2010 – SCHOLARLY JOURNALS

a Associate Professor William Custer is not included in any metrics related to the number of RMI faculty members or in documenting teaching, research and service productivity. Although he has a joint appointment in RMI, over the past several years Professor Custer has focused his teaching and research efforts to RCB’s Department of Health Administration. Professor Custer’s annual evaluation is conducted by chair in Health Administration and he longer participates in RMI governance.
