine the appropriate academic penalty. The faculty member will complete a “notice of academic dishonesty” form describing the incident and indicating the academic penalty imposed. Any recommendation for a disciplinary penalty must be reviewed in consultation with the chair. The faculty member will deliver to the student the notice of academic dishonesty that includes a statement of appeal rights. If there is difficulty in delivering the notice to the student, the faculty member/chair should request assistance from the college dean in determining the most expeditious way to inform the student that a notice of academic dishonesty has been filed.

Once the student has been informed, the chair forwards the documentation, including the notice of academic dishonesty and an indication of when the student was informed, to the dean to be held pending possible appeal.

4. **Student Action:** The student will have 20 business days after receipt of the notice of charges of academic dishonesty to submit a written appeal denying the charges and providing any rationale for the appeal. The appeal should be addressed to the college dean of the initiator. In the event the student is found guilty of academic dishonesty, the student does not have the right to appeal the academic penalty assessed by the faculty member, unless the student can prove that such penalty was arbitrarily imposed or discriminatorily applied. If the student wishes to challenge a disciplinary penalty, the student must submit a written rationale for challenging the disciplinary penalty within 20 business days of receipt of the notice of charges of academic dishonesty. The statement of challenge should be addressed to the college dean. The college dean will forward the challenge to the dean of students for inclusion in the review of the disciplinary penalty by the University Senate Committee on Student Discipline. The University Senate Committee on Student Discipline automatically reviews all disciplinary penalties regardless of student appeal.

If the student has also filed an appeal denying the charges of academic dishonesty, any review of disciplinary penalty recommended will be delayed pending review of the charges of academic dishonesty by the college hearing committee.

5. **College Action:**

5.1. No Appeal by the Student: If the student does not submit a written appeal to the college dean within 20 business days, the dean will notify the chair/faculty member to post any pending grade(s)
immediately. The dean will then forward the notice of academic dishonesty to the dean of students for inclusion in the student’s disciplinary file. The Senate Committee on Student Discipline also will forward any recommendation of a disciplinary penalty to the dean of students for appropriate review.

5.2. Appeal by the Student: If the student submits a written appeal, the dean will forward the charges of academic dishonesty to the chair of a college hearing committee and will notify the faculty member to set forth in writing a comprehensive statement describing the incident of academic dishonesty. This statement will be presented to the committee and to the student at least five business days prior to the hearing.

5.3. Student Hearing Committee Process: The college student hearing committee will use the following guidelines to govern the hearing of the appeal:

a. Within ten business days after the committee receives the charges of academic dishonesty, a hearing date will be determined. The committee will notify the faculty member and the student of the time, date, and the place of the hearing. Copies of all charges of academic dishonesty and related materials for the hearing will be provided to the student at least five business days in advance of the hearing.

b. The faculty member and the student will be allowed to make oral presentations, call witnesses, and present any documentary evidence regarding the incident in question. The hearing will be recorded on an audiotape. The hearing will not be open to observers.

c. At the conclusion of the hearing, the committee will meet in closed session and will make its recommendation as to the guilt or innocence of the student based on a preponderance of evidence with respect to the charge of academic dishonesty. The committee chair will forward to the college dean its findings and recommendations in a written report within five business days of the hearing.

5.4. College Decision on Appeals: Within five business days of receiving the committee’s written report, the college dean will make the final decision regarding guilt or innocence. The dean will notify all appropriate parties of the decision. If the dean finds the student “not guilty,” the matter will be terminated, and no notice of charges will be filed with the dean of students. The dean will notify the chair to post the pending course grade promptly and will notify the registrar to remove the GP (grade pending) on the student’s transcript. If the dean finds the student “guilty,” the notice of charges of academic dishonesty will be forwarded to the dean of students for inclusion in the student’s disciplinary file. The academic penalty stipulated by the faculty member will be imposed. The dean will notify the chair to insure that any pending grade is posted promptly. The dean will notify the registrar to remove the GP (grade pending) on the student’s transcript if only an academic penalty was involved. If a disciplinary penalty has been recommended, the dean will notify the registrar to continue the GP (grade pending) annotation until the disciplinary penalty can be reviewed by the University Senate Committee on Student Discipline.

5.5. Appeal of the Decision of the Dean: If the student or initiator wishes to appeal the decision of the college dean regarding guilt or innocence of the charges of academic dishonesty, the student or initiator may appeal to the provost. The subsequent appeal route would be to the president and then the Board of Regents. The student or initiator must submit a written statement of appeal to the
provost within 20 business days of notification of the dean’s decision. The basis of the appeal must be on the grounds that the decision was arbitrary, capricious, or discriminatory.

6. **University Senate Committee on Student Discipline Action:** In cases where a disciplinary penalty has been recommended, the Senate Committee on Student Discipline will conduct a hearing to review the disciplinary penalty. The committee will review the faculty member’s notice of academic dishonesty and the student’s statement of challenge of the disciplinary penalty, if any. The faculty member and the student will be allowed to appear at the hearing to discuss the imposition of disciplinary penalties. Only the recommendation concerning the disciplinary penalty to be imposed will be considered by this committee. Issues of guilt or innocence are determined at the college level (see above). The Senate Committee will conduct the hearing in accordance with its regular hearing procedures. Copies of these procedures may be obtained from the Provost’s Office and/or the Dean of Students. The Senate Committee on Student Discipline will provide its recommendation within five business days of its hearing to the provost regarding appropriateness of the disciplinary penalty recommended by the college and/or whether other disciplinary penalties are to be imposed in addition to or in lieu of those already recommended by the college.

7. **Provost Action:**

7.1. **Decision of the Provost:** The role of the provost in handling student appeals regarding the charge of academic honesty has been explained (see above). Based on the recommendation, the provost will render a decision within ten business days of receipt of the recommendation of the Senate Committee. The provost will notify the student, the referring dean, the department chair, and the faculty member of the Senate Committee’s recommendations and of the provost’s decision. At that time the provost will also notify the registrar to annotate the student’s transcript, if necessary.

7.2. **Appeal of the Decision of the Provost:** If the student wishes to appeal the decision of the provost regarding the imposition of a disciplinary penalty, the student may appeal to the president and then to the Board of Regents. The student must submit a written statement of appeal to the president within 20 business days of notification of the provost’s decision. The basis for such an appeal must be on the grounds that the decision was arbitrary, capricious, or discriminatory.

8. **Students Involved in Two or More Incidents of Academic Dishonesty:** A student is subject to disciplinary action in addition to any already undertaken once it is determined that the student has been found guilty in a previous incident of academic dishonesty. In such cases, the dean of students will forward a report to the University Senate Committee on Student Discipline regarding the incidents of academic dishonesty that have been reported. The dean of students is responsible for initiating this report within 20 business days of completion of proceeding of any subsequent finding of academic dishonesty. The University Senate Committee on Student Discipline will review the report of the dean of students. The student may submit supplemental written documents for the committee’s review and may request to appear before the committee in its deliberations. After reviewing the matter, the committee will send a report to the provost with the recommendation for disciplinary penalty to be imposed. The provost will proceed as in IV.7. of this policy.

Once the student has been informed, the chair forwards the documentation, including the notice of academic dishonesty and an indication of when the student was informed, to the dean to be held pending possible appeal. Until the student has been given the opportunity to appeal, a grade of GP (grade pending) should be submitted for the student for the course involved.
1382 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students will follow different courses depending on the nature of the student’s appeal. Please refer to University Information Section 1050.80 under Polices and Disclosures in this catalog or visit www.gsu.edu/enrollment/appeals.html online for details.
1400 University Degree Requirements and Graduation

A degree will be awarded only to a student who meets both the university requirements and the standards of performance, academic requirements, and residence requirements of their college and of their degree program. See below for a complete explanation of university requirements. Consult your college’s chapter of this catalog for your degree program’s requirements. Once a degree has been conferred that academic record is considered closed.

1405 Learning Outcomes

Learning outcomes are the goals students achieve in their programs of study. They represent the knowledge, skills and attitudes that students should gain to successfully complete the requirements of a course, major, and degree. A special set of general learning outcomes cover the goals for all students at the University. Students begin mastery of the University’s learning outcomes in the core (first two years of study) and continue to develop these skills throughout their major. The learning outcomes for all students are:

Area A1. Written Communication

Students produce well-organized communication that exhibits logical thinking, demonstrates appropriate style for circumstance and audience, meets conventional standards of usage, and acknowledges the use of information sources when necessary. Students demonstrate comprehension of written material: purpose, message, and rhetorical situation.

Area A2. Mathematics

Students understand and apply mathematical concepts and reasoning using verbal, numeric, graphical and/or symbolic forms.

Area B. Institutional Foundations

Students effectively analyze, evaluate, and provide convincing reasons in support of conclusions, considering opposing points of view when appropriate.

Area C. Humanities/Fine Arts

Students effectively analyze the meanings of texts and/or works of art or music, express ways that culture shapes values, and critically evaluate them.

Area D. Natural and Computational Sciences

Students demonstrate understanding of the physical universe, the nature of science, and the scientific method, and/or understand and apply mathematical concepts and reasoning using verbal, numeric, graphical or symbolic forms.
Area E. Social Sciences

Students effectively analyze the complexity of human behavior, and how historical, economic, political, social, and/or spatial relationships develop, persist, and/or change.

Area I. US Perspectives

Students demonstrate understanding of the United States and its related political, social, and/or institutional developments.

Area II. Global Perspectives

Students demonstrate understanding of political, social, economic, and/or institutional developments across the globe.

Area III. Critical Thinking

Students effectively analyze, evaluate, and provide convincing reasons in support of conclusions, considering opposing points of view when appropriate. (The outcomes for Areas B and III are the same.)

1410 Core Curriculum Requirements

Georgia State University requires all students seeking a baccalaureate degree to satisfactorily complete a basic core of general education subjects. Georgia State’s core curriculum provides students with a broad background in general education and reflects the special mission of this university as an urban research institution with an international, multi-ethnic, and multi-cultural focus. Because of ongoing evaluation changes may occur in the core curriculum. Every attempt will be made to notify students when these changes occur.

Areas A through E of the core curriculum are designed to provide students with a wide array of courses as a means of gaining a basic education in the liberal arts and assisting students in their choice of a major. Students should normally choose among the courses in areas A to E and select a major before taking courses in Area F. Students who have chosen a major before the completion of Areas A through E can review the departmental sections of the catalog to see specific recommendations for course selection. Some programs, such as art, music, and nursing, require students to begin major-related coursework in their freshman year to meet course sequencing requirements.

There are restricted choices for some majors in Areas A and D. Students must follow the degree-specific requirements listed in Areas A and D for the programs they are pursuing.

Students who are planning to transfer to Georgia State from other institutions in the University System of Georgia should note that this is Georgia State’s core curriculum and is to be followed by students who choose to complete the core curriculum at this university. The core curriculum at a student’s current University System of Georgia institution may contain different courses. However, Georgia State will grant credit for any approved core curriculum course taken at a student’s current University System of Georgia home institution even if it is different from the course offered at Georgia State.
The core curriculum completed at one System institution is fully transferable to another System institution for the same major. However, specific situations may result in minor exceptions to this general rule. Students seeking credit for University System of Georgia core curriculum courses that were not accepted during Georgia State’s admissions process or who believe that the system rules of transferability of the core curriculum are not being honored can make an appeal. Appeals should be initiated by filling out a form available in the University Advisement Center, 25 Park Place, Suite 1300 and 1400.

1410.10 Area A1: Written Communication (6)

- ENGL 1101 English Composition I (3)
- ENGL 1102 English Composition II (3)

Students who satisfy the Advanced Placement Standard of the Department of English may take ENGL 1103 in lieu of ENGL 1101 and ENGL 1102. Students who select this option will choose an additional humanities course from core Area C1. A grade of C or higher is required in ENGL 1101 and ENGL 1102, or in ENGL 1103 (open to qualified students with departmental consent), in order to receive degree credit.

Effective Fall 2010, for freshmen entering the USG system Fall 2010, students who have earned 60 hours but have not completed Area A1 must enroll in the next course necessary to make progress toward completing this Area in every semester in which they take classes. Effective Fall 2011, this hour limit is lowered to 45 hours for freshmen entering the USG system Fall 2011, Spring 2012, and Summer 2012. Effective Fall 2012, the hour limit is lowered to 30 hours for freshmen entering the USG system Fall 2012 and thereafter. Institutions are allowed to move to the 45/30 hour limits before they are required to do so. For students with Learning Support requirements in reading or writing, taking the required Learning Support course(s) counts as making progress toward completing Area A1.

1410.15 Area A2: Mathematics (3-4)

- MATH 1101 Introduction to Mathematical Modeling (3)
- MATH 1111 College Algebra (3)
- MATH 1112 College Trigonometry (3)
- MATH 1220 Survey of Calculus (3)
- MATH 1113 Precalculus (3)
- MATH 2201 Calculus for the Life Sciences I (4)
- MATH 2202 Calculus for the Life Sciences II (4)
- MATH 2211 Calculus of One Variable I (4)
- MATH 2212 Calculus of One Variable II (4)
- MATH 2215 Multivariate Calculus (4)
- MATH 2420 Discrete Mathematics (3)

If a 4 hour course is selected, the additional hour will be counted in Area F or Area G. Majors in biology, chemistry, computer science, geoscience (B.S.), mathematics, neuroscience, science and math education, and physics are required to take Math 1113 or higher in Area A. Business students are encouraged to take MATH 1111 or higher in Area A. If it is not taken in Area A, it must be taken later in the program. Exercise Science students are encouraged to take MATH 1111 in Area A.
Note: A math placement test is recommended for all students who do not have credit for an Area A math course and is required for students who wish to take MATH 1111, College Algebra, or higher. The test is offered at scheduled times in the university’s testing center. See www.gsu.edu/testing and click on Tests and then Math Placement.

Effective Fall 2010, for freshmen entering the USG system Fall 2010, students who have earned 60 hours but have not completed Area A2 must enroll in the next course necessary to make progress toward completing this Area in every semester in which they take classes. Effective Fall 2011, this hour limit is lowered to 45 hours for freshmen entering the USG system Fall 2011, Spring 2012, and Summer 2012. Effective Fall 2012, freshmen entering the USG system Fall 2012 and thereafter, the hour limit is lowered to 30 hours. Institutions are allowed to move to the 45/30 hour limits before required to do so. For students with LSP requirements in mathematics, taking the required LSP course counts as making progress toward completing Area A2.

1410.20 Area B: Institutional Foundations (4)

Additional information about institutional options is available online at www.gsu.edu/success/institutional_options.html.

Select two courses from the following:

- PHIL 1010 Critical Thinking (2)
- SPCH 1000 Human Communication (2)
- PERS 2001 Perspectives on Comparative Culture (2)
- PERS 2002 Scientific Perspectives on Global Problems (2)

Pers 2001 is a group of interdisciplinary courses that provides a better understanding of the contemporary world through the study of different cultures. Only one course from this group may be used to fulfill requirements in Area B.

Pers 2002 is a group of interdisciplinary courses that deals with scientific approaches to important issues on the environment, public health, or technology. Only one course from this group may be used to fulfill requirements in Area B.

The University System of Georgia requires all students to demonstrate competence in critical thinking. Students satisfy these requirements by earning a passing grade in PHIL 1010, SPCH 1000, PERS 2001, or PERS 2002. (See Section 1435)

1410.30 Area C: Humanities and Fine Arts (6)

Select two courses from groups 1, 2, and 3 below. The two courses may not come from the same group.

1. Humanities

- ENGL 2110 World Literature (3)
• ENGL 2120 British Literature (3)
• ENGL 2130 American Literature (3)
• PHIL 2010 Introduction to Philosophy (3)
• RELS 2001 Introduction to World Religions (3)
• SPCH 2050 Media, Culture, and Society (3)

2. Fine Arts

• AH 1700 Survey of Art I (3)
• AH 1750 Survey of Art II (3)
• AH 1850 Survey of Art III (3)
• FILM 2700 History of the Motion Picture (3)
• MUA 1500 Jazz: Its Origins, Styles, and Influence (3)
• MUA 1900 Dramatic Music from the Renaissance through the Twentieth Century (3)
• MUA 1930 Music, Society, and Culture (3)
• THEA 2040 Introduction to Theatre (3)

3. Foreign Language

• ARBC 1002 Elementary Arabic II (3)
• ARBC 2001 Intermediate Arabic I (3)
• ARBC 2002 Intermediate Arabic II (3)
• CHIN 1002 Elementary Chinese II (3)
• CHIN 2001 Intermediate Chinese I (3)
• CHIN 2002 Intermediate Chinese II (3)
• EXC 1002 Beginning American Sign Language II
• EXC 2001 Intermediate American Sign Language I
• EXC 2002 Intermediate American Sign Language II
• FREN 1002 Elementary French II (3)
• FREN 2001 Intermediate French I (3)
• FREN 2002 Intermediate French II (3)
• GRMN 1002 Elementary German II (3)
• GRMN 2001 Intermediate German I (3)
• GRMN 2002 Intermediate German II (3)
• GRKA 1002 Elementary Greek II (3)
• GRKA 2001 Intermediate Greek I (3)
• GRKA 2002 Intermediate Greek II (3)
• GRKM 1002 Elementary Modern Greek II (3)
• GRKM 2001 Intermediate Modern Greek I (3)
• GRKM 2002 Intermediate Modern Greek II (3)
• HBRB 1002 Elementary Biblical Hebrew II (3)
• HBRM 1002 Elementary Hebrew II (3)
• HBRM 2001 Intermediate Hebrew I (3)
• HBRM 2002 Intermediate Hebrew II (3)
• ITAL 1002 Elementary Italian II (3)
• ITAL 2001 Intermediate Italian I (3)
• ITAL 2002 Intermediate Italian II (3)
The J. Mack Robinson College of Business recommends that B.B.A. students include a foreign language course in Area C. The College of Arts and Sciences recommends that B.A. students and specified B.I.S. students not include a foreign language course in Area C (See Section 3090.45 in the Arts and Sciences section of the catalog).

Students in these degree programs should follow departmental recommendations on foreign language selection in Area F. The Andrew Young School of Policy Studies requires B.A. students majoring in economics to complete a foreign language in Area F.

Some foreign language courses are not open to native speakers of that language. Please consult the course description before making a selection in this area.

Placement exams in French, German, and Spanish are available. See Section 1310.20 for more information.

1410.40 Area D: Natural and Computational Sciences (11)

Complete the options listed under either majors other than natural sciences, health sciences, and
mathematics or natural sciences, health sciences, and mathematics majors.

Majors other than Natural Sciences, Health Sciences, and Mathematics:

1. Select one two-course sequence. (8)

   - ASTR 1010 Astronomy of the Solar System (4) and
   - ASTR 1020 Stellar and Galactic Astronomy (4)

   - BIOL 1103K Introductory Biology I (4) and
   - BIOL 1104K Introductory Biology II (4)

   - CHEM 1101K Introductory Chemistry I (4) and
   - CHEM 1102K Introductory Chemistry II (4)

   - CHEM 1151K Survey of Chemistry I (4) and
   - CHEM 1152K Survey of Chemistry II (4)

   - CHEM 1211K Principles of Chemistry I (4) and
   - CHEM 1212K Principles of Chemistry II (4)

   - GEOG 1112 Introduction to Weather and Climate (4) and
   - GEOG 1113 Introduction to Landforms (4)

   - GEOL 1121K Introductory Geosciences I (4) and
   - GEOL 1122K Introductory Geosciences II (4)

   - PHYS 1111K Introductory Physics I (4) and
   - PHYS 1112K Introductory Physics II (4)

   - PHYS 2211K Principles of Physics I (4) and
   - PHYS 2212K Principles of Physics II (4)

2. Select one course (must be from a discipline different from one selected in group 1 above). (3)

   - Any course from Section D1 above (4)
   - ASTR 1000 Introduction to the Universe (3)
   - BIOL 2240 Human Physiology (3)
   - BIOL 2300 Microbiology and Public Health (3)
   - CHEM 1050 Chemistry for Citizens (3)
   - CSC 1010 Computers and Applications (3)
   - GEOL 2001 Geologic Resources and the Environment (3)
   - MATH 1070 Elementary Statistics (3)
   - MATH 1112 College Trigonometry (3)
   - MATH 1113 Precalculus (3)
   - MATH 1220 Survey of Calculus (3)
   - MATH 2201 Calculus for the Life Sciences I (4)
• MATH 2202 Calculus for the Life Sciences II (4)
• MATH 2211 Calculus of One Variable I (4)
• MATH 2420 Discrete Mathematics (3)
• PHYS 2030K Physical Science: Physics of Music and Speech (3)
• PSYC 1100 Intro to Biological Psychology (3)

If a 4 hour course is selected, the additional hour will be counted in Area F or Area G. The Robinson College of Business recommends that B.B.A. students take Math 1070 in Area D. If it is not taken in Area D, it must be taken later in the program. PHYS 2030K is recommended only for broadcast journalism, speech, theatre, and music majors.

Biology, Chemistry, Computer Science, Geoscience (B.S.), Mathematics, Neuroscience, Physics, and Science and Math Education Majors: It is recommended that students select a sequence appropriate to the major.

1. Select one two-course sequence. (8)

• BIOL 2107K Principles of Biology I (4) and
• BIOL 2108K Principles of Biology II (4)

• CHEM 1211K Principles of Chemistry I (4) and
• CHEM 1212K Principles of Chemistry II (4)

• GEOL 1121K Introductory Geosciences I (4) and
• GEOL 1122K Introductory Geosciences II (4)

• PHYS 1111K Introductory Physics I (4) and
• PHYS 1112K Introductory Physics II (4)

• PHYS 2211K Principles of Physics I (4) and
• PHYS 2212K Principles of Physics II (4)

2. Select either Math 2211 (Calculus of One Variable), a course with a higher number that is appropriate to the major, or a course that has been approved by the major department (see individual departmental degree requirements).

Nursing, Nutrition, and Respiratory Therapy Majors:

1. Select one two-course sequence. (8)

Note: Nutrition and Respiratory Therapy majors must choose CHEM 1151K and CHEM 1152K

• BIOL 1103K Introductory Biology I (4) and
• BIOL 1104K Introductory Biology II (4)

• CHEM 1151K Survey of Chemistry I (4) and
• CHEM 1152K Survey of Chemistry II (4)
The Brydine F. Lewis School of Nursing & Health Professions recommends that students take CHEM 1151K and CHEM 1152K. Please note that Physics has a prerequisite of MATH 1112 or MATH 1113 before you can register for this course.

2. MATH 1070 Elementary Statistics (3)

1410.50 Area E: Social Science (12)

Students who satisfy the requirements of Section 1, United States Politics and History, by examination and choose not to take Hist 2110 and PolS 1101 must select two additional courses from Section 3, Social Science Foundations. No student may take more than six hours in Area E from any one department.

1. United States Politics and History – Legislative Requirement (0-6)

- HIST 2110 Survey of United States History (3)
- POLS 1101 American Government (3)

Georgia law requires all students to pass examinations on (a) the history of the United States and the history of Georgia and (b) the Constitution of the United States and the Constitution of Georgia. Students may satisfy these requirements by earning passing grades in Hist 2110 and PolS 1101. (See Section 1425)

The University System of Georgia requires all students to demonstrate basic knowledge of the United States. Students satisfy these requirements by earning a passing grade in Hist 2110 or PolS 1101. (See Section 1435)

2. Global Economics, Global Politics, and World History. Requirement: Select one course (3)

- ECON 2100 The Global Economy (3)
- HIST 1111 Survey of World History to 1500 (3)
- HIST 1112 Survey of World History since 1500 (3)
- POLS 2401 Global Issues (3)

The University System of Georgia requires all students to demonstrate basic knowledge of the global issues. Students satisfy these requirements by earning a passing grade in ECON 2100, HIST 1111, HIST 1112 or POLS 2401. (See Section 1435)

3. Social Science Foundations: Select one course (see note above) (3-9)

- AAS 2010 Introduction to African-American Studies (3)
- ANTH 1102 Introduction to Anthropology (3)
- CRJU 2200 Social Science and the American Crime Problem (3)
- ECON 2105 Principles of Macroeconomics (3)
- ECON 2106 Principles of Microeconomics (3)
- GEOG 1101 Introduction to Human Geography (3)
- AAS 1140/HIST 1140 African and African-American History (3)
- PSYC 1101 Introduction to General Psychology (3)
- SOCI 1101 Introductory Sociology (3)
- SOCI 1160 Introduction to Social Problems (3)
- WST 2010 Introduction to Women’s Studies (3)

The Robinson College of Business recommends that B.B.A. students take Econ 2105 and Econ 2106 in Area F and then choose other social science foundation courses in Area E. The Andrew Young School of Policy Studies recommends that B.A. and B.S. students NOT take ECON 2105 and ECON 2106 in section 3 of Area E.

1410.60 Area F: Lower Division Major Requirements (18)

Courses in Area F, which constitute the remaining 18 semester hours in the core curriculum, may be found in the college sections on degree requirements. These listings should also be consulted to see if there are any courses recommended from among the offerings in areas A to E. Students seeking a B.S. in mathematics and secondary school teaching will be required to take an additional nine semester hours of introductory education courses above the general requirement of 18 semester hours.

1415 Area G & Beyond

Courses beyond the core curriculum that are required by the college and/or major department constitute the remaining course degree requirements and are comprised of courses related to a major, major requirements, courses in a minor or concentration, and electives. Consult the college chapters in this catalog for a full explanation of these requirements.

1420 Regents Reading and Writing Requirements

Effective March 9, 2010, Georgia State students were granted an exemption by the University System of Georgia and are no longer required to take the Regents’ Test. This exemption does not necessarily apply should a student transfer out of GSU to another institution in the University System of Georgia. Students should contact their new institution about its Regents’ Test policy. More information can be found at the University System of Georgia website.

1425 Federal and State Constitution and History Requirements

As required by Georgia law, all students must demonstrate knowledge of the history and constitutions of the United States and of Georgia. To demonstrate this knowledge, students must pass HIST 2110 and POLS 1101 at Georgia State, have previously completed these courses at a University System of Georgia institution, or pass the proficiency examination in these legislative requirements available for students at the Testing Center. See the Testing Center for additional information www.gsu.edu/counseling/history_constitution.html.
Students who transfer in American Government or Constitution courses from a non system school will be required to take the Georgia History and Constitution exams or retake the courses at Georgia State. Transfer students who have fulfilled any or all parts of this requirement will be advised of that fact at the time of admission and evaluation of transfer credit.

Note: If a student meets this requirement with all four examinations, the student must select additional course(s) from Section 3, Social Science Foundations in Core Area E.

1430 Critical Thinking Through Writing (CTW) Requirement

Effective for students entering fall term 2009 and thereafter, all students seeking baccalaureate degrees are required to pass two critical thinking through writing (CTW) courses in their majors. Students should consult the section of this Catalog that describes their major for its CTW requirements. CTW classes are unique to Georgia State University and therefore students cannot transfer equivalent credit from other universities.

1435 Critical Thinking, United States, and Global Issues Requirements

Critical Thinking (CT): The University System of Georgia requires all students to demonstrate competence in critical thinking. Students satisfy these requirements by earning a passing grade in PHIL 1010, SPCH 1000, PERS 2001, or PERS 2002. (See Section 1410.20)

United States (US): The University System of Georgia requires all students to demonstrate basic knowledge of the United States. Students satisfy these requirements by earning a passing grade in HIST 2110 or POLS 1101. (See Section 1410.50)

Global Issues (GL): The University System of Georgia requires all students to demonstrate basic knowledge of the global issues. Students satisfy these requirements by earning a passing grade in ECON 2100, HIST 1111, HIST 1112 or POLS 2401. (See Section 1410.50)

1437 Major Requirement and Minors Policy

In order to graduate, students must complete at least one major. Students may take a minor but they may have no more than two minors per degree. Double majors may have no more than two minors. Dual degree students may have no more than two minors for each degree (for a total of four).

Certain majors require a specific minor. This requirement is listed in the section of this Catalog that lists the requirements of that major.

No unit may prohibit a student from pursuing any minor available at Georgia State.

1440 Academic Residence Requirement
Academic residence is defined as being enrolled in one or more courses at Georgia State University; this is not to be confused with status as a legal resident of the State of Georgia for fee determination purposes. The minimum academic residence requirement for each baccalaureate degree is as follows:

- The candidate must earn 39 semester hours at Georgia State in courses numbered 3000 or above with an average grade of at least a C (2.00 GPA); and
- At least one-half of the hours comprising the major must be taken at Georgia State.

Up to 9 hours of 3000/4000 credit earned at another institution as part of an official Georgia State University joint degree, dual degree, or exchange program may be counted toward the academic residency requirement.

Transfer credit, credit by examination, credit by validation, CLEP credit, AP credit, IB credit, and courses specifically excluded by university policy cannot be used to meet the academic residence requirement.

### 1450 D Grade Credit Restriction

Georgia State University will allow no more than 12 semester hours of D grades to apply toward degree requirements of a baccalaureate program of study. This 12 semester hours includes both credit completed at Georgia State (resident credit) and transfer credit. Certain degree programs may designate a lesser number of D grades as acceptable. Consult your college’s chapter of this catalog for stricter requirements.

### 1460 GPA Requirement

In order to earn any Georgia State University baccalaureate degree a student must have at least a 2.00 institutional grade point average. If a student takes a course multiple times at another institution or at Georgia State, the grade earned in the final attempt will determine the applicability of the course to the degree requirements. (For example, some programs require a grade of C or better in a particular course). For details on taking a course more than once, see Section 1330.35.

### 1470 No I Requirement

No student may graduate with a grade of “I” (Incomplete) on his or her record for that degree program. All permanent grades for incomplete grades and grade changes for previous semesters should be received in the Office of the Registrar, Academic Records, in writing at least one week prior to the end of classes for the term. It is the student’s responsibility to see to it that incomplete grades are properly recorded in the appropriate offices by this deadline.

### 1480 Semester Hours Requirement

The curriculum for a baccalaureate degree at Georgia State University requires a minimum of 120 semester hours. Some programs require a higher number of semester hours. Students should consult the description of their program in this catalog to determine the number of semester hours required.
The semester hours for graduation are calculated as follows:

**Semester hours included:**

- Academic credit (transfer and Georgia State) in which grades A, B, C, D, S, or P are earned (except as excluded below) and
- Credit earned through the College-Level Examination Program (CLEP), Advanced Placement (AP), International Baccalaureate (IB), and any other approved credit-by-examination

**Semester hours excluded:**

- All hours earned in courses that are repeated except the final attempt
- Hours earned in courses with course numbers below 1000
- Courses (transfer and Georgia State) that are required to meet College Preparatory Curriculum deficiencies
- GSU 1010, GSU 1050, and GSU 1060
- Physical education “skills” courses KH 1010, KH 1020, KH 1030 (previous course prefixes: HPRD, HPRS, PE)

Questions may be directed to the Graduation Office, Citizen’s Trust Building, 75 Piedmont Avenue, www.gsu.edu/registrar/graduation.html.

**1490.10 Application for Graduation**

All candidates for a degree must file a formal application for graduation with the Graduation Office. Students apply online and pay the graduation fee by logging into PAWS. From the Student Records block on the One Stop Shop tab, select Apply to Graduate.

Students should apply two semesters prior to their anticipated term of completion. For undergraduates this is normally when a student has earned 90 credit hours. Baccalaureate candidates must apply by the following deadlines before their expected term of graduation:

<table>
<thead>
<tr>
<th>Term of Expected Graduation</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>June 15</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>September 15</td>
</tr>
<tr>
<td>Summer Semester</td>
<td>January 15</td>
</tr>
</tbody>
</table>

This allows the university to audit the student’s records while there is time for the student to be notified and any issues to be addressed.
The Graduation Office will inform the student’s college when the application is filed. The Office of Academic Assistance of the student’s college will conduct an audit and inform the student of any remaining requirements. The Graduation Office conducts an independent audit the expected semester of graduation to ensure that all degree requirements will be satisfied.

Once a student applies for graduation by the deadline, the student can change their graduation date to a future date by completing the Change of Graduation form, located on the graduation web site. Official transcripts of prior term course grades from institutions other than Georgia State University must be in the Office of Undergraduate Admissions by the last day of registration of the semester of graduation. Any other documentation pertaining to non-Georgia State courses which is needed to determine if transfer credit can be granted (such as catalog descriptions or course outlines) must be received by the student’s Office of Academic Assistance by the last day of registration of the semester of graduation.

Students who wish to be transient students or who wish to participate in cross-registration for their remaining course work will graduate one semester after the term in which the last course to be transferred to Georgia State University has been taken. Such students must obtain advance permission to complete their degree elsewhere from their college’s Office of Academic Assistance.

1490.20 Graduation with Honors

Scholastic recognition at graduation will be given to each baccalaureate student who maintained a high grade point average. The specific award is based on the cumulative grade point average that the student has during their last term at Georgia State University.

<table>
<thead>
<tr>
<th>Type of Honors</th>
<th>Grade Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cum Laude</td>
<td>3.50-3.69</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.70-3.89</td>
</tr>
<tr>
<td>Summa Cum Laude</td>
<td>3.90-4.00 or higher</td>
</tr>
</tbody>
</table>

Honors noted on diplomas or transcripts are based on the cumulative grade point average at Georgia State University after the last term grade point averages are calculated.

1490.25 Graduation Ceremonies

University Commencement Ceremonies are held at the end of the fall and spring academic terms. Individual academic areas may hold convocations at the end of both the fall and spring terms. You should consult with your academic college. In order to participate in the University Commencement ceremony, a student must have completed all degree requirements in accordance with rules and regulations found in this catalog. Students who have registered for all remaining degree requires in the summer and have applied for summer degree conferral may elect to participate in the spring ceremony. However, degree conferral will not occur until successful completion of the summer term. While the University holds only two Commencement ceremonies, degrees are conferred at the end of each term; fall, spring and summer, and diplomas are mailed approximately four weeks following degree conferral. Diplomas are mailed to the student’s mailing address of record. Students should keep their mailing addresses updated through PAWS at paws.gsu.edu. Allow four weeks following the official date of degree conferral for delivery of the diploma.
Students who indicated on the graduation application that they are attending the commencement ceremony are to purchase their regalia from the Georgia State University Bookstore. The bookstore can be reached at 404/413-9700, by e-mail at bookstore@gsu.edu, or online at www.gsu.edu/bookstore. Commencement photography is also available. Complete information will be sent to degree candidates by the midpoint of their scheduled semester of graduation. If a student later decides not to attend the ceremony, he or she must notify the Graduation Office at 404/413-2248 or e-mail at graduation@gsu.edu.

Additional information concerning graduation procedures can be obtained through the graduation website.

1490.30 Exit Examinations

The university and the student’s college may require the completion of additional competency tests appropriate to a student’s program of study prior to graduation. Information relative to these tests is available in the student’s college.

Any student failing to demonstrate required proficiency on any competency test may be required to complete such additional courses as are necessary to correct the deficiency. Courses required and completed under this provision may be with or without academic credit and may be required without regard to prior course credits in these disciplines.

1490.40 Posthumous Undergraduate Degrees

A posthumous undergraduate degree shall be awarded at the request of or with concurrence of the family or friends of the deceased if, at the time of death, the student was 15 or fewer semester hours short of the semester hours required to complete the degree the student was seeking and the student had a minimum Georgia State University cumulative GPA of 2.00. Additionally, a posthumous degree may be awarded through the normal process of petition for a waiver of the university’s graduation requirements. A request for a posthumous degree should be made to the Office of the Dean of Students.
1500 Student Life and Services

Georgia State University is committed to the ideal that total education involves more than academic pursuit. While students are maturing intellectually, they also are developing physically, psychologically, socially, aesthetically, sexually, and spiritually. The philosophy of student development is embodied in the areas of responsibility of the Office of the Vice President for Student Affairs and the Division of Student Affairs.

The Division of Student Affairs provides a network of support and encouragement for students through counseling, advocacy, advisement, recreation, health, leadership training, and opportunities for personal growth. Further, the division seeks to provide an enriching environment that allows for and encourages cross-cultural interaction, an appreciation of diversity, and ethical decision-making.

1504 Auxiliary and Support Services

The departments in Auxiliary and Support Services supplement the academic campus experience by providing services and facilitating the sale of merchandise to faculty, staff, and students. These departments include the following: ATM Banking, PantherDining, Graduation Regalia and Photography Services, Mail Services, PantherCard, Parking and Transportation Services, Rialto Center for the Arts, Safety and Risk Management, Travel Services, University Bookstore, University Printing and Copy Services, and Vending Services.

The Auxiliary and Support Services office is located on the second floor of the University Bookstore Building. Hours of operation are from 8:30 a.m. to 7:00 p.m. Monday through Thursday and from 8:30 a.m. to 5:15 p.m. on Fridays. Semester breaks and holiday hours are from 8:30 a.m. to 5:15 p.m., Monday through Friday. Phone: 404/413-9500. Fax: 404/413-9525. Email: auxiliary@gsu.edu. Web: www.gsu.edu/auxiliary.

1504.10 ATMs

ATM banking machines from several financial institutions are located on campus at such locations as the University Bookstore Building, first floor; Student Center, first floor; Urban Life, second floor. Phone: 404/413-9500. Fax: 404/413-9525. Email: auxiliary@gsu.edu. Web: www.gsu.edu/atms.

1504.15 University Bookstore

The University Bookstore, located on the third floor of the University Bookstore Building, offers a complete selection of new and used textbooks with a guaranteed lowest price, in comparison with competing downtown bookstore textbook prices. The lowest textbook price guarantee assures that the University Bookstore will match lower textbook pricing, for customers who present lower pricing among competing downtown bookstores to authorized University Bookstore personnel. The rent-a-text (www.rentatext.com) program provides students with the option of renting a new or used textbook for an academic term rather than purchasing it. At the end of the term, students simply bring or ship the textbook back to the University Bookstore. Renting instead of buying can save you more than 50% on average up
front, as opposed to having to wait until buyback cash at the end of the term. The University Bookstore also buys used textbooks in some cases paying as much as 50% of the purchase price. The University Bookstore offers a variety of name brand computer products including Acer and Samsung computers built to university specifications, educational discounted computer software, supplies, and related class needs. Officially licensed Georgia State apparel and gifts are also sold in the University Bookstore. Purchases can also be made online at www.gsubookstore.com. Cash, credit cards, checks, and PantherCash are accepted for purchases. Special discounts are available on Fridays when purchases are made with PantherCash. Phone: 404/413-9700. Fax: 404/413-9709. Email: gsu@bkstr.com. Web: www.gsubookstore.com.

1504.20 Graduation Regalia and Photography

Auxiliary and Support Services provides Portrait and Ceremony Photographs for your Commencement memories. Logo Regalia are available for online purchase for pick-up at the Commencement Fair. Graduation Photography is available through a vendor managed by Auxiliary and Support Services. For more information on graduation photography call toll-free 1-800-424-3686. Information on other Commencement items from diploma frames, class rings, invitations, as well as stoles of gratitude are available at the University Bookstore. Phone: 404/413-9500. Fax: 404/413-9525. Email: gsu@bkstr.com. Web: www.gsu.edu/bookstore.

1504.25 PantherDining

MARTA AND GRTA

Customer Service Area. Students who wish to purchase a GSU discounted monthly MARTA pass for each month need to pick up a specially marked MARTA Breeze card from the Auxiliary and Support Services Customer Service Area located in Suite 200, University Bookstore Building. A valid PantherCard is necessary in order to purchase specially marked Georgia State University discounted plastic Breeze Cards initially. Once a new MARTA Breeze Card is obtained, students will need to log on to Parking Web at www.gsu.edu/parking between the 1st and 15th of each month to purchase the following month’s card in order to receive the maximum discount available for their card.

ENJOY THE BENEFITS

Easy to Reload
The new Breeze Card is reloadable online. This means that students no longer have to visit Auxiliary and Support Services in person to pick-up the next month’s pass.
Discounted
If reloaded online between the 1st and 15th of each month, students pay $61 and staff pay $77 instead of the full retail price of $95 if purchased directly through MARTA.

Durable
Breeze Cards are made of durable plastic, and can either be reloaded online or through any MARTA kiosk although kiosk prices are higher because they do not receive the University subsidy.

Limited Protection Plan
There is also a limited protection plan on all Breeze Cards purchased. As long as the card is reported lost, stolen, damaged, or non-functional before the 22nd of each month at Auxiliary and Support Services, the card will be replaced and will still have that month's benefits. There is a small administration fee for replacement.

A valid PantherCard is required to receive the discount. Students, faculty and staff GRTA passes are also available for purchase at the Auxiliary and Support Services customer service windows. Phone: 404/413-9500. Fax: 404/413-9525. Web: www.gsu.edu/auxiliary/29354.html.

Information regarding hours, registration, fees, and ages of children accepted into the program may be obtained from the center at
1508 Civic Engagement

The Office of Civic Engagement (OCE) is part of University Career Services and provides assistance to students, student organizations, faculty, and staff concerning volunteer and community service opportunities. Community service offers students the opportunity to gain hands-on experience while preparing for their professional futures. The office connects the Georgia State University community with the greater Atlanta community by creating partnerships which foster service-learning opportunities and revitalize the community. Individuals who become engaged with the OCE strengthen their career readiness and capacity to help solve the problems faced by society while learning the importance of being an active, engaged citizen.

Through Volunteer Solutions, an online database, OCE is able to provide service opportunities for individuals and groups based on personal interest while allowing participants to log and track volunteer hours. Students and student organizations that engage in service projects and log their hours in Volunteer Solutions are able to create a permanent record of their service hours.

Panther Breakaway, one of OCE’s signature programs, offers students the opportunity to spend their academic breaks in service to others. In the past, students have worked in various locations around the southeast, including Washington D.C., Orlando, Memphis, New Orleans, and the Everglades. Students are educated on an a social issue prior to the trip, and then immerse themselves in the community where they complete service projects surrounding the issue. Previous trips have addressed social issues such as literacy, poverty, hunger, homelessness and environmental awareness.

The Office of Civic Engagement is a part of University Career Services, which offers to all GSU students, graduate and undergraduate, a wide range of highly supportive personal and professional development opportunities and services. University Career Services is comprised of the Office of Civic Engagement, Leadership Development, Employer Relations, Graduate and Professional School Planning, Career Development, and the Georgia Career Information Center.

For more information on volunteer and community service opportunities, please visit the Office of Civic Engagement, located in Suite 320 of the Student Center, or contact the office by phone at 404/413-1550. You can also learn more about the office and available services by visitingwww.gsu.edu/service.

1510 Counseling and Testing Center

The comprehensive services of the Counseling and Testing Center (CTC) reflect the University’s concern for the many needs of currently enrolled students. Counseling is available to students having educational, personal, or relationship concerns. The Center offers individual, couples and group counseling. Groups include several interpersonal process groups including general growth groups, an African-American Women’s Support Group, African-American Co-ed Support Group, GLBT Support Group, a Graduate Student Support Group, a Grief Support Group, a Stress Management Group, and a Substance Abuse Group. Individual stress management sessions are also available to students. For those who are in counseling with the Center or the Psychology Clinic through the Clinical Psychology Department,
psychiatric services for evaluations and medication determination are available. Referral services for students having needs that go beyond the scope of the CTC also are available.

Students may come in for an initial counseling consultation on a walk-in basis every day during business hours. The purpose of this visit is for the student’s concerns to be assessed and to have a plan put into place for addressing them. Follow up counseling visits are by appointment. Faculty, staff or students concerned about a student’s health and wellbeing are encouraged to phone the Center to consult with the senior emergency on-call counselor. A counselor will assist in determining the most appropriate course of action.

The CTC’s Testing service offers many national examinations, certifications, psychological assessments, math placement, the Regents test and testing for institutional programs. Test proctoring and test scoring services, complete with statistical analyses, are available to the faculty through testing services.

Educational workshops are designed to respond to the variety of needs that students experience during their academic careers, including stress management, time management, study skills, performance enhancement, relationship enhancement, and anger management among others. Psychologists from CTC are also available for guest lectures in classrooms and for student organizations.

All clinicians in the Center have advanced degrees in Psychology, Counseling, or Social Work, are licensed or supervised by a licensed clinician and have a special interest and skills in relating to university students and their concerns. Visits to the CTC are private and confidential. No one outside the Center is given any information regarding any appointments that have been made or what is revealed in counseling without the written release from the student according to Georgia Law. No information becomes part of a student’s academic record.

For more information on the services offered by the center, please call 404/413-1640, visit the Center at 75 Piedmont Ave., or visit www.gsu.edu/counseling

1512 Dean of Students

1512.10 Student Assistance

The Office of the Dean of Students is dedicated to student success and retention through the facilitation of students’ understanding, and utilization of University systems and resources. Knowledgeable staff assist and empower students in conducting their University affairs by listening and analyzing the student’s issue/question/concern, talking with the student to help devise a problem-solving strategy, and referring the student to appropriate staff members and departments. For more information, visit the office located in the Student Center, Suite 300, website www.gsu.edu/deanofstudents or call 404/413-1515.

1512.15 Student Victim Assistance

The Office of the Dean of Students provides victim assistance to students who have experienced a traumatic event or have been the victim of sexual assault or other crimes. The student-centered support services include direct crisis intervention, making appropriate referrals (Counseling and Testing Center,
Student Health Clinic, GSU Police, etc.), providing advocacy and support during all phases of legal/criminal proceedings, supplying information (victim rights, typical responses to trauma and victimization, safety planning), providing consultation and education to students and faculty and staff, and providing on-going follow-up and support as needed. Visit the office located in the Student Center, Suite 300, the website www.gsu.edu/deanofstudents or call 404/413-1515.

1512.20 Emergency Assistance

Emergency Locator: Information regarding students’ class schedules cannot be released for any purpose by the Office of the Dean of Students. However, in the event of a verified family emergency such as a life-threatening situation or serious illness that occurs during regular business hours (Monday-Friday, 8:30 a.m. – 5:15 p.m.), staff will make an attempt to deliver a message or contact a student in class regarding the emergency information. Please call 404/413-1515 for assistance.

Accident/Injury/Hospitalization: The Office of the Dean of Students can provide assistance to a student who has experienced a documentable emergency circumstance which prevents him/her from attending class by coordinating with relevant campus resources to support the student's successful return to the University. In the event a student is hospitalized, their professors can be notified of the absence so that upon returning to the University, the student can follow-up with their professors to complete any missed assignments. Alternatively, if the student is unable to remain enrolled due to the nature of the emergency situation, the student can receive guidance and assistance regarding the withdrawal process. Please call 404/413-1515 for assistance.

1512.25 Student Conduct

The Georgia State University Student Code of Conduct contains policies and procedures to both promote the University mission and protect the rights of students, faculty and staff. Students are obligated to be knowledgeable of and to comply with the University’s rules, policies and procedures. Students are also individually responsible for understanding and exercising their rights, fulfilling their obligations and respecting the rights of others. The Student Code of Conduct articulates the types of actions that infringe upon the campus’ climate of civility and the academic integrity of the University. Students are obligated to be knowledgeable of and to comply with the University’s rules, policies, and procedures. An overarching philosophy of the student conduct process is to provide students with the opportunity to reflect upon their actions and take responsibility for the outcomes of their life and to develop ethical approaches to their decision-making process. A copy of the most current Student Code of Conduct may be accessed on the web at
1512.30 Off-Campus Housing

The Office of the Dean of Students maintains an off-campus housing website (ochousing.gsu.edu) of available housing opportunities such as rooms in private homes, roommates/apartment sharing, short-term leasing, and apartment/house hunting resources.

Because this office does not approve, inspect, or assume responsibility for those facilities listed on the off-campus website, it is strongly recommended that a visit be made to the apartment or home prior to making lease or rental arrangements. If possible, schedule more than one interview with a prospective house share/roommate and always request references. For more information, visit the Office of the Dean of Students located in the Student Center, Suite 300, or call 404/413-1515.

1512.35 Greek Life

While there are many opportunities to get involved at Georgia State, fraternities and sororities offer a unique and life-long involvement experience. Greek Life gives students the opportunity to experience leadership development, serve in the local Atlanta and campus community, network with alumni to form career connections, and make lifelong friendships. In addition, involvement in fraternities and sororities increases students’ chances of graduating from college, enhances their overall academic achievement and improves their satisfaction with their college experience.

There are four governing bodies of fraternities and sororities: the Interfraternity Council (IFC), the Panhellenic Council (PC), the National Panhellenic Council (NPHC), and the Multicultural Greek Council (MGC). With more than 25 organizations to choose from, students can find an organization that provides the experience they are looking for. For more information, visit the office located in the Student Center, Suite 330, the website www.gsu.edu/greeklife or call 404/413-1580.

1512.40 Student Organizations

More than 350 chartered student organizations offer Georgia State University students a wide variety of involvement opportunities. From community service and cultural groups to political and recreational groups, these student organizations reflect a vast array of interests. In addition to providing students with a connection to others with like interests, active involvement in student organizations also offers opportunities for students to gain valuable leadership skills by serving as an officer and/or planning events and programs. A listing of all chartered student organizations as well as the requirements to charter new groups can be found online at gsu.orgsync.com. For more information visit the office located in the Student Center, Suite 330, or call 404/413-1580.
1512.50 Religious Activities

The Council of Interfaith Concerns is a coordinating body for the religious organizations at Georgia State University. It meets regularly to plan and implement interfaith programs and activities, sponsors special worship services throughout the school year, and provides a resource for those interested in learning about religious ministry on campus. Catholic, Jewish, and Protestant chaplains are available through the council; contacts and referrals from students, faculty, and staff are welcomed. For more information about the work of the council or any of the religious groups, visit the office in 402 University Center.

1512.55 Student Health Insurance

The following groups of Georgia State University students are required to have health insurance.

- Undergraduate and Graduate International Students holding “F” or “J” visa status
- Graduate Students receiving Full-time tuition waivers
- Graduate Students receiving fellowships that fully fund their tuition

Additionally, for those students not covered under the mandatory plan, a voluntary plan is also available. Eligible students include all Undergraduate Students enrolled in at least 6 credit hours and Graduate Students enrolled in the graduate or professional degree program, taking at least one graduate level course.

The following link: www.uhcsr.com/gsu outlines the coverage, benefits and premium for an insurance program specifically designed for Georgia State University students and their dependents.

1514 Disability Services

The Margaret A. Staton Office of Disability Services (ODS) coordinates services and programs for students with disabilities. New students with disabilities are encouraged to register with the office prior to their first semester to ensure that appropriate accommodations are made. Current GSU students with disabilities, however, may register with the office throughout the semester. The office also provides information and resources to the campus regarding accessibility and accommodations issues university-wide.

ODS is located in the Student Center, Suite 230 or by phone at 404/413-1560 or 404/413-1564. Detailed information about ODS is available at www.gsu.edu/disability.

1515 Educational Opportunity and TRIO Programs

The Office of Educational Opportunity and TRIO Programs is one of the University’s primary vehicles for outreach to the greater Atlanta community. The Office serves as the coordinating body for a variety of programs designed to provide access to educational opportunities, increase retention and graduation rates as well as prepare students for doctoral study. Among its current programs are the Child Care Access Means
Parents in School, Educational Opportunity Center, Educational Talent Search, Student Support Services, Student Support Services, Science, Technology, Engineering and Mathematics, Atlanta-Gwinnett Upward Bound, DeKalb Upward Bound, Upward Bound Math/Science and the Veterans Upward Bound Program. For additional information, see www.gsu.edu/oeo or call 404/413-1690.

Student Support Services (SSS), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to increase the retention and graduation rates of undergraduate college students who are first generation, demonstrate low income or have documented disabilities. The college experience is enhanced for all SSS participants by providing individualized academic assessments, academic, personal career and financial aid counseling, tutoring, workshops dealing with academic, personal, and career issues, cultural events and workshops, a computer lab with free prints and copies, and advocacy. SSS participants are also eligible for financial assistance in the form of grant aid and scholarships. All services are aimed at increasing the student’s academic success. Students interested in becoming a Student Support Services participant may contact the office at 145 Sparks Hall, 404/413-1680. Please visit the SSS website at www.gsu.edu/oeo/sss.html.

Student Support Services, Science, Technology, Engineering and Mathematics (SSS/STEM), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to increase the retention and graduation rates of undergraduate students majoring in STEM fields who are first generation, demonstrate low income or have documented disabilities. The Program encourages and prepares the participants to attend professional and graduate schools as well as provides participants financial assistance in the form of grant aid and scholarships. Some of the services offered to increase the student’s academic success are individual and group tutoring, academic advisement and assistance, financial aid assistance, field trips, supplemental instruction, leadership and professional development workshops, career exploration and development, computer lab, and grant aid. Students interested in becoming a Student Support Services/STEM participant may contact the office at 152 Sparks Hall, 404/413/1688.

Child Care Access Means Parents in School (CCAMPIS), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to increase access to postsecondary education for low-income undergraduate parents by providing quality, affordable and accessible child care services while they further their education. In partnership with the Georgia State Child Development Program, Student Support Services (SSS) participants are eligible to receive childcare assistance as they pursue their academic goals. CCAMPIS will pay up to 50% of childcare costs. Students interested in becoming a CCAMPIS participant may contact the office of SSS at 145 Sparks Hall, 404/413-1680. Please visit the SSS website at www.gsu.edu/oeo/sss.html.

1517 Georgia Career Information Center

The Georgia Career Information Center (GCIC) provides online career exploration tools and up-to-date career information to the citizens of the State of Georgia, primarily in the public schools (K-12) and the technical colleges. GCIC also assists with state-level employment initiatives and agencies by providing career development software solutions. The core tool that GCIC maintains is the Georgia Career Information System, which supports the State of Georgia in meeting state educational mandates with regard to career exploration and planning for students at all grade levels in the public schools. Georgia State University students can access GCIS for career exploration at http://www.gcis.peachnet.edu/)
The Georgia Career Information Center is a part of the University Career Services, which offers to all GSU students, graduate and undergraduate, a wide range of highly supportive personal and professional development opportunities and services. University Career Services is comprised of the Office of Civic Engagement, Leadership Development, Employer Relations, Graduate and Professional School Planning, Career Development, and the Georgia Career Information Center.

More information is available at http://www.gcic.peachnet.edu/ or 404/413-1720. GCIC is located at One Park Place South, Suite 823.

**1518 Intercollegiate Athletics**

Georgia State University has an intercollegiate athletics program that competes as a member of the National Collegiate Athletic Association (NCAA) Division I Football Bowl Subdivision level and as a member of the Sun Belt Conference. Other members of the Sun Belt include: University of Arkansas-Little Rock, Arkansas State, University of Louisiana-Lafayette, University of Louisiana-Monroe, University of South Alabama, University of Texas-Arlington, Texas State, Troy, and Western Kentucky.

Georgia State sponsors 16 sports programs, including baseball, basketball, football, golf, soccer, and tennis, for men, as well as basketball, cross country, golf, sand volleyball, soccer, softball, tennis, track and field and volleyball for women. Additional participation opportunities for female students will be added in the near future.

Georgia State abides by all rules and regulations of the NCAA and Sun Belt for all athletics competition, and student-athletes must meet all admission and eligibility requirements in order to compete.

Georgia State’s athletics teams, known as the Panthers, compete not only against conference opponents but also against other top-ranking teams around the nation. Georgia State teams and individual student-athletes have gained regional and national recognition.

For further information call 404-413-4000 or visit the athletics website at www.georgiastatesports.com.

**1519 Leadership Development**
Leadership Development provides dynamic programs and services designed to assist students in their
growth and development as leaders on and off campus. Leadership is a characteristic that serves all students
well as they embark on their careers and move forward in their lives. From small roundtable discussions to
large-scale conferences such as the annual Leadership Conclave, Leadership Development addresses the
needs of experienced as well as emerging leaders. Student organizations looking for specific leadership
training for members are encouraged to contact the office to set up training sessions.

Leadership Development is a program of University Career Services, which offers to all GSU students,
graduate and undergraduate, a wide range of highly supportive personal and professional development
opportunities and services. University Career Services is comprised of the Office of Civic Engagement,
Leadership Development, Employer Relations, Graduate and Professional School Planning, Career
Development, and the Georgia Career Information Center.

For more information on the Leadership Development program, visit  www.gsu.edu/leadership or by
calling 404/413-1588.

1520 Multicultural Programs and Services

1520.10 Intercultural Relations

Intercultural Relations provides opportunities for students, faculty, and staff to engage in meaningful
dialogues, actively participate in diverse cultural programs and participate in training opportunities which
serve to enhance their understanding and appreciation of the many cultural groups found at Georgia State
University. The Intergroup Dialogue Program, Martin Luther King, Jr. Commemorative Week activities,
Feed Your Senses, as well as cultural speakers, performances, art exhibits and lectures are a few of the
examples of the programs offered by Intercultural Relations. In addition, the Intercultural Ambassadors
are a group of student leaders who work in collaboration with the Intercultural Relations program to
promote diversity and cultural programming on campus. For more information about Intercultural
Relations visit the website at www2.gsu.edu/~wwwicr or visit Suite 330 of the Student Center or call
404/413-1530.

1520.05 African-American Student Services and Programs

The Office of African-American Student Services and Programs (OAASS&P) promotes academic and
social advocacy and support for undergraduate and graduate students. The office primarily focuses on
providing assistance with academic coaching; peer and faculty mentoring; graduate school preparation;
fostering cultural awareness; student leadership development; and academic tutorial. OAASS&P is open to
all students but is charged with helping to support the retention and progression of Black students in
particular. The office collaborates with academic and student affairs departments, as well as various
student groups to ensure the successful navigation of student through the University community. In an
effort to achieve the social development of Georgia State students, OAASS&P advises several student
organizations and groups which are affiliated with the office. OAASS&P sponsors various academic and
cultural activities which serve to meet the social needs of students, particularly Black students at Georgia
State University. The office, however, strives to foster an environment that is welcoming and which
demonstrates an appreciation for multiculturalism and diversity among the many different cultural groups found on the campus. Members of the staff encourage you to visit the office which is located in the Student Center, Suite 315 or call 404/413-1530 for additional information. The hours of operation for the office are 8:30 a.m.-5:15 p.m., Monday through Friday.

1522 New Student Orientation and Parent Relations

New Student Orientation and Parent Relations introduces new undergraduate students and their families to Georgia State University by offering orientation programs that facilitate student integration into curricular, co-curricular, and University life. The office also provides programs that enhance student development through involvement and leadership opportunities and offers programs that integrate parents and families into the Georgia State community.

New Student Orientation and Parent Relations reaches its goals by implementing the following programs: Incept/ New Student Orientation, Panther Welcome, Freshman Convocation, Family Weekend, Parents Association, Parent Relations, Alpha Lambda Delta Freshman Honor Society, and Tau Sigma Transfer Honor Society. New Student Orientation and Parent Relations is located in Suite 265 of the Student Center. For more information call 404/413-1570 or visit www2.gsu.edu/~wwwnew.

1522.10 Parents Association

The Georgia State University Parents Association provides parents of Georgia State students with an opportunity to remain actively involved with their student in their journey together through the college experience. Parents who join the Association have special access to Georgia State including many wonderful events and programs that happen each day on campus. The organization strengthens connections by providing publications, programming, and a variety of involvement opportunities for its members. The Parents Association is led by an executive board of parents of current Georgia State University students. The Parents Association holds at least one general membership meeting a year and several executive board meetings each semester. For more information on the Parents Association or programs for parents and families, call New Student and Parent Relations at 404/413-1570 or visit the website www.gsu.edu/parentrelations.

1524 Ombudsperson

The Office of the Ombudsperson confidentially assists all members of the campus community with informally resolving conflict or other concerns and issues. The Ombudsperson listens, answers questions, makes referrals, explains University policies and procedures, and mediates between individuals or groups in a dispute to resolve conflict. Mediation and facilitation services offered by the office give all persons involved in conflict the opportunity to discuss problems and cooperate in generating options for resolving disputes. The office also provides training and education in several areas including conflict resolution, respectful communication, cultural awareness, and civility. The Ombudsperson does not have power to adjudicate, arbitrate, or investigate complaints. Individuals who have questions or concerns about classroom environment, interpersonal conflicts, appeals processes, university policies, fair treatment, communication difficulties, or need help with resolving other university concerns are encouraged to call or
visit the office to attempt informal resolution prior to filing formal complaints. The Office of the Ombudsperson is located at 215 One Park Place and can be reached by telephone at 404/413-2510, or via the web at www.gsu.edu/ombuds.

1526 Recreational Services

The Student Recreation Center is a four-story, award winning, 161,000 square foot facility dedicated to student recreation. The facility houses state-of-the-art exercise equipment and a wide variety of programs including aquatics, instructional clinics, fitness classes, personal training and nutritional counseling, outdoor adventure, intramural competition, sport clubs, and drop-in play. Features include: a game room (with billiards, darts, table tennis, foosball, air hockey and Wii games), a 35-foot climbing wall, bouldering cave, racquetball courts, squash court, basketball courts, weight room, exercise room, indoor track, swimming pool, spa, sauna and sundeck, aerobic/dance/martial art studios, outdoor equipment rental shop, vending area, and cyber-lounge. The auxiliary gym has spectator bleachers and is lined for seven different sports. The Equipment Issue desk provides locker rentals, sports equipment rental, towel service, gym clothing rental, and general information. One can register for instructional clinics and other activities, obtain membership information and general information at the Service Counter. All first-time users must complete the on-line waiver. A current validated Panther Card is required for entry into the facility, participation in any recreation activity and for all rentals.

The Touch the Earth outdoor recreation program offers quite a variety of outdoor adventures for beginners and veterans alike. Activities include: hiking, camping, flat and white-water canoeing, kayaking, rafting, horseback riding, rock climbing, caving and more. Instruction, transportation, and most equipment is provided. Break trips are offered during each semester break. Camping and backpacking equipment can be rented for personal use through the Outdoor Rental center. The Challenge Program offers opportunities for team building through group activities at the off-campus ropes course.

Sport Clubs are available to those who have more advanced sport skill and interest in competition. Clubs offered include: badminton, boxing, break dancing, Capoeria, cricket, cycling, equestrian, grappling, Hapkido, ice hockey (men’s), lacrosse (men’s), paintball, rock climbing, rowing, rugby football, soccer (men’s), soccer (women’s), squash, swim, table tennis, triathlon, ultimate frisbee, and whitewater. Active status of clubs may change from semester to semester.

The Indian Creek Recreation Area, a 16-acre wooded site in DeKalb County, offers a ropes course, large outdoor swimming pool for use during the summer, year-round use of tennis courts, sand volley ball court, and picnic areas. The Indian Creek Lodge is available for use (pending approval), for a fee, by chartered university student organizations and departments for retreats, parties and meetings. Located on a 100-acre site in southern DeKalb County, the Panthersville area provides lighted playing fields and other accommodations for sport clubs, intramural activities and varsity athletic competitions.

Complete information on all scheduled recreation activities, programs, facilities, and regulations is available in the Recreation RAP-UP, published each semester, online at www.gsu.edu/recreation, or by contacting the Recreational Services office in suite 200, Student Recreation Center, or by calling 404-413-1750 or 1780.
Student Health Promotion (SHP) envisions a healthy Georgia State University in which all members of the campus community are healthy, safe, and drug free.

SHP values cultural diversity and inclusiveness, and supports social justice efforts in all public health programming.

The mission of SHP is to provide and support health promotion services, events, programs, and community partnerships that increase health literacy, communication, choices and/or advocacy. SHP supports its mission by providing services, events and programs in five key areas of public health:

1. **Alcohol, Tobacco, and Other Drug Prevention**: includes events and programs related to substance use, misuse and abuse.
2. **Health and Safety**: includes events and programs on topics such as pedestrian and driver safety, cancer prevention, illness prevention, and personal hygiene.
3. **Healthy Nutrition**: includes events and programs on topics such as healthy eating habits, healthy cooking demonstrations, eating disorders and healthy body image.
4. **Healthy Sexuality**: includes events and programs on topics such as safer sex, sexually transmissible infections, contraception and sexuality. It also includes free, confidential HIV testing.
5. **Violence Prevention**: includes events and programs on topics such as sexual assault, domestic violence, anger management, and suicide prevention.

Requests for programs can be made by calling 404/413-1577. Groups and individual students are encouraged to stop by the office to learn more about promoting a healthier Georgia State. Please visit us at 75 Piedmont, Suite 241.

The GSU Clinic can meet many of your primary care and urgent health care needs on campus. The staff includes physicians, nurse practitioners, nurses, and medical assistants. The clinic is located in 141 Piedmont Ave, Ste. D, and office hours are 8 a.m. – 8 p.m. Monday –Thursday and 8 a.m. – 5 p.m. Fridays with the last appointment 30 minutes prior to closing. During Spring Break and summer, the clinic hours are 8 a.m. to 5 p.m.

Appointments are required for visits, but urgent visits may walk in and be seen on a priority basis.

You must be a currently registered student to receive services. Always bring your Panther Card and picture identification. We file Georgia State student insurance, but other insurance plans are not accepted. Payment is expected at the time of service by cash, check, credit, or debit card. The clinic cannot take over the phone payments. Please call 404/413-1930 for an appointment or other information, or visit the website at www.gsu.edu/health.

**Primary Care**: Visits and medical advice are FREE — fees are charged for tests, supplies, and medicines. Primary care includes diagnosis and treatment of common illnesses and chronic medical
problems, wellness visits, annual physicals, STD checks and treatments.

- **Minor Emergency**: Wound care including stitches, asthma care, first aid, and assessments and referrals are provided. The Clinic does NOT treat serious, life-threatening or limb-threatening illnesses or injuries. **In case of a true emergency on campus, please call 911** for an ambulance, and then call the university police at 3-3333. The police can direct the ambulance to the location of the emergency. The university police can also assist if someone has a minor emergency while on campus and cannot get to the clinic without assistance. Clinic personnel cannot leave the clinic to attend to minor emergencies that occur at other campus locations, so please call the campus police to help bring the patient to the clinic.

- **Sports Medicine**: Sports participation physicals are provided free. Minor injury care is provided through our Orthopaedic clinic, which is held on Thursdays from 9 am to 12 pm. You must call for appointment.

- **Women's Health**: Please schedule appointments for gynecological exams, PAP smears and birth control advice. Contraceptive pills and shots along with emergency contraception and pregnancy tests are available and can be provided for a fee. Prenatal care is not provided.

- **Health Education**: A variety of topics are offered such as safe sex information, weight control advice, healthy lifestyles, and diabetes management.

- **Prescriptions Dispensed**: As part of your visit to the clinic, the doctor can dispense pre-packaged prescription medicines at a discounted price — antibiotics, allergy and cold medicines, ear and eye drops, birth control pills, dermatological creams, and more. Outside prescriptions cannot be filled at the clinic. Students with the Georgia State student insurance may receive medications without a co-payment. Otherwise there is a co-pay for labs and procedures.

- **Immunizations**: All shots and laboratory tests (titers) needed to complete the immunization requirement for registration (Board of Regents policy) are available at the GSU Clinic through the immunization department. Please call 404/314-1940 for information. Vaccinations and tests provided by the immunization department are MMR, Rubella, Meningitis, Hepatitis A and B, Tetanus/Diphtheria, Varicella (chickenpox), and PPD (tuberculosis) skin tests. Allergy shots can be given only after a consultation visit with the clinic doctor, along with a previous diagnosis and prescription of serum from an allergy specialist.

- **Laboratory Tests**: Affordable testing is available at deeply discounted prices. A few examples are urinalysis, urine culture, throat culture, thyroid panel, lipids (cholesterol) panel, gonorrhea-chlamydia, HIV blood test, and pregnancy tests. You must have an office visit with the doctor or nurse practitioner before a laboratory test can be ordered.

**1530 Student Government Association**

The Student Government Association has existed through the years as the representative body of the students of Georgia State University. The university adheres to the philosophy that self-government is a catalyst for student development. The SGA exists as a means of student self-government and enables elected students to express the opinions of their fellow students in seeking betterment of the university in general. Services provided by SGA include free blue books and scantron forms (limit 2 per day), local facsimile use (1 per day), free black/white copies (10 per day), and local phone use. The SGA office is located in Suite 400 of the University Center, 404/413-1600.

**1534 Student•University Center**
The Student•University Center is a focal point for the social, recreational and cultural life of the Georgia State University community. Known as the campus meeting place, the center is a convenient spot for students, faculty and staff to socialize, enjoy a meal, study, learn about campus life and attend performances, events and meetings. It hosts approximately 25,000 guests daily and more than 5,600 events annually.

The Center is comprised of two buildings, the Student Center and the University Center. The combined facility offers more than 28,000 square feet of meeting and event space that may be reserved for seminars, conferences, lectures, receptions, banquets, concerts and other functions. The Speaker's Auditorium has 425 seats, and a spacious ballroom can accommodate numerous setups. Meeting rooms range in size and can host intimate conference or roundtable discussions, as well as meetings for large organizations.

The Student•University Center offers three program areas: Campus Events, Spotlight Programs Board and Student Media. These programs offer meaningful learning and community-building events in support of the center's mission to enhance the quality of student life, engender a sense of community throughout the university and contribute to the learning environment for all of its constituencies. They also offer a variety of positions for students to work in professional office settings and in student media.

The Center serves as the home of numerous campus departments. It also houses food courts, the University Bookstore, Cinefest Film Theatre, ATMs, e-mail stations, seating areas and lounges. In the University Center, Campus Tickets sells tickets for Student•University Center-sponsored events, and the Information Center on the first floor of the Student Center offers discount tickets to movie theatres and area attractions. Many student organizations, the Student Government Association, WRAS-FM Campus Radio and The Signal student newspaper have office space in the facility in addition to the meeting rooms they can reserve.

For more information and building hours, visit www.gsu.edu/studentcenter or call the Student Center Information Center at 404/413-1850.

**1534.10 Student Programs**

Spotlight Programs Board is the student-run programming board on campus. Spotlight is responsible for planning a wide range of entertainment, social activities and educational programs to enhance the quality of life for the diverse Georgia State student body. It is organized into student committees that coordinate such events as concerts, Panther Prowl and Homecoming, as well as handle the board's administrative functions. Cinefest Film Theatre is also a component of Spotlight. Information about activities or how to get involved can be found at www.gsu.edu/spotlight or by calling 404/413-1610 or visiting 380 Student Center.

Campus Events is a university department that provides social, educational, and cultural programming to enhance the knowledge and broaden the experiences of Georgia State University students, faculty, and staff. Supported by student activity fees, Campus Events brings the campus community together by organizing events that appeal to the university's varied student body. Annual Campus Events programs include the Distinguished Speaker Series, GSU Night at the Aquarium, the Courtyard Music Series, the Welcome Back Comedy Show, GSU Night at Six Flags, College Night at the High Museum, Holidays of the World and a variety of performing and fine arts events. Campus Events and Spotlight Programs Board co-sponsor Blue at the Zoo and the annual Miss Georgia State University Scholarship Pageant. For more...
information, call Campus Events at 404/413-1857, or visit www.gsu.edu/studentevents or 370 Student Center

1534.30 Student Media

All students are invited to become involved with the student media organizations on campus. Whether it is music, writing, reporting, editing, producing videos, photography, or just great experience and friendships, these organizations offer something for everyone.

**GSTV**, Georgia State’s closed-circuit television station, can be seen on channel 91 at the Georgia State Commons and University Lofts. It also streams its content live on its website www.gstvonline.org. The office is located in 205 University Center.

**WRAS-FM** is the 100,000-watt student voice of Georgia State. On the air since 1971, WRAS has won local and national awards for its cutting-edge format. Also known as Album 88, WRAS is programmed solely by Georgia State students. The office is located in 280 University Center or visit online at www.wras.org.

**The Signal** is the university’s student newspaper, which serves as a learning workshop and source of journalistic, marketing and photographic skills. The Signal is published every Tuesday during the Fall and Spring academic terms. Current issues can be found in over 50 locations on campus. The office is located in 200 University Center or visit online at www.georgiastatesignal.com.

**New South** and **Underground** are the university’s literary magazines edited by students and showcasing literary and artistic contributions from across the country. Both organizations also stage on- and off-campus readings from Georgia State students throughout the year. **Underground** focuses on the publication of poetry, literature and photography produced solely by current Georgia State University students. The New South office is located in 946 General Classroom Building and the Underground office is located in 407 University Center.

1536 University Career Services

The central office for **University Career Services** (UCS) houses the comprehensive career center for the campus with programs, services, information, and counseling to assist students with career decisions, as well as preparation for and implementation of successful job and graduate /professional school searches. The central UCS office works with undergraduate and graduate students from the first year on campus through the one year anniversary of their graduation. Alumni beyond a year of graduation may enroll in **Alumni Career Services**, a program also housed within the office (Note: an Alumni Career Services fee is associated with some services). Students from all majors and areas of study, from all class levels, and from all colleges, are served.

**Career Development services are** available by appointment. Individual and group sessions are offered, always with the goal of helping students and alumni connect their passion and purpose with career opportunities. The career counselors also provide career assessments, which aid students in exploring career possibilities based on values, interests, and personality.

Workshops, information and career counselors are available to help students and alumni with their career exploration and assess their individual talents, skills, and interests, and to set career goals. Programs and materials, employer panels, employer information sessions, and career fairs provide up-to-date information for use in exploring careers and researching employers.

Through the Employer Relations team, University Career Services has programs and services that connect students, alumni, and employers for internship and career opportunities, as well as employment to meet expenses while attending school. Regular workshops, employer events such as mock interviews and résumé critique days, and online information help students prepare résumés, and develop interviewing and other job search skills.

The Graduate and Professional School Planning program assists students exploring advanced degree opportunities, either here at Georgia State University or at another campus within the United States or abroad. This program has materials to assist students in researching programs as well as support in making application. This program also sponsors the fall Graduate and Professional School Fair, which brings graduate school recruiters from across the country to meet interested GSU students.

The Career Resource Center (CRC) is the central point of contact for students and contains workstations with access to online career guidance, job postings, graduate/professional school information, and employer research databases. The CRC also houses career-oriented books and multimedia materials for researching career and advanced degree opportunities.

Résumania is the walk-in résumé and c.v. review service, available Monday through Friday, 9am to 3pm. No appointment is needed. Résumania takes place in the CRC, Room 260 University Center.

All Georgia State University students have an account on Panther Career Net, a web-based career management system utilized by students, employers and the career services staff. Panther Career Net is free to all enrolled students. Activation of the account (completing a profile and uploading a résumé if seeking employment) provides 24/7 on and off-campus access to many of the Career Resource Center’s online resources, as well as easy application to jobs, and information about career events and employers. Activation requires use of one’s campus ID and password and can be done remotely.

University Career Services at Georgia State University is a consortium of student-focused departments and programs within the Division of Student Affairs, offering to all GSU students, graduate and undergraduate, a wide range of highly supportive personal and professional development opportunities and services. University Career Services is comprised of the Office of Civic Engagement, Leadership Development, Employer Relations, Graduate and Professional School Planning, Career Development, and the Georgia Career Information Center.

For more information on career counseling, career assessment, career exploration, graduate and professional school planning, internship and career opportunities, and job search support, visit the central office of University Career Services in 260 University Center or call 404/413-1820 or visit the website at www.gsu.edu/career.

1538 University Committees
1538.10 University Senate Committee on Student Life and Development

The University Senate Committee on Student Life and Development is a joint student-faculty advisory committee to the Dean of Students. This standing committee is responsible for chartering new student organizations; recommending and reviewing proposed changes in university policy that relate to student programming and development; reviewing student code of conduct changes; and, facilitating communication among students, faculty, and administrative staff.

1538.20 Student Activity Fee Committee

The Student Activity Fee Committee, including ten fee councils, is comprised of students, faculty, and staff members. The committee is responsible for reviewing requests for funds generated by the student activity fee and making recommendations for the allocation of those funds to the Dean of Students.

1538.30 Committee on Student Communications

The Committee on Student Communications is an advisory committee to the Dean of Students and has decision-making responsibility in relation to the business of and annual budget allocations for all student-operated media. Its primary functions are to interview candidates to fill the editorial and managerial positions for each of the student-operated media, to make recommendations for general policy to the Dean of Students, and to resolve disputes between members.

1538.40 Student Technology Fee Subcommittee

The Student Technology Fee (STF) Subcommittee of the Senate Committee on Information Systems and Technology (IS&T) meets annually to review proposals for expenditures of monies from the Student Technology Fee and makes recommendations for allocations to the Fiscal Advisory Committee to the President. For additional information, check the following website: www.gsu.edu/techfee and www2.gsu.edu/~wwsen/committees/facp/.

1540 University Housing

Housing accommodations are available in the Georgia State University Commons, University Lofts, Freshman Hall, Piedmont North and Greek Housing. These residence halls offer a variety of life-style living options.

The University Commons houses approximately 2,000 Georgia State students. It offers convenient, apartment-style housing in a quadrangle of four residence halls. The two and four bedroom apartments include a full-sized kitchen, a fully furnished living/dining room, and a bathroom for every two residents, and private bedrooms. Private bedrooms have basic cable television and internet connections. The kitchen features a refrigerator, dishwasher, and oven. Each floor’s design includes a study/community lounge space and each building has a fully equipped laundry facility and community offices and mail room on the first
floor. The building includes covered parking spaces, the 911 center for the University, a police substation, a convenience store, Georgia State University Student Health Clinic and a MILE computer lab for University classes.

The University Lofts residence hall houses approximately 550 residents. The University Lofts is primarily an undergraduate apartment-style residence hall. The Sophomores Achieving in Life (S.A.I.L.) learning community occupies the top three floors. The Lofts are fully furnished loft-style apartments that blend urban style with modern-day conveniences. There are studios and one, two and four bedroom apartments. The apartments include living areas, private and shared bedrooms, and a full-bath for every three residents and a full kitchen with a refrigerator, dishwasher, stove and oven. The Lofts community spaces include an activity lounge, multipurpose room, laundry room, and the University Housing Learning Center and classroom. Lofts resident parking is managed by Auxiliary and Support Services (www.gsu.edu/parking) and is available at an additional monthly cost.

Freshman Hall offers one and two-person suites that are adjoined by a full bathroom. Students are provided with a furnished room, including a bed, desk, chair and closet. This new residence hall offers a comprehensive first-year student program, and a state of the art all-you-can-eat dining facility. A meal plan is required for students who reside in Freshman Hall.

Piedmont North opened in Fall 2010, and underwent remodeling and an expansion of the full facility, which included the opening of a second building in Fall 2011. Piedmont North is a traditional, suite-style residence hall. Students share a bedroom and a bathroom. Similar to Freshman Hall, a dining facility is also located in the hall and a meal plan is required for all students in Piedmont North. Students may use their meal plan at either location. Student rooms in Piedmont North are also furnished, including a bed, desk, chair and closet.

The Greek Housing community consists of five fraternities and four sororities housed in three-story townhomes, which range in size from 9-19 beds per unit. Each townhome features a spacious living room and kitchen, and all bedrooms are furnished with standard residential furniture. There is a large meeting room in the center of the complex with mail service and laundry facilities available next door in Freshman Hall.

University Housing’s residence halls are in highly desirable downtown locations that are located within minutes of academic buildings, the Student Recreation Center, the Student University Center and most major attractions in Atlanta. Sign up to live on campus and begin enjoying all the advantages University Housing has to offer. All University Housing residence halls meet all requirements of the Americans with Disabilities Act.

Housing costs for all facilities include rent, furniture, all utilities, wireless internet in specific building areas, basic cable television, and internet connections. Safe and convenient access is provided through a 24 hour card key access system from residence hall access and guest check in. For more information, contact University Housing in person at 250 Student Center, by phone at 404/413-1800, by e-mail at housing@gsu.edu, or by visiting the Housing Web site at www.gsu.edu/housing.
The university offers a wide range of educator preparation programs for students who wish to become public school teachers. Some of these programs are administered within the College of Arts and Sciences and some are administered within the College of Education. All undergraduate educator preparation programs are overseen by the Professional Education Faculty, which has membership from both colleges and is advised by Atlanta-area schools.

The following undergraduate programs are offered by the College of Education or College of Arts and Sciences:

The College of Education offers initial certification graduate programs in behavior/learning disabilities, communications sciences and disorders (speech-language pathology), early childhood education, educational leadership, English education, mathematics education, middle level education, multiple and severe disabilities, reading specialist, school counseling, school psychology, science education, social studies education, special education, and teaching English as a Second Language.

Educator preparation programs at Georgia State University are field-based; that is, much of the coursework requires structured participation in school settings. Therefore, students must be available for coursework that will be scheduled during elementary, middle, and secondary school hours, typically 8 a.m. to 3:30 p.m. Students will find it necessary to be free of other obligations during the term of student teaching and will find it highly desirable to have few other commitments during the term in which blocks of coursework must be taken. Blocks are comprised of 6 or 12 hours of coursework, which are taken in the same academic term (i.e., fall semester only) and are field-based. Exit requirements for teacher education are satisfied by
successful completion of student teaching. Additional requirements exist for specific programs.

**Preparation for Prospective Teachers at the Middle Level (4-8) or Secondary Level (6-12) or of ESOL Students (P-12)**

Students interested in applying to a Master of Arts in Teaching program in the Department of Middle-Secondary Education and Instructional Technology or who wish to explore the possibility of teaching in a content area (gr. 4-8 or 6-12) or in English as a Second Language classrooms (ESOL, preschool -12) are encouraged to take pre-education courses such as the following as part of their undergraduate preparation: EDCI 3250 Introduction to Teaching in the Secondary School; EDLA 3200 Topics in Middle Grades Language Arts; EDLA 3230 Special Topics in the Middle Level Literature Curriculum; EDLA 3240 Special Topics in the Middle Level Composition Curriculum; EDMT 3350 Topics in Middle Grades Math; EDMT 3420 Special Topics in the Middle Level Mathematics Curriculum; EDSC 3250 Topics in Middle Grades Science; EDSS 3400 Topics in Middle Grades Social Science and History; EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities; or IT 3210 Teaching, Learning, and Technology Integration.

General information for preparing to teach in these areas can be found below. For more information on specific program admission requirements for the various M.A.T. programs in the Department of Middle-Secondary Education and Instructional Technology, see those program descriptions in the GSU Graduate Catalog.

**English as a Second Language Education (P-12)**

Prospective teachers of ESOL students in Georgia may choose any major but should complete at least two sequential semesters of a foreign language. Courses in applied linguistics and English grammar are also encouraged. Upon completion of an undergraduate degree, students should apply for the M.A.T. in Reading, Language, and Literacy Education which leads to certification as an ESOL teacher (P-12) and a reading endorsement.

**Middle Level Education (4-8)**

Prospective teachers of middle level education (MLE) level should focus on two content areas, either Language Arts/Social Studies or Math/Science, as part of their undergraduate preparation.

- For MLE language arts and social studies, students should major in either English or history and take at least 12 hours of upper division coursework in the second area. Within their undergraduate program, students should address the following areas: children’s literature, grammar, composition, literature or folklore, geography, world history, Georgia history, and US history.
- For MLE mathematics and science, students should take at least 12 hours of mathematics and 12 hours of science as part of the undergraduate preparation. Within the undergraduate program, students should address the following areas: life science, earth science, physical science, geometry, algebra, number theory, and probability/statistics.
- Upon completion of an undergraduate degree, students should apply for the M.A.T in Middle Level Education which leads to certification in grades 4-8 in two areas of concentration (either Language Arts/Social Studies or Math/Science.)
- Students who do not follow the suggested preparation for Middle Level Education may be able to...
enroll in the M.A.T program, but additional coursework will be necessary prior to completion of the program and recommendation for certification.

Secondary Education (6-12)

Students interested in teaching English, Mathematics, Science, or Social Studies (history, political science, or economics) at the middle and secondary level should major in Arts and Sciences in the concentration in which they would like to teach. Certification in physics is available within the BS in Physics program. For all other fields students should apply to the appropriate Master of Arts in Teaching (M.A.T.) program in the College of Education upon completion of an undergraduate degree.

1605 Entry into Teacher Education

Admission to Georgia State University and to the College of Arts and Sciences or the College of Education (as indicated above) is prerequisite to entry into teacher education. The minimum criteria for entry into teacher education are listed below.

- Students must have successfully completed Area A (Essential Skills) of the undergraduate core curriculum with a grade of “C” or higher for each course.
- Students must demonstrate competence in oral communication. Screening takes place in all education courses. At any time during their courses of study, students may be referred to the Georgia State Speech–Language–Hearing Clinic. There, screening assesses the basic communication skills adults are expected to exhibit during communication in professional settings: hearing, articulation, fluency, appropriate grammar, comprehension of spoken language, and the ability to use appropriate voice quality. Completion of referral, evaluation, and the remedial process is necessary for continuation in the program.
- Students must have demonstrated competence in mathematics and science by successfully completing Area D (Science, Mathematics, and Technology) of the undergraduate core curriculum.
- Students must have a minimum grade point average of 2.50 based on all undergraduate coursework attempted. For students pursuing degrees in some majors, the minimum grade point average requirement is 2.75. Students are encouraged to contact their academic advisors for information regarding the grade point average requirement for their specific majors.
- Students must complete a separate application and pay an application fee. Students must also show proof of Tort liability insurance and criminal background check. See section 4000 College of Education in this catalog or visit the College of Education Office of Academic Assistance web site, education.gsu.edu/oaa/, for more information.
- Students must have successfully completed EDUC 2110 Investigating Critical & Contemporary Issues in Education with a grade of “C” or higher.
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx.

Contact the Counseling Center (404/413-1740) or the College of Arts and Sciences Office of Academic Assistance or College of Education Office of Academic Assistance and Graduate Admissions for an examination schedule and application form. Students interested in teacher education are encouraged to take
the GACE Basic Skills Assessment as soon as they complete Area A of the undergraduate core curriculum. Additional criteria, including departmental requirements, may be added. Students are assigned an advisor to plan an appropriate course of study within the guidelines provided by this catalog. Entry into teacher education is a prerequisite for courses designated “(TE)” in the course description section.

1610 Educational Field Experiences and Student Teaching

Field Experience Placement Policies

Below are the policies governing the field placements of students in sites and schools. All students must comply with the prerequisites for placements and the continuing requirement to report any criminal events, and must acquire tort liability as outlined in the sections which follow.

Field Placement – Prerequisites

GSU students enrolled in educator preparation programs or in education coursework requiring field-based experiences must fulfill the GSU prerequisites set forth below before the University will initiate field placement efforts. However, fulfilling GSU’s prerequisites is not a guarantee of placement for a field-based experience or licensure by the Georgia Professional Standards Commission. Field placement sites/schools set their own placement requirements and may have additional requirements before a placement is finalized.

As a prerequisite, students must:

1. provide written consent to a criminal background check with a vendor designated by GSU for the purpose of obtaining copies or summaries of any criminal records pertaining to the student that are held by any local, state or federal government agency or private entity; and
2. if the criminal background report indicates the student has prior convictions, as defined by the Georgia Professional Standards Commission, or pending criminal charges against him/her, then the student must also provide written consent for the release by GSU of the student’s criminal background report to field placement sites for review and decision regarding acceptance for field placement at the site. GSU will not release the report to field placement sites for placement purposes without student consent. GSU may cross-reference a student’s criminal background history with the information supplied on the student’s application for admission to GSU. Misrepresentations revealed by such cross referencing may result in sanctions up to and including revocation of admission to the University.

GSU will contact the student if his/her criminal background report indicates prior criminal convictions and/or pending criminal charges. The student will have the opportunity at that point to:

A. Provide written consent allowing GSU to forward the criminal background report to field placement sites for their review and decision regarding field-placement at their institution for student teaching. No field placement attempts will be initiated by GSU for students with prior convictions or pending charges except with such a consent;
B. Withdraw from GSU’s field placement process. Student must also formally withdraw from any
corresponding GSU courses for which field placement is a requirement to avoid earning a failing grade; or
C. Contest the accuracy of the report with the background check vendor or reporting entities. No further attempts will be taken to place the student in the field unless the student subsequently consents to GSU’s release to field placement sites of the student’s criminal background report or the submits official documentation showing to the University’s satisfaction that the background check report was erroneous.

Field Placement – Continuing Duty to Report Criminal Events

In addition to the continuing duty Georgia State University students have to report criminal events that occur after application to the University per the Georgia State Student Code of Conduct, students enrolled in educator preparation programs or in education coursework requiring field-based experiences must (1) report to the College of Education Office of Academic Assistance any criminal events described below that occur after the criminal background check required for field placements was conducted (notice to COE Academic Assistance must be made within 72 hours of the student’s notice of the event); (2) consent to a new criminal background check; and (3) provide written consent for the release of the criminal background report and all information about the criminal event to any field placement site at which the student is currently student teaching or at which GSU attempts to place the student in the future. Failure to comply with the notice requirement described herein may result in sanctions up to and including immediate withdrawal from the University. Failure to comply with the criminal background check and release of information requirement described herein will result in immediate removal from all current field placements and courses and denial of future requests for field placement.

1. Conviction of a crime other than a minor traffic violation.
2. Criminal charges filed against the student.
3. Entering a plea of guilty, a plea of no contest, a plea of nolo contendere, an Alford plea, or a plea under any first offender act in response to charges filed against the student.

Policy Regarding Tort Liability

Teacher education and counseling students are required to purchase tort liability prior to placements in field experience courses, practica, or student teaching. Students will be expected to show proof of coverage to program coordinators/supervisors prior to field placements.

Student Teaching

Educational field experiences and student teaching are clinical in nature. They are designed to complement the humanistic, behavioral, and pedagogical studies in teacher education and to offer experiences in a variety of settings.

At the baccalaureate level, a sequence of clinical and field experiences is planned to complement the professional education courses included in the students programs of study.

The Opening School Experience provides practical experience in the school and classroom setting during the week of preplanning and the first week of school. Students learn effective procedures necessary for setting up a classroom at the beginning of the year. This takes place at the beginning of the students’ senior
year prior to the student teaching experience. Students in early childhood education and health and physical education must apply for this experience in advance and must register for the course during early registration of the fall term of the year in which the experience takes place. Students should check with their departments for the deadlines to apply for their Open School Experience.

Student teaching is the culmination of the clinical field experiences. Student teaching involves full participation by the students for at least one full academic term. Because student teaching constitutes a full load of academic credit, it is recommended that the students attempt neither regular employment nor other courses during the term of student teaching.

To be eligible for enrollment in student teaching, students must be admitted to teacher education and have:

- successfully completed the specific required courses of the program;
- earned an overall grade-point average no less than 2.50 (2.75 for early childhood education majors) the term prior to the student teaching experience;
- earned a minimum grade-point average of 2.50 (2.75 for early childhood education majors) in the major teaching area courses and in professional education courses. (Students who earn a grade of “C-,” “D,” or “F” in a major teaching field or professional education course must repeat that course and earn a grade of “C” or higher. The grade of “C,” “D,” or “F” will still be included in the overall grade-point average.) Early Childhood Education and Middle Level Education majors must earn a grade of “B” or higher in majors courses specified in the program of study.

The Professional Education Faculty believes that all students who are in field experiences must be personally and psychologically equipped as well as academically prepared. Students may be denied entry to field experiences based on departmental prerequisites or the professional judgment of faculty based on observed performance and behavior. This policy is based on the premise that educators should be part of the evaluation of the students’ ability to function adequately and safely in classrooms and that educators have a right and responsibility to make such judgments prior to placing students in schools.

The practicum or student teaching supervisor has the authority to withdraw students from their classroom experience if their performance constitutes a detriment to the children in the class. If such removal is necessary, students will be given an F in each corresponding course.

Applications and deadlines for student teaching are posted at education.gsu.edu/oaa/field_placement.htm. Failure to submit applications on or before prescribed deadline dates will result in a delay of one or more terms in student teaching or practicum placement. Further information regarding educational field experiences, practicum, and student teaching experiences for each major is available from the appropriate department in the College of Arts and Science or the College of Education.

An additional lab fee of $125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra costs such as tort liability and transportation will be incurred at various times during the completion of the various teacher education field experiences, particularly during the students’ senior year.
At the completion of the student teaching semester, all students who are eligible for certification must attend a final seminar to complete all requirements. Information concerning this seminar will be sent to the students.

Criteria on Academic and Professional Integrity

The College of Education is committed to upholding standards of academic and professional integrity. These standards require that students enrolled in undergraduate and graduate programs within the College of Education adhere to both the University’s Student Code of Conduct as described on-line at www.gsu.edu/codeofconduct as well as their individual degree program’s Policy on Student Professionalism, Integrity and Retention. Students should contact their department for a copy of their degree program’s policy.

1 The Professional Standards Commission was created by the Georgia General Assembly as of July 1, 1991, to assume full responsibility for the certification, preparation, and conduct of certified, licensed, or permitted personnel employed in the public schools of the State of Georgia. The Commission is also responsible for the development and administration of teacher certification testing. The Commission handles the investigation, advisement, monitoring, and due process of cases associated with educator discipline. In 1999, the Georgia Teaching force Center was placed in the Georgia Professional Standards Commission for administration purposes. The Teaching Force Center is one component of the Georgia P-16 Council’s Title II Plan for having a Qualified Teacher in every Classroom in Georgia by 2006.

2 Conviction includes a finding or verdict of guilty, or a plea of nolo contendere, regardless of whether an appeal of the conviction has been sought; a situation where first offender treatment without adjudication of guilt pursuant to the charge was granted; and a situation where an adjudication of guilt or sentence was otherwise withheld or not entered on the charge or the charge was otherwise disposed of in a similar manner in any jurisdiction.

1615 Teacher Certification

Teachers and other educational personnel must be certified by the Georgia Professional Standards Commission to be employed in the state’s elementary, middle, and secondary public schools. Private elementary and secondary schools may also require state certification for employment.

Completion of Teacher Education Requirements: A requirement for initial certification in Georgia is completion of teacher education requirements. This may be accomplished in one of the following ways at Georgia State University. (Options vary by program.) In all cases, “Entry into Teacher Education” criteria apply.

- Students may complete an approved educator preparation degree program as described in the College of Arts and Sciences or the College of Education chapter of this catalog.
- Students may complete or present a non-educator preparation bachelor’s degree and all additional components of an approved educator preparation degree program.

Initial certification programs in Behavior/Learning Disabilities, Communication Disorders, Educational Leadership, English Education, Health and Physical Education, Mathematics Education, Multiple and
Severe Disabilities, Reading, School Counseling, School Psychology, Science Education, and Social Studies Education are available only at the graduate level. The College of Education offers seven Master of Arts in Teaching (M.A.T.) programs which prepare students for initial certification in the following fields: Early Childhood Education, English Education, Mathematics Education, Middle Level Education, Reading, Language and Literacy Education (ESOL), Science Education, and Social Studies Education. See the current Georgia State University Graduate Catalog for more information on the university’s master’s level programs.

1620 University Recommendation

Students who complete a Georgia State University educator preparation program by one of the three methods above and who present a passing score or scores on the appropriate GACE Content Assessments may be eligible for the Georgia State recommendation for teacher certification. The College of Education’s Office of Academic Assistance and Graduate Admissions can issue the recommendation to the prospective teacher shortly after Commencement following the term of completion of requirements.

1625 Application for Teacher Certification

Prospective teachers must apply for teacher certification. Applications are available online at www.gapsc.com. It is the students’ responsibility to request the application and complete the submission process with the College of Education. The student, in a single package, must forward the application, the completed recommendation form, and official transcripts from all colleges attended to the Professional Standards Commission.

1630 GACE Assessments

Students seeking certification from the State of Georgia Professional Standards Commission are required to pass the GACE Basic Skills Assessment (or provide an exemption) and GACE Content Assessment in their fields.

The Georgia Assessments for the Certification of Educators is developed and administered by National Evaluation Systems, Inc. (NES®). Subject Assessments include the Professional Pedagogy Assessment, Paraprofessional Assessments, and Content Assessment Area tests. The GACE program helps the PSC meet its goal of ensuring that candidates have the knowledge and skills needed to perform the job of an educator in Georgia public schools. The GACE are aligned with state and national standards for educator preparation and with state standards for the P–12 student curriculum (Georgia Performance Standards). Information about the assessments is available at www.gace.nesinc.com and www.gapsc.com/.

Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx.

A requirement for educator certification in the State of Georgia is a passing score on appropriate tests of the
GACE Content Assessment series. This test is administered at various times throughout the year. Test applications are available at www.gace.nesinc.com. Unless otherwise indicated in a program description, passing the GACE Content Assessment is not a degree-program requirement. All initial certification students must submit copies of complete GACE Content Assessment scores (all pages of the score report) to the Office of Academic Assistance in order to be recommended for educator certification by Georgia State University. Students are encouraged to take the test during the last term of enrollment.

Questions about educator certification in other states should be addressed to the State Department of Education in the capital city of that state.

1635 Teacher Education Core

The teacher education core is common to all educator preparation programs in the College of Arts and Sciences and the College of Education. The core is comprised of the following three courses:

- EDUC 2110 Investigating Critical and Contemporary Issues in Education
- EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts
- EDUC 2130 Exploring Learning and Teaching

1640 Professional Education Faculty (PEF)

The Dean of the College of Education is the presiding officer of the Professional Education Faculty. The faculty meets at least twice each year, once during Fall Term and once during Spring Term.

Quotidian governance of the Professional Education Faculty is conducted by the Professional Education Council, which consists of faculty members elected from the various teacher education areas, faculty members appointed by the Dean of the College of Education, students appointed by their departments, and school personnel representing Metro-Atlanta school systems. The chair of the Professional Education Council is elected annually, and the position alternates between members of the College of Arts and Sciences and members of the College of Education.

The Professional Education Faculty’s primary duty is to promote and facilitate constructive interaction of the members of the Professional Education Faculty, especially along interdisciplinary lines, in the interest of maintaining excellence in professional education programs at Georgia State University. The council is served by eight committees: The Executive Committee, which reviews the work of other committees and sets the agenda for council meetings; the Assessment Committee, which focuses on assessment issues at the unit level; the Content Knowledge Committee, which makes recommendations regarding the assessment of content knowledge and pedagogical content knowledge of teacher education and other school professionals; the Curriculum Committee, which reviews existing and proposed professional education programs; the Diversity Committee, which monitors and makes recommendations regarding the faculty’s progress toward goals and outcomes stated in its Diversity Plan; Field Experiences and Clinical Practice Committee, which
assess the impact of candidates’ development and demonstration of knowledge, skills and professional dispositions to help all students learn; Induction Committee, which studies issues related to induction and retention; and the Standards and Accreditation Committee, which reviews the Conceptual Framework, legislative and Professional Standards Commission actions affecting curriculum, criteria used by accrediting bodies in their periodic reviews of programs, and programmatic recommendations of relevant scholarly and professional associations.

Additional information about the Professional Education Faculty and its activities is available through the Internet at pef.gsu.edu.

Conceptual Framework

The Professional Education Faculty’s conceptual framework illustrates its philosophies and purposes in regard to effective teacher preparation. The framework builds on the College of Education mission statement and includes the Professional Education Faculty’s purpose, assumptions guiding our programs, and candidate outcomes. The conceptual framework is described fully at pef.gsu.edu.

1650 Teacher Education Warranty

Georgia State University teacher education programs provide a limited warranty and guarantee the following:

- The Professional Education Faculty of Georgia State guarantees the quality of any educator that they recommend for initial certification in Georgia.
- Georgia State guarantees educators during the first two years immediately following graduation from Georgia State or following recommendation by Georgia State for an initial certificate, whichever occurs first.
- Any Georgia State educator in a Georgia school who fails to demonstrate essential skills can receive additional training at no expense to the educator or the employer.

Sarah Cook, Associate Dean

Purpose

The Honors College, established in 2011 evolved from the College of Arts & Sciences Honors Program which began in 1975. A major goal of the College is to enhance the quality of undergraduate education and create transformational learning experiences.

The Honors College provides the advantages of a small, highly selective college with breadth of programs and opportunities of a large research university. The College is open to incoming freshmen, transfer students, and currently enrolled students who meet eligibility requirements. Honors students take small, seminar-based classes and develop mentored relationships with outstanding faculty members. Honors sections of a number of regular courses, many of which meet core curriculum requirements (Areas A – E), are offered throughout the academic year. In addition, students in the Honors College can enroll in upper division courses, special interdisciplinary courses, design a colloquium on a topic of their choice, and research and write an honors thesis. Students in the college may earn honors recognitions that are noted on their diplomas and transcripts, and pursue additional opportunities such as internships and study abroad experiences to enrich the quality of their education. Honors students may also take advantage of dedicated facilities, priority registration, merit scholarships, graduate and professional school advising, national fellowship and scholarship advising, special travel and study abroad opportunities, and specialized housing in the Honors Living Learning Community in the University Commons.

Admission

Admission to the Honors College is competitive and limited to approximately 200 incoming students each year. Entering freshmen should have an outstanding high school grade-point average combined with excellent SAT or ACT scores and a record of extra-curricular activities. High school students who are jointly enrolled will also be considered. Currently enrolled and transfer students must have a cumulative grade-point average of at least 3.5 based on a minimum of 12 credit hours completed at the university. An interview with the dean or associate dean is required. Students who do not meet these academic requirements in full but wish to pursue honors work should contact the Honors College staff.

Academic Advisement

Academic Advisors

April Lawhorn

Jessalyn Banke Murphy
The Honors College provides the following services each semester to active Honors students:

- Academic advisement and honors course selection
- Review of AP credit and IB credit and how the credit applies to academic program
- Review of all honors credit and requirements for Honors recognition at graduation

Honors students are advised on an appointment basis. To schedule an appointment with an honors academic advisor, call 404-413-5577. Students are urged to arrange for advisement in their departments and in the Honors College regularly and well in advance of registration to take full advantage of honors offerings. Students should also meet with their academic advisor in their college’s Office of Academic Assistance.

National Scholarship/Fellowship Advisement

Jennifer Gerz-Escandón, Coordinator

The Honors College encourages students to pursue national fellowships and scholarships such as the Rhodes, Truman, and Goldwater awards, by working early in their studies with the College’s coordinator. Students seeking to distinguish themselves work with the coordinator to determine appropriate scholarship opportunities, identify resources and engage in experiences designed to make them nationally competitive and prepare them for a lifetime of achievement. The Honors College offers a variety of programs to help student compete for these national awards.

Internships and Study Abroad

The Honors College offers internships through the Capital Experience in Washington, DC, and the London Experience in London, England. The Capital Experience includes opportunities with government agencies, the White House, political parties, political action groups, members of the Georgia Congressional delegation, museums, the arts, think tanks, historical archives, research and policy organizations, science and environmental groups, medical centers, and the media. In London, opportunities are available for internships in government, public relations, fashion, risk/reward management, government relations and public affairs, film and video, business administration, and private wealth management. These internship opportunities are open to students from all majors.

One-Semester Registration

Any student in the university with a 3.0 or higher GPA may take one honors course without being admitted to the college. Authorization for all honors courses must be obtained prior to registration from the Honors College office.

Scholastic Standard

Continuation in the Honors College requires students to maintain at least a 3.3 cumulative grade-point average. A student whose average falls below 3.3 will be given two academic terms in which to attain a 3.3 average again, at which point the student may continue to take honors courses.

Active-Inactive Status
Although there is no minimum number of courses required to remain enrolled in the Honors College, students who are in good academic standing in the program (see above) and who have taken at least one honors course in the past three academic terms (including summer session) will be considered active in the program. Students newly admitted to the college will be counted as active during their first four academic terms. All others will be considered inactive.

Honors Recognitions and Requirements

Students may choose to work toward any or all of three formal recognitions. These are recorded on transcripts and on diplomas, and acknowledged at graduation. Honors recognitions require 3.3 grade-point averages overall and in honors course work. No courses with grades of D or F may be applied toward the satisfaction of the requirements for honors recognitions. All incoming freshmen honors students are required to enroll in Honors 1000, a one-hour seminar that introduces students to research-based academic work in the disciplines.

- **Honors:** Granted to students who complete at least 12 credit hours of course work in lower-division honors classes at Georgia State University (in addition to Honors 1000). The 12 hours of lower-division course work (1000 and 2000 level courses) must be in classes selected from at least three major areas of study with no more than two classes in any one area. Many of these courses can fulfill core requirements (Areas A – E).

- **Advanced Honors:** In addition to fulfilling the requirements for Honors, Advanced Honors are granted to students who complete at least 12 semester hours of honors course work at the upper division level (3000 ad 4000 level courses), plus two upper-level honors interdisciplinary seminars, for a total of 18 hours of upper-level courses. Three semester hours of thesis research work (4870), nine hours of honors dimensions, and nine semester hours of graduate courses may be applied toward this recognition.

- **Research Honors:** Granted to students who complete the requirements for Advanced Honors and an honors thesis, including at least six semester hours and not more than nine semester hours of honors research and thesis course work.

Student Organization

The Honors Student Organization (HSO) was founded to foster the intellectual and leadership qualities of students within the Honors community. Our mission is to promote academic excellence, foster a sense of community within the Honors College, and cultivate social responsibility and a sense of service toward the surrounding community. Georgia State University’s Honors Student Organization (HSO) offers community service opportunities, leadership positions, and social events. Students in HSO will connect with other scholars who also strive for academic and personal excellence.

Scholarships

Greg Chisholm, Coordinator

Incoming Honors-eligible freshmen are automatically awarded Second Century ($3,000/year for 4 years), 1913 Founders ($2,000/year for 4 years), or Excellence ($1,000/year for 4 years) scholarships based on HS GPA and SAT/ACT scores (http://www.gsu.edu/honors/centennial-merit.html). Additionally, incoming
freshmen may apply for major scholarships including the premier Presidential scholarship, the Goizueta Foundation Scholars Award, the Berner scholarship, the Atlanta Hawks Scholarship, and the Coca-Cola First Generation Scholarship. Honors students who are rising juniors are eligible for the Dugald Hudson Memorial Scholarship and the Kirkland-Sattelmeyer awards. Additional details and online applications are available at www.gsu.edu/scholarships.
2000 Andrew Young School of Policy Studies

Undergraduate programs in the Andrew Young School of Policy Studies are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

2010 Office of the Dean

14 Marietta St. N.W., Suite 635
404/413-0000
aysps.gsu.edu
Mary Beth Walker, Dean

2010.10 Purpose

The Andrew Young School of Policy Studies was established in 1996 with the objective of achieving excellence in the design, implementation, and evaluation of policies that help guide society and the economy. To this end, the school has assembled a distinguished faculty and professional staff, combining practical experience and scholarly credentials on a broad range of policy matters.

The school is committed to quality education, offering a variety of academic undergraduate and graduate degree programs as well as nondegree training programs. It engages in basic and applied research and outreach addressed to the ongoing management of policies and programs, as well as effective delivery of human welfare services. The school houses several prestigious research centers focusing on the practical needs of governmental, nonprofit, and private-sector organizations in Atlanta, the state of Georgia, and the broader national and global communities. Degree programs in criminal justice and criminology, economics, policy studies, public administration, and social work integrate individual academic career preparation with addressing those needs.

2010.20 Accreditation

The Master of Public Administration degree is accredited by The National Association of Schools of Public Affairs and Administration. The School of Social Work is accredited by the Council on Social Work Education.

2010.25 Academic Advisement

14 Marietta St. N. W., Suite G-52
404/413-0021
http://aysps.gsu.edu/oaa
Shelly-Ann Williams, Director
Mathieu Arp, Assistant Director
Danielle Churchill, Academic Advisor
Sandra Williams, Academic Advisor

The Office of Academic Assistance (OAA) supports the school’s commitment to quality education in the
field of policy studies by promoting the school to prospective undergraduate and graduate applicants, by
facilitating the application process, and by admitting well-qualified students to the graduate programs.

Academic advisement is required of all students in the Andrew Young School of Policy Studies. The school
has developed a system of advisement that integrates the Office of Academic Assistance and faculty
Advisors within the school. Through the advisement process, students will be able to know the
requirements and policies of the university, college, and department as they relate to their educational
experiences and goals. Students will be able to identify and utilize university resources effectively to: satisfy
degree requirements; plan programs of study, including selection of appropriate courses and registration;
discover how interests, skills and goals connect to fields of study and careers; and be able to formulate
appropriate questions, seek information, and evaluate and apply academic advice. The office is open from
8:30 a.m. to 5:15 p.m. Monday through Friday. Walk-in advisement without an appointment is scheduled
on Mondays and Thursdays from 2:30 p.m. to 4:00 p.m. and Tuesdays and Wednesdays from 9:30 a.m. to
11:00 a.m..

2010.35 Global Studies Opportunities
The Andrew Young School of Policy Studies is committed to providing students the opportunity to study abroad through Maymester/Summer or exchange programs. Currently the school participates in four Maymester/Summer and three exchange programs:

Maymester/Summer programs:

1. Europe (Germany, Belgium, France): a three-week Maymester program open to all students interested in critical appraisals of different policies, administrative structures and political processes in Europe and the United States. Program director contact – Dr. Greg Streib (gstreib@gsu.edu).
2. South Africa: a three-week Maymester program that provides a broad understanding of the workings of the South African economy, its infrastructure, its environment and its governance. Program director contact – Dr. Glenwood Ross (gross@gsu.edu).
3. South Africa: a Summer program that examines social change, conflict transformation and nonviolence, using as a backdrop South Africa and its efforts to effect transformative social change; focus on Kingian nonviolence and restorative justice. Program director contact – Dr. Elizabeth Beck (ebeck@gsu.edu).
4. Trinidad and Tobago: a Maymester program that explores crime and justice from an international, comparative perspective and examines public policy issues related to crime and violence in developing nations. Program director contact – Cyntoria Johnson (cjohnson5@gsu.edu).

Exchange programs:

1. England, Northumbria University with all AYSPS degree programs: an exchange program for one semester that gives undergraduate or graduate students an opportunity to take courses in their majors while learning the tools necessary for work with foreign cultures. Program director contact – Dr. Cynthia Searcy (csearcy@gsu.edu).
2. Italy and France, University of Venice – Ca’Foscari and France, University of Versailles Saint-Quentin with the economics department: an exchange program that grants students a degree from Georgia State University (most likely a BA or BS in economics, or a BA in International Economics and Modern Languages) and a degree in Economics and Management from the University of Venice Ca’Foscari, after one year of study in Italy and a semester in France. Program director contact – Dr. Shelby Frost (sfrost@gsu.edu).
3. Lausanne, Switzerland, University of Lausanne Faculté des Hautes Etudes Commerciales with the economics department: an exchange program where students gain expertise in the areas of international economies and economic policy through coursework, while living in a new cultural setting. Program director contact – Dr. Felix Rioja (frioja@gsu.edu).

In all instances, students are required to provide their own transportation and living expenses. Students interested in participating in a study abroad program should contact the program director.

2010.40 Academic Resources and Services
AYS Career Services & Student Life Office
aysps.gsu.edu/career/

The Andrew Young School provides career support & leadership development services to all current AYS
students and alumni. Students are invited to attend our career events and workshops, and individualized career counseling appointments can be arranged either with Dr. Maggie Tolan, the Director of Career Services, or with University Career Services in the Student Center. Career Services can help students with resume writing, interviewing, job searching, internship development, and networking. To see what career panels, career fairs, and events are available this semester, please visit: http://aysps.gsu.edu/career/events. The office also supports all AYS student clubs and organizations – so read about the various groups within the college, and join one today: http://aysps.gsu.edu/career/student-organizations. Make the most of your education by utilizing these great resources. The AYS Career Services & Student Life office is located on the ground floor of the Andrew Young Building, in room G47-51.

AYSPS Research Vault

14 Marietta St. N.W., Suite V-51
404/413-0019

http://aysps.gsu.edu/oaa/research-support

The Research Vault offers research tools in policy studies and economics for faculty, staff and students at the AYSPS. It provides students with an introduction to relevant databases, data set manuals, and websites. The Vault also houses selected literature and data sets on fiscal policy, public administration, and economic issues to support ongoing research projects of AYSPS faculty and its research centers. The website above is available to assist patrons in searching the literature of regional, national, and international policy issues located in the Vault.

Research Vault staff, along with university liaison librarians, develops links to electronic journals and databases licensed to Georgia State University for the use of its student and faculty community, as well as those licensed by the powerful statewide Galileo system. Available are such sources as the Web of Science, a leading citation index, access to social science data from the Inter-university Consortium for Political and Social Research (ICPSR), and Lexis-Nexis statistical tables for geographic, demographic, income and time series. The Vault holds data sets and publications from agencies in state government as well as the international community, especially in taxation.

International subscriptions include Government Finance Statistics Yearbook, International Financial Statistics Yearbook, World Economic Outlook, World Development Indicators, as well as other publications and data sets by the OECD, IMF, the World Bank and the United Nations.

Economics Tutoring Lab

14 Marietta St. N.W., Room 526
404/413-0141
http://aysps.gsu.edu/econ/5967

The Economics Tutoring Lab provides tutoring for students in undergraduate economics classes,
particularly in principles of microeconomics and macroeconomics (ECON 2105 and ECON 2106). Day and evening sessions are available; contact the Department of Economics for a schedule.

2010.50 Research Centers and Programs

Domestic Programs

14 Marietta St. N.W., 4th Floor
aysps.gsu.edu/dpo

Domestic Programs is the administrative home to several separate programs, projects, and activities. Some of these programs link the School with the community. Other activities and projects aim to inform the debate on public policy in the metropolitan Atlanta area, the state of Georgia, and the nation, through research and education. The issues that are addressed include those associated with the environment, education policy, urban-regional issues, and social policy. Recent topics include a multi-year study of public housing transformation, financial analysis of proposed new local governments, food stamps, transportation funding, and foster care. Funding for Domestic Programs comes from a variety of governmental, foundation, and business sources.

Center for Collaborative Social Work

140 Decatur Street, 12th Floor
404/413-1050
http://aysps.gsu.edu/socialwork/ccsw

The Center for Collaborative Social Work is a key component of the School of Social Work at Georgia State University. The School of Social Work was developed in 1965 and is the first school in the country to offer a master’s with a sole concentration in community partnerships. The school’s commitment to community partnerships grew out of collaborative efforts with community stake holders from a variety of social service agencies in the greater Atlanta area. Together, they developed a program based on the following principles:

- “Partnership is critical for human service delivery and building communities;
- Challenges facing individuals and communities are interrelated and that solutions must be as well;
- Students should commit themselves to addressing social and economic justice issues that test the spirit of individuals and communities;
- Students should be educated for leadership roles to facilitate partnerships; and
- The program must continue to be relevant to the professional lives of students and practitioners and to the needs of diverse communities.” (Wertheimer et al. 2004)

The Center developed out of the School of Social Works’ need for an organizational structure that extended the school’s founding principles beyond the classroom and into the community.

The Experimental Economics Center

14 Marietta Street, N.W., 4th Floor
404/413-0194
The Experimental Economics Center (ExCEN) supports research, teaching, and policy applications involving controlled experiments with human decision makers. Its central objective is to promote the development and application of economics and related academic disciplines as empirical social science. Ongoing research in the Center involves development of economic theory supported by data. Research and teaching support facilities developed and maintained by ExCEN include the AYSPS experimental economics laboratory, a mobile laboratory, and EconPort (econport.org), an economics digital library and virtual laboratory containing Internet software for experiments. External funding is provided by the National Science Foundation and core support comes from the Georgia Research Alliance and the state government. Projects currently receiving grant support include the following: Collaborative Research: IT-Enhanced Market Design and Experiments; Disseminating Experiments in Economics with the EconPort Digital Library; Choosing Among Risky Alternatives: An Experimental Investigation of the Impact of Insurance on Biases in Decision-Making; Game Theory and Social Interactions: A Virtual Collaboratory for Teaching and Research; Prejudice and the Perpetuation of Differences: Experiments Exploring the Impact of Performance and Appearance on Sorting; Contracting Out of Poverty: Some Experimental Approaches; “The Girl Scout Cookie Phenomenon—An Experimental Study of Social Effects in Fundraising.”

Fiscal Research Center

14 Marietta Street, N.W., 4th Floor
404/413-0249
aysps.gsu.edu/frc/

The Fiscal Research Center (FRC) was established in 1995 to provide a stronger research foundation for setting fiscal policy for state and local governments. The FRC’s mission is to promote the development of sound state and local fiscal policy and to promote better public understanding of state and local tax and finance, expenditure, and economic policy issues.

The Center provides nonpartisan research, technical assistance, and education in three broad categories: tax and finance policy, expenditure policy, and research on the Georgia economy and economic/demographic trends that affect state and local public finance. Tax and finance policy research includes evaluation of the structure, administration, and impact of income, property and sales/excise taxation, research on intergovernmental finance, as well as research on a variety of revenue alternatives used by state and local government. Expenditure policy research encompasses issues associated with governmental budgeting in general as well as expenditure issues in selected policy areas such as education and transportation finance. Research on the Georgia economy includes evaluation of state and local economic development efforts and studies of changes in various demographic trends/sectors of Georgia’s economy. The Center provides technical assistance to the State of Georgia on fiscal policy and houses the State Economist who assists with the development of the state revenue estimate and provides estimates of the fiscal impact of tax legislation and tax policy initiatives in Georgia. The Center has assisted local governments with tax and fiscal policy evaluation and assessment. Finally, the Fiscal Research Center maintains several databases, including an agency database built on the Unemployment Insurance records from the Georgia Department of Labor and welfare records for the Georgia Department of Human Resources. Collaborative research in the Center includes faculty/graduate students of the Andrew Young School, senior research staff, and affiliated faculty from more than 30 universities, colleges, and policy groups nationwide.
The Georgia Health Policy Center

14 Marietta Street, N.W., 2nd Floor
404/413-0314
aysps.gsu.edu/ghpc/

The Georgia Health Policy Center, established in 1995, provides evidence-based research, program development and policy guidance on local, state and national levels to improve health status at the community level. The Center distills qualitative and quantitative research findings to connect decision makers with the evidence-based research and guidance needed to make informed decisions about health policy and programming. The Center is at work nationwide focusing on some of the most complex policy issues facing healthcare today including public and private health insurance coverage, the uninsured, long-term care, public health, children’s health and community health system development.

International Studies Program

14 Marietta Street, N.W., 5th Floor
404/413-0233
aysps.gsu.edu/isp/

The International Studies Program (ISP) provides academic and technical training, research, and technical assistance to support sound public policy and sustainable economic growth in transitional and developing economies. ISP technical assistance efforts and training programs complement the academic research and the educational mission of the Andrew Young School and give graduate students the opportunity to gain hands-on public policy experience. This program is recognized worldwide for its contributions to fiscal policy reform.

ISP faculty and staff, other Andrew Young School faculty, affiliates, and a network of experts serve as project directors, senior Advisors, chiefs-of-party, or lead economists for major projects in areas including fiscal policy, tax administration, economic analysis and revenue forecasting, fiscal decentralization and intergovernmental fiscal relations, and public administration, budgeting, and financial management. ISP has managed technical assistance projects and training programs for clients in more than 60 countries.

ISP projects are sponsored by agencies such as the United States Agency International Development (USAID), The World Bank, the United Nations Development Program (UNDP), the Asian Development Bank (ADB), the Inter-American Development Bank (IADB), and other regional and national funding agencies and governments.

ISP annual summer training programs provide training on fiscal decentralization and local governance, tax policy and revenue forecasting, and public budgeting and fiscal management for senior government officials from developing and transitional countries and for donor agency representatives. ISP also develops specially tailored training focused on specific policy topics as requested by its clients.

Nonprofit Studies Program

14 Marietta Street, N.W., 3rd Floor
404/413-0133
The Nonprofit Studies Program (NSP) was organized in 2001 to foster collaborative research on the nonprofit sector within the academic community, to promote policy research that is relevant in today’s political and economic environment, to educate nonprofit managers and leaders, and to serve as a link between scholars and nonprofit practitioners in creating and disseminating knowledge about the sector. The Program involves educational, research and service activities focused on helping nonprofit organizations address their social missions effectively through problem-solving, policy advocacy and effective deployment of their resources. The Program is interdisciplinary, and has special strengths in economic analysis, resource development and management, and policy analysis applied to the concerns of nonprofit organizations. It includes over 30 core and associated faculty from the Andrew Young School, other schools and colleges of Georgia State University, and other universities.

Public Performance and Management Group

10 Park Place, Suite 415B
404/413-0180
www.ppmgsu.org

The Public Performance and Management Group (PPM) offers an array of resources and solutions to assist public administrators to strengthen strategic and operational performance. Core activities include executive level training and development; applied research projects; short or long-term assistance with planning and performance improvement; and dissemination of effective practices. PPM supports improved public performance by providing real-world solutions to today’s public management problems. In addition, PPM provides the ongoing opportunity for faculty and student involvement in field-based projects. All activities are practitioner-oriented and customized for a wide range of state and local government settings. Funding for PPM projects comes from federal grants as well as state and local contracts.

2020 Academic Regulations

2020.05 Grades of C in Major/Minor/Concentration

Grades in the major, concentration, minor and policy/business area requirements, where applicable, require a grade of C or higher.

2020.10 Transient Status at Other Institutions

Students enrolled in the Andrew Young School of Policy Studies who wish to take course work in transient status at another institution, whether as a full-time or part-time student, must have prior written approval from the Office of Academic Assistance if they wish to apply the credit to a degree program. A transient petition form should be submitted prior to registration.

2020.20 Directed Readings (ECON 4380/PMAP 4901)

Courses designated ECON 4380 and PMAP 4901 in the various undergraduate programs are intended to
allow students of proven performance to do independent study in a specific subject area. Enrollment in a
directed readings course requires prior consent of the instructor. Enrollment for PMAP 4901 is limited to
undergraduate students with a grade point average of 3.0 or higher. A maximum of one directed readings
course may count toward fulfillment of degree requirements, and the course may not be substituted for a
core course requirement. The subject of the independent study will be determined in consultation with the
faculty member responsible for supervising the independent work. A faculty member may seek the
assessment of a second faculty reader on any directed readings paper. Letter grades, rather than grades of S
or U (satisfactory or unsatisfactory), will be assigned for all directed readings courses.

Note: For Directed Readings or Independent Study guidelines for criminal justice (CRJU) and social work
(SW), please visit the website for those departments. Criminal Justice: http://aysps.gsu.edu/cj; Social
Work: http://aysps.gsu.edu/socialwork.

2020.30 Modification of Degree Requirements

Students may petition for modifications of the degree requirements of the Andrew Young School of Policy
Studies. Degree modification petitions are granted only in the case of extenuating circumstances and only
when an educationally acceptable substitution is proposed. Petition forms and information are available in
the Office of Academic Assistance and online. Available at the following link:
http://www.aysps.gsu.edu/oaa/student-forms.

2020.40 Undergraduate and Postbaccalaureate Admission into a Graduate Course

Under certain conditions, an undergraduate or postbaccalaureate student may be admitted into a graduate
course. To be eligible, an undergraduate student must have a cumulative grade point average of 3.5 or
higher and be within 18 semester hours of graduation; a postbaccalaureate student must have a cumulative
grade point average of 3.5 or higher in his or her undergraduate work as well as any graduate work taken at
this or any other institution. Information is available at the following link:
http://www.aysps.gsu.edu/oaa/student-forms.

Eligibility does not guarantee admission into a course. The interested student must apply through the
Office of Academic Assistance for special graduate student status. Approval of that status requires the
concurrence of the student’s academic advisor and the director of the Office of Academic Assistance. Once
the status has been approved, the student is permitted to enroll in a graduate course only with the
permission of the instructor and the chair of the department in which the course is taught.

2020.50 Awards, Honors and Scholarships

The Andrew Young School of Policy Studies recognizes the academic achievements and service of its
students each spring semester at an Honors Day ceremony. A number of awards, honors, and scholarships
are presented annually to outstanding undergraduate students, including: Phil Peters Scholarship, James L.
Maddex, Jr. Scholarship, Judge Andrew A. Mickle, Outstanding Instructor Award, Outstanding Criminal
Justice Agency Award, The Bobby Joe Chancey Sr. Memorial Scholarship, Undergraduate Academic
achievement Award, Graduate Academic Achievement Award, Distinguished Alumni Service Award,
Chris Perrin Memorial Scholarship (Shared with SSW), The Economics Award, The Economics Student
Achievement Award, The Excellence in Microeconomics Award, The IEML Award, The Mark E.

2030 College-level Degree Requirements

All undergraduate programs offered by the Andrew Young School of Policy Studies are designed to comply with the University System of Georgia core curriculum requirements. The program requirements for Undergraduate Core Curriculum Areas A through E are listed in the “Core Curriculum” chapter of this catalog.

2050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the Andrew Young School of Policy Studies will follow different courses depending on the nature of the student’s appeal. Please refer to University Information Section under Polices and Disclosures in this catalog or visit www.gsu.edu/enrollment/appeals.html online for details.

2060 Student Organizations

Alpha Phi Sigma

Alpha Phi Sigma is the national Criminal Justice Honor Society, open for membership to criminal justice undergraduate and graduate students. To be eligible for membership, undergraduate students must have a 3.2 GPA in the major and graduate students must have a 3.4 GPA. Among other things, the mission of Alpha Phi Sigma is to encourage analytical thinking, to increase the ethical standards of criminal justice, to keep apprised of developments in scientific research, and to encourage education and professional training. To learn more about Alpha Phi Sigma visit http://www.alphaphisigma.org/index.html or contact the faculty sponsor at ldaigle@gsu.edu.
BSW Social Work Club

The purpose of the Social Work Club at Georgia State University is to serve as a link between current social work students, prospective social work majors, faculty, and administration. The Social Work Club upholds the core values of the profession: service, social justice, dignity, and worth of the person, importance of human relationships, integrity, and competence while supporting the development of social, academic, and cultural awareness among undergraduate social work students. The Social Work club is also a community organization extending services beyond the limits of Georgia State, by providing needed services to groups within the University and the larger community. Visit their website for more information: http://aysps.gsu.edu/socialwork/student-organizations/bsw-club.

Criminal Justice Student Association

The Criminal Justice Student Association is an organization open to all GSU students who are interested in pursuing a career in criminal justice. It is our mission to facilitate networking and career building activities in order to create a more cohesive and professional student criminal justice community. We seek to provide forums that focuses on the interaction between students, faculty, program alumni, professionals employed in the field, and members of the broader community. We are committed to developing networks with future criminal justice employers, the GSU Student Government Association, and faculty members in the Criminal Justice and Criminology Department. Membership brings students and the community together to promote awareness of criminal justice issues in society. Being a member of the CJSA is a great way to get involved on campus and in the Atlanta community, to help develop team building and leadership skills, and to meet other individuals interested in criminal justice issues. For more information visit their website at: http://aysps.gsu.edu/cj/cjsa.

Criminal Justice Graduate Association

The Criminal Justice Graduate Student Association will assist members with adjustment into the Criminal Justice Graduate Program, act as student-faculty liaisons for the purpose of addressing student body concerns, organize events designed to promote graduate research, encourage student involvement in academic and social events within the Department of Criminal Justice, and assist graduating students in transitioning into graduate careers. For more information contact the Criminal Justice department at 404-413-1020.

The Economics Club

The aim of this chartered organization is to promote knowledge of economics on campus and in the community through its activities, and provide a forum where students with similar interests can meet, share ideas, socialize, and enhance their knowledge. Membership is open to all students interested in economics, regardless of their major. The club’s many activities include a guest speaker series that brings noted economists and business leaders to the campus, seminars focusing on career information, and social events. For more information, contact the Department of Economics, 404-413-0141 or visit the Economics Club website: http://aysps.gsu.edu/econ/economics-club.

The Graduate Student Association

The Economics Department’s Graduate Student Organization (GSA) is a non-profit, student-run
organization established for the benefit of all economics graduate students at the Andrew Young School of Policy Studies at Georgia State University. All officially-enrolled economics graduate students are automatically members of the GSA, and the GSA levies no dues. The GSA promotes scholarship, develops a spirit of cooperation and fellowship among economics graduate students, and fosters interaction between graduate students and faculty. For more information, visit their website at: http://aysps.gsu.edu/econ/graduate-student-association.

The Nonprofit Leadership Alliance Club

The Department of Public Management and Policy in the Andrew Young School is affiliated with Nonprofit Leadership Alliance, a national alliance of colleges, universities and nonprofit organizations dedicated to preparing students for careers in nonprofit leadership. The NLA Club will focus on professional leadership development, fundraising, and career networking within the nonprofit community. The club is open to all GSU majors (undergraduate and graduate) who are interested in working and/or volunteering in a nonprofit environment. For more information about meeting times and a calendar of events, please visit their website at http://aysps.gsu.edu/pmap/nla.

Planning and Economic Development Club

The Planning & Economic Development Club seeks to enrich students in the area of planning and economic development. Enrichment of students will occur through: creating a network for students with interest in planning and economic development to interact with one another outside the classroom; informing planning and economic development students of academic and professional opportunities in this area; connecting planning and economic development students to professionals working in this field, hosting a monthly speaker series with topics in planning and economic development; and further enhancing the career development of planning and economic development students at Georgia State University. For more information about the club, visit: http://aysps.gsu.edu/pmap/ped-club.

PMAP Community Network

The Public Management and Policy (PMAP) Community Network aims to connect public policy and public administration students, faculty and alumni through hosting social functions, guest speakers, and other events. Their goal is to enhance the academic and social experiences of students in the PMAP department. The Network supports students in both social and professional arenas and is an informational resource for members. Contact the Department of Public Management and Policy for more information, 404-413-0107 or visit the website: http://aysps.gsu.edu/pmap/PMAPCN.

Omicron Delta Epsilon

Omicron Delta Epsilon is a national honor society open to students majoring in Economics. To be eligible for membership, a student must have a cumulative grade point average of 3.0 or higher. For information about Georgia State’s chapter of this honor society, or to apply for membership, contact the Department of Economics, 404-413-0141 or visit the website:www.omicrondeltaepsilon.org/.

Phi Alpha Social Work Honor Society

Students within the School of Social Work are eligible for induction into the Phi Alpha Honor Society for
Social Work. The GSU School of Social Work Chapter is Omicron Gamma, and was chartered in November 2007. Undergraduate membership requirements include being a social work major, achieving sophomore status, completing 8 semester hours of required social work course, and achieving an overall 3.0 GPA and a 3.25 social work GPA. Membership meetings are held twice yearly; once in the Fall and again in the Spring semesters.

Master of Social Work Club: Bridge Builders

Bridge Builders is the graduate level social work club within the School of Social Work. Bridge Builders offers monthly events that bring together all MSW students through social and educational activities. The club partners with one social service agency each semester to participate in a group community service event. Activities primarily focus on career and professional opportunities within the field of Community Social Work. Bridge Builders also supports the undergraduate social work club and serves as a resource to the undergraduates as they explore graduate school possibilities. Visit their website for more information: http://aysps.gsu.edu/socialwork/student-organizations/msw-bridge-builders.

2070 Academic Departments and Faculty

The Andrew Young School of Policy Studies is composed of four academic departments: Criminal Justice and Criminology, Economics, Public Management and Policy and the School of Social Work.

Department of Criminal Justice and Criminology

1201 Urban Life Building

Brian K Payne, Chair
Brent Teasdale, Director of Graduate Studies

Faculty: Blackwell, Brezina, Collins, Dabney, Daigle, Finn, Guastaferro, Hinkle, Jacques, Johnson, Muftic, Payne, Reed, Teasdale, Topalli, Warner

Prefix: CRJU

The Master of Science (M.S.) degree in criminal justice represents a broad range of study designed to meet the academic needs of students seeking further graduate education, pre-professional students, and those already employed in the wide range of agencies that make up the criminal justice and juvenile justice systems. The Doctor of Philosophy (Ph.D.) degree program in criminal justice and criminology provides additional in-depth training in criminological theory as well as advanced statistics and research methodology. The Ph.D. program prepares students for careers in research, teaching, management, and community service.

In each degree program, the focus of study includes the justice system as well as the nature, causes, and
control of criminal behavior. The requirements of degree programs in this department stress an integrated view of the criminal justice system. In this view, all components of the system interrelate with all other components to provide coordinated justice administration. The curriculum is designed to give students an understanding of the developing theoretical knowledge base in this area of study, while simultaneously providing an understanding of how each of the component parts relates in forming the justice system, and how offenders and victims fit within it.

In addition, students learn how the justice system influences, and is influenced by other institutions in society. An adequately functioning criminal justice system participates in appropriate structuring of legislation, providing information and education within the system and to the public, crime prevention, psychological counseling, and prisoner rehabilitation. Also included among its many roles is work with juveniles, quantitative and qualitative scholarly research, guidance to probationers and parolees, assistance to citizen groups and crime victims, and many other tasks.

Students’ learning in the classroom is enhanced as members of the faculty bring forth a myriad of expertise in criminal justice and criminology. Currently, faculty research topics include but are not limited to sex differences in criminality and criminal justice processing; specialty courts; community policing; public defense systems; domestic violence; elder abuse; sexual harassment; comparative criminal justice; drugs and crime; homicide co-victimization; legal issues in policing; evaluation research; community differences in the nature of crime; place-based criminology; private security; electronic monitoring; informal social control; domestic terrorism; homeland security; healthcare fraud; mental health; organizational misconduct; juvenile delinquency and youth violence; criminological theory; active offender decision-making; drug markets and urban violence; crime victimization; and community corrections. Faculty members conduct research drawing on their expertise in a variety of quantitative and qualitative research methods, thus allowing them to bring not only their topical expertise, but also their methodological experience into the learning environment.

Georgia State’s Department of Economics, recently ranked number one in Georgia by the *Southern Economic Journal*, has won national acclaim for its insightful research into practical economic topics. Its concentrations in environmental and labor economics, urban and regional economics and public finance are setting new academic standards in programs of study that combine solid research with practical policy education.

Students in our program have access to innovative research resources on campus, including the Experimental Economics Lab, the Fiscal Research Center, the International Studies Program, the Economic Forecasting Center, and the Georgia Health Policy Center. Faculty in these centers work closely with local, state, national and international organizations to provide the information needed to address today's complex policy issues.

A Bachelor's degree in Economics provides students with the resources to be leaders and innovators, as well as a broad understanding of economic issues. Undergraduate majors may choose from four degree options: the Bachelor of Arts with a major in Economics, which includes a language option and a minor field; the Bachelor of Science with a major in Economics, which includes math to the calculus level and a minor field; the Bachelor of Arts with a major in International Economics and Modern Languages, which includes intensive study in a language to prepare international professionals; and the Bachelor of Business Administration with a major in Business Economics, including course work in business-related topics such as accounting, marketing and finance (the “business core”). A minor in Economics consists of five courses with at least 9 hours at the upper level. Graduate degrees are available in economics, economics with a policy track, and business economics.

The Department of Public Management and Policy offers a variety of interdisciplinary degree programs designed to prepare students for life and work in a range of professions in metropolitan areas. At the undergraduate level, the department offers a Bachelor of Science degree with a major in public policy which includes a choice of concentrations in nonprofit leadership, planning and economic development, and public management and governance. Minors are available in nonprofit leadership, planning and
economic development, and public policy. All minors require 15 semester hours of credit. Graduate degrees are available in public administration and public policy.

Prefix: SW

The Master of Social Work (MSW) program’s mission is to prepare students for social work leadership roles in the effort to solve, in partnerships with others, the existing and developing challenges that confront communities and the people within these communities. Graduates will be educated to advance the needs and capacities of the total community by promoting social and economic justice while maximizing human potential. The goals of the MSW program are to graduate students who are able to: (1) think critically and communicate effectively in the application of social work knowledge, skills, and values to community partnerships practice and (2) engage as social work leaders to build and strengthen communities. The competencies and practice behaviors of the MSW program are designed to be consistent with the mission and goals of the MSW program, the Council on Social Work Education Curriculum Policy Statement, Georgia State University, and the Andrew Young School of Policy Studies.

2105 Criminal Justice

Program Offered:

1. **B.S. in Criminal Justice**

Department of Criminal Justice and Criminology  
1201 Urban Life Building, 404/413-1020  
aysps.gsu.edu/cj

Dr. Brian K. Payne, Chair

Dr. Leah E. Daigle, Undergraduate Program Coordinator

The Bachelor of Science Degree in Criminal Justice focuses on the study of the criminal justice system and its component parts, as well as the causes and consequences of crime. The degree program stresses an integrated view of the criminal justice system, highlighting relationships between system components in service provision and how the justice system influences/is influenced by other societal institutions. The curriculum is designed to provide students with a developing theoretical knowledge base in studies of crime
and criminal justice, focusing on examining the system and its parts, as well as the roles of victims and offenders. The curriculum also is designed to provide students with a liberal arts education that focuses on basic skills, such as the abilities to read critically, write clearly, speak effectively, and think analytically. The curriculum is broadly structured to meet the academic needs of pre-professional students, those already employed in the wide range of agencies that compose the criminal and juvenile justice systems, and those pursuing graduate education.

Students’ classroom experiences are enhanced through the research expertise of the criminal justice faculty. Currently, faculty research topics highlight sex differences in criminality and criminal justice processing; specialty courts; public defense systems; community policing; problem-oriented policing; domestic violence; violence by and against people with mental illness; elder abuse; sexual harassment; comparative criminal justice; drugs and crime; homicide investigation; homicide co-victimization; sexual victimization; legal issues in policing; evaluation research; community differences in the nature of crime; electronic monitoring; supermax prisons; informal social control; juvenile delinquency and youth violence; active offender decision-making; and and suburban crime and urban violence. Faculty members use a variety of quantitative and qualitative research methods, bringing not only topical knowledge but also methodological expertise into the learning environment.

Degree programs offered through the Department of Criminal Justice and Criminology include a Bachelor of Science in criminal justice, a Master of Science in criminal justice, and a doctorate in criminology and criminal justice. The bachelor’s degree program complies with the core curriculum requirements of the University System of Georgia.

Mission

The Department of Criminal Justice emphasizes issues of crime and justice occurring in urban environments from a multicultural, interdisciplinary perspective to inform science, policy, and practice. The mission of the Department is to produce students who are critical and ethical thinkers, knowledgeable about the issues of crime and justice, and prepared for leadership positions in public and private criminal justice.

Program Admission

There are no admission requirements specific to the Bachelor of Science degree program in Criminal Justice and Criminology beyond the admission requirements to the University. Students, however, must have a 2.00 grade point average prior to enrolling in 3000/4000-level Criminal Justice courses.

Program Financial Information

No special fees are associated with the Bachelor of Science degree program in Criminal Justice. Students must pay all tuition and fees required by the University.

Program Academic Regulations

1. The Department has two academic track options: Crime and Justice Track or Legal Track. The Crime and Justice Track provides a traditional curriculum for criminal justice majors, while the Legal Track is designed for criminal justice majors desiring more intensive exposure to law in
preparation for law school. Students are automatically placed in the Crime and Justice Track unless they opt into the Legal Track.

2. A minimum 2.00 cumulative grade point average at GSU is required to register for 3000/4000-level criminal justice courses. There are no exceptions to this policy.

3. Students must earn a grade of C- or higher in CRJU 1100 (or equivalent transfer course) and all Area G – L, 2000 – 4000-level criminal justice courses to be eligible for a degree in Criminal Justice. Students must have an institutional grade point average of 2.0 at Georgia State (GSU) in order to graduate from the University.

4. Students must complete a minimum of 39 semester hours in 2000-4000-level criminal justice courses at Georgia State University. CRJU 1100/ CRJU 3100 is not included in this GSU CRJU residency requirement.

5. Students may transfer in a maximum of three (3) courses (e.g., 9 credits) in Areas G-J. Students must still meet the GSU CRJU residency requirement.

6. A student who has received a grade of D, F, or WF in an Area (H) (Foundations of Analyses) course may repeat the course up to two times. This allows the student a maximum of three attempts to successfully complete the course. Hardship withdrawals will not count against course attempts; documentation that a hardship withdrawal was granted must be provided in the situation where a fourth attempt is requested.

7. Students should complete a majority of lower-division courses (Areas A – F) prior to taking 4000 level criminal justice courses.

8. Students should take or complete all Area G (Criminal Justice Core) courses before taking 4000 level criminal justice courses.

9. Students should be enrolled in or have taken all Area H (Foundations of Analyses) courses before enrolling in 4000 level criminal justice courses.

10. All criminal justice majors must complete an internship/capstone experience (CRJU 4930 and CRJU 4935) during their final semester in the program. These combined courses count for a total of nine (9) hours (CRJU 4930 at 3 hours, CRJU 4935 at 6 hours). Students will complete 180 hours at an internship agency as part of the requirements in CRJU 4935. Placement with an agency that deals with sensitive information may require a background investigation, which can include checks for prior arrests and convictions, abuse of illegal drugs, and DUI convictions. If students have a criminal record either before they declare their major or acquire a criminal record after declaring their major, they might be prohibited from participating in the internship. Since the internship is a requirement, students might be excluded from the degree program by the internship coordinator or department chair. A thorough description of the internship program is found at http://aysps.gsu.edu/cj/internship-program.

11. The Department of Criminal Justice and Criminology believes that all students in the internship program (criminal justice seminar and field placement) must be personally and psychologically equipped as well as academically prepared. A student may be denied entry into internship field experience based on departmental prerequisites or the professional judgment of faculty based on observed performance, behavior, or documentation that indicates erratic, unpredictable, or unsuitable conduct. This policy is based on the premise that criminal justice faculty should be part of the evaluation of a student’s ability to function adequately and safely in a criminal justice setting and that the faculty has a right and responsibility to make such judgments prior to placing a student in an internship. The internship coordinator and department chair have authority to withdraw a student from a classroom and/or field experience (i.e., CRJU 4930, CRJU 4935) if the student’s performance constitutes a detriment to students in the class and/or to personnel at the field internship site. If withdrawal is necessary, the student will be given an F for the course(s).
12. The internship coordinator or department chair may remove a student from an internship site if circumstances at the site arise that pose an unforeseen danger to the student’s welfare or an unforeseen risk of liability to the student, faculty, or Department.

13. All applications for the internship program, without exception, must be completed and turned in to the Department of Criminal Justice and Criminology by the following dates in order for students to be considered for placement in the specified semester: February 15 for Fall semester; May 15 for Spring semester; September 15 for Summer semester.

### 2110 Economics

**Programs Offered:**

1. **Bachelor of Arts Major in Economics**
2. **Bachelor of Science Major in Economics**
3. **Bachelor of Arts Major in International Economics and Modern Languages**

For information about the B.B.A. degree with a major in business economics offered by the J. Mack Robinson College of Business, please refer to that college’s chapter in this catalog.

Economics provides a way of thinking about everyday decision-making in a world of limited options. It explains the economy as a whole; how it is best organized to provide goods, services, jobs, stable prices, and other economic goals. Economists study the ways a society distributes scarce resources such as land, labor, raw materials, and machinery to produce goods and services choices that must be made because time, income, wealth, workers, and natural resources are limited. Principles of economics are useful at all levels of decision-making, and provide an essential framework for analyzing and understanding such major issues as inflation, unemployment, deregulation of banking, tax reform, fluctuations in foreign exchange rates, labor productivity, and foreign debt crises.

Most economists are concerned with practical applications of economic policy in a particular area. They use their understanding of economic relationships to advise businesses and other organizations, including insurance companies, banks, securities firms, computer and data processing companies, management consulting firms, industry and trade associations, labor unions, and government agencies. Some economists work abroad for companies with international operations and for organizations like the World Bank and United Nations.

Economists use mathematical models to develop programs that predict, for example, the nature and length of business cycles, the effects of inflation on the economy, or the effects of tax legislation on unemployment levels. Preparing reports on the results of their research is an important part of the economist’s job. Being able to present economic concepts in a meaningful way is particularly important for economists who are involved in making policy for their organizations.

The student with a major or minor in economics may choose from a broad array of topics including foreign trade, environmental and natural resources economics, money and credit, public sector economics, labor economics, economic development, international finance, urban and regional economics, economic history, industrial organization and antitrust policies, and mathematical economics. Majors may pursue careers in many areas, some of which are listed below along with courses applicable to the career choice.
Career Opportunities and Related Courses: A recent study by the U.S. Census Bureau showed that college graduates who majored in economics were among the highest paid employees (economics ranked as the third most lucrative major). An undergraduate degree in economics furnishes a valuable background for a domestic or international career in law, government, business or education. Government service provides many opportunities at the federal, state, and local level that require only an undergraduate degree in economics. What economists do in business is as broad and varied as the full scale of managing a firm’s operations; economists are found in staff departments handling marketing, business planning and policy, finance, international operations, government relations, and even purchasing and operating logistics. An economics degree also combines well with training in other disciplines such as finance, real estate, political science, journalism, history, law, and foreign languages.

Students who plan to have a career or pursue graduate work that uses economics should consider the courses listed below. The listings are suggestions for broad categories and do not exclude other offerings. These suggestions do not replace advisement or override any degree requirements regarding choices of major or elective courses.

- Business: ECON 4300, 4500, 4470, 4800, 4810, 4950, 4960.
- Local, State, or Federal Government: ECON 4210, 4220, 4300, 4350, 4400, 4450, 4470, 4500, 4600, 4950, 4960.
- Foreign Service or International Business: ECON 4500, 4600, 4610, 4620, 4800, 4810.
- Pre-Law: ECON 4080, 4220, 4400, 4450, 4470, 4680, 4960.
- Graduate Studies in Economics: ECON 4230, 4950, 4930.
- Graduate Studies in Business: ECON 4500, 4950, 4970, 4930, 4960.
- Graduate Studies in the Social Sciences: ECON 4080, 4350, 4600, 4680.

A Top Ranked Program: The Department of Economics is ranked 1st in Georgia, and 9th among 33 Southeastern programs, and 50th in the U.S., according to a recent issue of the Southern Economic Journal, with considerably higher national rankings in the subfields that our faculty selected as primary areas of concentration, including: 8th in Urban, Rural and Regional Economics; 11th in Public Economics; 20th in Agricultural and Natural Resource Economics; 23rd in Labor and Demographic Economics. The department also got high marks in general Economics and teaching (14th), methodology and History of Economic Thought (16th).

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B.A. or B.S. with a major in Economics or the B.A. with a major in International Economics and Modern Languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in these programs.

Program Degree Requirements
For degree credit, a minimum grade of C must be attained in ENGL 1101 and 1102, in all courses in the major common core curriculum, policy/business and minor for the B.A. and B.S. degrees with a major in Economics, and in all courses in the major common core curriculum and modern languages concentration for the B.A. with a major in International Economics and Modern Languages.

2110.10 Bachelor of Arts Major in Economics

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Degree Requirements and Graduation” chapter of this catalog. The number of semester hours credit required for each section is shown in parentheses. Students may not receive both a B.A. and a B.S. degree from the Andrew Young School of Policy Studies with a major in economics.

Area A: Essential Skills (9)

Area B: Institutional Options (4)

Area C: Humanities and Fine Arts (6)

Area D: Math, Technology and Science (11)

Area E: Social Science (12)

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics
- ECON 2106 Principles of Microeconomics
- MATH 1070 Elementary Statistics – If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.

Foreign language requirement: (6) 1001/2002. Choose from Arabic, Chinese, French, German, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Persian, Russian, Swahili, Spanish, or Turkish. A combined course, Fren 1101 or Span 1101, will satisfy the Area F requirement. If a language course level 1002 or higher is chosen in Area C, one or two additional 1000/2000 level elective(s) from Areas A-E must be chosen for Area F.

Elective: One 1000/2000 level course chosen from Areas A-E.

Area G: Major Common Core Curriculum (24) A minimum grade of C is required for all courses in this area.

- ECON 3900 Macroeconomics-CTW
- ECON 3910 Microeconomics
- ECON 4999 Senior Capstone in Economic Policy-CTW*

Choose five 4000 level ECON courses (15)
ECON 4999 is only offered during the Fall and Spring semesters of the academic year. The prerequisites for ECON 4999 are ECON 3900, ECON 3910, and two 4000-level economics courses with a grade of C or better. Students are to plan accordingly with regard to the course prerequisites and graduation.

Area H: Policy/Business (6) A minimum grade of C is required for all courses in this area. Select two courses from the following three topic areas. Both courses cannot be taken from the same topic area, and courses may not be from the department in which the student is receiving the minor.

Concentration in Social Studies Education

The Social Studies Education Concentration in Economics is designed for students who wish to become secondary school teachers. This degree provides the initial content area preparation for the Master of Arts in Teaching (M.A.T.) in Social Studies Education in the College of Education at Georgia State or a similar master’s degree at another university. For teacher certification, the student must also complete the M.A.T. in Social Studies Education or a similar master’s degree at another university.

The Social Studies Education Concentration in Economics is designed to provide students with the content area preparation required for teaching economics and other social studies courses at the middle and high school levels. Students pursuing this concentration must take 21 hours in economics and must also choose three allied fields from the following departments, taking nine hours in each (for a total of 27 hours in allied fields): African-American studies, geography, history, political science, and only one of the behavioral science departments of sociology, anthropology, or psychology.
Area G: Major Courses (21): A grade of C or higher is required in all major courses.

- ECON 3900 Macroeconomics -CTW (3)
- ECON 3910 Microeconomics (3)
- Select five additional 4000 level economics courses (15)

Area H: Allied Fields (27): The student must take a total of 27 hours in three allied fields (nine hours in each field). The allied fields are political science, geography, history, or behavioral science. The behavioral science field consists of nine hours from anthropology, psychology, or sociology. The student should see each department’s list for the courses to be taken in the nine hours for that discipline.

Area I: Electives (12): Twelve hours (four courses) at the 3000/4000 level selected in consultation with the faculty Advisor.

Total Semester Hours for Degree: 120

Economics as an Allied Field: If a student chooses economics as one of their three allied fields, nine hours (three courses) must be chosen from the courses below:

Select three courses from the following two lists. At least one course must be taken from each list.

Macroeconomics & Policy: (These courses have ECON 2105 as a prerequisite.)

- ECON 3900 Macroeconomics-CTW
- ECON 4500 Money and Credit
- ECON 4600 Economic Development
- ECON 4810 International Finance

Microeconomics & Policy: (These courses have ECON 2106 as a prerequisite.)

- ECON 3910 Microeconomics
- ECON 4210 Health Economics
- ECON 4220 Environmental Economics and Policy
- ECON 4230 Experimental Economics
- ECON 4300 Economics of Cities
- ECON 4350 Economics of Poverty and Public Policy
- ECON 4400 Public Sector Economics
- ECON 4470 Industrial Organizations: Regulation and Antitrust Economics
- ECON 4800 International Trade
- ECON 4960 Economics of Work and Pay

2120 International Economics and Modern Languages

2130 Public Policy

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B.S. program with a major in Public Policy.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in ENGL 1101, 1102, ECON 2105, ECON 2106, MATH 1070 and all courses in the major common core curriculum and the concentration.

2130.10 Bachelor of Science Major in Public Policy

**Mission:** The mission of the Public Policy program is to prepare students for roles as effective citizens and people who work in the public service. We seek talented and motivated students who want to develop the knowledge, skills and values required to become responsible and visionary leaders in a wide range of settings. While many graduates of our program choose to enter a career in the public sector or in nonprofit agencies, others make contributions to their community, state, and nation as active citizens in the civic and public arenas.

The career of the namesake of the School, Ambassador Andrew Young, illustrates how individuals can move from nonprofit organizations to public life and the private sector, while being a part of our increasingly global society. Students in the Bachelor of Science in Public Policy program learn about the institutions of a democracy and the ways in which policy making organizations relate to one another. Students acquire skills in policy writing, critical thinking, and analysis that are in demand by governmental agencies and nonprofit groups, as well as graduate and professional schools. Above all, they learn how to make a difference by becoming engaged in civic and public life.

**Career Opportunities:** A policy major can work as a city manager, community relations specialist, local or regional planner, policy analyst, environmental resource specialist, human resource manager, journalist, politician or campaign strategist, volunteer coordinator, nonprofit leader, or in many other exciting careers that make a difference.

Many graduates of the Bachelor of Science in Public Policy establish careers in public service. These alumni work in a variety of agencies including federal, state, and local governments as well as a number of
public agencies. Others are employed in not-for-profit organizations that address many important needs. Some alumni work in the business world, but use the knowledge and skills from their Public Policy degree to become better, more active citizens in the civic and public arenas. The degree program also provides an excellent preparation for graduate study in law, public policy and administration, and related fields.

**A Top Ranked Program:** The Andrew Young School of Policy Studies (AYSPS) is nationally recognized as having one of the elite programs in the field of public policy and management. The *U.S. News and World Report*’s “2013 Edition America’s Best Graduate Schools” ranked the AYSPS 23rd overall among the 269 public affairs schools in the United States, and in the top 25 programs in the specialty areas of nonprofit management, public policy analysis and public management administration, and in the top 12 programs in public finance and budgeting, city management and urban policy, and information and technology management. A B.S. in Public Policy provides students the resources to be leaders and innovators in the public sphere for years after they have graduated from the program.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Academic Regulations” chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

**Area A: Essential Skills (9)**

**Area B: Institutional Options (4)**

**Area C: Humanities and Fine Arts (6)**

**Area D: Math, Technology and Science (11)**

- MATH 1070 Elementary Statistics (C or better)

**Area E: Social Science (12)**

**Area F: Courses Appropriate to the Major (18)**

- ECON 2105 Principles of Macroeconomics (C or better) (3)
- ECON 2106 Principles of Microeconomics (C or better) (3)
- SOCI 1101 Introductory Sociology (3)
- PSYC 1101 Introduction to Psychology (3)

*Electives:*

Two three-hour courses chosen from the 1000-2000 level offerings of the College of Arts and Sciences, Robinson College of Business, College of Education (with restrictions), or the Andrew Young School of Policy Studies

**Area G: Major Common Core Curriculum (21):** C or better grade is required of all courses in this area.

- PMAP 3021 Citizenship, the Community, and the Public Sector
- PMAP 3031 Policy Leadership
• PMAP 3311 Critical Policy Issues-CTW
• PMAP 4041 Policy Data Analysis
• PMAP 4051 Evaluating Public Policy-CTW
• PMAP 4061 Introduction to Policy Analysis
• PMAP 4941 Internship*

* Internships are required for all undergraduate students lacking significant prior administrative experience in a public or nonprofit agency or a related organization. Internship experiences provide students the opportunity to apply concepts and skills associated with their curriculum. This opportunity for professional growth and development requires enrollment in three hours of PMAP 4941. The department’s internship coordinators assist in the search for an appropriate internship opportunity. Students are expected to take the lead in this search. Internship credit requires the completion of 200 hours of work. Students are free to work full-time or part-time, according to their needs and those of their internship sponsor. Many students find paid internships, but there are some unpaid internships available that are very desirable. Students should consider the value of the experience that an internship provides, in addition to the pay. Internship information and applications are available from the Department of Public Management and Policy, or the PMAP internship homepage on the web at http://aysps.gsu.edu/career/internships. Students with substantial prior administrative experience may petition to waive the internship requirement. Petition forms are available online through the Office of Academic Assistance ataysps.wufoo.com/forms/undergraduate-petition/.

Area H: Concentration (21): A C or better grade is required for all courses in this area.

Students must choose one concentration from:

• Nonprofit Leadership or
• Planning and Economic Development or
• Public Management and Governance or
• Public and Nonprofit Human Resource Policy

Nonprofit Leadership (21):

The nonprofit leadership concentration allows students to learn about the important role of nonprofit organizations in addressing social issues and interests in a democratic society and participating in the formulation and implementation of public policy. Through this concentration, students will become aware of the many and diverse career opportunities in the nonprofit sector, in areas such as the arts, social services, education, health care, the environment, policy advocacy, and international relief and development. They will learn the skills, knowledge and challenges of leadership in this sector. This concentration involves a service learning component and will prepare students for entry level jobs in nonprofit management and for graduate study in nonprofit organizations, philanthropy, and related fields.

Required Courses (15):

• PMAP 3210 Introduction to the Nonprofit Sector
• PMAP 3213 Nonprofit Financial Resources
• PMAP 3231 Nonprofit Management and Leadership
• PMAP 4211 Human Resource Management Systems in Public and Nonprofit Organizations
Planning and Economic Development (21):

The planning and economic development concentration prepares students to work in both the public and private sectors addressing issues facing urban communities. It is appropriate for students who want to pursue careers or further study in the planning, development and management of communities. Courses introduce students to forces shaping the development of urban regions. Special attention is paid to planning for economic development, environmental quality, housing, land use, neighborhood revitalization, and transportation. During their studies, students learn about the variety of policies and strategies that citizens and planners can use to influence development.

Required courses (15):

- ECON 4300 Economics of Cities
- PMAP 3011 Policy and Politics in the American City
- PMAP 3411 Contemporary Planning
- PMAP 4401 Planning Theory and Analysis
- PMAP 4451 Economic Development Policy and Planning

Choose two courses from the following (6):

- ECON 4350 Economics of Poverty and Public Policy
- ECON 4600 Economic Development
- GEOG 4766 Urban Transportation Planning
- PMAP 3111 Urban Political Economy
- PMAP 3801 Public Administration and Politics
- PMAP 3831 Governmental Budgeting
- PMAP 4301 Local Governance
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers

Public Management and Governance (21):

How does government work, and what can we do to make it work better? The public management and governance concentration is for students who are excited about how government operates and how policies are converted into action. These are fascinating topics for those interested in improving the lives of citizens in communities and nations, and learning how to better address specific policy issues. Students in this concentration will also acquire the skills needed to compete for entry level jobs in governments, consulting firms, and with government contractors. This is the type of knowledge that would also be useful for
students contemplating a professional degree in public administration, law, planning, or some type of policy research (think tanks, advocacy groups, universities, and/or lobbying organizations).

Required courses (15):

- PMAP 3411 Contemporary Planning
- PMAP 3801 Public Administration and Politics
- PMAP 3831 Governmental Budgeting
- PMAP 4301 Local Governance
- PMAP 4451 Economic Development Policy and Planning

Choose two courses from the following (6):

- PMAP 3111 Urban Political Economy
- PMAP 3210 Introduction to the Nonprofit Sector
- PMAP 4211 Human Resource Management Systems in Public and Nonprofit Organizations
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers
- POLS 4115 Urban Politics

Public and Nonprofit Human Resource Policy (21):

This concentration prepares students for professional careers in the growing and dynamic field of human resources. It is appropriate for students who wish to work in areas such as staffing and recruitment, compensation and benefits, employee relations, management and employee development, and/or career development, among others. Courses provide an overview of the human resources field as well as current workplace issues and trends that impact and are impacted by human resource practices and policies. A key element of this specialization is the related internship or practicum, whereby students apply course content in an organizational setting.

Required courses (15):

- PMAP 3211 Career Development in Public and Nonprofit Organizations
- PMAP 3801 Public Administration and Politics
- PMAP 4211 Human Resource Management Systems in Public and Nonprofit Organizations
- PMAP 4261 Organizational Contexts of Public and Nonprofit Personnel Policy and Administration
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers

Choose two courses from the following (6):

- ECON 4960 Economics of Work and Pay
- PMAP 3210 Introduction to the Nonprofit Sector
- PMAP 3411 Contemporary Planning
- POLS 3145 Introduction to American Law
- LGLS 3020 Introduction to the Law

Area I: Approved Electives (18) Students make course selections with Advisor approval.
2130.15 Nonprofit Leadership Alliance Certificate in Nonprofit Management and Leadership

The Department of Public Management and Policy is affiliated with the Nonprofit Leadership Alliance, a national alliance of colleges, universities and nonprofit organizations dedicated to preparing undergraduates and graduates for careers in nonprofit leadership. To read more about the Nonprofit Leadership Alliance (NLA) program visit their website at: http://aysps.gsu.edu/nsp/nla-certificate. Benefits for obtaining the NLA certificate include:

- Certification in entry-level nonprofit employment competencies
- Course work grounded in the foundations and practices of nonprofit management
- Tested practices and principles through experiential learning
- One-to-one support, career development and mentoring
- Networking with prospective employers at local, regional, and national levels
- Opportunity to test skills and various nonprofit roles through internships, co-curricular and community service activities
- Potential for references and referrals from agency executive directors, advisory board members and community leaders
- Exposure to a national nonprofit network of partners and career options
- Increased sense of connection and belonging to the community
- Opportunity for lasting friendships
- Scholarships
- Preparation for Graduate School or the Peace Corps

Students can earn the certificate in one of three ways:

1. As a nonprofit leadership concentration in the Bachelor of Science in Public Policy.
2. As a minor in Nonprofit Leadership.
3. In conjunction with any undergraduate major by completing four (4) nonprofit leadership/management courses in the Department of Public Management and Policy.

This certificate is conferred by the department of Public Management and Policy and will not appear on official transcripts or diplomas from the university.

Certificate Requirements: Students seeking NLA certification must complete the following requirements:

1. Course requirements: earn a grade of C or better in:
   - PMAP 3210 Introduction to Nonprofits
   - PMAP 3213 Nonprofit Financial Resources
   - PMAP 3231 Nonprofit Leadership and Management
2. Complete PMAP 4941, the undergraduate Internship, which requires completion of 300 clock hours in a nonprofit organization/setting.
3. At the student’s own expense, attend the annual Nonprofit Leadership Alliance
Management/Leadership Institute, which is traditionally held in Spring semester (January).

Students pursuing the Nonprofit Leadership Alliance Certificate are also strongly encouraged to join the Nonprofit Leadership Alliance student organization sponsored by the Andrew Young School. Student association activities help students develop and strengthen their knowledge, skills, leadership abilities, and understanding of the nonprofit sector. This organization will also undertake fundraising campaigns to sponsor student attendance at the annual Nonprofit Leadership Alliance Management/Leadership Institute.

For more information about the Nonprofit Leadership Alliance certificate, please contact the Maggie Tolan at mtolan@gsu.edu or visit the Public Management and Policy department degree information website at: http://aysps.gsu.edu/nsp/nla-certificate.

www.gsu.edu/socialwork

The BSW program’s mission is to prepare students for generalist social work practice in a range of roles and services that deal with the existing and developing challenges that confront individuals, families, groups, and communities. The goals of the BSW program are to graduate students who will be able to: (1) think critically and communicate effectively in the application of social work knowledge, skills, and values to entry-level generalist practice, and (2) practice as entry-level generalist social workers.

Successful completion of this program may lead to advanced standing in many accredited graduate programs of social work.

The competencies and practice behaviors of the BSW program are designed to be consistent with the missions and goals of the BSW program, the Council of Social Work Education Curriculum Policy Statement, Georgia State University and the Andrew Young School of Policy Studies.

BSW Program Competencies:

1. Identify as a professional social worker and conduct oneself accordingly.
2. Apply social work ethical principles to guide professional practice.
3. Apply critical thinking to inform and communicate professional judgments.
4. Engage diversity and difference in practice.
5. Advance human rights and social and economic justice.
7. Apply knowledge of human behavior and the social environment.
8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
9. Respond to contexts that shape practice.
10. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.
Program Admission

The requirements and procedures for admission to Georgia State University are summarized in the university section of this General Catalog. That application process permits a potential student to indicate the college in which the individual wishes to register upon acceptance and to indicate the intended major. Based upon that application, an individual may be accepted by the university and by the Andrew Young School of Policy Studies. Entering students who wish to major in social work begin their affiliation with the School of Social Work in a Pre-Social Work (PSW) status. A later, separate application and decision process is required before a student can be formally accepted into the Bachelor of Social Work (BSW) status. The priority application deadline is May 15 prior to the junior year. However, applications will be accepted after that date until August 1 on a space availability basis. (BSW applications are NOT processed between August – December.)

Pre-Social Work (PSW) Student

All students admitted to the School of Social Work begin as Pre-Social Work (PSW) students and change their status only after the student has made formal application and formal admission has been granted. PSW status is assigned to students who have not completed all lower-division courses in Areas A-F or have not met GPA eligibility requirements. To complete these areas, PSW students must register only for the lower-division courses specified in their advisement files.

Bachelor of Social Work (BSW) Student

For a student to be considered for BSW status, the student must:

1. Be in good standing at Georgia State University with a minimum institutional GPA of 2.5.
2. File a formal application in the school for BSW status.
3. Have grades of C or higher in English 1101 and 1102.
4. Have successfully completed Areas A through F (except SW 2000).
5. Have a minimum grade point average of 2.5 or better in the lower-division courses counted for completion of Areas A-F and a minimum grade of C or higher in SW 2000, if completed.

BSW status indicates that a student has demonstrated commitment to professional social work and has been recognized by the school as being ready to utilize that commitment in the demanding preparation for practice in this field. A student with BSW status is expected to internalize the values and ethics of social work and to develop and enhance professional practice skills. In this process, the BSW student is expected to abide by the academic regulations related to the program as outlined in this catalog and in the school’s Student Handbook. Among those academic regulations is the requirement that a student have a grade of C (2.0) or better in each of the social work major courses that are required in Area G.

Entry into the BSW program is a selective process on a space availability basis. A student who meets only the minimum GPA or other criteria is not necessarily guaranteed acceptance. Qualified students who are denied entry at one point in time will be placed on a competitive waiting list in the order of their denial to await possible access to the program at a subsequent time.

Program Financial Information
A $30 field site application is due by February 1st of the Junior year, no other special fees are associated with the Bachelor of Social Work program. Students must pay all tuition and fees required by the University.

Program Academic Regulations

Students in the School of Social Work are required to participate in academic advisement. Each entering BSW student is assigned to a professional staff member in the Student Advisement Center or in the college’s Office of Academic Assistance who serves as the student’s academic adviser. BSW students should meet with that assigned academic adviser prior to registering for any courses, and those advisement appointments are available during any semester. When the student achieves BSW status, the student will be reassigned to the director of the BSW program for program advisement. The director of the BSW program will be the advisor throughout the program. The student is expected to meet with the assigned academic adviser at least once each academic semester for the purpose of beginning or enhancing acculturation to the field of social work, as well as for sequencing course selections in accordance with school procedures. BSW advisement appointments are scheduled only during the fall and spring semesters, so students are expected to plan accordingly.

Course sequencing in the BSW program begins only in the fall semester, and a student is admitted to BSW status in accordance with that schedule. PSW and BSW students are expected to follow the written course advisement plan developed in the advisement process, both in terms of course selections and in the sequencing of those courses. Deviations from the advisement plan without the written authorization of the assigned academic adviser or the BSW program director may result in the school’s blocking future registrations that do not conform to the advisement plan or may result in an extension of their course of study. In addition to the review and possible withdrawal of a student from the program, as described in “Review of Academic and Professional Practice Demands,” a student who misses or fails a course but is permitted by the school to continue in the program must work closely with the assigned academic adviser and the BSW program director to determine the most appropriate point at which to continue degree-related course work. If a student in BSW status is inactive for two academic semesters, the student will be returned to PSW status and must file a new, competitive application to reenter the BSW status.

Field Education

Field education is an integral component of the BSW curriculum and involves the placement of social work students in educationally supervised agency settings. The primary purpose of field education is to enable students to integrate social work theory and practice through the direct application of social work knowledge, values, and skills. Field education provides opportunities to test and refine classroom learning in professional social work settings. BSW students must have a minimum of 400 supervised hours of field education over a period of two consecutive semesters. Students are required to attend a classroom-setting field integrative seminar as part of their field education. The purpose of the integrative seminar is to provide field education students a forum for the synthesizing of classroom learning with their field-based internship.

Students may apply for field education only after lower-division and prescribed social work courses and other requirements have been satisfactorily completed, as explained in the school’s Student Handbook. Students enroll in field education for the fall-spring semesters. Field education applications must be turned in to the Director of Field Education by February 1st for the following fall semester placement.
Grant — Child Welfare

As funds are available, the School of Social Work, in partnership with the Georgia Department of Human Services, has scholarships available under the Title IV E, Child Welfare Scholars Program. The scholarship includes tuition and fees and a stipend. Recipients must take specific child welfare electives and must complete a field placement in a public child welfare setting. Upon graduation, recipients must commit to work for the Division of Family and Children Services on a year-for-year basis.

School of Social Work Policies and Procedures

Georgia State University is an equal educational opportunity institution. Faculty, staff, and students are admitted, employed, and treated without regard to race, sex, color, age, religion, national origin, sexual orientation, or disability. Georgia State University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, Sections 503/504 of the Rehabilitation Act of 1973, the American with Disabilities Act of 1990, the Vietnam Era Veterans Readjustment Assistance Act, as well as other applicable federal and state laws.

Students should refer to the current Undergraduate Catalog to ensure compliance with university policies and procedures.

Codes of Ethics

All students admitted into the B.S.W. program are expected to read, understand, and follow the National Association of Social Workers (NASW) Code of Ethics. This code provides a set of values, principles, and standards to guide conduct and decision making when interacting with clients and colleagues and for when critical issues arise. A copy of the Code of Ethics can be found at the NASW website (www.nasw.org).

Review of Academic and Professional Standards – The Policy

Students admitted into the School of Social Work will be held by the academic standards set by the University and the Andrew Young School of Policy Studies. Students will be held to the professional standards set by the school and the National Association of Social Workers. Students should familiarize themselves with these requirements as found in the undergraduate and graduate catalogs for the university and the Andrew Young School of Policy Studies.

A. Academic Competence

Undergraduate students are required to maintain at least a grade of C (2.00) or better in each of the social work major courses in Area G, and be in academic good standing with the University (an institutional GPA of 2.00). In cases where a student has a grade of D or F in an Area G course, the student must meet with the BSW Director and another faculty member of the BSW Committee to determine whether the student is eligible to continue in the program. If the student is allowed to continue in the program, he or she must retake the course and receive a grade of C or higher. Due to course sequencing, graduation date may be postponed in this situation. Undergraduates must also complete a minimum of 400 hours of field placement.

B. Professional Competence
Georgia State University's School of Social Work has the goal of educating competent social work practitioners. If a student fails to meet the standards set by the National Association of Social Workers and/or the School of Social Work, corrective action may be taken. Corrective action is intended to provide students and faculty with the opportunity to openly discuss problems and issues identified, and to seek a solution to correct the situation or problem presented. Dismissal from the program is an option and may supersede any discussion of corrective action. Professional incompetence signifies that a student is not adequately or appropriately performing at his or her program level.

Failure to comply with the policies and procedures of Georgia State University and/or the Andrew Young School of Policy Studies and/or the School of Social Work may result in a student's dismissal from the program.

Program Degree Requirements

Semester hours are shown in parentheses following an entry. Requirements for Areas A through E of the undergraduate core curriculum are listed in the “Core Curriculum” chapter of this catalog. Only senior BSW majors may take: SW 4100, SW 4200, SW 4500, SW 4900.

Undergraduate programs in the College of Arts and Sciences are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.
The College of Arts and Sciences consists of more than 40 departments, schools, institutes, and interdisciplinary centers within the areas of the fine arts, the humanities, the natural and computational sciences, and the social and behavioral sciences. The college has more than 12,600 undergraduate majors and approximately 2,100 graduate students. The college also has the primary responsibility for the two-year general education curriculum required of all students in the university.

The liberal arts education offered by the College of Arts and Sciences prepares students for professional careers and provides them with the foundation for lifelong learning, enabling them to meet the challenges of career development. Programs in the liberal arts promote the independent discovery of knowledge, an appreciation of the arts, and the ability to think critically and analytically.

At the undergraduate level, the College of Arts and Sciences offers the Bachelor of Arts, the Bachelor of Science, the Bachelor of Interdisciplinary Studies, the Bachelor of Music, and the Bachelor of Fine Arts degrees. The requirements for these degrees build directly upon the broad educational foundation provided by the core curriculum.

Within the framework of the various degree offerings, specific programs have been designed for students who wish to pursue a career in teaching. These teacher education programs provide for a major concentration within a special field of knowledge suitable for teaching at the various school levels. The programs prepare a student to meet the certification requirements of the Professional Standards Commission of the State of Georgia.

The College of Arts and Sciences, through its Graduate Studies division, offers graduate degrees and programs in numerous fields. The university publishes a graduate catalog that includes complete descriptions of all of the graduate programs offered at Georgia State University (available online through the Office of the Registrar website: www.gsu.edu/enrollment/catalogs.html).

3010.10 Academic Resources and Services
The Cartography Production Laboratory, located in the Department of Geosciences, offers mapping and graphic services for the university community. Students have the opportunity to design and produce cartographic materials as an extension of the educational program in cartography offered by the Department of Geosciences. In addition to the Cartography Production Laboratory, the department maintains a Geographic Information Systems facility offering GIS services for the university.

The Computer Science Tutoring Center supports undergraduate instruction programs by providing tutorial assistance to students who are taking 2000/3000-level major courses in the Department of Computer Science.

The Welch School of Art and Design’s Creative Media Center offers access to cutting-edge digital technology for students who are currently enrolled in courses within the Ernest G. Welch School of Art & Design. The CMC offers an array of Macintosh computer workstations and functions as both a digital classroom and computer laboratory, offering Open Lab access during scheduled times. The CMC includes specialized input and output computer hardware for print, sound and video, as well as many industry-standard design and imaging software packages.

The Department of Communication’s Digital Arts Entertainment Laboratory (DAEL) provides access to a wide range of multimedia digital and video production and editing equipment, for use by faculty and students in advanced media production courses. Students seeking wider access to equipment and training should also consider contacting the Digital Aquarium, which provides a number of free services given the support it received from the student Technology Fee.
The Department of Applied Linguistics and English as a Second Language and the Intensive English Program offer ESL tutoring for GSU students. ESL tutoring provides students an opportunity to receive expert assistance in improving their written and oral English skills. Check the ESL Tutoring Schedule at the Research Support Desk on Library North 2 for walk-in appointment times.

James M. Cox, Jr. New Media Instructional

307 Classroom South Building
404/413-5600

The Department of Communication’s James M. Cox, Jr., New Media Instructional Lab provides access to a computer-networked facility with 22 workstations. News writing and desktop publishing courses are enhanced through the use of interactive communication between instructors and students. A satellite downlink transmits CNN NewsSource and other national and international video feeds to students who write, edit, and package their own news stories.

Journalism Writing Lab

832 Twenty Five Park Place
404/413-5600

The Department of Communication’s Journalism Writing Laboratory provides tutorial support to students enrolled in journalism classes who wish assistance in improving their professional writing skills (including feedback on draft news reporting, public relations projects, and other related writing skills connected to media distribution. The lab is open during business hours on an open-access basis.

Language Acquisition and Resource Center

128 General Classroom Building
404/413-5987
www2.gsu.edu/~wwwmcl/3475.html

The Language Acquisition and Resource Center (LARC) promotes the development of the student’s foreign language skills and provides added cultural and literary knowledge. The LARC offers a wide range of multimedia and audiovisual materials, including an international video collection, 50-station digital language computer lab, the most up-to-date instructional computer software available, and many other resources. A tutorial support program for students in elementary and intermediate language courses is also available.

Major Matters Program
The College of Arts and Sciences Major Matters program is designed to help undergraduate students choose the right major and chart a course toward finishing their degree. The program website provides information about upcoming Major Matters workshops, links to major maps, Major in a Minute videos, and other resources for selecting a major. Program representatives are available regularly at the lobby-level General Classroom Building Information and Assistance Booth.

Mathematics Assistance Complex

Commons MILE
University Commons Complex
141 Piedmont Ave
404/413-5978

The Mathematics Interactive Learning Environment (The MILE) is designed to support and promote the development of the undergraduate student’s mathematics skill and knowledge by accommodating diverse student learning styles and building student confidence and success in early mathematics courses. The MILE provides student-centered, computer-assisted, self-paced tutorials that include streaming video lectures, tutorial exercises and “just-in-time” assistance by faculty, graduate and undergraduate assistants.

Military Science Leadership Lab

The Leadership Lab is located in the Courtland Building on the second floor. It consists of a five-station computer lab that runs the U.S. Army Enhanced Skills Training Program (ESTP). The lab is also used with several automated classes offered by the U.S. Army.

Music Media Center

400 Haas Howell Building
404/413-5903
The School of Music’s Music Media Center provides students with a valuable resource for music study through the use of the Bobbie Bailey Technology Classroom, consisting of 18 workstations that facilitate the art of music composition, a multi-media seminar room, and the Charles Thomas Wurm Circulation area with access to 16 listening-keyboard computer workstations.

Visual Resource Center
520 Art and Humanities Building
404/413-5233

The Ernest G. Welch School of Art and Design’s Visual Resource Center has a large collection of art and architecture slides, print, and digital media covering all phases of art history. The collection is used extensively for instruction and learning by university faculty and students as well as visual arts professionals throughout the region. The university subscribes to ArtStor Digital Library a database of more than 1.4 million images in the arts, architecture, humanities, and sciences from outstanding museums, photo archives, photographers, scholars, and artists.

Writing Studio
976 General Classroom Building
www.writingstudio.gsu.edu/
404/413-5840

The Writing Studio offers space for conversation, coffee, and writers, by creating a welcoming community for undergraduate and graduate students to practice the art of writing. Its purpose is to enhance the writing instruction that happens in academic classrooms by pairing writers with an experienced Reader. Readers, Graduate Assistants in the department of English, engage student writers in talk about their writing assignments and ideas, and familiarize them with audience expectations and academic genre conventions. We focus on invention (coming up with ideas), drafting (expanding ideas and supporting arguments), and arrangement (figuring out the best structure and organization for a text). Readers focus on the rhetorical aspects of the student text, and provide one-on-one, student-centered teaching of works-in-progress. The Writing Studio does not provide editorial or proofreading services. Readers will not write on student papers or in any way “correct” a student text. Students may work on course assignments or application materials for graduate and professional programs and scholarships. The Writing Studio is open only to currently enrolled students and recent alumni. The Studio is open the second week of each semester and closes the last Thursday before the end of classes. The Studio is closed between terms and for all university holidays. Students are welcome to drop in without appointments. More information is located on the website.
The requirements for entrance into Georgia State University are found in the section of this catalog devoted to undergraduate admissions. A transfer student must comply with all academic regulations of the university. The College of Arts and Sciences reserves the right to validate by examination any credits accepted by transfer. This provision in no way affects the acceptance of courses used to satisfy core curriculum requirements at another unit of the University System of Georgia.

Students holding a baccalaureate degree from an accredited college or university who wish to complete another undergraduate degree are urged to clear all requirements with an adviser in the Office of Academic Assistance.

**Grades of C in Major/Minor**

Courses in the major require a grade of C or higher. Courses in the minor chosen within or outside the College, require a grade of C or higher.

**Credit by Examination**

A maximum of 18 semester hours of degree credit may be granted before or after matriculation to a student who receives satisfactory scores on certain subject examinations of the College Level Examination Program of the College Entrance Examination Board. The student should consult the appropriate department or school or the Office of Academic Assistance for further information.

The College of Arts and Sciences follows university guidelines for the acceptance of credit by examination. See section 1320.40 Credit by Examination for specific course equivalencies. Credit awarded by the academic departments within the College of Arts and Sciences does not apply toward the academic residence requirement.

**Credit for Transient Work**

Arts and Sciences students who wish to take course work at another institution, whether as a full-time or as a part-time student, must have prior written approval from the Office of Academic Assistance if they wish to apply the credit hours to a degree program. Failure to obtain the required prior approval will prevent the acceptance of such credits. Approval will be granted for no more than two terms of work and only if the student is in good academic standing at Georgia State University. No approval of requests to take courses in Atlanta-area colleges will be granted if the course is readily available from Georgia State offerings. During the term in which the student is scheduled to graduate, all courses must be taken at Georgia State unless prior written approval has been obtained from the Office of Academic Assistance. The acceptance and application of all course work taken as a transient student is subject to any limitations imposed by the student’s major department, school, or program of study.

Please consult the “Academic Regulations” section of this catalog for further clarification in regard to transient credit.

**Credit for Veteran’s Service**
University students who are veterans of any service, active, reserve, or National Guard, or who have attended a service academy, may receive advanced placement in the Department of Military Science and Leadership (ROTC).

Course 4999 – Directed Readings

Course 4999, Directed Readings, in any department/school/institute that offers a major in the College of Arts and Sciences is designed to assist seniors who are within two terms of graduation and who have curriculum difficulties in fulfilling the requirements necessary for graduation. One to four credit hours may be earned. The supervising professor, the departmental chair/school director, and the dean of the college must approve registration for the course. Forms for Course 4999 must be completed at the time of regular registration for the term in which the credit is to be earned and can be obtained through department/school offices or the college’s Office of Academic Assistance.

Policy on Allowing Undergraduates to Take Graduate Courses

Under one of the following conditions, an undergraduate student may be permitted to take a graduate course:

1. **Dual Degree Enrollment:** The student has been formally accepted into an official university dual degree program that links an undergraduate degree program with a graduate degree program. Students in dual degree programs are granted permission to enroll in specified graduate courses when they reach a designated program milestone. Students who are accepted into the affiliated graduate program upon completion of the undergraduate degree may count specified course work toward fulfillment of the graduate degree requirements. A current listing of official undergraduate/graduate dual degree programs is available at www.gsu.edu/enrollment/dual_degree_programs.html.

2. **College Approval of Enrollment:** The dean’s office of the college will determine a student’s eligibility for admission into a graduate course. To be eligible, an undergraduate student generally must have a cumulative grade-point average of 3.5 or higher and be within 18 semester hours of graduation, and be enrolled in an undergraduate degree program. Eligibility does not guarantee permission to take a course. Once a student’s eligibility is determined, permission must be granted by the instructor for the course, the department’s/school’s director of graduate studies, the chair/director of the department/school offering the course, and the Associate Dean of Graduate Studies in the College of Arts and Sciences. The request form is located at www.cas.gsu.edu/docs/ugrad/graduate_course_form.doc. Please note, graduate courses taken by an undergraduate student cannot be applied toward fulfillment of graduate degree requirements unless the student has been formally accepted into an official university dual degree program.

(This approval process does not apply to postbaccalaureate students. Postbaccalaureate students wishing to take graduate courses must be admitted as non-degree seeking students. See www.cas.gsu.edu/grad_non-degree_transient_admission.html for additional information.)
3030 College Degree Requirements

3030.10 Foreign Language Requirement for B.A./B.I.S. Majors

The College of Arts and Sciences requires the completion of a foreign language at the 1002 or 1101 level for all students seeking a Bachelor of Arts degree or a Bachelor of Interdisciplinary Studies degree. This requirement can be met by one of the following options: 1.) taking a course numbered 1002, 1101, or higher, 2.) Taking the CLEP exam in French, German, or Spanish for credit at the 2001 and 2002 level, or 3.) Taking the SAT II exam in Chinese, Japanese, or Korean and receiving at least the equivalent of a grade of “C” (73% of the highest possible exam score). For more information about the exams please contact the Counseling and Testing Center at (404) 413-1740.

The foreign language requirement for students enrolled in the Bachelor of Arts and the Bachelor of Interdisciplinary Studies programs is most commonly included in core curriculum Area F (Courses Appropriate to the Major); however, programs may also require students to complete foreign language courses in Area G, the 60 semester hours beyond the core curriculum. Students transferring to Georgia State with a completed core curriculum Area F, yet without sufficient course work to meet a program’s foreign language requirement, will be required to fulfill the necessary courses in the second 60 semester hours. Students who take a language course in Area C and subsequently declare a major in a program leading to a Bachelor of Arts and the Bachelor of Interdisciplinary Studies will find that the language course no longer counts in Area C but in Area F or Area G. For this reason, the college recommends that students in the Bachelor of Arts and the Bachelor of Interdisciplinary Studies programs not include a foreign language course in core curriculum Area C (Fine Arts and Humanities). Students who would like to begin a new foreign language, or to take a second foreign language, should consult a program adviser concerning the possibility of earning credit for the first semester of elementary foreign language (1001) in either core curriculum Area F or in the second 60 hours.

3030.30 Bachelor of Interdisciplinary Studies

The Bachelor of Interdisciplinary Studies degree provides educational opportunities not available through the existing, traditional degree programs. The purpose of the program is to offer students an avenue by which they may take advantage of the rich offerings available in the several colleges at the university. An individual student, in consultation with a faculty adviser, may tailor a program of study that meets his or her particular educational needs, desires, and interests.

A student can pursue either a college-planned or a student-planned interdisciplinary program. The established college-planned programs address the needs of many students interested in a multidisciplinary, non-traditional education. Existing areas of concentration include Arts Administration-Speech/Theatre, Asian Studies, Classical Studies, Environmental Science, International Studies, Italian Studies, Law and Society, Middle East Studies, and Theatre. Information about the B.I.S. program, including program options and the application process, is available from the college’s Office of Academic Assistance, 418 General Classroom Building, 404/413-5000.

Purpose

The Bachelor of Interdisciplinary Studies degree provides educational opportunities not readily available
through traditional departmental degree programs. Students have flexibility in developing a course of study appropriate to their goals by selecting courses from several departments/schools/institutes in the College of Arts and Sciences. Students may also include courses from other colleges of this university in their interdisciplinary program.

It is not the function of the interdisciplinary program to pull together an assortment of course work as a last-minute effort to facilitate a student’s graduation. A proposal should be planned by the time a student has earned 42 credit hours and should reflect a logical, consistent course of study that is based on acceptable and germane student objectives.

Program Admission

Applicants to the Bachelor of Interdisciplinary Studies program must satisfy the admission requirements for Georgia State University and, in addition, must have a Georgia State cumulative grade-point average of 2.0. Matriculation into the program can occur only after the B.I.S. Council approves a student’s program of study. There is a special application procedure for this degree program and faculty advisement is a mandatory component of this process.

Program Degree Requirements

There are two options in the Bachelor of Interdisciplinary Studies program, the student-planned option and the college-planned option. Descriptions are listed below.

No more than 12 hours of the requirements in an area of concentration (Area G), and no more than 6 hours of the requirements in an allied field (Area H), may be taken from the offerings of any single discipline in the university. Courses in the area of concentration (Area G) and allied field (Area H) must be at the 3000-4000 level. Also, a grade of C or higher is required in all courses in the area of concentration (Area G) and allied field (Area H). Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation. The last 27 semester hours prior to graduation must be completed while formally enrolled in the program.

Option One: Bachelor of Interdisciplinary Studies Student-Planned Program

Students may choose the option to propose their own program of study for approval by the B.I.S. Council responsible for the oversight of the degree. Students may select their proposed courses from any college in the university, as long as at least 50 percent of the hours in the program are chosen from courses in the College of Arts and Sciences. Students should have their proposed student-planned programs reviewed by the B.I.S. Council by the time they have earned 42 hours.

To gain approval into the program, students must articulate a reasonable and educationally justifiable course of study. Proposed interdisciplinary degree programs cannot resemble current programs offered at the university. Students interested in initiating the application process must first schedule an appointment with an academic adviser in the Office of Academic Assistance (404/413-5000). Students must also select an appropriate faculty adviser to provide guidance in developing the interdisciplinary program.

Course of Study Outline for Student-Planned Programs:
Areas A-E: Core Curriculum (42)

All undergraduate students satisfy a common core curriculum. These requirements are printed in the “Academic Regulations” section of this catalog.

Area F: Courses Appropriate to the Major Field (18)

Courses in this area should be included in the program proposal. The courses selected for this area must be at the lower-division level and judged to be programmatically appropriate to the intent of the proposed program. Foreign Language 1002 must be included in Area F of all student-planned programs, except for those in science.

Area G: Area of Concentration (similar to a traditional major area, except interdisciplinary in content).

Area H: Allied Field (similar to a minor, except interdisciplinary in content).

Area J: Electives

When developing a student-planned program, the student may choose one of the following structures:

Program Plan Structure One: An area of concentration (27-33 semester hours) with an allied field (15-21 semester hours) and electives (6-18 semester hours).

Program Plan Structure Two: An area of concentration (27-33 semester hours) with two allied fields (15-21 semester hours each).

Program Plan Structure Three: Two areas of concentration (27-33 semester hours each).

Option Two: Bachelor of Interdisciplinary Studies College-Planned Programs

Students may choose a program designed by the College as follows: Arts Administration–Speech/Theatre, Asian Studies, Classical Studies, Environmental Science, International Studies, Italian Studies, Law and Society, Middle East Studies, and Theatre. For information about the college-planned programs, see the alphabetical list of majors later in this chapter of this catalog. Environmental Science has specific core curriculum requirements listed.

3030.40 The Interdisciplinary Minor

The interdisciplinary minor provides educational opportunities not otherwise available and allows students the flexibility to select courses for the minor from several departments/schools/colleges at the university. Students must propose their interdisciplinary minor of 15-18 hours for approval by the Bachelor of Interdisciplinary Studies Advisory Council. A proposal must identify the way in which the minor fits into the context of the student’s entire degree program. To gain approval, students must articulate a reasonable and educationally justifiable course of study and must keep in mind that this course of study may not duplicate what is currently available. Students can choose to pursue either a college-planned or a student-planned interdisciplinary minor.
The following requirements apply to the interdisciplinary minor:

1. The student must have a Georgia State University cumulative grade-point average of 2.0;
2. All courses included must be at the 3000 level or above;
3. No more than six hours may be taken in any one department or school and courses cannot be from the major area;
4. A grade of “C” or better is required in all minor courses; and
5. At least 50 percent of the minor must be completed after the semester in which the B.I.S. Advisory Council approves the minor program plan.

Students should contact the Office of Academic Assistance at 404/413-5000 for information on the application procedure. Guidelines for college-planned interdisciplinary minors in Advanced Leadership and Management, Gerontology, Jewish Studies, Language Studies, Latin American Studies, and Middle East Studies are also available.
The Office of Academic Assistance supports departments and schools in providing academic advisement for students in the college, primarily those who have earned 90 hours. (Students with fewer than 90 hours are advised through the University Advisement Center.) This office also works with students on career development and on marketing a liberal arts background in the current job environment. The Office of Academic Assistance prepares evaluations of transfer work done at other institutions as well as academic program reviews for each major offered through the college. It also assists with course selections and schedule revisions and provides information concerning college and university policies. Students are advised on an appointment basis, or they may come by the Academic Assistance office at any time during office hours for brief consultations. During the academic year, the office is open until 6:00 p.m. on Tuesday and Wednesday and until 5:15 p.m. on Monday, Thursday and Friday. Students seeking a degree in the College of Arts and Sciences should become familiar with the academic regulations of the university stated elsewhere in this catalog.

Academic Advisement for Majors

Although the College of Arts and Sciences will endeavor to provide timely and accurate advisement, it is the responsibility of the student to know and to satisfy the degree requirements of his or her academic program.

The College of Arts and Sciences encourages its majors to build relationships with the undergraduate support personnel in their major departments/schools/institutes. This position reflects the belief that a strong undergraduate program is possible only if there are frequent opportunities for students to discuss their academic work and career goals with one of their major professors. In a large urban institution such as Georgia State University, contact is essential if students are to receive individual attention and enjoy the full benefits of a liberal arts education. A list of undergraduate directors and coordinators is available online at: www.cas.gsu.edu/ugrad_support.html.
3050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the College of Arts and Sciences will follow different courses depending on the nature of the student’s appeal. Please refer to University Information Section 1050.80 under Polices and Disclosures in this catalog or visit www.gsu.edu/enrollment/appeals.html online for details.

Art Galleries

The Ernest G. Welch School of Art and Design maintains an active gallery and special events schedule. Exhibitions, lectures, and workshops by artists of national renown as well as exhibitions by students and faculty of the School of Art and Design are regularly presented through the galleries. For more information: www.gsu.edu/artgallery

Advanced Biotechnology Core Facilities

The Departments of Biology and Chemistry operate a number of state-of-the-art core facilities that support instructional and research programs. These include high-field nuclear magnetic resonance, biological imaging, confocal microscopy, molecular modeling, fermentation, and protein/nucleic acid syntheses, amplification, and sequence analyses. For more information: biology200.gsu.edu/core_facility/home.html

El Centro: National Latino Research Center on Domestic Violence

Dr. Julia Perilla, Director

El Centro is a national research center on domestic violence in Latino communities, and it is part of the National Latino Alliance to Eliminate Domestic Violence. El Centro’s mission is three-fold: (1) to promote culturally appropriate research and evaluation regarding the issue of domestic violence in Latino communities; (2) to mentor and serve as a resource for Latino and Latina researchers and other researchers interested in the issue of domestic violence in the Latino population; and (3) to maintain an ongoing dialogue with practitioners and service providers regarding relevant research topics that address emerging needs in Latino communities.

Florence Kopleff Recital Hall

The School of Music’s 380-seat Kopleff Recital Hall is located on the corner of Gilmer Street and Peachtree Center Avenue. This acoustically superb performance hall is equipped with a 3-manual, 36-rank Miller pipe organ. The facility is used for performances by music faculty and students and by distinguished visiting artists from around the world. The recital hall is named for the late Florence Kopleff, a renowned contralto and long-time professor in Georgia State’s School of Music.

Georgia Government Documentation Project

The Georgia Government Documentation Project (GGDP), a joint venture of the Department of History and the Special Collections Department of the University Library, records the state’s political heritage through oral history interviews and collections of associated papers. The GGDP collection includes more than 250 interviews with former governors, legislators, women in politics, African-American political activists and leaders, journalists, and numerous other public figures. The GGDP also actively collects interviews conducted by other scholars of Georgia politics. The project is housed in the Georgia State University Special Collections Department. For more information: www.library.gsu.edu/spcoll/ggdp.

Georgia Women’s Movement Project
The Georgia Women’s Movement Project, a collaborative project of the Institute for Women’s, Gender, and Sexuality Studies and the Special Collections Department of the University Library, preserves the papers and artifacts of individuals and organizations involved in the struggle for women’s rights in Georgia with particular attention to the Equal Rights Amendment. Established in 1996, the Georgia Women’s Movement Archives, housed in the Georgia State University Special Collections Department, includes collections and oral history interviews. The Institute relies on the archives for primary and secondary sources used in research and teaching on the history of women’s movements in Georgia and for comparative research globally. For more information: www.library.gsu.edu/spcoll/women.

Hard Labor Creek Observatory

The university’s Hard Labor Creek Observatory, located in the Hard Labor Creek State Park 50 miles east of Atlanta, houses two 16-inch and 20-inch cassegrain reflecting telescopes and a 40-inch equivalent aperture “multi-telescope telescope,” which is the Southeast’s largest astronomical telescope. These instruments are equipped with modern digital electronic cameras for imaging and spectroscopy and are regularly used by faculty and students in the Department of Physics and Astronomy. Open houses are held monthly except during the winter. For more information: www.chara.gsu.edu/HLCO/.

Mass Spectrometry Facilities

404-413-5558
swang@gsu.edu
chemistry.gsu.edu/mass.php

The Mass Spectrometry Facility at Georgia State University is a research resource to provide modern instrumentations and expertise in the analysis of chemical and biological molecules with state-of-the-art mass spectrometers. The Facility operates five instruments including a Waters Micromass Q-TOF micro (ESI-Q-TOF) with a Waters nanoAcquity UPLC- and an alliance HPLC, an ABI 4800 MALDI TOF-TOF analyzer (MALD TOF-TOF), a Shimadzu QP5050A GC-EIMS, an ABI API 3200 (ESI(APCI)-Triple Quadruple) with an Agilent 1200 HPLC and an Agilent 1100 series II LC-CE-MSD.

The Facility can usually perform routine low-resolution analysis by EI, CI, ESI, APCI and MALDI of small organic molecules and large biological molecules such as peptides, proteins, nucleic acids, lipids, oligosaccharides, polymers etc. The Facility also routinely conducts exact mass and elemental composition determination, tandem (MS/MS) experiments and HPLC separations with MS detection as requested by researchers.

Nuclear Magnetic Resonance (NMR) Facilities

chemistry.gsu.edu/NMR.php

The NMR Facilities houses two Varian instruments (one 500 MHz and one 600 MHz spectrometer) and 4 Bruker instruments (two 400 MHz, one 500 MHz, and one 600 MHz spectromeer). A range of capabilities is available including a cryoprobe for high sensitivity work. This facility is under the direction of Dr. Zhenming Du. The NMR Facilities conduct both routine service and research support and collaborations on sophisticated problems.
Regents Center for Learning Disorders

Dr. Janet Patton, Director

The Board of Regents of the University System of Georgia has established three centers for the provision of assessment, resources, and research related to students within the University System who have learning disorders. The Regents’ Center for Learning Disorders at Georgia State University has been assigned to serve 14 institutions in the Northwest Georgia area. For more information: www.gsu.edu/rclld/.

Viral Immunology Center

Dr. Julia K. Hilliard, Director

The mission of the Viral Immunology Center is to enhance the understanding of virus-host interactions, particularly for zoonotic infections that affect the central nervous system. Studying virus-host relationships furthers knowledge regarding how viruses and hosts modulate each other for the ultimate survival of each entity, how evolution and adaptation progress for the development of a successful relationship, and how to target mechanisms to prevent host morbidity and mortality as a result of infection. Additionally, the Center is the home of the National B Virus Resource Center. For more information: www.gsu.edu/~wwwvir.
African-American Studies offers an interdisciplinary approach to the study of African people nationally and globally. The field recognizes that the lived experience of African and African descendant peoples worldwide are impacted by a myriad of factors including cultural diversity, emerging technologies, and political economy. As an interdisciplinary field of concentration, it offers, enhances, and critiques knowledge presented in the traditional disciplines and professions, scholarly and artistic accounts of the realities of the lives of African-Americans, and perspectives on social change. The Department of African-American Studies provides students with the intellectual origins, concepts, research, and models of the discipline; the knowledge and skills necessary for the study of group cultures; and a curriculum that contributes to the goals of African-American Studies and a culturally diverse education. Civic engagement, service learning, and a social justice orientation are fundamental aspects to the African-American Studies curriculum. Faculty and courses are drawn from the department itself and from other departments/schools/institutes in the university.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Pre-Education Concentration

The Department of African-American Studies offers a pre-education track with a concentration in history for students who wish to become public school teachers and to be certified to teach by completing the initial teacher preparation for the M.A.T. Program in Social Studies Education in the College of Education (or a similar master’s level initial preparation program at another university). The pre-education track in African-American studies develops teachers to work effectively in multi-cultural classrooms. The pre-education track in African-American Studies prepares teachers to teach students from diverse ethnic, gender, cultural, and social class groups by offering curricula that examine the histories and experiences of people of African descent and aspects of cultural identity formation in the U.S., Africa, and the Caribbean. This track also prepares educators to develop their students to be citizens of a global community. Students who wish to pursue the pre-education track in African-American studies must take ten designated upper-division major courses (33 credit hours) and complete the course work in two or more of the following allied fields: political science (9), geography (9), economics (9), and education(9).

1. Required Courses to fulfill CTW requirement (6)
   - AAS 3980 Research Methods in African-American Studies-CTW (3)
2. Additional Courses (27):
- AAS 3975 Concepts and Theories in African-American Studies (3)
- AAS 3450 History of African Americans in Georgia (3)
- AAS 4640/HIST 4270 African-American People (4)
- AAS 4600/HIST 4280 Enslavement and Resistance in North America (3)
- AAS 4620/HIST 4290 Enslavement in the Americas (3)
- AAS 4772/HIST 4772/WST 4772 Women in Africa (3)
- AAS 4774/HIST 4774 African Rebellions (3)
- HIST 3000 Introduction to Historical Studies-CTW (4)
- HIST 3220 United States in the Twentieth Century (4)

- Political Science (9) (3000-4000 level courses)
- Geography (9) (3000-4000 level courses)
- Economics (9) (3000-4000 level courses)
- Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200) (9)
- One Behavioral Sciences field: Anthropology, Sociology, or Psychology (9) (3000-4000 level courses)

**Area H: Minor and Additional Courses**

Students majoring in African-American Studies:

1. Are not required to take a minor.
2. Must take additional courses as electives to complete a minimum of 120 hours, exclusive of KH 1010.

**Minor in African-American Studies**

Students who wish to minor in African-American Studies should complete the following requirements (15). A grade of C or higher is required in all minor courses.

1. Complete the following three courses (9)
   - AAS 2010 Introduction to African-American Studies (3)
   - AAS 3120 African Diaspora (3)
   - AAS 4120 African-American Political Thought (3)
2. Select two African-American Studies courses at the 3000 level or above (6).
Anthropology, the study of humans, provides students with a perspective on the nature of humankind over time and in different environments. It is concerned with humans as biological beings (biological anthropology), with prehistory and cultural evolution (archaeology), and with how humans order their worlds socially and culturally (social/cultural anthropology), as well as with the nature of human language (linguistic anthropology). The Department of Anthropology offers a Bachelor of Arts degree in Anthropology. Undergraduate majors are encouraged to take a wide range of courses in archaeology, biological anthropology, and cultural anthropology. Anthropologists are frequently teachers and/or researchers in educational systems, or, alternatively, they work for public and private agencies. Within these areas, they may be specifically concerned with historic or cultural resource preservation or cross-cultural and minority group relations in such areas as medicine, community development, education, tourism, business, and other specialties.

Program Financial Information

No additional expenses are needed to complete this degree program. Some special courses that travel away from campus, such as Anth 4550 Field School in Anthropology, will have additional costs. The department offers two endowed scholarships for undergraduate majors: the Robert L. Blakeley Endowed Scholarship in Anthropology and the Jeremy D. Gillen Endowed Memorial Scholarship in Anthropology.

Program Academic Regulations
Students must earn a grade of C or better in any courses required for Areas F and G. A grade of C or higher is also required in all courses counting toward an Anthropology minor.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Minor in Anthropology

Students who wish to minor in anthropology should complete the following requirements (1 and 2). (at least 15 hours) A grade of C or higher is required in all courses counting toward the minor.

1. Select one course. (3)
   - ANTH 2010 Introduction to Biological Anthropology (3)
   - ANTH 2020 Introduction to Cultural Anthropology (3)
   - ANTH 2030 Archaeology and Prehistory (3)
2. Select four anthropology courses at the 3000 level or above (at least 12 hours).

Students taking more than 15 hours in courses in anthropology may count the additional hours toward their electives or may consider completing a double major.
3110 Applied Linguistics and English as a Second Language

Programs Offered:

- Bachelor of Arts in Applied Linguistics
- Certificate in Teaching English as a Foreign Language
- Minor in Applied Linguistics
- ESL Credit-Bearing Courses
- Intensive English Program

Department of Applied Linguistics and English as a Second Language
34 Peachtree Street, Suite 1200
404/413-5200
gsu.edu/alesl

Sara C. Weigle, Chair
Kris Acheson – Clair, Director of Undergraduate Studies

Applied linguistics is an interdisciplinary field that integrates many perspectives on the study of human language. Studying linguistics is not a matter of learning many different languages, but rather it is the study of the nature of language in general. Applied Linguistics is the study of language and communication in relation to real-world problems such as language acquisition and teaching, language assessment, improving intercultural communication, and understanding the relationship between language and social organization.

The Department of Applied Linguistics and English as a Second Language offers (1) a B.A. degree in Applied Linguistics; (2) a certificate in Teaching English as a Foreign Language (TEFL), (3) ESL credit-bearing courses for non-native speakers of English, and (4) Intensive English Program (IEP) courses for non-native speakers of English.

The B.A. in Applied Linguistics provides the opportunity for students to explore the field of linguistics from an interdisciplinary perspective.

The TEFL certificate program provides students with appropriate skills and a credential that will enable them to teach English as a foreign language abroad. Students majoring in any undergraduate program can earn the TEFL certificate. In addition, the certificate can be earned by any postbaccalaureate student. TEFL certificate requirements consist of the following five courses: AL 3021, AL 3041, AL 3051, AL 3101, and AL 4161. AL 3021 is a prerequisite for AL 3041, AL 3051, and AL 4161. AL 3051 is a prerequisite for AL 4161.

For information on credit-bearing ESL courses for non-native speakers of English and the Intensive English Program, see Sections 3230 (English as a Second Language) and 3330 (Intensive English Program).

Program Academic Regulations

Students must earn a grade of C or better in any courses required for Areas F and G. A grade of C or higher is also required in all courses counting toward an Applied Linguistics minor.
Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

The Ernest G. Welch School of Art and Design
117 Arts and Humanities Building
404/413-5221
www.gsu.edu/art

Michael White Director
Maria Gindhart Associate Director

The Ernest G. Welch School of Art and Design offers degree programs in studio, art education, and art history. The Bachelor of Fine Arts professional degree is available in studio and art education. Within the studio degree, students may choose from these concentrations: drawing and painting or printmaking; graphic design; interior design; photography; textiles; or three-dimensional studies (ceramics or sculpture).

The School of Art and Design offers the Bachelor of Arts degree for students who wish to pursue a liberal arts education. They may select a concentration in studio or in art history. The B.A. program in Studio covers a range of art courses and a studio concentration. Art history is an academic liberal arts program devoted to preparing future scholars and curators.

The School of Art and Design seeks to provide an educational environment that encourages the creation and presentation of the visual arts, the study of visual culture, the creation and enhancement of our interior environments, and the promotion of the visual arts to the larger community. Graduates of the school carry their knowledge forward and contribute to the cultural conscience of the community. A strong corps of the school’s graduates is found in prominent art centers and schools. Others hold positions with regional, national, and international design firms. Faculty, student artists, and alumni frequently exhibit in national and international galleries and competitions. Their works are in numerous private and corporate collections.

The School of Art and Design is professionally accredited by the National Association of Schools of Art and Design.

Program Admission

Admission to B.F.A

Students who wish to pursue a Bachelor of Fine Arts (B.F.A.) degree must apply to seek this degree. Students may pursue the B.F.A. by being accepted either into studio or into art education. The studio
program requires a concentration in one of the following areas: drawing, painting, or printmaking; graphic design; interior design; photography; textiles; or three-dimensional studies (ceramics or sculpture). Acceptance to a concentration is determined by application and portfolio review following completion of the art core sequence. Students should consult with the undergraduate adviser or a faculty adviser in their area of interest for details.

Portfolios and applications are reviewed fall and spring semesters on Portfolio Review Day. Students should check with the School of Art and Design office for information about Review Day.

Admission to Art Education

Application to the B.F.A. in art education should occur upon completion of the 18 semester hours required in Area F and at the end of the semester in which the student is taking the introductory art education course (AE 4200). Application to art education must occur prior to completing 15 additional semester hours in art. Students must have earned a 2.5 overall cumulative GPA, a 3.0 GPA in all art content courses, and passed the Basic Skills GACE for entrance to art education.

Admission to Studio

Upon completion of the 18 semester hours required in Area F and prior to completion of 15 additional semester hours, each student who wishes to seek a B.F.A. in Studio must submit an application and pass a portfolio review for acceptance into a major concentration. Applications to concentrate in a discipline are available in the School of Art and Design office and are reviewed fall and spring semesters on Portfolio Review Day scheduled prior to Phase I registration (Graphic Design Portfolio Review is held at the end of Spring Semester only and Interior Design Portfolio Review is held at the end of the Fall semester only). Students should meet with an adviser in the concentration they are considering one semester before they apply for the concentration. In the event that a student is not accepted into the concentration, the student should see the School of Art and Design undergraduate adviser to explore other options.

Program Academic Regulations

Evaluation of transfer credits should be completed during the first semester of attendance at the university.

Program Degree Requirements

Art students should seek regular advisement from the Undergraduate Adviser in the School of Art and Design. Once accepted into a B.F.A. concentration, students should seek advisement from the Area Coordinator for that concentration. Students in the Bachelor of Fine Arts degree program should declare their intention to pursue a B.F.A. degree to the Office of Academic Assistance in the College of Arts and Sciences when they initiate their Area F requirements. Students intending to pursue the B.F.A. should enroll in two Area F courses during their first semester and should continue taking two Area F courses each semester until those courses are completed. Upon completion of the Area F requirements and prior to completion of 15 additional hours in art, students who intend to pursue the Bachelor of Fine Arts degree program must submit an application and portfolio to the concentration faculty for review and approval. In order to facilitate advisement, students in the Bachelor of Arts degree program should declare their major and area of concentration (studio or art history) prior to completion of their Area F courses.
A grade of C or higher must be earned in all required courses, a grade of B or higher is required in all art education courses, and a GPA of 3.0 is required for all art content courses.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

Area G: Major Courses (45-57)

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and Art 4500). These courses should be taken at the appropriate time, as described below.

1. Major Requirements (27-35)
   a. Complete minimum of 18 hours in 3000-level courses from among four different studio disciplines (18-24) Note: 3000/4000-level studio courses vary from three to four credit hours.
   b. Studio Concentration (3000/4000 level, select from one discipline previously studied) (6-8)
   c. Art History Survey (if Survey not taken in Area C, otherwise, AH 3000/4000-level elective) (3)
2. ART 3910 Critical Issues in Contemporary Art-CTW (3) (serves as one of the two courses needed
to fulfill CTW requirement)
3. Two Art History Electives (4000 level), one in the Modern category (see Art History Area G below) (6)
4. Studio Elective (3-4)
5. ART 4500 Directed Study in Art-CTW (3) (serves as one of the two courses needed to fulfill CTW requirement)
6. Foreign Language (to the 1002 level) (3-6). (See “Foreign Language Requirement for B.A. Major,” previously described).
7. Select additional non-art courses to complete a minimum of 120 hours. (9-21) (See “Area H” following degree requirement listings in this section.)

Area H: Minor and Additional Courses

Students seeking the B.A. in Studio Art are not required to take a minor, although they may complete one if they so choose.

B.F.A. in Art Education

Areas A-E: Core Curriculum Recommendations

1. Area B: Cross-cultural art history courses may be offered in this area as sections of Pers 2001 (Perspectives in Comparative Culture). (2)
2. Area C: Students may select one art history survey in Area C.

Area F: Courses Appropriate to the Major (18)

1. Studio Requirements (12)
   o ART 1010 Drawing I (3)
   o ART 1020 Two-Dimensional Design (3)
   o ART 1030 Three-Dimensional Design (3)
   o ART 1050 Introductory Studio (3)
2. Art History Requirements
   a. Select one course in addition to any taken in Area C. (3)
      ■ AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
      ■ AH 1750 Survey of Art II. History of Western Art II: The Renaissance through Contemporary Art (3)
      ■ AH 1850 Survey of Art III. Art of Africa, Oceania, and the Americas (3)
   b. AH 2000 Survey of Art Since 1900 (3)

Application to the art education program should occur upon completion of the 18 semester hours required in Area F and at the end of the semester in which the student is taking the introductory art education course (AE 4200/6200). Students must have earned a 2.5 overall cumulative GPA, a 3.0 GPA in all art content courses, and passed the GACE Basic Skills tests for entrance to the program. Students should contact an art education faculty member for information about criteria and application procedures and check the GACE website at:www.gace.nesinc.com/PDFs/GA_PG_fld109110_complete.pdf.
Once admitted to the Art Education program, students should maintain continual contact with the department and submit a form declaring their “Intent to Student Teach” at least three semesters prior to student teaching/graduation. Failure to submit the “Intent to Student Teach” form may result in a delay in student teaching placement and graduation.

**Area G: Major Courses (67-69)**

A grade of C or higher must be earned in all required courses, a grade of B- or higher is required in all art education courses, and a GPA of 3.0 is required for all art content courses.

In order to graduate, students must have taken the two CTW courses required for this concentration (AE 4200 and AE 4900). These courses should be taken at the appropriate time, as described below.

1. **Required Courses (36)**
   - EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
   - EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
   - EDUC 2130 Exploring Learning & Teaching (3)
   - EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
   - Two AH electives not taken in Area C or F2.a (recommended), or one 1000-level survey and one AH 3000-4000 level (6)
   - 3DS 3050 Hand Building I (3)
   - DPP 3000 Life Drawing (3)
   - DPP 3200 Painting with Water-Based Media (3) or DPP 3300 Painting with Oil-Based Media (3)
   - PHOT 3000 Photography I (3)
   - DPP 3050 Introduction to Printmaking (3)
   - 3DS 3000 Sculpture I (3)

2. **Select two additional courses in one area to satisfy the 26-hour requirement of a studio art concentration. (6-8)**

3. **Art Education (13)**
   - AE 4200 Art for Preschool through Fifth Grade (3) (serves as one of the two courses needed to fulfill CTW requirement)
   - AE 4300 Art for Middle and Secondary Schools (3)
   - AE 4400 Media, Technology, and Visual Presentation (4)
   - AE 4900 Art Theory and Criticism in Art Education (3) (serves as one of the two courses needed to fulfill CTW requirement)

4. **AE 4750, AE 4760, AE 4770, and AE 4780 (Student Teaching) (12)**

5. **Select additional courses to complete a minimum of 129 hours. (See “Area H” following the degree requirement listings in this section.) Art 4980, Special Problems (1-6), may be used in order to meet the specified requirements. Consent of departmental adviser and instructor required.**

**Area H: Minor and Additional Courses**

Students seeking the B.F.A. in art education may not seek a minor. They must take additional courses as electives to complete a minimum of 129 semester hours, exclusive of KH 1010.

Note: Only graduate students will be allowed to register in 6000-level courses, AE 6200, 6300, 6400, and
These courses count only toward certification not as hours in the MAEd.

**Application for Entry into Teacher Education**

Prior to being approved for student teaching, art education students must meet professional requirements for entry into teacher education as listed in the “Teacher Preparation” chapter of this catalog. Students are also required to have a 2.5 overall cumulative GPA and to have passed the GACE I and Regents’ exams.

**Pre-Student-Teaching Review**

Prior to being approved for student teaching, all art education students must pass a portfolio-based Pre-Student-Teaching Review, have earned a grade of B- or higher in all art education courses, and have earned a 3.0 GPA for all art courses. Students must submit a form declaring their “Intent to Student Teach” at least three semesters prior to student teaching/graduation. Failure to submit the “Intent to Student Teach” form may result in a delay in student teaching placement and graduation. For details about the Pre-Student-Teaching Review, students should contact their art education adviser.

**Certification Tests**

For Georgia teacher certification, all candidates must take and pass the GACE Basic Skills test and GACE I and II tests. GACE Basic Skills, required for entry into the major and teacher education, is a three-part test of basic academic skills in reading, writing, and mathematics. GACE I and II are required for certification and are usually taken the semester prior to student teaching. These are certification tests of art content knowledge. The Counseling Center may be contacted at 404/413-1640 for an examination schedule and application form.

**B.F.A. in Studio (120)**

See the Program Admission requirements at the beginning of this section.

**Areas A-E: Core Curriculum Recommendations**

1. Area B: Cross-cultural art history courses may be offered in this area as sections of Pers 2001 (Perspectives in Comparative Culture). (2)
2. Area C: Students may select one art history survey in Area C.

**Area F: Courses Appropriate to the Major Field (18)**

1. Studio Requirements (12)
   - ART 1010 Drawing I (3)
   - ART 1020 Two-Dimensional Design (3)
   - ART 1030 Three-Dimensional Design (3)
   - ART 1050 Introductory Studio (3)
2. Art History Requirements
   a. Select one course in addition to any taken in Area C. (3)
      - AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
Area G: Major Courses (60)

Course requirements for each of the areas of concentration in studio are listed below. B.F.A. degree requirements for each of the areas of concentration in studio are listed below.

Drawing, Painting, and Printmaking Concentration

The following courses are required in Area G for students who are accepted into the drawing, painting, and printmaking concentration. Prospective students should attend the Drawing, Painting and Printmaking orientation/group advisement offered once each Fall. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required. Acceptance to the DPP concentration is determined by application and portfolio review following completion of at least two DPP 3000-level courses from the art core sequence listed below.

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and DPP 4950). These courses should be taken at the appropriate time, as described below.

1. Concentration Core Requirements (9)
   - DPP 2100 Advanced Drawing (3)
   - DPP 3000 Life Drawing (3)
   - DPP 3050 Introduction to Printmaking (3)

2. ART 3910 Critical Issues in Contemporary Art-CTW (3) fulfills CTW entry level requirement

3. Art History: Select one course (3)
   - AH 4610 20th Century Art of Europe & US (3)
   - AH 4700 Contemporary Art: Theory and Criticism (3)

4. Art and Art History Electives: any 4000-level art history course and/or one to two 3000/4000-level studio courses outside drawing, painting, and printmaking (6-8)

5. ART 3400 Space, Scale, Time: Digital Possibilities (3)
   This course may only be taken by students who are already accepted into their BFA Studio Concentration.

6. Areas of Emphasis
   Students must elect to follow the drawing and painting emphasis or the printmaking emphasis. Each program of study is described below.

   a. **Drawing and Painting Emphasis Requirements (35-36)**
      - The following courses are required in Area G for students who are accepted into the drawing and painting emphasis (16).
        - DPP 3200 Painting with Water-Based Media (3)
        - DPP 3300 Painting with Oil-Based Media (3)
        - DPP 3600 Drawing Research (4)
        - DPP 4940 Portfolio I (3)
        - DPP 4950 Portfolio II-CTW (3) fulfills CTW exit level requirement
Select from below for a total of 16 hours:
  - DPP 3900 Selected Topics in Drawing and Painting (4-8)
  - DPP 4500 Directed Study in Drawing and Painting (8-12)

Select one course from below (3-4):
  - DPP 3150 Intaglio/Etching and Lithography (4)
  - DPP 3250 Screen Print and Experimental Printmaking (4)
  - DPP 3350 Monoprinting (3)
  - DPP 3550 Book Arts (3)

b. **Printmaking Emphasis Requirements (36)**

The following courses are required in Area G for students who are accepted into the printmaking emphasis.
  - DPP 3150 Intaglio/Etching and Lithography (4)
  - DPP 3250 Screen Print and Experimental Printmaking (4)
  - DPP 4500 Directed Study in Drawing and Painting (4)
  - DPP 4940 Portfolio I (3)
  - DPP 4950 Portfolio II-CTW (3) fulfills CTW exit level requirement

Select from below for a total of 12 hours:
  - DPP 3900 Selected Topics in Drawing and Painting (4-8)
  - DPP 4550 Directed Study in Printmaking (4-8)

Select one course from below (3)
  - DPP 3350 Monoprinting (3)
  - DPP 3550 Book Arts (3)

Select one course from below (3)
  - DPP 3200 Painting with Water-Based Media (3)
  - DPP 3300 Painting with Oil-Based Media (3)

**Graphic Design Concentration**

The following courses are required in Area G for students who wish to pursue the Graphic Design concentration. Graphic design courses should be taken in the order listed below. Prospective students should attend a Graphic Design orientation/group advisement offered once each Fall. Graphic design course work should begin fall semester of the sophomore year. Additional information about the graphic design program is available in the School of Art and Design. Students who are not enrolled in graphic design courses for more than one semester, during the junior or senior sequences, are required to resubmit an entrance portfolio for review and acceptance.

In order to graduate, students must have taken the two CTW courses required for this concentration (GrD 3910 and GrD 4950). These courses should be taken at the appropriate time, as described below.

1. **Sophomore Requirements (12)**
• Sophomore Level (fall) (9)
  ■ GRD 3000 Introduction to Graphic Design (3)
  ■ GRD 3150 Introduction to Typography (3)
  ■ Enroll in 3150 concurrently with either 3000 (fall) or 3200 (spring
  ■ GRD 3910 History of Graphic Design-CTW (3) (serves as one of the two courses
  needed to fulfill CTW requirement)

• Sophomore Level (spring) (3)
  ■ GRD 3200 Intermediate Graphic Design (3)

2. BFA Entrance Review

3. Upper Level Requirements (39)

  • Junior Level (fall) (9)
    ■ GRD 4020 Advanced Typographic Design (3)
    ■ GRD 4100 Print and Editorial Design (3)
    ■ GRD 4310 Multimedia Design (3)
  
  • Junior Level (spring) (12)
    ■ GRD 4150 Collateral Design for Print Applications (3)
    ■ GRD 4250 Graphic Design in Popular Culture (3)
    ■ GRD 4300 Internship in Graphic Design (3)
    ■ GRD 4400 Design for Film and Television (3)

  • Senior Level (fall) (9)
    ■ GRD 4200 Corporate Identity Design (3)
    ■ GRD 4350 Graphic Design through Advertising (3)
    ■ GRD 4450 Professional Practices in Graphic Design (3)

  • Senior Level (spring) (9)
    ■ GRD 4550 Specialized Applications of Graphic Design (3)
    ■ GRD 4600 Senior Workshop in Graphic Design (3)
    ■ GRD 4950 Graphic Design Portfolio-CTW (3) (serves as one of the two courses
    needed to fulfill CTW requirement)

4. Select two electives (6-7)

  • GRD 3300 Illustration: Concepts through Images (3)
  • PHOT 3000 Photography I (3)
  • PHOT 3010 Photography II (3)
  • DPP 3250 Screen Print and Experimental Printmaking (4)
  • DPP 3550 Book Arts (3)
  • PHOT 3600 Digital Video for Artist (4)
  • GRD 4840/CSC 4840 Computer Graphics Imaging (3)
The following courses are required in Area G for students who wish to pursue the Interior Design concentration. Interior Design courses should be taken in the order listed below. Interior Design course work should begin fall semester of the sophomore year. Additional information about the interior design program is available in the School of Art and Design. Prospective students should also attend an interior design orientation/group advisement offered once each Fall. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required. Students who are not enrolled in interior design courses for more than one semester, during the junior or senior sequences, are required to resubmit an entrance portfolio for review and acceptance.

Students pursuing a degree in Interior Design are advised that the educational requirements vary in each state regarding the profession of interior designer.

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and ID 4950). These courses should be taken at the appropriate time, as described below.

1. Art 3910 Critical Issues in Contemporary Art-CTW (3) (serves as one of the two courses needed to fulfill CTW requirement)
2. Area A Concentration Requirements prior to Portfolio Review for acceptance into Interior Design concentration (3).
   - MATH 1111 College Algebra (3)
3. Area D Concentration Requirements prior to Portfolio Review for acceptance into Interior Design concentration (8).
   - PHYS 1111K Introductory Physics I (4) and
   - PHYS 1112K Introductory Physics II (4)
4. Sophomore Level (fall) Requirements in Area G prior to Portfolio Review for acceptance into Interior Design concentration (9).
   - ID 3000 Drafting (3)
   - ID 3300 Interior Design: Theory (3)
   - ID 3910 History of Interior Design I: Antiquities to the Nineteenth Century (3)
5. BFA Entrance Portfolio Review at the end of Fall semester
6. Upper Level Area G Requirements for accepted Interior Design students (35)
   - Sophomore Level (spring)
     - ID 3350 Interior Design: Materials (3)
     - ID 3500 Interior Design: Spatial Organization (3)
     - ID 3600 Building Systems and Codes (2)
     - ID 3920 History of Interior Design II: Nineteenth Century to Present (3)
     - ID 3250 Computer-Aided Drafting and Design I (2)
   - Junior Level (fall)
     - ID 4100 Lighting Design (2)
ID 4200 Residential Design I (3)
ID 4350 Computer-Aided Drafting and Design II (2)

Junior Level (spring)
ID 4210 Residential Design II (3)
ID 4300 Commercial Design I (3)
ID 4400 Computer-Aided Drafting and Design III (2)

Senior Level
ID 4000 Interior Design: Selected Topics: (3-6)
ID 4800 Professional Practice (2)
ID 4940 Interior Design Portfolio I (2)
ID 4950 Interior Design Portfolio II-CTW (3) (serves as one of the two courses needed to fulfill CTW requirement)

7. Select one AH 4000-level Art History and one studio elective or select two studio electives: Interior design studios listed below are recommended and may be repeated for a maximum of six credit hours (3-6). Other acceptable elective options exist within the university. Upper level ID students should discuss elective options with their assigned ID area advisor to plan and schedule adequate electives (15) to meet total 60-hour requirement in Area G.

- ID 4000 Selected Topics (3-6)
- ID 4500 Directed Study (3-6)
- ID 4930 Interior Design Internship (3-6) Note: ID 4930 qualifies for academic credit only after completion of ID 4300 and may be repeated for a maximum of six credit hours. (Recommended for summer between junior/senior level and continuing into Fall of senior year).
- ART 4980 Special Problems (1-6)

Photography Concentration

The following courses are required in Area G for students who are accepted into the Photography concentration. Prospective students should attend the Photography orientation/group advisement offered once each Fall. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required.

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and Phot 4950). These courses should be taken at the appropriate time, as described below.

1. Art 3910 Critical Issues in Contemporary Art-CTW (3) serves as one of the two courses needed to fulfill CTW requirement)
2. Concentration Requirements (38)
   - PHOT 3000 Photography I (3)
   - PHOT 3010 Photography II (3)
   - PHOT 3910 History of Photography (3)
   - PHOT 3100 Alternative Processes (4)
   - PHOT 3200 Color Photography (4)
   - PHOT 3300 Studio Photography (4)
   - PHOT 3500 Digital Photography (4)
   - PHOT 3600 Digital Video for Artists (4)
   - PHOT 4500 Directed Study in Photography (3-12)
o PHOT 4940 Portfolio I (3)
o PHOT 4950 Portfolio II-CTW (3) (serves as one of the two courses needed to fulfill CTW requirement)

3. Select one art history course at the 4000 level (consult department adviser). (3)
4. Select four studio courses at the 3000/4000 level (consult department adviser) (9-16).
   Recommended courses:
   o PHOT 3900 Selected Topics (4)
o PHOT 4930 Internship in Photography (0-3)
o PHOT 4980 Special Problems (0-3)
o DPP 3550 Book Arts (3)

5. Art 3400 Space, Scale, Time: Digital Possibilities (3)
   This course may only be taken by students who are already accepted into their BFA Studio Concentration.

Textiles Concentration

The following courses are required in Area G for students who are accepted into the Textiles concentration. Prospective students should attend the Textiles orientation/group advisement offered once each Fall. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required.

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and Text 4950). These courses should be taken at the appropriate time, as described below.

1. Concentration Requirements (42)

   o TEXT 3000 Fibers, Colors, Dyes, and Dyeing (3)
o TEXT 3100 Surface Design I (3)
o TEXT 3200 Textile Structures I (3)
o TEXT 3500 Surface Design II (4)
o TEXT 3700 Heat Transfer Printing (4)
o TEXT 3800 Digital Textile Design (4)
o TEXT 3900 Select Topics in Textiles (4)
o TEXT 3910 Historic Textiles (3)
o TEXT 4500 Directed Study in Textile Design (8)
o TEXT 4940 Portfolio I (3)
o TEXT 4950 Portfolio II-CTW (3) (serves as one of the two courses needed to fulfill CTW requirement)
1. Art 3910 Critical Issues in Contemporary Art-CTW (3) fulfills CTW entry level requirement
2. Textiles Elective: Select two courses (7-8)
   - TEXT 3200 Textile Structure I (3)
   - TEXT 3300 Fibers, Fabrics, and Forms (3)
   - TEXT 3900 Select Topics in Textiles (4)
   - TEXT 4500 Directed Study in Textile Design (4)
   - TEXT 4600 Digital Textile Design II (4)
   - TEXT 4930 Internship in Textile Design (3)
   - TEXT 4980 Special Problems (1-6)
3. Select one 3000/4000-level studio (3-4)
   - DPP 3150 Intaglio/Etching and Lithography (4)
   - DPP 3250 Screen Print and Experimental Printmaking (4)
   - 3DS 3000 Sculpture I (3)
   - Text 3300 Fibers, Fabrics, and Forms (3)
4. Art 3400 Space, Scale, Time: Digital Possibilities (3)
   This course may only be taken by students who are already accepted in their BFA Studio Concentration.

Three-Dimensional Studies Concentration (emphasis in Sculpture or Ceramics)

The following courses are required in Area G for students who are accepted into the three-dimensional studies concentration, which includes an emphasis in sculpture or ceramics. Prospective students should attend the Three-dimensional Studies orientation/group advisement offered once each Fall.

In order to graduate, students must have taken the two CTW courses required for this concentration (Art 3910 and 3DS 4950). These courses should be taken at the appropriate time, as described below.

1. Concentration Core Requirements (9)
   - 3DS 3000 Sculpture I (3)
   - 3DS 3050 Hand Building I (3)
   - 3DS 3100 Sculpture II (3)
2. Art 3910 Critical Issues in Contemporary Art-CTW (3) (fulfills CTW entry level requirement)
3. Two-Dimensional Studio Elective (3-4). Select one 3000/4000-level course from the following disciplines:
   - Drawing, Painting and Printmaking (DPP)
   - Photography (Phot)
   - Interior Design (ID 3000 only)
   - Textiles (Text 3100, 3200, 3500, 3600 only)
4. Three Dimensional Studio Electives (3-4)
5. Select one course from below for a total of 3 hours:
   - Any 4000-level art history course(s) (3)
   - AH 4700 Contemporary Art: Theory and Criticism (3)
   - 3DS 3910 History of Ceramics (3)
6. Art 3400 Space, Scale, Time: Digital Possibilities (3)
   This course may only be taken by students who are already accepted into their BFA Studio Concentration.
7. Area of Emphasis
Students must elect to follow an emphasis in Ceramics or Sculpture. Each program of study is described below. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required.

a. Ceramics Emphasis Requirements (36-37)
   - 3DS 3150 Wheel Throwing I (3)
   - 3DS 3300 Sculpture Projects (4)
   - 3DS 3350 Ceramic Sculpture (4)
   - 3DS 3650 Ceramic Materials (4)
   - 3DS 4550 Directed Study in Ceramics (8)
   - 3DS 4940 Ceramics I (3) Consult with Faculty Adviser
   - 3DS 4950 Ceramics II-CTW (3) (fulfills CTW exit level requirement)
   - Studio Elective: Select one (3-4)
     - 3DS 3900 Selected Topics in Sculpture (4)
     - 3DS 4930 Internship (4)
     - 3DS 4980 Special Problems (3)

b. Sculpture Emphasis Requirements (21)
   - 3DS 3300 Sculpture Projects (4)
   - 3DS 4500 Directed Studies in Sculpture (8)
   - 3DS 4940 Sculpture Portfolio I (3)
   - 3DS 4950 Sculpture Portfolio II-CTW (3) (fulfills CTW exit level requirement)
   - Studio Electives: Select from below for a total of sixteen. (16)
     - 3DS 3500 Metal Casting (4)
     - 3DS 3600 Sculptural Drawing (4)
     - 3DS 3700 Wood Design (4)
     - 3DS 3800 Installation Sculpture (4)
     - 3DS 3900 Selected Topics in Sculpture (4-8)
     - 3DS 4930 Internship (4)

Area H: Minor and Additional Courses

Students seeking a B.F.A. may not seek a minor due to the focused nature of the B.F.A. degree.

Senior Portfolio Review and Exhibition

Recommendation for graduation with a B.F.A. degree in a studio concentration requires the presentation of a body of work. This includes work completed as part of portfolio courses. For more details on enrolling for portfolio courses, students should obtain a Senior Portfolio Review form from the School of Art & Design office and consult with an adviser in their area of concentration about forming a Senior Portfolio Review Committee. B.F.A candidates who successfully complete portfolio course 4950 are required to participate in the B.F.A Senior Group Exhibition held at the end of each semester.

Minor in Art History: Drawing, Painting, and Printmaking; Photography; Textiles; and Three Dimensional Studies

Students pursuing non-art degrees may take a minor in art history; drawing, painting, and printmaking; photography; textiles; or three-dimensional studies. They must take 18 hours of courses in the designated
minor, at least 9 of which must be at the 3000 level or above. Prerequisites apply. Specific descriptions of each minor option are available from the School of Art and Design. A grade of C or higher is required in all courses counting toward the minor.
Program Offered:

- Bachelor of Interdisciplinary Studies with a Concentration in Arts Administration — Speech and Theatre

The purpose of this program is to provide a broad-based knowledge of the fine arts and business in order to prepare students for managerial positions in the fine arts areas. This program should allow the student with an interest in the arts to develop widely marketable skills. Please contact the Department of Communication at 404/413-5600 or faculty advisement in the program.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Arts Administration — Speech and Theatre

Area F: Courses Appropriate to the Major (18)

1. Required Course (3)
   - THEA 2210 Acting I
2. Required Course (3)
   - SPCH 1500 Public Speaking
3. Required Course (3)
   - JOUR 1000 Introduction to Mass Communication
4. Required Course (3)
   ○ ACCT 2101 Principles of Accounting I

5. Select two courses (6)
   ○ AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
   ○ AH 1750 Survey of Art II. History of Western Art II: The Renaissance through Contemporary Art (3)
   ○ AH 1850 Survey of Art III. Art of Africa, Oceania, and the Americas (3)

**Area G: Area of Concentration — Speech and Theatre (27)**

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Course to fulfill CTW requirement (3)
   ○ SPCH 3250 Persuasion-CTW (3) or THEA 3100 Play Analysis-CTW (3)

2. Required Course to fulfill CTW requirement (3)
   ○ SPCH 4800 Communication and Diversity-CTW (3) or THEA 4070 Western Theatre History-CTW (3)

3. Required Courses (6)
   ○ Choose one: SPCH 3450 Nonverbal Communication (3) or SPCH 3750 Intercultural Communication (3)
   ○ MUA 3930 Music, Society, and Culture (3)

4. Select one Art History course at the 4000 level.
5. Select three additional courses at the 3000/4000 level in Speech and Theatre for which the prerequisite has been met. No more than 12 hours from one discipline.
6. Students must complete level 1002 of a language.

**Area H: Allied Field (21)**

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. Required Courses (9)
   ○ JOUR 3500 Introduction to Public Relations Techniques (3)
   ○ MGS 3400 Managing People in Organizations (3)
   ○ Choose one: BCOM 3950 Business Communication and Professional Development (3) or SPCH 3060 Communication Law and Regulation (3)

2. Required Courses (6)
   ○ MK 3010 Basic Marketing (3)
   ○ MK 4300 Advertising (3)

3. Select two courses (6)
   ○ ENGL 3130 Business Writing (3)
   ○ JOUR 3560 Public Relations Writing and Projects (3)
   ○ SPCH 3210 Business and Professional Communication (3)

**Area J: Electives**

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University
taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.
3150 Asian Studies

Program Offered:

- Bachelor of Interdisciplinary Studies with a Concentration in Asian Studies

The program in Asian Studies provides students an opportunity to acquire a career-oriented range of skills and knowledge of this important and unique region by choosing from a large number of courses offered at Georgia State in a range of departments.

The faculty advisers for this program are Dr. Yuki Takatori (mclyyt@langate.gsu.edu), Modern and Classical Languages, and Dr. Kim Reimann, Political Science (kreimann@gsu.edu).

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program. Requirements follow a student’s catalog edition (year when B.I.S. major was approved).

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Asian Studies

Areas A-E: Core Curriculum Recommendations

1. Area C: Chin 1002-2002 or Japn 1002-2002 (recommended-only if not counting in Area F)
2. Area D: Geog 1112-1113 Introduction to Weather and Climate/Introduction to Landforms (recommended)
3. Area E: Hist 1111, 1112 World History before/after 1500; or PolS 2401 Global Issues (recommended)

Area F: Courses Appropriate to the Major (18)

1. Required Language: Choose either Japanese or Chinese
   - Chin 1001-2002 (“C” or higher required) (12)
   - Japn 1001-2002 (“C” or higher required) (12)
2. Select additional courses to reach 18 hours in area:
   - Acct 2101, Acct 2102, AL 2101, AL 2102, Anth 2020, Geog 1101, Econ 2105, Econ 2106, Wst 2010

Area G: Area of Concentration (27-33)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Courses to fulfill CTW requirement (6)
   Select two courses. 1) One course from the below list of CTW courses or other CTW courses approved for GSU undergraduate majors and 2) one course numbered 4995. Students are encouraged to take CHIN 3080 as their first CTW course, which is designed with Asian Studies BIS majors in mind. Students taking other CTW courses should consult with a coordinator and, when necessary, add to their list of courses any pre-requisites or recommended courses.

   - CHIN 3080 Topics in Chinese Studies
   - ECON 3900 Macroeconomics (3)
   - ENGL 3040 Introduction to Literary Studies (3)
   - ENGL 3050 Introduction to Rhetoric and Advanced Composition (3)
   - POLS 3800 Introduction to Political Research (3)
   - RELS 3750 Introduction to Methods and Theories (3)
   - SOCI 4800 CTW in General Sociology (3)
   - SOCI 4801 CTW in Families, Health and Life Course (3)
   - SOCI 4802 CTW in Gender and Sexuality (3)
   - SOCI 4803 CTW in Race and Urban Studies (3)
   - WST 3010 Feminist Theories (3)
2. Required Language Courses (Chinese or Japanese) (6)
   - JAPN 3001* Advanced Japanese I (3)
   - JAPN 3002* Advanced Japanese II (3)

   or

   - CHIN 3001 Advanced Chinese I (3)
   - CHIN 3002 Advanced Chinese II (3)

3. Comprehensive Electives 15-21 hours (No more than 12 hours from any one department. Select from the courses below or other appropriate courses in consultation with the faculty coordinator.)

   - AL 3031* Language in Society-CTW (3) [* this course has a prerequisite of AL 3021-Intro to Linguistics]
   - GEOG 4404 Geography of East Asia (4)
GEOG 4406 Advanced Regional Geography (4) (if Asia)
HIST 3700 China and Japan to 1600 (4)
HIST 3710 China and Japan since 1600 (4)
HIST 3610 Pacific World (3)
HIST 3800 South Asia to 1757 (4)
HIST 3810 South Asia since 1757 (4)
HIST 4890 Topics in World History (3-4) (if Asia)
JAPN 3081 Japanese Language and Society (3)
PHIL 4610/RELS 4610 Hinduism (3)
PHIL 4615/RELS 4615 Buddhism (3)
PHIL 4620/RELS 4620 Confucianism and Taoism (3)
PHIL 4625/RELS 4625 Zen and Shinto (3)
POLS 4255 Politics and Political Economy of East Asia (3)
POLS 4256 Politics and Political Economy of Japan (3)
POLS 4258 Government and Politics of South Asia (3)
POLS 4290 Studies in Comparative Politics (3) (if Asia)
POLS 4490 Studies in International Relations (3) (if Asia)
RELS 3260 Asian Religion in America
RELS 4612 Hindu Sacred Myths and Epics (3)
RELS 4628 Topics in Asian Religion (3)
WST 4240 Sexuality and Gender in Asia (3)

Area H: Allied Fields (choose one) (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. International Business Practices
   - BUSA 3000* Globalization and Business Practice (3)
   - ECON 4800 International Trade (3)
   - ECON 4810 International Finance (3)
   - FI 3300* Corporation Finance (3)
   - IB 3090 Introduction to International Business (3)
   - MGS 3400* Managing People in Organizations (3)
   - MK 3010* Basic Marketing (3)
   - *These courses are prerequisites for the Master in International Business (M.I.B.)

2. Language Studies (choose no more than two courses with the same prefix)
   - AL 3021/FORL 3021 Introduction to Linguistics (3)
   - AL 3031* Language in Society-CTW (3)
   - AL 4151* Communication across Cultures – CTW (3)
   - AL 3041/FORL 3041* Introduction to Second Language Acquisition (3)
   - AL 4011/FORL 4011* Phonetics and Phonology (3)
   - AL 4012/FORL 4012* Morphology and Syntax (3)
   - AL 4151/FORL 4151* Culture and Language Learning (3)
   - PHIL 4530 Philosophy of Language (3)
   - 3000-level Japanese courses not used in the Area of Concentration
   - SPCH 3450 Non-Verbal Communication (3)
   - SPCH 3750 Intercultural Communication (3)
3. Society and Culture
- HIST 4590 Russia to 1861 (4) (much on Mongols, Central Asian peoples)
- HIST 4820 Cross-Cultural Encounters in World History (4)
- JOUR 4650 International Communication (3)
- PHIL 4650/RELS 4650 Religion and Ethics (3)
- PHIL 4680/RELS 4680 War, Peace, and Religion (3)
- POLS 3200 Comparative Politics (3)
- POLS 3400 International Politics (3)
- POLS 4285 Politics and Religion in Comparative Perspective (3) (if Asia)
- POLS 4290 Studies in Comparative Politics (3)
- RELS 3270 World Religions (3)
- RELS 4270 Women and Religion (3)
- RELS 4290 Pilgrimage (3)

- SOCI 3340 Population Problems (3)
- SOCI 3354 Sociology of Popular Culture (3)
- SOCI 4360 Religion and Society (3)
- TEXT 3910 Historic Textiles (3) (much on Asian textiles and influence on world textile design)
- WST 4210 Women in Cross-Cultural Perspective (3)

4. Japanese Studies*
- JAPN 3013 Intensive Grammar Review (3)
- JAPN 3081 Japanese Language and Society (3)
- JAPN 3082 Reading and Writing in Japanese (3)
- HIST 3700 China and Japan to 1600 (4) (if not taken in Area G)
- HIST 3710 China and Japan since 1600 (4) (if not taken in Area G)
- POLS 4256 Politics and Political Economy of Japan (3) (if not taken in Area G)
- *JAPN 3012 Advanced Japanese IV (required for this Allied Field.)

Related courses not yet available at Georgia State University are offered at Emory and Georgia Tech; such courses may be considered for a limited number of credits.

**Area I: Electives**

Electives are used to have 39 hours at Georgia State University taken at the 3000-4000 level for residency and complete 120 hours required for graduation.

**Area J: Study Abroad/International Student Exchange Programs**

Students are strongly recommended to consider a semester study abroad. Please contact Dr. Yuki Takatori or Dr. Kim D. Reimann (polkdr@langate.gsu.edu) for information concerning International Student Exchange Programs with Japan and Korea. For general information about study abroad in different
countries of Asia, contact Jeremy Billetdeaux, Director, Study Abroad Programs, Office of International Initiatives (404-413-2529, jbilletdeaux@gsu.edu).
The Astronomy program at Georgia State University is integrated with the Physics program. For information on the B.S. in Physics with a Concentration in Astronomy, see section 3460.
Biology, the science of life and life processes, includes the study of structure, function, growth, development, reproduction, origin, evolution, and distribution of living organisms.

A degree in biology provides students with a variety of career opportunities. Potential careers range from applied or basic laboratory research and field studies in numerous state and federal organizations and industry, to education in public and private school systems. Furthermore, the degree provides the ideal preparation for entry into medical, dental, and veterinary schools and other health-related professions. Finally, a bachelor's degree in biology provides a good foundation for advanced studies at the M.S. or Ph.D. level in biological sciences.

As an alternative to the General Biology Studies program (and in addition to the core degree requirements), courses in one of several areas of concentration, listed below, are available. Interdisciplinary programs with other departments/schools/institutes (such as Behavioral Biology or Environmental Science) are also an option. To plan the major according to the particular needs and goals, students should consult the “Undergraduate Program” area of the Biology Department Website (biology.gsu.edu) for information about the major. For advisement questions, students should contact the Undergraduate Coordinator (404/413-5305) who will help connect them with an appropriate faculty adviser.

Program Degree Requirements

Alternatives are available for some requirements in Areas A-F. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences
Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Biology

**Areas A-E: Core Curriculum Recommendations**

1. Required course:
   - MATH 1113 Precalculus (or any higher-level mathematics course) (3)
2. Recommended course:
   - PHIL 1010 Critical Thinking (2)
3. Laboratory Science Sequence (8)
   Recommended courses:
   - PHYS 1111K Introductory Physics I (4) and
   - PHYS 1112K Introductory Physics II (4) or
   - PHYS 2211K Principles of Physics I (4) and
   - PHYS 2212K Principles of Physics II (4)
4. Math. (3) Any one math not taken in area A from the following choices: Math 1070, 1220, 2201, 2202, 2211, 2212 (or any higher-level math). For any four credit-hour course, three credit hours are applied to Area D, and one credit hour is applied to area I.

**Area F: Courses Appropriate to the Major Field (18)**

1. Required Courses (16)
   - BIOL 2107K Principles of Biology I (4)**
   - BIOL 2108K Principles of Biology II (4)***
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)
2. Select one from the following (2):
   - BIOL 2240 Introduction to Human Physiology (3)
   - BIOL 2300 Microbiology and Public Health (3)
   - BIOL 2430 Frontiers in Biotechnology (2)
   - BIOL 2500 Neurobiology and Behavior (2)
   - BIOL 2800 Introduction to Molecular Biology (2)

** Students who decide to major in biology after completing BIOL 1103K may use BIOL 1103K for credit toward Area F if they complete BIOL 2108K and BIOL 2800 before enrolling in major courses (Area G)*** Students who decide to major in biology after completing BIOL 1103K and BIOL 1104K may use these courses for credit toward Area F if they complete BIOL 2800 before enrolling in major courses (Area G).

**Area G: Major Courses (39)**

A grade of C or higher is required in all Area G, Area H, and Area I courses

1. Required Courses to fulfill CTW requirement (6)
2. Major Core Requirements (12)
   - BIOL 3800 Molecular Cell Biology (3)
   - BIOL 3840 Animal Biology (3)
   - BIOL 3880 Microbiology (3)
   - BIOL 3900 Genetics (3)
3. Choose one of the following labs: (1) *
   - BIOL 3250 Human Physiology Laboratory (1)
   - BIOL 3830 Plant Biology Laboratory (1)
   - BIOL 3850 Animal Biology Laboratory (1)
   - BIOL 3890 Microbiology Laboratory (1)
   - BIOL 3910 Genetics Laboratory (1)
   * Students should consult with an adviser regarding the laboratory most appropriate to their course of study. Additional laboratories may be appropriate and the credit applied to item 4 below.
4. At least one credit hour of BIOL 4960, Biology Careers Seminar (1), or BIOL 4970, Biology Seminar (1). It is recommended that students take BIOL 4960 early in their courses of study for career advisement.
5. Additional biology courses at the 3000-4000 level and biology credit hours transferred from Area H (19).

Area H: Minor (13)

Students majoring in biology are required to complete the following:

1. Required courses (13)
   - CHEM 2400 Organic Chemistry I (4)
   - CHEM 3410 Organic Chemistry II (4)
   - CHEM 4600 Biochemistry I (5)

Area I: Additional Courses (8)

Select one two-course physics sequence (8) *

   - PHYS 1111K Introductory Physics I (4) and
   - PHYS 1112K Introductory Physics II (4) or
   - PHYS 2211K Principles of Physics I (4) and
   - PHYS 2212K Principles of Physics II (4)

* Two semesters of physics are required for biology majors. If the physics sequence is used to fulfill the Area D requirement, then students should:

Select additional biology courses at the 3000 level or above OR courses from this list:

   - ANTH 4060 Environmental Anthropology (3)
   - ANTH 4300 Human Evolution (3)
• ANTH 4310 Human Variation (4)
• ANTH 4350 Applied Biocultural Anthropology (3)
• ANTH 4370 Forensic Anthropology (3)
• ANTH 4390 Diet, Demography and Disease (3)
• CHEM 3100 Organic Chemistry Laboratory I (2)
• CHEM 3110 Organic Chemistry Laboratory II (2)
• (CHEM 3100 and CHEM 3110 are required by most professional programs.)
• CHEM 4110 Physical Chemistry I (3)
• CHEM 4610 Biochemistry II (3)
• CRJU 3410 Criminology (3)
• CSC 2010 Introduction to Computer Science (3)
• EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
• EDSC 3250 Topics in Middle Grades Science (3)
• GEOL 4002 Oceanography (3)
• GEOL 4011 Principles of Paleontology (4)
• GEOL 4017 Environmental Geology (4)
• GEOL 4644 Environmental Conservation (4)
• GEOG 4642 Advanced Weather and Climate (4)
• GEOG 4646 Water Resource Management (4)
• SNHP 3000 Communication and Cultural Diversity (3)
• HHS 3700 Medical-Biochemical Principles (3)
• HHS 4400 Genetics Across Lifespan (3)
• HHS 4500 Health Communication (3)
• IT 3210 Teaching, Learning, and Technology Integration (3)
• KH 3000 Personal Health and Wellness (3)
• KH 3390 Advanced First Aid and Emergency Care (3)
• KH 3610 Motor Learning and Development (4)
• MATH 1070 Elementary Statistics (3)
• MATH 2202 Calculus for the Life Sciences II (4)
• MATH 2211 Calculus of One Variable I (4)
• MATH 2211 Calculus of One Variable I (4)
• MATH 2212 Calculus of One Variable II (4)
• MATH 2215 Multivariate Calculus (4)
• PHIL 4130 Philosophy of Science (3)
• PHIL 4740 Biomedical Ethics (3)
• PHYS 3500 Electronics (3)
• PSYC 3010 Psychological Statistics (4)
• PSYC 3140 Abnormal Psychology (3)
• PT 3000 Introduction to PT and OT Practice (3)
• PT 3660 Complementary and Alternative Therapy (3)
• RT 3005 Clinical Cardiopulmonary Physiology (3)
• Any other 3000- or 4000-level course in Anthropology, Biology, Chemistry, Psychology or Physics

Students majoring in biology must take additional courses as electives to complete a minimum of 120 hours, exclusive of KH 1010.
Recommended: Area F2

- BIOL 2500 Neurobiology and Behavior (2)

Recommended: Area G2

- BIOL 3850 Animal Biology Laboratory (1)

Required: Area G5

- BIOL 4102 Neurobiology (4)
- Choose 19 hours of the following (3-5 credit hours each):
  - BIOL 4014K Invertebrate Biology (4)
  - BIOL 4015K Vertebrate Biology (4)
  - BIOL 4045K General Ecology-CTW (4)
  - BIOL 4074 Developmental Biology (4)

Microbiology Concentration

Recommended: Area F2

- BIOL 2300 Microbiology and Public Health (3)

Recommended: Area G2

- BIOL 3890 Microbiology Laboratory (1)

Required: Area G5

- All of the following courses are required (12):
  - BIOL 4428 Medical Microbiology (4)
  - BIOL 4458 Microbial Ecology and Metabolism (4)
  - BIOL 4575 Virology (4)
- Choose two of the following (8-9)
  - BIOL 4278 Immunology (4)
  - BIOL 4484 Laboratory Techniques in Applied and Environmental Microbiology (4)
  - BIOL 4580 Microbial Pathogenesis (4)
  - BIOL 4595 Microbial Physiology and Genetics (4)
  - BIOL 4696 Laboratory in Molecular Biological Techniques (4)
  - BIOL 4910 Undergraduate Research in Biology (1-5), on a subject related to microbiology
  - BIOL 4930 Topics in Biology (3-4)

Molecular Genetics and Cell Biology Concentration

Recommended: Area F2

- BIOL 2430 Frontiers in Biotechnology (2) or
- BIOL 2800 Introduction to Molecular Biology (2)

Required: Area G5

- All of the following courses are required (9)
  - BIOL 3910 Genetics Laboratory (1) — can be used to satisfy Area G2
  - BIOL 4564 Advanced Genetics (4)
  - BIOL 4800 Principles of Cell Biology (4)
- Choose 14 hours (15 if Biol 3910 is used in G2) from the following:
  - BIOL 4074 Developmental Biology (4)
  - BIOL 4248 Cell Physiology (4)
  - BIOL 4278 Immunology (4)
  - BIOL 4500 Human Genetics (4)

・BIOL 4930 Topics in Biology (3-4)

Preprofessional/Physiology Concentration

**Recommended: Area F2**

- BIOL 2300 Microbiology and Public Health (3)

**Required: Area G5**

- All of the following courses are required (12 or 11 if Biol 3250 is used in G2)
  • Biol 3240] Human Physiology (3)
  • Biol 3250] Human Physiology Laboratory (1)
  • Biol 4240] Endocrinology (4)
  • Biol 4246] Advanced Human Physiology (4)
- Choose three of the following (11-13)
  • BIOL 4074 Developmental Biology (4)
  • BIOL 4094 Developmental Neurobiology (4)
  • BIOL 4102 Neurobiology (4)
  • BIOL 4115 Medical Neuroanatomy (4)

  • BIOL 4800 Principles of Cell Biology (4)
  • BIOL 4910 Undergraduate Research in Biology (1-5)
  • BIOL 4930 Topics in Biology (3-4)

**Graduation with Distinction**

At least five hours of Biol 4910 and a grade-point average of 3.5 or higher in the major and minor area are required for graduation with distinction.

**Minor Offerings and Double Major in Biology**

Students who wish to minor in biology must take at least 15 hours in courses in biology, including at least nine hours at the 3000 level or above. Students are responsible for meeting all prerequisite requirements.
(such as Chem 1211K/1212K) for the biology courses they choose to take, and are strongly encouraged to take these prerequisites as early as possible in their academic career. Students taking more than 15 hours in courses in biology may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor. Students should consult with the Undergraduate Director or Undergraduate Coordinator for more information.

Honors Program

The department encourages qualified students to participate in the Honors Program (see “Honors Program” previously described or visit www.gsu.edu/~wwwhon/). The department sponsors a Biology Club, a Pre-Vet club, a Pre-Dental club and a local chapter of American Medical Student Association (AMSA) in addition to the Eta Psi chapter of Beta Beta Beta, the national honorary biological society. Interested students are encouraged to participate in these organizations.

Internships

Internships with collaborating institutions and programs (including ZooAtlanta, the Georgia Aquarium and the Bio-Bus program) are available on a limited basis. Students interested in receiving course credit for an internship should consult with the Undergraduate Director or Undergraduate Coordinator for more information.

Undergraduate Research Programs

Students are particularly encouraged to participate in the Undergraduate Research Program after completion of core requirements. Participation in an ongoing research activity provides the student with experience in experimental design and interpretation that is typically not available in routine laboratory courses. Students may enroll in BIOL 4905 for a total of 4 hours and/or BIOL 4910 for a total of 10 hours. Interested students should consult the departmental website for information on faculty research interests and contact one or more faculty members for development of a specific project.
Programs Offered:

- Bachelor of Science in Chemistry
  - Concentration in Pre-Medicine
  - Certification by the American Chemical Society
  - Concentration in Biochemistry
- Minor in Chemistry

Binghe Wang, Chair  
Doyle J. Barrow, Jr., Director of Undergraduate Studies

Chemistry deals with the nature of all substances and the changes that occur therein. It ranges from the study of the structure of atoms and molecules to that of the reactions occurring in living organisms. The study of chemistry can provide knowledge that will give students a greater understanding and appreciation of the world in which they live. In addition, knowledge of chemistry is a great asset in areas such as biology, physics, and health-related fields. It is a logical basis for pre-medical training.

Each student is urged to consult with a faculty adviser at the earliest possible time (even before the first semester) to outline a curriculum to meet his or her needs. A typical program of study for chemistry majors is outlined below. Although not required, several minors are possible for chemistry majors.

Program Academic Regulations

A grade of C or higher is required for all major and minor courses.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a faculty adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.
Chemistry Courses for Science Majors

Detailed descriptions of the objectives and prerequisites of each course are available in the Department of Chemistry. The student is urged to consult these descriptions if there is any doubt about requirements or qualifications. Laboratory courses and courses on principles are designed to be mutually reinforcing. The laboratory is the real basis for the science, but the lecture courses are designed to speed the learning process. The two parts are separated only to provide added flexibility in scheduling and to meet individual needs, particularly for transfer students. Great care should be exercised in scheduling one course without the other.

Chemistry Courses for Non-Science Majors

Chemistry 1050, 1101K-1102K and 1151K-1152K are of primary interest to students in liberal arts, health sciences, education, business administration, and policy studies. Students in specific programs should consult with an adviser in their program to verify applicability of the above-named courses to their specific needs. These courses cannot be applied to a science degree program in the College of Arts and Sciences.

B.S. in Chemistry

Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1113 Precalculus (or a higher-level mathematics course) (3)
2. Recommended courses:
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)
3. Required course (choose one of the following or a higher level mathematics course):
   - MATH 2201 Calculus for the Life Sciences I (4) *
   - MATH 2202 Calculus for the Life Sciences II (4) *
   - MATH 2211 Calculus of One Variable I (4) *

* One credit hour will count in the second 60 hours beyond the core curriculum.

Area F: Courses Appropriate to the Major Field (18)

- CHEM 1211K Principles of Chemistry I (4) **
- CHEM 1212K Principles of Chemistry II (4) **
- PHYS 2211K Principles of Physics I (4)*
- PHYS 2212K Principles of Physics II (4)*
- CHEM 2010 Introduction to Quantitative Analysis (2)
- CHEM 2400 Organic Chemistry I (4)
- MATH 2212 Calculus of One Variable II (4)

* PHYS 1111K and PHYS 1112K can be substituted if approved by the Department of Chemistry.

** CHEM 1211K and CHEM 1212K must be taken here unless already taken in Area D. If already taken in Area D, then take PHYS 2211K and PHYS 2212K. Both Chem 1211K/1212K and Phys 2211K/2212K
are required for graduation.

**Area G: Major Courses (31)**

1. Required Courses to fulfill CTW requirement (6)
   - CHEM 4000 Fundamentals of Chemical Analysis-CTW (3)
   - CHEM 4160 Chemistry Laboratory IVA-CTW (3)

2. Major Requirements (20)
   - CHEM 3100 Organic Chemistry Laboratory I (2)
   - CHEM 3110 Organic Chemistry Laboratory II (2)
   - CHEM 3410 Organic Chemistry II (4)
   - CHEM 4010 Instrumental Methods I: Chromatography (3)
   - CHEM 4110 Physical Chemistry I (3)
   - CHEM 4120 Physical Chemistry II (3)
   - CHEM 4190 Instrumental Methods III: Spectroscopy (3)

3. Major Electives (5)
   - Recommended course:
     - CHEM 4600 Biochemistry I (5) (required for ACS certification)

**Pre-Medicine Concentration**

A pre-medicine concentration is available for chemistry majors. Please contact the Department of Chemistry for further information.

**B.S. in Chemistry (Biochemistry concentration)**

**Areas A-E: Core Curriculum Recommendations**

1. Required course:
   - MATH 1113 Precalculus (or a higher-level mathematics course) (3)

2. Recommended courses:
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)

3. Required course:
   - MATH 2211 Calculus of One Variable I (or a higher level mathematics course) (4) *

- PHYS 2212K Principles of Physics II (4)*
- CHEM 2010 Introduction to Quantitative Analysis (2)
- CHEM 2400 Organic Chemistry I (4)
MATH 2212 Calculus of One Variable II (4)

* Phys 1111K and 1112K can be substituted if approved by the Department of Chemistry.

** Chem 1211K and 1212K must be taken here unless already taken in Area D. If already taken in Area D, then take Phys 2211K and 2212K. Both Chem 1211K/1212K and Phys 2211K/2212K are required for graduation.

Area G: Major Courses (30)

1. Required Courses to fulfill CTW requirement (6)
   - CHEM 4000 Fundamentals of Chemical Analysis (3)
   - CHEM 4160 Chemistry Laboratory IVA (3)
2. Major Requirements (19)
   - CHEM 3100 Organic Chemistry Laboratory I (2)
   - CHEM 3110 Organic Chemistry Laboratory II (2)
   - CHEM 3410 Organic Chemistry II (4)
   - CHEM 4010 Instrumental Methods I: Chromatography (3)
   - CHEM 4110 Physical Chemistry I (3) or Chem 4150 Intro to Biophysical Chemistry (3)
   - CHEM 4600 Biochemistry I (5)
3. Major Electives (5) Suggested CHEM 4610 3 hours

Area H: Minor and Additional Courses

1. Students with a biochemistry concentration are required to minor in Biology and must have at least one 3000/4000 level laboratory course.
2. Students majoring in chemistry must take additional courses as electives to complete a minimum of 120 hours, exclusive of 1000/2000 physical education or military science courses. The department recommends that majors take computer and/or foreign language courses.

American Chemical Society Certification

For American Chemical Society certification, add ten hours in addition to required course, Chem 4600, Area G.

1. Required Courses (6)
   - CHEM 4210 Inorganic Chemistry (3)
   - CHEM 4330 Advanced Synthesis (3)
2. Select additional elective courses. (4)
   - Chem 4050, 4170, 4370, 4400, 4410, 4450, 4490, 4590, 4610, 4620, 4840, or other approved courses (must be different from major elective choices)

Area H: Minor and Additional Courses

1. Students majoring in chemistry are not required to take a minor. Consult the department for assistance in selecting a minor in biology, business, or related areas.
2. Students majoring in chemistry must take additional courses as electives to complete a minimum of
120 hours, exclusive of KH 1010. The department recommends that majors take computer and/or foreign language courses.

Minor in Chemistry

Students who wish to minor in chemistry must take 15-18 hours in courses in chemistry, including at least nine hours at the 3000 level or above. Students taking more than 15 hours in courses in chemistry may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
Program Offered:

- Bachelor of Interdisciplinary Studies with a Concentration in Classical Studies

This program recognizes the interdisciplinary nature of classical studies and provides the student the opportunity of pursuing a degree in Latin language and literature in the broader context of related disciplines including history, music, philosophy, religious studies, and art history. Concentrations in Latin and the writings of authors from Antiquity, as well as an allied field in ancient civilization will enhance the student’s knowledge of classical studies and their influence. Students seeking certification for teaching Latin or those who intend to pursue graduate education in classical studies will find this program appropriate to their goals. For students interested in this program, please contact the faculty coordinator, Dr. Gerard Pendrick, or the Chair of the Department of Modern and Classical Languages at 404/413-5980.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Classical Studies

Area F: Courses Appropriate to the Major (18)

1. Required Courses (0 to 6) [Students entering with equivalences from earlier studies of Latin should start at the appropriate level. Please consult the Department for further information.]
   - LATN 2001 Intermediate Latin (3)
   - LATN 2002 Latin Prose (3)

2. Select additional courses to complete 18 hours:
   - GRKA 1001 Elementary Ancient Greek I (3)
   - GRKA 1002 Elementary Ancient Greek II (3)
   - GRKA 2001 Intermediate Ancient Greek I (3)
GRKA 2002 Intermediate Ancient Greek II (3)
CLAS 2201 Greek Drama (3)
CLAS 2202 Classical Epic (3)
CLAS 2203 Greek and Roman Mythology (3)
AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
EDUC 2130 Exploring Learning & Teaching (3)
PHIL 2010 Introduction to Philosophy (3)
or any 1000 or 2000-level foreign language in another language.

Area G: Area of Concentration — Classical Studies (24-30)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Courses to fulfill CTW requirement (6)
   - Two courses numbered 4995 in the student's primary discipline (Latn, Phil, or RelS).
2. Latin. Select three to four courses (9-12):
   - LATN 4001 Vergil's Aeneid (3)
   - LATN 4012 Horace (3)
   - LATN 4013 Cicero (3)
   - LATN 4035 Vergil's Early Poetry (3)
   - LATN 4036 Historical Latin Prose (3)
   - LATN 4070 Seminar in Latin Prose and Poetry (3)
   - LATN 4075 Prose Composition (3)
3. Ancient Thought. Select three to four courses (9-12):
   - PHIL 3010/RELS 3010 History of Western Philosophy I: Ancient and Medieval (3)
   - PHIL 4010 Plato (3)
   - PHIL 4020 Aristotle (3)
   - PHIL 4030 Topics in Ancient Philosophy (3)
   - PHIL 4950/RELS 4950 Independent Research (1-3)
   - POLS 3530 Classical and Early Modern Political Thought (3)
   - RELS 3250 Biblical Studies (3)
   - RELS 4295 Religion, Sport and Spirituality (3)

Area H: Allied Field (Ancient Civilization and Its Influences) (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

- AH 4010 Art of Ancient Egypt and Nubia (3)
- AH 4011 Art and Architecture of Ancient Egypt I: 4000-1600 B.C. (3)
- AH 4012 Art and Architecture of Ancient Egypt II: 1600-31 B.C. (3)
- AH 4020 Art and Architecture of Ancient Near East (3)
- AH 4110 Art and Architecture of Ancient Greece (3)
- AH 4120 Art and Architecture of Ancient Rome (3)
- AH 4320 Italian Renaissance Art: The Age of Humanism (3)
- HIST 3500 The Ancient Mediterranean (4)
• HIST 4510 Origins and Collapse of Ancient Near Eastern Societies (4)
• HIST 4520 Ancient Persia, Greece, and Rome (4)

• POLS 4520 Theories on Democracy (3)
• THEA 4070 Western Theatre History-CTW (3)

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation

Area K: Courses Required for Teacher Certification (Optional)

1. Select enough additional Latin courses at the 3000-4000 level to total at least 24 hours
2. Required Courses (15):
   • EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
   • EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
   • EDUC 2130 Exploring Learning & Teaching (3)
   • EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
   • FORL 4021 Foreign Language Teachers and Technology (3)
   • Must apply and be accepted into the teacher certification program in order to take the courses below:
3. Required Course (6):
   • FORL 4027 Methods and Materials for Teaching Latin: P-12 (3)
   • FORL 4030 Practicum in Foreign Language Education (3)
4. Required Courses (12):
   • FORL 4061 Student Teaching in Foreign Languages (4)
   • FORL 4062 Student Teaching in Foreign Languages (4)
   • FORL 4063 Student Teaching in Foreign Languages (4)

Student Teaching in Foreign Languages (Student Teaching: Must apply in advance. Check current catalog for deadline.)
3200 Community Studies

The Community Studies concentration of the Bachelor of Interdisciplinary Studies will no longer accept new students and is in the process of being deactivated.
3210 Computer Science

Programs Offered:

- Bachelor of Science in Computer Science
  - Concentration in Computer Software Systems
  - Concentration in Databases and Knowledge-based Systems
  - Concentration in Graphics and Human-Computer Interaction
  - Concentration in Hardware Systems
  - Concentration in Networks and Parallel and Distributed Computing
  - Concentration in Theoretical Computer Science
- Dual Degree Programs
  - Bachelor of Science in Computer Science with the Master of Science in Health Administration (Health Informatics specialization)
  - Bachelor of Science in Computer Science with the Master of Science in Information Systems

- Minor in Computer Science

Yi Pan, Chair
Anu Bourgeois, Director of Undergraduate Studies

Computer science is the systematic exploration of all aspects of computation. Computer science as a discipline seeks to build a scientific foundation for topics such as computer design, computer programming and software, information processing, algorithmic solutions to problems, and the algorithmic process itself. Computer science provides underpinnings for today’s applications in industry, science, government, and business and prepares the foundation for tomorrow’s applications in ubiquitous computing, medical cures for diseases, and instant access to information by everyone.

The B.S. degree program in computer science provides preparation in the fundamental principles and processes of computation and training in applying these principles in application areas in industry, science, government, and business. The student completes a basic group of required courses in the early stages and chooses courses from several concentrations in the later stages to provide for appropriate breadth and depth of knowledge in the discipline.

A B.S. degree in computer science provides a good foundation for advanced studies at the M.S. or Ph.D. level as well as for careers in industry, science, government, and business. To plan the major according to particular goals, students are encouraged to consult with an adviser in the department. Majors who are
interested in having a paid work experience related to their area of study should contact the university’s Office of Cooperative Education, which coordinates the university’s cooperative education programs.

The courses are structured, and the department enforces the prerequisites for its courses. Students are urged to check and take the prerequisites for computer science courses and any computer science requirement as listed by their major department/school/institute. Refer any questions to that major department/school/institute or to the Department of Computer Science.

Program Academic Regulations

A minimum grade of C is required in all mathematics, physics, and computer science courses and all 3000-level or above courses that are used to fulfill the undergraduate programs of this department.

As part of the core curriculum, students must receive credit for the two calculus courses: Math 2211 and Math 2212. (When counting the number of semester hours in Areas A, D, and F, only 3 of the 4 credit hours of each calculus course will be counted in Area A and/or D. The fourth hour, or the “rollover hour,” will be counted in Area F.)

Prerequisites and co-requisites are strictly enforced in all computer science courses.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Computer Science

Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1113 Precalculus (3) or higher-level mathematics course

2. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or higher-level mathematics course) (One credit hour counts in Area F.)
   - PHYS 2211K Principles of Physics I (4)
   - PHYS 2212K Principles of Physics II (4)

Area F: Courses Appropriate to the Major Field (18)

1. Required Course(s): Select the course(s) not taken in Area A or D. (9-13)
   - MATH 2212 Calculus of One Variable II (4)
   - CSC 2010 Principles of Computer Science (3)
   - CSC 2310 Principles of Computer Programming (3)
   - CSC 2510 Theoretical Foundations of Computer Science (3)

2. Select additional courses to complete 18 hours in Area F. (0-4)
Area G: Major Requirements (48)

1. Required Courses to fulfill CTW requirement (7)
   - CSC 3410 Data Structures (3)
   - CSC 4350 Software Engineering (4)

2. MATH 3030 Mathematical Models for Computer Science (3)

3. Computer Science Requirements (18)

- CSC 4610 Numerical Analysis I (3)
- CSC 4620 Numerical Analysis II (3)
- and other 4000-level courses approved by the Department

Area H: Minor and Additional Courses (12)

1. 12 hours of additional courses taken at the 2000-4000 level. (12)
2. Students earning a B.S. in the Department of Computer Science are not required to complete a minor.
3. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010.

Minor in Computer Science

Students choosing to minor in computer science should complete CSc 2310 and 3410 and nine hours of additional computer science courses at the 3000 level or above. Consultation with an adviser in computer science is recommended. Students majoring in mathematics may not include CSc 4610 or 4620 in the minor.

B.S. in Computer Science/Master of Science in Health Administration (Health Informatics
The Department of Health Administration in the Robinson College of Business and the Department of Computer Science jointly offer a combined BS in Computer Science/MS in Health Administration (Health Informatics) program. The program is designed to take five years to be completed in as short as five years, at the end of which, a student will receive both a Bachelor of Science in Computer Science and a Master of Science in Health Administration (Health Informatics specialization). The program requires application.

Admission Requirements

Students may apply to the BS-Computer Science/Master of Science in Health Administration (Health Informatics) (i.e. BS-CSc/MSHA-HI) option at any time from initial application to Georgia State thereafter up through and including the fall semester of the sophomore year. The option will in general be available to BS-CSc undergraduates who maintain a minimum cumulative GPA of 3.5 at Georgia State. Application into the program involves completing personal statement of goals and interests for enrollment into the dual degree program.

Final acceptance into the MSHA-HI portion of the program will be contingent upon the following:

1. Maintaining a satisfactory cumulative GPA at Georgia State
2. Submission of satisfactory GMAT scores
3. Filing an application to the MSIS program in the Robinson College by the appropriate deadline

Program Degree Requirements: Undergraduate (120)

Areas A-E: Core Curriculum Recommendations

• and other 4000-level courses approved by the Department

Area H: Minor and Additional Courses (12)

Additional courses must be taken to complete a minimum of 60 post core hours towards the Computer Science degree and to satisfy the foundation requirements for the business degree:

• HA 8xxx – four 8000-level HA courses to be applied towards the MSHA-HI graduate degree

Program Degree Requirements: Graduate MSHA-HI degree

1. Required foundation courses
2. Core courses in Health Administration (12) (beyond the 12 credit hours in Area H above)
3. Concentration courses in Health Informatics (12) (courses selected from Computer Information Systems)

Note: One 8000-level CIS course may be applied towards a CSc elective for the BS degree by approval of
the CSc Department.

**Note:** Refer to the Graduate Catalog for more details regarding the MSHA-HI degree requirements.

**Bachelor of Science in Computer Science/Master of Science in Information Systems**

The Department of Computer Information Systems in the Robinson College of Business and the Department of Computer Science jointly offer a combined BS in Computer Science/MS in Information Systems program. The program is designed to be completed in as short as five years. The program is designed to take five years, at the end of which, a student will receive both a Bachelor of Science in Computer Science and a Master of Science in Information Systems. The graduate level coursework permits a choice of emphasis in Managing Information Technology or Information Systems Development. The program requires application.

**Admission Requirements**

Students may apply to the BS-Computer Science/Master of Science in Information Systems (BS-CSc/MSIS) option at any time from initial application to Georgia State thereafter up through and including the fall semester of the sophomore year. The option will in general be available to BS-CSc undergraduates who maintain a minimum cumulative GPA of 3.5 at Georgia State. Application into the program involves completing personal statement of goals and interests for enrollment into the dual degree program.

Final acceptance into the MSIS portion of the program will be contingent upon the following:

1. Maintaining a satisfactory cumulative GPA at Georgia State
2. Submission of satisfactory GMAT scores
3. Filing an application to the MSIS program in the Robinson College by the appropriate deadline

**Program Degree Requirements: Undergraduate (120)**

**Areas A-E: Core Curriculum Recommendations**

1. Required course:
   - MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)
   - PHYS 2211K Principles of Physics I (4)
   - PHYS 2212K Principles of Physics II (4)

**Area F: Courses Appropriate to the Major Field (18)**

1. Required Courses: Select the course(s) not taken in Area A or D (9-13)
   - MATH 2212 Calculus of one Variable II (4)
   - CSC 2010 Introduction to Computer Science (3)
   - CSC 2310 Principles of Computer Programming (3)
• CSC 2510 Theoretical Foundations of Computer Science (3)

2. Select additional courses to complete 18 hours in Area F: (4-8)

A minimum of 60 core hours is required.

Area G: Major Courses (48)

1. Required Courses to fulfill CTW requirement (7)
   • CSC 3410 Data Structures (3)
   • CSC 4350 Software Engineering (4)

2. MATH 3030 Mathematical Models for Computer Science (3)

3. Computer Science Requirements (18)
   • CSC 3210 Computer Organization and Programming (3)
   • CSC 3320 System-Level Programming (3)
   • CSC 4210 Computer Architecture (4)
   • CSC 4330 Programming Language Concepts (4)
   • CSC 4520 Design and Analysis of Algorithms (4)

4. For a total of twenty (20) hours, select at least three courses from within one of the following concentrations and at least two additional courses from among the courses strictly outside your chosen concentration.

Computer Software Systems Concentration

• CSC 4110 Introduction to Embedded Systems Laboratory (4)
• CSC 4310 Parallel and Distributed Computing (4)
• CSC 4320 Operating Systems (4)
• CSC 4340 Introduction to Compilers (4)
• CSC 4360 Network-Oriented Software Development (4)
• CSC 4370 Web Programming (4)
• CSC 4380 Windowing Systems Programming (4)
• and other 4000-level courses approved by the Department

Databases and Knowledge-based Systems Concentration

• CSC 4260 Digital Image Processing (4)
• CSC 4360 Network-Oriented Software Development (4)
• CSC 4370 Web Programming (4)
• CSC 4710 Database Systems (4)
• CSC 4740 Data Mining (4)
• CSC 4810 Artificial Intelligence (4)
• and other 4000-level courses approved by the department.

Graphics and Human-Computer Interaction Concentration
• CSC 4260 Digital Image Processing (4)
• CSC 4380 Windowing Systems Programming (4)
• CSC 4720 Human-Computer Interaction (4)
• CSC 4730 Scientific Visualization (4)
• CSC 4820 Computer Graphics Algorithms (4)
• CSC 4840 Computer Graphics Imaging (3)
• CSC 4841 Computer Animation (3)
• and other 4000-level courses approved by the Department

Hardware Systems Concentration

• CSC 4110 Introduction to Embedded Systems Laboratory (4)
• CSC 4120 Introduction to Robotics (4)
• CSC 4230 VLSI Design (4)
• CSC 4270 Introduction to Digital Signal Processing (4)
• CSC 4630 Introduction to Matlab Programming (4)
• and other 4000-level courses approved by the Department

Networks and Parallel and Distributed Computing Concentration

• CSC 4220 Computer Networks (4)
• CSC 4221 Wireless Networks and Mobile Computing (4)
• CSC 4225 Internetwork Programming (4)
• CSC 4310 Parallel and Distributed Computing (4)
• CSC 4320 Operating Systems (4)
• CSC 4830 System Simulation (4)
• and other 4000-level courses approved by the Department

Theoretical Computer Science Concentration

• CSC 4340 Introduction to Compilers (4)
• CSC 4510 Automata (4)
• CSC 4610 Numerical Analysis I (3)
• CSC 4620 Numerical Analysis II (3)
• and other 4000-level courses approved by the Department

Area H: Minor and Additional Courses (12)

Additional courses must be taken to complete a minimum of 60 post core hours towards the Computer Science degree and to satisfy the foundation requirements for the business degree:

• MBA 7035 Economics for Managers (3)
• MBA 8025 Financial Statement Analysis (3)
• CIS 8000 Information Technology Project Management (3)
• CIS 8010 Process Innovation (3)
• CIS 8030 Software Requirements Management (3)
• CIS 8050 Business Telecommunications and Networks (3)
Program Degree Requirements: Graduate (36)

1. Required courses in Computer Information Systems (6) (beyond the 12 credit hours in Area H above)
   - CIS 8020 Systems Integration (3)
   - CIS 8040 Fundamentals of Database Management Systems (3)

2. Required for emphasis on Managing Information Technology (18)
   - CIS 8060 Supply Chain Management (3)
   - CIS 8070 Mobile Technology (3)
   - CIS 8080 Security and Privacy of Information and Information Systems (3)
   - CIS 8100 Management Information Services (3)
   - CIS 8200 Information Systems Strategy (3)
   - CIS 8210 Global Systems Sourcing (3)

3. Required for emphasis on Information Systems Development (18)
4. CIS 8080 Security and Privacy of Information and Information Systems (3)
   - CIS 8300 Software Quality Management (3)
   - CIS 8310 Systems Development (3)
   - CIS 8630 Business Computer Forensics and Incident Response (3)
   - CIS 8670 ERP Implementation (3)
   - CIS 8850 Web Development (3)

Note: One 8000-level CIS course may be applied towards a CSc elective for the BS degree by approval of the CSc Department.

Note: Refer to the Graduate Catalog for more details and for potential changes regarding the MSIS degree requirements.
The Department of English is concerned with the study of language and literature and with the craft of writing considered integral to education since ancient times. Although the department concentrates on texts written in English by authors from Great Britain, Ireland, and the United States, it also examines translations of texts from other languages as well as newly emerging literatures in English from other cultural perspectives. Students may also encounter practices that are not, strictly speaking, “writing” at all, such as oral compositions, hypertexts, and folk art.

In the first year, all students in the university take courses in the fundamentals of college-level writing and in the reasoned analysis of texts. Other English courses that form part of the core curriculum provide students with opportunities to study topics in world literature or surveys of British, American, and World literature.

English majors may concentrate in one of four areas: literature, advanced composition and rhetoric, creative writing, and secondary English (pre-education). Before choosing their concentrations, all English majors have the opportunity at the sophomore level to gain a broad foundation in English and American literature and studies in literature or rhetoric. Then, with the help of their advisers, majors choose upper-division courses, which allow them to pursue their interests in more depth. Finally, students study within their chosen concentrations in seminars designed as capstones for the major.

In addition, the department’s joint studies program with the University of Northumbria in Newcastle, England, offers Georgia State University English and history majors the opportunity to complete their degrees with a concentration in British and American Cultures.
On successfully completing their studies, English majors will have acquired a sensitivity to the written word and an appreciation for the creative process. They will have developed their skills in organization, writing, and interpretation. English courses offer students the opportunity to discover their own insights and to articulate them with precision.

Majors who concentrate in literature take a range of courses that afford them opportunities to read poetry, prose, and drama from a variety of historical periods and cultural groups. These literature courses seek to promote students’ verbal acuity and abilities at thoughtful evaluation.

Closely related to the study of literature is the department’s creative writing program. Faculty in this program guide students as they practice and refine their work in the genres of poetry and fiction.

Students who concentrate in advanced composition and rhetoric learn about the history, theory, and practice of writing to specific audiences for particular purposes. In this concentration, students may focus on either historical rhetoric and the teaching of composition or writing within business and technical environments. Courses in this area allow students to explore the history and theory of writing as they apply to the teaching of composition and to writing practices in the workplace.

English majors who wish to teach English in secondary schools integrate studies of literature, language, and composition with a senior seminar that combines these areas with pedagogy.

The Department of English offers courses in the related field of folklore. Georgia State University is the only institution in the state offering a wide selection of folklore courses.

A number of courses in the Department of English have an interdisciplinary approach, and several are crosslisted with other units within the university, such as the Department of African-American Studies and the Institute for Women’s, Gender, and Sexuality Studies.

Because of the dynamic and varied nature of our discipline, many of the courses offered (especially on the 4000 level) focus on specific topics not indicated in detail here. Students should inquire in the department office for further information about courses.

**Program Degree Requirements**

All English majors planning to take any upper-division literature courses must fulfill the appropriate three prerequisite courses (Engl 2120, 2130, and either 3040 or 3050) with a grade of C or higher. All English minors who plan to take British Literature courses must have completed Engl 2120 with a grade of C or higher and all English minors planning to take American literature courses must have completed Engl 2130 with a grade of C or higher.

The department requires a minimum of 30 semester hours in upper-division English, with no more than 11 being transferred credits. The College of Arts and Sciences requires that students pass all upper-division courses in their majors with a grade of C or higher.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).
B.A. in English

Area F: Courses Appropriate to the Major Field (18)

1. Foreign Language (6)
   - Lang 2001 Intermediate World Language I (3)
   - Lang 2002 Intermediate World Language II (3)

2. Required Courses (6)
   - ENGL 2120 British Literature (3)
   - ENGL 2130 American Literature (3)

3. Select two electives from area C or HIST 1111, HIST 1112, HIST 1140, AAS 2010, or WST 2010. (6)

Area G: Major Courses (30)

A grade of C or higher is required in all major courses. The English major requires ten upper-division courses (30 semester hours) distributed as described below. The same course may not be used to satisfy more than one of the listed requirements. Each of the four concentrations within the major has specific requirements as outlined here. Students should consult the department for specific information about which courses offered in each two-year sequence will fit the requirements for each concentration. All students are encouraged to pursue internships (Engl 4500).

Advanced Composition and Rhetoric Concentration

1. Required Courses to fulfill CTW requirement (6)
   - ENGL 3050 Introduction to Rhetoric and Advanced Composition-CTW (3)
   - ENGL 4320 Senior Seminar: Rhetoric, Advanced Composition and Technical Writing-CTW (3) Majors must have completed at least twelve hours of upper-division courses in rhetoric and advanced composition and technical and professional writing before taking Engl 4320.

2. Select one course from areas 2, 3, or 4 as listed for the literature concentration. (3)

3. Select one course from area 5 as listed for the literature concentration. (3)

4. Select one course from area 6 as listed for the literature concentration. (3)

5. Select one course. (3)
   - ENGL 3080 History, Theory, and Practice of Argumentative Writing (3)
   - ENGL 3090 History, Theory, and Practice of Expository Writing (3)
   - ENGL 3100 Twentieth-Century Composition Theory and Practice (3)

6. Select one course. (3)
   - ENGL 3110 Technical Writing (3)
   - ENGL 3115 Document Design (3)
   - ENGL 3120 Electronic Writing and Publishing (3)
   - ENGL 3130 Business Writing (3)
   - ENGL 3135 Visual Rhetoric (3)

7. Select two electives chosen from Advanced Composition and Rhetoric courses not already taken. (6)
   - ENGL 3080 History, Theory, and Practice of Argumentative Writing (3)
   - ENGL 3090 History, Theory, and Practice of Expository Writing (3)
   - ENGL 3100 Twentieth-Century Composition Theory and Practice (3)
8. Select an elective from 3000 or 4000-level English or Folklore courses (may be selected from Creative Writing courses). (3)

* This course varies in subject matter; students must receive written permission from their departmental advisers to apply one of these courses to a specific area.

Creative Writing Concentration

1. Required Courses to fulfill CTW requirement (6)
   - ENGL 3040 Introduction to Literary Studies-CTW (3) and
   - ENGL 4310A Senior Seminar: Workshop in Poetry-CTW (3) or
   - ENGL 4310B Senior Seminar: Workshop in Fiction-CTW (3)
   The Department of English requires that students fulfill areas 7 and 8 before taking the Senior Seminar in their chosen genre. Majors must have completed at least twelve semester hours of upper-division English course work before registering for 4310A or 4310B.

2. Select one course. (3)
   - ENGL 3150A Introduction to Creative Writing: Poetry (3)
   - ENGL 3150B Introduction to Creative Writing: Fiction (3)
   Students must be consistent in their choice of genre (poetry (A) or fiction (B)) for areas 2, 3, 4, and the Senior Seminar. Students must fulfill area 2 before areas 3, 4, and the Senior Seminar.

3. Select one course. (3)
   - ENGL 3160 Narrative Techniques (3)
   - ENGL 3170 Poetic Techniques (3)
   Students must be consistent in their choice of genre (poetry (A) or fiction (B)) for areas 2, 3, 4 and the Senior Seminar. Students must fulfill areas 3 and 4 before the Senior Seminar.

4. Select one course. (3)
   - ENGL 3180A Contemporary Poetry (3)
   - ENGL 3180B Contemporary Fiction Craft (3)
   Students must be consistent in their choice of genre (poetry (A) or fiction (B)) for areas 2, 3, 4 and the Senior Seminar. Students must fulfill areas 3 and 4 before the Senior Seminar.

5. British Literature I: Select two courses, including one in a single writer. (6)
   - ENGL 3280 English Drama (3)*

5. Multicultural/Genre Literature: Select one course. (3)
   - ENGL 3890 Contemporary American Ethnic Literatures (3)
   - ENGL 3900 Irish Literature (3)
   - ENGL 3910 The Tradition of Children’s and Young Adults’ Literature (3)
   - ENGL 3920 Southern Literature (3)
   - ENGL 3930 Modern Drama (3)
   - ENGL 3940 Postcolonial Literature (3)
   - ENGL 3950 African-American Literature (3)
   - ENGL 3960 African-American Literature by Women (3)
   - ENGL 3970 Caribbean Literature (3)
   - ENGL 3990 Women’s Literature II (3)
   - ENGL 4000 Jewish Literature (3)
   - ENGL 4200 Topics (3)** This course varies in subject matter; students must receive written permission from their departmental advisers to apply one of these courses to a specific area.

6. Language: Select one course. (3)
   - ENGL 3105 Practical Grammar (3)
   - ENGL 3190 Language Analysis for Teachers of English (3)
   - ENGL 3200 Introduction to the English Language (3)
   - ENGL 3210 Advanced Grammar (3)
   - ENGL 3220 History of the English Language (3)
   - ENGL 3955 Language in the African-American Community (3)

7. Writing: Select one course; Engl 3100 recommended (3)
   - ENGL 3080 History, Theory, and Practice of Argumentative Writing (3)
   - ENGL 3090 History, Theory, and Practice of Expository Writing (3)
   - ENGL 3100 Twentieth Century Composition Theory and Practice (3)
   - ENGL 3150 A/B Introduction to Creative Writing (3)

8. Select two elective courses in English or Folklore; Engl 3100, if not already taken, is recommended. Engl 4500 Internship is strongly recommended. (6)

9. Further coursework (9 hrs) in the major is often recommended, but not required for this concentration. Specific recommendations: are one additional course from Area 5 (Multicultural/Genre); one additional course from Area 6 (Language); and English 3100, or, if already taken, one additional course from Area 7 (Writing).

Additional courses for the Secondary English concentration. These are not required, but are recommended for elective credit:

- EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
- IT 3210 Teaching and Technology (3)

English majors with the secondary English (pre-education) concentration are encouraged to apply to the
College of Education Master of Arts in Teaching (M.A.T.) in English Education (TEEMS) for certification preparation. The master’s degree has a track of four semesters begun in the summer term and a three-semester certification track also begun in the summer and completed in the spring. Hours earned in the certification track can be applied later toward the completion of the master’s degree.

Teacher Certification

English majors who want to pursue certification to teach at the middle or secondary school level should seek advisement from the College of Education Office of Academic Assistance (300 College of Education Building, 404/413-8000) and the Middle Secondary Education and Instructional Technology Department (639 College of Education Building, 404/413-8060). Georgia State University offers a four-semester Master of Arts in Teaching degree in Middle Childhood or in English Education (TEEMS MCE and TEEMS Secondary English) with initial certification that is a four-semester program. Application deadlines are October 1 and February 1 for the following semesters. Students interested in teaching in middle school should major and minor in a combination of English (Secondary English Concentration) and Social Studies. The English minor interested in teaching middle school should complete the following plan of study: English 2120, 2130, and 3040, 3105, 3910, and one of the following: English 3100, 3180, 3190.

British-American Joint Studies Program Concentration (39)

1. Required Courses to fulfill CTW requirement (6)
   - ENGL 3040 Introduction to Literary Studies-CTW (3)
   - ENGL 4300 Senior Seminar: Literary Studies-CTW (3)
2. Select one course (3)
   - ENGL 3280 English Drama (3)
   - ENGL 3300 Medieval English Literature (3)
   - ENGL 3400 Sixteenth-Century English Literature (3)
   - ENGL 3410 Early and Middle Seventeenth-Century English Literature (3)
3. Select one course (3)
   - ENGL 4110 Chaucer (3)
   - ENGL 4120 Spenser (3)
   - ENGL 4130 Shakespeare, Earlier Works (3)
   - ENGL 4140 Shakespeare, Later Works (3)
   - ENGL 4150 Milton (3)
4. Select one of the following (3)
   - ENGL 3265 British-American Culture Seminar I (3)
   - ENGL 3266 British-American Culture Seminar II (3)
   - HIST 4960 British-American Culture Seminar I (3)
5. Select one of the following (3)
   - ENGL 3270 American Culture Seminar (3)
   - ENGL 3275 Literature and Culture of the American South (3)
6. Select three electives from English, History, and Folklore courses. These courses can be taken at Georgia State or University of Northumbria-Newcastle. (9) Electives are designated as ENGL 4200 but exclude those listed in area 7.
7. Additional courses in major for British-American Joint Studies Program Concentration. To be taken at University of Northumbria-Newcastle (12)
   - ENGL 4200 Colloquium (3)
Area H: Minor and Additional Courses

English majors have three options: a minor, a double major, or additional courses in the major. One of these options, combined with electives, will complete their degree requirements. Each student should discuss these options with a department adviser and choose the one that will best serve the student’s long-term goals.

1. Minor: at least 15 semester hours, 9 hours of which must be taken at the 3000 level or above, either in Folklore or from one department, school, or institute other than the English department. The requirements for a minor must be fulfilled in a department, school, or institute that offers a baccalaureate degree. Students interested in an interdisciplinary minor should consult their advisers. The College of Arts and Sciences requires a grade of C or higher in each course counted toward the minor.

2. Double major: course work to satisfy requirements for a second major in addition to English; all college and departmental requirements apply to this as to the first major.

3. Further course work in the major: three courses (9 hours) beyond the ten courses (30 hours) required for the major. Additional courses from departments, schools, or institutes other than the major must be taken to complete a minimum of 120 hours, exclusive of 1000-2000 level physical education. One of these courses must be Lang 2002 (see “Major Courses” above).

Departmental Student Assessment: Senior Exit Portfolio

In order to graduate, English majors must submit an exit portfolio designed appropriate to their concentration. All portfolios include a statement of self-assessment and four to six substantial pieces of writing that demonstrate their skills appropriate to their concentration. Specific information about the exit portfolio for each concentration is available from the department. Portfolios are due at the mid-point of the semester of graduation.

Graduation with Distinction in English

Departmental distinction is separate from the Honors Program. Majors who have an average of at least 3.5 in upper-division English courses are eligible to undertake a project that could lead to graduation with distinction.

Two academic terms prior to the one in which the student proposes to graduate, student and adviser should plan the project. Students may undertake a critical paper on a literary topic, a creative writing project, or a reading list on which they will write an examination paper. A brief proposal (two or three pages) describing the project should be sent to the Events and Awards Committee. More information about graduation with distinction is available in the department.

Minor in English or Folklore

Students who minor in English or Folklore must complete at least 15-18 hours of course work in English or Folklore, including 12 hours at the 3000 level or above (and any prerequisites required). Students taking
more than 15 hours in courses in English may count the additional hours toward their electives or may consider completing a double major. See above under Teacher Certification for an English minor in preparation to teach middle school. (A grade of C or higher is required in all courses counting toward the minor.)
3230 English as a Second Language (ESL)

Programs Offered:

- ESL Credit-Bearing Courses
- Intensive English Program (IEP)

Department of Applied Linguistics and English as a Second Language
34 Peachtree, 12th Floor
404/413-5200
www.gsu.edu/alesl

Sara C. Weigle, Chair Cheryl Delk-Le Good, IEP Director
Sarah Kegley, ESL Director (credit-bearing courses)

The ESL credit–bearing courses for bilingual/non-native speakers of English at the undergraduate level include special sections of English 1101 and English 1102 and Human Communication (Speech 1000). These courses are for both resident bilingual speakers and international students. For more information, see “ESL Program” at www.gsu.edu/alesl.

The IEP is a non-credit program designed to prepare students with the language and study skills necessary for successful academic work in American colleges and universities. Classes are offered at advanced beginning, low intermediate, intermediate, high intermediate, and advanced levels in the following areas: structure/composition, reading/listening, academic writing, extensive reading, and oral communication.

Students are admitted to the IEP through the Department of Applied Linguistics and ESL and not through regular Georgia State admission procedures. For information and/or application forms, contact: Intensive English Program, Georgia State University, P.O. Box 4099, Atlanta, GA 30302-4099, or at www.gsu.edu/esl.

Admission to the Intensive English Program does not constitute regular admission to a degree-granting program of Georgia State or of any other branch of the University System of Georgia. Students who wish to take degree work at the university must complete the student application appropriate for the desired program, submit all credentials, and receive an official decision from the Office of Admissions or Office of Graduate Services.
3240 Environmental Science

Program Offered:

- Bachelor of Interdisciplinary Studies in Environmental Science

This program focuses on scientific components of environmental issues by integrating courses from anthropology, biology, chemistry, geography, and geology. This concentration emphasizes a broad-based understanding of the environment, while providing for the development of an emphasis in one of the areas. For students interested in the program, please contact the faculty coordinator, Dr. Robert Maxwell, at 404/413-5342.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. in Environmental Science

Area A: Essential Skills (9)

Required Course:

- MATH 1113 Precalculus (3) (or any higher-level mathematics course)

Area D: Science, Mathematics, and Technology (11)

1. Required Laboratory Science Sequence:
   - GEOL 1121K Introductory Geosciences I (4)
   - GEOL 1122K Introductory Geosciences II (4)
2. Math (3) Any one math not taken in Area A from the following choices: Math 1070, 1220, 2211, 2212 (or any higher level math). For any four credit-hour course, three hours are applied to Area D
and one credit hour is applied to Area F.

**Area F: Courses Appropriate to the Major (18)**

1. Required Courses:
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)

2. Required Courses:
   - BIOL 2107K Principles of Biology I (4)
   - BIOL 2108K Principles of Biology II (4)

3. Two hour elective at 1000-2000 level chosen in consultation with faculty adviser.

**Area G: Area of Concentration — Foundations of Environmental Science (27-33 Hours)**

No more than 12 credit hours can come from a single discipline.

1. Required of all BIS Environmental Science majors (18 hours)
   - GEOG 4644 Environmental Conservation (4)
   - GEOG 4648 Biogeography (4)
   - PMAP 3011 Policy & Politics in the American City (3)
   - PMAP 3021 Citizenship, The Community, & The Public Sector (3)
   - BIOL 3820 Plant Biology (3) (consult with faculty advisor prior to registration)
   - BIOL 3840 Animal Biology (3) (consult with faculty advisor prior to registration)

2. CTW Course – Students must take two CTW courses appropriate to the program (4-6 Hours).
   - BIOL 3810 Molecular Cell Biology Lab – CTW (3)
   - BIOL 4045K General Ecology – CTW (4)
   - BIOL 4980 Senior Seminar – CTW (3)
   - GEOG 4764 – Urban Geography – CTW
   - PMAP 3311 Critical Policy Issues-CTW (3)
   - SPCH 3250 Persuasion-CTW (3)

As CTW courses are created, further options may be available. Consult with your faculty advisor for current and appropriate CTW courses.

4. Electives in the Environmental Science Concentration (select up to 9 hours) Consult with your faculty advisor for course selection.

**Area H: Allied Field- Environmental Science in Context (15-21 Hours)**

Students may select up to 8 hours from a single discipline. Up to nine hours can be chosen from elective courses listed in area G (Foundations of Environmental Science). Remaining courses come from the following focal topics:

1. Activism and Social Focus
2. Communications Focus

- ENGL 3110 Technical Writing (3)
- ENGL 3120 Electronic Writing & Publishing (3)
- JOUR 3180 Editorial & Critical Writing (3)
- JOUR 3500 Intro to PR Techniques (3)
- SPCH 4500 Visual Communication (3)

3. Cultural and Historical Focus

- ANTH 4080 Consumption & Material Culture (3)
- ANTH 4240 Food: Hist, Ecology & Political Economy (3)
- ANTH 4370 Forensic Anthropology (3)
- ECON 4750 Intro to Game Theory (3)
- FOLK 3000 American Folklore (3)
- FOLK 4000 Georgia Folklore (3)
- HIST 3230 American Environmental History (4)
- HIST 4200 U.S. Cultural History (4)
- HIST 4615 Scientific Revolutions (4)
- PHIL 4700 Ethics (3)
- SPCH 3750 Intercultural Communication (3)

4. Geosciences Focus

- GEOG 4784 Climatic Change (4)
- GEOL 4017 Environmental Geology (4)
- GEOL 4762 Economic Geography (4)
- PHIL 4130 Philosophy of Science (3)

5. Life Science Focus

- BIOL 4045K General Ecology – CTW (4)
- BIOL 4458 Microbial Ecology & Metabolism (4)
- MATH 4010 Mathematical Biology (3)
- MATH 4544 Biostatistics (3)
- MATH 4547 Introduction to Statistical Methods (3)
• PHIL 4130 Philosophy of Science (3)

6. Policy Focus Focus

• PMAP 3031 Policy Leadership (3)
• PMAP 3210 Introduction to Nonprofits (3)
• POLS 4151 Interest Group Politics
• POLS 4160 Political Attitudes & Public Opinion (3)

7. Urban Focus

• ANTH 4200 Urban Anthropology (3)
• ECON 4300 Economics of Cities (3)
• HIST 4220 The American City (4)
• HIST 4840 Global Urbanization (4)
• POLS 4115 Urban Politics (3)
• SOCI 4226 Urban Sociology (3)
• SOCI 4279 Metropolitan Atlanta (3) (cross-list with GEOG 4768 and HIST 4320)

Seminars, Directed Studies and Internships: Various departments across GSU offer senior level courses that are not tied to traditional lectures and labs. These courses can be applied as credit toward the degree under AREA H with permission of your faculty BIS coordinator. To be approved, the student must bring the proposed seminar schedule, directed studies topic which has been approved by the overseeing faculty member, or details on the internship.

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation
3250 Ethics

Program Offered:

- **Minor in Ethics**

Department of Philosophy  
34 Peachtree Street, Suite 1100  
www.gsu.edu/philosophy

George Rainbolt, Chair  
Eddy Nahmias, Director of Undergraduate Studies

Ethical conduct is a vitally important part of any good life. There is a growing recognition that ethical behavior cannot be assumed. It often requires an education about how to act ethically. The minor in Ethics does not seek to transform students into ethical people. Instead, it seeks to give them the skills and knowledge needed to confront the ethical dilemmas of life and work in a thoughtful and critical manner. The minor is designed to a complement to any major. Students with a major in business, education, the natural sciences, the social sciences, or the health and human sciences are particularly encouraged to consider a minor in Ethics.

**Program Degree Requirements**

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

**Minor in Ethics**

Select 15 semester hours from the following courses:

- PHIL 3710 Marriage and Family
- PHIL 3720 Contemporary Moral Problems (3)  
- PHIL 3730 Business Ethics (3)  
- PHIL 3855 Topics in Political Theory (3)  
- PHIL 4070 Marxism (3)  
- PHIL 4700 Ethics (3)  
- PHIL 4720 Environmental Ethics (3)  
- PHIL 4740 Biomedical Ethics (3)  
- PHIL 4750 Topics in Ethics (3)  
- PHIL 4760 Ethics and Contemporary Public Policy (3)  
- PHIL 4770 Moral Psychology  
- PHIL 4780 Neuroethics  
- PHIL 4790 Topics in Neuroethics  
- PHIL 4800 Social and Political Philosophy (3)  
- PHIL 4820 Philosophy of Law (3)  
- PHIL 4855 Advanced Topics in Political Theory (3)  
- PHIL 4860 Philosophical Perspectives on Women (3)
• PHIL 4890 Topics in Social and Political Philosophy (3)

The following courses may count towards the Ethics minor with the advance approval of the Director of Undergraduate Studies. No courses will be approved after the mid-point of the semester of the course.

• PHIL 3000 Introductory Seminar in Philosophy-CTW (3)
• PHIL 3060 Existentialism (3)
• PHIL 4030 Topics in Ancient Philosophy (3)
• PHIL 4050 Topics in Modern Philosophy (3)
• PHIL 4075 Topics in 19th Century Philosophy (3)
• PHIL 4090 Topics in Continental Philosophy (3)
• PHIL 4095 Topics in Analytic Philosophy (3)
• PHIL 4900 Issues in Philosophy (3)
• PHIL 4990 Senior Seminar in Philosophy-CTW (3)
The certificate in European Union Studies is operated under the supervision of the European Council of the University System of Georgia. The program is open to all institutions and students of the University System as well as to professionals with an undergraduate degree. The program’s purpose is to promote knowledge of the European Union (EU) and certify individuals as competent in the subject area of EU studies. Since the EU is the most important economic and political partner of the United States, this certification demonstrates valuable professional expertise to potential employers. For students in the academic track, this interdisciplinary certificate can be earned as a supplement to any conventional undergraduate degree.

Admission to the Program

A certificate in European Union Studies can be earned in one of two ways. Under the academic track, a certificate is taken in tandem with an undergraduate degree program. Students from all academic majors are eligible to participate so long as they possess a minimum 2.75 cumulative grade point average (GPA). Under the professional track, non-degree seeking students — such as business executives — are eligible to enroll in the program upon proof of a valid undergraduate degree from an accredited institution. The minimum GPA requirement is waived.

Under either track, an application to the program cannot be made until successful completion of the following: (1) the introductory course on the European Union (PolS 4242) with a grade of “C” or better, (2) 30 semester hours of academic credit, and (3) a course in world or western civilization (Hist 1111 or 1112).

The European Union Studies Certificate

To earn the EU Studies Certificate, students must complete the certificate curriculum (18 hours) and fulfill the practicum experience requirement. Students must have a 3.0 cumulative GPA in curriculum courses upon completion of the program. An official certificate is awarded upon graduation, and the certificate is noted on a student’s permanent transcripts.

The EU Studies Certificate Curriculum (18):

The European Union (POLS 4242) (3)

Multidisciplinary Menu (12)
A student must complete four courses from an approved menu of courses dealing substantially with the EU. These courses must be distributed among at least three different discipline areas: Social Sciences, Humanities and Fine Arts, Business and Economics, and Natural and Health Sciences. The program’s campus representative decides which courses qualify for the certificate and maintains an updated list of approved courses in the different discipline areas. No more than one course in this menu can be taken at the 1000-2000 level, with the exception of EU Studies online courses (see below) and study abroad courses. Students may substitute for up to two menu courses by performing an internship and/or composing a thesis.

**Capstone Seminar in EU Studies (3)**

Taken either as a Directed Study (PolS 4920) or online course, this is ideally the last course in the certificate program. It has three learning objectives: (1) to update students on EU developments and reinforce their general knowledge of the EU, (2) to provide in-depth knowledge of important EU issues, and (3) to allow students to conduct intensive research on EU-related topics.

**Practicum Experience**

Since it is deemed crucial that students demonstrate more than an academic knowledge of the European Union to be certified as adequately prepared in the subject, a “real-life” practicum experience pertaining to the EU must be performed either in the form of an overseas visit or an internship. The overseas option is broadly defined and can be accommodated by a wide range of activities, including study or research abroad. The same flexibility applies to the internship, which can be served domestically or internationally. A student’s specific practicum experience must be approved by the program’s campus representative.

**Online Courses and Transatlantic Joint Certificate**

The EU Studies program has developed a curriculum of online courses in conjunction with European university partners. These are courses in different discipline areas that deal with various aspects of the EU and are taught jointly by University System institutions and European universities at specified times throughout the academic year. The program’s campus representative maintains an updated list of these courses and a teaching schedule, as well as information about course registration.

The EU Studies program offers the option of acquiring a certificate that is jointly conferred with a European institution. This option requires students to complete — with a grade of “B” or better — a minimum of two online courses that are co-taught with European partner universities. Students completing this option have the EU Studies certificate awarded by both their home institution and one in Europe, thus giving them an academic credential from a respected European university.

**Areas of Distinction**

In addition to acknowledging competence in the EU generally, the certificate also highlights special achievements by providing a notation of “distinction” in two areas: (1) foreign language proficiency (six semester hours at or above the 2000 level and (2) composition of a thesis.

The foreign language distinction must be earned in a European language approved by the program’s campus representative as appropriate to the certificate’s objectives. A student with prior language skills can
earn a distinction by successful completion of an examination demonstrating competency equivalent to the 2000 level. The exam is administered at the student’s home institution.

The thesis can be written anytime during the final year of study. It is supervised by a committee composed of three faculty members representing at least two different academic disciplines. The program’s campus representative maintains a more detailed description of thesis requirements.
3270 Film and Video

Program Offered:

- Bachelor of Arts in Film and Video

Department of Communication
8th Floor, 25 Park Place
404/413-5600
communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

The disciplines of communication are concerned with the processes and effects of human communication in a variety of contexts ranging from interpersonal communication through the mass media. The Department of Communication provides courses of study that develop knowledge and skills in managing face-to-face communication, knowledge about the nature and social functions of the mass media, and the skills necessary for communication careers. Majors are offered in the areas of film and video, journalism, and speech.

The major in film and video is designed to provide the student with the knowledge and skills necessary to understand and apply this complex discipline in both an intellectual and artistic way. This is reflected in the program structure, which includes critical studies (history, theory, industry, and criticism), production (film, video, digital), and writing. Students will cover all of these areas but may specialize in one or two in their work. Internships are available in the Atlanta metro area and beyond.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Major Eligibility Requirements

Effective fall semester 2013, to be eligible for the Film and Video major and to enroll in 3000-4000 level Film and Video courses (i.e., FILM courses), students must fulfill the following requirements:

- Complete all courses with the FILM prefix that are in Film and Video’s Area F (with a minimum grade of “C”) and
- Earn a 2.5 grade-point average in all Area F FILM courses. This GPA will be calculated based on the first attempt at these FILM courses at Georgia State University. WFs counts as an attempt. Transfer students who transfer these course(s) into Georgia State, may use the grades in the transferred course(s) to calculate the GPA or they may attempt them once at Georgia State.

Once a student is eligible to take 3000-4000 Film and Video courses, they remain eligible to take them as long as they are eligible to enroll at Georgia State University.
College and University Degree Requirements

In addition to the Major Eligibility Requirements for Film and Video, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

- FILM 4880 Honors Thesis: Writing (3-6)
- FILM 4980 Internship (3)

* To enroll in Film 4110, 4120, 4125 and 4130, students must receive departmental authorization. To be considered, students must have (1) a 3.0 grade-point average, and (2) submit the appropriate course application to the Department of Communication by October 15 or April 15 of the year of their eligibility prior to registration in semesters when Film 4110, 4120, 4125 and 4130 are offered.

Area H: Minor and Additional Courses

1. Students majoring in Film/Video must select a minor consisting of at least 15 hours of courses in an academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.

Minor in Film and Video

Students who wish to minor in one of the department's three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor. Students wishing to take 3000-4000 level Film and Video (i.e., FILM) courses as part of a minor must first request departmental registration approval.
Programs Offered:

- Bachelor of Arts in French
  - Concentration in Literature
  - Concentration in Foreign Language Education
  - Concentration in Language and International Business
- Bachelor of Arts Major in International Economics and Modern Languages
- Minor in French

Department of Modern and Classical Languages

To be named, Chair
Germán Torres, Associate Chair
Rudy Alcocer, Undergraduate Director
Kay Doig, Head of French section and Adviser
Peter Swanson, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors a study-abroad program in Tours (France).

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student’s active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.
For students who hope to teach at the K-12 levels, the department offers a concentration that leads to certification in French.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of French; and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All French majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, students are advised to choose courses in other areas that complement their language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss students’ academic plans as they design their course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

B.A. in French

Area F: Courses Appropriate to the Major (18)

1. Majors must achieve competence at the intermediate level before beginning courses at the 3000 level. They may demonstrate competence through placement exam scores, including the CLEP exam, prior study, or courses taken at Georgia State University. The following may be counted in Area F, as required (0-9 hours): Fren 1002, Fren 2001, Fren 2002. Required Courses (0-6)
2. Students may complete Area F with any combination of the following (0-18 hours):
   a. Any courses in other foreign languages, 1001-2203/2501 level.
   b. Electives in the Department of Modern and Classical Languages.
      CLAS 2201, CLAS 2202, CLAS 2203, FREN 2212, FREN 2216
   c. Electives in other departments.
Area G: Major Courses (30)

The major in French consists of 30 hours (ten courses) on the 3000/4000 level. Prerequisite for all courses on the 3000 level is French 2002. Prerequisite for all courses at the 4000 level is the completion of the three courses at the 3000 level.

1. Major Requirements (6)
   - FREN 3013 Intensive Grammar Review (3)
   - FREN 3023 Advanced Conversation and Composition (3)

2. Concentration Courses (24)
   - Literature Concentration
     a. Required Courses to fulfill CTW requirement (6)
        - FREN 3033 Introduction to Analysis of Literary Texts-CTW (3)
        - FREN 4103 History of French Civilization-CTW (3)
     b. Select four courses. (12)
        - FREN 4203 Medieval and Renaissance French Literature (3)
        - FREN 4303 French Literature of the Classical Period (3)
        - FREN 4403 French Literature of the Enlightenment (3)
        - FREN 4414 Special Topics in French Literature (3)
        - FREN 4503 French Romanticism, Realism, and Symbolism (3)
        - FREN 4613 French Literature of the Twentieth Century I (3)
        - FREN 4623 French Literature of the Twentieth Century II (3)
        - FREN 4633 Francophone Literature (3)
     c. Select two additional courses in French at the 3000/4000 level (6)
   - Foreign Language Education Concentration
     a. Required Courses to fulfill CTW requirement (6)
        - FREN 3033 Introduction to the Analysis of Literary Texts-CTW (3)
        - FREN 4103 History of French Civilization-CTW (3)
     b. Concentration Requirement (3)
        - FREN 4123 Contemporary France-CTW (3)
     c. Select two courses. (6)
        - FREN 4203 Medieval and Renaissance French Literature (3)
        - FREN 4303 French Literature of the Classical Period (3)
        - FREN 4403 French Literature of the Enlightenment (3)
        - FREN 4414 Special Topics in French Literature (3)
        - FREN 4503 French Romanticism, Realism, and Symbolism (3)
        - FREN 4613 French Literature of the Twentieth Century I (3)
        - FREN 4623 French Literature of the Twentieth Century II (3)
        - FREN 4633 Francophone Literature (3)
     d. Select three additional courses in French at the 3000/4000 level (9)

Requirements for Teacher Certification
Students who wish to be certified to teach French in the public schools of Georgia should choose the courses listed under the “Foreign Language Education Concentration” above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL 4061/4062/4063).

All students seeking certification in French must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. For the application forms, please go to the Department of Modern and Classical Languages' website under Teacher Certification and then Program Information. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB). In order to be recommended for K-12 certification in French, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

Language and International Business Concentration

a. Required Courses to fulfill CTW requirement (6)
   - FREN 3033 Introduction to the Analysis of Literary Texts-CTW (3)
   - FREN 4123 Contemporary France-CTW (3)

b. Concentration Requirements (9)
   - FREN 4033 French for International Business I (3)
   - FREN 4043 French for International Business II (3)
   - FREN 4053 Advanced Grammar and Translation (3)

c. Select one course. (3)
   - FREN 4203 Medieval and Renaissance French Literature (3)
   - FREN 4303 French Literature of the Classical Period (3)
   - FREN 4403 French Literature of the Enlightenment (3)
   - FREN 4414 Special Topics in French Literature (3)
   - FREN 4503 French Romanticism, Realism, and Symbolism (3)
   - FREN 4613 French Literature of the Twentieth Century I (3)
   - FREN 4623 French Literature of the Twentieth Century II (3)
   - FREN 4633 Francophone Literature (3)

d. Select two additional courses in French at the 3000/4000 level (6)

Area H: Minor and Additional Courses

1. French majors are not required to take a minor. French majors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Up to six additional hours may be taken in the major.

Bachelor of Arts in French and M.I.B. Joint Degree Program
Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at www.aysps.gsu.edu/oaa.

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Degree Requirements and Graduation” chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics (3)
- ECON 2106 Principles of Microeconomics (3)
- MATH 1070 Elementary Statistics (3) – If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
- FREN 2001 Intermediate French I (3)
- FREN 2002 Intermediate French II (3)

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: Fren, Grmn, or Span 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, Humanities and Fine Arts.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for Fren, Grmn or Span 2001/2002 (or Span 2203 or Span 2501) upon approval of the Department of Modern and Classical Languages adviser.

- Elective: one 1000/2000-level course chosen from Areas A-E.

Required Courses to fulfill CTW requirement (6)

- ECON 3900 Macroeconomics (3)
- FREN 4123 Contemporary France-CTW (3)
Area G: Economics Common Core Curriculum (21) A minimum grade of C is required for all courses in this area.

- ECON 3910 Microeconomics (3)
- ECON 4600 Economic Development (3)
- ECON 4800 International Trade (3)
- ECON 4810 International Finance (3)
- Choose 3 elective 4000-level Econ courses (9)

Area H: Modern Languages Common Core (21) A minimum grade of C is required for all courses in this area.

- FREN 3013 Intensive Grammar Review (3)
- FREN 3023 Advanced Conversation and Composition (3)
- FREN 3033 Introduction to Analysis of Literary Texts-CTW (3)
- FREN 4033 French for International Business I (3)
- FREN 4043 French for International Business II (3)
- FREN 4053 Advanced Grammar and Translation (3)
- Choose 1 elective Fren 3000/4000 course (3)

Area I: Electives (12) Choose any four 3000/4000-level courses, in consultation with the faculty adviser.

Minor in French

Students who wish to minor in French must take 15-18 hours in courses in French, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
3290 Geosciences

Programs Offered:

1. Bachelor of Arts in Geosciences
   - Concentration in Geography
   - Concentration in Urban Studies
2. Bachelor of Science in Geosciences
   - Concentration in Geology
   - Concentration in Environmental Geosciences
   - Concentration in Geography
   - Concentration in Urban Studies
3. Minor in Geosciences

Department of Geosciences
340 Kell Hall
404/413-5750
geosciences.gsu.edu

W. Crawford Elliott, Chair
Seth E. Rose, Undergraduate Director

Geosciences involves the study of the social and physical dimensions of the earth, including its interior, surface, atmosphere, and people. The Department of Geosciences makes available to students instruction, training, and experiences in the fields of Geology and Geography. These two disciplines provide complementary perspectives on a broad range of issues dealing with natural landscapes at all spatial and temporal scales, human-environment interactions, geospatial analysis, including Geographic Information Systems, and the social and physical dynamics of urban life.

The Department of Geosciences offers the B.A. degree in Geosciences with a concentration in either Geography or Urban Studies; and the B.S. degree in Geosciences with a concentration in Geology, Geography, Environmental Geosciences, or Urban Studies.

3290.1 B.A. Degree in Geosciences

Seth E. Rose, Undergraduate Director for Geosciences

Students earning the B.A. degree in Geosciences must choose one of two concentrations: either Geography or Urban Studies.

The Geography concentration develops a broad understanding of social and environmental issues, attains depth in a specialized area within Geography, and provides skills needed to gain employment and carry out lifelong learning. An undergraduate degree Geosciences with a Geography concentration affords many opportunities for employment in both the public and private sectors. Geographers generally find employment as cartographers, city/regional planners, conservationists, environmental managers, environmental regulators, Geographic Information System (GIS) specialists, historic preservationists,
location analysts, and as physical scientists working for the government. In addition, with their broad liberal arts training, geographers also qualify for professional management positions as well as teachers.

The Geography concentration also provides a solid intellectual foundation for people getting advanced degrees in either the social or natural sciences. In addition to having substantial flexibility of course selections, students in the Geography concentration are required to take multiple upper-division courses in human geography, physical geography, and geographic information science. Finally, the Geography concentration enables majors interested in geography to find their intellectual niche within geography.

The **Urban Studies** concentration permits the students to focus on the study of cities including urban development and economics, urban politics and institutions, the urban built environment, social and environmental disparities in cities, and the changing physical and social dynamics of urbanization processes. This interdisciplinary approach enables students to draw from a variety of courses to solve some of the most pressing challenges of the twenty-first century city. The Urban Studies concentration draws from classes in other complementary departments, enabling the student to develop specific interests within the concentration.

In addition to course content focused on different aspects of urban problems and solutions, students will gain a skillset to address such issues, including a holistic approach to understanding urban dynamics, critical thinking and writing skills to express the complexity of urban issues, and a tool kit of data collection and analysis skills, which may include Geographic Information Systems (GIS), quantitative spatial analysis, and/or qualitative analysis. Students graduating with this concentration will be well poised to enter jobs and graduate study in urban planning, urban policy work, non-governmental organization administration, community-based work, and in urban public health, among many others. Students interested in any geography or urban studies course, or in enrolling in these concentrations within the B.A. degree in Geosciences or pursuing a minor in Geosciences, are invited to contact the Geoscience Undergraduate adviser to discuss how this degree program may best help make their college experience positive and productive.

**Program Degree Requirements**

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

**Program Financial Information**

Lab fees will be assessed automatically for students who register for certain courses. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

**B.A. in Geosciences**

**Areas A-E: Core Curriculum Recommendations**

**Geography** and **Urban Studies** concentrations: GEOG 1101, GEOG 1112, GEOG 1113 with a grade of C or higher.
Area F: Courses Appropriate to the Major Field

Students should select Area F courses in consultation with their advisor, as some upper level geosciences courses have prerequisites.

1. Required Courses for the Geography and Urban Studies concentrations: Math 1070 (3) or approved substitute.
2. Satisfy Foreign Language Requirement (Lang 1002 or higher).
3. Select additional courses from the following to complete the 18 hours in Area F.
   Any geography courses listed above at the 1000/2000 level not taken in Area E. AAS 2010, ANTH 2030, ANTH 2020, ECON 2105, ECON 2106, Hist (any course not taken in Area E), Lang 1001 (if student has no previous experience with language), Lang 1002, MATH 1070, PHIL 1010, POLS 1101, POLS 2401, PSYC 1101, SOCI 1101, SOCI 1160, WST 2010.

Area G: Major Courses, B.A. in Geosciences.

Geography Concentration Courses (39)

A grade of C or higher is required in all major courses.

1. Required course to fulfill CTW requirement (4)
   - Choose one of the following: Climatic Change (GEOG 4784) or Urban Geography (GEOG 4764)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4)
3. Required courses
   - Qualitative Methods (GEOG 4515), Quantitative Spatial Analysis (GEOG 4520), and Digital Cartography (GEOG 4518).
   - Select two courses from: Geomorphology (GEOG 4640); Biogeography (GEOG 4648); Economic Geography (GEOG 4762); and Advanced GIS (GEOG 4534).
   - Select one or more courses from:
     - GEOG 4404 Geography of East Asia (4)
     - GEOG 4408 Geography of the Middle East and North Africa (4)
     - GEOG 4530 Introduction to Remote Sensing (4)
     - GEOG 4534 Advanced Geographic Information Systems (4)
     - GEOG 4642 Advanced Weather and Climate (4)
     - GEOG 4644 Environmental Conservation (4)
     - GEOG 4646 Water Resources Management (4)
     - GEOG 4650 Applied Hydrology (4)
     - GEOG 4768 Metropolitan Atlanta (3)
     - GEOG 4774 Contemporary Urban Theory and Issues (3)
4. Remaining Geography or Geology courses selected in consultation with advisor.

Urban Studies Concentration Courses (39)

A grade of C or higher is required in all major courses. At least half of the required 39 hours be GEOG
courses as specified in 1, 2, and 4 below.

1. Required course to fulfill CTW requirement (4)
   - Urban Geography (GEOG 4764)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4)
3. Required courses
   - Contemporary Urban Theory and Issues, GEOG 4774 (3)
   - Metropolitan Atlanta, GEOG 4768 (3)
   - GEOG 4515 Qualitative Methods (4) OR Geog 4520 Quantitative Spatial Analysis (4)
   Choose at least one or more courses from following:

   - PMAP 3011 Policy and Politics in the American City (3)
   - PMAP 3111 Urban Political Economy (3)
   - ANTH 4200 – Urban Anthropology (4)
   - HIST 4215 – American Buildings (4)
   - HIST 4220 – The American City (4)
   - HIST 4325 – Public History & Hist Preserv (3 or 4)
   - HIST 4840 – Global Urbanization (4)
   - SOCI 4226 – Urban Sociology (3)
   - SOCI 4803 – CTW in Race and Urban Studies (3)
   - POLS 4115 – Urban Politics (3)
4. Remaining Geography or Geology courses selected in consultation with advisor.

**Area H: Minor and Additional Courses**

Students majoring in Geosciences are not required to take a minor.

**Residency Requirement**

A minimum of 39 semester hours in courses 3000 and higher must be completed in residence at Georgia State University with an average of C or higher. At least 50% of the Area G courses must be completed at Georgia State University.

**Honors Program**

The Department of Geosciences encourages qualified students to participate in the GSU Honors Program.

**3290.2 B.S. Degree in Geosciences.**

Students earning the B.S. degree in Geosciences must choose one of four concentrations: Geology, Environmental Geosciences, Geography, or Urban Studies. Many career opportunities allow for practical application of geosciences in industry, consulting firms, and governmental agencies at all levels. Practical and essential applications of geology and geography include development and stewardship of water resources, both surface and subsurface; land-use planning for urban, suburban, and rural development; exploration for and development of mineral and energy resources including petroleum and other fossil fuels; and development of environmentally sound strategies for hazardous waste disposal and treatment. The curriculum leading to the B.S. degree in geosciences is excellent preparation for graduate work in
geoscience and environmental science, geography, and urban studies. For students who are interested in geoscience and environmental science but who intend to pursue graduate or advanced study in other fields, for example environmental law or business, the B.S. degree may still be an appropriate choice. The B.S. degree meets certain federal criteria required for science-track career pathways in federal agencies such as the EPA, USGS, and others.

The concentrations in Geography and Geology are the most traditional of the programs, and they are designed to prepare the student for graduate studies or employment in a wide variety of geoscience areas. Students considering employment and state licensure as a Professional Geologist (required for supervisory environmental consultants) should select the traditional Geology concentration. The Environmental Geoscience emphasizes the study of ground water and the delicate environmental balances of the natural world. The Urban Studies Concentration is focused on geoscience topics applicable to the study of urban settings. Specific requirements for the concentrations are shown below.

Majors should be aware that there are prerequisites for many geology courses and that several courses are offered only once a year. As soon as they have selected the geology concentration, these students are advised to consult with department advisers to be informed in these matters and to ensure that programs of study accord with their specific career aspirations and needs. The department participates actively in the university’s Cooperative Education Program, whereby the student can work and attend school at the same time or in alternate years. The program enables students to develop long-term career opportunities while in school. Because of the potential complexities of such a program, students are encouraged to seek early advisement in the department. Co-op students also should discuss their academic plans and curriculum options with their employers.

Program Financial Information

Lab fees will be assessed automatically for students who register for certain courses. For more information, please feel free to contact the department.

Program Degree Requirements

In addition to the Program Degree Requirements outlined below, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Geosciences

Areas A-E: Core Curriculum Requirements and Recommendations

Area A: Required: MATH 1113 Precalculus (3) (or a higher-level mathematics course)

Area D: Recommended: Weather and Climate (GEOG 1112), Introduction to Landforms (GEOG 1113), Or Introductory Geosciences I (GEOL 1121K and GEOL 1122K). Math recommendation is MATH 1070, MATH 2201, MATH 2202, MATH 2211 or higher.

Area E: Recommended: GEOG 1101, Introduction to Human Geography
Area F: Courses Appropriate to the Major Field (18 hours) *

1. MATH 1070 (or approved substitute), if not taken in Area D. (3)
2. Calculus with One Variable I (MATH 2211), Calculus with One Variable II (MATH 2212), or higher 2000-level calculus course, if not taken in Area D. (3-4)
3. Two introductory lab course sequences appropriate to the concentration in addition to those completed in Area D: CHEM 1211K and CHEM 1212K, GEOL 1121K and GEOL 1122K or GEOG 1112 and GEOG 1113, PHYS 1111K and PHYS 1112K; BIOL 1103K and BIOL 1104K. Please note, the CHEM 1211K/CHEM 1112K sequence and the GEOL 1121K/GEOL 1122K sequence must be completed in Area D or Area F. (8)
4. As necessary, choose major related courses at the 1000/2000-level not taken in areas A-E in the following subjects to complete the 18 hours required in Area F: geology, geography, statistics, mathematics, computer science, physics, chemistry and physical anthropology.

Students should select Area F courses appropriate to their Geoscience concentration and to their career goals. Students are advised to select courses after having consultation with the Geosciences Undergraduate Director and relevant Geoscience faculty members familiar with the specific GEOS Bachelor degree concentrations. Area G courses have pre-requisites that can be satisfied through careful selection of courses in Areas A-F. A student’s plan of study must have consultation with both the College advisement and Departmental guidance.

Additional Notes

If more than eighteen credit hours are earned as a result of completion of a two course sequences, then credit hours earned in excess of 18 hours can be applied to the 60 hours beyond the Core.

The GEOL 1121K-GEOL 1122K sequence is required for the Geology concentration. GEOG 1112-GEOG 1113 sequence is required for Geography and Urban Studies concentrations.

CHEM 1211K & CHEM 1212K sequence is required for the Geology concentration and highly recommended for the Environmental Geosciences concentration. GEOL 1121K & GEOL 1122K or GEOG 1112 & GEOG 1113. Students may substitute courses from 3 above if they have already taken GEOL 1121K and GEOL 1122K or GEOG 1112 & GEOG 1113 in Area D.

Taking either the Biology Sequence (BIOL 1103K & BIOL 1104K) or an appropriate Physics sequence (PHYS 1111K & PHYS 1112K, or PHYS 2211K & PHYS 2212K) is highly recommended for Geology and Environmental Geosciences concentrations. GEOG 2020 is highly recommended for Geography and Urban Studies concentrations.

Area G: Major Courses, B.S. in Geosciences.

Geology Concentration Courses (39)

A grade of C or higher is required in all major courses.

1. Required course to fulfill CTW requirement (4)
   - GEOL 4006 Sedimentary Environments and Stratigraphy (4)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4)
3. Required Courses:
   - GEOL 3002 Introduction to Earth Materials (4)
   - GEOL 4013 Structural Geology (4)
   - GEOL 4015 Crystallography and Optical Mineralogy (4)
   - GEOL 4016 Petrology of Igneous and Metamorphic Rocks (4)
   - GEOL 4120 Basic Field Geology (3)
   - GEOL 4121 Adv Field Geology (3)
   - GEOL 4095 Seminar (1)
4. Remaining Geology or Geography courses selected in consultation with advisor.

**Environmental Geosciences Concentration Courses (39)**

A grade of C or higher is required in all major courses.

1. Required course to fulfill CTW requirement (4)
   - GEOL 4006 Sedimentary Environments and Stratigraphy (4)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4) [Also a CTW course.]
3. Required Course: Geographic Information Systems (GEOG 4532) (4)
4. Choose one of the following course pairs (a or b) (8):
   a. Quantitative Methods (GEOG 4520) and Remote Sensing (GEOG 4530), or
   b. Sedimentary Environments and Stratigraphy (GEOL 4006) and Petrology (GEOL 4016)
5. Choose either of the following field experience courses (a or b) (4-6):
   a. Basic Field Geology (Geol 4120) and Advanced Field Geology (GEOL 4121), or
   b. Field School in Geography (GEOG 4550) (4)
6. Select from the following to complete 39 credits:
   - GEOG 4644 Environmental Conservation (3)
   - GEOG 4520 Quantitative Spatial Analysis (4)
   - GEOG 4518 Digital Cartography (4)
   - GEOG 4532 Geographic Information Systems (4)
   - GEOG 4530 Introduction to Remote Sensing (4)
   - GEOG 4640 Geomorphology (4)
   - GEOG 4648 Biogeography (4)
   - GEOG 4534 Advanced Geographic Information Systems (4)
   - GEOG 4642 Advanced Weather and Climate (4)
   - GEOG 4646 Water Resources Management (4)
   - GEOG 4650 Applied Hydrology (4)
   - GEOL 3002 Introduction to Earth Materials (4)
   - GEOL 4003 Aqueous Geochemistry (4)
   - GEOL 4005 Geology of Georgia (3)
   - GEOL 4007 Hydrogeology (4)
   - GEOL 4017 Environmental Geology (4)
**Geography Concentration Courses (39)**

A grade of C or higher is required in all major courses.

1. Required course to fulfill CTW requirement (4)
   - Choose one of the following: Climatic Change (GEOG 4784) or Urban Geography (GEOG 4764)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4)
3. Required courses
   - Qualitative Methods (GEOG 4515), Quantitative Spatial Analysis (GEOG 4520), and Digital Cartography (GEOG 4518).
   - Select two courses from: Geomorphology (GEOG 4640); Biogeography (GEOG 4648); Economic Geography (GEOG 4762); and Advanced GIS (GEOG 4534).
   - Select one or more courses from:
     - GEOG 4404 Geography of East Asia (4)
     - GEOG 4408 Geography of the Middle East and North Africa (4)
     - GEOG 4530 Introduction to Remote Sensing (4)
     - GEOG 4534 Advanced Geographic Information Systems (4)
     - GEOG 4642 Advanced Weather and Climate (4)
     - GEOG 4644 Environmental Conservation (4)
     - GEOG 4646 Water Resources Management (4)
     - GEOG 4650 Applied Hydrology (4)
     - GEOG 4768 Metropolitan Atlanta (3)
     - GEOG 4774 Contemporary Urban Theory and Issues (3)
4. Remaining Geography or Geology courses selected in consultation with advisor.

**Urban Studies Concentration Courses (39)**

A grade of C or higher is required in all major courses. At least half of the required 39 hours be Geography courses as specified in 1, 2 and 4.

1. Required course to fulfill CTW requirement (4)
   - Urban Geography (GEOG 4764)
2. Capstone requirement: (4)
   - GEOG 4830 Senior Seminar (4)
3. Required courses
   - Contemporary Urban Theory and Issues, GEOG 4774 (3)
   - Metropolitan Atlanta, GEOG 4768 (3)
   - GEOG 4515 Qualitative Methods (4) OR GEOG 4520 Quantitative Spatial Analysis (4)
4. Choose at least one or more courses from following:
   - PMAP 3011 Policy and Politics in the American City (3)
   - PMAP 3111 Urban Political Economy (3)
   - ANTH 4200 Urban Anthropology (4)
   - HIST 4215 American Buildings (4)
   - HIST 4220 The American City (4)
   - HIST 4325 Public History & Hist Preserv (3 or 4)
   - HIST 4840 Global Urbanization (4)
Area H: Minor and Additional Courses

Students majoring in Geosciences are not required to take a minor.

3290.3 Minor in Geosciences

Students who wish to minor in Geosciences must complete 15-18 hours of courses in Geosciences with a grade of C or better including nine semester hours at the 3000 or higher level. Students must select one course (4 hours) among the following courses (GEOG 1112, GEOG 1113, GEOL 1121K, GEOL 1122K). Students then must select 12 to 16 hours from the following courses:

- GEOG 4518 Digital Cartography (4)
- GEOG 4520 Quantitative Spatial Analysis (4)
- GEOG 4530 Introduction to Remote Sensing (4)
- GEOG 4532 Geographic Information Systems (4)
- GEOG 4762 Economic Geography (4)
- GEOG 4764 Urban Geography (4)
- GEOG 4774 Contemporary Urban Theory and Issues (3)
- GEOG 4778 Political Geography (3)
- GEOG 4640 Geomorphology (4)
- GEOG 4642 Advanced Weather and Climate (4)
- GEOG 4644 Environmental Conservation (4)
- GEOG 4646 Water Resources Management (4)
- GEOG 4648 Biogeography (4)
- GEOG 4650 Applied Hydrology (4)
- GEOL 3002 Introduction to Earth Materials (4)
- GEOL 4006 Sedimentary Rocks and Environments (4)
- GEOL 4013 Structural Geology (4)
- GEOL 4015 Petrology of Igneous and Metamorphic Rocks (4)

Students completing more than 15 semester hours in geosciences may count the additional hours toward their electives or may consider completing a double major.

Residency Requirement

A minimum of 39 semester hours in courses 3000 and higher must be completed in residence at Georgia State University with an average of C or higher. At least 50% of the Area G courses must be completed at Georgia State University.

Honors Program
The Department of Geosciences encourages qualified students to participate in the GSU Honors Program.
3300 German

Programs Offered:

- Bachelor of Arts in German

Department of Modern and Classical Languages
841 General Classroom Building
404/413-5980
www.gsu.edu/languages

To be named, Chair
Germain Torres, Associate Chair
Rudyard Alcocer, Undergraduate Director
Robin Huff, Head of German section and Adviser
Peter Swanson, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum.

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student’s active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.

For students who hope to teach at the K-12 levels, the department offers a concentration that leads to
certification in German.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of German, and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All German majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, students are advised to choose courses in other areas that complement their language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss students’ academic plans as they design their course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

B.A. in German

Area F: Courses Appropriate to the Major (18)

The following requirements and options are appropriate for majors in German.

1. Majors must achieve competence at the intermediate level before beginning courses at the 3000 level. They may demonstrate competence through placement exam scores, including the CLEP exam, prior study, or courses taken at Georgia State University. The following may be counted in Area F, as required (0-9 hours): Grmn 1002, Grmn 2001, Grmn 2002.

2. Students may complete Area F with any combination of the following (0-18 hours):
   a. Any courses in other foreign languages, 1001-2203/2501 level.
   b. Electives in the Department of Modern and Classical Languages.
      CLAS 2201, CLAS 2202, CLAS 2203, FREN 2212, FREN 2216
Area G: Major Requirements (30)

The major in German consists of 30 hours (10 courses) on the 3000/4000 level. Prerequisite for all courses on the 3000 level is GRMN 2002. Prerequisite for all courses at the 4000 level is the completion of at least 3 of the 4 courses at the 3000 level.

1. Required Courses to fulfill CTW requirement (6)
   - GRMN 3301 Advanced German I-CTW (3)
   - GRMN 4402 Advanced Grammar: Morphology and Syntax-CTW (3)

2. Major Requirements (9)
   - GRMN 3302 Advanced German II (3)
   - GRMN 3311 Introduction to Reading German Literature (3)
   - GRMN 3313 Introduction to German Cultural Studies (3)

3. Concentration Courses (18)
   - Literature Concentration
     - GRMN 4411 Survey of German Literature (3)
     - GRMN 4413 Introduction to German Film (3)
     - GRMN 4421 Introduction to German Civilization (3)
     - Select two additional courses in German at the 4000 level (6)
   - Foreign Language Education Concentration
     - GRMN 4401 History of the German Language (3)
     - GRMN 4421 Introduction to German Civilization (3)
     - GRMN 4422 Contemporary Germany (3)
     - Select two additional courses in German at the 4000 level (6)

Requirements for Teacher Certification

Students who wish to be certified to teach German in the public schools of Georgia should choose the courses listed under the “Foreign Language Education Concentration” above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL 4061/4062/4063).

All students seeking certification in German must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. For the application forms, please go to the Department of Modern and Classical Languages’ website under Teacher Certification and then Program Information. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB).
In order to be recommended for K-12 certification in German, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

**Language and International Business Concentration**

- GRMN 4422 Contemporary Germany (3)
- GRMN 4431 German for International Business I (3)
- GRMN 4432 German for International Business II (3)
- Select two additional courses in German at the 4000 level (6)

**Area H: Minor and Additional Courses**

1. Foreign language majors are not required to take a minor. Foreign language majors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Up to six additional hours may be taken in the major.

**Bachelor of Arts Major in International Economics and Modern Languages**

Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at www.aysps.gsu.edu/oaa.

**Program Admission**

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

**Program Financial Information**

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

**Program Degree Requirements**

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Degree Requirements and Graduation” chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

**Area F: Courses Appropriate to the Major (18)**

- ECON 2105 Principles of Macroeconomics (3)
- ECON 2106 Principles of Microeconomics (3)
- MATH 1070 Elementary Statistics (3) – If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
- GRMN 2001 Intermediate German I (3)
- GRMN 2002 Intermediate German II (3)

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: Fren, Grmn, or Span 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, Humanities and Fine Arts.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for Fren, Grmn or Span 2001/2002 (or Span 2203 or Span 2501) upon approval of the Department of Modern and Classical Languages adviser.

- Elective: one 1000/2000-level course chosen from Areas A-E.

Required Courses to fulfill CTW requirement (6)

- ECON 3900 Macroeconomics (3)
- GRMN 4402 Advanced Grammar: Morphology and Syntax – CTW(3)

Area G: Economics Common Core Curriculum (21) A minimum grade of C is required for all courses in this area.

- ECON 3910 Microeconomics (3)
- ECON 4600 Economic Development (3)
- ECON 4800 International Trade (3)
- ECON 4810 International Finance (3)
- Choose 3 elective 4000-level Econ courses (9)

Area H: Modern Languages Common Core (21) A minimum grade of C is required for all courses in this area.

- GRMN 3301 Advanced German I-CTW (3)
- GRMN 3302 Advanced German II (3)
- GRMN 3311 Introduction to Reading German Literature (3)
- GRMN 3313 Introduction to German Cultural Studies (3)
- GRMN 4431 German for International Business I (3)
- GRMN 4432 German for International Business II (3)
- Choose one of the following two courses (3)
  - GRMN 4422 Contemporary German (3)
  - GRMN 4435 Techniques of Translation (3)

Area I: Electives (12) Choose any four 3000/4000-level courses, in consultation with the faculty adviser.

Minor in German
Students who wish to minor in German must take 15-18 hours in German, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
The undergraduate Certificate in Gerontology gives students throughout the university the option of combining their major field of study with an emphasis in gerontology. It is designed to prepare students for: (1) admission to graduate and professional degree programs, such as gerontology, medicine, nursing, psychology, public administration, sociology, and social work, in which they plan to pursue a specialization in gerontology, or (2) entry-level professional jobs in direct services to older persons in nutrition programs, senior centers, volunteer programs, nursing homes, and residential and assisted living facilities.

The curriculum provides an overview of the biological, psychological, and sociological aspects of aging; health care and social service programs for older persons; and contemporary aging policy issues. Through both course work and internship experience, students gain specialized knowledge and skills needed to live and work in today’s aging society.

Faculty members from business to law, the social and biological sciences, and the health and human service professions are associated with the Gerontology Institute. They bring a diverse, interdisciplinary perspective to the institute’s instructional programs and are engaged in a wide range of research in the areas such as long-term care, assisted living, ethnicity and aging, learning and memory, retirement, aging among minorities, intergenerational caregiving, and marketing to seniors.

Program Admission

To be admitted to the undergraduate Certificate in Gerontology, students must be regularly enrolled in a degree program at Georgia State University. Students are required to submit an application to the certificate program obtained from the Gerontology Institute.

Program Degree Requirements

To receive the undergraduate Certificate in Gerontology, students must complete the following 18-semester-hour curriculum with a grade of C or higher on all course work.

Undergraduate Certificate in Gerontology

1. Required Courses (9)
   - GER 2000 Introduction to Gerontology (3)
   - Select two of the following required courses (6):
GERO 4116 Aging and Society (3)
GERO 4200 Health and the Older Adult (3)
GERO 4610 Psychology of Aging (3) (Prerequisite: PSYC 1101)

2. Select one course. (3)
   - GER 4110 Aging Policy and Services (3)
   - SW 4260 Aging Practice, Policy and Research Issues (3)

3. Select one course. (3)
   - GER 4124 Ethnicity and Aging (3)
   - GER 4110 Aging Policy and Services (3) (if not taken in section 2 above)
   - GER 4116 Aging and Society (3) (if not taken in section 1 above)
   - GER 4119 Global Aging and Services
   - GER 4122 Death, Dying, and Loss (3)
   - GER 4130 Family, Intimacy, and Aging (3)
   - GER 4200 Health and the Older Adult (3) (if not taken in section 1 above)
   - GER 4475 Communication and Aging (3)
   - GER 4610 Psychology of Aging (3) (if not taken in section 1 above) (Prerequisite: Psyc 1101)
   - GER 4700 Selected Topics in Gerontology (3)
   - GER 4800 Directed Study in Gerontology (3)
   - SW 4260 Aging Practice, Policy and Research Issues (3) (if not taken in section 2 above)

4. Required Course (3)
   - Gero 4910 Gerontology Internship (1-3) (or an approved alternate internship course)
Historians study various aspects of humanity’s recorded past. Some historians explore the rise and fall of empires, while others describe the everyday lives of men and women. They are interested in every period of the past and all parts of the world. Historians also examine the principles and theories that influence the writing of history. They seek to understand the forces that have structured human life and the ideas that have shaped the way people perceive and experience their worlds. Historians are concerned with change and continuity within societies and interactions among cultures. Historians pay particular attention to the effect of perspectives and values because their discipline involves the interpretation of findings, not just the collection of facts. History can teach us many lessons, not simply about our past but also about the paradoxes and potentials of our present.

The Department of History offers a wide range of courses in African, Asian, European, Latin American, Middle Eastern, and United States history. Arranged in three levels — introductory, intermediate, and advanced — these courses afford students an opportunity not only to become familiar with a body of historical knowledge but also to enhance their skills as readers, discussants, writers, and researchers. Because it emphasizes analytic and critical thinking, history prepares students for further professional training in education, international studies, journalism, law, politics, and public policy, and for all manner of careers. All students can benefit from the insights history provides into the human condition.

Program Degree Requirements

Students should complete the freshman courses in history in the core curriculum and Hist 3000 (Introduction to Historical Studies-CTW) before enrolling in other history courses numbered 3000 and above. In all lower-division history courses the department requires that majors attain a minimum grade of C.

The department requires a total of 30 hours in upper-division history. At least one course must be taken from each of the areas of American, European, and African/Asian/Latin American/Middle Eastern History. All majors must take Hist 4990 (Historical Research-CTW) after completing Hist 3000 and at least four other upper-division courses. No more than 15 hours of upper-division history may be transfer credits.
In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in History

Area F: Courses Appropriate to the Major Field (18)

1. HIST 1111 Survey of World History to 1500 (3)
2. HIST 1112 Survey of World History since 1500 (3)
3. Foreign Language (3) The Department of History recommends that all majors complete the foreign language sequence Lang 1002, 2001 and 2002. (See “Foreign Language Requirement for B.A. and B.I.S. Majors,” previously described.)
   Required Course:
      ○ Lang 1002 Elementary Foreign Language II (3)
4. Electives (9)
   AAS 2010, ANTH 1102, ANTH 2010, ANTH 2020, ANTH 2030, ECON 2105, ECON 2106, ENGL 2110, ENGL 2120, ENGL 2130, Lang 1001 (if different from foreign language taken in high school), Lang 2001, Lang 2002, GEOG 1101, HIST 1140, JOUR 1000, MATH 1070, PHIL 2101, POLS 2101, POLS 2401, PSYC 1101, SOCI 1101, SOCI 1160, WST 1020

Area G: Major Courses (30)

Unless otherwise specified, Hist 1111, 1112, and 2110 are prerequisites for all advanced course work in history. History majors may complete no more than eight hours of 3000/4000-level history courses before completing History 3000.

A minimum total of 30 hours must be taken from courses at the 3000-4000 level, and must include one course from each of the following:

1. Required Courses to fulfill CTW requirement (8)
   ○ HIST 3000 Introduction to Historical Studies-CTW (4) (should be taken first among upper-division courses)
   ○ HIST 4990 Historical Research-CTW (4) (Prerequisite: Hist 3000 and at least four other upper-division courses, including at least two 4000-level classes.)
2. U. S. History (one course)
3. European History (one course)
4. African, Asian, Latin American, or Middle Eastern History (one course)

Pre-Education Concentration

The Department of History offers a pre-education track for those students who plan to teach at the middle school or high school level. Students have the opportunity to take a variety of courses in U.S., European, and world history, which will provide the analytic and writing skills, the global perspective, and the historical content that they will need to teach in the public schools. Along with the B.A. in History, it prepares students to be tested for temporary certification or to enter the M.A.T. Program in Social Studies Education in the College of Education at Georgia State or a similar program elsewhere to complete the
requirements for state certification.

Students in the pre-education track will take eight history courses at the 3000-4000 level distributed as follows:

1. Required Courses to fulfill CTW requirement (8)
   - HIST 3000 Introduction to Historical Studies-CTW (4) (should be taken first among upper-division courses)
   - HIST 4990 Historical Research-CTW (4) (Prerequisite: Hist 3000 and at least four other upper-division courses, including at least two 4000-level classes.)
2. Two courses in U.S. history. The department strongly recommends that one of these be History 4310 (Georgia).
3. One course in European history.
4. One course in African, Asian, Latin American, Middle Eastern, or world history.
5. Two electives in history at the 3000-4000 level.
6. Students in the pre-education track will also complete a minimum of nine hours of 3000-4000-level course work in two or more of the following allied fields:
   a. Political Science
   b. Geography
   c. Economics
   d. Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200)

A C or better is required in all the courses in the Allied Field of the Pre-Ed track.

History as an allied field consists of three courses at the 3000-4000 level: one in U.S. history, one in European history, and one in African, Asian, Latin American, or Middle Eastern history.

Pre-Law Concentration

Students who wish to major in history and prepare for law school or prestigious J.D.-Ph.D. programs can opt for a pre-law concentration. Please visit www2.gsu.edu/~wwwhis/7456.html or see a college or department adviser for additional information.

Area H: Minor and Additional Courses

1. History majors must select a minor consisting of at least 15 hours in one department other than history, including at least nine hours at the 3000 level or above. The requirements for a minor must be fulfilled in a department that offers a baccalaureate degree and with courses at the 3000-4000 level, unless the courses are otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.
2. Additional courses from departments other than the major must be taken to complete a minimum of 120 hours, exclusive of KH 1010. The department strongly recommends that majors take the fourth semester of a foreign language: Lang 2002.

Minor in History
Students who wish to minor in history must take 15-18 hours in history courses, including at least three courses at the 3000 level or above. Students taking more than 15 hours in courses in history may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
The Intensive English Program (IEP) is a non-credit program designed to prepare students in the language and study skills necessary for successful academic work in American colleges and universities. The IEP offers academic English courses from basic to advanced levels of proficiency. In some cases, students who have been accepted to a degree program at Georgia State may combine upper-level English as a Second Language (ESL) courses and regular academic work.

Every level in the IEP offers five courses each semester (a total of 18 hours in class each week). Courses include academic writing, structure/composition, academic reading/listening, extensive reading, and oral communication. Tutoring services are available for students.
3340 International Studies

Program Offered:

- Bachelor of Interdisciplinary Studies with a Concentration in International Studies

The International Studies Program affords the student an opportunity to develop areas of concentration in International Studies, Europe, Mediterranean, and Developing Areas such as Africa, Asia, the Middle East, and Latin America. Internship experiences may be undertaken only after completing at least 21 hours of credit in the concentration area. Please contact the faculty coordinator, Dr. Christine M. Skwiot, at 404/413-6370 or hiscms@langate.gsu.edu.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities. The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors a study-abroad program in Perugia, Italy.

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student’s active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics / ESL, is in Language Studies.

For students who view language study as a preparation for a career in the business world, the department offers a program in conjunction with the Andrew Young School of Policy Studies: the Bachelor of Arts Major in International Economics and Modern Languages (IEML).

Program Degree Requirements

In addition to courses in the language major, you are advised to choose courses in other areas that complement your language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss your academic plans with you as you design your course of study. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

B.A. in International Economics and Modern Languages with a Concentration in Italian

Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at www.aysps.gsu.edu/oaa.

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Degree Requirements and Graduation” chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics (3)

3360 Italian Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Italian Studies**

The Italian Studies program takes into account the vast influence Italian culture has had on the world and Italy's continued role in a global cultural and economic context. While emphasizing the need for students to speak fluent Italian, the B.I.S. is interdisciplinary in approach and allows students to concentrate on specific aspects of Italian culture such as music, art, philosophy, history, cinema and politics.

Students of the B.I.S. are highly encouraged to study abroad through Georgia State University's two programs in Italy – the Summer Study Abroad in Perugia, designed specifically to smooth the transition from intermediate to an advanced level of Italian proficiency, and the Venice Exchange (Ca’Foscari), which allows students to take courses on an Italian campus or at the associated Venice International University and allowing Italian Studies students to gain first-hand understanding of Italian culture and language. For students interested in this program, please contact the faculty coordinator, Dr. Richard Keatley at rekeatley@gsu.edu.

Program Admission

A 2.00 GSU GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance (room 418 GCB; 404/413-5000). Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Department of Communication
8th floor, 25 Park Place

communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

The disciplines of communication are concerned with the processes and effects of human communication in a variety of contexts ranging from interpersonal communication through the mass media. The Department of Communication provides courses of study that develop knowledge and skills in managing face-to-face communication, knowledge about the nature and social functions of the mass media, and the skills necessary for communication careers. Majors are offered in the areas of film and video, journalism, and speech.

Journalism is the study of the collection, evaluation, and dissemination of current information and opinion. The journalism major seeks to prepare students for newspaper and magazine careers (print journalism), radio and television careers (telecommunication), or public relations careers. In addition, the courses in journalism are designed to be useful electives for students planning to enter other vocations who wish to become media-literate individuals.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Major Eligibility Requirements

Effective fall semester 2013, to be eligible for the Journalism major and to enroll in 3000-4000 level Journalism courses (i.e., JOUR courses), students must fulfill the following requirements:

- Complete all courses with the JOUR prefix that are in Journalism’s Area F (with a minimum grade of “C”) and
- Earn a 2.5 grade-point average in all Area F JOUR courses. This GPA will be calculated based on the first attempt at these JOUR courses at Georgia State University. WFs counts as an attempt. Transfer students who transfer these course(s) into Georgia State, may use the grades in the
transferred course(s) to calculate the GPA or they may attempt them once at Georgia State.

Once a student is eligible to take 3000-4000 Journalism courses, they remain eligible to take them as long as they are eligible to enroll at Georgia State University.

College and University Degree Requirements

In addition to the Major Eligibility Requirements for Journalism, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

**Area H: Minor and Additional Courses**

Majors in the Department of Communication’s three B.A. programs must select a minor consisting of at least 15 hours of courses in a discipline within the Department of Communication other than the major (journalism, film/video, or speech) or in another academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.

**Minor in Journalism**

Students who wish to minor in one of the department’s three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor. Students wishing to take 3000-4000 level Journalism courses (i.e., JOUR) as part of a minor must first request departmental registration approval.

   - SOCI 4366 Law and Society (3)
5. Select five additional courses (15) — At least 3 hours of PoIS must be taken here, but no more than 12 hours from a single discipline:
   - AAS 4180, AAS 4640, CRJU 3100, CRJU 3110, CRJU 3700, CRJU 3710, CRJU 4710, CRJU 4760, CRJU 4770, CRJU 4910, ECON 4080, ECON 4400, ECON 4680, HIST 3200, HIST 3210, HIST 3220, HIST 4200, HIST 4240, JOUR 3060, [PAUS 3311], PHIL 4820, PHIL 4800, POLS 3750, POLS 3550, POLS 4130, POLS 4131, POLS 4420, POLS 4780, POLS 4570, SPCH 4510/JOUR 4510, SPCH 4480, SOCI 3222, SOCI 3224. Internship POLS 4930, POLS 4940 (No more than six hours of internship may be used.)

Area H: Allied Fields

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline. Students may choose either Pre-Law or Criminology as the allied field.

Criminology

1. Select five courses (15):
   - CRJU 4410, CRJU 3210, CRJU 3310, CRJU 3410, CRJU 4420, POLS 4131, PSYC 4300, SOCI 3222, SOCI 3224, SOCI 3346, SOCI 4150, WST 3150/SOCI 3156

Pre-Law

1. Required Course (3)
   - ENGL 3080 History, Theory, and Practice of Argumentative Writing (3) or
   - ENGL 3090 History, Theory, and Practice of Expository Writing (3)
2. Required Course (3)
   - LGLS 3020 Introduction to the Law (3) or
   - LGLS 4050 Principles of Business Law (3)
3. Select three courses (9)
   - AAS 4750, CRJU 3020, CRJU 3610, ENGL 3110, ENGL 3130, ENGL 3140, ENGL 3210, ENGL 3220, HIST 3000, PHIL 4530, PHIL 4700, POLS 3800, SPCH 3010, SPCH 3050, SPCH 2210, SPCH 3250, SPCH 4450, SPCH 4500/JOUR 4500

**Area J: Electives**

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.
3410 Mathematics and Statistics

Programs Offered:

- Bachelor of Science in Mathematics
  - Concentration in Actuarial Science
  - Concentration in Computer Information Systems
  - Concentration in Computer Science
  - Concentration in Managerial Sciences
  - Concentration in Statistics

- Dual Degree Programs:
  - B.S. in Mathematics (Actuarial Science concentration) with the Master of Actuarial Science
  - B.S. in Mathematics (Computer Information Systems concentration) with the Master of Science in Information Systems
  - B.S. in Mathematics (Mathematical Risk Management concentration) with the Master of Science in Risk Management and Insurance (Mathematical Risk Management specialization)

- Minor in Mathematics

All freshmen entering Georgia State University are required to take either the College Entrance Examination Board Scholastic Aptitude Test (SAT) or the assessment of the American College Testing Program (ACT). The results of the test, performance in and time of previous mathematical education, and the student’s intended major or career goals are all factors to be considered when registering for any mathematics course. In order to register for courses numbered 1111 or higher, students must make an appropriate score on the mathematics placement test (see Section 1410.10) or have other appropriate prerequisite work. Therefore, students are urged to check the prerequisites for mathematics courses, and the mathematics requirement as listed by their major department/school/institute. Refer any questions to that department/school/ institute or to the Department of Mathematics and Statistics.

Mathematics is one of the great unifying themes in our modern culture. It is a language, a science, an art form, and a tool of tremendous power. The Department of Mathematics and Statistics, in its courses for both majors and non-majors, seeks to introduce students to this vast area of knowledge and to show them how mathematics can be used to solve problems.

The B.S. degree program in mathematics prepares a student for positions in business, industry, and government; a career in the teaching of mathematics at the secondary level; or further study in mathematics.
or statistics leading to graduate degrees.

Five concentrations are offered within the B.S. degree in mathematics. The concentration in actuarial science prepares a student to work as an actuary. The concentration in computer information systems prepares students for work in the field of management information systems. The concentration in computer science provides education in more scientific aspects of computing. The concentration in managerial sciences provides training in management modeling, problem solving, and computer-assisted decision support/expert systems technologies. Finally, the concentration in statistics prepares students for work as applied statisticians.

Guidelines for minors in the Department of Mathematics and Statistics are given after the program descriptions.

In addition to immediate employment, there are opportunities for good students to pursue further study at the graduate level in mathematics, statistics, and other fields.

In 1978, the department initiated a cooperative education program with International Business Machines, Inc. Over the years, the program has expanded to include many other firms. Hundreds of majors have benefited from a co-op experience. Majors have an opportunity for paid work experience related to their area of study. They may also make important contacts that may lead to full-time employment after graduation. The Office of Cooperative Education has been established to coordinate the university’s cooperative education programs.

Majors are asked to consider carefully the career objectives they wish to pursue after graduation. A particular career objective may suggest a special choice for the minor or concentration that would prepare one for that career. It also might suggest that a co-op experience would be useful. Faculty who serve as academic advisers for majors can discuss choices and concentrations that are available to majors.

Program Financial Information

There are no extra fees, scholarships or other expenses outside of regular Georgia State University fees applicable to a B.S. degree in mathematics, other than those associated with teacher preparation (see Sections 1605 and 1610).

Program Academic Regulations

Students must earn a grade of C or higher in all mathematics courses in the core, Area F, and Area G.

Program Degree Requirements

As part of the core curriculum, students must receive credit for the three calculus courses Math 2211, Math 2212, Math 2215, and Discrete Mathematics (Math 2420). (When counting the number of semester hours in Areas A, D, and F, only 3 of the 4 credit hours of each calculus course will be counted in Area A and/or D. The fourth hour, or the “rollover hour,” will be counted in Area F.)

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).
Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1112 College Trigonometry (3) or MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)

Area F: Courses Appropriate to the Major Field (18)

1. Required Courses: Select the course(s) not taken in Area A or D. (7-11)
   - MATH 2211 Calculus of One Variable I (4)
   - MATH 2212 Calculus of One Variable II (4)
   - MATH 2215 Multivariate Calculus (4)
   - MATH 2420 Discrete Mathematics (3)
2. Select additional courses to complete 18 hours in Area F. (7-11)

Area G: Major Courses (33)

1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)
2. Required Courses (18)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4441 Modern Algebra (3)
   - MATH 4442 Modern Algebra II (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)
   - MATH 4751 Mathematical Statistics I (3)
3. Mathematics Electives: Select 12 additional hours of 3000/4000-level mathematics courses, of which six hours at most may be at the 3000 level (excluding Math 3030, 3050, 3070, and 3090).
4. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010.

Area H: Additional Major Courses, Concentrations, Minor, and Electives

See descriptions below as to the specifics of special programs, such as the various concentrations offered. Students earning a B.S. in the Department of Mathematics and Statistics are not required to complete a minor.

Actuarial Science Concentration
An actuary is an executive who uses mathematical and statistical skills to define, analyze, and solve problems of society. Actuaries create and manage programs to reduce the adverse financial impact of the expected and unexpected events that happen to people. They are employed in business, industry, and government.

The Department of Mathematics and Statistics, in cooperation with the actuarial science program in the Department of Risk Management and Insurance, offers the Bachelor of Science with a major in mathematics and a concentration in actuarial science. This program provides strong preparation in both mathematics and actuarial science. Students completing this program may request that a suitable annotation be placed on their permanent record.

Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, CSc 2310, Econ 2105 and Econ 2106 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)
2. Mathematics Requirements (24)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4211 Optimization (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4610 Numerical Analysis I (3)
   - MATH 4661 Analysis I (3)
   - Either MATH 4662 Analysis II or MATH 4441 Modern Algebra I (3)
   - MATH 4751 Mathematical Statistics I (3)
   - MATH 4752 Mathematical Statistics II (3)
3. Actuarial Science Requirements (15)
   - AS 4140 Mathematical Foundations of Actuarial Science (3)
   - AS 4230 Theory of Interest (3)
   - AS 4340 Life Contingencies I (3)
   - Two of AS 4320, AS 4350, or AS 4510 (6)
4. Required Economics Courses (6) (if not completed in Area F)
   - ECON 2105 Principles of Macroeconomics (3)
   - ECON 2106 Principles of Microeconomics (3)
5. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. (9)

Computer Information Systems Concentration

In cooperation with the Department of Computer Information Systems, the Department of Mathematics and Statistics offers the Bachelor of Science with a major in mathematics and a concentration in computer information systems. This program provides strong preparation in both mathematics and computer information systems. Students completing this concentration may request that a suitable annotation be placed on their permanent record. They are eligible to receive a certificate signed by the chair of the Department of Mathematics and Statistics and the dean of the College of Arts and Sciences. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CIS 2010 in the core curriculum Areas A-F or as electives.
1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)
2. Mathematics Requirements (15)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4661 Analysis I (3)
   - Either MATH 4662 Analysis II or MATH 4441 Modern Algebra I (3)
   - MATH 4751 Mathematical Statistics I (3)
3. Select one additional upper-level mathematics course (exclusive of Math 3030, 3050, 3070, and 3090). (3)
4. Computer Science Requirements (12-15)
   - CSC 2310 Principles of Computer Programming I (3)
   - CSC 3210 Computer Organization and Programming (3)
   - CSC 3410 Data Structures-CTW (3)
   - Select one of the following:
     - CSC 3320 System-Level Programming (3)
     - CSC 4210 Computer Architecture (4)
     - CSC 4320 Operating Systems (4)
5. Computer Information Systems Requirements (12)
   - CIS 3210 End User Applications Programming (3)
   - CIS 3300 Systems Analysis (3)
   - CIS 3310 Systems Design (3)
   - Select one additional CIS course, preapproved by the director of undergraduate advisement. (3)
6. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. (8-9)

Computer Science Concentration

The Department of Mathematics and Statistics offers the Bachelor of Science in mathematics with a concentration in computer science. This program provides strong preparation in both mathematics and computer science. Students completing this program may request that a suitable annotation be placed on their permanent record.

Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CSc 2310 in core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)
2. Mathematics Requirements (15)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)
   - MATH 4751 Mathematical Statistics I (3)
3. Select one additional upper-level mathematics course (exclusive of Math 3030, 3050, 3070, and 3090). (3)

4. Computer Science Requirements (16)
   - CSC 3210 Computer Organization and Programming (3)
   - CSC 3410 Data Structures-CTW (3)
   - CSC 4520 Design and Analysis of Algorithms (4)
   - CSC 4610 Numerical Analysis I (3)
   - CSC 4620 Numerical Analysis II (3)

5. Additional Computer Science Courses (6-8)
   Select two additional upper-level computer science courses with at least one selected from the following:
   - CSC 3320 System-Level Programming (3)
   - CSC 4210 Computer Architecture (4)
   - CSC 4330 Programming Language Concepts (4)
   - CSC 4350 Software Engineering-CTW (4)

6. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. (6-8)

Managerial Sciences Concentration

In cooperation with the Department of Managerial Sciences, the Department of Mathematics and Statistics offers the Bachelor of Science with a major in mathematics and a concentration in managerial sciences. In the managerial sciences, students receive training in management modeling, problem solving, and computer-assisted decision support/expert systems technologies. They learn to apply these skills to the functional areas of administration to increase managerial effectiveness and productivity. Managerial sciences training leads to such careers as management consultants; logistics specialists; quality assurance analysts; data analysts/statisticians; and decision support/expert systems builders. Students completing this program may request that a suitable annotation be placed on their permanent record. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CSc 2310 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)

2. Mathematics Requirements (12)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)

3. Statistics Requirements: Select a two-course sequence. (6)
   - MATH 4751 Mathematical Statistics I (3) and
   - MATH 4752 Mathematical Statistics II (3) or
   - MATH 4547 Introduction to Statistical Methods (3) and
   - MATH 4548 Methods of Regression and Analysis of Variance (3)

4. Two additional courses in mathematics and/or computer science (6-7) (exclusive of Math 3030, 3050, 3070, and 3090), including one of the following:
5. Managerial Sciences Requirements (15)*
   - MGS 3100 Business Analysis (3)
   - MGS 4000 Managerial Decision Making (3)
   - MGS 4020 Introduction to Business Intelligence (3)
   - MGS 4110 Analysis of Business Data (3)
   - MGS 4120 Optimal Resource Allocation (3)

6. Managerial Sciences Electives: Select one course. (3)
   - MGS 4140 Business Modeling (3)
   - MGS 4760 Total Quality Management (3)

7. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. (11-12)

*Students must have satisfied the statistics requirements before enrolling in any Mgs courses.

Statistics Concentration

Statisticians give advice on the statistical design of experiments, conduct surveys, and analyze data. They use computers, often writing their own programs. They collaborate with specialists in fields such as biology, health sciences, medicine, economics, marketing, psychology, and sociology as well as in business and industry. They are employed in business, industry, and government. The Department of Mathematics and Statistics offers the Bachelor of Science degree in mathematics with a concentration in statistics. Students in this program should select additional courses from a field to which statistics can be applied. Such a selection is called a related field and must be pre-approved by a departmental adviser. Examples of seven related fields are shown in section 4. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and Math 2420, for CSc 2010, and CSc 2310 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics-CTW (3)
   - MATH 4991 Senior Seminar-CTW (3)

2. Mathematics and Statistics Requirements. (21)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4548 Methods of Regression and Analysis of Variance (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)
   - MATH 4751 Mathematical Statistics I (3)
   - MATH 4752 Mathematical Statistics II (3)

3. Select one course. (3-4)
   - MATH 4544 Biostatistics (3)*
   - MATH 4547 Introduction to Statistical Methods (3)*
   - MATH 4767 Statistical Computing (3)
   - CSC 4830 System Simulation (4)
   - *At most, one semester of Math 4544 and 4547 may be counted in this program.

4. Select one course. (3)
o MATH 4211 Optimization (3)
o MATH 4610 Numerical Analysis I (3)
o Any one of the courses not taken in group 2 (3)

5. Related Field Courses: Select 12 hours of course work in a field other than mathematics. (12)
   Related field courses must be pre-approved by a faculty adviser and must include at least nine hours
   of upper-division course work. Examples of related fields are: Actuarial Science, Biology, Computer
   Information Systems, Computer Science, Economics, Managerial Sciences, and Marketing.

6. Additional courses must be taken as electives to complete a minimum of 120 semester hours,
   exclusive of KH 1010. (14-15)

Minor in Mathematics

Students choosing to minor in mathematics should complete Math 2212, 2215, and nine hours of additional
mathematics courses at the 3000 level or above. There are some restrictions, and course selections must be
approved by the Department of Mathematics and Statistics. Students are urged to consult with members of
the Department of Mathematics and Statistics to determine which courses would be most useful in their
major field.

Dual Degree Program: Bachelor of Science in Mathematics (Actuarial Science concentration) with the
Master of Actuarial Science

The Department of Mathematics and Statistics in the College of Arts and Sciences and the Department of
Risk Management and Insurance in the Robinson College of Business jointly offer a dual degree program
that links the BS in Mathematics and the Master of Actuarial Science. The program is designed to take five
years. In general, at the end of the fourth year, a student will receive a Bachelor of Science in Mathematics
with concentration in Actuarial Science; at the end of the fifth year, the student will receive a Master of
Actuarial Science. The program requires application. The undergraduate portion meets the requirements of
a Bachelor of Science in Mathematics even if a student does not proceed with the graduate part of the
program.

Admission Requirements

The BS-Mathematics/Master of Actuarial Science (BS-Math/MAS) option will in general be available to
BS-Math undergraduates who have completed at least 30 hours of academic credit at Georgia State
University (excluding AP or transfer credits) and who have earned a minimum cumulative GPA of 3.5 at
Georgia State. Students may for the dual degree opportunity at any time after completing 30 hours but
prior to completing 90 hours of undergraduate coursework. Students seeking acceptance into the program
should complete the dual degree application form, available from the department of Mathematics and
Statistics and the A&S Office of Academic Assistance.

Acceptance into the dual degree opportunity does not constitute admission into the Robinson College of
Business graduate program. Final acceptance into the MAS portion of the program will be contingent upon
the following:

1. Maintaining a satisfactory cumulative GPA at Georgia State
2. Submission of satisfactory GMAT scores
3. Filing an application to the MAS program in the Robinson College by the appropriate deadline
Program Degree Requirements: Undergraduate (120)

Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)

Area F: Courses Appropriate to the Major Field (18)

1. Required courses: Select the course(s) not taken in Area A or D.
   - MATH 2211 Calculus of One Variable I (4)
   - MATH 2212 Calculus of One Variable II (4)
   - MATH 2215 Multivariate Calculus (4)
   - MATH 2420 Discrete Mathematics (3)
2. Select additional courses to complete 18 hours in Area F:
   - CSC 2010, CSC 2310, ECON 2105, ECON 2106, ACCT 2101, ACCT 2102

A minimum of 60 core hours is required.

Area G: Major Courses (33)

1. Required courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics (3)
   - MATH 4991 Senior Seminar (3)
2. Required courses (27)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4211 Optimization (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)
   - MATH 4610 Numerical Analysis I (3)
   - MATH 4620 Numerical Analysis II (3)
   - MATH 4751 Mathematical Statistics I (3)
   - MATH 4752 Mathematical Statistics II (3)

Area H: Electives and Foundation Courses (27)

1. Mathematics electives (9)
   - Select additional 3000/4000-level mathematics courses, of which three hours at most may be at 3000 level (excluding Math 3030, 3050, 3070, and 3090).
2. Courses to satisfy foundation requirements for the business degree (18)
   - RMI 3750 Risk Modeling (3)
   - AS 4140 Probability and Statistics for Actuarial Science (3)
   - AS 4230 Theory of Interest (3)
   - MBA 7035 Economics for Managers (3)
MBA 8025 Financial Statement Analysis (3)
MBA 8135 Corporate Finance (3)

Program Degree Requirements: Graduate (30)

1. Required courses (24)
   - FI 8000 Valuation of Financial Assets (3)
   - AS 8340 Life Contingencies I (3)
   - AS 8350 Insurance Mathematics (3)
   - AS 8810 Actuarial Science Graduate Seminar (3)
   - ECON 8740 Applied Statistics and Econometrics (3)
   - MRM 8320 Stochastic Risk Management Models (3)
   - MRM 8600 Theory of Risk Sharing (3)
   - MRM 8610 Financial Engineering (3)

2. Two Actuarial Science electives (6).

Dual Degree Program: Bachelor of Science in Mathematics (Computer Information Systems concentration) with the Master of Science in Information Systems

The Department of Mathematics and Statistics in the College of Arts and Sciences and the Department of Computer Information Systems in the Robinson College of Business jointly offer a dual degree program that links the BS in Mathematics and the MS in Information Systems. The program is designed to take five years. In general, at the end of the fourth year, a student will receive a Bachelor of Science in Mathematics with a concentration in Computer Information Systems; at the end of the fifth year, the student will receive a Master of Science in Information Systems. The program requires application. The undergraduate portion meets the requirements of a Bachelor of Science in Mathematics even if a student does not proceed with the graduate part of the program.

Admission Requirements

The BS-Mathematics/Master of Science in Information Systems (BS-Math/MSIS) option will in general be available to BS-Math undergraduates who have completed at least 30 hours of academic credit at Georgia State University (excluding AP or transfer credits) and who have earned a minimum cumulative GPA of 3.5 at Georgia State. Students seeking acceptance into the program should complete the dual degree application form, available from the department of Mathematics and Statistics and the A&S Office of Academic Assistance.

Acceptance into the dual degree opportunity does not constitute admission into the Robinson College of Business graduate program. Final acceptance into the MSIS portion of the program will be contingent upon the following:

Dual Degree Program: Bachelor of Science in Mathematics (Mathematical Risk Management concentration) with the Master of Science in Risk Management and Insurance (Mathematical Risk Management specialization)

The Department of Mathematics and Statistics in the College of Arts and Sciences and the Department of Risk Management and Insurance in the Robinson College of Business jointly offer a dual degree program that links the BS in Mathematics and the Master of Science in Mathematical Risk Management. The program is designed to take five years. In general, at the end of the fourth year, a student will receive a Bachelor of Science in Mathematics with Concentration in Mathematical Risk Management; at the end of the fifth year, the student will receive a Master of Science in Risk Management and Insurance with a Mathematical Risk Management emphasis. The program requires application. The undergraduate portion meets the requirements of a Bachelor of Science in Mathematics even if a student does not proceed with the graduate portion of the program.

Admission Requirements

The BS-Mathematics/ Master of Science in Mathematical Risk Management (BS-Math/ MSMRM) option will in general be available to BS-Math undergraduates who have completed at least 30 hours of academic credit at Georgia State University (excluding AP or transfer credits) and who have earned a minimum cumulative who have earned a minimum cumulative GPA of 3.5 at Georgia State. Students seeking acceptance into the program should complete the dual degree application form, available from the department of Mathematics and Statistics and the A&S Office of Academic Assistance.

Acceptance into the dual degree opportunity does not constitute admission into the Robinson College of Business graduate program. Final acceptance into the MSMRM portion of the program will be contingent upon the following:
1. Maintaining a satisfactory cumulative GPA at Georgia State
2. Submission of satisfactory GMAT scores
3. Filing an application to the MSMRM program in the Robinson College by the appropriate deadline

Program Degree Requirements: Undergraduate (120)

Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. 6. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)

Area F: Courses Appropriate to the Major Field (18)

1. Required courses: Select the course(s) not taken in Area A or D.
   - MATH 2211 Calculus of One Variable I (4)
   - MATH 2212 Calculus of One Variable II (4)
   - MATH 2215 Multivariate Calculus (4)
   - MATH 2420 Discrete Mathematics (3)
   - ECON 2105 Macroeconomics (3)
   - ECON 2106 Microeconomics (3)
2. Select additional courses to complete 18 hours in Area F:
   - CSC 2010, CSC 2310, ACCT 2101, ACCT 2102

A minimum of 60 core hours is required.

Area G: Major Courses (33)

1. Required courses to fulfill CTW requirement (6)
   - MATH 3000 Bridge to Higher Mathematics (3)
   - MATH 4991 Senior Seminar (3)
2. Required courses (27)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4211 Optimization (3)
   - MATH 4435 Linear Algebra (3)
   - MATH 4661 Analysis I (3)
   - MATH 4662 Analysis II (3)
   - MATH 4610 Numerical Analysis I (3)
   - MATH 4620 Numerical Analysis II (3)
   - MATH 4751 Mathematical Statistics I (3)
   - MATH 4752 Mathematical Statistics II (3)

Area H: Electives and Foundation Courses (27)

1. Mathematics electives (18)
   - Select additional 3000/4000-level mathematics courses, of which three hours at most may be
at 3000 level (excluding Math 3030, 3050, 3070, and 3090).

2. Courses to satisfy foundation requirements for the business degree (9)
   - RMI 3750 Risk Modeling (3)
   - MBA 8025 Financial Statement Analysis (3)
   - MBA 8135 Corporate Finance (3)

Program Degree Requirements: Graduate (30)

1. Required courses (27)
   - FI 8000 Valuation of Financial Assets (3)
   - MRM 8320 Stochastic Risk Management Models (3)
   - MRM 8600 Theory of Risk Sharing (3)
   - MRM 8610 Financial Engineering (3)
   - MRM 8620 Quantitative Financial Models (3)
   - MRM 8630 Stochastic Interest Rate Models (3)
   - RMI 8370 Financial Risk Management (3)
   - ECON 8750 Econometrics I (3)
   - ECON 8780 Financial Econometrics (3)

2. One MRM elective (3).
Programs Offered:

- Bachelor of Interdisciplinary Studies with a Concentration in Middle East Studies
- Minor in Middle East Studies
- Minor in Arabic Language and Literature

Middle East Institute
34 Peachtree St., 20th Floor
404/413-6140
www.gsu.edu/mideast

Michael Herb, Director

The Middle East Institute offers an interdisciplinary major in Middle East Studies, a minor in Middle East Studies and a minor in Arabic. The major is ideal for students who want a well-rounded understanding of the Middle East along with the opportunity to study languages of the region. Students take courses on the Middle East in a variety of disciplines, including history, political science, religious studies, communication and women’s studies. Each student selects the specific courses included in his or her program of study in consultation with an MEI adviser. The MES major prepares students for graduate school or for careers in government, business, the non-profit sector or the military. If interested, please contact Dr. Michael Herb, director of the Middle East Institute at herb@gsu.edu.

MEI faculty offer courses in three Middle Eastern languages: Arabic, Hebrew and Turkish. Summer intensive courses are offered in some languages. The MEI encourages students to take advantage of study abroad opportunities to deepen their knowledge of the culture and languages of the Middle East.

The MEI sponsors a dynamic set of activities outside the classroom, including a lecture series and cultural activities, focused on achieving greater understanding of the rich and varied cultures of the Middle East. Arabic and Turkish coffee hours are a great way for students to engage with other students and faculty and experience Middle East culture. For more information visit: www.gsu.edu/mideast.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation. Application materials can be obtained from the Office of Academic Assistance (404/413-5000) or on the Middle East Institute’s website: www.gsu.edu/mideast.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences
Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

B.I.S. with a Concentration in Middle East Studies

3430 Military Science and Leadership

Program Offered:

- Minor in Advanced Leadership and Management
  - Concentration in Human Behavior
  - Concentration in Military History
  - Concentration in Management
  - Concentration in National Security Studies

Department of Military Science and Leadership
120 Courtland Building
404/413-6487
www.gsu.edu/rotc

The Department of Military Science and Leadership, most often referred to as the Reserve Officer's Training Corps (ROTC), develops leadership and problem solving skills training, through hands-on training and classroom instruction by experienced, active-duty Army officers and non-commissioned officers. Students learn the necessary skills to become successful civilian or military professionals. Students apply leadership, organizational and personnel management skills in a variety of challenging environments. Qualified students may obtain a commission as a Second Lieutenant, with the opportunity to serve as either full time in the active Army, or full or part time in the National Guard or U.S. Army Reserve. Students may also compete for two, three, or four year ROTC scholarships.

The basic courses (MSL 1000 and 2000 series) are normally taken in the freshman and sophomore years. Contracted students in the basic course are paid $300-350 per month while enrolled. Successful completion of the basic course gives students the credentials necessary for enrollment in the advanced course. The advanced course (MSL 3000 and 4000 series) is taken during the final two years of college and includes an advanced summer training between the junior and senior years. Students in the advanced program are paid $450-500 per month while enrolled, and earn a salary for all summer internships.

Army ROTC offers opportunities for scholarships for the full amount of tuition and fees or for room and board up to $10,000. Students may apply for two, three and four year scholarships. Each contracted cadet receives a tax free allowance each month classes are in session. The allowance increases each year: $300 per month during the student’s freshman year, $350 per month during the sophomore year, $450 per month during the junior year, and $500 per month during the senior year. Army ROTC scholarships are awarded on the basis of merit. Family income has no bearing on eligibility for an award. For more details, contact the scholarship advisor at the ROTC department at 404/413-6492.

Nursing

GSU Army ROTC also offers a unique scholarship opportunity for School of Nursing students. These scholarships cover full tuition, books and fees, and provide a monthly allowance. Two, three, and four-year scholarships are available for all qualified nursing majors. Contact the scholarship advisor at the ROTC department at 404/413-6492.

Veterans
Students with prior military experience can fulfill credit requirements for the ROTC basic course. If credit is granted, and provided the student is not on a three year Army ROTC scholarship, veterans may bypass the freshman and sophomore years of ROTC and enroll directly in the advance course. In addition to any financial assistance from ROTC veterans are still qualified to receive any and all GI Bill, Army College Fund, or VEAP benefits to which they are entitled.

Simultaneous Membership Program

Students may take advantage of the Simultaneous Membership Program (SMP), which allows participation in ROTC and enlistment in the Army National Guard or Reserve at the same time. SMP students serve as officer trainees in a Guard or Reserve unit and perform duties commensurate with the grade of Second Lieutenant. SMPs are paid at the rate of at least a Sergeant E-5 for Guard or Reserve service.

Program Degree Requirements

W. Dwight Coleman, Director
Robert Ambrose, Associate Director and Undergraduate Director

The mission of the School of Music is to provide a comprehensive, rigorous, and innovative academic program that is consistent with the urban context and mission of Georgia State University and that serves the pursuit of artistic, professional, and scholarly excellence through experiences of lasting value for all stakeholders.

The School of Music meets this mission by providing all university students with courses designed to help them understand and enjoy music, and by offering Bachelor of Music and Bachelor of Science degrees that prepare students for careers in music or further study at the graduate level. The undergraduate degrees in music include specializations in performance, music education, music composition, jazz studies, music technology (recording), and music management. In addition to courses and degree programs, the School of Music offers concerts, recitals, lectures, and workshops that are open to all students and the community.

The School of Music is an accredited institutional member of the National Association of Schools of Music. It participates in the Honors program and offers Honors courses in music. The School of Music also offers scholarships that are awarded to students based on their musical merit and academic achievement.

The School of Music is located in the historic Fairlie-Poplar District in downtown Atlanta. Four buildings comprise the Music Complex: the Haas-Howell Building at 75 Poplar Street; the Rialto Center for the
Performing Arts at 80 Forsyth Street; the Standard Building at 92 Luckie Street; and the Aderhold Learning Center at 60 Luckie Street, which houses instrumental and choral rehearsal halls. Some classes are held in the Arts and Humanities Building at 10 Peachtree Center Avenue. Chamber music, faculty, and student recitals are presented in the Kopleff Recital Hall in the Art and Humanities Building. Large ensembles perform throughout the academic year in the Rialto Theater, a 850-seat, state-of-the-art performance venue. The administrative offices are on the fifth floor of the Haas-Howell Building.

Program Admission

Applicants to the School of Music must meet the entrance requirements of both the School of Music and those of Georgia State University. Please refer to the Undergraduate Admissions section of this catalog for information concerning admission requirements to the university.

Individuals who wish to apply for admission to the School of Music should complete the School of Music application www.music.gsu.edu/forms/application.aspx. An audition is required for admission to all programs, including the Bachelor of Science program in music management.

Admission to the School of Music is based on (1) the level of performance skill demonstrated in the audition, (2) the availability of openings in the various performing areas.

Students who have been absent from the School of Music for twelve consecutive months must re-audition for reentry.

Audition Requirements

The audition requirements are determined by the applicant’s instrument and are not tied to the program of study. These requirements can be found on the School of Music website at www.music.gsu.edu/undergradauditionrequirements.aspx

Program Financial Information

All applicants to the School of Music are automatically considered for talent-based scholarships. Program fees include locker, laboratory, and recital expenses associated with certain programs, classes, and degree requirements. Every student registering for an Applied Music course will be charged an Applied Music fee. For each 1000 or 6000-level Applied Music course, a $75.00 fee will be charged. For all other Applied Music courses, a $150.00 fee will be charged.

Program Academic Regulations

Undergraduate music degrees (B. Mus and B.S.) require students to take general education courses in the sciences and humanities, courses in musical foundations, and courses in a concentration of their choice. Foundation courses include music performance, piano, music theory, and music history/literature. In addition to foundation courses, students must complete courses in a concentration. Available concentrations for the B. Mus degree are: performance, composition, music technology (recording), music education, and jazz studies. The music management curriculum leads to a B.S. degree. Some concentrations have specializations that are detailed below.
Advisement

After successful audition, entering students should meet with the Admissions and Enrollment Coordinator of the School of Music to receive initial advisement. The student will then be assigned to a faculty advisor. Students should meet with their faculty advisor every semester. Students seeking to change their concentration should see the Admissions and Enrollment Coordinator of the School of Music.

Explanation of Applied Music Levels

Applied music consists of individual or small-group performance instruction in a student’s principal performing medium. All music majors must study applied music as part of their degree programs.

- 1000 level: Introductory. May be used by students who are admitted to the School of Music but who wish to study in a secondary area. With permission, introductory level courses may also be used by music minors or approved non-majors. 1000 level applied music classes are not applicable to degree requirements in a student’s principal performing medium. Authorization is required. One credit hour per semester; one half-hour lesson each week.
- 1001/1002 level: Freshman level. One credit hour per semester; one hour lesson per week.
- 2001/2002 level: Sophomore level. One or two credit hours per semester; one hour lesson per week.
- 3001/3002 level: Junior level. One to three credit hours per semester; one hour lesson per week.
- 4001/4002 level: Senior level. One to three credit hours per semester; one hour lesson per week.

Musical Ensembles

Musical ensembles (choral groups, jazz ensembles, orchestra, and wind ensembles) are open to all Georgia State University students by audition. Non-music majors should contact the School of Music or the appropriate ensemble director for information on scheduling a pool audition.

Every student who is registered for applied music is required to enroll concurrently in a conducted ensemble. A music student may be required to perform in more than one ensemble. Factors considered in making assignments will include the specific needs and abilities of the student and the requirements of the various ensembles.

All music majors (with the exception of music education) are required to complete a minimum of eight credit hours of ensemble. Only one credit hour of ensemble per semester may be applied to the total. Assignments to specific ensembles are made each fall semester through “pool” auditions. Students are required to perform in those ensembles to which they are assigned. Students in the jazz studies concentration may count four credit hours of jazz band toward the eight required credit hours of large ensemble.

The Applied Cluster

Music students who register for applied music must also register for both chamber music/performance laboratory and a large ensemble. These activities are collectively known as the Applied Cluster. Students may be required to participate in studio classes, labs, and/or master classes as required by applied instructors.
Concert Attendance (Mus 1100)

Music majors must successfully complete six semesters of concert attendance (MUS 1100). MUS 1100 is a zero credit hour course. Credit may be granted to transfer students for documented concert attendance requirements at prior institutions.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements and the University Degree Requirements.

Admission to a Concentration

Music students must pass a qualifying examination for entrance to their concentration during their fourth semester of applied study. Information about qualifying examinations is available from the School of Music office.

Music education faculty evaluate each music education student prior to student teaching in order to determine their qualifications.

These qualifications are (1) an overall GPA of 2.5 or above, (2) a GPA of at least 2.5 in all music courses, (3) grades of C or higher in all of the courses in the concentration, and (4) grades of B or higher in all music education methods courses. Music education students must also demonstrate teaching competence as determined by the music education faculty and must demonstrate a record of professional attributes and personal behaviors suitable for placement in a school with children.

Application for Entry to Teacher Education

Music education majors must file a formal application for entry into teacher education using the form available on the College of Education’s website or supplied by the music education faculty. Students must apply for entry into teacher education concurrent with their applications for practicum/internship (MUS 4260 or 4310). This normally occurs upon completion of 60 hours of course work, including courses required in Areas A through D and EDUC 2110. Students must have passed the GACE I (a test of basic reading, writing, and mathematics skills) and Regents’ exams.

Double-Numbered Courses

Students may only receive credit for one level of a double-numbered course, with the exception of courses for which they are required to register in more than one semester.

B.Mu. in Music

Areas A-E: Core Curriculum Recommendations

1. Area C: It is recommended that Bachelor of Music students complete three hours of Fine Arts with a lower-division music appreciation courses.
Area F: Courses Related to the Major (18)

1. Required Courses (12)
   - MUS 1440 Theory I (3)
   - MUS 1450 Theory II (3)
   - MUS 1540 Aural Skills I (1)
   - MUS 1550 Aural Skills II (1)
   - MUS 10xx Appropriate large ensemble (1) (4 semesters)

2. Applied Lessons (four semesters) (6)
   Select one of the following combinations:

   - Applied Music 1001 (1), Applied Music 1002 (1), Applied Music 2001 (1), Applied Music 2002 (1) and Group Instruction in Piano (1) (two semesters) or
   - Applied Music 1001 (1), Applied Music 1002 (1), Applied Music 2001 (2) and Applied Music 2002 (2)

The concentration descriptions below include the 18 hours used in Area F as indicated above.

Ensembles

Please note that students are assigned to appropriate ensembles by pool audition at the beginning of every Fall and Spring semester. Appropriate large ensembles include the following:

- MUS 1060/MUS 3060 Wind Ensemble (1)
- MUS 1061/MUS 3061 Wind Orchestra (1)
- MUS 1070/MUS 3070 Orchestra (1)
- MUS 1080/MUS 3080 Men’s Chorus (1)
- MUS 1080A/MUS 3080A University Singers (1)
- MUS 1082/MUS 3082 Women’s Chorus (1)

Required Courses to fulfill CTW requirement (6)

- MUS 4810 Music History from the Classical Period to the Present-CTW (3)
- MUS 4820 World Music-CTW (3)

* With permission, music management students may substitute two credits of Applied Music 1001/2001 with Mus 2710 and 2720, Mus 1730 and 1740, or Mus 1750 and 1760.

Minor in Music

The School of Music offers a minor in music with either an emphasis in general music studies or in music management. A background in music is helpful but not necessary. The minor requires 18 semester hours of course work in music, 9 of which must be at the 3000-4000 level. Required courses include music theory, music history, performance, and electives. Certain prerequisites may not count toward the requirements for the minor. Interested students should contact the School of Music at 404/413-5900 for further information. An advising appointment is required before students may accumulate credits toward the minor.
3445 Neuroscience

Programs Offered:

- Bachelor of Science in Neuroscience
  - Pre-Medical Concentration
- Minor in Neuroscience

Neuroscience Institute
Georgia State University

Eddy Nahmias, Undergraduate Committee

Neuroscience is interdisciplinary, as shown by our faculty and the major course offerings. Faculty are drawn from twelve departments, including Biology, Chemistry, Computer Science, Education, Law, Mathematics and Statistics, Neuroscience, Nursing, Philosophy, Physics and Astronomy, and Psychology (see neuroscience.gsu.edu/1476.html for a full list). They will teach courses in cell and molecular neuroscience, computational neuroscience, neuroethology (animal behavior), drugs and the nervous system, and medical neuroanatomy, among many others. For advisement questions, students should contact the Undergraduate Administrator (404/413-3566) who will help connect them with an appropriate faculty adviser.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Neuroscience

Areas A-E: Core Curriculum Recommendations

1. Recommended course in Area A:
   - MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. Recommended course in Area B:
   - PHIL 1010 Critical Thinking (2)
3. Recommended course in Area D:
   - Either: [Phys 1111K] Introductory Physics I (4) and PHYS 1112K Introductory Physics II (4)
   - or: PHYS 2211K Principles of Physics I (4) and PHYS 2212K Principles of Physics II (4)
4. Area D Math requirement:
Any one math course not taken in Area A from the following choices: Math 2201 (4), 2202 (4), or any comparable higher-level math.

**Area F: Courses Appropriate to the Major (18)**

1. Required Courses (16 hours):
   - BIOL 2107K Principles of Biology I (4)
   - BIOL 2108K Principles of Biology II (4)
   - CHEM 1211 Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)

   **Students who decide to major in Neuroscience after completing BIOL 1103K may use BIOL 1103K for credit toward Area F if they complete BIOL 2108K and BIOL 2800 before enrolling in major courses (Area G)**

   ***Students who decide to major in Neuroscience after completing BIOL 1103K and BIOL 1104K may use these courses for credit toward Area F if they complete BIOL 2800 before enrolling in major courses (Area G).***

2. Recommended Courses to complete Area F (2 hours)
   - ANTH 2010 Introduction to Biological Anthropology (3)
   - BIOL 2240 Human Physiology (3)
   - NEUR 2500 Neurobiology and Behavior (2) Cross-listed with Biol 2500)
   - BIOL 2800 Introduction to Molecular Biology (2)
   - CHEM 2010 Introduction to Quantitative Analysis (2)
   - CHEM 2400 Organic Chemistry I (4)
   - PHIL 2010 Introduction to Philosophy (3)
   - PSYC 1100 Natural Aspects of Psychology (2)
   - PSYC 2050 Introduction to Drugs and Behavior (3)
   - PSYC 2080 Sex, Evolution, and Human Behavior (3)

**Area G: Major Courses (36 hours) (A grade of C or better is required in all area G courses)**

1. Neuroscience Core Requirements (15 hours)
   - NEUR 3000 Principles of Neuroscience (4)
   - NEUR 3010 Neuroscience Laboratory (4) (lab)
   - NEUR 3020 The Scientific Method in Neuroscience (4) (CTW)
   - NEUR 4910 Topics in Neuroscience (3) (CTW)

2. Neuroscience Electives (at least 9 hours from the following list of courses, including 6 hours from courses with the NEUR prefix)
   - NEUR 4100/BIOL 4094 Developmental Neurobiology (4)
   - NEUR 4115/BIOL 4115 Medical Neuroanatomy (4)
   - NEUR 4130/BIOL 4130/PSYC 4130 Sensation and Perception (3)

Pre-Medicine Concentration

A pre-medicine concentration is available for B.S. in Neuroscience majors. Please contact the Undergraduate Advisor of the NI for further information.

Pre-med students are also required to take:

- CHEM 2400 Organic Chemistry I (4)
- CHEM 3410 Organic Chemistry II (4)
- CHEM 3100 Organic Chemistry Laboratory I (2)
- CHEM 3110 Organic Chemistry Laboratory II (2)
- CHEM 4600 Biochemistry (5)

Minor in Neuroscience

Students who wish to minor in Neuroscience must take Neur 3000 Principles in Neuroscience and at least 12 additional hours in Neuroscience courses (any courses with Neur prefix). A grade of C or higher is required in all courses counting toward the minor.

Area H: Minor and Additional Courses

1. Students majoring in Neuroscience are encouraged, but not required, to take a minor.
2. Students majoring in Neuroscience must take additional courses as electives to complete 120 hours. Students are encouraged to choose electives from the lists above.
Programs Offered:

- Bachelor of Arts in Philosophy
  - Concentration in Pre-Law
- Minor in Philosophy
- Minor in Ethics

Department of Philosophy
34 Peachtree St., Suite 1100
404/413-6100
www.gsu.edu/philosophy

George Rainbolt, Chair
Eddy Nahmias, Director of Undergraduate Studies

Philosophy is the study of what exists, how we know, and how to live. Students of philosophy consider questions about the scientific method, human nature, justice, God, art, and the meaning of life. Philosophy majors develop the intellectual abilities to think critically and to write effectively. They learn to apply these valuable skills in other disciplines, in their career, and in their life. Because philosophy deals with fundamental questions and explores methods for answering them, it is highly interdisciplinary, connecting to every other discipline in the university curriculum. Hence, philosophy is an ideal double major or minor. Philosophy prepares students for careers and graduate programs that value the abilities to solve problems, to communicate clearly, to learn new skills, and to use new knowledge. It is an excellent major for a wide range of careers, including law, government, the sciences, medicine, public service, education, religion, and business.

The Department of Philosophy offers a B.A. in Philosophy and B.A. in Philosophy with a Pre-Law Concentration, as well as minors in Philosophy and in Ethics. Majors are urged to consult with their advisers in order to prepare the course of study most appropriate to their individual interests and needs. The Department maintains an extensive website, www.gsu.edu/philosophy.

We have streamlined our initial description of the major. We apologize for the extensive cut and paste as indicated here.

Program Academic Regulations

A 2000 or 3000-level philosophy course is a prerequisite for all 4000-level philosophy courses. Majors are strongly urged to take Phil 2010 and Phil 3000 before taking 4000-level courses.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Philosophy
Areas A-E: Core Curriculum Recommendations

1. Area B: The Department recommends that philosophy majors take PHIL 1010 in Area B.

Area F: Courses Appropriate to the Major (18)

1. Required Courses (8-9)
   - PHIL 2010 Introduction to Philosophy (3)
   - PHIL 1010 Critical Thinking (2) or
   - PHIL 2500 Introduction to Symbolic Logic (3) (Recommended and required for Graduation with Distinction.)
   - Lang 1002 Elementary Foreign Language II (3)

2. Select additional 1000/2000-level courses from core curriculum Areas B, C, D, or E to complete the 18 hours required in Area F.

Area G: Major Courses (27)

A grade of C or higher is required in all major courses.

To satisfy the requirements for the B.A. degree with a major in philosophy, students must take a total of 27 semester hours in philosophy courses at the 3000 level or above, including the following distribution requirements:

1. CTW Requirements (6)
   - PHIL 3000 Introductory Seminar in Philosophy-CTW (3)
   - PHIL 4990 Senior Seminar in Philosophy-CTW (3)

2. History of Philosophy Requirements (6)
   - PHIL 3010 History of Western Philosophy I: Ancient and Medieval (3)
   - PHIL 3020 History of Western Philosophy II: Modern (3)

3. Value Theory Requirement: Select at least one of the following courses. (3)
   - PHIL 4700 Ethics (3)
   - PHIL 4720 Environmental Ethics (3)
   - PHIL 4740 Advanced Biomedical Ethics (3)
   - PHIL 4750 Topics in Ethics (3)
   - PHIL 4760 Ethics and Contemporary Public Policy (3)
   - PHIL 4770 Moral Psychology (3)
   - PHIL 4780 Neuroethics (3)
   - PHIL 4800 Social and Political Philosophy (3)
   - PHIL 4820 Philosophy of Law (3)
   - PHIL 4830 Philosophy of Art (3)
   - PHIL 4855 Advanced Topics in Political Theory (3)
   - PHIL 4860 Feminist Philosophy (3)
   - PHIL 4890 Topics in Social and Political Philosophy (3)

4. Metaphysics and Epistemology Requirement: Select at least one of the following courses. (3)
   - PHIL 4100 Epistemology (3)
   - PHIL 4130 Philosophy of Science (3)
5. Three more philosophy courses (9 hours) at the 3000 or 4000-level
   - Students preparing to apply to graduate programs in philosophy are encouraged to take the
     following courses while completing the normal requirements:
   - PHIL 4100 Epistemology (3)
   - PHIL 4300 Metaphysics (3)
   - PHIL 4700 Ethics (3)

B.A. in Philosophy with a Pre-Law Concentration

Area A-F requirements are the same for the B.A. in Philosophy and the B.A. in Philosophy with a Pre-Law Concentration

Areas A-E: Core Curriculum Recommendations

1. Area B: The department recommends that philosophy majors take PHIL 1010 to satisfy an Area B.

Area F: Courses Appropriate to the Major (18)

1. Required Courses (9)
   - PHIL 2010 Introduction to Philosophy (3)
   - PHIL 1010 Critical Thinking (2) or
   - PHIL 2500 Introduction to Symbolic Logic (3) (Recommended and required for Graduation
   with Distinction. This course can improve performance on LSAT.)
   - Lang 1002 Elementary Foreign Language II (3)
2. Recommended Courses
   - ECON 2105 Macroeconomics (3)
   - ECON 2106 Microeconomics (3)
   - SOCI 1101 Introductory Sociology (3)
3. Select additional 1000/2000 level courses from core curriculum Areas B, C, D, or E to complete the
   18 hours required in Area F.

Area G: Major Courses (27-28)

A grade of C or higher is required in all major courses. To satisfy the requirements for the B.A. degree with
a major in philosophy with a pre-law concentration, students must take a total of 27 semester hours at the
3000 level or above, including the following distribution requirements:

1. CTW Requirements (6)
   - PHIL 3000 Introductory Seminar in Philosophy-CTW (3)
   - PHIL 4990 Senior Seminar in Philosophy-CTW (3)
2. History of Philosophy Requirements (6)
PHIL 3010 History of Western Philosophy I: Ancient (3)
PHIL 3020 History of Western Philosophy II: Modern (3)

3. Value Theory Requirement: Select at least one of the following courses. (3)
   - PHIL 4700 Ethics (3)
   - PHIL 4720 Environmental Ethics (3)
   - PHIL 4740 Advanced Biomedical Ethics (3)
   - PHIL 4750 Topics in Ethics (3)
   - PHIL 4760 Ethics and Contemporary Public Policy (3)
   - PHIL 4770 Moral Psychology (3)
   - PHIL 4780 Neuroethics (3)
   - PHIL 4790 Topics in Neuroethics (3)
   - PHIL 4800 Social and Political Philosophy (3)
   - PHIL 4830 Philosophy of Art (3)
   - PHIL 4855 Advanced Topics in Political Theory (3)
   - PHIL 4860 Feminist Philosophy (3)
   - PHIL 4890 Topics in Social and Political Philosophy (3)

4. Metaphysics and Epistemology Requirement: Select at least one of the following courses. (3)
   - PHIL 4100 Epistemology (3)
   - PHIL 4130 Philosophy of Science (3)
   - PHIL 4150 Topics in Epistemology (3)
   - PHIL 4300 Metaphysics (3)
   - PHIL 4330 Philosophy of Mind (3)
   - PHIL 4340 Philosophy and Cognitive Science (3)
   - PHIL 4350 Topics in Metaphysics (3)
   - PHIL 4530 Philosophy of Language (3)

5. PHIL 4820 Philosophy of Law (3)

6. One more philosophy course (3 hours) at the 3000 or 4000-level.

7. One of the following courses (3-4)
   - AAS 3070 African-Americans in the Criminal Justice System (3)
   - HIST 3900 Human Rights in Historical Perspective (4)
   - HIST 4240 American Labor and Working Class (4)
   - HIST 4460 Bill of Rights (4)
   - HIST 4470 Legal and Constitutional History (4)
   - HIST 4532 Crime, Law, and Society in Early Modern Europe (4)

   - POLS 4220 Comparative Legal Systems and Politics (3)
Other law-related 3000 level or 4000-level courses (in any College) approved *in advance* by the Philosophy Pre-Law Advisor. No courses will be approved after a student has enrolled in the course.

**Graduation with Distinction**

To graduate with distinction in the Philosophy major, the student must have excelled in his or her philosophy courses and undergraduate career. For a student to earn Graduation with Distinction, the student must have at least a 3.5 GPA in the major and 3.5 GPA overall, must have taken Phil 2500 (Introduction to Symbolic Logic), and must be in good academic standing. Rare exceptions may be made by faculty vote.

**Minor in Philosophy**

Students who wish to minor in Philosophy must take at least 15 hours in courses in philosophy, including at least nine semester hours at the 3000 or 4000-level. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

Misty Bentz, Undergraduate Director in Astronomy

All degree programs described below are built on a core of 21 semester hours of physics numbered 3300 or above and 3 semester hours of mathematics at the 3000 level. The standard program is designed to prepare the student for graduate school or immediate employment upon graduation. Students selecting the standard program must complete 21 semester hours of physics, astronomy and mathematics beyond the core set of physics and mathematics courses listed below. As an alternative to the standard program, courses in one of several specific areas of concentration may be chosen as described below. The available areas of concentration are applied physics, astronomy, pre-medicine, biophysics, geology, computer science, and education.

A central objective of Georgia State University is that all graduates from its programs will be proficient in writing, critical and analytical thinking, and use of information resources. In support of this objective, the Department of Physics and Astronomy explicitly incorporates activities to develop these skills as appropriate in each course.

To schedule an effective program of study, it is very important that all students intending to major in physics consult with the physics faculty adviser as soon as possible. Physics majors are strongly encouraged to complete Phys1000 in their first Fall semester. Phys1000 is also appropriate for students considering physics and astronomy. Physics majors should pay special attention to the early completion of the mathematical requirements if they are to complete their physics requirements during the usual four-year span. The first calculus course should be taken during the freshman year, and the second and third calculus courses should be completed during the sophomore year. The department recommends that General

457
Chemistry I and II be taken during the freshman year. The beginning physics sequence (Physics 2211K-2212K) should be completed before the end of the sophomore year. Students who enter the physics major after completing a non-calculus level elementary physics sequence should consult with their departmental adviser on the best method of preparing for more advanced courses in physics.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Physics

Areas A-E: Core Curriculum Recommendations

1. Required course:
   - MATH 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
   - MATH 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)
3. Recommended courses:
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)

Area F: Courses Appropriate to the Major (18)*

1. Required Course
   - PHYS 1000 Gateway to Physics (2)
2. Required Courses (Unless used to satisfy Area D requirements)
   - PHYS 2211K Principles of Physics I (4)
   - PHYS 2212K Principles of Physics II (4)
   - CHEM 1211K Principles of Chemistry I (4)
   - CHEM 1212K Principles of Chemistry II (4)
   - MATH 2212 Calculus of One Variable II (4)
   - MATH 2215 Multivariate Calculus (4)*
3. To complete 18 semester hours in Area F, select additional courses from the following list that were not used to satisfy the Area A or D requirements.*
   - ASTR 1010 Introduction to the Universe (4)
   - ASTR 1020 Astronomy of the Solar System (4)
   - BIOL 1103K Introductory Biology I (4)
   - BIOL 1104K Introductory Biology II (4)
   - BIOL 1107K Principles of Biology I (4)
   - BIOL 1108K Principles of Biology II (4)
   - CSC 2010 Introduction to Computer Science (3)
   - CSC 2310 Principles of Computer Programming (3)
   - CSC 2510 Theoretical Foundations of Computer Science (3)
   - GEOL 1121K Introductory Geosciences I (4)
   - GEOL 1122K Introductory Geosciences II (4)
   - EDUC 2110 Investigating Critical and Contemporary Issues in Education (3)
EDUC 2120 Exploring SocioCultural Perspectives on Diversity in Educational Contexts (3)
EDUC 2130 Exploring Learning and Teaching (3)

*Required Lower Division Courses*

All students majoring in physics must complete the following set of courses: Phys 1000, 2211K, 2212K, Chem 1211K, 1212K, Math 2212, and 2215. Any semester hours exceeding 18 earned to complete the lower division and Area F requirements will count toward elective hours.

**Area G: Major Courses**

A grade of C or higher is required in all major courses. The Department of Physics and Astronomy offers several concentrations within the B.S. in Physics degree program. The standard program is recommended for those who plan to pursue graduate study in physics. Other options include concentrations in applied physics, astronomy, pre-medicine, biophysics, geology, computer science, and education. Course requirements listed below for each of the options are in addition to the courses listed under Area F and the required lower division courses listed above. The standard program and all concentrations are centered on the 21-hour core of physics courses and the three-hour core of mathematics courses listed below.

**Physics and Mathematics Core (24)**

1. **Required Courses to Fulfill CTW Requirement (6)**
   - PHYS 3300 Advanced Physics Laboratory-CTW (3)
   - PHYS 4900 Research Project-CTW (3)
2. **Additional Physics Requirements (15)**
   - PHYS 3401 Modern Physics I (4)
   - PHYS 3850 Statistical and Thermal Physics (3)
   - PHYS 4600 Classical Mechanics (4)
   - PHYS 4700 Electricity and Magnetism (4)
3. **Mathematics Requirements (3)**
   - MATH 3260 Differential Equations (3)

**Standard Program in Physics (21)**

To meet the requirements for the degree with the standard program, the core set of physics and mathematics courses must be completed along with additional physics and mathematics courses as described below:

1. **Required course (9)**
   - PHYS 3402 Modern Physics II (3)
   - MATH 4258 Vector Calculus (3)
   - MATH 4265 Partial Differential Equations (3)
2. **Physics and Astronomy Courses. Select nine hours from the following (9):**
   - PHYS 3500 Electronics (3)
   - PHYS 3800 Optics (3)
   - PHYS 4110 Introduction to Embedded Systems Laboratory (4)
   - PHYS 4340 Neurophysics (3)
Applied Physics Concentration (21)

In addition to the core courses in physics and mathematics, the applied physics concentration allows courses from other sciences and engineering to complete the program in physics-related areas. Engineering courses are available through cross registration at the Georgia Institute of Technology. At least 18 semester hours must be completed at the 3000 level or above, and at least nine semester hours must be selected from science and/or engineering courses offered by other departments. **The overall program must be developed in consultation with a faculty adviser within the Department of Physics and Astronomy.**

Astronomy Concentration (21)

In addition to the core set of physics and mathematics courses, the astronomy concentration consists of 10 semester hours in astronomy courses (Astr 3500, 4000, and 4100), and others from the list below, to complete the requirements for the degree. (Although not a requirement, the department recommends that students take Astr 1010 and/or Astr 1020 before the junior year.)

1. Required courses (10)
   - ASTR 3500 Quantitative Astronomy (4)
   - ASTR 4000 Fundamentals of Astrophysics (3)
   - ASTR 4100 Astronomical Techniques and Instrumentation (3)

2. Physics, Mathematics, and Computer Science Courses. Select eleven hours from the following or other courses approved by the undergraduate director (11)
   - PHYS 3402 Modern Physics II (3)
   - PHYS 3500 Electronics (3)
   - PHYS 3800 Optics (3)
   - PHYS 4110 Introduction to Embedded Systems Laboratory (4)
   - PHYS 4340 Neurophysics (3)
   - PHYS 4410 Nuclear and Particle Physics (3)
   - PHYS 4710 Functional Neuroimaging (3)
   - PHYS 4810 Quantum Mechanics (3)
   - PHYS 4910 Solid State Physics (3)
   - PHYS 4950 Senior Research (1-3)
   - CSC 4610 Numerical Analysis I (3)
MATH 3435 Introductory Linear Algebra (3)
MATH 4250 Complex Analysis (3)
MATH 4258 Vector Calculus (3)
MATH 4265 Partial Differential Equations (3)
MATH 4391 Introduction to Differential Geometry and Its Applications (3)

Pre-Medicine Concentration (21)

In addition to the core set of physics and mathematics courses, the pre-medicine concentration allows courses from biology and chemistry to complete the requirements for the degree. The concentration also provides the set of physics, chemistry, and biology courses required for admission to most medical schools. Note that BIOL 2107K and BIOL 2108K are prerequisites for BIOL 3800 and other upper-division biology courses.

1. Required Chemistry courses (12)
   - CHEM 2400 Organic Chemistry I (4)
   - CHEM 3410 Organic Chemistry II (4)
   - CHEM 3100 Organic Chemistry Laboratory I (2)
   - CHEM 3110 Organic Chemistry Laboratory II (2)

2. Required Biology course. Select one of the following (3):
   - BIOL 3240 Human Physiology (3)
   - BIOL 3800 Molecular Cell Biology (3)

3. Electives. Select six hours from the following or other courses approved by the undergraduate director (6):
   - BIOL 3240 Human Physiology (3) (unless used above)
   - BIOL 3250 Human Physiology Laboratory (1)
   - BIOL 3800 Molecular Cell Biology (3) (unless used above)
   - BIOL 3810 Molecular Cell Biology Laboratory-CTW (3)
   - BIOL 3880 Microbiology (3)
   - BIOL 3890 Microbiology Laboratory (1)
   - BIOL 3900 Genetics (3)
   - BIOL 3910 Genetics Laboratory (1)
   - CHEM 4600 Biochemistry I (5)
   - NEUR 3000 Principles of Neuroscience (4)
   - NEUR 3010 Neuroscience Laboratory (4)
   - NEUR 4030 Computational Neuroscience (4)
   - PHYS 4340 Neurophysics (3)
   - PHYS 4710 Functional Neuroimaging (3)
   - MATH 4258 Vector Calculus (3)
   - MATH 4265 Partial Differential Equations (3)

Biophysics Concentration (21)

In addition to the core set of physics and mathematics courses, the biophysics concentration allows biology and chemistry courses to complete the requirements for the degree. The courses should be chosen from the list below and provide background in several areas including biochemical, biomolecular, and neural sciences. This concentration provides excellent preparation for advanced study in biological physics and for
admission to M.D./Ph.D. programs. Note that Biol 2107K and 2108K are prerequisites for Biol 3800 and other upper-division biology courses.

1. Required courses (7)
   - BIOL 3800 Molecular Cell Biology (3)
   - CHEM 2400 Organic Chemistry I (4)

2. Select 14 hours from the following or other courses approved by the undergraduate director. Note that CHEM 3410, Organic Chemistry II, is a prerequisite for many other courses listed. (14)
   - CHEM 3100 Organic Chemistry Laboratory I (2)
   - CHEM 3110 Organic Chemistry Laboratory II (2)
   - CHEM 3410 Organic Chemistry II (4)
   - CHEM 4000 Fundamentals of Chemical Analysis-CTW (3)
   - CHEM 4110 Physical Chemistry I (3)
   - CHEM 4120 Physical Chemistry II (3)
   - CHEM 4600 Biochemistry I (5)
   - BIOL 3810 Molecular Cell Biology Laboratory-CTW (3)
   - BIOL 3840 Animal Biology (3)
   - BIOL 3850 Animal Biology Laboratory (1)
   - BIOL 3880 Microbiology (3)
   - BIOL 3890 Microbiology Laboratory (1)
   - BIOL 3900 Genetics (3)
   - BIOL 3910 Genetics Laboratory (1)
   - BIOL 4102 Neurobiology (4)
   - NEUR 3000 Principles of Neuroscience (4)
   - NEUR 3010 Neuroscience Laboratory (4)
   - NEUR 4030 Computational Neuroscience (4)
   - PHYS 3402 Modern Physics II (3)
   - PHYS 3500 Electronics (3)
   - PHYS 4340 Neurophysics (3)
   - PHYS 4710 Functional Neuroimaging (3)
   - MATH 4258 Vector Calculus (3)
   - MATH 4265 Partial Differential Equations (3)

Geology Concentration (21)

In addition to the core set of physics and mathematics courses, this concentration allows geology courses to complete the requirements for the degree. The courses should be chosen from the list below. Note that Geol 1121K and 1122K are prerequisites for upper-division geology courses.

1. Required course (4)
   - GEOL 3002 Introduction to Earth Minerals (4)

2. Geology Courses. Select 12 hours from the following or other courses approved by the undergraduate director (12)
   - GEOL 4007 Hydrogeology (4)
   - GEOL 4013 Structural Geology (4)
   - GEOL 4015 Crystallography and Optical Mineralogy (4)
   - GEOL 4017 Environmental Geology (4)
3. Electives Select at least five hours from the following or other courses approved by the undergraduate director (5):
   - PHYS 3402 Modern Physics II (3)
   - PHYS 3500 Electronics (3)
   - PHYS 3800 Optics (3)
   - PHYS 4110 Introduction to Embedded Systems Laboratory (4)
   - PHYS 4340 Neurophysics (3)
   - PHYS 4410 Nuclear and Particle Physics (3)
   - PHYS 4710 Functional Neuroimaging (3)
   - PHYS 4810 Quantum Mechanics (3)
   - PHYS 4910 Solid State Physics (3)
   - PHYS 4950 Senior Research (1-3)
   - CSC 4610 Numerical Analysis I (3)
   - MATH 3435 Introductory Linear Algebra (3)
   - MATH 4250 Complex Analysis (3)
   - MATH 4258 Vector Calculus (3)
   - MATH 4265 Partial Differential Equations (3)
   - MATH 4391 Introduction to Differential Geometry and Its Applications (3)

**Computer Science Concentration (21)**

In addition to the core set of physics and mathematics courses, this option allows courses in computer science and related areas to complete the requirements for the degree. The courses should be chosen from the list below. Note that CSc 2010, 2310 and 2510 are prerequisites for upper-division computer science courses.

1. Required Physics course (3)
   - PHYS 3500 Electronics (3)

2. Computer Science Courses. Select 12 hours of courses from the following or other courses approved by the undergraduate director (12)
   - CSC 3210 Computer Organization and Programming (3)
   - CSC 3320 System Level Programming (3)
   - CSC 3330 C++ Programming (3)
   - CSC 3410 Data Structures-CTW (3)
   - CSC 4120 Introduction to Robotics (4)
   - CSC 4210 Computer Architecture (4)
   - CSC 4220 Computer Networks (3)
   - CSC 4310 Parallel and Distributed Computing (4)
   - CSC 4330 Programming Language Concepts (3)
   - CSC 4350 Software Engineering-CTW (4)
   - CSC 4520 Design and Analysis of Algorithms (4)
   - CSC 4610 Numerical Analysis I (3)
   - CSC 4620 Numerical Analysis II (3)
   - CSC 4630 Introduction to Matlab Programming (4)
   - CSC 4730 Data Visualization (4)
   - CSC 4820 Interactive Computer Graphics (4)

3. Electives. Select six hours from the following or other courses approved by the undergraduate
director (6):
  o PHYS 3402 Modern Physics II (3)
  o PHYS 3800 Optics (3)
  o PHYS 4110 Introduction to Embedded Systems Laboratory (4)
  o PHYS 4410 Nuclear and Particle Physics (3)
  o PHYS 4340 Neurophysics (3)
  o PHYS 4410 Nuclear and Particle Physics (3)
  o PHYS 4710 Functional Neuroimaging (3)
  o PHYS 4810 Quantum Mechanics (3)
  o PHYS 4910 Solid State Physics (3)
  o PHYS 4950 Senior Research (1-3)
  o MATH 3030 Mathematical Models for Computer Science (3)
  o MATH 3435 Introductory Linear Algebra (3)
  o MATH 4250 Complex Analysis (3)
  o MATH 4258 Vector Calculus (3)
  o MATH 4265 Partial Differential Equations (3)
  o MATH 4391 Introduction to Differential Geometry and Its Applications (3)

Education Concentration (21)

In addition to the core set of physics and mathematics courses, this option leads to certification to teach physics in grades 6-12. Prior to beginning this concentration, students must be accepted into Teacher Education in the College of Education. Entrance requirements include a passing score on the GACE Assessment of Basic Skills (or official scores to demonstrate exemption (see www.gace.nesinc.com), and a cumulative GPA of 2.50 or higher on all coursework previously completed. In addition, students must have completed Areas A-F of the program of study. Note that EDUC 2110(3), EDUC 2120(3), and EDUC 2130(3) are prerequisites for the field placement courses (EDCI 4600 and EDCI 4750).

1. Required courses (21)
   - EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
   - EDSC 4655 Principles of Science Instruction (3)
   - EDSC 4755 Theory and Pedagogy of Science Instruction (3)
   - EDCI 3250 Introduction to Teaching in Secondary Schools (3)
   - EDCI 4600 Practicum (3)
   - EDCI 4750 Student Teaching in the Secondary Schools (6)

2. Additional requirements for teacher certification:
   - Students must maintain a 3.00 GPA for courses in the education concentration.
   - Only hours of EDCI 4600 and EDCI 4750 completed with a grade of B or better will count toward certification.
   - Students must pass appropriate GACE II examination to be recommended for certification.
   - Each student will be required to maintain an electronic program portfolio and to demonstrate proficiency in the pedagogy standards from the Interstate New Teacher Assessment and Support Consortium (INTASC) and the content standards from the National Science Education Standards (NSES). Requirements for the INTASC standards and the National Educational Technology Standards (NETS) will be embedded in the coursework listed above.
Area H: Minor and/or Additional Courses

1. Students earning a B.S. through the Department of Physics and Astronomy are not required to take a minor.
2. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. Although not a requirement, the department recommends that physics majors take these elective courses at the 2000 level or above in mathematics, computer science, chemistry, biology, geology, physics, or astronomy. (Consult with the departmental academic adviser.)

B.S. Physics / M.A.T. Science Education Dual Degree Program

This dual degree program, allowing completion of both degrees and teacher certification requirements in approximately 5 years, is available to undergraduates majoring in physics who have completed at least 30 hours of academic credit (including Math 2211 and Phys 2211K) and who have earned a minimum cumulative GPA of 3.3. Students may apply to the option at any time after completing 30 hours but prior to completing 90 hours of undergraduate coursework. Applicants are applying for early acceptance into the College of Education's MAT program and therefore must submit the following documentation in addition to meeting the GPA requirement:

- Complete the BS/MAT pre-application form. This will be kept on file in the Department of Physics & Astronomy and in the Office of Academic Assistance in the College of Arts & Sciences.
- 2-3 letters of recommendation: (a) one academic or professional letter; (b) one letter from someone who can evaluate the applicant’s personal qualifications, experience, and background in light of potential to work successfully with adolescents; (c) one letter from a current work supervisor, if applicable
- Documentation of previous work experience (résumé or curriculum vitae)
- Personal statement of goals and/or reasons for teaching
- Successful interview with appropriate program faculty in the Department of Physics and Astronomy and in the College of Education

Final acceptance into the M.A.T. portion of the program will be contingent upon the following:

- Maintaining a cumulative GPA of 3.0 or higher;
- Completion of 90 hours towards the B.S. degree in Physics (including Phys 7460 and Phys 7850);
- Submission of acceptable GRE scores;
- Filing an application to the M.A.T. program by the appropriate deadline.

Acceptance into the Teacher Education track is contingent upon acceptance into the M.A.T. portion, completion of 24 hours in physics, and passing or exempting the GACE Basic Skills test.

Students in this program will select one of the B.S. concentrations listed above. The curriculum allows students to satisfy the content requirement of the M.A.T. program by enrolling in the 7000-level counterparts of the core physics courses (Phys 7850 for 3850, Phys 7460 for 3401, Phys 7600 for 4600, and Phys 7700 for 4700). In addition, to meet the M.A.T. and teacher certification requirements, students will enroll in EXC 4020 and 6 hours of graduate-level courses required for the M.A.T. in satisfying 9 hours of elective credits towards the B.S. in Physics.
Normally, students in their 4th year are enrolled in both the B.S. and the M.A.T. programs and will receive the B.S after the 4th year. In the 5th year, students will take professional education courses (24 hours) and will focus on the student teaching requirements.

For more information on this program's curriculum, please contact the Department of Physics and Astronomy. The M.A.T. requirements for Science Education are described more fully in the College of Education section of the Graduate Catalog.

Minor in Physics

Students who wish to minor in physics must take at least 15 semester hours in physics and/or astronomy courses, including at least nine semester hours at the 3000 level or above. Students taking more than 15 semester hours in these courses may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
3470 Political Science

Programs Offered:

- Bachelor of Arts in Political Science
  - Concentration in General Political Science
  - Concentration in International Affairs
  - Concentration in Pre-Law
  - Concentration in Pre-Education
- European Union Studies Certificate
- Minor in Political Science

Department of Political Science

Carrie Manning, Chair
Rashid Naim, Undergraduate Director

Political science is the study of “who gets what, when, and how” in the distribution of goods and values in society and in groups. Specifically, political scientists study the determinants of such distributions, including political parties and voters, public opinion, interest groups, bureaucracies and administrative behavior, public law, international relations, international law and organizations, national security, intergovernmental relations, political behavior, political philosophy, comparative politics, public policy, and conflict.

Students may specialize in any of the five fields of the discipline: American politics and government, comparative politics, international politics, political theory, and public policy and administration. The department also provides specific concentrations for majors and minors in pre-law and in international affairs. The department sponsors intercollegiate academic teams for Mock Trial, Model United Nations, and Model Arab League. The department sponsors student honor societies and clubs in pre-law, international relations, and political science. In addition, the department provides advisement for pre-law students.

The proximity of Georgia State University to the center of government for the Southeast and the State of Georgia and its location in an international city of business, communication, and transportation provide unique opportunities for students to observe and participate in government and politics. For example, many qualified students serve as interns as part of their academic program.

Program Academic Regulations

Internship and Practicum Credit: Applicants for internships must meet departmental prerequisites. Internship and practicum credit may not be applied toward the major or minor, but may be used as elective credit. Such credit includes: PolS 4930, PolS 4940, PolS 4950, PolS 4951, PolS 4952, and PolS 4955.

Program Degree Requirements
In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Political Science

**Area F: Courses Appropriate to the Major (18)**

1. Required courses (6)
   - POLS 2401 Global Issues (3) (if not taken in Area E)
   - Lang 1002 Elementary Foreign Language II (3)
     (See “Foreign Language Requirement for B.A. and B.I.S. Majors,” previously described.)

2. Select two courses. (6)
   - ECON 2105 Principles of Macroeconomics (3)
   - ECON 2106 Principles of Microeconomics (3)
   - SOCI 1101 Introduction to Sociology (3)

3. Select additional courses from the following to complete 18 hours in Area F. (6)
   - AAS 2010, ANTH 2020, ECON 2105, ECON 2106, ENGL 2150, Lang 2001, Lang 2002,
     GEOG 1101, GEOG 2202, HIST 1111, HIST 1112, HIST 2110, JOUR 1000, JOUR 2500,
     MATH 1070, MATH 1113, MATH 1220, MATH 2211, PHIL 1010* (*note: only 2-credit hours),
     PHIL 2010, POLS 2101, PSYC 1101, SOCI 1101, SOCI 1160, WST 2010.

**Area G: Major Courses (27)**

A grade of C or higher is required in all major courses.

**General Political Science Concentration (27)**

1. Required Courses to fulfill CTW requirement (6)
   - PolS 3800 Introduction to Political Research-CTW (3)
   - PolS 4900 Senior Seminar in Political Science-CTW (3)

2. Take 21 hours in political science at the 3000 level or above. One course must be taken in at least three of five areas of study; these areas include American government and politics (3100’s and 4100’s), comparative politics (3200’s and 4200’s), international politics (3400’s and 4400’s), political theory (3500’s and 4500’s), and public policy and administration (3700’s and 4700’s). (21)

**International Affairs Concentration (27)**

1. Required Courses to fulfill CTW requirement (6)
   - POLS 3800 Introduction to Political Research-CTW (3)
   - POLS 4900 Senior Seminar in Political Science-CTW (3)

2. International Affairs Requirements (6)
   - POLS 3200 Comparative Politics (3)
   - POLS 3400 International Politics (3)

3. Select 12 hours at the 3000 level or above in comparative politics and international politics. (12)
4. Select 3 hours at the 3000 level or above in American politics, public policy and administration, or
political theory. (3)

Pre-Law Concentration (27)

1. Required Courses to fulfill CTW requirement (6)
   - POLS 3800 Introduction to Political Research-CTW (3)
   - POLS 4900 Senior Seminar in Political Science-CTW (3)
2. Pre-Law Requirements (9)
   - POLS 3140 Judicial Process and Courts (3)
   - POLS 4130 American Constitutional Law (3)
   - POLS 4131 Civil Liberties and Rights (3)
3. Select 3 courses. (9)
   - POLS 3110 State Government (3)
   - POLS 3145 Introduction to American Law (3)
   - POLS 3170 American Legislative Process (3)
   - POLS 3700 Public Administration and Bureaucratic Politics (3)
   - POLS 3750 Public Policy Analysis (3)
   - POLS 4115 Urban Politics (3)
   - POLS 4157 Politics of the Civil Rights Movement (3)
   - POLS 4180 American Chief Executives (3)
   - POLS 4220 Comparative Legal Systems and Politics (3)
   - POLS 4420 International Law (3)
   - POLS 4425 Politics of International Criminal Justice (3)
   - POLS 4427 Politics of International Human Rights (3)
   - POLS 4570 American Political Thought (3)
   - POLS 4780 Administrative Law and Government (3)
4. Select three additional hours in political science. (3)
5. Of the courses taken, students must have one course in three of the five areas of the discipline.
6. POLS 4950 is recommended as an elective.

Pre-Education Concentration

The Department of Political Science offers a pre-education concentration for majors planning to teach on the middle school or high school level. Students take courses chosen so as to provide the substantive knowledge needed to teach political and social science. Graduates may then seek entrance into the Master of Arts in Teaching (M.A.T.) Program Social Studies Education in the College of Education at Georgia State to gain state certification or into a comparable program at another institution. For admission requirements of the M.A.T. Program in Social Studies Education, see the College of Education.

Requirements of Pre-Education Concentration for Political Science Majors (27)

1. Required Courses to fulfill CTW requirement (6)
   - POLS 3800 Introduction to Political Research-CTW (3)
   - POLS 4900 Senior Seminar in Political Science-CTW (3)
2. Select one course:
   - POLS 4130 American Constitutional Law (3)
   - POLS 4131 Civil Liberties and Rights (3)
3. Select one course:
   - POLS 3110 State Government (3)
   - POLS 3170 American Legislative Process (3)
   - POLS 4115 Urban Politics (3)
   - POLS 4180 American Chief Executives (3)

4. Select one course:
   - POLS 3200 Comparative Politics (3)
   - POLS 3400 International Politics (3)

5. Select 12 additional hours in political science.

6. Of the courses taken, students must have one course in three of the five areas of the discipline.

Requirements of Allied Field Concentrations

To earn the Certificate in Pre-Education Broad Field Social Science, students must also take allied field concentrations (nine hours) from two or more of the following disciplines: economics, geography, history, or education. Note the student must take at least 18 hours with nine hours in each of the allied fields. The student should see each department’s list for the courses to be taken in the nine hours for that discipline. Students should consult with their departmental advisers in making choices. Students choosing education as an allied field are required to take EXC 4020, along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200).

Area H: Minor and/or Additional Courses

1. Students majoring in political science who take either the general political science concentration or the international affairs concentration are not required to take a minor. Students in the pre-law concentration should see the department’s pre-law adviser for further information. Students in the pre-education concentration take allied fields rather than a minor.

2. Additional courses not in the major or in a minor must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010.

Allied Field Concentration in Political Science for Pre-Education Majors in Other Social Science Departments (9)

Students majoring in other social sciences and who are pursuing a concentration in Pre-Education should choose from the following courses in using political science as an allied field to their major.

1. Select one course
   - POLS 4130 American Constitutional Law (3)
   - POLS 4131 Civil Liberties and Rights (3)

2. Select one course
   - POLS 3110 State Government (3)
   - POLS 3170 American Legislative Process (3)
   - POLS 4115 Urban Politics (3)
   - POLS 4180 American Chief Executives (3)

3. Select one course
   - POLS 3200 Comparative Politics (3)
   - POLS 3400 International Politics (3)
European Union Studies Certificate

The department provides courses and advising in regard to the European Union Studies Certificate offered by the University System of Georgia. This program enables students to develop expertise in the European Unions and in EU studies. Dr. William Downs of the department serves as campus representative. See Section 3260 for a detailed description.

Minor in Political Science

Students wishing to minor in political science should take 15 semester hours of political science courses at the 3000 level or above. Students seeking to take a minor in political science/pre-law should take PolS 3140, 4130, 4131, and two courses from PolS 3110, 3145, 3170, 3700, 3750, 3770, 4115, 4157, 4180, 4220, 4420, 4425, 4427, 4570, and 4780. Students seeking to take a minor in political science/international affairs should take PolS 2401 (if not taken in Area E), 3200, 3400, and nine additional hours at the 3000 level or above in comparative or international politics.

Exchange Programs

The department has an exchange/study abroad program with the University of Strasbourg in France. Courses are available in English. Students spend one semester in residence and earn 12-15 credit hours.

The department also offers undergraduate exchange programs with Ewha Women’s University and Hanyang University in Seoul, Korea. Students spend up to one academic year in residence in one of the two universities with credit given for classes on a cross-registration basis.

Master’s Degrees in International Business and Government

In conjunction with the Institute of International Business, the department offers joint master’s degrees in international business and government. Students wishing to enter this graduate program should take prerequisites as an undergraduate. Students should contact the department for further information.
3480 Pre-Law Programs

Four different pre-law preparatory programs offered:

- Bachelor of Interdisciplinary Studies in Law and Society (Section 3400)
- Bachelor of Arts in History with a Pre-Law Concentration (Section 3320)
- Bachelor of Arts in Philosophy with a Pre-Law Concentration (Section 3450)
- Bachelor of Arts in Political Science with a Pre-Law Concentration (Section 3470)
- Minor in Political Science/Pre-Law (Section 3470)

Students interested in a career in law are encouraged to consult these sections of this catalog.
Three different pre-medical programs offered:

- Bachelor of Science in Biology with a Pre-Professional/Physiology Concentration (Section 3170)
- Bachelor of Science in Chemistry with a Pre-Medicine Concentration (Section 3180)
- Bachelor of Science in Physics with a Pre-Medicine Concentration (Section 3460)
- Bachelor of Science in Psychology with a Pre-Medicine Concentration (Section 3500)

Students interested in a career in medicine are encouraged to consult these sections of this catalog.

Faculty from these departments compose the Premedical Professions Advisory Committee and advise pre-med students. This committee maintains contact with medical schools concerning specific requirements and selection criteria and helps students design specific programs of study for dentistry, medicine, optometry, osteopathic medicine, pharmacy, podiatry, or veterinary medicine. While most premedical students major in biology, chemistry or physics, requirements for admission to medical or dental schools may be met by other majors, provided the requisite science courses are completed.

A student interested in one of these preparatory medical programs should contact the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. This office serves as a liaison to the Premedical Professions Advisory Committee and maintains pertinent information such as entrance exam applications and other appropriate materials.
3500 Psychology

Programs Offered:

- Bachelor of Arts in Psychology
- General Program in Psychology
  - Concentration in Community Psychology
- Bachelor of Science in Psychology
- General Program in Psychology
  - Concentration in Community Psychology
  - Concentration in Pre-Medicine
- Minor in Psychology

Department of Psychology
11th floor, Urban Life Building

Lisa Armistead, Chair
Christopher C. Henrich, Associate Chair
Chris Goode, Director of Undergraduate Studies

Psychology is the science of mind and behavior. It investigates how and why organisms engage in the behaviors and thought-processes they do. The topics of investigation range from the life sciences to the social sciences, and applications occur in clinical, research, industrial, community, and other social contexts.

A career in psychology usually requires a graduate degree. An undergraduate major in psychology can serve as a prerequisite for graduate study in psychology or as background for other careers, e.g., business, law, medical or allied health sciences, and teaching. A major in psychology also can serve the general interest of liberal arts education. The department maintains reference materials, including audio/visual material and an Internet website to assist in career advisement. Students wishing to be psychology majors must first be advised by The Office of Academic Assistance in the College of Arts and Sciences and then by the psychology undergraduate adviser.

Program Academic Regulations

Before taking upper-division courses, students must have completed 60 hours or have the permission of the instructor.

All majors must complete the courses in Area G, as specified below. Concentrations have specific requirements (for more details see the concentration requirements that are listed after the area requirements). Majors who meet the requirements in Area G and do not choose to pursue a concentration will graduate in the general program.

B.A. Degree

Students must take a foreign language and six additional hours from courses in Area E. (See “Foreign
B.S. Degree

Students must take nine semester hours from the courses listed below. We strongly recommend a two-course laboratory sequence in Principles of Biology, Introduction to Chemistry, or Introduction to Physics.

Program Degree Requirements

The Department of Psychology offers a general program in psychology plus concentration in specific areas of psychology. The general program offers the most choice in courses for a degree in psychology. Concentrations have more restrictive curricula than the general program and are intended to prepare students for a specific career path. Most students will be in the general program. Students planning graduate school or other advanced training in an area related to one of the concentrations should consider applying for admission to that concentration.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Psychology and B.S. in Psychology

Areas A-E: Core Curriculum Recommendations

1. Recommended course:
   - PSYC 1100 Introduction to Biological Psychology (3)

Area F: Courses Appropriate to the Major (18)

1. PSYC 1101 Introduction to General Psychology (3) (take here rather than in Area E)
2. Select two courses. (6)
   - PSYC 2030 Careers in Psychology (3)
   - PSYC 2040 Introduction to Applied Psychology (3)
   - PSYC 2050 Introduction to Drugs and Behavior (3)
   - PSYC 2070 Introduction to Human Sexuality (3)
   - PSYC 2080 Sex, Evolution, & Human Behavior (3)
   - PSYC 2101 Introduction to the Psychology of Adjustment: A Personal Growth Course (3)
   - PSYC 2103 Introduction to Human Development: Individual and Family Issues (3)
3. Non-Psychology courses (9)

Area G: Major Courses (32)

General Program in Psychology (32)
Required Methodology Courses (8)

These required methodology courses must be completed by the end of the junior year (90 hours). Students with 90 hours who have not completed both methodology courses may not register for any other psychology courses. To insure that this requirement is met, students should take Psyc 3510 (a prerequisite for Psyc 3530) during the second semester of the sophomore year. Failure to complete these courses in a timely manner may delay graduation. Additionally, students who are unable to pass either Psyc 3510 or Psyc 3530 with a grade of C or better in two attempts shall not be permitted to repeat the course or to enroll in any departmental courses for which the course is a prerequisite.

Required Courses:

- PSYC 3510 Introduction to Research Design and Data Analysis (4)
- PSYC 3530 Advanced Research Design and Analysis-CTW (4) (also serves as one of the two courses needed to fulfill CTW requirement)

Advanced Required Courses (9)

Take one course from each group below.

Group 1:

- PSYC 3140 Abnormal Psychology (3)
- PSYC 4020 Social Psychology (3)
- PSYC 4040 Developmental Psychology (3)
- PSYC 4160 Theories of Personality (3)
- PSYC 4510 Community Psychology (3)

Group 2:

- PSYC 4100 Cognitive Psychology (3)
- PSYC 4110 Physiological Psychology (3)
- PSYC 4120 Learning (3)
- PSYC 4130 Sensation and Perception (3)

Group 3:

- PSYC 3520 Introduction to African American Psychology (3)
- PSYC 3570 Multicultural Issues in Psychology (3)
- PSYC 4030 Cross Cultural Psychology (3)
- PSYC 4610 Psychology of Aging (3)
- PSYC 4620 Psychology of Women (3)
- PSYC 3901 Study Abroad in Psychology (3)

Required Course to fulfill CTW requirement (3)

- PSYC 4000 Laboratory Experience in Psychology (3) or
Psychology Electives (12)

- Select 12 hours in psychology courses at the 3000 level or above.

Concentrations

Psychology majors wishing to graduate in a concentration must meet the requirements for graduation listed below. They also must meet all general program requirements listed above. Students must complete all lower-division requirements prior to beginning a concentration. Students completing a concentration will receive a certificate and will have an appropriate annotation placed on their transcript.

Community Psychology Concentration (32)

Community Psychology is an area of psychology that aims to apply psychology toward improving the well-being of human groups. An ecological perspective, a prevention orientation, and an appreciation of diversity characterize this area. Often community psychology takes the form of “action research” in which knowledge gained from basic research or psychological theory is applied in real-world settings. At other times it takes the form of relatively more basic research on social problems or community functioning. The concentration is most appropriate for students who want to apply psychology theories and methods to solving social and environmental problems, such as drug abuse, homelessness, and violence. The curriculum should prepare graduates either to pursue graduate education in community psychology or to work in community-based organizations.

Required Methodology Courses (8)

(See “General Program in Psychology,” described above.)

Advanced Required Courses (9)

Group 1

- PSYC 4510 Community Psychology (3)

Group 2: Select one course (3)

- PSYC 4100 Cognitive Psychology (3)
- PSYC 4110 Physiological Psychology (3)
- PSYC 4120 Learning (3)
- PSYC 4130 Sensation and Perception (3)

Group 3: Select one course (3)

- PSYC 3520 Introduction to African American Psychology (3)
- PSYC 3570 Multicultural Issues in Psychology (3)
- PSYC 4030 Cross Cultural Psychology (3)
- PSYC 4610 Psychology of Aging (3)
- PSYC 4620 Psychology of Women (3)
- PSYC 3901 Study Abroad in Psychology (3)

**Required Course to fulfill CTW requirement (3)**
- PSYC 4000 Laboratory Experience in Psychology (3) *or*
- PSYC 4800 Seminar-CTW (3)

**Psychology Electives (12)**

Select from below for a total of four courses:

1. Select a second Group 3 course from above (3)
2. Select two courses. (6)
   - PSYC 3560 Leadership and Group Dynamics (3)
   - PSYC 4300 Adolescent Psychology (3)
   - PSYC 4240 People in Organizations (3)
   - PSYC 4520 Environmental Psychology (3)
3. Select one course. (3)
   - PSYC 4760 Research Practicum in Psychology (3)
   - PSYC 4770 Applied Practicum in Psychology (3)

**Pre-Medicine Concentration**

Students interested in attending medical school are advised to consider the pre-medicine concentration. Those wishing to pursue this concentration should be aware that the requirements will differ from those listed in the regular psychology curriculum. The Department of Psychology has a pre-medicine adviser. For more information on the pre-medicine curriculum contact the Office of Academic Assistance, College of Arts and Sciences, Room 418, General Classroom Building, 404/413-5000.

**Area H: Minor and Additional Courses**

Students majoring in psychology are not required to take a minor.

**Minor in Psychology**

Students who wish to minor in psychology must take 15 hours in courses in psychology including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in psychology may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)

**Honors Program and Psi Chi**

The department participates in the Honors Program (See “Honors Program,” described previously) and sponsors a chapter of Psi Chi, the national honor society in psychology. Qualified students are encouraged to participate in these programs. The diplomas of students who complete the University Honors Program
indicate that they graduate with honors in psychology.

Graduation with Distinction in Psychology

Departmental distinction is separate from the Honors Program. Faculty members may nominate majors who have an overall average of at least 3.5 and who have demonstrated outstanding research, leadership, or service to the department for graduation with distinction. More information about graduation with distinction is available in the department.

Students should consult the department’s website to learn about extracurricular activities that can enhance the psychology major experience.
Programs Offered:

- Bachelor of Arts in Religious Studies
- Minor in Religious Studies

Department of Religious Studies
34 Peachtree Street, 11th floor
404/413-6110
www.gsu.edu/religion

Kathryn McClymond, Chair
Jonathan Herman, Director of Undergraduate Studies

Offerings in religious studies, all of which are taught from a non-sectarian perspective, include comparative courses on such topics as world religions, religious thought, religious ethics, mysticism, and women and religion, as well as a host of courses on specific religious traditions including Buddhism, Hinduism, Shinto, Taoism, Confucianism, Judaism, Christianity, and Islam. Students majoring in religious studies have the opportunity to take and have counted toward their major select courses in other departments and programs in the College of Arts and Sciences including African-American studies, anthropology, art history, classics, history, music, political science, and sociology. Courses in religious studies contribute to a student’s understanding of the beliefs and actions of diverse peoples and cultures. They also contribute to the student’s self understanding through uncovering and exploring major tenets of his or her own culture. The major in religious studies is designed to provide a rich training in the liberal arts and is particularly appropriate for those students considering careers in government, health, law, education, international business, social work, the ministry, or media. Students in other fields are encouraged to consider the possibility of a double major with religious studies. Students can find a more detailed description of the Religious Studies Program and its offerings, as well as news about its faculty and upcoming events, on the Web at www.gsu.edu/religion.

Program Admission

All undergraduates in good academic standing are eligible for the major and minor in religious studies.

Program Academic Regulations

Only courses in which students earn a C or higher may be applied to the major and minor in religious studies.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Religious Studies
Area F: Courses Appropriate to the Major (18)

1. Required Courses (6)
   - RELS 2001 Introduction to World Religions (3)
   - Lang 1002 Elementary Foreign Language II (3)
2. Recommended Courses (6)
   - Lang 2001 Intermediate Foreign Language I (3)
   - Lang 2002 Intermediate Foreign Language II (3)
3. Select additional 1000 and 2000-level courses from core curriculum Areas C, D, or E to complete the 18 hours required in Area F. (6-12)

The Department recommends, but does not require, that Religious Studies majors complete the foreign language sequence Lang 2001 and 2002. (See “Foreign Language Requirement for B.A. and B.I.S. Majors,” previously described.)

Area G: Major Courses (24)

A grade of C or higher is required in all major courses. To satisfy the requirements for the B.A. degree with a major in religious studies, a student must take a total of 24 semester hours, including the following distribution requirements:

1. Required Courses to fulfill CTW requirement (6)
   - RELS 3750 Theories and Methods in Religious Studies-CTW (3)
   - RELS 4750 Seminar in Religious Studies-CTW (3)
2. Required Course (3)
   - RELS 3270 World Religions (3)
3. Electives (15)

Students must take an additional 15 credit hours in ReIS courses at the 3000 and 4000 level to complete the major. Of these 15 hours, up to six semester hours may be taken in the following upper-division courses taught outside the Department of Religious Studies: AH 4020, AH 4200, CLAS 2202, CLAS 2203, ENGL 4000, HIST 3510, HIST 3780, HIST 4530, MUS 4300, POLS 4285, SOCI 3228, SOCI 4360.

Area H: Minor and Additional Courses

1. Students majoring in religious studies are not required to take a minor.
2. Additional courses not in the major must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. The department strongly recommends that religious studies majors take the fourth semester of a foreign language as an elective course.

Minor in Religious Studies

Students who wish to minor in religious studies must take at least 15 hours in courses with a RelS prefix, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in RelS courses may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)
Programs Offered:

- Bachelor of Arts in Sociology
- General Program in Sociology
  - Concentration in Family
  - Concentration in Gender and Sexuality
  - Concentration in Gerontology
  - Concentration in Race and Urban Studies
- Minor in Sociology

Department of Sociology
1041 General Classroom Building
404/413-6500
www.gsu.edu/sociology

Donald C. Reitzes, Chair
Adia Wingfield, Undergraduate Director
Jamie Hayes, Undergraduate & Graduate Advisor

Sociologists study power dynamics as they relate to family life, race, gender, class, sexuality, deviance, selfhood, social change, urbanization, aging, birth and death, and a host of applied topics. Students majoring in sociology explore the ways in which individual agency affects and is limited by social structures.

Students majoring in sociology may choose one of six programs of study. Majors can follow the general program in sociology, or they can select a concentration in family, race and urban studies, gender and sexuality, or gerontology. Students completing concentrations are awarded a certificate in their area of concentration from either the Department of Sociology or the Gerontology Institute. Students wishing to be sociology majors must first be advised by the sociology undergraduate advisor.

Program Academic Regulations

A grade of C or higher is required in all courses counting toward the major.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Sociology

Area F: Courses Appropriate to the Major (18)

1. Required Courses (9)
   - SOCI 1101 Introduction to Sociology (3)
SAI 1160 Introduction to Social Problems (3)
Lang 1002 Elementary Foreign Language II (3)

Area G: Major Courses (30)

A grade of C or higher is required in all major courses. 30 credit hours of 3000-4000 level courses are required for the general program, family concentration, gender and sexuality concentration, and race and urban studies concentration. 33 credit hours of 3000-4000 level courses are required for the gerontology concentration.

General Program in Sociology (30)

1. Required Courses to fulfill CTW requirement (6)
   - SOCI 3020 Social Research Methods-CTW (3)
   - And one of the following:
     - SOCI 4800 Critical Thinking through Writing in General Sociology (3) or
     - SOCI 4801 Critical Thinking through Writing in Families, Health, and the Life Course (3) or
     - SOCI 4802 Critical Thinking through Writing in Gender and Sexuality (3) or
     - SOCI 4803 Critical Thinking through Writing in Race and Urban Studies (3)

2. Major Requirements (9)
   - SOCI 3010 Social Statistics (3)
   - SOCI 3030 Sociological Theory (3)
   - SOCI 3201 Wealth, Power, and Inequality (3)
   - Notes: Students must take SOCI 3010 and SOCI 3020 in sequence, beginning with 3010, and may not take these courses during the same term. Students who decide to major in Sociology after completing PSYC 3010, PSYC 3510, Paus 4021, or PMAP 4041 may use one as credit toward SOCI 3010. Students who decide to major in Sociology after completing PSYC 3030, PSYC 3530, PALS 3800, SW 3020, Paus 4031, or PMAP 4051 may use one as credit toward Soci 3020.

3. Select an additional 15 hours in sociology courses at the 3000 level or above. (15)

Note: SOCI 4980 (Internship) credit may be applied toward the general program in this section or Area H.
Family Concentration (30)

The family concentration provides students with a comprehensive educational and training curriculum in the study of the family. The concentration is appropriate for students who plan to pursue careers in public and private agencies concerned with the family and family problems. This concentration is also appropriate for students preparing for admission to graduate or professional programs in a variety of fields (e.g., sociology, social work, family studies, or health science). Students completing the concentration are awarded a certificate in family sociology by the Department of Sociology.

6. SOCI 4980 Internship (3-6)

Gender and Sexuality Concentration (30)

This concentration provides students with a comprehensive educational and training curriculum in the
study of gender and sexuality. It is appropriate for students who wish to pursue careers in public and private agencies dealing with issues such as domestic violence, sexual assault, legal equity and equal access issues, sexual health and education, and procreative issues. The concentration is also appropriate for students preparing for admission to graduate or professional programs in a variety of fields (e.g., sociology, social work, health sciences, family studies, or women's studies). Students completing the gender and sexuality concentration will be awarded a certificate by the Department of Sociology.

5. SOCI 4980 Internship (3-6)

Gerontology Concentration (33)

The gerontology concentration is designed to prepare students for admission to graduate and professional programs in a variety of fields that focus on issues of aging (e.g., sociology, social work, psychology, nursing, medicine, and public administration). The concentration also prepares students for careers and occupations that center around older persons (e.g., in senior centers, nursing homes, retirement residences,
nutrition programs, and volunteer programs.) Completion of the concentration qualifies students for a certificate in gerontology. Students who wish to earn the certificate must apply to the program through the university’s Gerontology Institute, 605 One Park Place, as soon as the concentration is selected.

Race and Urban Studies Concentration (30)

The race and urban studies concentration is designed to provide students with an understanding of the various social forces which shape race relations, urban politics, social inequality, and the ever changing relationship between city and suburb. This concentration is appropriate for students seeking training in careers or activism in non-profit organizations, city or state government, housing and urban advocacy organizations, social justice institutes, or any private organization that focuses on social or racial inequality. The program is of particular relevance to students preparing for admission to graduate or professional programs in a variety of fields (e.g., law, sociology, urban planning, and public health). Students completing the concentration are awarded a certificate in race and urban studies by the Department of Sociology.

Area H: Minor and Additional Courses

1. Students majoring in sociology are not required to take a minor.
2. Additional courses not in the major must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010.

Minor in Sociology

Students who wish to minor in sociology must take 15-18 hours in courses in sociology, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in sociology may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.) Students wishing to minor in sociology may seek advisement from the sociology undergraduate advisor.

Sociology Club and Honor Society
The department sponsors a Sociology Club. The club is an academic, social and service organization. Interested students are encouraged to participate. Additional information can be obtained from the club website at www2.gsu.edu/~socclub/, or by contacting Dr. Maura Ryan at mryan@gsu.edu.

Department of Modern and Classical Languages
841 General Classroom Building
404/413-5980
www.gsu.edu/languages

To be named, Chair
Germán Torres, Associate Chair
Rudyard Alcocer, Undergraduate Director
Victoria Rodrigo, Head of Spanish section and Adviser
Peter Swanson, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors study-abroad programs in Granada (Spain) and Guadalajara (Mexico).

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student’s active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.
For students who hope to teach at the K-12 levels, the department offers Spanish with a concentration that leads to certification.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of Spanish, and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All Spanish majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, you are advised to choose courses in other areas that complement your language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss your academic plans with you as you design your course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department or review the GoSolar or catalog course listings to determine if a course includes a lab fee.

   - Two literature courses above SPAN 3307 (6)
   - Three additional courses in Spanish at the 3000-4000 level (9). (Span 3308 Introduction to Spanish Linguistics recommended).

Area H: Minor and Additional Courses

1. Foreign language majors are not required to take a minor. Foreign language majors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010. Up to six additional hours may be taken in the major.
Requirements for Teacher Certification

Students who wish to be certified to teach Spanish in the public schools of Georgia should choose the courses listed under the “Foreign Language Education Concentration” above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL 4061/4062/4063). All students seeking teaching certification in Spanish must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. For the application forms, please go to the Department of Modern and Classical Languages’ website under Teacher Certification and then Program Information. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB).

In order to be recommended for K-12 certification in Spanish, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

Bachelor of Arts Major in International Economics and Modern Languages

Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at www.aysps.gsu.edu/oaa.

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the “University Degree Requirements and Graduation” chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics (3)
- ECON 2106 Principles of Microeconomics (3)
- MATH 1070 Elementary Statistics (3)- If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
- SPAN 2001 Intermediate Spanish I (3)
- SPAN 2002 Intermediate Spanish II (3)

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: Fren, Grmn, or Span 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, Humanities and Fine Arts. Students with a concentration in Spanish must complete Span 2203/2501 as their Area F elective.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for Fren, Grmn or Span 2001/2002 (or Span 2203 or Span 2501) upon approval of the Department of Modern and Classical Languages adviser.

Elective: one 1000/2000-level course chosen from Areas A-E.

**Area G: Economics Common Core Curriculum (24)** A minimum grade of C is required for all courses in this area.

- ECON 3900 Macroeconomics (3)
- ECON 3910 Microeconomics (3)

- ECON 4810 International Finance (3)
- Choose 3 elective 4000-level Econ courses (9)

**Area H: Modern Languages Common Core (24)** A minimum grade of C is required for all courses in this area.

1. SPAN 3303 Advanced Grammar (3) or Span 3501 Advanced Spanish for Heritage Speakers
   - SPAN 3307 Introduction to Study of Literary Texts – CTW (3)
   - SPAN 3310 Hispanic Culture – CTW (3)
   - SPAN 4405 Spanish for International Business I (3)
   - SPAN 4407 Spanish for International Business II (3)
   - SPAN 4409 Techniques for Translation (3)
2. Select one of the following courses (3)
   - SPAN 4445 Literature for Students of International Business (3)
   - BUSA 3000 Globalization and Business Practice (3) (when taught in Spanish)
3. Choose one other Span 3000/Span 4000 course (3)

**Area I: Electives (12)** Choose any four 3000/4000-level courses, in consultation with the faculty adviser.

**Minor in Spanish**

Students who wish to minor in Spanish must take 15-18 hours in courses in the language, including at least
nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.
3540 Speech

Programs Offered:

- Bachelor of Arts in Speech
  - Concentration in Public and Political Communication
  - Concentration in Communication across the Lifespan
- Minor in Speech

Department of Communication
8th floor, 25 Park Place
404/413-5600
communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

Speech communication explores the creation, transmission, analysis, and impact of differing kinds of spoken messages as they occur among individuals, groups, organizations, and cultures. Speech courses examine such areas as interpersonal and nonverbal communication, persuasion and argumentation, rhetorical criticism, public address, communication development, and communication disorders. The concepts and skills provided by the major in speech are useful in a wide variety of occupations, including business, law, politics, teaching, the ministry, and public relations, that require an understanding of the dynamics of human communication and proficiency in oral expression.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Area H: Minor and Additional Courses

1. Majors in the Department of Communication's three B.A. programs must select a minor consisting of at least 15 hours of courses in a discipline within the Department of Communication other than the major (journalism, film/video, or speech) or in another academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.

2. Additional courses from departments/schools/institutes other than the major must be taken to complete a minimum of 120 semester hours exclusive of KH 1010.

Minor in Speech

Students who wish to minor in one of the department's three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)
3550 Teacher Preparation Programs

The social science departments of the College of Arts and Sciences offer three different pre-education tracks:

- Bachelor of Arts in African-American Studies (Section 3090)
- Bachelor of Arts in History (Section 3320)
- Bachelor of Arts in Political Science (Section 3470)

Students interested in a career in pre-education are encouraged to consult these sections of this catalog.

The pre-education programs in these departments are for students who plan to teach social studies at the high school level. To be certified to teach, students in this program must complete the initial teacher preparation Master of Arts in Teaching (M.A.T.) Program in Social Studies Education in the College of Education (or a similar master’s level initial preparation program at another university).

Physics B.S. Concentration in Education

The Department of Physics and Astronomy offers an Education Concentration to the Bachelor of Sciences in Physics (Section 3460) that leads to certification to teach physics in grades 6 to 12.

Please refer to the “Teacher Preparation” chapter of this catalog for detailed information on other programs.
3560 Theatre

Programs Offered:

- Bachelor of Interdisciplinary Studies in Theatre
  - Concentration in Performance Studies
  - Concentration in Design and Production
- Minor in Theatre

The BIS in theatre focuses on the history, theory and practice of creating live theatrical performance. Theatre courses are designed to promote the artistic development of students whose interests and talents will lead them to careers in theatre or allied arts, and to help students with other vocational interests to understand and appreciate the cultural heritage represented in drama and to improve their oral communication skills. The University Theatre and the Georgia State University Players afford majors practical experience through participation in productions. Credit for special projects and internships is available so students can take advantage of the expertise in the professional sector of the metropolitan area and to tailor programs to their specific career goals.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation. Theatre faculty in the Department of Communication are available to advise for the BIS in Theatre degree.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Area J. Electives (12)

Students need pre-requisites for studio arts courses. Electives would normally include Thea 4980 as an option.

Minor in Theatre

Theatre is both a respected art form whose roots reach back 4,000 years and a field of academic study whose practitioners have made major contributions to our understandings of art, culture, the social sciences, political activism, multicultural awareness and gender diversity. The minor in theatre can prepare students to incorporate theatre studies and production within a wide variety of career paths in such fields as education, filmmaking, journalism, literary studies and community service. In addition, Georgia State’s theatre minors have gone on to advanced studies in theatre on the graduate level and professional careers as actors, directors, writers, designers and technicians.

Program Degree Requirements

Students who wish to minor in theatre must take 15-18 hours in Theatre, including at least nine semester hours at the 3000 level or above. Theatre minors are held to the same course prerequisite requirements as majors. Students taking more than 15 hours of courses in the field may count the additional hours toward their electives. A grade of C or higher is required in all courses counting toward the minor.
3570 Women's Studies

Programs Offered:

- Bachelor of Arts in Women's Studies
- Minor in Women's Studies

Institute for Women's, Gender, and Sexuality Studies
10th Floor Urban Life Building
404/413-6587

www.gsu.edu/womensstudies

Susan Talburt, Director
Julie Kubala, Undergraduate Studies Director

Women's Studies at Georgia State University contributes to the University's broader mission of encouraging critical thinking through a focus on feminist and womanist interdisciplinary scholarship, teaching, and community participation. Women's Studies makes explicit the ways in which gender and sexuality, in connection with other categories such as race, class, ability, and age, construct our understandings and experiences of the world. Furthermore, Women's Studies analyzes the ways public discourse relies on gender and sexuality to conceptualize such issues as war and militarism, policy, the environment, education, healthcare, economics, the media, and popular culture. In order to explore these issues, Women's Studies emphasizes the following areas of study: race, globalization, sexuality, and social change.

Program Admission

Students wishing to major or minor in Women's Studies must meet the requirements for the Bachelor of Arts degree as described earlier in this catalog. Students should come to the WSI office to receive advisement.

Program Academic Regulations

To take WSt 4920 (Senior Research-CTW), or WSt 4950 (Internship-CTW), or WSt 4999 (Directed Readings), students must first receive approval from the Institute for Women's, Gender, and Sexuality Studies Director of Undergraduate Studies. Students are responsible for contacting sites and arranging for their own internships. A list of internship sites is available at www.gsu.edu/womensstudies.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Area H: Minor and Additional Courses

1. Students majoring in Women’s Studies are required to complete a minor of at least 15 hours, at least 9 hours of which must be 3000 level or above. The minor may be taken through a department or institute, or it may be an interdisciplinary minor.
2. Additional courses not in the major or the minor must be taken as electives to complete a minimum of 120 semester hours, exclusive of KH 1010.

Minor in Women’s Studies
Students choosing to minor in Women's Studies should complete 15 hours including WSt 2010, WSt 3010, and nine additional hours of upper-division elective WSt courses. Only courses with the WSt prefix count as Women’s Studies courses.
4000 College of Education

Undergraduate programs in the College of Education are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

(See Section 1600 for Teacher Preparation Information)

General Information

The information contained in this chapter applies to programs, course offerings, and requirements specific to the College of Education. However, the information in this chapter is to be considered supplemental to the general university information found in the preceding chapters of this catalog. Therefore, students should familiarize themselves thoroughly with general information on registration, fees and refunds, academic regulations, student life, and campus services. All policies, regulations, and requirements explained in the preceding chapters of this catalog also apply to the College of Education.

Graduate programs offered through the College of Education are listed in the “General Information” section of this catalog and are described in the university’s graduate catalog available on the university website at www.gsu.edu/es/catalogs_courses.html. Graduate application materials can be obtained by visiting the website for the College of Education, education.gsu.edu/oaa/.

College Facilities

Many of the college’s programs involve student and faculty participation and interaction with metropolitan Atlanta community schools and agencies. Atlanta offers an ideal laboratory for the development of our students. Special facilities in the college of particular interest to undergraduate students are listed below.

Alonzo A. Crim Center for Urban Educational Excellence

350 College of Education Building
404/413-8070
education.gsu.edu/cuee/

The Alonzo A. Crim Center for Urban Educational Excellence works in partnership with the larger Georgia State community, other universities, school systems, social agencies, and community organizations. Current work includes: (1) Benjamin E. Mays Lecture Series, an annual program which brings nationally prominent educators to Atlanta to address critical issues facing education; (2) Coalition Urban Affiliate Liaisons, meetings between College of Education and Atlanta Public Schools urban affiliates to develop research agendas and to discuss difficult issues related to providing excellent education for those children who traditionally have been least well-served by schools; (3) Quarterly Forums, events which address the topic, “Tapping Into the Genius of Our Children,” which allows teachers and educators to participate in dialogue with outstanding people who have demonstrated success in fostering academic excellence for economically disenfranchised children in urban schools; (4) The Peachtree Urban Writing Project, a national writing project site and a collaborative of the Atlanta Public School System, Georgia State University, Morehouse College, and Spelman College; (5) National Board Certification Resource Center,
provides awareness training to principals and teachers who are going through National Board Certification (NBC), places special emphasis on the recruitment of minority candidates and houses an information library for NBC literature; (6) Martin Luther King, Jr. Curriculum Project, lesson plans developed and designed to encourage hands-on, interactive exploration of materials available in The King Center, while providing historical and sociological knowledge to students as well as in social studies, civics, history, writing and language arts; (7) Staff Development and Curriculum Enhancement, facilitates and hosts ongoing workshops and training sessions that promote professional development for in-service teachers, and identifies supplemental learning resources that will compliment the curriculums that are currently used by teachers. The director of the center is Dr. Brian Williams.

Instructional Technology Center

2nd floor, College of Education Building
404/413-8080
itc.gsu.edu

The Instructional Technology Center serves faculty, students, and prekindergarten through twelfth-grade educators by encouraging and supporting technological confidence and expertise in the areas of teaching, collaboration, and consulting. The ITC serves as a resource center providing learning spaces, technology workshops, student computer access, and specialized educational technology resources. Our resources include computers, peripheral equipment, productivity and educational software titles, audio/video production and reproduction technology and over 100 years of combined educational technology expertise from our experienced staff.

The ITC will provide customized workshops for faculty and instructor-led classes on topics that support instruction. The ITC can create workshops for a variety of instructional technologies. It has a variety of purpose-built teaching facilities including smart classrooms, computer classrooms, a conference room and a student computing commons.

The director of the center is Mr. Randy Jones. Call the Instructional Technology Center for information and appointments or visit their website at itc.gsu.edu.

Lanette L. Suttles Child Development Center

Capital Hill Childhood Enrichment

197 Decatur Rd.
404/413-8454
http://education.gsu.edu/cdc/index.htm

The program at Georgia State University is comprised of two centers, the Lanette L. Suttles Child Development Center and Capital Hill Child Enrichment. The Centers are operated by the College of Education under the direction of the Department of Early Childhood Education. The program provides
care for children of students, faculty, and staff. The Suttles Center is open from 7:30 a.m. to 6:00 p.m. Mondays through Fridays, and the Capital Hill Center is open from 7:00 a.m. to 6:00 p.m. Mondays through Fridays. There is a waiting list for parents interested in enrolling their children. Information regarding registration, fees, and ages for children accepted into the program may be obtained by contacting the center. The director of the center is Stacey French-Lee.

Speech – Language – Hearing Clinic

8th floor, College of Education Building
404/413-8044

The Speech–Language–Hearing Clinic is operated by the Department of Educational Psychology and Special Education to provide practicum and experience for students in the master’s level Communication Disorders program offered through the College of Education. Students who are identified by faculty as needing evaluation may be referred to the clinic. Students can also receive evaluations and treatment services at their own request. The director of the center is Dr. Debra Schober-Peterson.

4020 Students’ Responsibilities

Knowledge of Regulations

Students must assume full responsibility for knowledge of the policies, rules, and regulations of the College of Education and the university as well as the departmental requirements concerning their individual programs.

It is the responsibility of the students to become knowledgeable of and to observe all regulations and procedures required by the program being pursued. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that an adviser or other university authority did not inform the individual of a specific requirement. Each student should become especially familiar with the chapters of this catalog that present the academic requirements for the degree being sought, the offerings and requirements of the students’ major department, and any changes published in the online Schedule of Classes each academic term.

While the provisions set forth in this catalog will ordinarily be applied as stated, Georgia State University and the College of Education have the right to change any provision, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available in the Office of the Dean and Office of Academic Assistance and Graduate Admissions when changes are made by the College of Education. It is especially important that each student note that it is the individual student’s responsibility to keep apprised of current graduation requirements for his or her particular degree program.

Criteria on Academic and Professional Integrity

The College of Education is committed to upholding standards of academic and professional integrity. These standards require that students enrolled in undergraduate and graduate programs within the College
of Education adhere to both the University’s Student Code of Conduct as described on-line at www2.gsu.edu/~wwwdos/ as well as their individual degree program’s Policy on Student Professionalism, Integrity and Retention. Students should contact their department for a copy of their degree program’s policy.

4030 College Academic Advisement

Academic advisors in the Office of Academic Assistance and Graduate Admissions may advise undergraduate students in the College of Education who have completed 42 hours or more and are planning to be accepted or have been accepted to a teacher education program. The college encourages students with questions about their degree requirements or the academic regulations of the college or university to contact their advisers.

Students with questions about course content, career plans, and expectations for their fields of preparation and interest may contact faculty members in the college. Students should contact the academic department in advance to arrange a conference with a faculty member.

For students considering a change of major related to career interest, professional assistance in selecting a career area is available through the university’s Career Services (260 University Center). The services of the center are described in the “Student Life and Services” chapter of this catalog.

Office of Academic Assistance and Graduate Admissions

300 College of Education Building
404/413-8000
education.gsu.edu/oaa/

Carla Woods, Advisor III (Ph.D. Students)
Jacob English, Academic Advisor I (undergraduate students)
Aileen Taylor, Academic Advisor II (undergraduate students)

The Office of Academic Assistance and Graduate Admissions is here to serve you. This office:

- Provides programs of study of each undergraduate major offered by the college;
- Indicates to undergraduate transfer students the specific credits for work done at other institutions that can be applied toward the B.S. and B.S.E. degrees;
- Confirms eligibility for entry into teacher education;
- Assists students in course selections and schedule revisions each term;
- Explains catalog regulations;
- Administers policies for the college and the university;
- Refers students to other sources of assistance in the university;
- Receives and processes applications for undergraduate teacher education programs and graduate study; and
- Assists graduates in applying for initial certification or upgrading an existing certificate.
Students are advised by appointment except during walk-in times that are provided for brief questions that can be resolved in 10 or fewer minutes. Students should schedule appointments at least two days in advance so updated records can be provided. Office hours are 8:30 a.m. to 5:15 p.m. (M.-F.).

Teacher preparation students in the College of Arts and Sciences should contact their Office of Academic Assistance (418 General Classroom Building, 404/413-5000) for advisement.

4040 College of Academic Regulations

Students may select the College of Education as a pre-major at the point of application to the university or at any point thereafter. However, this selection represents only a pre-education status until the student applies for admission to and is accepted into a teacher education program. Transfer students must comply with all academic regulations of the university and the college.

Entry into teacher education is a separate step and requires meeting specific criteria. Students must complete a separate application, show proof of Tort liability insurance, and apply for a criminal background check (fee for background check). Students interested in teacher education programs should refer to the “Teacher Preparation” section 1600 of this catalog or visit the College of Education Office of Academic Assistance website, education.gsu.edu/oaa/, for more information.

Visiting Students

Students currently enrolled in a degree program at another institution who wish to take coursework from the College of Education must follow the admissions requirements shown in the “Undergraduate Admissions” chapter of this catalog. Teacher education courses designated TEA or TCP are not available to visiting students. Students from other institutions may be enrolled as visiting students at Georgia State University for no more than two academic terms.

Transient Credit

College of Education students must have prior written approval from the college to earn transient credit from another institution if that credit is to be used in a degree program. Contact the Office of Academic Assistance and Graduate Admissions for procedures. Transient approval will not be granted to take courses at Atlanta area institutions when the course is readily available at Georgia State.

The acceptance of all transient applications is subject to any limitations set by the departments or programs of study.

Credit by Examination

Students displaying exceptional ability in certain areas of knowledge may be recommended, with the approval of the dean, to receive credit for a particular course by successfully completing a departmental examination. Credit by examination cannot be used to meet semester hour requirements for the 39-hour residency, nor can it be used to meet the hour requirements for Honors. Students are directed to contact the specific department to determine eligibility for taking an examination.
The following course has been approved for credit by examination:

- **KH 3390 Advanced First Aid and Emergency Care**

Additional courses with the KH prefix may be approved for credit by examination. Contact the Department of Kinesiology and Health for a complete list of such courses.

**Directed Reading Courses**

Directed reading courses are designated with the prefix of the program area for which the content of the course is relevant and are numbered 4810. Such a course is for junior or senior level students of superior abilities and proven performance who wish to do independent study in a specific area. Applications for directed reading courses are available from the Office of Academic Assistance and Graduate Admissions. These courses require consultation with the instructor of choice to develop the topic of study, approval of the student's adviser, and approval of the department chair of the instructor's department. Directed reading courses may not substitute for courses that are part of the regular course offerings of the college.

**Reentry**

A reentry student is one who has been enrolled at Georgia State University and who meets at least one of these criteria:

- has not registered for courses at Georgia State during any of the previous three semesters.
- has been on scholastic suspension after an absence of one calendar year.
- has been on scholastic exclusions after an absence of five or more years. (undergraduate students only)
- has attended any semester as a transient and wishes to attend an additional term. (undergraduate students only)

**Application Procedures for Reentry**

The Reentry Application is available online at www.applyweb.com/apply/gsure/. Students will need to submit a $25.00 application fee with their applications. Reentry students who are accepted but do not attend the semester in which they were admitted must contact admissions@gsu.edu to attend the succeeding semester. If their academic program no longer exists at the time of reentry, they may not reenter but instead apply for a new degree program.

**Student Complaints, Petitions for Policy Waivers and Variances, and Appeals**

The appeals procedure for students in the College of Education will follow different courses of action depending on the nature of the student’s appeal. Please refer to University Information Section 1050.80 under Polices and Disclosures in this catalog or visit www.gsu.edu/enrollment/appeals.html for details.

Georgia State University seeks to maintain the highest standards of integrity and fairness in its relationships with students. The Undergraduate Catalog and the Graduate Catalog Student Code of
Conduct set forth policies and requirements for Georgia State students. Students are expected to know and comply with these policies. Students may, however, seek relief or resolution when they believe that:

- The application of these policies and procedures will create undue hardship for them or will not recognize their extraordinary or extenuating circumstances; or
- Specific actions, practices, or decisions on academic or non-academic matters have been made or carried out in an arbitrary, discriminatory, or inequitable manner.

The procedures for complaints, petitions, and appeals related to University-wide and college-based policies are listed at education.gsu.edu/oaa/4009.html.

To adhere to University policy, the College of Education has developed three forms: Petition for Admission, Petition for Waiver or Variance and Student Petition for Resolution. Students should complete these forms and submit to appropriate department for review.

**Petition for Admissions**

Applicants denied admissions who wish to appeal an admission decision or who desire a request for exception should complete the Petition for Admission Form available in the College of Education Office of Academic Assistance and Graduate Admission.

**Petition for Waiver or Variance**

Any student in the College of Education may petition for a waiver or variance of established policy, procedure, rule, or guideline governed by the college. This form should be used for requests of substitutions of required courses and/or waivers of college policies governing students. The Student Petition for Waiver or Variance must be submitted by the end of the term prior to the term in which the exception is needed. The form can be found at education.gsu.edu/oaa/4009.html.

**Student Petition for Resolution**

Students are encouraged to discuss academic or non-academic problems or grade concerns with the instructor prior to filing a formal petition, in an effort to gain understanding about the basis of the treatment or grade. If the issue is not resolved informally, students should complete the Student Petition for Resolution process. The form can be found at education.gsu.edu/oaa/4009.html.

**College Degree Requirements**

The College of Education has no additional degree requirements beyond the university academic regulations.

**4050 Program Degree Requirements**

Undergraduate degrees offered by the College of Education are listed in this section alphabetically by major and then by degree designation. The Bachelor of Science (B.S.) and Bachelor of Science in Education
(B.S.E.) majors are listed, followed by nondegree, certification only programs. Students enrolled in degree programs must complete all the requirements for the selected degree and must comply with the general academic regulations of the university. Each program of study listed in this section provides the minimum requirements for that specified program. Additional coursework and non-coursework activities may be required based on faculty evaluation of the students’ background preparations and demonstration of their skills and knowledge.

Course descriptions are listed alphabetically by prefix name then course number in the “Course Descriptions” chapter of this catalog.

Undergraduate Core Curriculum

Georgia State University requires all students seeking a baccalaureate degree to satisfactorily complete a basic core of general education subjects. All programs offered by the College of Education are designed to comply with the University System of Georgia core curriculum requirements. For a full description of the requirements for Areas A through E of the undergraduate core curriculum, please see the “Core Curriculum” chapter of this catalog. Requirements for completing Areas F through H of each degree program are listed in this chapter.

Students who are completing the core curriculum requirements at another unit of the University System of Georgia are encouraged to check the Georgia State catalog for specific required course prerequisites to maximize the transfer of core credits to apply to the programs in which they plan to enroll.

4100 Birth Through Five

Program Offered:

- Bachelor of Science in Education in Birth Through Five

Additional Teacher Education information is found in section 1600 of the catalog.

Department of Early Childhood Education
550 College of Education Building
404/413-8020
education.gsu.edu/ece/
Barbara Meyers, Chair

The B.S.E. major in Birth Through Five (B-5) prepares teachers and other early care and education professionals to work in varied settings with young children and their families from infancy through Kindergarten age, including children who are typically developing and those with disabilities.

The program reflects national and state standards, research and best practice in the field of early childhood development and education and teacher education. Candidates receive content and pedagogy in developmentally and individually appropriate practices for infants, toddlers, preschoolers and Kindergarten age children. The program provides a multidisciplinary, comprehensive and holistic approach to working with young children and families in diverse settings.
Field-based experiences are structured to provide candidates with opportunities to work with different ages and children of varying ability levels and educational needs. A broad range of courses and practicum will strengthen candidates’ knowledge and ability to select and implement appropriate curriculum and instructional strategies, developmental activities and care routines, and observation and assessment methods.

Successful completion of this program leads to a baccalaureate degree along with recommendation for Birth Through Five (B-5) licensure. Candidates completing the Birth through Five preparation program may be recommended for certification in both Birth through Kindergarten as well as the Endorsement in Pre-School Special Education (3-5).

Program Admission

Students are required to meet all University and College admission requirements. In addition, students must apply for admission to teacher education (B-5) prior to beginning coursework in the upper division core, Area G of the program.

To apply for teacher education (B-5):

- Students must have a minimum 2.75 overall grade point average on all postsecondary coursework previously completed;
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement”;
- Students must have successfully completed all courses in Areas A-F.
- Students must have successfully completed all required courses in Areas A and F with a grade of “C” or higher, or have transferred in approved Area A-F courses as outlined in approved USG-DTAE Articulation Agreements;
- Students must consent to a criminal background check;
- Students must submit proof of tort liability insurance;
- And students must complete a writing sample and participate in an interview with program faculty. Please note that the completion of the writing sample and participation in the interview does not guarantee admission to the Birth Through Five program.

The Technical College System of Georgia Articulation Agreements and the Birth through Five program handbook can be found on the Department of Early Childhood Education web site at education.gsu.edu/ece/index.htm.

Program Financial Information

Birth Through Five (B-5) majors must pay all tuition and fees charged by the University and the College. A lab fee may be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as tort liability insurance, criminal background check, and transportation will be incurred at various times during the completion of various teacher
education field experiences.

Program Academic Regulations

Program of Study: Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with “C” or higher grades. All courses listed below in Areas F-G must be completed with a grade of “C” or higher unless otherwise noted. Semester hours are shown in parentheses following an entry.

Tort liability and criminal background check requirement: all students must show proof of tort liability insurance and consent to a criminal background investigation prior to any field experience.

B.S.E. students are required to meet the Georgia 2006 Technology Proficiency Requirement. Students enrolled in the Birth Through Five (B-5) Program at Georgia State University will complete this graduation and certification requirement by successfully completing a technology course (IT 2210 recommended) and by demonstrating competency on designated assignments embedded in the program of study.

Areas A-E. Core Curriculum Recommendations

Students must complete 42 semester hours in Area A-E of the Undergraduate Core Curriculum or have transferred in approved Area A-E courses as outlined in approved USG-DTAE Articulation Agreements. Courses in Area A must be completed with “C” or higher grades.

Semester hours are shown in parentheses following an entry.

Area F. Courses Appropriate for a Major (18)

Students must complete coursework with a grade of “C” or higher in Area F prior to admission to teacher education. Students must complete 18 semester hours in Area F, or have transferred in approved Area F courses as outlined in approved USG-DTAE Articulation Agreements, which can be found on the Department of Early Childhood Education web site at education.gsu.edu/ece/index.htm.

Required (18):

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching & Learning (3)
- EDUC 2152 Birth and Parenthood (3)
- EDUC 2300 Introduction to Child Development (3)
- KH 2360 Childhood Health and Wellness (3)

Areas A-F Articulation Agreement for USG – DTAE Institutions
Graduates from Early Childhood Care and Education degree programs from COC accredited Technical College System of Georgia institutions will have satisfied the requirements for all six courses in the USG Area F for the BSED in Birth-Age 5 Teacher Preparation Program.

Area G: Courses Required for the Major

Required Courses (40):

- BRFV 3200 Introduction to Administration and Organization of Programs for Young Children (3)
- BRFV 3250 Professional and Ethical Practice-CTW (3)
- BRFV 4360 Child Guidance Birth to Five (3)
- BRFV 4370 Language, Literacy, and Cognition-CTW (3)
- BRFV 4380 Methods for Infants and Toddlers (4)
- BRFV 4390 Methods for Pre-Kindergarten and Kindergarten Children (4)
- BRFV 4400 Family and Community Relationships (3)
- EXC 3560 Observation and Assessment for Infants, Toddlers and Preschoolers (3)
- EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
- EXC 4500 Environmental and Medical Issues for Children Birth to Five (3)
- EXC 4520 Methods for Infants and Toddlers with Disabilities (4)
- EXC 4530 Methods for Pre-Kindergarten and Kindergarten Children with Disabilities (4)

Electives (8-11):

- IT 2210 Integrating Technology into the Elementary Classroom (3) or equivalent

Graduates from Early Childhood Care and Education degree programs from COC accredited Technical College System of Georgia institutions may transfer one of the program specializations to complete 9 hours of Electives (11 hours) in the B.S.E. Birth Through Five (B-5) degree program.

Required prior to Area H: (40) Semester Hours; All courses in B-5 Major Area must be completed with a grade of C or higher before students are authorized to enroll in student teaching.

Area H: Student Teaching (9-12)

All program requirements must be satisfactorily completed before students are authorized to enroll in student teaching. Students must complete student teaching coursework in Area H with a grade of “C” or higher.

Required (9-12):

- BRFV 4661 Student Teaching (9-12)

Students must post passing scores on the appropriate GACE Content Assessment in order to be recommended by Georgia State University for clear, renewable certification. (see www.gace.nesinc.com for more information).

Total Program: minimum of 120-126 semester hours
4110 Early Childhood Education

Program Offered:

- Bachelor of Science in Education in Early Childhood Education
  - Concentration in Early Childhood Education (P-5) Certification with an ESOL Endorsement
  - Concentration in Early Childhood Education (P-5) and Special Education General Curriculum (P-12) Dual Certification

The B.S.E. major in Early Childhood Education prepares teachers to work in classrooms with children in pre-kindergarten through fifth grade. The program reflects research and best practice in the field of early childhood education and teacher education. Candidates receive content and pedagogy in all academic disciplines taught in the early childhood classroom. The program further provides integration of the visual and musical arts within the context of specific content area methods courses. The broad and extensive field-based experiences effectively develop candidates’ knowledge and ability to select and implement developmentally appropriate resources and activities for teaching and learning in diverse settings. Successful completion of this program leads to a recommendation for P-5 licensure and an endorsement to teach English to Speakers of Other Languages (ESOL) or dual certification in P-5 and Special Education.

Program Admission

Students are required to meet all University and College admission requirements. In addition, students must apply for teacher education prior to beginning coursework in Area G of the program.

To apply for the B.S.E. Early Childhood Education program:

- students must have a minimum 2.75 overall grade point average on all undergraduate coursework previously completed;
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement”;
- students must have successfully completed all courses in Area A-F;
- students must consent to a criminal background check;
• students must submit proof of tort liability; and
• students must complete a writing sample and participate in an interview with program faculty.

Please note that the completion of the writing sample and participation in the interview does not guarantee admission to the B.S.E. program.

Program Financial Information

B.S.E majors must pay all tuition and fees charged by the University and the College. A lab fee of $125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as tort liability, criminal background check, and transportation will be incurred at various times during the completion of various teacher education field experiences, particularly during the students’ senior year.

Program Academic Regulations

Program of Study: Students must complete 42 semester hours in Areas A-E of the undergraduate Core Curriculum. Courses in Area A must be completed with “C” or higher grades. All courses listed below in Areas F-G must be completed with a grade of “C” or higher unless otherwise noted. Semester hours are shown in parentheses following an entry.

Tort liability and criminal background check requirement: all students must show proof of tort liability insurance and consent to a criminal background investigation prior to any field experience.

Program Degree Requirements

B.S.E. students are required to meet the Georgia 2006 Technology Proficiency Requirement. Students enrolled in the Department of Early Childhood Education Teacher Education Programs at Georgia State University will complete this graduation and certification requirement by demonstrating competency on designated assignments embedded in the four semester course sequence.

Students seeking certification from the State of Georgia Professional Standards Commission are required to pass the GACE Basic Skills Assessment (or provide an exemption) and GACE Content Assessment in Early Childhood Education. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement.”

Students must post passing scores on the appropriate GACE Content Assessment in order to be recommended by Georgia State University for clear, renewable certification. There are two program options for completing the B.S.E. Degree in Early Childhood Education: the Initial Certification in PreK-5th grades with an endorsement to teach English to Speakers of Other Languages (ESOL) and the Dual Certification in Early Childhood and Special Education.

Concentration in Early Childhood Education (P-5) Certification with an ESOL Endorsement

Areas A-E: Core Curriculum Recommendations

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses
in Area A must be completed with “C” or higher grades.

Semester hours are shown in parentheses following an entry.

**Area F. Courses Appropriate for a Major (18)**

Students must complete coursework with a grade of “C” or higher in Area F prior to admission to teacher education.

**Required (18):**

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching & Learning (3)
- ISCI 2001 Life/Earth Science (3)
- ISCI 2002 Physical Science (3)
- MATH 2008 Foundations of Numbers and Operations (3)

**Area G. Major Courses (57)**

Students must complete all courses listed below in Areas G with a grade of “C” or higher unless otherwise noted. Students begin Area G of their programs as a cohort and must take courses in the sequence specified. The Department of Early Childhood Education provides a program manual describing course requirements and expectations.

**Block 1: Required concurrently (15):**

- ECE 3021 Child Development (3)
- ECE 3255 ESOL: Cultural Foundations (3)
- ECE 3600 Intro to Literacy Learning in Early Childhood and Elementary Education (3)
- ECE 3661 Classroom Management in Early Childhood Education Field Experience I (3)
- EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)

**Block 2: Required concurrently (15):**

- ECE 3601 Understanding Literacy Learning in Early Childhood and Elementary Education-CTW (6)
- ECE 3606 Science and Inquiry in Early Childhood Education (3)
- ECE 3607 Mathematics Methods in Early Childhood Education (3)
- ECE 3662 Classroom Management in Early Childhood Education Field Experience II (3)

**Block 3: Required concurrently (15):**

- ECE 3360 Assessment of Classroom Learning in Early Childhood Education (3)
- ECE 3440 ESOL: Curriculum and Instruction (3)
- ECE 3602 Digital Composing as Literacy Learning (3)
- ECE 3605 Social Studies Methods in Early Childhood Education (3)
- ECE 3663 Classroom Management in Early Childhood Education Field Experience III (3)

Students must earn a grade of “B” or higher in ECE 3663.

Required prior to Area H (9 hours of Mathematics Courses):
Students may take any 3000-level or higher MATH-prefix courses, but the department recommends:

- MATH 3050 Geometry and Spatial Sense (3) (MATH 2008 is a prerequisite for this course)
- MATH 3070 Introduction to Probability and Statistics I (3) (MATH 2008 is a prerequisite for this course)
- MATH 3090 Algebraic Concepts (3) (MATH 2008 is a prerequisite for this course)

Select one (3):

- AE 2300 Art and Music for Early Childhood (3)
- MUS 2300 Art and Music for Early Childhood (3)

Area H. Student Teaching (12)

All program requirements must be satisfactorily completed before students are authorized to enroll in student teaching. Students must complete student teaching coursework in Area H with a grade of “C” or higher.

Required (12):

- ECE 4650 Opening School Experience (0) (Required to successfully complete during the first fall semester preceding student teaching.)
- ECE 4662 Student Teaching (12)

Students must post passing scores on the appropriate GACE Content Assessment in order to be recommended by Georgia State University for clear, renewable certification.

Total Program: minimum of 129 semester hours

Concentration in Early Childhood Education (P-5) and Special Education General Curriculum (P-12) Dual Certification

Areas A-E: Core Curriculum Recommendations

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with “C” or higher grades.

Semester hours are shown in parentheses following an entry.

Area F. Courses Appropriate for a Major (18)

Students must complete coursework with a grade of “C” or higher in Area F prior to admission to teacher
education.

Required (18):

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching & Learning (3)
- ISCI 2001 Life/Earth Science (3)

4120 Exercise Science

Program Offered:

- Bachelor of Science in Exercise Science

Department of Kinesiology and Health
Sports Arena
404/413-8050
education.gsu.edu/kin/index.htm

Jacalyn Lund, Chair

The B.S. major in Exercise Science prepares students for careers in adult fitness, worksite health promotion/corporate fitness, personal training, clinical exercise physiology, cardiac rehabilitation, and other
related fields. Preparation is also provided in fitness management, program management, sports skills development and enhancement, strength and conditionings, and related topics.

Program Admission

There are no admission requirements specific to the Bachelor of Science program. However, students are required to meet all university and college admission requirements.

Program Financial Information

Lab fees are associated with several courses within the Bachelor Science in Education degree. In addition, B.S. majors must pay all tuition and fees charged by the university and the college.

Program Academic Regulations

Enrolling in some upper-level courses offered by the Department of Kinesiology and Health is restricted. These courses are:

KH 3500 Athletic Training,
KH 3550 Evaluation and Instrumentation in Exercise Science,
KH 4280 Psychology of Physical Activity,
KH 4290 Cardiopulmonary Physiology,
KH 4300 Neuromuscular Physiology and Plasticity,
KH 4350 Fitness Program Management,
KH 4360 Clinical Exercise Physiology,
KH 4600 Advanced Biomechanics for Exercise Science, and
KH 4630 Fitness Assessment and Exercise Prescription.

To enroll in these courses, a student must have

- completed the core curriculum (See Section 1410),
- completed KH 2220 Anatomy In Kinesiology/Health with a grade of “C” or higher,
- completed KH 2230 Physiology Kinesiology/Health with a grade of “C” or higher, and
- have earned a GPA of 2.5 or higher in these two courses.

KH 2220 and KH 2230 may be attempted only twice. The Area F GPA will be computed using the last attempt in each course. A WF counts as an attempt. Transfer students who transfer these course(s) into Georgia State, may use the grades in the last attempted transferred course to calculate the GPA or they may attempt them (twice) at Georgia State.

Once a student is eligible to take the restricted KH courses, the student remains eligible to take them as long as the student is eligible to enroll at Georgia State University.

Program Degree Requirements

B.S. in Exercise Science
Areas A-E: Core Curriculum Recommendations

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. MATH 1111 is a prerequisite for B.S. Exercise Science majors. The Department of Kinesiology and Health recommends that students take MATH 1111 in Area A.

Semester hours are shown in parentheses after an entry.

Area F. Courses Appropriate for a Major (18)

Required (18):

- BUSA 2106 The Environment of Business (3)
- EPY 2050 Human Growth and Development (3)
- IT 2010 Computer Skills for the Information Age (3)
- KH 2130 Introduction to the Allied Fields of Health, Physical Education, and Fitness (3)
- KH 2220 Anatomy in Kinesiology and Health (3)
- KH 2230 Physiology in Kinesiology and Health (3)

Area G. Major Courses (54)

A grade of “C” or higher is required in all courses in Area G.

Required (48):

- KH 2520 Principles of Physical Activity and Fitness (2)
- KH 3000 Personal Health and Wellness (3)
- KH 3390 Advanced First Aid and Emergency Care (3)
- KH 3500 Athletic Training and Conditioning (4)

The B.S.E. major in Health and Physical Education prepares graduates to teach integrated programs of health and physical education for pre-kindergarten through twelfth grade. Areas of emphasis include skill development and analysis, personal health assessment, pedagogical-disciplinary study, contemporary curriculum, instructional skills and models, and direct field experiences. The program features a field-based approach.

Program Admission

Students are required to meet all university and college admission requirements. In addition, students must apply for teacher education prior to beginning Area G of the program.

To be accepted into teacher education:

- students must have a 2.50 overall grade point average on all undergraduate coursework previously completed;
- students must have successfully completed areas A-F of program, as listed in the Undergraduate Catalog. This includes completion of Area A Essential Skills with a “C” or better and Area F courses appropriate to the major with a grade of “C” or better;
- students must demonstrate competence in oral communication. Screening takes place in all education courses (see catalog for more details);
- students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at http://www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx. Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement”;
- students must consent to a criminal background check;
- students must show proof of tort liability insurance; and
- students must participate in an interview and writing sample with program faculty. This will take place after Teacher Education application is submitted to the Department of Kinesiology and Health.

Program Financial Information

B.S.E. majors must pay all tuition and fees charged by the university and the college. A lab fee of $125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as fees for LiveText, tort liability, criminal background check, and transportation will be incurred at various times during the completion of various teacher education field experiences, particularly during the students’ senior year.

Program Academic Regulations

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with “C” or higher grades. A grade of “C” or higher is required in Area F courses. A grade of “C+” is required for the following courses: KH 3200, KH 3250, KH 3410, KH 3420, KH 4510, KH 4520, KH 4530, KH 4540. Students who do not receive a grade of “C+” or better may repeat the course once. If a student fails to earn a “C+” the second time, then the student is administratively removed from the program. A grade of “B” in KH 4710 and KH 4720 is required for
recommendation for certification. Students who do not receive a grade of “B” or better may repeat the course once. If a student fails to earn a “B” the second time, he or she will not be allowed to enroll in the course again and will not be recommended for certification.

Entry into the program does not guarantee continuation in the program, graduation from the program and/or recommendation for certification even if all requirements have been met. Students may graduate from the program with a “B-”, “C+”, “C”, or “C-” without recommendation for certification even if the certification test has been passed.

Program candidates may be placed on a Professional Development Plan (PDP). The HPE faculty has many options to choose from for determining a PDP for individuals. These options may include but are not limited to retaking courses; taking additional courses; and taking speech or writing workshops. Continuation in the program will depend on demonstrating timely and successful completion of PDP requirements.

As the courses progressively become more field-based, program faculty, cooperating teachers, and school administrators may also recommend that program candidates be placed on a PDP, removed from a course or removed from the program. The HPE program faculty has a personal and professional responsibility to ensure that the teacher candidates that enter and graduate from the program exhibit professional behaviors. The HPE faculty is obligated to follow university policy set forth in the following excerpt from the GSU catalog:

The Professional Education Faculty believes that all students who are in field experiences must be personally and psychologically equipped as well as academically prepared. Students may be denied entry to field experiences based on departmental prerequisites or the professional judgment of faculty based on observed performance and behavior. This policy is based on the premise that educators should be part of the evaluation of the students’ ability to function adequately and safely in classrooms and those educators have a right and responsibility to make such judgments prior to placing students in schools. The practicum or student teaching supervisor has the authority to withdraw students from their classroom experience if their performance constitutes a detriment to the children in the class. If such removal is necessary, students will be given an F in each corresponding course.

Tort liability insurance and criminal background check requirement: all students must show proof of tort liability insurance and consent to a criminal background investigation prior to admission to Teacher Education and then again prior to enrollment in student teaching (KH 4710 Student Teaching in Health and Physical Education, P-5, and KH 4720 Student Teaching in Health and Physical Education, 6-12). Students may obtain the appropriate forms through education.gsu.edu/oaa/field_placement.htm.

The B.S.E. major in Middle Level Education prepares outstanding middle level educators who can meet the needs of young adolescents in today’s diverse, highly technological, and changing society. Graduates have a well developed content knowledge in two fields (language arts, mathematics, reading, science, or social studies), and they are able to construct and implement interdisciplinary instruction creatively.

Successful completion of this program and the appropriate GACE Content Assessment tests leads to a recommendation for licensure for grades four through eight in the two areas of concentration.

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum with the recommendations listed in this section. Courses in Area A must be completed with “C” or higher grades.

Semester hours are shown in parentheses following an entry.

Area A. Essential Skills

Students who choose mathematics or science as one of their areas of concentration should select pre-calculus or a more advanced mathematics course) to fulfill the mathematics requirement.

Area C. Humanities and Fine Arts

Students who choose language arts as one of their areas of concentration should select ENGL 2110 World Literature 3), ENGL 2120 British Literature (3), or ENGL 2130 American Literature (3) to fulfill three semester hours of the Humanities and Fine Arts requirements.

Area D. Science, Mathematics, and Technology
Students who choose mathematics as one of their areas of concentration should select calculus of one variable (or a more advanced mathematics course) to fulfill three semester hours of the Science, Mathematics, and Technology requirements. Students who choose science as one of their concentration areas are encouraged to choose CHEM 1101K and CHEM 1102K or [BIOL 1103K] and BIOL 1104K. Students who choose Social Studies as an area of concentration are encouraged to choose GEOG 1112 and GEOG 1113.

**Area E. Social Science**

Students who choose social studies as one of their areas of concentration should select either AAS 1140 Introduction to African and African-American History and Culture (3), AAS 2010 Introduction to African-American Studies (3), ANTH 1102 Introduction to Anthropology (3), ECON 2105 Principles of Macroeconomics (3), ECON 2106 Principles of Microeconomics (3), GEOG 1101 Introduction to Human Geography (3), or HIST 1140 Introduction to African and African-American History (3) to complete the Social Science Foundations requirement.

**Area F. Preparation for a Major (18 semester hours)**

Students must earn a grade of “C” or higher in each course used to fulfill Area F requirements.

Required (9):

- EDUC 2110 Investigating Critical and Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching and Learning (3)

Select three (9):
With advisor approval, students select two additional 1000- or 2000-level courses for a minimum of six semester hours in one concentration area and one course for three semester hours in a second concentration area.

- **Language Arts**: ENGL 2110 World Literature, ENGL 2120 British Literature, or ENGL 2130 American Literature
- **Reading**: AL 2101 Introduction to Language (highly recommended prerequisite for Area G.1. AL course), ENGL 2110 World Literature, ENGL 2120 British Literature, or ENGL 2130 American Literature
- **Mathematics**: MATH 2008 Foundations of Numbers and Operations (3); MATH 2212 Calculus of One Variable II (4) or MATH 2420 Discrete Mathematics (3)
- **Sciences**: CHEM 1101K and/or CHEM 1102, or BIOL 1103K and/or BIOL 1104K are recommended if not taken in Area D.
- **Social Studies**: GEOG 1101 Introduction to Human Geography, GEOG 1112 Introduction to Weather and Climate or GEOG 1113 Introduction to Landforms recommended if not taken in Area D

**Area G. Major/Teaching Field (48 semester hours)**

Students are encouraged to apply for teacher education after completing Areas A-F and at least 6 credit
hours in each content concentration in Area G.1. Students must apply for teacher education prior to beginning coursework in G.3 (Pedagogical Knowledge) of their program. To be accepted into teacher education:

- students must have a 2.50 composite grade point average on all undergraduate coursework previously completed;
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at [www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx](http://www.gapsc.com/EducatorPreparation/Assessment/BasicSkillsInfo.aspx). Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement”;
- students must have successfully completed Areas A through F of the program of study; and
- students must have successfully completed at least 12 of the 24 hours in Area G.1 Content Concentration courses (at least 6 hours in each concentration).

**G.1 Content Concentrations for Middle Level Education (24 hours)**

In consultation with their advisors, students select TWO areas of concentration from among language arts, mathematics, reading, science, and social studies. Each area of concentration consists of 12 semester hours of coursework, at least 6 of which must be numbered 3000 or higher. Students are expected to have completed all prerequisites prior to enrolling in any of the following courses requiring prerequisites. Students must earn a grade of “C” or higher in each course used to fulfill Area G.1 requirements.

- **Language Arts Concentration (12)**
  - Required (3):
    - EDLA 3200 Topics in Middle Childhood Language Arts (3)
  - Literature/Folklore
    Select one (3):

  - EDSS 4480 Concepts and Methods in Middle Childhood Social Studies (3)

**Area H: Student Teaching (12 semester hours)**

Students must successfully complete all courses in Area G.2 and Area G.3, and at least 18 of the 24 credit hours in Area G.1, to be authorized to enroll in Area H courses.

Students must earn a grade of “B” or higher in each course used to fulfill Area H requirements.

**Required (12):**

- EDCI 4640 Critical Issues in Middle Grades Education-CTW (3)
- EDCI 4700 Student Teaching in Middle Grades (9)

**Exit Criteria:**
• Successful completion of all program coursework.
• Successful completion of professional portfolio.

**Total Program: minimum of 120 semester hours**

### 4200 Minor in Urban Education

The minor in urban education provides undergraduate students with knowledge and experiences in urban education. Students select from course experiences offered from across departments in the College of Education. The minor must consist of 15-18 hours of coursework as outlined below with at least 9 hours in 3000-4000- level courses. Coursework counting toward the minor cannot also count toward Area A-E of the undergraduate degree. A grade of C or higher is required in all courses counting toward the minor.

**A. Required:** (6)

- EDUC 3010 Introduction to Urban Education (3)
- EDUC 4660 Field Based Research in Urban Education (3)

**B. Select one:** (3)

- ECE 3010 Introduction to Early Childhood Education (3)
- EDCI 3220 Understanding and Supporting Middle School Learners (3)
- EDCI 3250 Introduction to Teaching in Secondary Schools (3)
- EDCI 4810 Directed Readings in Teaching and Learning (3)
- EDUC 4982 Undergraduate Research in Urban Education (3)
- EPY 3010 Learning, Memory, and Cognition in the Real World (3)

The course selected in section B cannot also be used fulfill section C.

**C. Select two to three:** (6-9)

- ECE 3010 Introduction to Early Childhood Education (3)
- EDCI 3220 Understanding and Supporting Middle School Learners (3)
- EDCI 3230 From Ferris Bueller to Freedom Writers: Images of Education in Film (3)
- EDCI 3240 Education or Incarceration: Schools, Communities, and the Prison Industrial Complex (3)
- EDCI 3250 Introduction to Teaching in Secondary Schools (3)
- EDCI 4810 Directed Readings in Teaching and Learning (3)
- EDLA 3200 Topics in Middle Grades Language Arts (3)
- EDMT 3350 Topics in Middle Grades Mathematics (3)
- EDRD 3490 Reading Methods for Middle Childhood Education (3)
- EDRD 3500 Assessment/Instruction of Middle School Childhood Students with Reading Difficulties (3)
- EDSC 3250 Topics in Middle Grades Science (4)
- EDSS 3400 Topics in Middle Grades Social Science/History (3)
- EDUC 2110 Investigating Critical and Contemporary Issues in Education (3)
Students who have questions regarding the Minor in Urban Education may contact the College of Education’s Office of Academic Assistance at 404/413-8000.

4210 Minor in Educational Psychology

The minor is designed to provide undergraduate students with knowledge and expertise in Educational Psychology. Educational Psychologists are interested in applications of psychology to education, broadly defined. A minor in Educational Psychology will allow students to explore learning and teaching in classrooms as well as other educational outreach programs. Such explorations, along with students’ knowledge of major content areas, will provide viable possibilities for future careers and a deeper appreciation for learning in a variety of contexts.

Coursework counting toward the minor cannot also count toward Area A-E of the undergraduate degree.

A grade of C or higher is required in all courses counting toward the minor.

The coursework in the minor will include three required courses focusing on Educational psychology to ensure students explore and research critical areas of the field.

A. Required (9):

- EDUC 2130 Exploring Learning and Teaching (3)
- EPY 2050 Human Growth and Development (3)
- EPY 4960 Seminar in Educational psychology (3)

B. Students must select 9 hours (at least 6 hours at or above the 3000 level) from the following list:

- EDUC 2120 Exploring Sociocultural Perspectives of Diversity in Educational Context (3)
- EPY 2040 The Science of Learning: Theories, Application, and Practice (3)
- EPY 3010 Learning, Memory, and Cognition in the Real World (3)
- EPY 4190 Introduction to Behavioral Analysis (3)
- EPY 4360 Learning and Development During Adolescence (3)
- Another course may be selected with consent of advisor.

Total Program: minimum of 18 Hours

Students who have questions regarding the Minor in Educational Psychology may contact the College of Education Office of Academic Assistance at 404-413-8000 or the Department of Educational Psychology at

Laura Fredrick, Chair

This is an initial certification program for students in an undergraduate degree program at Georgia State University that has a cooperative dual certification agreement with the Department of Educational Psychology and Special Education. Students seeking admission to this initial certification program, must have a minimum cumulative GPA of 2.5 and have passing scores on the GACE Basic Skills Assessment (see www.gace.nesinc.com for more information) or demonstrate an exemption. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Undergraduate students at Georgia State University must meet the requirements jointly set by their major department and the Department of Educational Psychology and Special Education.

Students who do not satisfactorily pass a course must retake the course and satisfactorily pass the course prior to taking additional courses in the program. Courses may be repeated once.

The sequence of required certification courses are as follows:

- EPY 2050 Human Growth and Development (3)
- EXC 4010 Characteristics of Students with Disabilities (3)
- EXC 4560 Educational Evaluation of Students with Disabilities (3)
- EXC 4570 Individual and Classroom Management (3)
- EXC 4580 Instructional Methods for Students with Behavior Learning Disabilities (3)
- EXC 4590 Functional and Social Methods for Students with Behavior Learning Disabilities (3)
- EXC 4661 Practicum I: Special Education General Curriculum: Consultative (3)
- EXC 4671 Educational Partnerships and Practicum II: Special Education General Curriculum: Consultative (3)

Total hours for certification: 24 semester hours

4300.15 Initial Certification (Trade and Industry)

Trade and Industrial Education

Health Occupations Education Certification
The department offers undergraduate courses to allow individuals from specific areas of health, industry, and information technology to become teachers at secondary schools based on occupational experience in the field and the minimum educational level required for the field. Applicants to this program have qualified for the initial Technical Specialist teaching certificate in Georgia and are required to complete an approved program for the professional renewable certificate. These programs lead to initial certification only.

Successful completion of the following courses qualifies a person for the NT- or T-level certificate, depending upon the current level of certification. The program presupposes certification at least at the provisional level. Students are admitted through a special application process once a year in summer session; they may take these courses either as non degree or degree-seeking students. Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to the program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under “Basic Skills Testing,” go to “Options to Satisfy the Basic Skills Requirement.”

Contact the Department of Middle-Secondary Education and Instructional Technology (404/413-8060) for additional information.

Required (21):

- EDBT 3020 Instructional Development in Technology/Career Education (3)
- EDBT 3360 Foundations of Management and Safety in Technology/Career Education (3)
- EDBT 3690 Teaching Practicum in Technology/Career Education (3)

5000 Byrdine F Lewis School of Nursing and Health Professions

Undergraduate programs in the Byrdine F Lewis School of Nursing and Health Professions are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

5010 General Information

The Byrdine F Lewis School of Nursing and Health Professions is committed to the preparation of professionals in the areas of Nursing, Nutrition, Respiratory Therapy and Health Informatics. The programs are designed to meet the health and human service needs of the citizens of Georgia. Involvement in research and practice in the urban community is encouraged. The programs are responsive to the needs of students entering both first and second careers. Courses are delivered through a variety of modes including classroom and laboratory instruction, web-based instruction, and distance technology.

5010.30 Accreditation

The baccalaureate program in the School of Nursing is approved by the Georgia Board of Nursing and is accredited by the Commission on Collegiate Nursing Education. The Commission on Accreditation of Allied Health Education Programs accredits the baccalaureate program in the Department of Respiratory Therapy in collaboration with the Committee on Accreditation for Respiratory Care Education. The Didactic Program in Dietetics in the Department of Nutrition is accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association.

5010.40 Degree Programs

The School of Nursing and Health Professions offers a Bachelor of Science degree with majors in nursing, nutrition and dietetics, and respiratory therapy. The School also has a Bachelor of Interdisciplinary Studies in Health Informatics.

5010.70 Admission to Professional Programs

Acceptance to Georgia State University into one of the majors in the School of Nursing and Health Professions allows a student to take prerequisite course work leading to the professional program. A separate application process is required for acceptance into the professional programs in nursing, nutrition, respiratory therapy and health informatics.
The professional program in nursing begins in the fall and spring semesters only. The professional programs in nutrition and respiratory therapy begin annually in the fall semester only. The BIS in Health Informatics will have new cohorts in the Fall, with Spring cohorts as deems appropriate. Admission into these programs is highly competitive, and students are encouraged to inquire about admission criteria, policies, and deadlines as soon as possible. Admission information and requirements for each program are included in the section on the major.

It is highly recommended that a student wishing to enter the programs in nursing, nutrition and respiratory therapy take one year of biology and one year of chemistry in high school.

Applicants for admission to the professional programs must be able to demonstrate prior to admission an ability to meet certain technical standards of performance which are necessary to carry out their activities as health professionals. They must be able to communicate effectively and efficiently in oral and written form. Applicants for admission must demonstrate the functional use of their senses that will allow them to elicit appropriate information, as well as to perceive nonverbal communications from patients or clients whom they are serving. Additionally, each of these applicants should be able physically to provide reasonable care and emergency treatment when necessary.

The School of Nursing and Health Professions reserves the right to require the withdrawal of any student at any time in order to preserve and maintain the program’s standards of scholarship and conduct.

International applicants to the School of Nursing and Health Professions whose native language is not English, regardless of language of instruction, may be required to submit acceptable results from an English proficiency examination.

Each division may require other, more specific, technical abilities in its consideration of candidates for admission to its program.

5020 Academic Regulations

5020.10 Credit for Transfer Work

The specific credit for work done at other institutions that may apply toward a degree from the School of Nursing and Health Professions is determined by the Undergraduate Admissions Office, the University Advisement Center, the School of Nursing and Health Professions Office of Academic Assistance, and, if appropriate, department the student is applying for. Allowance of transfer credit by the Office of Admissions does not mean necessarily that all such credit will be accepted toward a degree from the School of Nursing and Health Professions.

5020.20 Credit for Transient Work

Students in the School of Nursing and Health Profession who wish to take course work at another college must have prior written approval from the Office of Academic Assistance if they wish to apply that credit to a degree program. The student must be in good academic standing at Georgia State University. A student may not take more than four courses as a transient student. Courses that have been failed at Georgia State may not be retaken at another institution. Please consult the “Academic Regulations” section of this catalog.
for additional regulations pertaining to transient status.

5020.30 Clinical, Field Experience or Internship

As part of the degree completion requirements in the School of Nursing and Health Professions, the student will be placed in a clinical setting which requires the student to care for and/or be exposed to individuals and patients of all ages and with a variety of diagnoses and symptoms, some of which are communicable and infectious. However, unless otherwise required by law, the School of Nursing and Health Professions does not grant special consideration or waiver of any degree completion requirements, including placement in a clinical setting.

Please note that majors must complete a clinical program during their matriculation. Some students will be placed with a clinical affiliate that gives care to vulnerable populations or deals with sensitive information. As a result, the agency or affiliate may request a criminal background check and/or drug screen as a prerequisite for placement. If students use illegal drugs, have a criminal record before they declare their major, or acquire a criminal record after declaring their major, they might be prohibited from participating in the clinical program.

5020.40 Graduation

Coursework with a grade of D can satisfy no more than 12 semester hours of degree requirements. A minimum grade of C is required in all major courses. Certain programs may require a grade of C or higher in other courses as well. A 2.00 grade point average is required for graduation.

Any deviations from catalog requirements are unauthorized except by approval of the department, or by written petition filed through the Office of Academic Assistance and properly approved by the appropriate committee.

Please note that licensing boards or agencies for program-related occupations may deny, suspend or revoke a license if an applicant has a criminal history or licensee is convicted, pleads guilty or nolo contendre to a felony or other crime. Students should consult the licensing board corresponding to their intended occupations for more details. Successful completion of a program of study in the School of Nursing and Health Professions does not guarantee licensure, certification, or employment in the relevant occupation.

5030 Degree Requirements

The undergraduate programs in the School of Nursing and Health Professions are designed to comply with the University System of Georgia core curriculum requirements. The program requirements for Undergraduate Core Curriculum Areas A through E are listed in the “Core Curriculum” chapter of this catalog. Recommendations of specific courses in the core curriculum for nursing, nutrition and respiratory therapy students are listed below as well as in each program section. Area F requirements for the major and other course requirements are found in the sections of this chapter which describe the specific major.

5030.10 Core Curriculum Recommendation
Area B: Institutional Options:

It is recommended that nursing majors take Phil 1010 as one of the two required courses.

Area C: Humanities and Fine Arts:

It is recommended that nursing majors take Spanish 1002 as one of the two required courses.

Area D: Science, Mathematics and Technology:

It is strongly recommended that nutrition and respiratory therapy majors take Chem 1151K and 1152K.

Area E: Social Sciences:

It is strongly recommended that nursing majors take Psyc 1101 as the social science foundations selection.

5030.20 Program Admissions

The health informatics, nursing, nutrition and respiratory therapy programs because of their professional nature, have more stringent admission requirements than those of Georgia State University.

Health Informatics

Admission is by application. All SNHP BIS degree prerequisites must be completed for the Clinical Informatics concentration and all RCB BIS degree prerequisites must be completed for the Health Information Technology Management or Health Administration Management concentrations, with a GPA of 3.0 or better. The prerequisites will be listed in the curriculum section of the BIS. Students generally apply at the end of their second year (sophomore) when pre-requisite courses are complete and will begin this BIS program in the junior year. A new cohort starts each fall semester initially, with cohorts starting in Spring semester as well if the demand is appropriate. As demand for this major grows, the need to limit the number of times a student can apply and additional admission criteria will be re-evaluated. The application deadline for Fall is March 15th. The application deadline for Spring is October 1st.

Nursing

The applicant must meet the general admission requirements of Georgia State University and the School of Nursing. Acceptance to the university allows the student applicant to register for prerequisite course work leading to the professional program in nursing and but does not guarantee automatic admission into the nursing program. Acceptance into the professional program requires a separate application and admissions process. Applicants are admitted on a space-available basis. The University gives some preference to applicants who began their college careers at Georgia State and meet all other criteria.

Two program options are available in the undergraduate nursing program: the traditional option and ACE (Achieving the Curriculum Expeditiously). The traditional option is six semesters and does not require summer classes. The ACE option is four semesters, including summer over a 16-month period. Students in both options have identical degree requirements; however, the ACE option has more stringent application...
requirements.

**Traditional Option Prerequisites:** The following courses are prerequisites, which must be completed before entering the traditional option in the fall or spring semester.

- BIOL 1110K, BIOL 1120K – Anatomy & Physiology 1 & 2
- BIOL 2300, BIOL 2310 – Microbiology with lab
- CHEM 1151K, CHEM 1152K – Survey of Chemistry 1 & 2 — PHYS 1111K, PHYS 1112K (Introductory Physics 1 & 2) OR BIOL 1103K, BIOL 1104K (Introductory Biology 1 & 2) are accepted.

It is recommended that Nurs 2010 be taken before beginning the nursing courses, but it is not required.

**Traditional Option Requirements:**

1. Acceptance to Georgia State University.
2. Completion of prerequisite courses.
3. A minimum grade point average of 3.30. Higher grade point averages receive preference for admission. A minimum grade point average of 3.30 in the sciences courses listed in the prerequisite courses. In computing this GPA, only the first two attempts at a course will be considered. Even if a student repeats a course under GSU’s repeat-to-repeat policy, only the first two attempts will be considered in the Nursing admissions process.
4. Successful completion of the current version of the Test Essential Academic Skills (TEAS).
5. A two-page typed paper discussing the applicant’s position on a current social or health-related issue.
6. Two letters of reference. One should be academic (high school or college instructor); one should be professional (employer, volunteer organization, etc.).
7. An Application Cover Sheet form.
8. Answers to a short list of questions that are included with the Application Cover Sheet form.

**ACE Option Prerequisites:** The ACE option requires the following prerequisites, in addition to those listed for the traditional option, be completed before entering the first semester of the ACE option.

- All Core Curriculum requirements, Areas A-E
- NURS 2010 (Health and Human Development Across the Lifespan)
- SNHP 3000 (Communication and Cultural Diversity)
- PSYC 3140 (Abnormal Psychology)

**ACE Option Requirements:**

1. Acceptance to Georgia State University.
2. Completion of prerequisites courses.
3. A minimum grade point average of 3.30. Higher grade point averages receive preference for admission. A minimum grade point average of 3.30 in the science courses listed in the prerequisite section. In computing this GPA, only the first two attempts at a course will be considered. Even if a student repeats a course under GSU’s repeat-replace policy, only the first two attempts will be considered in the Nursing admissions process.
4. Successful completion of the current version of the Test Essential Academic Skills (TEAS).
5. A two-page typed paper discussing the applicant’s position on a current social or health-related issue.
6. Two letters of reference. One should be academic (high school or college instructor); one should be professional (employer, volunteer organization, etc.).
7. An “Application Cover Sheet” form.
8. Answers to a short list of questions that are included with the “Application Cover Sheet” form.

A person may apply to Nursing only twice. If not accepted on the first application, applicants who have earned fewer than 42 credit hours must meet with an advisor in the University Advisement Center. Applicants who have earned at least 42 credit hours and are not accepted on the first application must meet with an admission advisor in the Byrdine F Lewis School of Nursing.

A student who has a cumulative GSU GPA below 3.0 at the end of their first semester at GSU is permanently ineligible to apply to enter Nursing.

A student who has a cumulative GSU GPA below 3.3 at the end of their third semester at GSU is permanently ineligible to apply to enter Nursing.

Admission selection for both options is based on GPA, number of and grades earned in required science courses taken, score on the nursing entrance exam, letters of reference, and a social/health issue paper. If the applicant’s native language is not English, regardless of language of instruction, he or she may be required to submit acceptable results on the Georgia State Test of English Proficiency (GSTEP) or the Test of English as a Foreign Language (TOEFL).

It is important that applicants are aware of the current level of competition for admission. The program can accommodate only a limited number of students each year.

The application deadline for the fall semester is March 1. The application deadline for the spring semester is October 1. Early applications are advisable. Application requirements and information about the Test Essential Academic Skills (TEAS) Test are available on the Nursing website nursing.gsu.edu/338.html. The cost of the exam is the applicant’s responsibility.

Upon receipt of an acceptance letter, the student will be required to complete the Program Intake for Nursing School orientation on Desire2Learn and attend an orientation meeting before the first semester of nursing classes begin. The student must complete required forms and health-related requirements prior to the first semester of nursing classes. The accepted student must submit to Nursing a current health record (and must keep this record current). Evidence of in-force liability insurance and current cardiopulmonary resuscitation certification by the American Heart Association is required for enrollment in clinical nursing courses. Students may be required to have a criminal background check and a drug screen based on hospital policy. It will be the student’s responsibility to pay for any cost associated with the criminal background check and/or drug screen.

When applying to the Georgia Board of Nursing to take NCLEX upon graduation, students will be
required to complete a criminal background check and drug screen according to a Georgia law that went into effect in July 2008. Students may be required to provide documentation to the Georgia Board of Nursing explaining any such positive findings on the criminal background check. The Georgia Board of Nursing has the exclusive authority to issue a license for the Registered Professional Nurse and could decline to issue a license based on an applicant’s prior criminal record. Further information regarding this requirement can be obtained from the Georgia Board of Nursing or any other state licensing board where practice is contemplated.

Nutrition

Admission to the DPD requires completion of prerequisite courses and an application to the division. Application packets are available in February of each year and must be returned to the Office of Academic Assistance for review. Applications will be reviewed throughout the year for applicants who have met prerequisite requirements. March 1 is the deadline for fall admission. Applicants who plan to complete their prerequisite requirements after March 1 should submit their applications by the March 1 deadline, but they will be reviewed once final transcripts are received. Courses in nutrition, organic chemistry, human physiology, microbiology, and biochemistry must be completed within ten years prior to beginning the DPD. A student must have a minimum 2.8 GPA and must have a letter grade of C or higher in all science and nutrition courses. Selection will be based upon academic performance, a letter of reference from a college professor, and a statement of professional goals.

Nutrition courses completed at other institutions may be considered for transfer credit if they have been completed within ten years prior to beginning the DPD.

Respiratory Therapy

Admission to the Division of Respiratory Therapy is limited. In addition to meeting the general admission requirements of the university, the applicant must meet the specific admission requirements and regulations of the Division of Respiratory Therapy. Acceptance into the program is based competitively on the factors of demonstrated academic ability, consistency of performance, personal qualifications, including motivation and interpersonal abilities.

International applicants whose native language is not English, regardless of language of instruction, must submit acceptable results from the Georgia State Test of English Proficiency (GSTEP). Because of the communication demands in the profession of respiratory therapy, both with patients and staff members, and the critical nature of clinical care, adequate verbal and written comprehension of English is necessary.

Individuals who desire to pursue respiratory therapy as a profession and show academic ability may apply for admission. Enrollment in the Division of Respiratory Therapy is limited and, therefore, early application is advisable. The application deadline is May 1st proceeding the fall semester in which admission is desired. The Office of Admissions evaluates the credentials of students transferring from other colleges and universities. Acceptance into the university does not ensure admission into the respiratory therapy program.

Students taking the prerequisite courses in colleges or universities other than Georgia State University should take equivalent course work.
Students are admitted into the professional courses in the fall of the junior year. A minimum grade point average of 2.50 is required. Higher GPAs receive preference for admission.

**A.S. to B.S. Bridge Program**

**Requirements for Admission**

- Admission to Georgia State University in the Byrdine F Lewis School of Nursing and Health Professions with a major in respiratory therapy.
- A complete Advanced Standing application for admission to the respiratory care program.
- Notarized copy of RRT certificate.
- AARC Student Membership.
- GPA at least 2.5

**Program Highlights**

Bridge students must complete University core education requirements (see General Education Courses), as mandated by the University System for a Bachelor’s degree. Many students have coursework from other schools that can transfer to satisfy some of the required prerequisite courses.

Students must also demonstrate knowledge of the history and constitutions of the United States and Georgia by either completing an American History and an American Government course, or by taking exams to fulfill these requirements after enrollment at Georgia State. Information is available at [www.gsu.edu/success/georgia_history_and_constitution_legislative_requirements.html](http://www.gsu.edu/success/georgia_history_and_constitution_legislative_requirements.html).

Georgia State University also requires that 39 semester hours in the major area (Respiratory Therapy) be completed in residence (at Georgia State). The suggested courses are listed, which represent the most advanced coursework in the Bachelor program.

Credit by Validation for 30 semester hours is given based on the RRT credential. This includes all clinical coursework in the Bachelor degree program (See AreaG: Major).

Students have the option to Test Out of a Course, if they are competent in the course area, with the exception of the final capstone course, RT 4950, Directed Study (Contact course instructor for further information).

An Integrated B.S. to M.S. degree is an option to those who have a bachelor’s degree in another field and wish to enter the respiratory therapy profession. See the Graduate Catalog for details.

**5040 Academic Advisement**

The Byrdine F Lewis School of Nursing and Health Professions is committed to providing advisement, counseling, and referrals to help students achieve academic success. Students in the School receive advisement from faculty members as well as from professional academic advisors in the Office of Academic Assistance located in the Urban Life Building Room 811. All students with 41 hours or less are advised by the University Advisement Center, [www.gsu.edu/advisement/](http://www.gsu.edu/advisement/). All students with 90 hours or more are
advised by professional advisors located in the School of Nursing and Health Professions Office of Academic Assistance, snhp.gsu.edu/180.html.

5050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the Byrdine F Lewis School of Nursing and Health Professions will follow different courses depending on the nature of the student’s appeal. Please refer to University Information Section 1050.80 under Polices and Disclosures in this catalog or visit www.gsu.edu/enrollment/appeals.html online for details.

5060 Honors and Awards

Maymi Walker Chandler Memorial Scholarship: This award was established in memory of Maymi Walker Chandler in recognition of her commitment to the professional development of women. The award recognizes students who demonstrate academic excellence and leadership.

Kaiser Permanente Undergraduate Nursing Scholarship: These scholarships are funded by Kaiser Permanente, one of America’s leading health care organizations, and are given to undergraduate students in recognition of academic achievement.

Kaiser Permanente Endowed Nursing Scholarship: This scholarship was established to benefit graduate students who are interested in pursuing a career as a nurse educator.

Barbara Haltiwanger Nursing Scholarship Endowment: This award was established in memory of Barbara Haltiwanger. The scholarship is awarded to undergraduate students who are midway through their nursing education and who demonstrate academic excellence, exhibit character and motivation, and are committed to a career in adult health nursing.

Byrdine F Lewis Clinical Practice Scholarship: This award was established to honor Mrs. Byrdine F Lewis for whom the Georgia State University School of Nursing and Health Professions was named. The scholarship is awarded to undergraduate nursing students who have a strong academic record and who are committed to clinical practice in a hospital setting.

Merle Kennon Lott Scholarship: This award was established in memory of Merle Lott, who was Director of Nursing for the Dekalb County Health Department and a dedicated public health nurse in Georgia for over 30 years. It recognizes students who have demonstrated academic excellence and plan to pursue a career in public health nursing.

Cennette Fisher Jackson Scholarship: This scholarship was established to honor Dr. Cennette Fisher Jackson, a faculty member for 25 years in Nursing program. Awardees are undergraduate students in nursing who espouse the values Dr. Jackson personified: compassion, fairness, collaboration and respect for cultural diversity, and dignity in all people.
**Northside Hospital Scholars:** Northside Hospital provides these awards to recognize high achieving well-rounded junior nursing students who are committed to excellent, quality health care. Northside has an extensive network of healthcare facilities throughout metropolitan Atlanta.

**Daniel J. Sansone Memorial Scholarship:** This award was created in memory of Daniel Sansone, son of Joseph Sansone, founder and CEO of Pediatric Healthcare, LLC. The award is given to an undergraduate student interested in pediatric nursing or respiratory therapy.

**Johnnie W. Prothro Academic Excellence Award:** This award is given to an undergraduate nutrition student who has achieved a high level of academic excellence in the nutrition program. The faculty in the Division of Nutrition selects the recipient who receives a gift certificate for book purchase.

**Gordon Seagraves Cummings Scholarship:** Professor Gordon Cummings taught in the Georgia State University physical therapy program for 27 years. The scholarship recognizes individuals who are critical thinkers and caring, competent practitioner.

**James Ancil Lewis Award:** This award was established in memory of James Ancil Lewis and honors his exemplary work in respiratory therapy, from his graduation in 1973 until his death in 1992. The award is given to a junior in the program who exemplifies Mr. Lewis' characteristics of service to others, particularly in clinical work and direct patient care.

**Northside/St. Joseph’s Hospital Scholarships for Respiratory Therapy students:** Two scholarships, one based on need and the other based on merit are awarded to junior and/or senior respiratory therapy students

**Respiratory Therapy Academic Achievement Award:** This award is given to the graduating senior with the highest grade point average achieved in the respiratory therapy program.

**Respiratory Therapy Clinical Excellence Award:** The faculty in the Division of Respiratory Therapy gives this award to the graduating senior who has displayed outstanding performance in his or her clinical rotations.

**Respiratory Therapy Faculty Recognition Award:** This award, sponsored by Respironics, Inc., is for a graduating senior in the respiratory therapy program. The award is intended to recognize the student who, in the opinion of the faculty of the Division of Respiratory Therapy, exhibits a positive professional attitude and a willingness to serve the needs of classmates, the community, and the profession of respiratory therapy.

**Honors**

The units in the School of Nursing and Health Professions may award honors. Criteria for honors are listed below:

1. Students must be recommended and approved by departmental faculty committee.
2. The residence requirements for graduation from Georgia State University must be fulfilled. No courses exempted or validated by examination are considered as being taken in residence.
3. The following grade point average requirements must be met:
a. A minimum overall accumulated grade point average of 3.0 in all courses excluding professional program courses. This includes all courses applied toward the degree including courses transferred in.
b. An accumulated grade point average of at least 3.5 in all professional program courses.
c. Accumulated grade point average will be calculated on courses that apply to the degree including courses transferred in from other schools.

Awards are contingent on final clearance by the Office of Student Financial Aid. Any student receiving aid under any federal financial aid program is limited by the student’s “estimated cost of attendance” as to the total amount of aid that may be received. This applies to aid from all sources, public and private. You will find this information in your aid letter from the financial aid office or online in your financial aid record in PAWS.

5110 Health Informatics

Program Offered:

B. I. S. in Health Informatics

1228 Urban Life Center, 404/413-1225
Lynda Goodfellow, Associate Dean for Academics

The Mission of this concentration is to prepare graduates to address the expanding complex information technology needs of our healthcare system.

The Goals of the program are as follows:

- A student graduating with a BIS degree in Health Informatics will understand the systems and processes associated with health informatics in the areas of Clinical Informatics; Health Information Technology; and Health Administration Management.

- A student graduating with a BIS degree in Health Informatics will be able to analyze and draw relevant conclusions associated with health informatics in the areas of Clinical Informatics; Health Information Technology; and Health Administration Management.

- A student graduating with a BIS degree in Health Informatics will understand the role of and be able to effectively work in the health information industry.

- A student graduating with a BIS degree in Health Informatics will be able to function as an effective member of a successful interdisciplinary healthcare team.

- A student graduating with a BIS degree in Health Informatics will be an effective critical thinker.

- A student graduating with a BIS degree in Health Informatics will be an effective oral and written communicator.
The Learning Outcomes are the following:

- A student graduating with a BIS degree in Health Informatics will be able to analyze and evaluate the systems and processes associated with health informatics in the areas of Clinical Informatics; Health Information Technology; and Health Administration Management.

- A student graduating with a BIS degree in Health Informatics will demonstrate the ability to effectively function in multifunction teams operating in the field.

- A student graduating with a BIS degree in Health Informatics will present their analysis and evaluations of health information systems and processes as an integrated part of the health information industry and a larger health care system.

- A student graduating with a BIS degree in Health Informatics will use critical thinking in their decision processes.

- A student graduating with a BIS degree in Health Informatics will demonstrate effective oral and written communication skills.

Program Academic Regulations

A minimum grade of C (2.0) is required in all courses designated as health informatics major courses. All health informatics majors must maintain a minimum GPA of 2.0 to remain in the program.

The Byrdine F Lewis School of Nursing and Health Professions reserves the right to require the withdrawal of any student at any time in order to preserve and maintain the school’s standards of scholarship and conduct. Furthermore, if the student has been sanctioned for any violation of university rules, procedures, or policies, an automatic review and determination of that student’s progress in the program will occur.

5110.10 Curriculum Requirements

Pre-requisites – 42 hours of pre-requisites (Areas A through E) are listed first followed by Area F which includes pre-requisites related to Clinical Informatics or Health Information Technology Management/Health Administration Management (includes 18 hours that students must complete prior to admission to the BIS in Health Informatics).

5120 Nursing

Program Offered:

• B. S. in Nursing

900 Urban Life Center, 404/413-1200
Joan Cranford, Assistant Dean

The Byrdine F Lewis School of Nursing and Heath Professions offers a curriculum leading to the Bachelor of Science degree with a major in nursing. Upon the completion of the baccalaureate program and subject to the rules of the Georgia Board of Nursing, the graduate becomes eligible to write the National Council
Licensure Examination (NCLEX) required for becoming a registered professional nurse.

The university catalog in effect at the time a student is admitted to the nursing program will normally apply to a student. However, the nursing curriculum and other requirements are subject to change in order to comply with regulations of accrediting agencies or with institutional or university-system policies. Every effort will be made to notify students of such changes; however, it is the student’s responsibility to become aware of all current program and college requirements. Students who withdraw from the nursing sequence and wish to return will enter under the current catalog if space is available in nursing courses. Academic credit for nursing courses for a student who withdraws from the nursing program is valid for a five-year period. Abnormal Psychology (PSYC 3140) and Anatomy and Physiology I and II (Biol 1110K – 1120K) must be completed within five years prior to beginning the nursing sequence. Special exceptions may be made to this policy for individuals who can document current utilization of the knowledge gained from these classes. All requests for exception will be reviewed by the Assistant Dean.

Academic advisers work closely with students to plan programs; however, it is the student’s responsibility to see that course prerequisites are met as required. The student is expected to follow the program planned in conjunction with the assigned academic and faculty advisers.

Clinical and didactic learning experiences may be scheduled at any time during the day and/or evening hours and on weekdays and weekends; personal schedules must be flexible to meet program requirements. Students will be expected to provide their own transportation to/from both the classroom and clinical settings.

Nursing has the right to make changes in the program, curriculum and courses with appropriate notification. Students will be expected to accommodate these changes as long as the total hours required for graduation are not increased.

The student is responsible for adhering to policies and procedures specified in the Nursing Undergraduate Student Handbook. Degree requirements must be completed in order to meet the eligibility requirements for writing the NCLEX.

Program Financial Information

Clinical practice will require that the applicant obtain student uniforms that meet Nursing program standards. Additional costs that are the responsibility of the student include 1) the cost of cardiopulmonary resuscitation certification and liability insurance; 2) the cost of lab supplies; 3) the cost of a standardized testing program; and 4) the cost of criminal background checks and drug screens.

Program Academic Regulations

A minimum grade of C (2.0) is required in statistics and all courses designated as nursing. All nursing majors must maintain a minimum GPA of 2.0 to remain in the nursing sequence.

Enrollment in a course may be terminated at any time if, in the judgment of the instructor, the student’s behavior jeopardizes patient safety. This termination would result in a course failure and may result in dismissal.
A student may repeat a nursing course in which a grade of D, U, F or WF was received one time only. Failure of the repeated course or a second nursing course results in termination from the program. In the event a student is unsuccessful in NURS 3510, NURS 3610, NURS 3710 or NURS 3810, the student may take one new clinical course (NURS 3510, NURS 3610, NURS 3710, NURS 3810) concurrently with the course that must be repeated.

The Byrdine F Lewis School of Nursing reserves the right to require the withdrawal of any student at any time in order to preserve and maintain the school’s standards of scholarship and conduct. Furthermore, if the student has been sanctioned for any violation of university rules, procedures, or policies, an automatic review and determination of that student’s progress in the program will occur.

The procedure for reentering students may be found in the previous section entitled “Admission Requirements.”

Each teaching team establishes the attendance policies for classroom and clinical experiences. In general, however, all learning experiences are required. Due to the complexity involved in selecting and supervising clinical learning experiences, students are required to complete all assignments promptly.

Selected achievement tests are required throughout the program. An end-of-program exit activity will be required of all nursing students. Students will be given an exit exam at the midpoint of the last semester before graduation. A passing score is required to meet graduation and program completion requirements.

Additional information, including information on program, policies and procedures, can be found in the Nursing’s Undergraduate Student Handbook. Students are responsible for the information in this handbook as well as that in other university publications.

5120.10 Curriculum Requirements

Area B: Institutional Options:

It is recommended that nursing majors take PHIL 1010 as one of the two required courses.

Area C: Humanities and Fine Arts:

It is recommended that nursing majors take SPAN 1002 as one of the two required courses.

Area D: Science, Mathematics and Technology:

It is recommended that nursing majors take CHEM 1151K and CHEM 1152K or BIOL 1103K and BIOL 1104K or PHYS 1111K and PHYS 1112K.

Area E: Social Sciences:

It is recommended that nursing majors take Psyc 1101 as the social science foundations selection.

Area F: Courses Related to the Program of Study (18)
• BIOL 1110K & BIOL 1120K Human Anatomy and Physiology I & II (8)
• BIOL 2300 Microbiology and Public Health (3)
• BIOL 2310 Microbiology and Public Health Lab (1)
• NURS 2010 Health and Human Development Across the Lifespan (3)
• NURS 2060 Pathophysiology (3)

Area G: Major (49)

• NURS 2040 Conceptual Foundations of Nursing and Trends (1)
• NURS 2061 Pharmacology (3)
• NURS 2080 Basic Concepts of Nursing Care (3)
• NURS 2160 Basic Health Assessment and Nursing Skills (6)
• NURS 3510 Caring For Adult Populations (6)
• NURS 3610 Caring for Childbearing Families (5)
• NURS 3710 Caring for Children and Adolescents (5)
• NURS 3810 Psychiatric/Mental Health Care for Populations (5)
• NURS 4510 Caring for Families and Communities (5)
• NURS 4600 Leadership and Management in Nursing (3)
• NURS 4610 Senior Practicum (4)
• NURS 4620 Complex Health Care Problems Across the Lifespan (3)

Area H: Allied Fields (14)

• SNHP 3000 Communication/Cultural Diversity (3)
• NURS 3300 Human Services Policy, Planning and Trends (3)
• NURS 3500 Research Methods (3)
• NUTR 3200 Introduction to Clinical Nutrition (2)
• PSYC 3140 Abnormal Psychology (3)

Total Program Hours Required: a minimum of 123 semester hours

Accreditation

The baccalaureate program is approved by the Georgia Board of Nursing. The baccalaureate and master’s programs are accredited by the Commission on Collegiate Nursing Education.

The School maintains membership in the Council of Member Agencies of the Southern Council on Collegiate Education for Nursing of the Southern Regional Education Board, and the American Association of Colleges of Nursing.

Honors and Awards

Students may graduate with honors if the criteria listed under the “Honors” section of this chapter are met.

Evangeline B. Lane Founders Award: This award is given to all graduating senior students in nursing who have a 3.5 overall average in those courses required for the Bachelor of Science degree in nursing and a 3.67 average in the nursing courses. These recipients will receive a certificate of achievement.
Byrdine F Lewis School of Nursing and Health Professions, is home to the Epsilon Alpha Chapter of the nursing honor society, Sigma Theta Tau International. At each induction, the Sigma Theta Tau Academic Achievement Award is presented to the member who has maintained the highest scholastic average upon completion of the baccalaureate program.

The Excellence in Pediatric Nursing is an award given by Children’s Healthcare of Atlanta to an individual in each graduating class who has demonstrated high academic achievement and interest in Pediatric Nursing.

5130 Nutrition

Program Offered:

- **B. S. in Nutrition**

Division of Nutrition
862 Urban Life Building
404/413-1225

Yong Tai Wang, Assistant Dean of Health Professions
Anita Nucci, Department Head
Barbara Hopkins, Director, Didactic Program in Dietetics

The Didactic Program in Dietetics (DPD) is a Bachelor of Science degree program that provides the student with the appropriate course work to apply for a dietetic internship. The program is accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association (CADE), 120 South Riverside Plaza, Chicago, IL 60606, 312/899-5400. Graduates of the DPD are eligible for any dietetic internship accredited by the CADE, which is required to take the national examination to become a registered dietitian. An accredited pre-professional practice program is also available in the Division of Nutrition. Contact the division for more information about the pre-professional practice program.

**Mission Statement — Didactic Program in Dietetics (DPD)**

To graduate students with the knowledge, insight, and skills to participate effectively as dietetic professionals in a contemporary society

**Didactic Program Goals**

**Goal 1: Prepare graduates to be competent for entry into CADE accredited supervised practice programs or entry level nutrition positions.**

Expected outcomes

- Over a five year period, 60% of graduates will apply to a supervised practice program (DI or CP) the year they complete the DPD.
- Over a five year period, 80% of those applying to supervised practice programs the year they
complete the DPD will be accepted into a program.
- Over a five year period, the pass rate for DPD graduates taking the registration examination for the first time will be at least 80%.
- Ninety percent of supervised practice directors will indicate that students were prepared for the supervised practice program.
- At least 50% of graduates who are not accepted into a supervised practice program will submit an application to take the registration examination for dietetic technicians.
- Over a five year period, 70% of graduates who are not accepted to supervised practice programs and who respond to the one-year post graduate survey are employed in a nutrition dietetics related field or are in graduate school.

**Goal 2: Promote professional development by emphasizing problem-solving skills, lifelong learning skills, and critical thinking skills.**

**Expected outcomes**
- One-year post graduation, 90% of graduates responding to survey will indicate the program prepared them for the profession.
- Within three years of DPD completion, at least 50% of graduates responding to survey will indicate participation in at least one professional activity.
- On average, recent graduates will rate their ability to apply scientific reasoning in problem solving as 4 or better on a 0 to 5 scale.

**Goal 3: Attract and retain well qualified candidates.**

**Expected outcomes**
- Ninety percent of students enrolled in DPD will complete program/degree requirements within 6 semesters.
- Over a five year period, 90% of students who begin the DPD will complete the program.
- Over a five year period, the pass rate for DPD graduates taking the registration examination for the first time will be at least 80%.

**Program Financial Information**

Students are required to purchase consumable materials in some laboratory courses.

**Program Academic Regulations**

Once admitted to the DPD, a student must maintain a 3.0 GPA and receive a grade of C or higher in all DPD courses. Students who earn U, D or F grades in any DPD course cannot continue in the program. Students with DPD GPA averages below 3.0 at the end of the academic year will not be allowed to continue in the DPD. Students who have GPA below 3.0 will not earn verification statements.

**Program Degree Requirements**

Semester hours are shown in parentheses following an entry. Requirements for Areas A through E of the
undergraduate core curriculum are listed in the “Core Curriculum” chapter of this catalog.

Area D: Chemistry 1151K and 1152K are strongly recommended as the lab science sequence.

Area F: Courses Related to the Program of Study (18)

- BIOL 1110K Human Anatomy and Physiology I (4)
- BIOL 1120K Human Anatomy and Physiology II (4)
- BIOL 2300 Microbiology and Public Health (3)

Respiratory therapy is a health care profession dedicated to the support and management of individuals with abnormalities or deficiencies of the cardiopulmonary system. The respiratory therapist is an expert in therapeutic and diagnostic modalities associated with the pulmonary system, as well as the heart. He or she must have a working knowledge of chemistry, microbiology, and physiology as well as respiratory therapy. This background affords the therapist the ability to become proficient in working with respiratory life support systems. Under the guidance and supervision of a physician, the therapist treats by employing academic knowledge and technical skill for direct patient care. For a dedicated man or woman who finds a service field rewarding, respiratory therapy offers a career opportunity as a vital member of the health care team that is both personally and financially rewarding.

The Division of Respiratory Therapy offers a program that leads to a Bachelor of Science degree. The program provides classroom study with observation, clinical experience, independent study, and seminars. The Georgia State University respiratory therapy program is fully accredited by the Commission on Accreditation for Respiratory Care (CoARC). The program provides classroom study, laboratory study and observation, clinical experience, computer-assisted instruction and simulation, seminars, and independent study. Classes generally meet on a daily basis from approximately 8:00 AM to 4:00 PM. Clinical courses in area hospitals (clinical affiliates) meet generally from 6:45 AM to 3:15 PM.

The overall purpose of the Division of Respiratory Therapy is to provide a quality education that is relevant and professionally sound to meet the respiratory therapy needs of the health care community. Inherent to this purpose is the goal to prepare respiratory therapists who are able to demonstrate the attitudes, skills, and knowledge required to meet the changing needs of the community. It will be necessary for the respiratory therapist to cooperate with all members of the health care team in identifying and solving the
problems related to respiratory diseases and disorders of the cardiopulmonary system. The respiratory therapist must be able to think critically, communicate effectively, demonstrate good judgment, and provide self-direction. It is a primary objective of the respiratory therapy program to educate well-qualified, competent respiratory therapists who demonstrate leadership ability.

The baccalaureate degree program in respiratory therapy seeks to establish an atmosphere in which the student achieves respect for the dignity and worth of the individual, the capacity for critical thinking, a genuine desire for knowledge, and the realization of his or her own potential. Graduates of the baccalaureate program are qualified to enter the Registry Examination System of the National Board for Respiratory Care (NBRC).

**A.S. to B.S. Bridge Program**

The Division of Respiratory Therapy has a comprehensive advanced standing policy. Students who are graduates of CoARC-approved A.S. degree programs and are Registered Respiratory Therapists (RRT) may apply for advanced standing to the B.S. degree program. The department utilizes the following mechanisms to assess the awarding of credit in advanced standing: transfer credit, credit for professional credentials and credit for specialty exams from NBRC and courses offered from the AARC. Notarized proof of completion of specialty exam or course must accompany the application. The department maintains a philosophy of educational flexibility to meet the needs of the profession. The student has the option of taking the course online or attend the class on campus. All students must meet the GSU 39 hour upper division residency requirement that requires students to take 39 hours of 3000-4000 level course work at Georgia State University.

**Program Financial Information**

During the junior year, students can expect to pay approximately $1400 for uniforms, stethoscopes, student liability insurance, and books. In the senior year, expenses are estimated at approximately $1500. This includes books and expenses related to NBRC self-assessment and credentialing exams.

**Program Academic Regulations**

A minimum grade of C is required in all major, major-field-related, and mathematics and natural sciences courses for graduation. If a student’s progress is interrupted at any point in the program through withdrawal or unsatisfactory performance, the student will no longer be in the program. If an individual applies to reenter the program, consideration will be given on the same basis as any new applicant. Curriculum changes are made whenever necessary to keep the learning experiences up to date and relevant in this rapidly changing technological field. Students will be expected to subscribe to these changes whenever they are necessary.

Students are expected to provide their own transportation to clinical training sites. Students are expected to comply with the policies and regulations of the division regarding absences, tardiness, standards of performance, conduct, dress code for the clinical areas, and other regulations as specified. A copy of these policies and regulations may be obtained from the division and will be given to all entering students.

Although respiratory therapy courses are intended to be taken by students majoring in the Division of Respiratory Therapy, selected courses may be taken by non-majors with written permission of the
instructor of each course and the division head. All professional courses involving a component of clinical training are open only to professional program majors.

Program Degree Requirements

Semester hours are shown in parentheses following an entry. Requirements for areas A through E of the undergraduate core curriculum are listed in the “Core Curriculum” chapter of this catalog. Area D, F and G apply to both B.S. Respiratory Therapy students and A.S. to B.S. students.

Area D: Chemistry 1151K and 1152K are strongly recommended as the lab science sequence.

Area F: Courses Related to the Program of Study (18)

- BIOL 1110K & BIOL 1120K Human Anatomy and Physiology I & II (8)
- BIOL 2300 Microbiology and Public Health (3)
- BIOL 2310 Microbiology and Public Health Lab (1)
- RT 2011 Application of Physical Principles in Healthcare (3)
  (General Physics accepted in place of RT 2011)

Mission of the J. Mack Robinson College of Business

The J. Mack Robinson College of Business of Georgia State University is committed to academic excellence through advancing the creation and dissemination of knowledge in business and management. Moreover, the college seeks to prepare its students for the practice of management with the knowledge and skills needed to remain effective in a global, culturally diverse, and technologically advanced world that is characterized by rapid change and complex interdependencies. As an academic unit of Georgia State University, the Robinson College seeks to add value to private, public, and not-for-profit organizations through excellence in its research, education, and outreach programs. The college enjoys a location that is distinctive among business schools and is committed to taking full advantage of its proximity to multinational corporations, entrepreneurial enterprises, federal, state, and city agencies, and not-for-profit organizations.

Mission of the B.B.A. Program

The mission of the Bachelor of Business Administration (B.B.A.) program is to provide a broad general education and the core business knowledge and skills to prepare both traditional and nontraditional students for entry-level positions in private, public, and not-for-profit organizations and to stimulate in students a desire for lifelong learning. The program relies on a complement of full-time and part-time faculty using the most effective educational methods and technology to meet this mission.

Objectives of the B.B.A. Program

The faculty seeks to fulfill the mission of the B.B.A. program by accomplishing the following objectives:
- Students will demonstrate effective communication skills.
- Students will effectively and efficiently use computer technology.
- Students will effectively and efficiently analyze and solve business problems.
- Students will function effectively as team members.
- Students will demonstrate a desire for lifelong learning.

7010.30 Accreditation

The J. Mack Robinson College of Business is accredited by the AACSB International, the Association to Advance Collegiate Schools of Business. The accounting programs of the college also hold accounting accreditation granted by the AACSB. The Institute of Health Administration is accredited by the Commission on Accreditation of Healthcare Management Education. The program in hospitality administration is accredited by the Accreditation Commission on Programs in Hospitality Administration.

7010.40 Bachelor's Degree Offered

The Robinson College of Business offers the Bachelor of Business Administration with ten majors. The requirements for the B.B.A. degree are shown later in this chapter. A degree is awarded only after admission to and completion of the prescribed program in accordance with the specific degree requirements and academic regulations of the college and the university.

7010.50 Tutorial Facilities

Tutorial facilities are available to students who may need assistance with writing or mathematics and are described in the “College of Arts and Sciences” chapter of this catalog.

7020 Academic Regulations

Students seeking a degree in the Robinson College of Business are encouraged to become familiar with the academic regulations of the university that are given elsewhere in this catalog. The sections concerning transfer requirements and the university degree policies, including the residence requirement, the core curriculum, the constitutions and histories requirement, the Regents' Test, application for graduation, academic recognitions, withdrawal from classes, incomplete grades, and scholastic discipline, are of particular importance. (Consult the index for the page numbers of these sections.) The college regulations discussed below should also be read carefully.

7020.10 Credit Transferred from Other Institutions

Some majors require that transfer credit for upper-level major courses be no more than five years old at the time the student enrolls in the B.B.A. program. Contact the Office of Undergraduate Academic Assistance for further information.

Course credit transferred from two-year colleges shall apply only toward freshman- or sophomore-level credit.
No more than 27 semester credit hours of course work earned through correspondence or extension will be accepted toward the B.B.A. degree. Courses completed through correspondence or extension may not apply toward junior- or senior-level credit.

Reenrollment after Transferring Elsewhere: Undergraduate students who enroll at another institution as regular students (as opposed to transient- or visiting-student status) will be considered as having transferred to that institution. If such students later reenroll in the B.B.A. program, regardless of the length of the absence, they will be subject to the curricular degree requirements in effect at the time of their return. Such students are encouraged to discuss their transfer to the other institution with their academic advisor in the Office of Undergraduate Academic Assistance in advance if they intend to apply this work toward a degree of the Robinson College of Business. Students may not take courses for degree credit at another institution during the semester they expect to graduate from Georgia State University.

**7020.20 Policy on Allowing Undergraduates to Take Graduate Courses**

Students with a cumulative grade point average of 3.50 or higher who have at least 18 semester hours of credit at Georgia State University and who are in their senior year may petition to take up to two graduate courses in the Robinson College of Business in lieu of undergraduate courses. Students interested in petitioning should contact the Office of Undergraduate Academic Assistance for a statement of restrictions and procedures pertaining to this policy.

**7020.30 Minimum Grade Requirements for B.B.A. Students**

A grade of C- or higher is necessary to receive degree credit in the following required courses in the B.B.A. degree program: Acct 2101-2102, Econ 2105-2106, CIS 2010, BusA 2106; all the courses in the junior-year business core; the junior-year communication requirement; all the courses in the major; BusA 4980; the junior/senior RCB electives.

Students may not register for Acct 2102 until the first course in the given paired sequence is passed with degree credit (i.e., a grade of C or higher).

In addition to the minimum grade requirements in these courses, a grade of C- or higher must be earned by actuarial science majors in Math 2215.

**7020.40 Minimum GPA Requirement for All Students Enrolled in RCB Courses**

Students may not register for any 3000/4000-level course taught by the Robinson College of Business unless they meet eligibility requirements.

**7020.41 Initial Eligibility Requirements for Students Admitted to Georgia State University as Freshman (i.e. a native GSU student with no transfer credit)**

Students in this category, regardless of degree program or status, may not enroll in upper-level courses (those numbered 3000-4999) offered by the Robinson College of Business unless they meet the following requirements:
Earned at least 45 semester hours of college-level credit.
Completed RCB’s Area F: Business Foundation with an Area F GPA of 2.8 or better. In attempting to satisfy this requirement each Area F course may be attempted only twice. The Area F GPA will be computed using the last attempt in each course. A WF counts as an attempt.

7020.42 Initial Eligibility Requirements for Students Admitted to Georgia State University as Transfer Students (i.e. has been given transfer credit by Georgia State for course work completed at another academic institution, regardless of class standing)

Students in this category, regardless of degree program or status, may not enroll in upper-level courses (those numbered 3000-4999) offered by the Robinson College of Business unless they meet the following requirements:

- Earned at least 45 semester hours of college-level credit.
- Completed RCB’s Area F: Business Foundation with an area F GPA of 2.8 or better. The grades in Area F courses transferred to GSU or taken in residence will be used to compute the Area F GPA.
  Each Area F course may be attempted only twice at Georgia State regardless of previous attempts at other institutions. The Area F GPA will be computed using the last attempt in each course. A WF counts as an attempt.

7020.43 Continuing Eligibility Requirements for Students

Once a student is eligible to take 3000/4000 RCB courses under either section 7020.41 or 7020.42 of this catalog they may remain eligible to take 3000/4000 level RCB courses as long as they maintain a GPA of 2.0 or higher and remain in good standing. If the student’s GPA falls below the 2.0 required he or she will remain one semester to raise the GPA to the standard. If unable they will be ineligible to enroll in additional 3000/4000 level RCB courses and will be advised into another degree program.

7020.50 Course Sequencing Requirements

Students are expected to proceed through the B.B.A. program in proper sequence to receive maximum benefit from their studies. Courses that are intended for the freshman through senior years are indicated by the course numbering system (1000 level through 4000 level, respectively). The lower-level courses taken in the freshman and sophomore years provide a foundation of general education on which the junior and senior years are based.

Sequencing requirements for all students and specifically for B.B.A. students follow. Students who violate any of the course sequencing requirements are subject to disenrollment by the college regardless of performance or time lapse and will be allowed a tuition refund in accordance with the university’s refund schedule.

7020.60 Sequencing for All Students Enrolled in RCB Courses

Students may not register for any 3000/4000-level course taught by the Robinson College of Business until they have earned at least 45 semester hours of college-level credit.
7020.70 Sequencing for B.B.A. Students

B.B.A. students may not register for a course in the junior-year business core until Acct 2101, Acct 2102, Econ 2105, Econ 2106, and Math 1070 are completed with degree credit.

7020.80 Business Residence Requirement

At least 50 percent of the business credit hours required for the B.B.A. degree must be taken in residence at Georgia State University. This regulation is a requirement of the college’s accrediting body. These are the courses in the B.B.A. program that are considered “business credit hours:” ACCT 2101, ACCT 2102, BUSA 2106, CIS 2010, FI 3300, MGS 3100, MGS 3400, MK 3010, BUSA 4980, courses in the major (18-21 semester hours, depending on the major chosen), RCB electives (9-12 hours).

7020.90 Core Curriculum

As stated in the “Core Curriculum” section (1410) of the “University Degree Requirements and Graduation” section of this catalog, the university complies with the requirements of the core curriculum of the University System of Georgia. The 60 semester hours of course work for the freshman and sophomore years of the B.B.A. program are designed to conform to that core.

Transfer students from institutions in the University System of Georgia who followed the core curriculum at their previous institution and earned sufficient grades in courses listed in areas A through E of the core curriculum will be granted transfer credit for those relevant courses. This may mean that credit will be granted for courses that differ from those which would be taken at Georgia State University, as shown in the curriculum listed below.

Transfer credit will be given in Core Area F of the B.B.A. program for students who were following the business transfer program at a two-year college or the business curriculum for a bachelor’s degree at a four-year college or university in the University System of Georgia.

If a portion of a core area has been completed, then transfer credit for the corresponding portion at Georgia State will be granted.

7030 B.B.A. Degree Requirements

Areas A through E of the undergraduate core curriculum make up the first 42 semester hours of the freshman and sophomore years of the Bachelor of Business Administration degree program. These requirements are listed in the “University Degree Requirements and Graduation” chapter of this catalog as part of the description of the university’s core curriculum. Courses in the core curriculum that are recommended by the Robinson College of Business faculty are given in that description. These suggestions reflect choices that will be particularly helpful in providing B.B.A. students with a strong foundation for Core Area F and the junior and senior years of the program.

The hours and course requirements for Core Area F, Business Foundation, and the junior and senior years are listed in this chapter. Please note the following information:
Refer to the “Business Residence Requirement” section, listed previously in this chapter, for information on the business credit hours that must be completed in residence at Georgia State University.

Students must have completed no fewer than 45 semester hours of college-level course work before taking 3000/4000-level courses in the Robinson College. Refer to the heading “Sequencing for All Students Enrolled in RCB Courses,” listed previously in this chapter.

Consult the course descriptions section for prerequisites and descriptions of courses listed below.

Total Semester Hours Required for the B.B.A. Degree: 120

**B.B.A. Program Information**

**Lower-Division (Freshman/Sophomore) Years**

**Core Areas A through E.** For courses that satisfy these requirements, refer to “University Degree Requirements and Graduation” of this catalog. The Robinson College of Business requires MATH 1070 and MATH 1111 to satisfy degree requirements. It recommends that students take MATH 1111 in Area A and MATH 1070 in Area D. If not taken in Area A or Area D, they must be taken later in the program.

**Core Area F: Business Foundation.** (Minimum of grade of C- or higher is required in each course.)

- ACCT 2101 Principles of Accounting I
- ACCT 2102 Principles of Accounting II
- ECON 2105 Principles of Macroeconomics
- ECON 2106 Principles of Microeconomics
- CIS 2010 Introduction to Computer-Based Information Systems*
- BUSA 2106 The Legal Environment of Business*
Upper-Division (Junior/Senior) Years.

**Junior Business Core** (Minimum of grade of C- or higher is required in each course.)

- BUSA 3000 Globalization and Business Practices
- FI 3300 Corporation Finance
- MGS 3100 Business Analysis
- MGS 3400 Managing People in Organizations
- MK 3010 Basic Marketing

**Junior Communication Course.** (Minimum of grade of C- or higher is required in this course.)

- BCOM 3950 Business Communication and Professionalism

**Major.** (Minimum of grade of C- or higher is required in each course.) The following major requires 18 semester hours in this portion of the curriculum:

**Finance***

The following majors require 21 semester hours in this portion of the curriculum:

- Accounting
- Actuarial Science
- Computer Information Systems
- Economics
- Hospitality Administration
- Managerial Sciences
- Marketing
- Real Estate
- Risk Management and Insurance

Courses for each major should be selected after reviewing the appropriate school or department descriptions for each major that follow and, if needed, after consultation with a faculty adviser in the school or department that offers the major. The catalog describes each major and, if applicable, lists possible areas of specialization within the major. The required courses in each major, if any, are also listed in the school or department descriptions. The college reserves the right to amend this list of majors at the end of any semester.

**Junior/Senior RCB Electives.** (Minimum of grade of C- or higher is required in each course.)

Major requiring six semester hours of RCB electives: Actuarial Science, RMI 3750 and RMI 4350 must be taken as the RCB electives for actuarial science majors.

Major requiring nine semester hours of RCB electives: Accounting, Computer Information Systems, Economics, Finance,*** Hospitality Administration, Managerial Sciences, Marketing, Real Estate, Risk Management and Insurance.
These electives must be selected from 3000/4000-level courses in the Robinson College of Business that are outside the student’s major and are not cross-listed with courses in the student’s major. Majors other than economics may also select from the 3000/4000-level courses in the Department of Economics in the Andrew Young School of Policy Studies. Refer to the online course listing at www.gosolar.gsu.edu/webforstudent.htm to determine the Georgia state college that teaches a course. Do not refer only to the course title. For example, course titles with the words “business,” “management,” or “administration” in them are not necessarily RCB courses.

A cross-listed course is indicated by the parenthetical statement “Same as . . .” after the title in the course descriptions.

**Junior/Senior Electives Outside RCB.** These electives must be selected from the 3000/4000-level courses taught by Georgia State colleges other than the Robinson College of Business. These electives enable the B.B.A. program to meet the breath requirement of the college’s accrediting body and cannot be taken in the Robinson College. Economics majors may not choose any economics courses for these electives.

Exceptions to the requirement that non-RCB electives be 3000- or 4000-level courses: Math 1070, 1111, 2211, 2212, 2215, and 2420 may be taken to satisfy all or part of the non-RCB elective requirement if the student will still have a minimum of 39 upper-level semester hours to complete at Georgia State. This provision ensures that the student will meet the university’s academic residence requirement.

For the following two specific majors, these required 2000-level mathematics courses may be used to satisfy part of the non-RCB elective requirement:

**Actuarial Science:** Mathematics 2211, Mathematics 2212, and Mathematics 2215 (grade of C- or higher required in Math 2215). These courses carry four semester hours of credit each. If the student’s mathematics background permits beginning this calculus sequence in Core Area A or D (in place of college algebra and/or precalculus), three-semester-hour courses that meet the requirements for non-RCB electives will replace Mathematics 2211 and/or Mathematics 2212. Thus, this portion of the curriculum can range from 10 to 12 semester hours.

**Business Policy.** (Minimum of grade of C- or higher is required in this course.)

BUSA 4980 Strategic Management Policy. Minimum of grade of C- or higher is required in this course. Students must take BusA 4990 concurrently. Prerequisites for both BUSA 4980 and BUSA 4990 are completion of all of the following with a grade of C- or better: All courses in Core Area F: Business Foundations, the Junior Business Core as listed in this section above, BCOM 3950, and three upper-level major courses.

BusA 4980 Strategic Management Policy

* Students who transfer from other institutions in the University System of Georgia and have taken other approved courses in the Core Area F for business will take CIS 2010 and/or BusA 2106, as appropriate, in the Junior/Senior RCB electives section.

** Finance majors must take Acct 4210 as one of the RCB electives. The finance major requires an
additional three semester hours that are either an RCB elective or a 4000-level finance course.

7030.20 Information Technology Access and Skill Requirements

Access Requirements: Because information technology is an integral part of business decision-making, courses in the Robinson College of Business frequently incorporate assignments that require computing skills. Consistent with university policy available at www.gsu.edu/ist/policies.html, the Robinson College requires students to be responsible for providing computer and Internet access for all RCB courses and programs.

Hardware and Software Requirements: Georgia State has standardized on the Microsoft Office Suite in the student computer labs. Students may consult the university’s Office of Student Financial Aid for information about possible funding opportunities for computer and Internet access expenses.

Skill Requirements: Although students can expect to enhance their information technology skills as they work toward their degrees, the college expects all students to have certain basic skills before enrolling in any business course. These skills are defined as Basic Microcomputing Skills and are described below in the CSP 1 skills definition.

When courses require additional computing skills, these Computing Skill Prerequisites (CSP’s) are listed by number in the catalog course description.

7030.30 Computing Skills Prerequisites(CSPs)/Definitions

CSP 1. Basic Microcomputing Skills: Understand the PC and its components; turn on the PC; use command-oriented, windows-based, and LAN operating environments to accomplish tasks such as formatting floppy disks, creating and navigating through directories and subdirectories, creating and deleting files, copying and renaming files, using help screens, loading application software, exiting from application programs and operating environments in an orderly manner, and using appropriate measures to check for and prevent the spread of computer viruses.

CSP 2. Basic Microcomputing Spreadsheet Skills: Load the spreadsheet software; create, organize, and navigate through spreadsheets; format the spreadsheet or a block of cells; enter and edit formulas, values, and text; copy, move, and protect cells; insert and delete columns and rows; save and retrieve files; print spreadsheets; use financial, statistical, and mathematical functions such as totaling and averaging of rows and columns; create and print charts and graphs, create data tables, invoke existing macros, and use help screens.

CSP 3. Advanced Microcomputer Spreadsheet Skills: Use advanced spreadsheet features such as database commands and functions; create macros; create menu systems; and develop customized applications.

CSP 4. Basic Microcomputer Database Skills: Load database software, create databases; enter and edit data; add and delete records; list, query, and generate reports using the database; and use help screens.

CSP 5. Advanced Microcomputer Database Skills: Link databases through keys; create input screens;
and develop customized applications.

CSP 6. Word Processing and Presentation Skills: For word processing: Load the word processing software; create, format, edit, and save documents; copy and move text; adjust margins, indents, and line space; adjust fonts and styles. For presentation graphics: Load the presentation graphics software; choose and modify templates; choose and modify slide layouts; insert slides; modify slide, handout, and note masters; change color schemes; apply effects, animation, and multimedia to slides; run a slide show. For both: Import tables, clip art, and graphs from other applications; use spell-checking; load additional toolbars; use help screens.

CSP 7. Basic Internet Usage: Send and receive Email messages including attachments of files; transfer files with FTP, compress and uncompress files with utility programs; use search engines to locate documents and find information on the web; navigate the web with a browser including copying/pasting/saving web information; download and set up web browser plug-in programs such as electronic document readers and audio/video players; use web-based clients such as library catalog systems to find specific information.

CSP 8. Advanced Internet Usage: Create formatted *.html pages with tags including links within and between pages; publish pages to a website; create image files and embed them in *.html pages.

Students should regularly consult the website for updates and changes to the B.B.A. program and college regulations that occur after publication of this catalog and for other notices of interest to undergraduate students.

The Robinson College of Business provides the Office of Undergraduate Academic Assistance for the benefit of its students.

Mission: This office supports the college’s mission of and commitment to academic excellence by assisting enrolled students in the development of meaningful educational plans that are compatible with their life goals. The office helps undergraduate students become knowledgeable about academic programs, pertinent regulations, and services available throughout the university.

Areas of responsibility: To support the undergraduate aspects of its mission, the Office of Undergraduate
Academic Assistance works with B.B.A. students in these areas:

- to provide programs of study for each major offer
- to indicate to transfer students the specific credits for work done at other institutions which can be applied toward the B.B.A. degree;
- to assist students in course selections and schedule revisions each semester;
- to explain catalog regulations;
- to administer policies for the college and the university;
- to refer students to other sources of help in the university.

Students are advised by appointment except during walk-in times that are provided for brief questions that can be resolved in ten or fewer minutes. Walk-in advisement is 10 a.m. – 11 a.m. on Monday, Wednesday and Friday and 2 p.m. – 3 p.m. on Tuesday. Additional walk-in hours are available during some phases of registration. Contact the Office of Undergraduate Academic Assistance for dates and times. Appointment hours are 8:30 a.m. – 4 p.m. on Monday, Tuesday, Wednesday, and Friday and 8:30 a.m. – 1 p.m. on Thursday.

7040.10 Advisement

To ensure orderly progression through the degree program, students are urged to keep their catalogs and evaluations of credits readily available and to refer to them frequently as they schedule courses each semester. Students’ familiarity with their degree requirements is the foundation for advisement provided by the college.

B.B.A. students can be advised by academic advisers in the Office of Undergraduate Academic Assistance as described in the preceding section. Advisement from this office is not mandatory for the B.B.A. program, but the college encourages students with questions about their degree requirements or the academic regulations of the college or university to contact their adviser.

All students also may consult faculty members in the academic units of the college with questions about course content or for help in selecting major courses after reviewing the description of the major in the catalog. Students should contact the academic unit in advance to arrange a conference with a faculty adviser.

Roslyn Davis, Career Counselor, rdavis47@gsu.edu, Undergraduate business students in Accounting, Actuarial Science, Business Economics, Finance, Real Estate and Risk, Management & Insurance.

The Robinson Career Management Center is committed to pro-actively helping Robinson College of Business students and alumni manage their career, develop excellent job search skills and connect with high-quality job opportunities, while providing employers with an outstanding recruiting experience. In addition, we provide employers with a central gateway for recruiting our current students and alumni.

Mission

The mission of Robinson Career Management is to help students in the Robinson College of Business effectively evaluate and implement their career plans. In addition, we help students and alumni manage their on-going career development. Fulfilling this mission includes offering students high-quality, individual services and information designed to help them meet their career objectives.

Services

The following services are available to undergraduates in the Robinson College of Business:

- Individual career advising and assessment
- Resume and cover letter critiques
- Mock interviews
- Job and internship postings
- Campus interviews
- Workshops pertaining to all aspects of the job search process.
- RCC – Robinson Career Connection – Our online career management system provides Robinson students with access to hundreds of internship, part time and full, time job opportunities.
- We also offer a wealth of on-line resources. Contact your Career Counselor for information and access codes. Annual career fairs and networking events are sponsored to give students exposure to employers. These events offer an excellent opportunity to make personal contact and gather information concerning specific companies, internship programs, staffing needs, and industry trends.

7050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the J. Mack Robinson College of Business will follow different courses depending on the nature of the student’s appeal. Please refer to University Information Section 1050.80 under Polices and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

7060 College Honors Day
Each spring semester a College Honors Day is observed to recognize students in the Robinson College of Business for their academic excellence.

**7070 Beta Gamma Sigma**

Membership in Beta Gamma Sigma is the highest general scholastic honor a business student can receive at Georgia State University, and it is recognized as such throughout the academic and business communities. Nominations for membership in this national honorary business fraternity occur early in spring semester. Second-semester juniors who are in the upper seven percent of their class and seniors in the upper ten percent of their class are eligible for nomination.

**7080 Business Learning Community**

The Robinson College of Business offers a special Business Learning Community (BLC) for sophomore students in the fall and spring semesters. The BLC builds on the successful model of the Freshman Learning Community, giving students an integrated business curriculum and providing them with an introduction to the many programs offered in the Robinson College of Business. (See the Freshman Learning Community heading in a later chapter of this catalog.) Enrollment in the BLC is on a first-come/first-serve basis and requires a minimum 3.00 Georgia State GPA.

Students who are not a declared major in the Robinson College may be interested in the BLC program as the basis for a business minor. For students who are undecided about their major but have an interest in business, the BLC is a good way to get exposure to some business disciplines with required courses in the B.B.A. program. One of the major benefits of the BLC program is that its structure allows students to take multiple classes with a group of classmates, providing opportunities to work and learn together. The classes in the learning community are limited to 40 students, providing opportunities for more interaction with professors.

The Business Learning Community consists of the following grouping of courses:

**Fall Semester:**

- ECON 2105 Principles of Macroeconomics
- ACCT 2101 Principles of Accounting I
- BUSA 3000 Globalization and Business Practices
- Plus two additional three-hour courses of the student’s choice.

**Spring Semester:**

- ECON 2106 Principles of Microeconomics
- ACCT 2102 Principles of Accounting II
- BUSA 2106 Legal Environment of Business
- Plus two additional three-hour courses of the student’s choice.

Programs Offered:

1. **B.B.A. in Accounting**

5th floor, Robinson College of Business Building,
404/413-7200

Siva Nathan, Undergraduate Program Coordinator

Course prefix: Acct

The undergraduate accounting program is designed to provide the foundation-level technical and analytical accounting knowledge and skills needed to become a professional in the accounting field and to pursue a fifth (graduate) year of accounting study. The primary emphasis of the program is preparation for students who wish to apply for admission to the Master of Professional Accountancy program. In addition, the program is designed to provide appropriate preparation for entry-level positions in business and for graduate study in law or other business fields. The B.B.A. in accounting focuses on broad business and accounting exposure based on a sound foundation of general education.

Accountants today are expected to participate extensively in the general area of business management. The
profession of accountancy is becoming increasingly divergent, encompassing such areas as financial and operational auditing, operations research, information systems development and assurance, financial reporting, corporate tax planning, and cost analysis and control.

In recognition of the advisability of acquiring a broadly based education in liberal arts and general business subjects, as well as the necessity of a thorough foundation in the highly specialized and diversified fields of accounting, a person desiring a career in accounting is encouraged to complete the entire professional program of study leading to the Master of Professional Accountancy degree.

7100.10 Program Admission

There are no admission requirements specific to the Accounting program. However, Accounting students are required to meet all University and College admission requirements.

7100.20 Program Financial Information

There are no special fees associated with majoring in Accounting. However, Accounting majors must pay all tuition and fees charged by the University and the College.

7100.30 Program Academic Regulations

Minimum Grade Requirement to Satisfy Prerequisites to any Acct Course:

- A Minimum of Grade of C- is required to satisfy the prerequisites to any accounting course.
- Minimum Grade Requirement to enroll in ACCT 4111, and ACCT 4210: Students need a grade of B or higher in both ACCT 2101 and ACCT 2102, in order to enroll in ACCT 4111, and ACCT 4210.
- Required Major Courses (credit hours): ACCT 4111(3), ACCT 4112(3), ACCT 4113 (3), ACCT 4210(3), ACCT 4310(3), ACCT 4510(3), and ACCT 4610(3), for a total of 21 credit hours.
- Recommended Courses: PSYC 1101 or SOCI 1101 as the Core Area E social science electives; LGLS 4050 as an RCB elective; and PHIL 3730 as a non-RCB elective. Recommended courses for students planning to enter the Master of Professional Accountancy’s accounting systems specialization: MATH 2420 as a non-RCB elective; CIS 3260 as an RCB elective.
- Other Requirement: Transfer credit toward the accounting major courses may not be more than five years old at the time the student enrolls. Students who reenroll after an absence of more than two years may retain major credit only for course work that is less than five years old at the time of reenrollment; this includes Georgia State credit and transfer credit.

7100.40 Certified Public Accountant (CPA) Examination

Taking the Uniform Certified Public Accountant (CPA) examination in the state of Georgia: Beginning with the November 2003 administration of the Uniform CPA Examination, candidates may qualify to take the examination based on having earned a baccalaureate degree with a concentration in accounting. A concentration in accounting is defined as completion of 20 semester hours in accounting subjects above the principles level at a 4-year accredited college or university that offers a baccalaureate degree.
Obtaining a license to practice as a Certified Public Accountant (CPA) in the state of Georgia: A candidate must pass the CPA Exam and meet additional educational and work experience requirements, to obtain a license to practice as a CPA. Students must have completed no fewer than 150 semester hours of college credit, of which 30 semester hours have to be in accounting above the principles level and 24 semester hours in general business subjects. An applicant who meets the general, educational, and examination requirements will be issued a license to practice as a CPA upon presenting evidence that such applicant has attained two years, including 4,000 hours, of continuous experience in public accounting, under the supervision of a person licensed to practice public accounting, immediately preceding the date of application for the certificate. Five years, including 10,000 hours, of continuous employment in the accounting field in business or industry, under the supervision of a person licensed to practice public accounting, or in government or college teaching, may be accepted in lieu of the aforementioned experience requirement. Part-time experience is permitted if it is continuous.

Students may take the CPA Exam after obtaining their undergraduate degree in accounting from Georgia State University. However, the School of Accountancy recommends that students meet the licensing requirements of the law by being admitted to either the Master of Professional Accountancy or Master of Taxation degree programs after completing an undergraduate degree. Students who plan to enroll at the master’s level should become aware of the admission requirements early in their undergraduate studies; a strong academic record and satisfactory scores on the Graduate Management Admission Test are important factors in master’s-level admission.

7110 Department of Computer Information Systems

Programs Offered:

1. B.B.A. in Computer Information Systems
2. Minor in Computer Information Systems
3. Certificate in Information Systems

9th floor, Robinson College of Business Building
404/413-7360
Robinson.gsu.edu/cis

Ephraim R. McLean, Chair
Carl Stucke, Associate Chair
Course prefix: CIS

In today’s highly competitive global environment, the effective deployment of information technology has become the key to organizational success. There is a continuing shortage of individuals with the combination of business and technology skills needed to develop and manage information systems that provide competitive advantage in the global marketplace. The mission of the CIS major in the B.B.A. program is to produce graduates able to fill this need. Students will learn how to combine their general business knowledge with the latest software engineering tools and techniques to create information systems needed by today's organizations. Graduates will be prepared for careers in a variety of areas such as consulting, systems development, business process analysis, cyber security, IT project management, database administration, process architecture, and programming.
The Department of Computer Information Systems cooperates with the Department of Health Administration to offer a specialization in Health Informatics of the CIS major. The purpose of this specialization is to produce graduates that know how to effectively deploy information technology to innovate medical services and administrative processes within the healthcare industry. For more information, see Health Informatics below and robinson.gsu.edu/cis/health-informatics.html. The Department of Computer Information Systems cooperates with the Department of Mathematics and Statistics in offering a concentration in computer information systems associated with the degree Bachelor of Science with a major in mathematics. This program is described under the offerings of the Department of Mathematics and Statistics in the “College of Arts and Sciences” chapter of this catalog.

7110.10 Program Admission

There are no admission requirements specific to the Computer Information Systems program. However, Computer Information Systems students are required to meet all University and College admission requirements.

7110.20 Program Financial Information

There are no special fees associated with majoring in Computer Information Systems. However, Computer Information Systems majors must pay all tuition and fees charged by the University and the College.

7110.30 Program Academic Regulations

**Required Major Courses:** All undergraduate CIS majors must complete CIS 3001 Managing Information Technology Projects, CIS 3300 Analyzing Business Systems (Systems Analysis), CIS 3730 Designing and Managing Data (Database Management), and either CIS 4970 Internship in an IT organization or CIS 4980 Practicing Real-World IT Skills. Majors must take three additional CIS courses.

**Recommended Sets of Electives:** The CIS Department highly recommends that students develop particular expertise in at least one Information Systems field as shown below. Please see the current version on the web at http://robinson.gsu.edu/resources2/files/cis/academic/cis-ug-curriculum-diagram.pdf for any changes in the IS field (track) recommended courses.

- Business Process Analysis
- Cyber Security
- Information Technology Project Management
- Process Architecture
- Software Development

Additional information about individual courses appears at http://robinson.gsu.edu/cis/courses.html

**Other Requirements:** (1) Students may take CIS 4970 or CIS 4980 only after completion of all required 3000-level business core and CIS courses. CIS 4980 may only be taken during the semester when the seven CIS course requirement is completed. (2) Transfer credit toward the CIS major courses may not be more than five years old at the time the student enrolls. Students who reenroll after an absence of more than two years may retain major credit only for course work that is less than five years old at the time of
reenrollment; this includes Georgia State credit and transfer credit.

All CIS students must be proficient in the series of Computing Skills Prerequisites (CSP 1-8) listed in this catalog.

**CIS Internship Program:** The CIS department encourages internships for undergraduate CIS majors. For the overall internship process including identifying and getting approval for internships, please visit [http://robinson.gsu.edu/cis/internships.html](http://robinson.gsu.edu/cis/internships.html)

**Health Informatics**

The healthcare sector plays an increasingly important role in the US society and there is growing pressure to implement innovations that make it possible to deliver health services of higher quality and at lower costs. Healthcare institutions and processes are information-intensive in nature and the use of information technology (IT) to enable innovations has therefore been, and continues to be, in focus. On this background, there is a strong need for graduates that know how to effectively deploy information technology to innovate medical services and administrative processes within the healthcare industry. To graduate with a specialization in Health Informatics, students are required to complement a CIS major with the following RCB electives in Health Administration (9 hours): The Health Care System (HA 3900); Health Policy in the U.S. (HA 3910); Health Information Systems (HA 3970). For more information, see [http://robinson.gsu.edu/cis/health-informatics.html](http://robinson.gsu.edu/cis/health-informatics.html).

**7110.40 Minor in Information Systems**

This IS minor is designed for undergraduate students who want to participate in the digital revolution that is transforming organizations and society. Information systems have become increasingly important in most fields including accounting, biology, communications, health, psychology, music, art & design, political science, sociology, and education. Students seeking a minor in Information Systems must complete 15 hours in upper-level CIS-prefixed courses. Non-business majors may substitute CIS 2010 for one CIS upper-level course.

All students pursuing a minor in Information Systems must maintain a 2.5 or higher GPA, and must earn a grade of C- or better in all courses counting toward the major. Please see [http://robinson.gsu.edu/cis/minor.html](http://robinson.gsu.edu/cis/minor.html) for more information.

**7110.50. Certificate in Information Systems**

The Certificate in Information Systems is designed for students in any undergraduate major who wish to prepare to meet business and personal challenges through the use of information technology. From accounting, marketing, and management through the arts, biology and the health sciences, legal and many other disciplines, information systems are a fundamental enabler.

A student taking courses to qualify for the Certificate in Information Systems is subject to the minimum Georgia State University and RCB cumulative grade-point-average requirement for entrance into RCB upper-level classes. Obtaining the Certificate in Information Systems requires completion of any three of the following courses (this list is subject to change — usually through courses being added. Please check
http://robinson.gsu.edu/cis/courses.html for other undergraduate CIS courses not shown here but which may be used as part of your certificate.

- CIS 3001 – Managing Information Technology Projects
- CIS 3300 – Systems Analysis (identify what a system needs to do)
- CIS 3310 – Systems Design (decide how the system will do this)
- CIS 3320 – Telecommunications For Business
- CIS 3730 – Database Management Systems
- CIS 4000 – Introduction to Computer Forensics
- CIS 4120 – Defining and Innovating Business Processes
- CIS 4300 – Software Quality Management
- CIS 4700 – Managing IT Project Risk, Vendors and Contracts
- CIS 4620 – Management of Information Services
- CIS 4680 – Introduction to Security & Privacy

Students must have a grade point average of at least 3.0 for the three courses, with all grades a B- or higher. Some of these courses have prerequisites and other requirements for enrollment. There are no additional fees required for the Certificate in Information Systems.

7120 Department of Economics

Programs Offered:

1. **B.B.A. in Business Economics**

5th floor, AYSPS Building
404/413-0141

Sally Wallace, Chair

Course Prefix: Econ

The Department of Economics is part of the Andrew Young School of Policy Studies. For economics faculty listing, see the Department of Economics heading in the “Andrew Young School of Policy Studies” chapter of this catalog.

Economics examines the material prosperity of countries and their citizens in an interdependent world of limited resources and technological change. In doing so, it studies how decisions are made by private businesses, governments, and households in producing, consuming, and distributing goods. In general, economics is concerned with how society can obtain the greatest output from its limited resources. Economics is also concerned with monetary arrangements and their impact upon purchasing power and economic performance.

Economic principles yield basic insights into the workings of the market system and the national and international environment within which business operates. These principles provide analysis that is fundamental to understanding the organization and decisions of the government, business, and financial
sectors. Economics also develops criteria for assessing the performance of the market systems and of
governments regarding their efficiency and their impact upon the well being of consumers and workers.

Recent graduates with majors in economics have accepted positions as financial analysts for a real-estate
financing firm and a major bank and as general manager for a recording studio, as well as having been
accepted to prominent graduate programs in law and economics.

7120.10 Program Admission

There are no admission requirements specific to the Economics program. However, Economics students
are required to meet all University and College admission requirements.

7120.20 Program Financial Information

There are no special fees associated with majoring in Economics. However, Economics majors must pay all
tuition and fees charged by the University and the College.

7120.30 Program Academic Regulations

Required Major Courses: Econ 3900, 3910, 4999, and four other 4000-level economics courses approved
by a B.B.A. faculty adviser. Econ 3900 and 3910 provide theoretical background for 4000-level courses and
should be taken as soon as possible. Econ 4999 is only offered during the Fall and Spring semester of the
academic year. The pre-requisites for Econ 4999 are Econ 3900, Econ 3910, and two 4000-level economics
courses with a grade of C or better. Students are to plan accordingly with regard to the course pre-
requisites and graduation.

Advisement for Major Courses: Economics majors must contact a B.B.A. faculty adviser in the
department to discuss their selection of major courses. See aysps.gsu.edu/econ/6731.html for more
information about economics advisement. The following course groupings are offered merely as suggestions
for students with interests in the areas listed:

- Business: Econ 4300, 4470, 4500, 4800, 4810, 4950, 4960.
- Local, State, or Federal Government: Econ 4210, 4220, 4300, 4350, 4400, 4470, 4500, 4950.
- Foreign Service or International Business: Econ 4500, 4600, 4610, 4620, 4800, 4810.
- Pre-Law: Econ 4450, 4470, 4680, 4800, 4810, 4960.
- Graduate Studies in Economics: Econ 4930, 4950.
- Graduate Studies in Business: Econ 4470, 4500, 4810, 4930, 4950, 4960.
- Graduate Studies in the Social Sciences: Econ 4080, 4350, 4390, 4600, 4680.

robinson.gsu.edu/finance

Gerald D. Gay, Chairman

Course Prefix: Fi

The goal of the undergraduate finance program is to prepare graduates to succeed in entry-level positions in finance and elsewhere in business. Careers in finance are available in nearly every organization ranging from the small entrepreneurial firm to the large corporate organization as well as in the financial services industry including commercial and investment banking, investment management, insurance organizations and securities firms. Students completing the finance program will possess a number of proficiencies including a strong technical knowledge of finance, the ability to critically analyze and solve problems associated with the financial operations of a firm, and to prepare and present business reports of a financial perspective.

7130.10 Program Admission

There are no admission requirements specific to the Finance program. However, Finance students are required to meet all University and College admission requirements.

7130.20 Program Financial Information

There are no special fees associated with majoring in Finance. However, Finance majors must pay all tuition and fees charged by the University and the College.

7130.30 Program Academic Regulations

Notice to all students: A minimum grade of C- is required to satisfy the prerequisites to any finance course.

**Required Major Courses:** FI 4000 (six semester hours), FI 4020, and three additional 4000-level finance courses. See the recommended sequence below.

**Recommended Sequence:** The Department of Finance encourages all students pursuing a major in finance to take FI 4000 and FI 4020 early in their program of study. FI 4000 is a prerequisite to all 4000-level finance courses except FI 4020. Students may take FI 4000 and FI 4020 in any order or concurrently.

The following sets of electives in the major are suggested for those students who wish to develop particular expertise in various fields of finance. These are simply suggestions.

- Corporate: FI 4300, FI 4320, FI 4200, or FI 4040, or FI 4080.
- Financial Institutions: FI 4400, FI 4420, FI 4200 or FI 4040 or FI 4080.
- **Investment Management**: FI 4200, FI 4240, FI 4040, FI 4300 or FI 4080.
- **Other Required Course**: ACCT 4210 must be taken in place of one course in the Robinson College of Business electives portion of the program.
- **Other elective option**: One three-semester-hour elective can be chosen from the 4000-level finance courses or from the other 3000/4000-level courses taught by the Robinson College of Business.
- **Suggested electives**: ACCT 4010, RE 4150, and RE 4160 are suggested as RCB electives.

### 7140 Institute of Health Administration

805 Robinson College of Business Building
404/413-7630

Andrew T. Sumner, Director

**Course Prefix: HA**

Health care represents the largest single sector of the economy, and many students will ultimately assume professional roles in fields that interact with health care in some manner. Health administration careers are available in many businesses and health care organizations in areas such as hospital and health system administration, physician practice management, consulting, research, marketing, information systems, managed care administration, finance, accounting, compliance, and human resources management. Since all consumers are part of an increasingly complex health care system, health administration courses are relevant and appropriate for all undergraduate majors.

Upper-level elective courses in health administration, perspectives courses in the core curriculum, and freshman learning communities are offered for those interested in acquiring general knowledge of the health care system, particularly those considering careers related to health care such as physicians, nurses, or other providers. Specifically, HA 3900, Introduction to the U.S. Health Care System, which offers introduction to the organization of health care delivery in the U.S., HA 3910, Health Policy in the United States, which examines how health care policy is developed, and HA 3970, Health Information Systems, which provides an overview of information systems in healthcare, are three elective courses. A health informatics specialization is available in the BBA computer information systems major. Although no BBA major is available in health administration, graduate degree programs are offered: Master of Business Administration/Master of Health Administration joint programs, Master of Science in Health Administration, and the MBA with a concentration in health administration.

The Institute of Health Administration at Georgia State University has a primary mission to prepare future executives to assume responsible managerial positions in health services and business organizations. It is the only program in North Georgia accredited by the Commission on Accreditation of Healthcare Management Education and is a full member of the Association of University Programs in Health Administration. Over 1000 graduates hold numerous executive positions in health care and business throughout the nation.

### 7150 Honors Program

Robinson College of Business
Marta Szabo White, Director

Purpose

The Honors Program provides a cohort learning experience for top undergraduate Robinson College of Business (RCB) majors who strive to excel academically and accept the challenge of becoming strong, exemplary global business leaders. Honors classes will be offered for the junior business core courses, junior communications course, RCB electives, and Business Policy (capstone). A total of 27 hours of honors classes must be taken to graduate with honors. Students are strongly encouraged to participate in a study abroad program. In addition, at least one professional/social event for the RCB Honors students will be offered each semester. Honors students will also have the opportunity to network with Atlanta business professionals by serving as RCB student ambassadors at both the RCB Hall of Fame dinner and RCB Alumni Awards program. The RCB Honors Program presents students with a forum for unique opportunities, special recognitions and enhanced career prospects, while enriching the quality of their education.

Admission

Full-time students majoring in business who have completed at least 45 hours with a GSU grade point average of 3.5, or junior transfers who have a transfer GPA of 3.5 and SAT score of 1200 may apply. An interview with the faculty director of the RCB Honors Program is required for admission into the program. Students who have participated in the Freshmen and/or Business (sophomore) Learning Communities are encouraged to apply.

Scholastic Standards

Students must maintain a 3.5 grade point average (GPA) in order to remain in the honors program. A student whose average falls below 3.5 will be given up to two academic terms in which to attain a 3.5 GPA again.

Honors Recognition

Students who complete the RCB Honors program will receive special recognition at the RCB Honors/Awards program. In addition, the recognition will be recorded on the student’s transcript and diploma with an honors seal.

Honors Housing

RCB honors students will have the opportunity to live at the special Honors section of student housing.
Programs Offered:

1. B.B.A. in Hospitality Administration
2. Minor in Hospitality Administration

210 Robinson College of Business Building
404/413-7615

Debra F. Cannon, Director

Course Prefix: HAdm

The mission of the Cecil B. Day School of Hospitality Administration is to provide leadership in the development of students for managerial roles in the hospitality and tourism industries, in making scholastic contributions to its constituencies, and in providing service to the industry at the local, regional, national, and international level.

The primary goal is to provide a well-integrated curriculum incorporating courses in the arts, sciences, general business theory, and hospitality applications that will prepare our students for management positions in the hospitality industry.

The Cecil B. Day School of Hospitality Administration was named in honor of the late founder of the Days Inn Hotel chain. Cecil B. Day is remembered as an astute businessman who developed Days Inn to national prominence. He was equally respected because he gave freely of his time and wealth to worthy organizations. His legacy of excellence is the foundation upon which the program bases its philosophy for preparing future generations of hospitality executives.

The Cecil B. Day School of Hospitality Administration prepares its graduates for management careers in the following hospitality industry segments: hotel, restaurant, private club, food service, tourism, event planning, meeting planning, festivals, and trade shows. Graduates are awarded a bachelor of business administration degree with a major in hospitality administration.

Students majoring in hospitality administration will take 21 semester hours of required HAdm courses. These core courses will give the student a general knowledge of all segments of the hospitality industry. Specialized elective courses and work study experience allow students to gain additional insight regarding specific industry segments.

The school has the support of local, regional, and national hospitality executives. Georgia State University was the first institution of higher education to offer specialized courses in fair and trade show management. The school was chosen by the Club Managers Association of America to develop, produce, and direct their Business Management Institute for certification of club managers across the United States. The School of Hospitality is the Academic Partner for the National Association of Convenience Stores (NACS).

The program was accredited in 1992 by the Accreditation Commission on Programs in Hospitality Administration, a specialized accrediting body and reaccredited in 2000 and 2007. The program is an institutional member of the International Council on Hotel, Restaurant and Institutional Education, the
principle academic and professional association for hospitality education programs.

The School of Hospitality has unique state-of-the-art facilities. The School’s Hospitality Learning Center is the first dedicated classroom in the nation located within a major convention center, the Georgia World Congress Center. The School's Culinary Learning Center features a new food production kitchen lab.

The faculty of the program call upon practitioners to lecture on specialized industry topics. Industry managers and executives work with faculty and college administration to maintain a program relevant to industry needs. The school offers scholarships which are awarded annually.

**7160.10 Program Admission**

There are no admission requirements specific to the Hospitality Administration program. However, Hospitality Administration students are required to meet all University and College admission requirements.

**7160.20 Program Financial Information**

There are no special fees associated with majoring in Hospitality Administration. However, Hospitality Administration majors must pay all tuition and fees charged by the University and the College.

**7160.30 Program Academic Regulations**

**Required Major Courses:** HADM 3010, HADM 3401, HADM 3402, HADM 3720, HADM 3750, HADM 3760, HADM 4100, HADM 4800.

**Robinson College of Business (RCB) Electives:** As an exception to normal degree requirements, HAdm majors are required to select RCB electives from courses in the hospitality major. This exception is provided to fulfill the requirements of the hospitality administration accrediting body that HAdm majors specialize in more than one area of the discipline.

**Faculty Advisement:** All new hospitality administration majors are invited to initially contact the department. The school offers orientation materials at the beginning of each semester for new hospitality majors. Majors should call the school office to schedule appointments.

**Work Experience Requirement:** All students majoring in hospitality administration must have practical industry experience in order to be approved for graduation. Each student is given the opportunity to test career objectives and gain exposure to the work environment as it actually exists in the hospitality industry. This experience assists in developing professional work habits, provides for a smooth transition into full-time employment, helps develop self-confidence, and provides exposure to the different components of the hospitality industry. Students who have full-time jobs in nonhospitality occupations do not have to quit their jobs; however, in order to satisfy the requirements for the work-study experience, students are advised to begin working part-time in an adviser-approved hospitality position as soon as possible.

A required noncredit course, HADM 4900, is offered each semester to assist students in meeting this work-study requirement. Students must register for this course during their senior year. They should obtain a
course description packet from the school office and contact the Work Study Coordinator in the school for more detailed information.

**7160.40 Certificate in Hospitality Administration**

The Certificate in Hospitality Administration (CHAD) program is designed for nonhospitality majors. Admission to the CHAD program is subject to the minimum Georgia State cumulative GPA required for entrance into RCB upper-level classes. Obtaining the Certificate of Hospitality Administration is based on completion of at least four stipulated undergraduate hospitality courses with a combined GPA of 3.0 for these courses.

The certificate option is available for undergraduate, graduate, and postbaccalaureate students who are not current hospitality majors. Certificates are awarded by the Cecil B. Day School of Hospitality Administration to undergraduate and graduate students upon graduation from Georgia State University. For postbaccalaureate students, the certificates are awarded upon completion of the four courses with a cumulative GPA of 3.0.

This certificate focuses on operational aspects of hotels, restaurants, private clubs; meeting, special-event, and trade show management; and managerial functional areas in hospitality such as human resources, marketing, law, and cost control.

Specialization options within the certificate program are available. These specialty areas include hospitality operations, aviation management, culinary management, event management and meeting and tradeshow management. Please visit the School’s website (www.robinson.gsu.edu/hospitality) to find out about specific requirements for each type of certificate.

**Certificate Applications and Fees.** Interested students should apply for the certificate program through the School of Hospitality Administration. There are no additional fees required for the Certificate in Hospitality Administration.

**7170 Institute of International Business**

14th Floor, Robinson College of Business Building
404/413-7275

Daniel Bello, Director

The explosion of technological advances coupled with the rapid expansion of world trade means that business managers function in an economic environment where a local decision can have implications around the world almost immediately. An understanding of the global aspects of business is vital to success in today’s world.

Though a B.B.A. major in international business is not currently offered, the Institute of International Business participates in the undergraduate program in several ways. An integral part of the Business Learning Community described earlier in section 7110 is BUSA 3000, Globalization and Business
Practices. BUSA 3000 is also offered in Spanish. The institute offers several upper-level electives that can enhance the program of any major in the B.B.A. program: IB 3090, Introduction to International Business; IB 4020, International Trade Management; and IB 4410, Study Abroad: Analysis of Regional International Business Practices, which can be repeated for different world regions and focus on different disciplines.

Study Abroad Programs

The Institute promotes international learning experiences through a strong portfolio offering of study abroad programs. The study abroad programs range from two-to-three week intensive experiences to semester- and year-long programs. The programs span disciplines and geographic regions, affording students in all business disciplines the rich rewards of an international study experience. RCB currently offers programs in Argentina, Belgium, Brazil, China, France, Germany, Hungary/Czech Republic, Italy, South Africa, Turkey, and Switzerland. Semester- and/or year-long options are available in Germany, France, Mexico, and Italy. Other locations are possible through our partner institutions. Students must be in good standing with a minimum cumulative GPA of 3.0. Additional requirements vary by program. For individual program descriptions and application information, consult the Institute of International Business website at iib.gsu.edu or contact IIB at iib@gsu.edu.

Five-Year BA/MIB Program

In cooperation with the College of Arts and Sciences, the Robinson College offers a five-year program leading to the Bachelor of Arts degree with a major in French, German, or Spanish plus the Master of International Business degree, which is offered through the Institute. For more information, consult the Arts and Sciences chapter of this catalog and the RCB chapter of the university’s graduate catalog.

Certificate in International Business

The Certificate of International Business (CIB) Program is designed for all majors and BBA candidates in the Robinson College of Business. Its objective is to certify and a solid International Business background (base) for those who wish to enhance their preparation and opportunities when entering the job market. It includes an experience through a required study abroad program and three additional classes with a well defined International Business content.

In addition to taking BusA 3000, the Certificate of International Business requires 12 hours of course work. This includes three credit hours from a study abroad program.

International Business Alliance

The International Business Alliance (IBA) is a student organization that is sponsored by the Institute and is open to all students. The IBA provides a wide range of opportunities for students to build business relationships in the international business community, to broaden and deepen their knowledge of the practice of international business, and to meet other students with similar interests and career goals. IBA programs include:

- **Mentor Program:** The Mentor Program is the flagship program of the International Business Alliance. Each student is matched with a senior executive who brings a wealth of experience and
insight to the practice of international business. Applications accepted during the summer term for this annual program that begins each fall.

- **Speakers Forum:** Speakers from the international business community are invited to talk on various topics of interest. The topics vary by industry, functional areas, or geographic focus. It is an opportunity to meet leaders in the community, to expand students’ knowledge base, and to explore a new area of interest.

- **Company visits:** Company visits provide an opportunity to meet the practitioners on their turf, to ask questions, and to build relationships.

Several other types of community, cultural, and social events are part of the activities of the IBA. For additional information and announcements, consult the website at iib.gsu.edu/, contact the IBA office at iibiba@langate.gsu.edu or call 404/413-7286. The IBA office is located in Room 1436, RCB Building.

**GSU AIESEC**

AIESEC is an international non-profit organization that strives for spreading cultural understanding by means of international exchange. Being the world’s largest student organization, AIESEC serves as an “international platform for young people to discover and develop their potential so as to have a positive impact on society”. Currently, AIESEC occupies over 1,100 universities spanning across more than 100 countries and territories. AIESEC encourages and helps students to discover both their social and professional potentials. Through AIESEC, students have access to leadership positions, traineeship abroad opportunities, and conferences.

AIESEC offers unparalleled leadership development experiences to its members and creates a network of global change agents that have a positive impact on our society. The AIESEC Experience includes international internships, leadership opportunities, and a global learning environment. AIESEC also offers regional, national, and international conferences where members can network with people from around the globe and discuss international issues.

For additional information and announcements, consult the website at robinson.gsu.edu/iib/aiesec.html.

**7180 Department of Managerial Sciences**

**Programs Offered:**

1. **B.B.A. in Managerial Sciences**

10th floor, Robinson College of Business Building
404/413-7525

Pamela S. Barr, Interim Chair
Lucy McClurg, Associate Chair

Course Prefix: MGS

Skilled management is the backbone of successful enterprise. Career specialties in the managerial sciences,
such as business analysis, human resource management, operations management, and entrepreneurship provide students with highly coveted qualifications to advance their careers quickly. Students receiving a degree in managerial sciences will be poised to assume leadership positions in their organizations and industries, with entry-level positions available in such diverse areas as human resource management, business analysis, regional management, general management, operations management, and entrepreneurial ventures, reflecting a growing market for talented, well-trained specialists in the managerial sciences.

7180.10 Program Admission

There are no admission requirements specific to the Managerial Sciences program. However, Managerial Sciences students are required to meet all University and College admission requirements.

7180.20 Program Financial Information

There are no special fees associated with majoring in Managerial Sciences. However, Managerial Sciences majors must pay all tuition and fees charged by the University and the College.

7180.30 Program Academic Regulations

Required Major Courses: MGS 4000, MGS 4300, MGS 4700, and four additional 4000-level managerial sciences courses. The faculty strongly urges students wanting to maximize career opportunities to focus the majority of those four additional courses in one of four career tracks. These tracks are simply suggestions; however students should be mindful that they do have to take a Critical Thinking through Writing (CTW) class in order to satisfy the CTW requirement set out in section 1430 of this catalog. The courses that satisfy the requirement for a 4000-level CTW course are marked with an * in the lists below.

HUMAN RESOURCE MANAGEMENT

- MGS 4320*
- MGS 4360
- MGS 4390

BUSINESS ANALYSIS

- MGS 4020
- MGS 4110
- MGS 4120*
- MGS 4140

ENTREPRENEURSHIP

- MGS 4500
- MGS 4550
- MGS 4560*

OPERATIONS MANAGEMENT
Students following one of these tracks would choose a fourth elective course (any course with a MGS prefix, including courses from the other three career tracks).

7180.40 Focus in Entrepreneurship

The Focus in Entrepreneurship program is designed for students from any undergraduate business major to complement that major with a focused study in entrepreneurship. Admission to the Focus in Entrepreneurship program is subject to the minimum Georgia State University cumulative GPA requirement for entrance into RCB upper-level classes. Obtaining a letter of completion for the Focus in Entrepreneurship is based on completion of at least three specified courses with a minimum combined GPA of 3.3 for these courses, with no grade in any of them lower than a B.

Students in a variety of majors (for example, Computer Information Systems, Finance, Real Estate, Marketing, Hospitality, and Accountancy) may start or work in an entrepreneurial venture. The Focus in Entrepreneurship, combined with the knowledge gained in their major, will help those students realize those career plans. Some students may use their major as they join a family-owned or other closely held company. Those students will also benefit from complementing their major with a focused study in entrepreneurship.

Requirements: Take the following courses. Be aware that some have prerequisites and other requirements for enrollment. Although students are permitted to take MGS 4590 twice for graduation credit, it may count only once for the letter of completion.

- MGS 4500 Entrepreneurial and New Venture Management
- MGS 4550 Managing a Family Business
- MGS 4590 Entrepreneurship Field Study

Applications and Fees: Interested students should review the application procedures on the Herman J. Russell Sr. International Center for Entrepreneurship web site at robinson.gsu.edu/rec/. There are no additional fees required for the Certificate in Entrepreneurship.

7190 Department of Marketing

Programs Offered:

1. B.B.A. in Marketing
2. Minor in Marketing
3. Certificate in Professional Sales

13th floor, Robinson College of Business Building
404/651-2740
Marketing is an exciting, dynamic process through which customer needs and wants are determined and satisfied through the conception, development, promotion, exchange, and distribution of goods and services. The undergraduate program in marketing provides students with fundamental preparation in general marketing and an understanding of markets and customers, product development, pricing strategies, advertising and promotion, and methods of distribution. The program also develops the student's capacity to solve managerial problems in marketing and prepares men and women to enter careers in the field. A wide range of career opportunities is available to marketing graduates. Marketing management is often the path to the top of the business organization. Entry-level positions are available in selling, product development, advertising, promotion, physical distribution, industrial marketing, marketing research, customer service, and many other specialties. The challenges of marketing require men and women with creative ability, intelligence, and skill that are prepared to fill an ever-increasing number of senior staff and executive positions.

7190.10 Program Admission

There are no admission requirements specific to the Marketing program. However, Marketing students are required to meet all University and College admission requirements.

7190.20 Program Financial Information

There are no special fees associated with majoring in Marketing. However, Marketing majors must pay all tuition and fees charged by the University and the College.

7190.25 Program Academic Regulations

Required Major Courses: Mk 4010, Mk 4100, 4200, 4900 and three additional 4000-level courses in marketing. Mk 3010 (required for all BBA students) is not included in the 21 hour course requirement for the marketing major.

Recommended Sequence: Take Mk 4100 in the first semester. Mk 4900 should be taken during the last semester of the senior year.

The following sets of major courses are suggested by the faculty for those students who wish to specialize in various fields. These are simply suggestions:

- Sales: MK 4330, MK 4331, MK 4340
- Retailing: MK 4400, MK 4420, MK 4510
- Marketing Management: MK 4620, MK 4400, MK 4300
- Advertising: MK 4300, MK 4305, MK 4310
- Digital Marketing: MK 4305, MK 4720, MK 4300
- Marketing for Small Businesses: MK 4620, MK 4800, MK 4510
All students pursuing a minor in Marketing must maintain a 2.5 or higher GPA. Students must have 45 hours of college credit before enrolling for upper-level Marketing courses. Students seeking a minor in Marketing should consult the recommended sets of Mk courses for Marketing majors, according to their individual interests.

**7190.30 Minor in Marketing**

Students seeking a minor in Marketing must complete 15 hours in upper-level MK-prefixed courses. A minor in Marketing must include MK 3010 (Basic Marketing) and MK 4100 (Buyer Behavior). Students must take ECON 2106 (Principles of Microeconomics) as a prerequisite for MK 3010, but the course may also be used to partially satisfy Area E requirements. Students pursuing a BBA with a minor in Marketing must take BCOM 3950 as a co-requisite for MK 4100 and a prerequisite for other 4000-level MK courses. Non-business majors may substitute one of the following courses, or a comparable upper-level course that emphasizes effective oral / written communication, for BCOM 3950:

- ENGL 3130 Business Writing
- SPCH 3010 Advanced Public Speaking
- SPCH 3210 Business and Professional Communication
- JOUR 3500 Public Relations

All students pursuing a minor in Marketing must maintain a 2.5 or higher GPA, and must earn a grade of C- or better in all courses counting toward the major. Students must have 45 hours of college credit before enrolling for upper-level Marketing courses.

**7190.35 Certificate in Professional Sales**

Students may earn the Certificate in Professional Sales by meeting the following requirements. Students must earn an overall GPA of 3.0 or higher in all courses taken in RCB. Students must complete BCOM 3950 with a grade of B- or higher and complete Mk 3010 with a grade of B- or higher. Students must complete MK 4100 and MK 4200

- Overall GPA of 3.0 or higher in courses taken in RCB
- BCOM 3950 and MK 3010 each with a grade of B- or higher
- MK 4100 and MK 4200
- MK 4900 with a grade of B- or higher
- And the following 15 hours of courses, all with a grade of B- or higher: MK 4330 Professional Sales, MK 4331 Key Account Sales, MK 4340 Sales Management, MGS 4430 Negotiation, and MGS 4440 Working in Teams

**7190.40 Business Communication Programs**

Beverly Y. Langford, Coordinator

Course Prefix: BCom

Effective communication allows individuals to understand each other, encourages people to take action, and motivates others to think creatively and critically. Business Communication Programs offer undergraduate
and graduate classes that prepare students to effectively handle the demanding communication tasks of the twenty-first century. Students develop professional communication skills and learn how culture, ethics, and technology affect communication. Faculty members bring experience to Business Communication Programs from academic disciplines, as well as corporations, and address communication issues based on diversity and globalization. Strong communication skills are vital for all disciplines today. The program continues to evolve to meet the advanced communication requirements of business students at Georgia State University.

### 7200 Department of Real Estate

**Programs Offered:**

1. **B.B.A. in Real Estate**
2. **Minor in Real Estate**

14th floor, Robinson College of Business Building
404/413-7720

Gerald D. Gay, Interim Chair

**Course Prefix:** RE

Individuals who deal in land assets, as investors, brokers, appraisers, analysts, financiers, or developers, require substantial awareness of the community’s political and economic characteristics plus a thorough knowledge of the economics involved in each investment situation. The curriculum in real estate is designed to provide the student with an understanding of (1) the various phases of real estate activity, (2) the economic and social services relating to land use that are performed by individuals and institutions, and (3) the forms of business and professional services necessary to support real estate activity.

### 7200.10 Program Admission

There are no admission requirements specific to the Real Estate program. However, Real Estate students are required to meet all University and College admission requirements.

### 7200.20 Program Financial Information

There are no special fees associated with majoring in Real Estate. However, Real Estate majors must pay all tuition and fees charged by the University and the College.

### 7200.30 Program Academic Regulations

**Required Major Courses:** RE 3010, RE 4050, RE 4150, RE 4160, RE 4700 and two additional 4000-level courses in real estate.

### 7200.40 Minor in Real Estate
Students seeking a minor in Real Estate must complete 15 hours in Real Estate: RE 3010, RE 4050, RE 4150, RE 4160, and one Real Estate-prefix elective course (and any prerequisites required for each course). All students pursuing a minor in Real Estate must maintain a 2.5 or higher GPA, and must earn a grade of C- or better in all courses counting toward the minor. Students must have 45 hours of college credit before enrolling in Real Estate courses.

7210 Department of Risk Management and Insurance

Programs Offered:

1. B.B.A. in Actuarial Science
2. Minor in Actuarial Science
3. B.B.A. in Risk Management and Insurance
4. Minor in Risk Management and Insurance

11th floor, Robinson College of Business Building
404/413-7500
www.rmi.gsu.edu

Martin F Grace, Chair

The Department of Risk Management and Insurance is an interdisciplinary academic unit. It offers undergraduate majors in actuarial science and in risk management and insurance, together with courses in the areas of legal studies and personal financial planning.

7220 Actuarial Science

Eric Ulm, Faculty Adviser

Course Prefix: AS

Actuaries have been called financial architects and social mathematicians because of their unique blend of analytical and business skills in the insurance and financial services industry, as consultants in firms that specialize in employee benefits and pensions, in the government sector, and in a variety of other roles. To be recognized as a qualified actuary, a person should become a member of the Society of Actuaries or the Casualty Actuarial Society. Admission to membership is obtained by passing a series of examinations given by the societies. Completion of the actuarial science program at Georgia State University greatly enhances the possibility of passing the examinations given by the actuarial societies.

The tremendous demand for such highly trained persons makes a career in this area very rewarding financially and in providing the satisfaction that comes from membership in a well-recognized profession.

In order to meet the critical shortage of actuarial personnel in this region, the Southeastern Actuaries Club endorsed the establishment of the actuarial program at Georgia State University as part of the university’s
comprehensive insurance educational activity. The program continues to have the strong support of the actuarial profession. Inquiries concerning the actuarial profession or the details of the program at Georgia State University should be directed to the department.

7220.10 Program Admission

There are no admission requirements specific to the Actuarial Science program. However, Actuarial Science students are required to meet all University and College admission requirements.

7220.20 Program Financial Information

There are no special fees associated with majoring in Actuarial Science. However, Actuarial Science majors must pay all tuition and fees charged by the University and the College.

7220.30 Program Academic Regulations

**Required Major Courses:** FI 4000: AS 4140, AS 4230, AS 4350 and pick two out of three from AS 4320, AS 4350, and AS 4510

**Other Required Courses:** MATH 2212, MATH 2215, and MATH 4752 must be taken in place of the non-RCB electives. For students with appropriate mathematics background, MATH 2211 should be taken in core area A in place of MATH 1111 (college algebra) or in place of MATH 1113 (precalculus) in core Area D. Students who make one or both of these substitutions will choose one or two non-RCB electives, as appropriate. MATH 4751 should be taken in place of MGS 3100 in the junior business core. MATH 2215 must be completed with a grade of C or higher.

MATH 2215 must be completed with a grade of C or higher.

RMI 3750 and RMI 4350 must be taken in place of RCB electives; grades of C or higher are required.

It is highly recommended that new actuarial science majors consult with their major adviser at their earliest convenience so that an efficient program can be constructed in accordance with the unique nature of the actuarial science major and course scheduling requirements.

7230 Legal Studies

Course Prefix: LglS

The Legal Studies Courses offered through the Department of Risk Management and Insurance afford a base for scholarship and teaching at the intersection of law and business. Legal Studies courses provide non-professional legal education open to business students in both the J. Mack Robinson College Business and those in the broader university community.

Students can receive a minor in the BBA-RMI program that emphasizes legal transactions and risk. Doing so provides non-major students the opportunity to examine legal approaches to the management of risk.
exposures in corporate and personal settings. All business majors may find the minor attractive but specific majors that should find the minor especially attractive include accounting and managerial sciences, economics, political science and pre-law students,

The Legal Studies course offerings are among the most popular at the undergraduate level in the college.

**BUSA 2106 Legal Environment of Business**

This course provides the business student with a study of the interrelationship of law, ethics, and business.

**LGLS 3020 Introduction to the Law**

This course is an introduction to the law, a multifaceted and broad discipline which affects every aspect of our society. The course provides an overview of the legal system and legal analytical models.

**LGLS 4030 The Legal Process**

The course gives students a better understanding of the legal process, the role of the primary actors in the process, how they think and act, and why.

**LGLS 4050 Legal Transactions and Risk**

This course examines legal transactions in the corporate environment and provides a conceptual framework for examining contracts and other transactions to enable students to minimize and/or allocate risk to produce more legal certainty in business.

**LGLS 4060 Internet Law**

This course examines how the U.S. legal system is evolving to accommodate the Internet’s impact on business practices, society and values. The course covers a wide range of Internet-related legal issues including technology and the law, court jurisdiction over Internet-related business activities, intellectual property, e-commerce, taxation of Internet sales, privacy in cyberspace, on-line defamation, information security, cyber-crimes, and government regulation of Internet services.

**7240 Risk Management and Insurance**

Harold Weston, Adviser

Course Prefix: RMI

The program in risk management and insurance strives to prepare qualified and motivated students for positions of leadership and responsibility in risk management, insurance, and other financial services businesses and in general business and government. The Bachelor of Business Administration in Risk Management and Insurance challenges the student both quantitatively and qualitatively as it emphasizes critical thinking for decision making under uncertainty. Qualified students can find excellent opportunities for creative work, professional recognition, financial reward, and public service within this degree program.
The major has two tracks of study. The first track is for those who desire to work in the insurance industry or in risk management in general. The required courses introduce students to the business of insurance and risk management from a corporate perspective. Elective course can allow the student a degree of specialization in life insurance, property liability insurance, or risk management. Graduates of the risk management and insurance track find employment as brokers/agents providing professional risk management counseling and market placement services for clients, as consultants and personal financial planners, and in the underwriting, marketing, claims adjusting, planning, governmental relations, and financial management activities of insurers.

The second track is for those with an interest in risk analysis. This track is for those who are interested in the understanding how to model risk, how to assess risk, and how to communicate risk in a business or governmental setting. Students will take courses in risk modeling, legal risk analysis, regulation, economics, and policy. Graduates in the risk analysis track find a variety of career opportunities open to them as risk analysts within the risk management and insurance business, in other financial institutions, and in community and government agencies.

7240.10 Program Admission

There are no admission requirements specific to the Risk Management and Insurance program. However, Risk Management and Insurance students are required to meet all University and College admission requirements.

7240.20 Program Financial Information

There are no special fees associated with majoring in Risk Management and Insurance. However, Risk Management and Insurance majors must pay all tuition and fees charged by the University and the College.

7240.30 Program Academic Regulations

Focus on Risk Management & Insurance Suggested Major Courses:

RMI 3750
RMI 4150
RMI 4300
RMI 4350

and pick three of the following:

RMI 3500, RMI 4010, RMI 4020, RMI 4530, RMI 4700, RMI 4391, RMI 4530, FI 4020, LGLS 4050, or PFP 4000.

Students who lack broad knowledge of insurance principles, markets, and institutions are strongly encouraged to begin their course of studies with RMI 3500.

Focus on Risk Analysis Suggested Major Courses
And pick one from the following:

RMI 3500, RMI 4010, RMI 4020, RMI 4530, RMI 4700, FI 4020, LGLS 4050, or PFP 4000.

Other Required Courses for Risk Analysis Track: Math 1220 must be taken in place of the non-RCB electives. For students with appropriate mathematics background, MATH 1220 should be taken in core area A in place of MATH 1111 (college algebra) or in place of MATH 1113 (precalculus) in core Area D. Students who make one or both of these substitutions will choose one or two non-RCB electives, as appropriate. RMI 3750 must be completed with a grade of C or higher. ECON 4950 is a prerequisite to RMI 4050 and should be included as a Non-RCB elective.

It is highly recommended that new RMI majors with an interest in risk analysis consult with their major adviser at their earliest convenience so that an efficient program can be constructed in accordance with the unique nature of the track and course scheduling requirements.

Obtaining a letter of completion for the Risk Analysis track is based on completion of all the recommended courses.

Computer Skills Prerequisites (CSP)
Some courses offered by the Robinson College of Business require any student who enrolls in that course to be proficient with certain computer skills. For a complete description of CSP requirements, please refer to the “J. Mack Robinson College of Business” chapter of this catalog (see section 7000).
Corequisites
A corequisite identifies another course or courses that should be taken concurrently with the listed course. A student who enrolls in a listed course with corequisites must also enroll in those corequisite courses. A student who has previously completed a corequisite course may not need to repeat it; he or she should consult with an academic adviser before registering to determine specific requirements.

Course Credit Hours
The total semester hours of credit for each course are shown in parentheses immediately following the course title.

Prerequisites
A prerequisite identifies a course or other requirements that a student must have completed successfully before enrolling in the listed course. Any student who has not met prerequisites for a course may be administratively withdrawn from that course at the discretion of the instructor. It is the policy of some university departments to withdraw automatically any student who enrolls in a course without first meeting its prerequisites.
**ACCT ACCOUNTING**

**ACCT 2101 Principles of Accounting I**

**CREDIT HOURS** 3.0

**DESCRIPTION**
CSP: 1, 2, 7. In this course, students begin to develop accounting skills for solving business problems using an integrated approach. The integrated approach focuses on the business processes and examines the activities from both an external, financial reporting perspective and an internal, management decision-making perspective. The course incorporates real world applications, including actual financial statements, to reinforce the relevance of topics to real business situations and promote student interest. Principles of Accounting I concentrates on the planning, performing, and evaluating aspects of the accounting operating processes and includes translating activities into accounting information and solving operating problems using information from the accounting system.

**ACCT 2102 Principles of Accounting II**

**CREDIT HOURS** 3.0

**DESCRIPTION**
Prerequisite: ACCT 2101. CSP: 1, 2, 7. In this course, students continue developing accounting skills for solving business problems. The integrated approach focuses on the business processes and examines the activities from both an external, financial reporting perspective and an internal, management decision-making perspective. The course incorporates real world applications, including actual financial statements, to reinforce the relevance of topics to real business situations and promote student interest. Principles of Accounting II concentrates on the capital resources, reporting and evaluating processes and how they relate to the business organization and strategy. Students analyze information needed for financing and investing decisions and evaluate and report operating outcomes using financial and non-financial perf.

**ACCT 4111 Intermediate Accounting I**

**CREDIT HOURS** 3.0

**PREREQUISITES**
Grade of B or higher in both ACCT 2101, ACCT 2102, BCOM 3950

**DESCRIPTION**
Requirements: Must meet RCB upper division course requirements and 45 semester hours
CSP: 1, 2, 6. Students will learn the environmental and theoretical structure of financial accounting, the accounting process, and preparation of an income statement, balance sheet and statement of cash flows. Students will also learn to measure income, do profitability analysis, apply time value of money concepts to financial accounting measurements, account for cash, receivables and inventories, and learn to research financial accounting issues using the FASB Codification Database.

**ACCT 4112 Intermediate Accounting II**

**CREDIT HOURS** 3.0

**PREREQUISITES**
Grade of B or higher in both ACCT 2101, ACCT 2102, grade of C- or higher in ACCT 4111, MGS 3100

**DESCRIPTION**
Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 6. Students will learn how to account for the economic resources and liabilities of an enterprise. Topics studied will include operational assets, investments, current liabilities, bonds, and leases. Students will also learn rudimentary financial statement analysis pertaining to these topics, analyze real world cases and learn to research financial accounting issues using the FASB Codification Database.
ACCT 4113  Intermediate Accounting III
CREDIT HOURS  3.0
PREREQUISITES  Grade of B or higher in both ACCT 2101, ACCT 2102
DESCRIPTION  Grade of C- or higher in ACCT 4111 and ACCT 4112. Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 6. Students will study accounting for income taxes, pensions, shareholders equity, share-based compensation, accounting changes, error corrections, and derivatives. Students will also learn the computation of earnings per share and the preparation of a complex statement of cash flows. Students will also learn rudimentary financial statement analysis, analyze real world cases pertaining to these topics and learn to research financial accounting issues using the FASB Codification Database.

ACCT 4210  Cost/Managerial Accounting
CREDIT HOURS  3.0
PREREQUISITES  ACCT and non-FIN majors: B in both ACCT 2101 and ACCT 2102; FIN majors: FI 4000 or prerequisite above.
COREQUISITES  Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 4, 6, 7.
DESCRIPTION  Students study the information needed by managers to plan, monitor, and improve their critical processes, products, and services. This course stresses the application of information technologies to tasks such as measuring costs to produce, market, and deliver products and services; planning via flexible budgets and cost-volume-profit analysis; implementing activity-based management systems; and measuring and performance. Students communicate implications of their analyses to stakeholders using database, spreadsheet, and word processing skills.

ACCT 4310  Accounting Information Systems
CREDIT HOURS  3.0
PREREQUISITES  CIS 2010, ACCT 4210
DESCRIPTION  CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course develops skills required by accountants users, managers, designers, and evaluators of information systems in e-business environments. The skills include choosing, extracting, and analyzing information to solve business problems, modeling technology-enabled business processes, developing information systems, and designing and evaluating internal control in e-business environments.

ACCT 4390  Case Studies in Taxation
CREDIT HOURS  3.0
PREREQUISITES  ACCT 4510 and 2.8 or higher GPA; or consent of the instructor.
COREQUISITES  Must meet RCB upper division course requirements and 45 semester hours.
DESCRIPTION  In this course students will use real world cases to identify tax accounting and tax planning issues in unique fact patterns, select and apply appropriate tax laws to unique fact patterns and make decisions requiring knowledge of the tax law and its effect.
**ACCT 4391** Field Study in Accounting  
**CREDIT HOURS** 3.0  
**DESCRIPTION** (May be repeated once.) Prerequisite: ACCT 4112; enrollment as an undergraduate accounting major with a 3.0 or higher GPA; consent of instructor. Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 4, 6, 7, 8. The field study is a supervised, employer-site learning experience. In this experience, students have the opportunity to apply accounting skills in a professional setting. Students must consult with the instructor or with the School of Accountancy's Undergraduate Program Coordinator before registering to determine whether their employment internship experiences will qualify for credit.

**ACCT 4510** Introduction to Federal Income Taxes  
**CREDIT HOURS** 3.0  
**PREREQUISITES** Must have senior standing or graduate status  
**DESCRIPTION** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 6. This course introduces students to the federal tax concepts applicable to sole proprietorships, partnerships, corporations, estates, and trusts. Emphasis is placed on differences between tax and financial accounting concepts. In addition, students are exposed to accounting periods and methods, deferred compensation, tax planning, ethical practices, and tax research.

**ACCT 4610** Introduction to Assurance Services-CTW  
**CREDIT HOURS** 3.0  
**PREREQUISITES** ACCT 4113  
**COREQUISITES** ACCT 4113  
**DESCRIPTION** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7. This course satisfies critical thinking through writing requirements. This course develops students' knowledge of auditing, attest, and assurance services in traditional and e-business environments. Topics include the role of such services in society, evidence relevance and reliability, materiality, risk and control, information integrity, and methods of verification.
Mathematical Foundations of Actuarial Science

- **CREDIT HOURS**: 3.0
- **PREREQUISITES**: RMI 3750; MATH 4751
- **DESCRIPTION**: Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 2. This course covers 1) uni-variate probability distributions, including binomial, negative binomial, geometric, hypergeometric, Poisson, uniform, exponential, chi-square, beta, Pareto, lognormal, gamma, Weibull, and normal; 2) multivariate joint distributions, conditional and marginal distributions; 3) moments and moment generating function, 4) transform of variables, 5) order statistics, and 6) central limit theorem. The purpose of this course of reading is to develop knowledge of the fundamental probability tools for quantitatively assessing risk. The application of these tools to problems encountered in actuarial science is emphasized. A thorough command of probability topics and the supporting calculus is assumed.

Microeconomic Foundations of Actuarial Science

- **CREDIT HOURS**: 3.0
- **PREREQUISITES**: ECON 2106 and concurrent registration in AS 4230
- **DESCRIPTION**: Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1. This course covers the applications of interest theory and calculus to intermediate microeconomics in an actuarial context.

Introduction to Stochastic Actuarial Models

- **CREDIT HOURS**: 3.0
- **PREREQUISITES**: AS 4130
- **DESCRIPTION**: Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 2. This course covers the application of basic stochastic models in an actuarial setting. Topics include review of frequency-severity models, introduction to compound distributions, stochastic models, and simulation techniques.

Life Contingencies I

- **CREDIT HOURS**: 3.0
- **PREREQUISITES**: AS 4130, AS 4230
- **DESCRIPTION**: Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 2. This course is an introduction to life contingencies as applied in actuarial practice. Topics include present value random variables for contingent annuities and insurance, their distributions and actuarial present values, equivalence principle, and other principles for determining premiums.
### AS 4350  Life Contingencies II

**Credit Hours:** 3.0  
**Prerequisites:** AS 4340  
**Description:** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 2. This course is a continuation of the study of life contingencies. Topics include insurance and annuity reserves, characterization of discrete and continuous multiple decrement models in insurance and employee benefits, and multiple life models.

### AS 4389  Directed Readings in Actuarial Science

**Credit Hours:** 1.0 to 3.0  
**Prerequisites:** consent of instructor  
**Description:** Requirements: Must meet RCB upper division course requirements and 45 semester hours.

### AS 4510  Derivative Valuation and Risk Management

**Credit Hours:** 3.0  
**Prerequisites:** MATH 2212 or FI 4000 or permissions of instructor  
**Description:** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 5, 6, 7. This course introduces quantitative methods for pricing financial derivatives, treating in detail the program of valuation by "no-arbitrage." Institutional features of derivative markets are covered along with theory and application. The discrete-time binomial pricing model is studied in depth. An introduction to the elements of stochastic calculus (Brownian Motion, and Ito's formula) then enables students to work with the mainstream continuous-time models of Black-Scholes-Merton and others. These methods are applied to price and hedge standard securities such as stock options, interest rate caps, swaps, swaptions, and commodity futures. Students will see application to insurance and actuarial science. The course will cover Society of Actuaries required reading.

ANTH 3033  The Anthropology of Violence-CTW
CREDIT HOURS 3.0
PREREQUISITES ANTH 2010, ANTH 2020, or ANTH 2030 with grade of C or higher, or consent of instructor
DESCRIPTION Drawing on three subfields of anthropology (biological anthropology, archaeology, and sociocultural anthropology), this course takes a holistic approach to the study of violence. The course fosters critical thinking through writing, and it promotes the understanding of how scholarly-scientific and popular interpretations of violence are rooted in the ideological paradigms of their time. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all anthropology majors.

ANTH 3120  African Diaspora
CREDIT HOURS 3.0
PREREQUISITES AAS 1140, AAS 2010, HIST 1140, or ANTH 2020 with grade of C or higher
DESCRIPTION (Same as AAS 3120.) Investigates the dispersal, growth, and influence of people of African descent throughout the world. A comparative analysis of historical, political, cultural, economic, and social developments of the African diaspora.

ANTH 4020  Anthropological Theory
CREDIT HOURS 4.0
PREREQUISITES ANTH 2020 with grade of C or higher, or consent of instructor
DESCRIPTION Historical treatment of the major theoretical trends in anthropology.

ANTH 4040  Gender, Race, and Class in Complex Societies
CREDIT HOURS 3.0
PREREQUISITES ANTH 2020 with grade of C or higher, or consent of instructor
DESCRIPTION (Same as WST 4040.) Experiential learning in the urban setting through direct exposure to and experience in an ethnic community. Informed awareness of the knowledge, attitudes, and practices of ethnic communities within the community and larger society.

ANTH 4060  Environmental Anthropology
CREDIT HOURS 3.0
PREREQUISITES ANTH 1102, ANTH 2010, ANTH 2020, or ANTH 2030 with grade of C or higher, or consent of instructor
DESCRIPTION During this course we will examine how humans interact with and are influenced by environmental resources, as well as how our actions impact natural resources and ecological systems. Human populations and cultural groups are therefore (re)situated in nature. To explore environmental anthropology as a subfield, the course is structured as a survey of the discipline, examining topics such as historical ecology, population ecology, cultural constructions of "nature," the anthropology of environmentalism, political ecology, and global environmental issues.

ANTH 4070  Ethnobotany is the study of the use of plants by humans
CREDIT HOURS 3.0
PREREQUISITES ANTH 2010, ANTH 2020, or ANTH 2030 with grade of C or higher, or consent of instructor
DESCRIPTION This course provides an overview of the field of ethnobotany and its methods. Students will explore how ethnobotanists collect, analyze, and interpret data and will learn some of the applications of ethnobotany outside of an academic setting.
ANTH 4080  Consumption and Material Culture  
CREDIT HOURS: 3.0  
PREREQUISITES: ANTH 2020 with grade of C or higher  
DESCRIPTION: This course examines anthropological approaches to material culture and consumption: the practices, relations, and rituals through which things (from food and clothing to shell valuables or money) become meaningful and are used in the organization of social life. Readings include classic works of anthropology and social theory as well as recent ethnographies of western capitalist, colonial/postcolonial and postsocialist settings.

ANTH 4111  Anthropology of Self and Emotion  
CREDIT HOURS: 3.0  
PREREQUISITES: ANTH 2020 with grade of C or higher, or consent of instructor  
DESCRIPTION: This course draws upon readings in anthropological theory and ethnography to consider the cultural construction of selfhood, identity, and feelings, with an emphasis on the historical specificity of particular experiences, how they may be influenced by factors such as capitalism, how they may change over time, and the significance of gender.

ANTH 4112  Modernity and Identity  
CREDIT HOURS: 4.0  

ANTH 4140  European Prehistory  
CREDIT HOURS: 3.0  
PREREQUISITES: ANTH 2030 with grade of C or higher, or consent of instructor  
DESCRIPTION: This course is a survey of the prehistory of Europe from the Paleolithic period until the Roman conquest. Because of the temporal and geographic variability of Europe this survey is selective, focusing on major transitions and themes (e.g., subsistence adaptations, island settlement, trade, technology, the emergence of social complexity, early states, and so forth) and using specific examples (case studies) of regions or sites to highlight them.

ANTH 4170  Mesoamerican Archaeology  
CREDIT HOURS: 3.0  
PREREQUISITES: ANTH 2030 with grade C or higher, or consent of instructor  
DESCRIPTION: This course highlights some of the major cultural achievements of Mesoamerican peoples. The class begins with the peopling of the New World over 10,000 years ago and proceeds to cover the origins of agriculture and the development of complex societies from the Olmec to the Aztec. The course draws from the rich iconographic, epigraphic, and archaeological data of the region to explore concepts and specific sites up until the time of Spanish Contact, A.D. 1521.

ANTH 4180  Archaeology of Southeastern United States  
CREDIT HOURS: 4.0  
PREREQUISITES: ANTH 2030 with grade of C or higher or consent of instructor  
DESCRIPTION: The appearance of the earliest inhabitants of the Southeast, the development of complex societies, the effects of Europeans on indigenous culture, and the archaeology of the historic period. Students will be required to participate in three field trips.
ANTH 4190  Archaeological Practice and the Public
CREDIT HOURS  3.0
PREREQUISITES  ANTH 2030 with a grade of C or higher, or consent of instructor
DESCRIPTION  This course on Public Archaeology covers a great number of fields where professional archaeologists work with public interests, upholding legislation designed to conserve ancient sites and artifacts, managing museum collections, presenting the past to the public, working with developers to reduce the impact of building and construction projects on the remains of the past. At the same time Public Archaeology covers the general public’s interest in the archaeological past: from fakes and illicit trade of antiquities to Indiana Jones, to the search for Atlantis.

ANTH 4200  Urban Anthropology
CREDIT HOURS  4.0
PREREQUISITES  ANTH 2020 with grade of C or higher, or consent of instructor
DESCRIPTION  Urban space and social stratification; theories of space, place, and identity; the city in the social imaginary.

ANTH 4240  Food: History, Ecology, and Political Economy
CREDIT HOURS  3.0
PREREQUISITES  ANTH 2020 or ANTH 2010 with a grade of C or higher, or instructor's consent
DESCRIPTION  Explores the cultural histories of foods or types of food that have had major impacts on global political economy, ecology, and culture from the 14th century to present day.

ANTH 4280  African-American Anthropology
CREDIT HOURS  3.0
DESCRIPTION  (Same as AAS 4280.) Major writings in the field of African-American studies; theories, categories, and methods used in studying complex societies are brought to bear upon the literature; use of ethnographies to provide a comparative perspective for understanding African-American cultures.

ANTH 4280  Human Evolution
CREDIT HOURS  3.0
DESCRIPTION  Principles and mechanisms of hominid evolution.

ANTH 4300  Human Variation
CREDIT HOURS  4.0
PREREQUISITES  ANTH 1102 or ANTH 2010 with grade of C or higher, or consent of instructor
DESCRIPTION  Variation within and between human populations: morphology, gene frequencies, and behavior. Biological concepts of race, race classification, and evolutionary processes acting on humans in the past, present, and future.

ANTH 4330  Primate Behavioral Ecology
CREDIT HOURS  3.0
DESCRIPTION  Examination of the diversity of free-ranging primates in their natural habitats. Ecological factors affecting diet, locomotor repertoires, body size, and the evolution of social behavior will be emphasized.

BIOL BIOLOGY

BIOL 1103K  Introductory Biology I
CREDIT HOURS  4.0
DESCRIPTION  Three lecture hours and three laboratory hours a week. Introduction to fundamental concepts in biology, with an emphasis on evolution, inheritance, anatomy and physiology, metabolism and ecology. Application of these concepts to issues affecting society. This course does not fulfill the requirements for a major in biology.

BIOL 1104K  Introductory Biology II
CREDIT HOURS  4.0
PREREQUISITES  BIOL 1103K or BIOL 1107K with grade of D or higher
DESCRIPTION  Three lecture hours and three laboratory hours a week. Introduction to fundamental concepts in biology, with an emphasis on anatomy, physiology, classification and ecological relationships. Application of these concepts to issues affecting society. This course does not fulfill the requirements for a major in biology.

BIOL 1110K  Human Anatomy & Physiology I
CREDIT HOURS  4.0
DESCRIPTION  Three lecture and three laboratory hours a week. Recent course work in biology or chemistry is recommended. Survey of the major organ systems in the human body. Chemical principles related to physiology are included.

BIOL 1120K  Human Anatomy and Physiology II
CREDIT HOURS  4.0
PREREQUISITES  BIOL 1110K with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week. Survey of the major organ systems in the human body. Chemical principles as related to physiology are included.

BIOL 2050  Introduction to Drugs and Behavior
CREDIT HOURS  3.0
DESCRIPTION  (Same as PSYC 2050.) Provides an introduction to the effects of drugs on behavior. Topics include how drugs affect the brain and, consequently, behavior; the underlying brain and environmental factors thought to be responsible for drug addiction, tolerance and sensitivity; treatment of major psychological disorders (e.g., depression, mania, anxiety) with drug therapy; and the classification of common psychoactive drugs.

BIOL 2100  Introduction to Biological Inquiry
CREDIT HOURS  2.0
DESCRIPTION  Two lecture hours per week. Orientation to the degree in Biology. Topics will include methods of scientific inquiry, critical thinking skills, evaluation of biomedical research, literature review, scientific writing, and experimental design. Class discussion and in-class labs will be included. Recommended for biology majors with less than two years of high school biology. Also appropriate for K-12 science education and health sciences students.

BIOL 2106  Introduction to the Biological Sciences
CREDIT HOURS  2.0
DESCRIPTION  Two lecture hours a week. Introduction to evolutionary theory, plant, animal, microbial diversity, evolutionary history, and ecology.
BIOL 2107K  Principles of Biology I  
CREDIT HOURS  4.0  
PREREQUISITES  CHEM 1211K with grade of C or higher  
DESCRIPTION  Three lecture and three laboratory hours a week. Introduction to scientific method, theory and experimentation, cell chemistry, enzymes, metabolism, photosynthesis, genetics, ecology, and evolution. Fulfills Biology Major requirement.

BIOL 2108K  Principles of Biology II  
CREDIT HOURS  4.0  
PREREQUISITES  BIOL 2107K or BIOL 2800; and CHEM 1211K with grades of C or higher  
DESCRIPTION  Three lecture and three laboratory hours a week. Animal and plant biology with emphasis on structure, physiology, ecology, and evolution. Fulfills Biology Major requirement.

BIOL 2240  Introduction to Human Physiology  
CREDIT HOURS  3.0  
PREREQUISITES  BIOL 1104K, BIOL 1108K, or BIOL 2108K with grade of C or higher  
DESCRIPTION  Three lecture hours a week. Major organ systems with emphasis on homeostatic mechanisms in health and disease.

BIOL 2250  Human Physiology Laboratory  
CREDIT HOURS  1.0  
PREREQUISITES  BIOL 2240 with grade of D or higher, or concurrently  
DESCRIPTION  Three laboratory hours a week. Exercises dealing with major organ systems. Recommended for health sciences students.

BIOL 2300  Microbiology and Public Health  
CREDIT HOURS  3.0  
PREREQUISITES  one year each of high school biology and chemistry recommended  
DESCRIPTION  Three lecture hours a week. An introduction to infectious disease agents of significance in individual and community health settings. The characteristics, symptoms, diagnosis, control, and treatment of infectious diseases will be considered.

BIOL 2310  Microbiology and Public Health Laboratory  
CREDIT HOURS  1.0  
PREREQUISITES  BIOL 2300 with grade of D or higher, or concurrently  
DESCRIPTION  Three laboratory hours a week. Basic laboratory techniques for culture and identification of bacteria.

BIOL 2430  Frontiers in Biotechnology  
CREDIT HOURS  2.0  
PREREQUISITES  BIOL 1104K, BIOL 1108K, or BIOL 2108K, and CHEM 1212K with grades of C or higher  
DESCRIPTION  Two lecture hours a week. Basic principles of biotechnology with emphasis on genetic engineering and its application to problems of medical, agricultural, and social importance.

BIOL 4050K  The Natural Environment of Georgia
CREDIT HOURS  4.0
PREREQUISITES  BIOL 1104K or BIOL 2108K with grade of C or higher, and GEOG 1113 or equivalent, or consent of instructor
DESCRIPTION  Three lecture hours a week with a one day weekend lab every other weekend. Georgia is a state with great a diversity of natural communities, in large part because of the many different landscapes present in the state. Through readings, discussions, tests, field outings, projects and in-class exercises, students will become familiar with the principles involved in the structure and function of Georgia’s dwindling, but diverse, ecosystems. There will be an emphasis on plant communities and the physical environment, but animal communities and landscape management strategies will also be covered. Locations, diversity, and plant indicator species (especially trees) will be examined in the classroom and in the field, and experiential learning is emphasized.

BIOL 4074  Developmental Biology
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3840 and BIOL 3900 with grades of C or higher
DESCRIPTION  Four lecture hours a week. Introduction to developmental biology emphasizing cellular, genetic, and molecular aspects and mechanisms of development.

BIOL 4094  Developmental Neurobiology
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3800 with grade of C or higher, or equivalent
DESCRIPTION  Four lecture hours per week. Introduction to the development of the nervous system. Covers the field of developmental neurobiology from neural induction to the modification of neuronal connections in the adult nervous system and uses a variety of model organisms to demonstrate the rules by which nervous systems develop.

BIOL 4102  Neurobiology
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3800 and BIOL 3840 with grades of C or higher, or equivalent
DESCRIPTION  Comprehensive basis for understanding brain research, major discoveries in neuroscience, and the methods employed for those achievements. Topics include the neural basis of learning and memory, sensory perception, motor control, neurological diseases, drug action, and behavior.

BIOL 4104  Zoo Biology
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3840 with grade of C or higher, or equivalent
DESCRIPTION  Four lecture hours a week. Historical background as well as current issues and developments in zoos. Topics include conservation, SSPs (Species Survival Plans), behavioral enrichment, studbook management, and planning/economics of major exhibits. Course instruction will be on-site at Zoo Atlanta. Students will work directly with animal curators and keepers.
BIOL 4115  Medical Neuroanatomy
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3840 with grade of C or higher, or equivalent
DESCRIPTION  Four lecture hours per week. Human brain and spinal cord functional neuroanatomy and associated pathologies.

BIOL 4130  Sensation and Perception
CREDIT HOURS  3.0
PREREQUISITES  BIOL 3840 with grade of C or higher, or equivalent
DESCRIPTION  (Same as PSYC 4130.) Three lecture hours a week. Experimental analysis of sensory and perceptual processes at both a physiological and a psychophysical level. The five primary sensory systems will be covered: vision, audition, touch, taste, and smell.

BIOL 4232  Cell Cycle and Cancer
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3800 with a C or better
DESCRIPTION  This course discusses the cell cycle, and how misregulation of this well orchestrated process results in cancer. Current research in cell cycle and cancer biology will be utilized to stimulate critical thinking and communication about the complex biological processes that go awry in cancer and form the basis for intervention with chemotherapeutic drugs.

BIOL 4240  Endocrinology
CREDIT HOURS  4.0
PREREQUISITES  CHEM 3410 with grade of C or higher, or equivalent course work; CHEM 4600 is recommended
DESCRIPTION  Four lecture hours a week. Basic biochemistry and physiology of the endocrine system, including synthesis and secretion of steroid and protein hormones, mechanisms of hormone action, and endocrinology of reproduction.

BIOL 4241  Hormones and Behavior
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3840 with grade of C or higher, or equivalent
DESCRIPTION  (Same as PSYC 4630.) Four lecture hours per week. Interaction of nervous and endocrine systems in the control of animal behavior, including humans, with emphasis on the mechanisms that adapt behavior to the changing physical and social environments.

BIOL 4242  Circadian Rhythms
CREDIT HOURS  4.0
PREREQUISITES  BIOL 3840, PSYC 2050, or PSYC 4110 with grade of C or higher, or equivalent
DESCRIPTION  Functional and physiological aspects of biological timekeeping, with special emphasis on circadian timing. Significant student participation is expected with required essential and timely reading assignments.

BIOL 4246  Advanced Human Physiology
CREDIT HOURS  4.0
PREREQUISITES  BIOL 2240 or BIOL 3240, and BIOL 3800 with grades of C or higher, or equivalents
DESCRIPTION  The circulatory, respiratory, gastrointestinal, and renal physiological systems will be emphasized.

BIOL 4640  Fundamentals of Bioinformatics  
CREDIT HOURS  4.0  
PREREQUISITES  BIOL 3800 with grade of C or higher, or equivalent, or written approval of instructor  
DESCRIPTION  (Same as CHEM 4640 and CSC 4640.) Four lecture hours per week. A "hands-on" approach to bioinformatics using PCs, the internet, and computer graphics to analyze, correlate, and extract information from biological databases, emphasizing sequence and structure databases for proteins and nucleic acids, and introducing the computer skills necessary for bioinformatics. Topics include: sequences and three-dimensional structures of proteins and nucleic acids, the major databases, algorithms for sequence comparison, data mining, and prediction of structure and function.

BIOL 4670  Principles and Techniques of Practical Biochemistry  
CREDIT HOURS  3.0  
PREREQUISITES  One semester of biochemistry (CHEM 4600/6600) with grade of B or higher, or equivalents  
DESCRIPTION  [Same as CHEM 4670]. A comprehensive and integrated review of principles and modern techniques found in day-to-day biochemical research laboratories. Topics include, but are not limited to: general principles of biochemical investigations, molecular biology and basic techniques, molecular cloning and gene analysis, protein structure, purification and characterization, biomolecular interactions, basic enzyme analysis, spectroscopic techniques, mass spectrometric techniques, centrifugation, electrophoretic, chromatographic, radioisotope and electrochemical techniques.

BIOL 4648  Biogeography  
CREDIT HOURS  4.0  
PREREQUISITES  GEOG 1112, BIOL 1104K, or BIOL 2108K with grades of B or higher, or consent of instructor

**TE** Introduction to Administration and Organization of Programs for Young Children  
**CREDIT HOURS** 3.0  
**PREREQUISITES** EDUC 2300  
**DESCRIPTION** Teacher candidates will develop knowledge and skills in planning, implementation, and maintenance of an effective early childhood program. Laws, rules, regulations, accreditation and program evaluation will be addressed. Managing a facility, financial resources, and personnel will be emphasized. Program administrator competencies of national accrediting agencies will be addressed.

**BRFV 3250**  
**TE** Professional and Ethical Practice-CTW  
**CREDIT HOURS** 3.0  
**DESCRIPTION** Teacher candidates will develop knowledge, skills, and dispositions that will enable them to work as professionals in a variety of settings with children from birth through five years of age and their caregivers. Teacher candidates will become familiar with organizations and publications relevant to the fields of early childhood education and early childhood/special education and will learn to adhere to codes of ethical behavior for those fields. Topics include professional qualifications, professionalism, advocacy, and team process models. This course is a Critical Thinking Through Writing (CTW) course.

**TE** Child Guidance Birth to Five  
**CREDIT HOURS** 3.0  
**PREREQUISITES** EDUC 2300  
**DESCRIPTION** This course focuses on positive child guidance strategies to support the development of self-control, self-motivation, and self-esteem of young children. Guidance practices that foster and motivate children's learning in individual and group settings will be reviewed. The theoretical foundations of current guidance approaches will be examined.

**BRFV 4370**  
**TE** Language, Literacy, and Cognition-CTW  
**CREDIT HOURS** 3.0  
**PREREQUISITES** EDUC 2300  
**DESCRIPTION** Teacher candidates will develop knowledge about the inter-relatedness of cognition, language, and literacy such that they gain a strong pedagogical foundation in literacy and language development with an emphasis on the practical application of course topics to implement developmentally appropriate practices and experiences. Topics include pre-linguistic development, components of language, relationships between oral and written language, early literacy development, individual differences, and cultural and linguistic variations in language including bilingualism and biliteracy. This course is a Critical Thinking Through Writing (CTW) course.
BRFV 4380  (TE) Methods for Infants and Toddlers

CREDIT HOURS  4.0
PREREQUISITES  EDUC 2300
DESCRIPTION  Teacher candidates will develop knowledge and skills in planning and implementing developmentally appropriate activities in a flexible and supportive learning environment for children birth through 36 months of age. Teacher candidates will use instructional methods and materials based on knowledge of child, family, community, and curricular goals. Topics include application of brain and attachment research, how infants learn, and how caregivers can use routines to provide individual, respectful, and responsive care to support optimum social/emotional, cognitive, and physical development of children, birth to age 18 months; promoting the development of toddlers' sense of self, building teaching relationships with toddlers, socialization and guidance in toddler years, facilitation of language development, toilet learning. DECAL standards for 0-3 will be explored. (Includes field experience).

BRFV 4390  (TE) Methods for Pre-Kindergarten and Kindergarten Children

CREDIT HOURS  4.0
PREREQUISITES  EDUC 2300
DESCRIPTION  Teacher candidates will learn to provide developmentally appropriate individual and group activities to 3-5 year old children in a flexible and supportive learning environment that provokes children's thinking. Topics and activities will include emphasis on social and emotional development, motor development and refined control of movement, sensorial foundations for cognitive development, language acquisition and the emergence and development of literacy, development of numeracy and the mathematical mind, supporting children's social connections and children's symbolic representation of ideas, using a wide variety of materials, through art, dramatic play, block construction, and storytelling. DECAL and GA DOE standards will be explored (Includes field experience).

BRFV 4400  (TE) Family and Community Relationships

CREDIT HOURS  3.0
PREREQUISITES  EDUC 2152
DESCRIPTION  The structure, function, and process of parenting are explored. An emphasis is placed on understanding characteristics of parents, parenting behavior, parenting styles, and their consequences on children and parent-child relationships. Families' relationships with caregivers, early childhood care and education settings, and communities will also be discussed.
BRFV 4661  Student Teaching Birth Through Five

CREDIT HOURS  9.0 TO 12.0

PREREQUISITES  All courses

DESCRIPTION  This course is the culmination of teacher candidates' knowledge gained in previous coursework and allows them to demonstrate self-sufficiency and independence if they are beginning teachers or at high levels of competence if experienced teachers. Teacher candidates will complete the student teaching internship in an early care and education setting for young children or in a preschool/Pre-kindergarten or Kindergarten setting. Opportunity is given for teacher candidates to work with young children with or without special needs. Teacher candidates will demonstrate the knowledge, skills, and dispositions acquired in the program.

MATH 1113 as a prerequisite or corequisite is strongly advised

DESCRIPTION
Three lecture and three laboratory hours a week. First course in a two-semester sequence covering the fundamental principles and applications of chemistry for science majors. Topics to be covered include composition of matter, stoichiometry, periodic relations, and nomenclature. Laboratory exercises supplement the lecture material.

CHEM 1212K

Principles of Chemistry II

CREDIT HOURS
4.0

PREREQUISITES
CHEM 1211K with grade of D or higher

DESCRIPTION
(Grade of C or higher required for all Chemistry majors.) Three lecture and three laboratory hours a week. Second course in a two-semester sequence covering the fundamental principles and applications of chemistry for science majors. Laboratory exercises supplement the lecture material.

CHEM 2010

Quantitative Analysis

CREDIT HOURS
2.0

PREREQUISITES
CHEM 1212K with grade of C or higher

DESCRIPTION
One lecture and four laboratory hours a week. Fulfills quantitative analysis requirement for pre-medical students and chemistry majors. Fundamentals of quantitative analysis applied to a research project. Topics include acid-base and complex ion equilibria, redox potentials, electrochemistry, spectroscopy, and separations.

CHEM 2400

Organic Chemistry I

CREDIT HOURS
4.0

PREREQUISITES
CHEM 1212K with grade of D or higher

DESCRIPTION
Concurrent enrollment in CHEM 3100 is strongly suggested. Three lecture hours and one recitation hour Three lecture hours and one recitation hour a week. Reactions, methods of preparation, and physical and chemical properties of the common classes of carbon compounds, with emphasis upon modern electronic and mechanistic theories.
CHEM 2401  Organic Chemistry Problems I  
CREDIT HOURS 1.0  
COREQUISITES concurrent registration in CHEM 2400  
DESCRIPTION One lecture hour per week. An auxiliary course for students taking CHEM 2400. Emphasis is on problem solving in organic chemistry. This course does not count toward graduation.

CHEM 2950  Chemical Research  
CREDIT HOURS 2.0 TO 5.0  
PREREQUISITES Prior approval by the supervisor of a proposed plan of study  
DESCRIPTION Supervised chemical laboratory research at the lower undergraduate level. Specific topics selected by the student in consultation with the supervisor.

CHEM 3100  Organic Chemistry Laboratory I  
CREDIT HOURS 2.0  
PREREQUISITES CHEM 1212K with grade of C or higher, and concurrent enrollment in CHEM 2400  
DESCRIPTION One lecture and 3.5 laboratory hours a week. Modern quantitative and physical laboratory methods applied to the synthesis, separation, purification, identification, and the physical and chemical properties of organic compounds.

CHEM 3110  Organic Chemistry Laboratory II  
CREDIT HOURS 2.0  
PREREQUISITES CHEM 2400 with grade of C or higher, and concurrent enrollment in CHEM 3110 (or previous enrollment in CHEM 3410 with a grade of C or higher)  
DESCRIPTION One lecture and four laboratory hours a week. Modern quantitative and physical laboratory methods applied to the synthesis, separation, purification, identification, and the physical and chemical properties of organic compounds.

CHEM 3410  Organic Chemistry II  
CREDIT HOURS 4.0  
PREREQUISITES CHEM 2400 with grade of C or higher  
DESCRIPTION Concurrent enrollment in CHEM 3110 is strongly suggested. Three lecture hours and one recitation hour a week. Reactions, methods of preparation, and physical and chemical properties of the common classes of carbon compounds, with emphasis upon modern electronic and mechanistic theories.

CHEM 3411  Organic Chemistry Problems II  
CREDIT HOURS 1.0  
COREQUISITES concurrent registration in CHEM 3410  
DESCRIPTION One lecture hour per week. An auxiliary course for students taking CHEM 3410. Emphasis is on problem solving in organic chemistry. This course does not count toward graduation.

CHEM 3600  Introduction to Academic Peer Leadership  
CREDIT HOURS 1.0  
DESCRIPTION The objective of this course is to train students to be peer leaders. Peer leaders will learn to lead a group of students by focusing on communication, group dynamics, motivation, learning styles and other issues to help participants actively engage students with course material. Students in the course will examine the practical and theoretical aspects of workshop leadership.

CHEM 3680  Readings in Chemistry  
CREDIT HOURS 1.0 TO 3.0  
PREREQUISITES Consent of the instructor  
DESCRIPTION Reading of the Chemical Literature. Readings and discussion on selected topics.
CHEM 3690  Honors Readings  
CREDIT HOURS 1.0 TO 3.0  
PREREQUISITES consent of the instructor and Honors Program director  
DESCRIPTION Discussion and readings on selected topics.

CHEM 4000  Fundamentals of Chemical Analysis-CTW  
CREDIT HOURS 3.0  
PREREQUISITES CHEM 3410 with grade of C or higher, MATH 2212 with grade of D or higher, and an undergraduate GPA of 2.2 or higher  
DESCRIPTION Two lecture and four laboratory hours a week. Chemical equilibria of acid-base systems, metal ion complexes and solubility, and their relationship to chemical analysis; use of manual and semi-automatic methods of data collection. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all chemistry majors and may not be transferred in.

CHEM 4001  Problem Solving in Analytical Chemistry  
CREDIT HOURS 2.0  
DESCRIPTION Two lecture hours a week. Concurrent enrollment in CHEM 4000 required. Emphasis on solving assigned problems and review of lecture material. This course does not count toward a B.S. Degree in Chemistry.

CHEM 4010  Instrumental Methods I: Chromatography  
CREDIT HOURS 3.0  
PREREQUISITES CHEM 4000 with grade of C or higher

CHEM 4015  Separation in Biosciences  
CREDIT HOURS 3.0  
PREREQUISITES CHEM 4000 and CHEM 4010 with grades of C or higher, or equivalent  
DESCRIPTION Two lecture and three laboratory hours a week. Analytical chemistry applications of electrophoresis, gel chromatography precipitation, and ultracentrifugation to molecular recognition and separations in biological systems.

CHEM 4050  Introduction to Fourier-Transform NMR Spectroscopy  
CREDIT HOURS 2.0  
PREREQUISITES demonstrated research need and approval of the department chair  
DESCRIPTION Introduction to techniques of Fourier-Transform Nuclear Magnetic Resonance Spectroscopy.

CHEM 4100  Chemical Literature  
CREDIT HOURS 3.0  
PREREQUISITES CHEM 3110 with grade of C or higher, or equivalent, and consent of instructor  
DESCRIPTION Introduction to the chemical literature. Emphasis on literature searching via database services.

CHEM 4670  Principles and Techniques of Practical Biochemistry  
CREDIT HOURS 3.0  
PREREQUISITES One semester of biochemistry (CHEM 4600/6600) with grade of B or higher, or equivalent  
DESCRIPTION Cross listed with BIOL 4670. A comprehensive and integrated review of principles and modern techniques found in day-to-day biochemical research laboratories. Topics include, but are not limited to: general principles of biochemical investigations, molecular biology and basic techniques, molecular cloning and gene analysis, protein structure, purification and characterization, biomolecular interactions, basic enzyme analysis, spectroscopic techniques, mass spectrometric techniques, centrifugation, electrophoretic, chromatographic, radioisotope and electrochemical techniques.

CHEM 4780  Biomolecular Simulations  
CREDIT HOURS 3.0  
PREREQUISITES CHEM 3410 and CHEM 4120 or equivalents with grades of C or higher, or consent of instructor  
DESCRIPTION (Same as CHEM 4780.) This is an introductory self-contained course on the application of molecular dynamics and related methodologies by which student with a relatively limited background in chemistry, biology, and computer literacy can learn the fundamentals of research in these areas. In this course, students will learn to do computer calculations that quantify biomolecular interaction concepts discussed in lectures in biology, biochemistry, and biophysics.

CHIN 3002  Advanced Chinese II
CREDIT HOURS  3.0
PREREQUISITES  Grade of C or higher in CHIN 3001 Advanced Chinese I, or permission by course instructor
DESCRIPTION  This course is not open to native speakers of Chinese. For heritage learners, please contact your instructor for eligibility. This course is designed for students who have successfully completed CHIN 3001 Advanced Chinese at Georgia State University. A major task of this course is to develop and strengthen students’ ability to perform the essential language skills (listening, speaking, reading, and writing) at discourse level. Another important task is to help students to build their language competence in dealing with a wider range of topics beyond daily situations (e.g., history, tourism, education). Strategies for acquiring those more advanced language skills will also be discussed and practiced throughout the semester. This course is not open to native speakers of Chinese. For heritage learners, please contact your instructor for eligibility.

CHIN 3080  Topics in Chinese studies
CREDIT HOURS  3.0
DESCRIPTION  This course surveys key aspects of Chinese culture and society pertaining to literature, arts, education, philosophy, religion, language, etc. Organized around thematic topics, this course aims to promote students’ cultural understanding with regard to China. Lectures will be accompanied with in-depth reading and discussions of primary texts selected from the classics of various fields (e.g., literature, religion, philosophy), with the goal of helping students to better understand and appreciate the continuity and diversity of Chinese civilization. Course may be repeated for credit when topics vary.

CHIN 3081  Cultural Dimensions of Language Learning
CREDIT HOURS  3.0
PREREQUISITES  Completion of at least three semesters (through 2001 or above) of Chinese or another Asian language (e.g., Japanese or Korean) with a grade of C or higher, or consent of instructor
DESCRIPTION  This course familiarizes students of Chinese and Asian Studies with theories of language acquisition that apply specifically to Asian languages. Students will gain experience in using methodologies of second language (L2) acquisition in analyzing and assessing cultural competence. This course will count toward credit in the Asian Studies program. Taught in English.

CHIN 3395  Study Abroad
CREDIT HOURS  3.0
DESCRIPTION  (Appropriate placement is done at the foreign university). Chinese language and culture in a native environment. Designed specifically for those students participating in the University System of Georgia Study Abroad Programs.

DESCRIPTION
Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.
CLAS CLASSICAL STUDIES

CLAS 2201  Greek Drama
CREDIT HOURS  3.0
DESCRIPTION  May be repeated for credit if topic varies. Topics in Greek drama, e.g., tragedy by Aeschylus, Sophocles, and Euripides or comedy by Aristophanes and Menander.

CLAS 2202  Classical Epic
CREDIT HOURS  3.0
DESCRIPTION  Iliad and Odyssey of Homer; Epic of Gilgamesh.

CLAS 2203  Greek and Roman Mythology
CREDIT HOURS  3.0
DESCRIPTION  Classical mythology and its relation to literature and art.
CSD 4320  Introduction to Language Disorders
CREDIT HOURS  3.0
DESCRIPTION  This course provides an introduction to language disorders across the life span. Emphasis is placed on describing the characteristics and causes of language disorders in children and adults. General procedures for assessing language disorders and principles of remediation are described. (Laboratory participation required).

CSD 4360  Anatomy and Physiology for Communication
CREDIT HOURS  3.0
DESCRIPTION  This course is designed to examine the anatomy and physiology of the speech and hearing mechanisms and to provide an overview of the nervous system as related to speech, language, and hearing. The course prepares students for further course work in communication disorders.

CSD 4480  Introduction to Hearing Science and Disorders
CREDIT HOURS  3.0
DESCRIPTION  This course introduces students to hearing science and audiology. Students examine acoustics, anatomy and physiology, and disorders of the auditory system. Attention is given to the administration and interpretation of pure tone and speech audiometry.

CSD 4490  Introduction to Audiologic Rehabilitation
CREDIT HOURS  3.0
PREREQUISITES  CSD 4480 with a minimum grade of "C" or consent of instructor
DESCRIPTION  This course introduces students to the rehabilitation of children and adults with hearing impairment. Emphasis is placed on the effects of hearing loss, the function, selection, and maintenance of amplification systems, and the design and implementation of individualized intervention programs.

DESCRIPTION  Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course covers the development and use of knowledge intensive systems in business applications. Techniques to support knowledge intensive business processes and exploit the vast amount of data available, especially in the Internet age, are explored. Students are exposed to several knowledge based development environments for the construction of knowledge intensive applications. Several knowledge intensive systems are studied for insight into their motivation, construction, and use.

CREDIT HOURS  3.0
PREREQUISITES  CIS 2010 or instructor consent
DESCRIPTION  Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 6, 7. This course is designed to develop knowledge and skills for security of information and information systems within organizations. It focuses on concepts and methods associated with security across several systems platforms, including internal and Internet facing networks. The course overviews critical infrastructure concepts as well as techniques for assessing risk associated with accidental and intentional breaches of security. It introduces the associated issues of ethical uses of information and privacy considerations.

CIS 4700  Computer Information Systems
CREDIT HOURS  3.0
PREREQUISITES  CIS 3001
DESCRIPTION  Requirements: Must meet RCB upper division course requirements and 45 semester hours. This course focuses on advanced IT project management concepts, with particular emphasis on managing vendors, contracts, and IT project risk. The special management challenges associated with outsourced and off-shored projects are examined, along with the specific skills required to successfully manage these types of projects. Coverage will include contract law and the different contract options available, as well as the portfolio of control mechanisms that can be employed to help manage such projects. Concepts and techniques for controlling software projects and dealing with schedule and other project risks will be introduced, including Monte Carlo analysis, Earned Value Analysis, and a variety of risk assessment tools and risk mitigation approaches.

**PREREQUISITES** Senior class standing  

**DESCRIPTION** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7. This course is designed to provide the senior level student an opportunity to assist with the planning and implementation of computing technologies in an approved on campus site. Students may perform information systems trainer/consultant and/or end user support duties. Students will meet periodically with a mentoring instructor to discuss problems and issues relevant to the area of implementing computer information systems. Compensation may or may not be granted for the internship/practicum. This course is one of two alternatives and the second designated Critical Thinking through Writing (CTW) course for students pursuing a BBA degree in Computer Information Systems.

**PREREQUISITES** MATH 1070, MGS 3100, FI 3300, MGS 3400, MK 3010; all required CIS 3000-level courses  

**DESCRIPTION** Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course satisfies critical thinking through writing requirements. This course provides the student with an opportunity to apply the knowledge and skills acquired in the core courses to larger and more complex problems and to gain experience in working as part of a team. This course is available only to BBA CIS majors at Georgia State University. It may require students to meet with clients during normal business hours. This course is the designated Critical Thinking through Writing (CTW) course for students pursuing a BBA degree in Computer Information Systems.

CPS 2500  
**Career Development and Life Planning**

**CREDIT HOURS**  3.0

**DESCRIPTION**
The purpose of this course is to help students learn how to manage their career development and life planning, based on relevant theories, practice, and trends in economic, technology, and labor market development. Students obtain skills for career decision making and life planning, and adapting to the rapidly changing world of work. The goal is to facilitate personal fulfillment and satisfying interpersonal relationships through career and life planning, with special attention to multicultural issues in the world of work.

CPS 3200  
**Diversity and Human Relations**

**CREDIT HOURS**  3.0

**DESCRIPTION**
The purpose of this course is to provide students with an overview of human diversity and human relations, beginning with an examination of the nature of diversity and the roles of both genetics and culture. Attention is given to diversity issues -past, present, and future- that still need to be studied and confronted. This course will cover types of human diversity and how they are grouped, while studying their unique social, physical, intellectual and emotional attributes. This course will help students employ a multicultural perspective for examining human interaction and relations on many different levels. This course is fully online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2300].

CPS 3300  
**Interpersonal Communication Skills**

**CREDIT HOURS**  3.0

**DESCRIPTION**
The purpose of this course is to provide students with an overview of interpersonal communication skills, including how these skills affect individuals and groups in society. Emphasis is on personal and interpersonal strategies for understanding, appreciating, and managing communication skills in personal and career relationships. It focuses on self disclosure, perceptions, spoken and unspoken communication, listening and responding strategies and problem-solving skills. A secondary benefit of this course is examining the many ways technology and online communication intersect with and become part of interpersonal communication as interactive technologies shrink the distance between people and their respective cultures. This course is full online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2300].

CPS 3400  
**Career and Lifespan Development**

**CREDIT HOURS**  3.0

**DESCRIPTION**
The purpose of this course is to provide an overview of career and lifespan development theories and skills, and how students can employ those skills in their own career and lifespan development. The course will include how personal growth and life stages impact individuals and society, and in turn, their career choices. Emphasis is on understanding career and job choices now available, as well as personal strategies for career decision-making. This course is full online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2400].

EDCI 3200  Organization and Instruction of the Middle Grades Curriculum

CREDIT HOURS  3.0

DESCRIPTION  Grounded in culturally relevant pedagogy, this course will introduce and examine the major programmatic and organizational features of middle schools as they relate to the educational needs of middle level students, particularly those in urban contexts. The course interactions and engagements are organized around three major themes: (a) diverse contexts of teaching and learning, (b) structure of middle level education, and (c) middle level teaching, learning, and professionalism.

EDCI 3220  Understanding and Supporting Middle School Learners

CREDIT HOURS  3.0

DESCRIPTION  The focus of this course is on middle school learners and on the diversity among them (e.g., development, culture, ethnicity, language, gender, religion, SES, ability/disability). The course will also focus on the instructional, curricular, and organizational issues related to the development of each child. Major emphases include an understanding of the ways in which the teacher's expectations, knowledge, and pedagogy influence students' learning and efficacy. Middle school philosophy, the role of parents, and the role of community members are also addressed. School and community observations and participation are included.

EDCI 3230  From Ferris Bueller to Freedom Writers: Images of Education in Film

CREDIT HOURS  3.0

DESCRIPTION  This course uses films and research to analyze educational issues of historic and contemporary significance. Students will discuss how films have shaped society's perceptions of students, schools, and teachers and how these films either challenge or perpetuate stereotypes. Films will be covered thematically, with viewing both in and out of class, and a significant portion of the class will be focused on images of urban education. Major topics within each theme include cultural diversity, curriculum, school violence, education in out-of-school contexts, and educational policy. Students will be responsible for film reviews, debates, group discussion, weekly journal reflections, and a final paper.

EDCI 3240  Education or Incarceration: Schools, Communities, and the Prison Industrial Complex

CREDIT HOURS  3.0

DESCRIPTION  As the population of incarcerated people in the U.S. grows to over two million and the rate of African American and Latino Youth Prisoners continues to rise, students in this course will investigate the school-to-prison pipeline, the prison industrial complex, and the implications of education. Through an examination of readings in educational policy, cultural studies, history, and sociology, as well as through dialogue, debate, and fieldwork, students will consider ways to challenge prevailing assumptions about education and incarceration. Cross-listed with EDCI 6240.
**EDCI 3250 (TE) Introduction to Teaching in Secondary Schools**

**CREDIT HOURS** 3.0

**DESCRIPTION** Students examine instructional material, teaching strategies, and evaluation procedure for teaching in secondary schools. Includes experience in reflective teaching and microteaching. Introduces the secondary programmatic issues including diversity, technology, content-specific pedagogy, classroom management, and assessment. Provides grounding in concepts of professionalism, equity, and school culture. Provides initial program identity, advisement, and screening. School experiences are included.

**EDCI 4100 Service-Learning**

**CREDIT HOURS** 3.0

**DESCRIPTION** In this course, students examine the nature of service-learning through an analysis of relevant research, theory, and practice. Students also research and evaluate their community's needs. After synthesizing their research and needs assessment for the community, students engage in a service-learning project that is relevant to their major.

**EDCI 4400 Poverty and Education**

**CREDIT HOURS** 3.0

**DESCRIPTION** In this course, students study the ways that economic, historic, cultural, and social issues influence poverty and education. In particular, students address poverty and its effect on community, family, and schooling. In the class, students develop a working definition of poverty. Additionally, students explore both the American government's historic and contemporary response to poverty, as well as the ways that schools are impacted and respond to poor children.

**EDCI 4600 (TE) Practicum**

**CREDIT HOURS** 3.0 TO 6.0

**DESCRIPTION** Students participate in practicum in middle or secondary schools, including observing, assisting, tutoring, microteaching, and classroom teaching. Students apply content knowledge, pedagogical skills, classroom management skills, and evaluation knowledge. (Repeatable).

**EDCI 4640 (TE) Critical Issues in Middle Grades Education-CTW**

**CREDIT HOURS** 3.0

**COREQUISITES** EDCI 4700

**DESCRIPTION** Taken concurrently with the last semester of the student teaching experience, this course will guide the student in reflection on, and further examination of, contemporary critical issues for educators. Major emphases on middle level teaching and learning, begun in the earlier stages of the program, will receive intense attention during this semester as students integrate theory and practice on the student teaching campus. This course is a Critical Thinking Through Writing (CTW) course.

DESCRIPTION  Provides an introduction to the field, observation, and child study skills. Service learning experiences in childcare settings, elementary schools, and other educational contexts in urban communities are included. A minimum grade of "C" is required for this course.

ECE 3021  (TE) Child Development
CREDIT HOURS  3.0
COREQUISITES  ECE 3255, ECE 3600, and ECE 3661
DESCRIPTION  Focuses on physical, cognitive, and affective stages of human growth and development. Introduces theories and models of behavior and development applied to the field of early childhood education. Field experiences in pre-kindergarten through fifth-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3250  (TE) English to Speakers of Other Languages (ESOL): Language Acquisition and Assessment
CREDIT HOURS  3.0
DESCRIPTION  Principles of first and second language learning and teaching are examined. An emphasis on the analysis of language structure as it applies to second language acquisition is a core component of this course. Appropriate assessment of language proficiency is examined in addition to ESOL program entrance and exit criteria. Students have continuous supervised field placements in ESOL classrooms as well as in non-ESOL classrooms with significant culturally and linguistically diverse student populations.

ECE 3255  (TE) English to Speakers of Other Languages (ESOL): Cultural Foundations
CREDIT HOURS  3.0
COREQUISITES  ECE 3021, ECE 3600, ECE 3601
DESCRIPTION  The purpose of this course is to introduce future educators with the knowledge and skills needed to provide an effective learning environment for students who are learning English as an additional language. Course participants explore issues related to the intercultural communication process. The importance of the role of context (social, cultural, and historical) in interculture interactions is considered. Students have continuous supervised field placement in ESOL classrooms as well as in non-ESOL classrooms with significant culturally and linguistically diverse student populations.

ECE 3360  (TE) Assessment of Classroom Learning in Early Childhood Education
CREDIT HOURS  3.0
COREQUISITES  ECE 3602, ECE 3605, and ECE 3663
DESCRIPTION  Students examine various teacher-constructed and standardized instruments used to assess student learning. Strategies for selecting and using assessment methods are emphasized. The role of instructional assessment as it relates to teaching and learning are discussed. Field experience in K-5th grades is included. Students must complete the course with a grade of "C" or higher.

ECON 4300  Economics of Cities  
CREDIT HOURS  3.0  
PREREQUISITES  ECON 2106  
DESCRIPTION  This course provides an introduction to the ways that economics can be used to understand cities. The primary emphasis in the first half of the course is on the spatial organization of economic activity. Why are cities located where they are, what economic functions do they perform, and, within cities, how can we understand what goes on where, and who lives where. The tools that we develop as we deal with these questions will be essential in the second half of the course, in which we will take an economic approach to a number of policy issues that are loosely termed "urban problems" in the popular press.

ECON 4350  Economics of Poverty and Public Policy  
CREDIT HOURS  3.0  
DESCRIPTION  This course applies basic economic concepts to the study of poverty in the United States. There are three main topics: (1) measuring the extent of poverty in the United States, (2) explaining the causes of poverty, and (3) evaluating actual and potential private sector or government responses to the problem. Within this framework, topics that will be discussed include poverty and inequality, economics of the family, racial/gender discrimination and segregation, neighborhood effects, history of welfare, the incentive structure of the current and proposed welfare plans, and welfare reform.

**Economic Development**  
**CREDIT HOURS**: 3.0  
**PREREQUISITES**: ECON 2105 and ECON 2106  
**DESCRIPTION**: This course analyzes the issues underlying vast differences in development among the nations of the world. Economic growth, subject to appropriate restraints on environmental degradation, is seen as a major instrument for improving the development of nations and the welfare of their people. The course employs elements of theories of growth, international trade and finance, industrial organization, money, as well as micro and macroeconomics to analyze causes of and prescribe cures for, underdevelopment.
ECON 4610  The Economy of South Africa
CREDIT HOURS  3.0
DESCRIPTION  Prerequisite: ECON 2105 and ECON 2106. This course examines the South African economy in detail. It aims to investigate reasons for the current state of this emerging economy and to assess prospects for future growth. In essence, this course is a case study in economic development. Classical and contemporary models of development and undevelopment will be examined in regards to their relevancy to the South African case. In addition, development issues such as poverty, inequality, human capital formation and trade policy will also be looked at in a South African context. The material will often be presented in a Sub-Saharan African context. That is, concurrent developments in other parts of the African continent will also be investigated and analyzed to offer points of contrast and comparison.

ECON 4620  Economic Studies Abroad South Africa
CREDIT HOURS  3.0
PREREQUISITES  ECON 2105
DESCRIPTION  This course is designed to be a brief survey of the South African economy with an emphasis on current topical issues. The course presents students with a case study in economic development. The course starts off the first week with an overview of South African history and contemporary economic issues. During the next two weeks students will travel to the Pretoria/Johannesburg area in Gauteng Province, the industrial center of the country, and the Capetown area of the Western Cape. Through a series of lectures and site visits students will be able to assess South Africa's potential for economic growth and prosperity. Additional site visits are designed to provide students with an exposure to South African peoples and their culture.

PREREQUISITES AL 3021 or FORL 3021 with grade of C or higher, or equivalent
DESCRIPTION (Same as AL 3041.) Introduction to processes of acquiring a second (foreign or additional) language. Compares the experiences of young children, adolescents, and adult-age language learners.

FORL 3300  World Literature in Translation
CREDIT HOURS  3.0
DESCRIPTION This course will promote a critical understanding of texts pertaining to various literary traditions, increasing student acquaintance with contemporary narratives of international background. The course will include a brief review of the national context of each of these literary works and position each text within the greater context of world literature.

FORL 4011  Phonetics and Phonology
CREDIT HOURS  3.0
PREREQUISITES FORL 3021 or AL 3021 with grade of C or higher, or equivalent
DESCRIPTION (Same as AL 4011.) The description and classification of the sounds of human language; patterns of their occurrence and rules governing their use in various languages; emphasis on phonology in a generative framework.
FORL 4012  Morphology and Syntax
CREDIT HOURS  3.0
PREREQUISITES  FORL 3021 or AL 3021 with grade of C or higher, or equivalent
DESCRIPTION  (Same as AL 4012.) Introduction to the basic concepts of syntax, including work classes, constituents, case systems, word order, and grammatical relations. Emphasis on comparison of syntax of a wide variety of languages.

FORL 4021  Foreign Language Educators and Technology
CREDIT HOURS  3.0
DESCRIPTION  Introduction to the selection and use of technology resources in the Pre-K-12 classroom with special emphasis on foreign language instruction. Students learn how to integrate appropriate technologies into their classroom instruction in order to enhance pupil learning, language performance and cultural understandings. Students design, plan and produce educational materials using technology hardware and software, utilizing authentic websites and related material in their foreign language.

FORL 4025  Methods and Materials for Teaching Foreign Languages, P-8
CREDIT HOURS  3.0
DESCRIPTION  Knowledge of learner characteristics, foreign language curricula and standards, content reinforcement, unit and lesson planning, coordination of materials and technology, and techniques for effective lesson implementation for grade levels P-8.

FORL 4026  Methods and Materials for Teaching Foreign Languages, 9-12
CREDIT HOURS  3.0
DESCRIPTION  Knowledge of learner characteristics, foreign language curricula and standards, content reinforcement, unit and lesson planning, coordination of materials and technology, and techniques of effective lesson implementation for grade levels 9-12.

FORL 4027  Methods and Materials for Teaching Latin: P-12
CREDIT HOURS  3.0
DESCRIPTION  Methodologies for teaching Latin in P-12; lesson planning, teaching culture, and classroom techniques; goals of a Latin curriculum year by year. Syntax and the natural method of reading Latin.

FORL 4030  (TE) Practicum in Foreign Language Education
CREDIT HOURS  3.0
PREREQUISITES  FORL 4025 or FORL 4026 with grade of C or higher, or equivalent
DESCRIPTION  Observation, lesson planning, and supervised micro-teaching with a variety of instructional techniques in grades P-8 and 9-12. Application of instructional and curricular theories; systemic analysis of decision-making processes in instruction.

FORL 4060  (TE) Internship in Foreign Language Education
CREDIT HOURS  12.0
PREREQUISITES  consent of instructor
DESCRIPTION  Full-time teaching in elementary, middle, or high school under the supervision of a university supervisor with guidance from an on-site mentor. For provisionally certified teachers.

**GEOG 1101** Introduction to Human Geography  
**CREDIT HOURS** 3.0  
**DESCRIPTION** Introductory regional geography focusing on the ways in which cultural groups around the world utilize and modify their landscapes and environments.

**GEOG 1112** Introduction to Weather and Climate  
**CREDIT HOURS** 4.0  
**DESCRIPTION** Three lecture and two laboratory hours a week. Spatial processes governing weather and climate, and the relationship between climate systems and the distribution of vegetation types. Successful completion of Geography 1112 and 1113 satisfies natural sciences core requirement for non-science majors.

**GEOG 1113** Introduction to Landforms  
**CREDIT HOURS** 4.0  
**DESCRIPTION** Three lecture and two laboratory hours a week. Introduction to landforms, their origin, development, and spatial distribution. Successful completion of Geography 1112 and 1113 satisfies natural sciences core requirement for non-science majors.

**GEOG 2020** Urban Environments  
**CREDIT HOURS** 4.0  
**PREREQUISITES** GEOG 1112 and GEOG 1113 strongly encouraged  
**DESCRIPTION** This course will introduce students to the processes that characterize urban environments, including the social and physical process of urbanization, urban streams and water supplies, urban climates, pollution issues, urban soils, urban ecosystems, and the interpretation and analysis of the urban environment through remote sensing and the use of GIS (Geographic Information Systems).

**GEOG 2206** Introductory Mapping and Geographic Information Science  
**CREDIT HOURS** 4.0  
**DESCRIPTION** Basic principles and methods of mapping and map use. Introduction to the field of geographic information science for the analysis and display of geographic data.

**GEOG 4050** Natural Environment of Georgia  
**CREDIT HOURS** 4.0  
**DESCRIPTION** Georgia is a state with great a diversity of natural communities, in large part because of the many different landscapes present in the state. Through readings, discussions, tests, field outings, projects and in-class exercises, students will become familiar with the principles involved in the structure and function of Georgia’s dwindling, but diverse, ecosystems. There will be an emphasis on plant communities and the physical environment, but animal communities and landscape management strategies will also be covered. Locations, diversity, and plant indicator species (especially trees) will be examined in the classroom and in the field, and experiential learning is emphasized.

GEOG 4832  Geography Internship
CREDIT HOURS  3.0
PREREQUISITES  advanced standing, and approval of sponsoring faculty advisor and of department chair
DESCRIPTION  Academic training and professional experience through short-term internships at public or private agencies. Paper required. May be taken more than once, but only three credits may be applied toward major requirements.

GEOG 4834  Applied Research in GIS
CREDIT HOURS  1.0 TO 3.0
DESCRIPTION  Applied GIS research that demonstrates the ability of the student to apply GIS knowledge to real-world situations.

GEOG 4870  Honors Thesis: Research
CREDIT HOURS  3.0
PREREQUISITES  consent of instructor and the Honors Program director
DESCRIPTION  Readings or research preparatory to honors thesis or project.

GEOG 4880  Honors Thesis: Writing
CREDIT HOURS  3.0
PREREQUISITES  GEOG 4870 with grade of C or higher, and consent of instructor and Honors Program director
DESCRIPTION  Writing or production of honors thesis or project.

GEOG 4995  Directed Readings B.I.S.
CREDIT HOURS  3.0 TO 4.0
DESCRIPTION  Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.
GEOL 1121K  Introductory Geosciences I
CREDIT HOURS  4.0
DESCRIPTION  Three lecture and three laboratory hours a week. Broad view of the earth emphasizing internal processes including minerals, rocks and the rock cycle, the structure of the earth's interior, plate tectonics, earthquakes, and volcanism.

GEOL 1122K  Introductory Geosciences II
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1121K
DESCRIPTION  Three lecture and three laboratory hours a week. Broad view of the earth emphasizing external processes including sedimentary environments, the hydrological cycle, the origin of geological environments, geological dating methods, and an overview of the fossil record through geological time.

GEOL 2001  Geologic Resources and the Environment
CREDIT HOURS  3.0
DESCRIPTION  Three lecture hours a week. The origin, distribution, and consequences of consuming the Earth's resources (metallic, non-metallic, soil, and groundwater). Topics include fossil fuels, nuclear energy, alternative energy sources, uses of minerals, waste disposal, and contaminants in the environment.

GEOL 3002  Introduction to Earth Materials
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1121K with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week, plus field trips. Fundamentals of crystallography and mineralogy; classification, identification, and origin of the common rock-forming minerals and rocks.

GEOL 4003  Aqueous Geochemistry
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1121K, MATH 2212, and CHEM 1212K
DESCRIPTION  (Same as GEOG 4680.) Four lecture hours a week. Theoretical aspects of aquatic chemistry with applications to natural water systems. Major topics include thermodynamic theory, sorption systematics, oxidation-reduction reactions, mineral-water interaction, and isotope geochemistry applied to hydrogeology.

GEOL 4006  Sedimentary Environments and Stratigraphy CTW
CREDIT HOURS  4.0
PREREQUISITES  GEOL 3002 with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week, plus field trips. Properties of sediments; origin, classification, and description of sedimentary rocks; principles of stratigraphy; analysis of sedimentary facies and environments of deposition. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geology majors.

GEOL 4007  Hydrogeology
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1122K and MATH 2212
DESCRIPTION  Four lecture hours a week. Overview of the principles of hydrogeology and their application, including the hydrological cycle, geology of groundwater occurrence, mathematical development of flow equations, surface-groundwater interaction, flow to wells, and advection-dispersion theory.
GEOL 4011  Principles of Paleontology
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1122K with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week. An introduction to the principles of paleontology including taphonomy, taxonomy, evolution, and extinction by examination of the fossil record. Study of commonly preserved organisms and their use in paleoecology, paleoenvironmental reconstruction, biostratigraphic correlation, and conservation paleobiology will be stressed as well.

GEOL 4013  Structural Geology
CREDIT HOURS  4.0
PREREQUISITES  GEOL 3002
DESCRIPTION  Three lecture and three laboratory hours a week. Introduction to the principles of structural geology including theories and methods of analysis of stress, strain, rheology, fractures, folding, faulting, foliation, and lineation. The study of geologic maps and cross sections.

GEOL 4015  Crystallography and Optical Mineralogy
CREDIT HOURS  4.0
PREREQUISITES  GEOL 3002 with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week. Principles of crystallography and optical mineralogy. Laboratory study of minerals using the polarizing microscope.

GEOL 4016  Igneous and Metamorphic Petrology
CREDIT HOURS  4.0
PREREQUISITES  GEOL 4015 with grade of C or higher
COREQUISITES  GEOL 4015 with grade of C or higher
DESCRIPTION  Three lecture and three laboratory hours a week. Nature, distribution, and origin of igneous and metamorphic rocks in relation to tectonic setting and experimental studies. Laboratory study of igneous and metamorphic rocks in hand specimen and thin section.

GEOL 4017  Environmental Geology
CREDIT HOURS  4.0
PREREQUISITES  GEOL 1121K and CHEM 1211K
DESCRIPTION  Four lecture hours per week. Application of geological and geochemical concepts to the study of Earth's near surface environment. Topics may include water supply and pollution, global warming, ozone depletion, soil contamination, natural disasters, mineral resources, environmental management, and selected regulations. Quantitative treatment of population growth and water resources.

GEOL 4023  Terrestrial Sediments
CREDIT HOURS  3.0
PREREQUISITES  GEOL 4006 with grade of C or higher or consent of instructor
DESCRIPTION  Three lecture hours a week. Weathering, transport, deposition, and diagenesis of continental sediments. Selected examples of fluvial, lacustrine, volcaniclastic, and/or eolian sedimentation and facies models. Stable and radiogenic isotopes and geochronology in continental sediment. Sedimentary, mineralogical, and geochemical records of tectonics and paleoclimate.

<td>This course describes the theory and use of x-ray diffraction and x-ray fluorescence methods for the Geosciences primarily although the theory is applicable to other natural sciences. Topics covered include: generation of x-rays, diffraction, identification of minerals and crystalline materials, theory and use of x-ray fluorescence in major and trace elemental measurements. Laboratory provides hands-on experience with sample preparation, data gathering and synthesis. By the end of this course, it is the instructor's hope that all students will be able to conduct independent, unsupervised analytical research using GSU's X-ray labs and equipment. GEOL 4121 Advanced Field Geology
CREDIT HOURS 3.0
DESCRIPTION Prequisites: GEOL 4006 and GEOL 4013 with grades of C or higher, GEOL 4120 or concurrently, and consent of instructor. Nine hours a day, six days a week for three weeks. Intensive geologic mapping and interpretation in the Rocky Mountains of Montana, with particular emphasis on complexly deformed areas. Includes mapping in folded and faulted sedimentary rocks, intrusive and volcanic igneous rocks, and high-grade metamorphic basement terrain. Construction of multiple cross sections for complex structures and advanced interpretation of geologic history of complex areas. Involves extensive, rough, off-trail hiking.

GEOL 4123 Geoinformatics
CREDIT HOURS 4.0
DESCRIPTION Fundamentals of geoscience knowledge representation applying semantic web languages of OWL, RDF, and RDFS. Design and development of spatial and process ontologies in geosciences.

GEOL 4530 Introduction to Remote Sensing
CREDIT HOURS 4.0
PREREQUISITES Six hours of natural science laboratory sequence, or consent of instructor
DESCRIPTION (Same as GEOG 4530.) Three lecture and two laboratory hours a week. A survey of remote sensing technology, aerial photograph and satellite image interpretation and digital processing, and applications in engineering and environmental sciences.

GEOL 4830 Senior Seminar CTW
CREDIT HOURS 4.0
PREREQUISITES at least 17 hours of geology at the 4000 level, including GEOL 4006, GEOL 4013, GEOL 4095, or consent of instructor
DESCRIPTION Philosophical foundations of geology, contemporary problems and issues, and synthesis of geological concepts. Intended to serve as a capstone to the undergraduate geology curriculum. Emphasis on reading of original literature and classic texts, and on written arguments. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geology majors.

**GERO 2000**  
*Introduction to Gerontology*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** This course is an interdisciplinary and multidisciplinary introductory course for undergraduates interested in learning about human aging. Drawing on diverse perspectives including sociology, psychology, political science, biology and health professions, this class identifies basic components of human aging in the United States. 3 Credit Hours.

**GERO 3124**  
**GERO 3124/SOCI 3124-Ethnicity and Aging**  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** This course examines aging as a social process and focuses on the influence of ethnicity and race, as well as other key social relations in shaping the life course. We will define and examine diversity and disparity and consider many of the socio-cultural factors that give rise to differences across the life course and in later life. 3:00 Credit Hours, crosslisted with SOCI 3124; Target Group: All undergraduate students, Gero and Soci undergraduate majors.

**GERO 4110**  
*Aging Policy and Services*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** (Same as SOCI 4110.) Aging policy, services and programs emphasizing legislation, funding, planning, the aging network, and the long-term care system.

**GERO 4116**  
*Aging and Society*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** (Same as SOCI 4116 and WST 4116.) An introduction to processes and problems of aging for individuals and society with a focus on social relationships, aging in families, caregiving, retirement, and age politics.

**GERO 4119**  
*Global Aging and Families*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** (Same as SOCI 4119.) This is an upper division undergraduate course designed to introduce population aging at a global level in a global perspective. The course utilizes macro-sociological approaches to explain how demographic changes, global economic transformations, and social policies influence aging experiences, processes, and families in different regions of the world. It also combines micro-sociological approaches to examine how families are changing in roles and responsibilities as well as in forms and structures because of population aging in a global context, informing students how aging is not just a personal issue but is affected by gender, race, ethnicity, class, as well as national boundaries.

**GERO 4122**  
*Death, Dying and Loss*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** (Same as SOCI 4122.) The process of death and dying, including the social roles of the dying person, the family, and those of the hospital and institutional staff; the social factors influencing death; social functions of bereavement; and problems in coping created by medical technology and longevity.

**GERO 4130**  
*Ties that Bind: Family, Intimacy, and Aging*  
**CREDIT HOURS:** 3.0  
**DESCRIPTION:** (Same as SOCI 4130.) This course examines older adults’ family lives and intimate relationships in social, historical and demographic context. Emphasis is placed on understanding in the type, nature, content and meaning of relationships, and on identifying influential factors, including, for example, gender, race, ethnicity, class, sexual orientation, and health status.

<td>HIST 3635</td>
<td>Media, Technology, and Popular Culture</td>
<td>4.0</td>
<td>Examines evolution of communication technologies from the rise of printing in early modern Europe through the foundation of American media, and the globalization of mass media in the twentieth century. Topics include nationalism and the public sphere; media constructions of race, gender, and sexuality; legal and regulatory issues; and the changing aesthetics of print, film, television, and new media.</td>
</tr>
<tr>
<td>HIST 3640</td>
<td>Piracy from Ancient to Modern Times</td>
<td>4.0</td>
<td>This course examines the history of piracy from the ancient Egyptians to present-day piracy off Somalia and the Straits of Malacca. Particular attention to the “Golden Age of Piracy” in the West from 1640 to 1730 is complemented by the study of piracy in a range of times and places. This comparative approach presents piracy as a series of complex social, political, and economic interactions, asking how transformations in piracy reveal larger patterns of change and continuity in world history. The course also examines how the study of pirates and piracy as a contemporary cultural phenomenon in films and other media can help us to understand how modern and contemporary culture claims and re-presents history.</td>

HIST 3650  Africa and the world  
**CREDIT HOURS**  4.0  
**DESCRIPTION**  This interdisciplinary course explores the long and extensive international history of Africa, focusing on its relations with other civilizations and regions of the world, from medieval times to the present. The weekly inter-related and inter-woven topics will include Medieval African Kingdoms and the Trans-Saharan Trade; the Indian Ocean Trade; European colonialism; Africa, the World Wars and the Cold War; African relations with the US, Western Europe and the former USSR; China and India in Africa; the UN and other global IGOs/NGOs in Africa; Africa and the global economy; globalization and Africa; and Africa and the African Diaspora in the Americas.

HIST 3660  20th Century World History  
**CREDIT HOURS**  4.0  
**DESCRIPTION**  A global historical survey of the political, social, economic, and cultural events that defined and shaped the 20th century. Particular emphasis includes European imperialism, First World War, rise of totalitarian regimes, Second World War, Cold War, decolonization and the rise of nation-states, genocides and civil wars, revolutions in Asia, Africa and Latin America, Middle East conflict, fall of the Soviet bloc, social and intellectual movements, scientific and technological breakthroughs, and globalization.

HIST 3665  History of Ideas about Race  
**CREDIT HOURS**  4.0  
**DESCRIPTION**  An interdisciplinary, comparative history of ideas about race, ethnicity, and human variation from the 17th century to the present, with emphasis on the social interactions, historical contexts, and social conflicts that produced those ideas. "Race" is primarily a Western historical construction, but the course also compares race with other systems for defining "natural" or "in-born" differences, such as ethnicity, religion, caste, or class. It also provides an insight into how the subjects of racial regimes viewed or challenged them from the inside.

HIST 3670  Teaching World History  
**CREDIT HOURS**  4.0  
**DESCRIPTION**  Introduces students to the pedagogy of world history, initiates an exploration of the framework established by the State of Georgia in the performance standards and the College Board's guidelines for AP World History. Allows students to investigate ways of teaching world history in sophisticated and intellectually rigorous ways both inside and outside the classroom.

HIST 3680  Modern Jewish History

KH 3020  (TE) Performance and Analysis Area II: Fitness and Physical Activity for P-12

CREDIT HOURS 3.0
DESCRIPTION Students develop knowledge and skills in lifetime fitness activities such as aerobics, jogging, walking, weight training, muscle toning, and general conditioning. Emphasis is placed on developing an understanding of the health and fitness benefits provided through participation in these activities. A minimum grade of "C" is required for this course.

KH 3030  (TE) Performance and Analysis Area III: Team Sports

CREDIT HOURS 3.0
DESCRIPTION Students develop knowledge and skills in various team sports (e.g., soccer, volleyball, softball, flag football, basketball) offered in P-12 school curriculums. Emphasis is placed on developing performance skills, as well as developing the ability to analyze and teach the associated movement skills. A minimum grade of "C" is required for this course.

KH 3040  Performance and Analysis Area IV: Lifetime Sports

CREDIT HOURS 3.0
DESCRIPTION Students develop knowledge and skills in various lifetime individual and dual sports (e.g., tennis, badminton, golf, bowling, archery, racquetball) offered in P-12 school curriculums. Emphasis is placed on producing competent performers, as well as developing the ability to analyze and teach the associated movement skills. A minimum grade of "C" is required for this course.

KH 3060  Performance and Analysis in Disability Sport

CREDIT HOURS 3.0
DESCRIPTION Students will participate first hand in games and activities derived from the field of disability sport. Specifically, students will learn the fundamental skills, rules, and strategies necessary to play, coach, and develop programs for individuals with disabilities in some of the following sports: wheelchair basketball, wheelchair tennis, wheelchair rugby, goalball, and boccia.

KH 3150  Healthy Lifestyle Choices

CREDIT HOURS 3.0
DESCRIPTION This course is designed to help students understand their responsibility for their health. The themes of the course include personal decision-making and physical activity. Self-assessment inventories are used to involve students in any health issues and provide a means for applying health information in personal decision-making. The goal of this course is to explore major personal health topics and to apply them in order to achieve, maintain, and promote high-level health.

KH 3200  (TE) Instructional Skills for Health and Physical Education, P-12

CREDIT HOURS 3.0 TO 4.0
PREREQUISITES Permission of the HPE faculty, KH 3010 with a grade of C or higher, KH 3250 with a grade of C+ or higher, and KH 3420 with a grade of C+ or higher
COREQUISITES KH 3410
DESCRIPTION Introduces effective classroom management, teaching skills, and instructional models for health and physical education in grades P-12. Field experiences are included in selected P-12 classrooms. A minimum grade of "C+" is required for this course.
**KH 3250**  
(TE) Teaching Comprehensive School Health Education  
CREDIT HOURS 3.0  
COREQUISITES KH 3420  
DESCRIPTION At the completion of this course, the student is able to integrate six health content areas into five health education teaching models; create a score and sequence determined by results of a student interest survey and based on national and state standards; write age/stage appropriate health lessons which incorporate a rationale statement and the seven components of a health lesson plan; and demonstrate effective classroom management and individual/small group teaching skills assessed by peers/instructor. A grade of C+ or better is required for this course.

**KH 3270**  
Promoting School Health and Safety  
CREDIT HOURS 3.0  
DESCRIPTION This course is an elective for HPE majors and undergraduate students throughout the university seeking to meet the elective requirement of their specific major. The online course explores prevention and intervention strategies effective in promoting comprehensive school health and safety of children and youth interacting within schools and communities (with special emphasis on urban environments). The course is based on a model developed by the Division of Adolescent and School Health of the Centers for Disease Control and Prevention. This comprehensive model promotes coordination of family, school, and community resources for prevention and reduction of child and adolescent health risk behaviors.

**KH 3300**  
Disability, Sport, and Physical Activity  
CREDIT HOURS 3.0  
DESCRIPTION Students examine the structure, function, and outcome of the disability sport movement in the United States and internationally, considering its impact on opportunities, current trends, behaviors, and attitudes towards persons with a disability. Students experience opportunities to work directly with athletes with disabilities and learn firsthand how to play selected disability sports. A minimum grade of "C" is required for this course.

**KH 3390**  
Advanced First Aid and Emergency Care  
CREDIT HOURS 3.0  
DESCRIPTION Students develop a working knowledge of first aid methods and techniques and accident prevention. A minimum grade of "C" is required for this course. Red Cross certification is contingent upon a grade of "B" or higher and attendance record.

DESCRIPTION BCOM 3950. Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2. The objective of this course is to familiarize students with applications of relatively recent new product planning techniques. The course will emphasize the use of market research data and marketing models for new product development and management. The main topics to be covered in this course are idea generation, concept evaluation, optimal product design, test marketing, product positioning, market segmentation, market share estimation, product packaging, advertising testing, pricing, brand name selection, brand equity, and global product planning.

MK 4700  Pricing and Sales Promotion Strategy
CREDIT HOURS 3.0
PREREQUISITES MK 3010, MK 4010, BCOM 3950 and MGS 3100
DESCRIPTION Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 6, 7. Price is arguably the marketing variable most closely linked to financial outcomes. Marketers use both price and sales promotion—deals, discounts and other programs—to motivate profitable behavior throughout the channel and at the point of sale. Today, in many industries, sales promotion accounts for the largest share of the marketer's budget. In this course, students learn how to set prices and pricing policies and structures to optimize the short-term and long-term success of the firm. Students also learn how to evaluate sales promotion activities and how to direct sales promotion efforts so as to maximize sales promotion ROI. This course uses simulation, case analysis, guest speakers, lecture and discussion to prepare students to make sound pricing and sales promotion decisions.
MK 4720  Direct and Interactive Marketing  

CREDIT HOURS  
3.0  

PREREQUISITES  
BCOM 3950, MK 3010  

DESCRIPTION  
Requirements: Must meet RCB upper division course requirements and 45 semester hours. CPS: 1, 2, 6, 7. Direct Marketing is one of the fastest growing areas of marketing practice today. Direct marketing uses multiple channels (such as Internet, the telephone, mail, and mass media) to reach specifically targeted customers to elicit a response and create an immediate or eventual sale. Direct marketing is distinguished by its focus on targeting and by its emphasis on accountability for performance and impact on ROI. This course teaches students how to plan and execute effective direct marketing strategies. Students examine the role of information in testing, refining and evaluating a direct marketing program. They will also explore the regulatory environment, the challenge of protecting customer privacy, and global variations in the use and effectiveness of direct marketing programs.

MK 4800  Services Marketing  

CREDIT HOURS  
3.0  

PREREQUISITES  
MK 3010, BCOM 3950  

DESCRIPTION  
Must meet RCB upper division course requirements and 45 semester hours. CPS: 1, 2, 6, 7. Given the dominance of the service sector in the global economy, this course focuses on the important challenges of marketing services and delivering quality service to customers. The primary theme of this course is that service organizations differ from goods organizations and require their own distinctive approach to the development and execution of marketing strategy. A second theme focuses on the role of service in manufacturing firms. This course will suggest ways that companies in the manufactured goods sector might use service as a source of competitive advantage. Through completion of a comprehensive firm audit, students will better understand the use of marketing tools by service organizations.

<td>MK 3010, BCOM 3950</td>
<td>Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 6, 7. Marketing is of critical importance to the success of the entrepreneurial venture. This course gives students the chance to develop their knowledge and thinking about entrepreneurial opportunities by applying marketing concepts to the specific challenges of the small business or start-up. The course begins by examining how marketing can be used to find, evaluate, and exploit the right venture opportunity. Students then learn how to formulate product, price, promotion, and distribution strategies under conditions of severe resource limitations. Through the development of a marketing plan for an existing small business or a proposed start-up, students will learn how to position new products and services to increase the chance of ventures success.</td>

<td>Requirements: Must meet RCB upper division course requirements and 45 semester hours. CSP: 1, 2, 3. Description: This course satisfies critical thinking through writing requirements. This is the capstone course focusing on the application of concepts from all courses in the marketing major. It provides students with hands-on experience with marketing decision-making. About half of the course covers discussion of students' analysis of comprehensive cases of marketing problems faced by real organizations. Students prepare case recommendations which are the focus of discussion. The rest of the course covers presentation/discussion of a project where student teams gain experience with several marketing tools while helping local businesses develop marketing solutions. Students prepare a written report and multimedia presentation for each of the four project assignments and make presentations to the class and their client company.</td>

MATH 3090  Algebraic Concepts  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 2030 or MATH 2008 with grade of C or higher  
DESCRIPTION  This course will not be accepted as a part of the requirements for a major in mathematics. This course is designed to broaden understanding of fundamental concepts of algebra with particular attention given to specific methods and materials of instruction. The principle algebra topics to be taught in this course are: the Language of Algebra; Patterns, Relations, and Functions; and Balance, Equations, and Inequalities.

MATH 3260  Differential Equations  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 2215 with grade of C or higher  
DESCRIPTION  First-order equations, linear differential equations with special emphasis on constant coefficient and Euler equations, systems of equations, applications.

MATH 3300  Problem Solving with Computers  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 3000 with grade of C or higher  
DESCRIPTION  Three lectures a week. This course explores various mathematical contexts and develops mathematical knowledge necessary to solve, or attempt to solve, mathematical problems in the computer enhanced environment. The problems come from many sources and contexts. Computer programs such as Maple, Matlab, spreadsheets, Geometer's Sketch Pad, Study Works, etc. will be used. No previous experience with computers is required.

MATH 3420  Applied Combinatorics  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 2212 or MATH 2420 with grade of C or higher  
DESCRIPTION  Counting principles; topics include combinations, permutations, generating functions, recurrence relations, principle of inclusion and exclusion, and Polya's theory of counting.

MATH 3435  Introductory Linear Algebra  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 2215 with grade of C or higher  
COREQUISITES  MATH 3000  
DESCRIPTION  Theory and applications of matrix algebra and linear transformations. Topics include linear equations, vector spaces, matrices, subspaces, and bases.

MATH 3610  Special Problems and Solving Strategies  
CREDIT HOURS  3.0  
PREREQUISITES  MATH 2212 with grade of B or higher, or consent of instructor  
DESCRIPTION  The course will concentrate on developing solving strategies of difficult mathematical problems which require creativity and profound understanding of mathematics. Among topics to be covered: induction and pigeonhole principle, arithmetic, algebra, summation of series, intermediate real analysis, inequalities.

MATH 3690  Honors Readings  
CREDIT HOURS  1.0 TO 3.0  
PREREQUISITES  consent of Honors Program director  
DESCRIPTION  Discussion and readings on selected topics.

CREDIT HOURS 4.0
PREREQUISITES MTM 3120, PHYS 1111K, PHYS 1112K, PHYS 2030K, and MUS 2330 with grades of C or higher
DESCRIPTION Two lecture and two laboratory hours. Studio-based application of recording techniques including musical judgments in audio mixing, recording production, and post-production. Editing, mastering, and master recording preparation. Laboratory training in techniques for high-quality audio recording commensurate with commercial and artistic standards. Creation of a professional audio product through the development of independent recording sessions including selection of material and final editing and mastering. Required laboratory work.

MTM 3230  Audio Post-Production
CREDIT HOURS 4.0
PREREQUISITES MTM 3110 with grade of C or higher
DESCRIPTION Three lecture hours and three laboratory hours. Introduction to the digital audio workstation as the central tool for audio post-production. Emphasis on random access editing for master preparation, applications to the broadcast fields, and related topics. Introduction to audio forensics and digital signal processing for sound reconstruction and enhancement. Introduction to compact-disc mastering. Digital filter theory, time-frequency manipulations, and software for audio post-production are also covered.

NEUR 4360  MATHEMATICAL BIOLOGY
CREDIT HOURS 3.0
PREREQUISITES Grade of C or higher in MATH 2212 or MATH 2202
DESCRIPTION This course provides an introduction to the use of continuous and discrete differential equations in the biological sciences. Biological topics will include single species and interacting population dynamics, modeling infectious and dynamic diseases, regulation of cell function, molecular interactions and receptor-ligand binding, biological oscillators, and an introduction to biological pattern formation. There will also be discussions of current topics of interest such as Tumor Growth and Angiogenesis, HIV and AIDS, and Control of the Mitotic Clock. Mathematical tools such as phase portraits, bifurcation diagrams, perturbation theory, and parameter estimation techniques that are necessary to analyze and interpret biological models will also be covered.

NEUR 4420 Hormones and Behavior
CREDIT HOURS 4.0
PREREQUISITES BIOL 3840 with grade of C or higher, or equivalent
DESCRIPTION Four lecture hours per week. Interaction of nervous and endocrine systems in the control of animal behavior, including humans, with emphasis on the mechanisms that adapt behavior to the changing physical and social environments. An elective for Neuroscience majors. 4.000 credit hours.

NEUR 4370 Applied Dynamical Systems
CREDIT HOURS 3.0
PREREQUISITES MATH 3260 and MATH 3435
DESCRIPTION An introduction to discrete and continuous dynamical systems. Topics include: phase space; linear and nonlinear systems; structural stability; classification of equilibrium states, invariant manifolds; Poincar maps, fixed points and period orbits; stability boundaries; local bifurcations; homoclinic orbits; routes to chaos in dissipative systems; applications from physics, biology, population dynamics, economics. 3.000 Credit Hours.

NEUR 4576 Neurovirology
CREDIT HOURS 4.0
PREREQUISITES BIOL 3800 with grade of C or higher
DESCRIPTION Following an introduction to basic neuroanatomy and neuroimmunology, individual lectures will focus on the diagnosis, treatment, and pathogenesis of several neurologic diseases of virus origin. These include encephalitis, meningitis, chronic inflammatory and demyelinating diseases, HIV/AIDS-associated dementia, peripheral neuropathies, retinitis, and transmissible spongiform encephalopathies caused by prions. The concept of virus latency within the nervous system will be emphasized, as will the possible contributions of viruses or prions toward the onset of Alzheimer's disease. 4.000 Credit hours.
NEUR 4700  Neural Plasticity
CREDIT HOURS 4.0
PREREQUISITES NEUR 4010 or BIOL 4102, or equivalent, with a grade of C or higher
DESCRIPTION Four lecture hours per week. Phenomenology and mechanisms of experience-dependent changes in the nervous system. The course will examine plasticity at many levels of analysis, from synaptic mechanisms to clinical strategies, and from molecular neuroscience to cognitive psychology. An elective for Neuroscience majors. 4.000 credit hours.

NEUR 4770  Moral Psychology
CREDIT HOURS 3.0
PREREQUISITES NEUR 3000 or BIOL 4102
DESCRIPTION 3 lecture hours per week. In this course, we will examine some of this literature and explore various connections between scientific work and philosophical questions in moral psychology. We will also examine the rich historical literature in philosophy and psychology that sets the stage for the modern debates. 3.000 Credit Hours.

NEUR 4780  Neuroethics
CREDIT HOURS 3.0
DESCRIPTION Neuroethics considers ethical protocols for conducting neuroscientific research and addressing the ethical implications of emerging neuroscience technologies that allow, for instance, cognitive enhancement and direct manipulation of the brain. 3 credit hours.

NEUR 4880  Honors Thesis: Writing
CREDIT HOURS 3.0
PREREQUISITES NEUR 4870 with grade of C or higher, or equivalent and consent of instructor and Honors Program director
DESCRIPTION Writing or production of honors thesis or project.

NEUR 4910  Topics in Neuroscience-CTW
CREDIT HOURS 4.0
PREREQUISITES NEUR 3000, NEUR 3010, and NEUR 3020 with grades of C or better
DESCRIPTION An in-depth treatment of a specific topic in neuroscience, using this topic to develop skills in research design, data analysis, and written communication of results, emphasizing students' ability to express critical thinking through writing. Required for Neuroscience majors. Serves as one of two Critical Thinking through Writing (CTW) courses required of all Neuroscience majors.

NEUR 4980  Undergraduate Research in Neuroscience
CREDIT HOURS 1.0 TO 5.0
PREREQUISITES NEUR 3000, NEUR 3020, and three additional hours of neuroscience courses with grades of C or higher, and the consent of the instructor
DESCRIPTION Independent laboratory investigation of common interest to student and instructor. May be repeated once. For Neuroscience majors and minors. Up to 3 hours can satisfy neuroscience-related elective requirements.
NURS 2010  Health and Human Development Across the Lifespan
Credit Hours: 3.0
Description: This course focuses on development and health concepts across the lifespan with the context of physical, cognitive, social, and emotional domains.

NURS 2040  Conceptual Foundations of Nursing and Trends
Credit Hours: 1.0
Prerequisites: Acceptance into the nursing program
Description: This course introduces the student to the profession of nursing through an exploration of nursing history, philosophy, ethics, professionalism, legal aspects and regulatory matters, nursing education and licensure, and current trends in nursing and health care as a whole. The course exposes students to resources available to assist them in being successful in their nursing education.

NURS 2060  Pathophysiology
Credit Hours: 3.0
Prerequisites: BIOL 1110K and BIOL 1120K, two semesters of a general lab science, BIOL 2300/2310 and acceptance into the nursing program
Corequisites: NURS 2040
Description: The course is designed to facilitate the student’s understanding of selected pathophysiological concepts and the body/mind response to associated disease and injury.

NURS 2061  Pharmacology
Credit Hours: 3.0
Prerequisites: BIOL 1110K and BIOL 1120K, two semesters of a general lab science, BIOL 2300/2310 and acceptance into the nursing program
Corequisites: NURS 2040, NURS 2060
Description: The course is designed to introduce the student to the basic principles of pharmacology in order to safely administer medications and educate clients in all clinical areas.

NURS 2080  Basic Concepts of Nursing Care
Credit Hours: 3.0
Prerequisites: Acceptance into the nursing program
Corequisites: NURS 2040, NURS 2060, NURS 2061 and NURS 2160
Description: The nurse’s role in promotion of wellness, prevention of disease, and restoration of health will be examined. This course is also designed to explore the basic concepts of nursing care across the life span in various settings. Students will utilize the nursing process to plan care for common clinical phenomena. This class has been identified by the School of Nursing as a Critical Thinking through Writing course (CTW) for the nursing major.
NURS 2160 Basic Health Assessment and Nursing Skills
CREDIT HOURS 6.0
PREREQUISITES acceptance into the nursing program
COREQUISITES NURS 2040, NURS 2060, NURS 2061, NURS 2080 and SNHP 3000
DESCRIPTION Four lecture hours and six laboratory hours a week. The course is designed to facilitate the student's acquisition of both health assessment and basic nursing skills. It is composed of three distinct components: health assessment theoretical content, basic skills theoretical content, and laboratory/clinical performance. In order to pass the course students must pass all three components. An additional component of the course is mastery of basic drug calculations.

NURS 2220 Verification of Nursing Knowledge and Nursing and Health Assessment Skills
CREDIT HOURS 1.0 TO 3.0
PREREQUISITES NURS 2160 or equivalent
DESCRIPTION This course focuses on assisting pre-licensure students to prepare for verification of previous nursing knowledge and/or nursing skills so they can re-enter or transfer in to the undergraduate program in the Byrdine F. Lewis School of Nursing (BFLSON). The student and faculty will determine the appropriate credit hour allocation based on previous nursing courses completed and the nursing knowledge and/or nursing skills that need to be confirmed.

NURS 3300 Human Services Policy, Planning and Trends
CREDIT HOURS 3.0
PREREQUISITES NURS 2040, NURS 2060, NURS 2061, NURS 2080 and NURS 2160
DESCRIPTION This course focuses on the complex forces that influence public policy and program planning. Emphasis is placed on ecological, political, economic, and social issues and the role of the practitioner as advocate for the civil and social rights of the public. These components provide insight into future trending, forecasting and program planning in the public sector.

NURS 3500 Research Methods
CREDIT HOURS 3.0
DESCRIPTION This course is designed to provide students with an overview of the major research concepts as applied to the profession of nursing. Emphasis is on how to critically evaluate published and empirical research.

NURS 3510 Caring for Adult Populations
CREDIT HOURS 6.0
PREREQUISITES NURS 2010, NURS 2040, NURS 2060, NURS 2061, NURS 2080, NURS 2160, and SNHP 3000
COREQUISITES NUTR 3200
DESCRIPTION The course focuses on the nursing knowledge and skills needed to care for adults in acute care settings with the goals of assisting individuals and their families in promotion, maintenance, and restoration of optimal patterns of health. Under faculty supervision, the student develops and refines professional practice.
**NURS 3610**  
**Caring for Childbearing Families**  
**CREDIT HOURS** 5.0  
**PREREQUISITES** NURS 2010, NURS 2040, NURS 2060, NURS 2061, NURS 2080, NURS 2160, 3510, 3810 and SNHP 3000  
**COREQUISITES** NURS 3500  
**DESCRIPTION** The course focuses on the nursing knowledge to care for childbearing families with the goal of assisting them in the promotion, maintenance, and restoration of optimal patterns of health. Attention is given to early detection and intervention of altered health patterns during the childbearing period. Women's health issues will be discussed. Under faculty supervision, the student develops and refines professional practice.

**NURS 3710**  
**Caring for Children and Adolescents**  
**CREDIT HOURS** 5.0  
**PREREQUISITES** NURS 2010, NURS 2040, NURS 2060, NURS 2061, NURS 2080, NURS 2160, NURS 3510, NURS 3810, and SNHP 3000  
**COREQUISITES** NURS 3500  
**DESCRIPTION** The focus of the course is on the nursing knowledge and application of the skill needed to care for children and their families with the goal of assisting them in the promotion, maintenance, or restoration of optimal patterns of health. Under faculty supervision, the student develops and refines professional practice.

**NURS 3810**  
**Psychiatric/Mental Health Care for Populations**  
**CREDIT HOURS** 5.0  
**PREREQUISITES** NURS 2010, NURS 2040, NURS 2060, NURS 2061, NURS 2080, NURS 2160, SNHP 3000 and PSYC 3140  
**COREQUISITES** NUTR 3200  
**DESCRIPTION** The course focuses on the student's application of nursing knowledge to the care of individuals whose dysfunctional health patterns are associated with mental illness. The course builds upon requisite knowledge of therapeutic use of self, knowledge and application of the nursing process, principles and concepts of cultural diversity, communication theory, and psychopharmacology. In the clinical component of the course, the student assumes the role of the professional nurse in psychiatric settings under the supervision of clinical faculty. The major focus of the clinical component is on developing the student's ability to care for individuals whose dysfunctional health patterns are associated with mental illness.

**NURS 4040**  
**Directed Readings**  
**CREDIT HOURS** 1.0 TO 3.0  
**PREREQUISITES** consent of the instructor  
**DESCRIPTION** The course provides the student with an opportunity to complete readings and/or literature review on a special topic in nursing under the guidance of an instructor with expertise in the selected topic area. The student may elect to complete one to three credit hours of study.
NURS 4210  Introduction to Critical Care
CREDIT HOURS 3.0
PREREQUISITES NURS 3510 and NURS 3810
COREQUISITES NURS 3610 and NURS 3710
DESCRIPTION The course focuses on obtaining beginning nursing skills in caring for critically ill patients and families. An emphasis is placed on the day-to-day information required of a critical care nurse, such as pathophysiology, pharmacology technology, and nursing interventions that are based on these data.

NURS 4510  Caring for Families and Communities
CREDIT HOURS 6.0
PREREQUISITES 3510, 3610, 3710, 3810 for undergraduate generic students
COREQUISITES NIURS 3300, 3500
DESCRIPTION This course focuses on the acquisition and application of nursing knowledge needed to care for communities as clients with the goal of assisting families, aggregates and communities in the promotion, maintenance and restoration of optimal patterns of health. This course will have a theory component which will be graded and will be assigned 4 credit hours and a clinical practicum component which will be 12 hours per week for seven weeks in a clinical agency and will be pass/fail for 2 credit hours. Both components have to be passed to pass the course. The total credit hours for this course is 6 credits and the grade assigned to the theory portion will be the final grade for the 6 hours.

NURS 4600  Leadership and Management in Nursing
CREDIT HOURS 3.0
PREREQUISITES NURS 3500, NURS 3510, NURS 3610, NURS 3710 and NURS 3810
DESCRIPTION This course focuses on the transition from the student role to the professional nurse role and the application of principles of leadership and management in health care delivery systems. Emphasis is placed upon the student assuming responsibility for nursing practice decisions and actions. This class has been identified by the School of Nursing as a Critical Thinking through Writing course (CTW) for the nursing major.

NURS 4610  Senior Practicum
CREDIT HOURS 4.0
PREREQUISITES NURS 3510, NURS 3610, NURS 3710, NURS 3810 and NURS 3500
COREQUISITES NURS 4510, NURS 4600, NURS 4620
DESCRIPTION 180 clinical hours over the semester. The course focuses on transition to professional practice. Under supervision, the student assumes the role of professional nurse. Nursing care of clients experiencing complex health care problems is emphasized. The specialty area for the practicum is selected with input from the student, faculty and the clinical agency.

NURS 4620  Complex Health Care Problems Across the Lifespan
CREDIT HOURS 3.0
PREREQUISITES NURS 3510, NURS 3610, NURS 3710, NURS 3810 and NURS 3500
COREQUISITES NURS 4510, NURS 4600, and NURS 4610
DESCRIPTION This course focuses on complex health care problems across the lifespan. The nurse’s role in development, initiation and evaluation of care is studied.

PHIL 1010  Critical Thinking
CREDIT HOURS  2.0
DESCRIPTION  Development of practical, logical, and problem-solving skills important to all disciplines, with emphasis on the composition of argumentative essays. Definitions, types of meanings, fallacious and deceptive arguments, deductive and inductive reasoning. Introduction to major forms of scientific and logical reasoning used across humanities, sciences and social sciences, including deductive, hypothetico-deductive, and inductive arguments such as statistical, causal, and analogical. This course may be used as one of the courses required in Area B, Institutional Options, and is designed to prepare students for courses in Areas C, D, and E. This course is not an introduction to philosophy. Students interested in an introduction to philosophy should take Philosophy 2010 (Introduction to Philosophy).

PHIL 2010  Introduction to Philosophy
CREDIT HOURS  3.0
DESCRIPTION  We will explore some fascinating questions about human existence and discuss various answers offered by philosophers--such as: Does God exist. How should I live my life. What is justice. What is human nature. Do we have free will. What is the meaning of life. Students are not required to take Philosophy 1010 (Critical Thinking) before taking Philosophy 2010.

PHIL 2050  Philosophical Thinking
CREDIT HOURS  3.0
DESCRIPTION  Philosophical methods, concepts, skills, and principles. For example: sentential logic, regress and reductio arguments, paradigm-case arguments, types of supervenience, Leibniz’s Law, necessity versus apriority. Applications to important philosophical texts. (Required for philosophy majors in Area F.).

PHIL 2500  Introduction to Symbolic Logic
CREDIT HOURS  3.0
DESCRIPTION  Introduction to the examination of correct reasoning using symbols to represent statements and relationships between them. This course covers sentential logic and some predicate logic.

PHIL 3000  Introductory Seminar in Philosophy-CTW
CREDIT HOURS  3.0
PREREQUISITES  PHIL 2010 with grade of C or higher
DESCRIPTION  This course offers an in-depth treatment of a philosophical issue (for example, free will, justice, Kantian ethics) in a seminar setting, where students have an opportunity to engage in systematic discussions of primary texts and the philosophical issues they raise. This investigation of a topic from a variety of vantage points allows students to develop an informed position and the argumentative skills necessary to defend it successfully, both orally and in writing. This course is designed to introduce students to the major in philosophy. There is no requirement that one be a philosophy major to take this course. Students considering a philosophy major or minor are encouraged to take this course. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all philosophy majors.

PHIL 4890  Topics in Social and Political Philosophy
CREDIT HOURS 3.0
PREREQUISITES One 2000 or 3000-level philosophy course, or consent of the instructor
DESCRIPTION Study of selected issues in social/political philosophy. The focus will be on contemporary ethics but the course may include some study of historical figures. May be repeated but only if content varies. A maximum of six credit hours may be applied toward the major.

PHIL 4900  Issues in Philosophy
CREDIT HOURS 3.0
PREREQUISITES One 2000 or 3000-level philosophy course, or consent of instructor
DESCRIPTION Examination of selected philosopher(s) or topic(s). May be repeated but only if content varies. A maximum of six credit hours may be applied toward the major.

PHIL 4950  Independent Research
CREDIT HOURS 1.0 TO 3.0
PREREQUISITES consent of instructor
DESCRIPTION Designed to provide students with the opportunity to do more advanced work in an area in which they have already had regular course work. Not to be used as a substitute for regular upper-level courses. May be repeated but only if content varies.

PHIL 4990  Senior Seminar in Philosophy-CTW
CREDIT HOURS 3.0
PREREQUISITES senior class standing, major in philosophy, PHIL 2010, PHIL 2050 or PHIL 3000, PHIL 3010, and PHIL 3020 with grades of C or higher
DESCRIPTION This course offers an in-depth treatment of a specific philosophical issue (for example, the role of paternalism in a liberal society, reliabilist theories of knowledge, the nature of moral emotions) in a seminar setting, where students have an opportunity to engage in systematic discussions of primary texts and the philosophical issues they raise. This investigation of a topic from a variety of vantage points allows students to develop an informed position and the argumentative skills necessary to defend it successfully, both orally and in writing. This course is the capstone to the major in philosophy. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all philosophy majors.

PHIL 4995  Directed Readings B.I.S.-CTW
CREDIT HOURS 3.0 TO 4.0
DESCRIPTION Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

### PT 3000  
**Introduction to Physical and Occupational Therapy Practice**

**CREDIT HOURS** 3.0

**DESCRIPTION**  
The purpose of this course is to provide current information on the roles and functions of physical and occupational therapists in the present healthcare system. Students will be exposed to the breadth of these fields of science, research, and practice questions being asked, and practice approaches currently used. The relationship to the practice of medicine and other allied health professions will also be explored. This course is open to all university students.

### PT 3660  
**Complementary and Alternative Therapies**

**CREDIT HOURS** 3.0

**DESCRIPTION**  
This course provides students with information about Complementary and Alternative Therapies (CAT) including the role and scope of CAT in health care systems, and applications of CAT in therapeutic situations. The curing medicine and therapeutic modalities addressed include Acupuncture and Acupressure, Traditional Chinese Medicine, Herbal Medicine, Energy Medicine, Ayurvedic Medicine, Body/Mind Therapy, Homeopathic Therapy, Massage and Touch Therapy, and Nutrition and Diet.

### PT 4130  
**Tai Chi-A Therapeutic Exercise**

**CREDIT HOURS** 3.0

**DESCRIPTION**  
This course introduces Tai Chi as a therapeutic exercise. The course addresses the benefits of Tai Chi exercise, Tai Chi’s origin, philosophy and development. Scientific evidence of Tai Chi’s benefits to health is discussed. The course introduces all the styles and forms of Tai Chi and the applications of Tai Chi to self-defense, exercise, rehabilitation and meditation. Application of the principles and practices of Tai Chi to various physical impairments and disabilities is discussed.

**DESCRIPTION**  
Two lecture hours a week. This is a seminar course intended for anyone curious about physics and its relevance to contemporary life. No background in physics is necessary. This course is appropriate for pre-professional students in education, medicine, law, and business, as well as students pursuing degrees in natural sciences, social sciences, humanities, music, and fine arts. It is required for physics majors. The course engages a broad spectrum of resources and experiential opportunities (e.g. popular science books & articles, videos, websites, lab tours, field trips, service learning opportunities, and guest presenters) to explore compelling interconnections between physics and other disciplines and career interests. Course topics may include Physics and the Human Body, Physics and the Nanoscale, Physics and the Cosmos, Physics and Technology, Physics and Art, and Chaos & Complexity.

POLS 3170 American Legislative Process
CREDIT HOURS 3.0
DESCRIPTION The role of Congress and state legislatures in policy making. Special emphasis on legislative organization, procedure, and legislative structure including the speakership, parties, staff, and committees.

POLS 3171 Congressional Simulation
CREDIT HOURS 3.0
PREREQUISITES Recommended prerequisite: POLS 3170
DESCRIPTION This simulation provides students with an opportunity to experience how a legislative body makes decisions about policy. Students gain insight into the legislative process by actively participating in it. In the course of the simulation, students will be faced with the kinds of choices that professional legislators must make daily, such as deciding which bills of many bills to support and negotiating between the pressures put on them from disparate sources, such as party and constituency. Students will take away from the class knowledge about both the legislative process and the substantive policy areas the mock legislature takes up, as well as enhanced negotiating skills.

EDRD READING EDUCATION

EDRD 0071  Academic Reading
CREDIT HOURS  3.0
DESCRIPTION  (Learning Support Program students only). Prepares students for college-level reading, focusing on reading, studying, writing about, and taking tests on the content of texts from various disciplines represented in the undergraduate curriculum. Special emphasis is given to learning and integrating information from multiple sources such as textbook chapters, journal articles, books, and lectures.

EDRD 2200  Reading for Undergraduate Success
CREDIT HOURS  3.0
DESCRIPTION  The primary objective of this course is to support students in developing reading fluency in an academic context so that they may perform successfully in reading a variety of academic texts in their undergraduate courses across the disciplines. The course focuses on strategies for reading comprehension, developing vocabulary, recognizing main ideas, skimming, scanning, and inferring meaning from context. All reading skills addressed in this course may be applied to other academic courses in the university.

EDRD 3400  Reading the World of 21st Century Texts
CREDIT HOURS  3.0
DESCRIPTION  This course will examine the act of reading texts effectively in the 21st century. Students will discuss what it means to be a literate person in a technological society and will explore constructs that relate to their understandings of texts, their literacy histories and communities, the academy, and national and international literacy sectors. Building on students' prior knowledge and experiences, students will participate in unique and creative on- and off-line interactive activities and demonstrations to help them make sense of themselves as literate individuals, to help them develop strategies for reading and comprehending texts of all kinds, and to help them develop expertise in negotiating the rapidly changing technological world around them.

EDRD 3490  Topics in Middle Childhood Reading
CREDIT HOURS  3.0
COREQUISITES  EDRD 3500
DESCRIPTION  Focuses on the reading process and on reading instruction as it relates to the needs of pre/early adolescent students in middle childhood. Major emphases include understanding the factors that affect reading, critical analyses of reading materials and strategies used in the content areas, understanding ways to facilitate students' learning from texts, and understanding interdisciplinary instruction. School experience included.

RELS 4225
Psychology and Religion
CREDIT HOURS 3.0
DESCRIPTION
This course will survey the fields of psychology and religious studies. Addressing this tension, our course is designed to create a constructive, respectful dialogue between both perspective. Can we conceive ways in which religious behavior and the study of religion may inform, or even construct, psychological theory. Conversely, how do psychological perspectives and cognitive science tell a richer, deeper story of what is happening in religious experiences. We will consider postmodern and qualitative critiques to such investigations, as well as the emerging field in "explaining" religion through cognitive science and evolutionary theory. This course will also consider Eastern forms of religious expression and spirituality.

RELS 4480  Modern Islam: Traditions and Transformation
CREDIT HOURS 3.0
DESCRIPTION The purpose of this course is to understand the Islamic tradition in the contemporary world through a study of its history, society, institutions, as well as its various relationships to non-Muslim societies and cultures. The task is to try to gain familiarity with the multiple manifestations and transformations of Islam from the pre-modern to the modern periods, with an emphasis on the changes brought about by the rise of European hegemony and colonial modernity. As a survey, the course will review broad socio-historical patterns in order to give students the ability to better assess a range of contemporary issues related to Islam as well as provide a basis through which further investigations can be made.

RELS 4483  Contemporary Issues in Islamic Faith and Practice
CREDIT HOURS 3.0
DESCRIPTION What challenges has the modern period posed to Islamic faith and practice. This course treats a number of issues --such as gender and family, the formation of the modern nation state, and minority Muslim populations --as a way to explore changing constructions of authority and evolving beliefs and practices within contemporary Muslim populations.

RELS 4485  Ethics and Morality in the Islamic Tradition
CREDIT HOURS 3.0
DESCRIPTION How have morality and ethics been articulated in the Islamic tradition. What determines moral weight of any given action, whether something is "right" or "wrong" for Muslims. Many have argued that Islamic Law (Shariah) is the locus where ethics and morality are discussed in the Islamic tradition, but are there other modes of discourse that deal with these subjects (such as hadith studies and Sufism). This course will explore the above questions as an introduction to the study of ethics and morality of Islam.

---|---
CREDIT HOURS | 1.0 TO 6.0
PREREQUISITES | RELS 4700, consent of the instructor and Honors Program director
DESCRIPTION | Writing or production of honors thesis or project.

RELS 4890  |  Religion On-site in Atlanta
---|---
CREDIT HOURS | 3.0
DESCRIPTION | Introduces students to various local sites that express religious communities' traditions and practices in Atlanta. Provides instruction to students at local sites integrated with lectures and readings that explore the history and diversity of Atlanta's religious communities. Students will learn from on-site lectures presented by lead and guest instructors; from relevant historical documents; and from contemporary literature (secondary scholarship, relevant websites and blogs, community-published material). Students will be trained to integrate information from these sources and analyze them from an academic, critical perspective.

RELS 4950  |  Independent Research
---|---
CREDIT HOURS | 1.0 TO 3.0
PREREQUISITES | consent of instructor and departmental director of undergraduate studies
DESCRIPTION | Designed to provide students with the opportunity to do more advanced work in an area in which they already have had regular course work. Not to be used as a substitute for regular upper-level courses. May be repeated once, with approval of the director of undergraduate studies.

DESCRIPTION
Appendix II Administration and Faculty

This chapter contains information on administration for the University System of Georgia, Board of Regents, and Georgia State University. A list of all Georgia State University faculty is provided.

The University System of Georgia

The University System of Georgia includes all state-operated institutions of higher education in Georgia; four research universities, two regional universities, 12 state universities, three state colleges, and 10 two-year colleges. These 31 public institutions are located throughout the state.

An 18-member constitutional Board of Regents governs the University System, which has been in operation since 1931. Appointments of board members, five from the state-at-large and one from each of the state’s thirteen congressional districts, are made by the governor and are subject to confirmation by the State Senate. Regular terms of board members are seven years.

The chairperson, vice chairperson, and other officers of the Board of Regents are elected by the members of the board. The chancellor, who is not a member of the board, is the chief executive officer of the board and the chief administrative officer of the University System.

The overall programs and services of the University System are offered through three major components: instruction, public service and continuing education, and research.

Instruction consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates.

Standards for admission of students to instructional programs at each institution are determined by the institution pursuant to policies of the Board of Regents. The board establishes minimum standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed to the institutions.

Public service and continuing education consist of non-degree activities, primarily, and special types of college degree credit courses. The non-degree activities include short courses, seminars, conferences, and consultative and advisory services in many areas of interest. Typical college degree credit courses are those offered through extension center programs and teacher education consortiums.

Research encompasses scholarly investigations conducted for discovery and application of knowledge. Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges. The research investigations cover matters related to the educational objectives of the institutions and to general social needs.

The policies of the Board of Regents provide a high degree of autonomy for each institution. The executive head of each institution is the president, whose election is recommended by the chancellor and approved by the board.
